

Chapter 2051 Can't Escape

Qi Xin looked up and saw that it was Qi Xibei!

Qi Xibei looked at her coldly. At this moment, there was no warmth in her beautiful eyes, only a chilling aura.

If Qing Zhu had not run out, Qi Xibei might have been injured or dead. After all, she could not have protected herself at that time.

Now, it was time for her to settle the score with Qi Xin!

Even if the current environment and situation were not right, she could not let Qi Xin escape!

If Qi Xin was allowed to escape, who knew what would happen in the future? She did not want to continue chasing after her.

Therefore, even though the Gu worms in Qi Xibei's body were churning and in great pain, she did not move away.

Looking at Qi Xibei, Qi Xin sneered. "You want me to stay?"

Qi Xibei didn't say anything and attacked.

This time, she would never let Qi Xin leave!

Sensing the aura coming from behind, Qi Xin did not say anything else. Instead, she started fighting Qi Xibei.

The next second, Qi Xibei grunted and covered his arm.

A bloody scar appeared on his arm, and bright red blood flowed out.

Looking at Qi Xin again, she had a knife in her hand.

Qi Xin snorted coldly and continued to brandish her knife.

If Qi Xibei did not get close, the knife would be useless.

However, who asked Qi Xibei to come over?

Even if someone was chasing after him, it would be worth it if he could die with Qi Xibei!

Qi Xin's heart was in turmoil, but she was very calm.

She brandished the knife and stabbed it fiercely at Qi Xibei.

Qi Xibei took a step back and avoided her knife.

Qi Xin stepped forward again.

However, in the next second, she screamed because her leg was hit by a rock. She could not help but kneel down.

Qi Xibei seized this opportunity and kicked him.

Qi Xin screamed and flew backward.

When she landed on the ground, she was shocked and angry.

The one who had attacked just now was actually Qiao Yanyu!

She looked at the two of them in disbelief. They actually joined forces to deal with her!

Qi Xibei met her gaze and sneered." Why? Can't we work together?"

"Only a fool would play one-on-one with you!" Qiao Yanyu added.

Besides, none of them said that they wanted to fight one-on-one.

Moreover, who would play one-on-one in such a situation? He wasn't a fool!

Normally, Qiao Yanyu wouldn't even need to do anything. Qi Xibei could do it himself.

But now, their bodies were invaded by Gu worms, and their strength was greatly reduced. They could not use their own strength at all.

Under such circumstances, it would be foolish to play one-on-one.

Hence, Qiao Yanyu grabbed the stone and threw it at the right time.

Because of his participation, Qi Xibei was able to turn defeat into victory.

"You guys!" Qi Xin gritted her teeth.

At this moment, an even more terrifying sound came from behind. When she turned around, Qi Xin was scared out of her wits.

The Experimentals were getting closer!

Just now, many people had stepped in to stop her, which was why she was given some time.

However, she had missed the opportunity to leave when Qi Xibei stopped her.

Could she still escape now?

Qi Xin panicked. She could not care less about Qi Xibei and Qiao Yanyu. She immediately got up and ran out from the side.

This was a good opportunity for her to escape!

But in the next second, she felt a strong gust of wind.

Then, her vision blurred, and she felt a pain in her chest. She flew backward, unable to catch her breath, and almost fell on her back.

When she saw the 'person' who did it, her face turned even paler.

It was actually that snake!

Chapter 2052: Leaving

After Qi Xin saw the situation in front of her, she was shocked.

There were pursuers behind her and the snake in front of her. She had nowhere to run.

In the next second, she made a decision in her heart.

The Gu worms in her body began to stir. In just a short while, her expression changed drastically. There were worms rolling under her skin, which was very scary.

Then, she rushed toward Qi Xibei.

This time, even if she could not live, she would kill Qi Xibei!

Qi Xibei was shocked when he saw her rushing towards him.

However, she did not dodge. Instead, she charged forward.

In the next second, a scream sounded.

The two of them separated at the same time and fell to the ground.

Qi Xibei was not in a good condition. There was a cut near his neck, and blood was flowing out.

However, Qi Xin's situation was not any better.

She fell to the ground with a small hole in her heart. Blood flowed out from it, and her breathing was very weak.

Just now, when the two of them were in contact, Qi Xibei ignored the threat of the Gu worm and used all his strength to condense a sharp blade and stab it into Qi Xin's heart.

Of course, she was also injured by Qi Xin's knife and was bleeding profusely.

However, her condition was slightly better than Qi Xin's. At least, when they made contact just now, she avoided her vital parts. Otherwise, the knife might have landed on her neck.

Seeing Qi Xin lying on the ground, her breathing weak, Qiao Yanyu did not stop. Instead, he rushed forward and struck her with his palm.

Qi Xin grunted, her eyes bulging and veins bulging. She opened her mouth silently and stopped breathing.

She never thought that she would die like this.

The moment Qi Xin died, the Experimental had also caught up.

Qiao Yanyu jumped in fright and immediately assumed an attacking stance.

His current situation was not too good.

