

## Chapter 2041 Special Treatment

Qi Xibei's expression was solemn.

Xiao Qing must be saved. If he did not make a move, Little Green would really die.

She thought about it carefully and came up with a solution.

"Wait a moment. If I move my hand, pull me away immediately!"

Her expression was serious. "This way, I can leave in the shortest time possible."

That way, they would not be attracted by the smell of blood on Little Green's body.

Even if they were attracted, they could quickly isolate themselves, and they would not have to worry about the urge to eat meat.

"Alright." Qiao Yanyu nodded seriously.

This time, they had to do their best to save Little Green.

Qi Xibei took a few deep breaths and walked to Xiao Qing's side. Then, he squatted down, reached out his hand, and activated his mental power.

Her hand landed on Little Green's most serious wound, and she sent out invisible spiritual power.

Qi Xibei's mental power had not weakened. If she were to use mental power alone to treat him, it would take a few days. However, this was quite harmful to her, and the requirements for mental power were very high.

However, this time, the situation was special. It was not something she could do just because she wanted to.

She also realized that although the Gu worms in her body reacted quickly, they were not seamless.

Therefore, before the Gu worms reacted, they could attack first.

When the Gu worms reacted and became restless, they could leave.

Qi Xibei had planned to do so, but she was not sure what would happen if she really did it.

However, he had to fight it out!

In the next second, she felt that Xiao Qing's wound was getting better.

She used her mental power to promote the recovery of Little Green's wound, which was comparable to magic.

However, this required a lot of spiritual energy. At least, no one here could do it. It was impossible for Qi Xin and the others to do it.

She had also noticed that there were two fatal wounds on Little Green's body.

As long as these two were dealt with, Little Green's life would not be in danger.

Although he was weak, he would not die.

However, because of their physical condition, this problem, which was not too serious, seemed to be very troublesome.

Qi Xibei abandoned all distracting thoughts and focused on mobilizing his mental power.

His mental power mobilized the cells in Little Green's body, and the original wound visibly healed.

However, Qi Xibei raised his other hand in the span of a few breaths.

Qiao Yanyu stared at her and grabbed her hand, pulling her back.

After the two of them retreated, they could clearly feel the Gu worms in their bodies stir for a moment before calming down.

It was as if a sleeping bug had been awakened. He stuck his head out and found that there was nothing wrong with it, so he continued to sleep.

After the two of them carefully felt the condition of the Gu worms in their bodies, they heaved a sigh of relief.

The two of them looked at each other and smiled at the same time." Sure enough!"

Their heavy hearts were much better than before.

Fortunately, this was feasible. Otherwise, they would have a headache right now.

Although this was intermittent and very unsuccessful, compared to the previous results, this development was already very satisfactory. At least they wouldn't want to eat Little Green.

This method was effective, so the two of them continued to treat him.

What surprised them even more was that although they were locked up, there was still a lot of spiritual energy here!

Yes, there was quite a lot of spiritual energy in the surroundings.

They were locked underground, so there might be some spiritual plants planted around them, so there was quite a lot of spiritual energy.

And this also gave them a lot of help. At the very least, when they recovered their strength, they recovered very quickly.

## **Chapter 2042 Not Dead**

Although Qi Xibei and Qiao Yanyu had not yet reached the point of completely fasting, they could still go without food for a few days.

If they had enough spiritual energy, they could go without eating or drinking for a period of time.

Qi Xin had locked them up, but she had no intention of bringing them food or water. She only wanted to see them kill each other. That was the best.

Under such circumstances, the two of them had nothing to eat or drink, so they could only eat Little Green.

After all, Little Green's original form was so big, and it had a lot of blood.

This was the food reserve she had given them.

It was up to them whether they wanted to eat it or not.

However, she did not expect Qi Xibei and Qiao Yanyu to choose to save Little Green instead of treating it as food.

Next, Qi Xibei and Qiao Yanyu recovered their vitality while using the method they had just figured out to save Little Green.

Thus, the person in front of the monitor noticed something very strange.

The two of them seemed to have gone crazy. They ran to the snake's side and then left.

Come, leave, come, leave...This cycle repeated over and over again, making people wonder if there was something wrong with their brains.

Otherwise, what were they playing at?

This was too ridiculous.

Qi Xibei and Qiao Yanyu didn't care what they were thinking. They only wanted to save Xiao Qing.

Moreover, they had also figured out the pattern.

These Gu worms had a reaction time of five seconds. In other words, as long as he stopped using his spiritual power within five seconds, they would not have any reaction.

Qi Xibei did not retreat any further. Instead, he took his hand back five seconds later and quickly calmed his mental power.

After resting for ten seconds, the Gu worm did not move at all.

Ten seconds later, she reached out her hand again.

As she slowly healed Little Green, the fatal wound on Little Green's body slowly healed.

At least its breathing was much stronger than before.

Qi Xibei alone could not completely cure Xiao Qing. The project was too big.

Hence, Qiao Yanyu also helped out.

Qiao Yanyu did not have much talent in medicine, but he had followed Qi Xibei for a long time and knew some things. At the very least, he had memorized the acupoint map.

This time, with Qi Xibei's guidance, he used his spiritual power to heal the superficial wounds on Little Apple's body.

His healing would also stop once every five seconds, and he could stop in time.

The two of them squatted beside Little Green. They stretched out their hands and retracted their hands.

The people in front of the monitor felt that this scene was ridiculous.

Weren't they locked up inside? Why did it feel like they were playing a game? She looked silly.

The next day, Qi Xin and Ling Juan came over.

The smile on Qi Xin's face never stopped. She wished she could see the bloody scene inside.

However, when the two of them came in and saw the situation on the screen, their faces instantly darkened.

"What happened? This snake isn't dead?" Qi Xin's expression was extremely ugly.

She did not kill Xiao Qing because she wanted Xiao Qing to live so that she could see Qi Xibei and Qiao Yanyu's true colors.

In the face of life and death, Qi Xibei and Qiao Yanyu would definitely not be able to hold themselves back.

If Qi Xibei and Qiao Yanyu wanted to eat it, they could still fight!

After all, who wouldn't care about their own lives?

Qi Xin really wanted to see that scene.

But who would have thought that after a day had passed, there actually didn't seem to be any changes?!

What was even more ridiculous was that Qi Xibei and Qiao Yanyu were surrounding Little Green and touching it?

What a joke!

"This... They've been like this since yesterday." The guard also looked helpless.

They did not know what was going on either!

## **Chapter 2043 A Few More**

Ling Juan looked at the two people and the snake on the screen with a serious expression.

She had spent a lot of effort to nurture this twin worm.

It could be said that this twin worm was at the level of a Gu King worm, far stronger than the previous Gu King worm.

That was why she had used the twin worm on Qi Xibei and Qiao Yanyu.

If it was anyone else, their strength would be too weak. Once the bug entered their body, they would immediately kill that person.

If the container was not strong enough, it would break.

However, he did not expect Qi Xibei and Qiao Yanyu to be so powerful. At this time, they were not controlled by the Gu worms?

One had to know that there were not many people who could do this!

Ling Juan's heart was filled with killing intent.

If he didn't kill them, he didn't know what would happen.

If he allowed things to develop...

Qi Xin did not know what her mother was thinking. She was just very angry.

"How is this possible?!"

She had just watched the video and saw the changes in Xiao Qing. She also knew what Qi Xibei and Qiao Yanyu were doing.

He should have been controlled by the Gu worm and killed Little Green. Why did it end up like this?

Seeing that everything was fine inside, Qi Xin gritted her teeth in hatred.

He didn't die?

"Go and find me a few wild beasts!"

she commanded coldly.

Perhaps the smell of blood inside was too faint, so the Gu worm could not be lured out.

It was fine. She could give them more information!

Ling Juan looked at her daughter's actions. Her mouth moved, but she didn't say anything in the end.

He would first let Qi Xin vent her anger before dealing with them.