If the Experimental wanted to make a move, then he would only be dead.

However, the Experimental lowered its head to look at Qi Xin but did not attack

Oiao Yanvu.

Qiao Yanyu heaved a sigh of relief when he saw that he didn't do anything to him.

In the next second, he immediately rushed to Qi Xibei's side.

“Are you alright?”

Qi Xibei covered his wound. His breathing was rapid, but his expression was not too bad.” I'm fine...

Before he could finish speaking, a terrifying voice sounded.

With a rumble, dust filled the sky not far away. Another Experimental also rushed over.

“Let's go!”

The Experimental's face was even paler than before. It did not look too good.

The Experimental from before frowned and prepared to retreat.

However, before he left, he glanced at Qi Xibei and Qiao Yanyu.

Finally, his gaze stopped on Little Green for a moment.

Soon, he recognized Little Green.

Back then, if Little Green hadn't ruined the situation inside, they wouldn't have been able to escape.

“Take them away.”

“What is it? Alright.”

The other person quickly recognized Little Green's identity. Without saying anything else, he went forward and carried the two of them before rushing out.

As for the person from before, he carried Little Green.

There was a mess of sounds coming from behind. They were about to catch up. However, before the pursuers caught up, they had already left the place.

Before Qi Xibei and Qiao Yanyu could react, they felt their stomachs being pressed against by their shoulders. They almost knocked out the Gu worms in their bodies.

That lightning speed almost made them roll their eyes.

When they finally stopped, they would have vomited if they hadn't eaten for two days..

Chapter 2053: For the sake of revenge

By the time they stopped, Qi Xibei and Qiao Yanyu were about to vomit.

Then, the two men threw them on the ground. That action was very rough.

The two of them lay on the ground and took a deep breath for a while before they could catch their breath.

Although the other party was very rude, they were still very grateful.

If they were left there, they would be dead for sure.

Before they left, they could feel that large-scale weapons had already been dispatched from behind.

If he hadn't left, he would have been finished by now.

Of course, although they were grateful, they were still in pain.

While they were struggling in pain, the two of them did not leave.

They looked down at them from above, their eyes cold and emotionless, a little scary.

Perhaps it was because they had been tortured as experimental subjects for so long that the two of them were different from ordinary people.

Just their expressions alone were terrifying.

Their pale skin made it obvious that they were different.

However, under such circumstances, they were actually able to find Ling Juan and Qi Xin. How amazing!

The two of them panted for a while before calming down.

However, when Qi Xibei raised his head and saw clearly what was going on behind the scenes, he was a little surprised.

They looked... He looked a little familiar!

The taller man frowned and looked at Qi Xibei.

The two of them looked at each other for a long time without saying anything.

Qiao Yanyu raised his head and looked at this strange scene. He could not help but frown and carefully stood in front of Qi Xibei. Could it be that he wanted to do something?

The man frowned but did not speak.

Another person looked at Little Green." Is it still alive?"

When he came out just now, his actions were too rough, so Little Green's situation did not seem to be good.

Little Green was still unconscious.

Previously, Little Green had already exhausted too much energy. After that, when it fought Qi Xin, it used a lot of energy.

In addition, he had been carried away just now, so he fainted.

Until now, he still hadn't woken up.

Qi Xibei took a few deep breaths and suppressed the discomfort in his body. He went over to touch Little Green and heaved a sigh of relief." It's still alive."" However, Little Green was seriously injured and needed to recuperate well.

The man nodded." It's good that you're alive."

It could be said that they were able to escape because of Little Green.

If not for Little Green, they would still be tortured inside.

"You guys...Did you escape from the laboratory?" Qiao Yanyu could not help but ask.

"You know about it?" The man's face turned cold, and then he suddenly realized," Oh, right. You know that."

After all, he was Little Green's companion. He could not escape from the previous incident.

Qi Xibei sat on the ground and looked up at them.” How did you find this place?”

That person did not hide anything. His eyes were cold.” We came here after following the scent.”

“Taste?”

Qi Xibei was stunned for a moment before he understood what he meant.

What he meant was that Qi Xin and Ling Juan had a familiar scent on them. And this smell came from the laboratory.

After all, the two of them had been in the laboratory for so long, so it was normal for them to feel these smells.

“That... What do you plan to do next?” Qi Xibei asked.

“Revenge.”

“Revenge?” Qi Xibei was surprised.

They glanced at Qi Xibei and nodded.” Revenge.”

The reason why they came here was to take revenge.

Qi Xin and Ling Juan were dead now, but it did not mean that the matter was over.

Their pain was not entirely because of them. There was still the murderer behind them..

Chapter 2054 - -Sick

Qi Xibei and Qiao Yanyu looked at each other and quickly understood what they meant.

If they wanted revenge, they should be looking for Jiang Rongguang!

After all, the mastermind behind this laboratory was Jiang Rongguang.

Ling Juan and Qi Xin were just his minions.

“That... How did you get caught?” Qi Xibei could not help but feel curious.

If it were the strange-looking experimental subjects from before, she would not have asked such a question.