Moreover, she also wanted to know how long Qi Xibei and Qiao Yanyu could endure.

Soon, those people brought a few wild beasts, lions, leopards, and two wolves.

Although the lion was not very strong and was clearly beginning to age, it was still a lion after all. Its teeth were daunting.

These were carnivorous animals.

Qi Xin's lips curled into a vicious smile." Put them in and treat our distinguished guests well!"

"Yes, sir!"

Soon, the door was opened from above, and a few wild beasts were thrown in.

When they heard the door open, Qi Xibei and Qiao Yanyu raised their guard.

What were they trying to do?

Soon, they found out.

The door opened and closed again. Then, a few wild beasts came in.

These wild beasts had obviously been hungry for a while. Their eyes were shining and their saliva was flowing.

Looking at these wild beasts, the two of them felt a chill in their hearts.

It had only been a day, and the people outside could not hold it in anymore.

Qi Xibei looked at them expressionlessly.

Normally, she could use her mental power to tame them so that they would not have any ill intentions towards her.

But now, her mental power was confined. It was impossible to make them obedient in five seconds.

Under such circumstances, it was not the time to be merciful.

"Knock them unconscious." she said to Qiao Yanyu.

"Alright, I'll do it. Qiao Yanyu nodded and looked at the beasts warily.

Soon, these wild beasts could not hold it in anymore. They roared and rushed towards them.

Qi Xibei and Qiao Yanyu rushed forward, each taking care of two beasts.

Their movements were clean and neat, without any fancy moves.

They didn't hold back their strength and hit their backs hard.

"Awoo!"

They screamed and fell to the ground.

In just one attack, they fell down and could not continue charging.

Moreover, the two of them controlled their strength and did not let them bleed.

They also understood that once they saw blood, it would stimulate the Gu worms.

#### **Chapter 2044 -Can't be stained with blood**

Qi Xin did not find it strange that the battle inside had ended so quickly.

With Qi Xibei and Qiao Yanyu's strength, it would be a piece of cake for them to deal with these beasts.

However, this was not her only move.

They didn't make the beast bleed, but it didn't mean that the matter was over.

Qi Xin whispered to the person beside her.

Very quickly, that person received the order and left.

In the room, Qi Xibei and Qiao Yanyu hadn't even breathed a sigh of relief when they realized that the window had been opened a crack.

Then, a wooden warehouse appeared.

Their hearts skipped a beat and they immediately dodged to the side.

But in the next second, their eyes widened.

That was because the gun was not aimed at them, but at the beasts.

With a few bangs, the immobile wild beasts let out a wail and soon stopped breathing.

At the same time, they were bleeding profusely.

The strong smell of blood filled the room, making their faces look very ugly.

They could even feel that the Gu worms in their bodies were getting restless.

Qi Xin laughed out loud when she saw their expressions.

"Let's see what you guys are going to do!"

With so much blood stimulating them, could they still persist?

If this continued, they would not be able to hold it in sooner or later.

As long as they ate some raw meat, the snake would not be able to escape.

At the thought of this, Qi Xin's smile became even brighter, and her gaze became fierce.

She wanted to see how they would die!

In the room, Qi Xibei and Qiao Yanyu's expressions were extremely ugly. They tried their best to stick close to the wall, not allowing themselves to do anything else.

The smell of blood from these wild beasts almost made them lose control of the Gu worms in their bodies.

It was really not easy to spend energy to fight against Gu worms.

They wanted to block their five senses, but this also required the use of spiritual power.

This was equivalent to drinking poison to quench one's thirst. The final result could be imagined.

The two of them had ugly expressions on their faces, but they did not dare to get close to these dead beasts.

If they really ate the meat of these wild beasts, they would not be able to go back.

Qi Xibei realized that if there was no blood, she could still expel the Gu worms in her body. She just needed to find the right herbs.

If it was stained with blood...That would be the end.

Therefore, she tried her best to hold back and refused to let herself fall into such an unbearable situation.

She also pulled Qiao Yanyu back to prevent him from moving.

Qiao Yanyu's expression was similarly ugly, but he also understood that if he couldn't hold it in, the consequences would be dire.

The two of them stayed far away from these wild beasts, afraid that they would cause trouble.

However, if this continued, there was still no way to solve the current situation.

After all, the smell of blood was so heavy here that it was difficult for them to endure.

Their faces were pale and they were sweating profusely, but they were determined not to be defeated by the Gu worms.

However, this was not easy.

At this moment, Qi Xin's voice came through the loudspeaker." This is the gift I prepared for you. Why don't you like it? Hurry up and eat! Hahaha..."

Her voice was very arrogant, as if victory was in her grasp.

The two of them were expressionless as they tried their best to endure it.

However, the bloody aura in the air was getting thicker and thicker.

Seeing that the tragedy was about to happen, the two of them almost could not hold it in anymore.

At this moment, Little Green, who was originally lying on the ground, suddenly moved.

"Little Qing!"

Qi Xibei was immediately surprised.

Qing Zhu woke up!

Little Green opened its eyes and looked at the two of them who were pleasantly surprised. It moved its head and then shook it again. Its eyes turned to the pile of wild beast corpses.

#### **Chapter 2045 -Eating**

When Qing Zhu woke up from her coma, she saw Qi Xibei and Qiao Yanyu in front of her. They looked pleasantly surprised.

Before it could say anything, it was attracted by the smell of blood in the room.

It turned around and was pleasantly surprised to find that there were a few wild beast corpses here!

Was this food prepared for it?

Little Green, who had lost its stamina due to its injuries and was extremely hungry, immediately changed its direction and swam in front of these wild beasts.

Then, it opened its mouth and swallowed the " food ".

It swallowed them one by one and soon finished them all.

With its size, these wild beasts were only tiny in front of it. It was not difficult to eat them.

Moreover, it ate the food first and then slowly digested it.

Therefore, after eating it, one could clearly see that its body had undergone some changes, and one could still vaguely see the figures of these animals.

After it finished the food, it returned to Qi Xibei's side and lay down, closing its eyes again.

This scene stunned everyone.

Especially Qi Xin who was in front of the screen, she almost vomited blood.

Why did this snake wake up? Shouldn't he be dead by now?

Moreover, why did it eat all these wild beasts?

Because these wild beasts were already dead, there was no need to use force at all. Little Green could directly open its mouth and swallow them, saving time and effort.

However, this also completely ruined Qi Xin's plan.

Little Green's actions were clean and crisp, not leaving a single trace of blood on these things.

Although there was still a little smell of blood, it was not strong.

After a while more, they would naturally disperse.

Without the smell, how could it attract Gu worms?

Qi Xin was so angry that her face darkened.

Shouldn't this snake be dead?

What the hell?

Qi Xibei and Qiao Yanyu were pleasantly surprised.

Qi Xibei squatted down and touched Xiao Qing's body. He was very pleased." Thank goodness you're here.""

Qing Zhu stuck out its tongue and closed its eyes again.

Its fatal injuries had healed, but it had consumed too much Yuan Qi.

Fortunately, there was food prepared for it.

With so much food, it could recuperate.

Now, as long as it closed its eyes and digested the food, it would be fine.

Qi Xibei caressed its body in satisfaction and gave it the best praise.

"You've been a great help!"

She did not expect Qing Zhu to wake up at this time.

However, because Little Green suddenly woke up, the situation changed.

Without the fresh flesh, the Gu worms in their bodies also calmed down.

Although there was a slight restlessness, it was not serious.

This was all because of Little Qing's help!

As expected, the heavens were still on their side!

Unfortunately, Qi Xin would die of anger!

As expected, Qi Xin stomped her feet angrily in front of the screen." What the hell?!" They had dodged it just like that? Attack again!"

She did not believe that they could continue to dodge their attacks!

Now that Qi Xibei and Xiao Qing were on such good terms, it would be a good show if they really fought.

Soon, those people prepared a pile of chickens and ducks.

Most importantly, these chickens and ducks had their necks cut off, and their blood splattered on their fur.

They were thrown in, and the air was filled with the smell of blood again.

Qi Xibei and Qiao Yanyu's expressions turned ugly again.

If this continued, what would they do?

Little Green had already eaten enough and could not eat anymore.

Even if it could still eat, what would happen after that?

"Let's see how you die!" Qi Xin Sneered.

#### **Chapter 2046 Who's Coming?**

In front of the camera, Qi Xin had an evil smile on her face.

This time, he would definitely make Qi Xibei and Qiao Yanyu suffer.

At this moment, Ling Juan suddenly frowned and walked out quickly.

Qi Xin did not know about Ling Juan's condition and continued to stare inside.

She wanted to see them despair a little and then die a little!

Thinking of this, Qi Xin smiled brightly.

At this moment, a scream came from outside.

"What happened?"

Qi Xin frowned and turned her attention to the outside." Let me see!"

Did someone come?

But that was impossible! This place was so secretive, who would come here?

After all, this was not China. It was a small country and not a tourist country. No one knew about the situation here.

But why was it so noisy outside?

Qi Xin frowned and was no longer in the mood to stare inside.

After a while, a person rushed in with a nervous expression." Not good! There are two people outside!"

"Two people?" Qi Xin's face darkened." There's only two of us. Is there a problem? Chase them away!"

However, was there a problem with the two of them?

At this moment, the screams outside increased.

The ominous feeling in Qi Xin's heart grew stronger.

" No!" The man shook his head frantically." Although there are only two of them, they are not ordinary people!"

"What do you mean by not an ordinary person?" Qi Xin frowned and scolded sternly," Speak clearly!"

"They... They can fly!"

Can fly?

Qi Xin's expression darkened.

Could it be that he was a cultivator?

However, there were not many cultivators who could fly.

Even those elders who were much older could not fly.

After all, they cultivated their bodies, not their immortal cultivation.

There was even such a thing as flying on a sword?

"And... They look a little familiar!" The man continued.

"Familiar?" Qi Xin frowned." How is it familiar?"

Did he know what he was talking about?

At this moment, more and more screams came from outside, and the panicked voices became more and more tragic.

Qi Xin did not have the time to care about this person's words. She immediately picked up a gun and rushed out.

In the room, Qi Xibei and Qiao Yanyu also heard some noise.

After all, it was originally quiet outside. Now that there was a sudden sound, they were naturally attracted.

They used their heart to resist the smell of blood here, while suppressing the restlessness of the Gu worms in their bodies. They also had to divert their attention to pay attention to the movements outside, it was very tiring.

"Someone came from outside?" Qiao Yanyu was pleasantly surprised.

"I don't know." Qi Xibei shook his head. "Something must have happened.""

The two of them looked at each other and were a little excited.

Was someone here to save them?

No matter what, they were definitely friends.

If they were enemies, then they should be friends of Qi Xin and the others. It was impossible for them to fight.

But now, the sounds outside indicated that the situation was different.

Therefore, the people who came from outside definitely did not get along with Qi Xin and the others!

The enemy of my enemy is my friend!

Thinking of this, the two of them became happy. Even the Gu worms in their bodies did not feel so uncomfortable.

Outside, Qi Xin looked at the two people in front of her and finally understood why that person said that they looked familiar.

How could he not look familiar? Didn't they look like they came out of the laboratory?!

Ling Juan's expression was extremely ugly.

Ling Juan had already recognized them.

They were the two Experimentals who had escaped from the laboratory!

#### **Chapter 2047 Elder of the Ling Family**

Ling Juan had almost died in Country M. Fortunately, she had the Gu worm, so she survived.

After that, she escaped through the secret passage in the basement.

Before she escaped, she realized that not all the Experimentals had escaped.

There were still two very special Experimentals that were not present!

But at that time, she didn't have time to think so much. After all, she couldn't even protect herself.

After she escaped, she heard about the situation inside.

There were indeed more than ten corpses of the Experimentals there. However, the numbers did not match.

Because there were nearly twenty Experimentals there!

The situation of the two Experimentals was very special.

The uniqueness of these two Experimentals lay in their identities and bodies.

Their bodies were stronger than ordinary people.

If anyone else was here, they would realize that these two Experimentals had a special identity.

One of them had a close relationship with Ling Juan!

That was because he was an elder of the Ling Family!

Yes, one of the two middle-aged men was an elder of the Ling family!

However, he became one of Jiang Rongguang's experimental subjects!

If the remaining members of the Ling Family were here, they would definitely be shocked!

Who would have thought that the elder who was originally thought to be dead was actually still alive!

The Ling family's situation wasn't good.

Previously, the Ling family was also one of the ancient martial arts families. Otherwise, Ling Xiao would not be qualified to be with Qi Zhian.

However, more than ten years ago, something happened to the Ling family.

Many members of the Ling family had died in a plane accident!

Among them were many elders.

In the end, only a few young people survived.

Without the leadership of the elders, how could the Ling Family develop?

Especially for ancient martial arts aristocratic families, it was even more difficult.

When the Qi family was in trouble, Ling Xiao did not think of going home to seek help.

It wasn't that the Ling Family was cold-blooded, but that they couldn't help.

The current Ling Family was just like any other ordinary family.

Although they were still an ancient martial arts family in name, the situation was not good.

In a few years, they would only be considered a family with some money.

Who would have thought that their family's elder would actually become an experimental subject!

Looking at the unnatural white color on their faces, Ling Juan was terrified.

She did not expect the two Experimentals to find her!

They escaped from America and came to this country?

How did they find him?

One had to know that there was a very long distance from Murica to here! There was an ocean on both sides!

These Experimentals had no identification, no money, and no means of transportation.

Under such circumstances, how did they get here?!

Ling Juan was so shocked and confused that she was about to go crazy.

What was going on with these people?

However, what made her even more afraid was that the strength of these two Experimentals far exceeded their imagination!

Due to their special identities and the fact that they had been injected with many things when they were experimental subjects, they were really invulnerable.

Ling Juan would be very happy if they worked for her.

But the problem was that these two people were dealing with him now!

This kind of invulnerability was not fun at all.

Ling Juan's face turned pale when she saw her subordinates screaming and dying.

These two were monsters among monsters!

It was over!

When the two Experimentals saw Ling Juan, their eyes lit up, and a strange smile appeared on their stiff faces.

#### **Chapter 2048 Climbing Through the Window**

It was very noisy outside. Inside, Qi Xibei and Qiao Yanyu were also thinking about leaving.

If he left now, he didn't know if he would have another chance in the future.

However, the situation wasn't too good now. They were not feeling well. How were they going to leave this place?

The two of them smiled bitterly at each other and pondered for a while.

They had to resist the restlessness of the Gu worms in their bodies and think of a way to leave this place. It was also very difficult.

At this moment, they heard the sound from outside getting louder and louder.

Listening to the screams outside, the two of them looked at each other and released their spiritual power.

After five seconds, they immediately withdrew their spiritual energy.

However, this was enough for them to understand the situation outside.

The monitoring room was very close to their room, separated by a wall.

Therefore, they realized that the people in the monitoring room had disappeared, leaving only one or two people guarding inside.

As for Qi Xin and Ling Juan, they were no longer inside. They were probably attracted by the outside world.

The two of them looked at each other and finally made a decision.

Qi Xibei woke up Little Green, who was lying on the ground, and communicated with it.

Although Little Green's current situation was not very good, as long as it used force, it could break the glass here and escape.

If it was before, they would not have dared to think of this method.

After all, there were so many people outside. Even if Little Green broke this place, they would not be able to get out.

Before she could go out, she was stopped by someone.

But now was the perfect time.

Little Green might be injured, but after they got out, they could treat Little Green.

In other words, they could use this opportunity to escape.

He had to escape first before he could make his next move.

If he couldn't escape, then all methods would be useless.

Little Green had already digested some of the food in its stomach, but there was still a lot left.

Its body was still a little uncomfortable. But it didn't care.

Upon hearing Qi Xibei's arrangement, it nodded and raised its head.

Qi Xibei and Qiao Yanyu released their mental powers again. After confirming that the situation outside was good, they said to Xiao Qing, "It's by the window."

Qing Zhu nodded and swam towards the window.

In the monitoring room, the two of them continued to monitor the situation in the room. Naturally, they noticed that something was wrong.

Something was wrong! What was this snake trying to do?

Before they could do anything, they saw the snake come to the window again.

In the next second, the snake's tail swung fiercely and directly hit the narrow window above.

The window was at the top. It was not big and narrow.

However, if he was careful, he could still squeeze it out.

However, the window was so high and there was no support inside. Naturally, no one could escape so easily.

Under such circumstances, who would have thought that the snake would actually break the window?

In the next second, they saw the two people inside run over quickly after the window shattered. Then, they jumped up.

Soon, they climbed up the windowsill, then pulled their bodies up and tried their best to squeeze out!

The people in the monitoring room were anxious. This could not do!

How could he let them escape?

They immediately picked up their walkie-talkies and reported this matter to Qi Xin.

However, there was a rustling sound coming from the walkie-talkie, but Qi Xin did not answer. Instead, she panted heavily and nervously.

Because of this delay, Qi Xibei and the others managed to escape.

Even Little Green came out from inside.

Although they were exhausted after coming out, they were finally out!

## **Chapter 2049 Fighting**

When Qi Xin received the news that Qi Xibei and Qiao Yanyu had escaped, she was shocked.

However, she did not have the time to deal with this matter, let alone get someone to capture them.

Because she was in danger now.

In front of her, these two people seemed to have gone crazy. No matter how many people were around them, they charged at them.

To be exact, they were here for her and Ling Juan.

These two Experimentals were the best Experimentals in the laboratory because their physical fitness was already strong.

After all, they were cultivators and their bodies were much better than others.

It was precisely because of this that they were asked to do experiments.

It could be said that they had endured many experiments, and until now, their bodies had not had any problems.

Many Experimentals died very quickly during the process of the experiment because they could not withstand the horror of the experiment.

It could be said that many Experimentals had died in the laboratory, but these two had been alive since they entered a few years ago.

The researchers did a lot of experiments on them, gave them a lot of injections, and ate a lot of strange things.

After going through many difficulties, the two of them stayed and became the best experimental subjects.

The other Experimentals might also have strong bodies, but their intelligence was not good enough to respond normally.

These two were the best.

Not only were their bodies strong, even their intelligence did not change much.

The ultimate goal of the experiment was to create the most powerful experimental subject, and it was capable of both literature and martial arts.

Without intelligence, one would be a machine that only knew how to kill. They could only be cannon fodder and were of no use.

It could be said that these two people were the best test subjects.

But who would have thought that they would actually escape!

What was even more terrifying was that they actually came knocking on their door!

Now, Qi Xin and Ling Juan, who were targeted by them, were beginning to feel despair.

Everyone was shooting at them crazily, but it didn't affect them much.

Moreover, they were not going to stay where they were and let others attack them.

They had already dodged before the bullets arrived.

While they were dodging, they also knew how to counterattack!

In just a short while, many people had died in front of them.

Qi Xin and Ling Juan were stunned when they saw the deaths of these people.

When the weapons were useless, they were at a loss.

"Hurry up and run!"

Qi Xin shouted at Ling Juan before turning around and fleeing.

Ling Juan also wanted to leave, but she didn't.

If she left too, no one would be able to stop her.

After Qi Xin ran for a distance, she turned around and was stunned.

Ling Juan had already rushed to the front of the two men. She wanted to pull the bomb on her, but before she could attack, one of them grabbed her neck.

The Gu worms on Ling Juan's body started to move, but in the next second, before the Gu worms appeared, she was smashed to the ground by that person.

Ling Juan groaned and fainted.

Then, one of them threw a punch.

"Mom!"

Qi Xin's eyes widened as she roared.

This terrifying scene almost made her unable to stand.

However, she hesitated for a moment before turning around and leaving.

She would definitely avenge Ling Juan!

Her tears flowed out crazily, but she did not dare to stop.

However, when she ran to a place, she looked up and was stunned.

Because she saw Qi Xibei and Qiao Yanyu!

They were right in front of him!

This time, the two sides officially met.

The next second, the stunned Qi Xin raised her hand.

"Go to hell!"

## **Chapter 2050 Not Dead**

Seeing Qi Xibei and Qiao Yanyu appear in front of her, Qi Xin was furious.

The fear and panic from before turned into flames at this moment.

If she was going to die, she would make sure Qi Xibei and Qiao Yanyu died first!

At this moment, she was a little regretful. Why didn't she kill them decisively before?

Now, they had actually escaped!

At the thought of this, Qi Xin wished she could go back to an hour ago and give herself a slap.

Too stupid!

If she killed these two people, even if she died, it would not be a loss.

But how could she have expected that two monsters would suddenly appear here?

These two people were too terrifying!

Thinking about Ling Juan's death just now, Qi Xin's tears flowed out.

Although her relationship with Ling Juan wasn't very good, after spending time with her, she had softened a little.

Besides, Ling Juan was her biological mother and had done many things for her. She could blame anyone but Ling Juan.

But who would have thought that Ling Juan would die just like that?

Ling Juan had survived so many dangerous situations.

Although he had been tricked by Qi Xibei and Qiao Yanyu previously, he had still survived by relying on his Gu worms.

But this time, she couldn't escape!

Those two ferocious Experimentals were too terrifying.

Recalling the scene just now, thinking about how Ling Juan protected her before she died, Qi Xin's tears flowed out.

At the same time, her hands did not stop moving as she pulled the trigger at Qi Xibei.

"Be careful!" Qiao Yanyu turned pale with fright and pounced on Qi Xibei.

Bang!

With a loud bang, Qi Xibei saw a green flash in front of him.

The green creature froze and fell to the ground, dust flying everywhere.

It was Little Green!

They were already exhausted when they crawled out of the cave.

After all, they were already feeling very uncomfortable when they were inside.

When they came out, they were even more tired and exhausted.

It was because of this that she could not dodge Qi Xin's attack immediately.

Of course, they did not expect that it would be such a coincidence that both sides would actually meet here.

The moment she fired the shot, Qiao Yanyu pinned Qi Xibei down. At the same time, Qing Zhu stood in front of her.

Qi Xibei was scared out of his wits when he saw Little Green fall.

Fortunately, when she looked closely, she saw a bullet mark on Xiao Qing's body, but there was no bullet inside.

Oh right, Little Green's skin is very tough. It can be impervious to swords and spears!

The main reason why he could be stabbed again and again before was because of the special situation. Moreover, that knife was definitely not an ordinary knife.

This time, although Little Green was also slightly injured, it was not in danger of death.

Qi Xibei finally heaved a sigh of relief and almost cried.

After Qi Xin fired the first shot, she continued to pull the trigger.

However, her face immediately darkened.

Because she realized that there were no more bullets!

She had fired a few shots when she was trying to stop the two Experimentals.

That was the last bullet.

Unexpectedly, she did not manage to kill the weakened Qi Xibei. Instead, she was blocked!

At this moment, Qi Xin gritted her teeth in hatred.

At the same time, the regret in her heart reached its peak.

Why? Why didn't she make a move earlier?

If she had attacked them earlier, Qi Xibei and Qiao Yanyu would have been dead!

Just as she was feeling regretful, the voice behind her made her heart skip a beat.

She turned around and her face turned pale.

One of the Experimentals had caught up!

Hurry up and escape!

She roared madly in her heart as her footsteps flew.

However, just as she was about to escape, a figure blocked her way.

"It's time to settle our scores!"