Because even if she asked such a question, the other party would not be able to answer. After all, their minds were no longer clear.

However, other than their expressions, they looked like normal people.

Moreover, they were still rational and could answer normally. Therefore, Qi Xibei was very curious about what was going on.

“It’s none of your business.”

However, the man merely glanced coldly at Qi Xibei and did not answer the question.

They didn’t know each other. If it wasn’t for Little Green, they wouldn’t have saved her.

It was already too much to say a few words. There was no need to go any deeper.

Since the other party was so cold, Qi Xibei did not continue asking.

“Then...Thank you.” That was all she could say.

The two of them exchanged a look and prepared to leave.

However, after they turned around, one of them suddenly knelt on the ground and covered his chest, looking very painful.

The other person was anxious.” Ah Jian, are you alright?!” The man fell to the ground, breathing heavily and his face pale.

“Ah Jian!”

“Let me do it!”

Qi Xibei immediately rushed forward.

The man glared at her fiercely, but she pulled him aside.

Qi Xibei reached out to touch Ah Jian’s wrist. After a while, he frowned.” The situation is not good.”“

Ah Jian’s body was too terrifying.

It should be because of the various experiments and torture over the years that his body was like a beehive, with holes everywhere.

However, there was a pattern to these pits. They were connected and constructed together, allowing them to survive.

Otherwise, they would have died long ago.

But now, after the bitter battle just now, the illness in his body had been drawn out, and he was about to explode.

Qi Xibei was about to use his mental power to comb Ah Jian's body when his body stiffened and he fell down.

"Bebe!"

Qiao Yanyu panicked and rushed over to hug her." Are you alright? !

Qi Xibei curled up in a ball, cold sweat dripping down his back. He was in great pain.

She took a few deep breaths to suppress the strange movements in her body." I'm fine." I just forgot..."

She had forgotten that there was a Gu worm in her body. Once she mobilized her mental energy, she would be finished.

Qiao Yanyu understood what she meant and nodded frantically." Don't worry!

Let's undo the Gu worm first!"

The Gu worms were not removed, so they could not do anything.

The man had thought that Qi Xibei would be able to do something to Ah Jian. He did not expect her to fall first.

He was almost dumbfounded.

Fortunately, he heard their conversation and knew that they had Gu worms in their bodies.

Otherwise, they would not be in such a sorry state.

Gu worms...

The man's eyes were deep.

Back then, they were harmed by Gu worms.

Otherwise, they wouldn't be in such a sorry state now.

Qi Xibei trembled for a while before he caught his breath and slowly sat up.

Meeting that person's gaze, she squeezed out a smile." I'll remove the Gu worm and have a way to cure him.""

"What?!" The man's eyes widened..

Chapter 2055 - Cure

What did he mean by he could cure him? The man thought he had heard wrong.

"You... You're right!"

If Qiao Yanyu hadn't stood in front of him, he would have grabbed Qi Xibei's shoulders and shook him crazily. She actually said that it could be cured?

What a joke!

"I can cure it." Qi Xibei repeated in all seriousness.

The man's eyes widened as if he had been struck by lightning. He was extremely shocked.

The reason why they risked their lives to find this place was for revenge.

Although they looked like ordinary people now, they knew their physical condition.

It could be said that their current situation was extremely tragic.

They looked normal and their movements were normal, but their bodies were already riddled with holes.

If this continued, they might die in a few years.

And all of this was caused by these people!

Therefore, they had to take revenge!

If they didn't kill these people, they would die with grievances!

Therefore, even though their bodies would occasionally have some problems, they still gritted their teeth and endured until now.

They did not want to die just like that while their enemies continued to live in the world!

Even though they were attacked by so many people, they still rushed towards Ling Juan and Qi Xin.

Now, the two of them were dead, but they still had other enemies.

Those who attacked them back then were their enemies!

Especially the mastermind behind the scenes, he absolutely could not let go!

They planned to wait until their enemies were dead before checking their bodies and making their next move.

Of course, his next step was to return home and wait for death.

All of this was because they knew that their bodies were already at the end of their rope and there was no way to survive.

But now, this little girl whom they had saved in passing actually said that she could cure them?!

The man thought he was hearing things.

“Don’t worry. If Bebe says he can, then he definitely can.” Qiao Yanyu helped to repeat the words. He was very confident in Qi Xibei. “Beibei is a miracle doctor!”

Qiao Yanyu was very confident in Qi Xibei.

If he had not been controlled by the Gu worm, Qi Xibei would have already started treating him!

The man's expression froze. He was dumbfounded and did not know how to react.

After all, when they had already given up hope, someone suddenly said that he could be treated. He did not know how to react for a moment.

After a while, he sighed faintly.

"Is what you said true?"

He stared at them, his eyes hot and cold.

He just stared at them like that, as if he wanted to make a move if they dared to deny it.

Qi Xibei pulled Qiao Yanyu and nodded heavily." Of course it's true!"

As she spoke, her hand fell on Ah Jian, who was curled up in pain, and then she patted his back.

Soon, Ah Jian's body, which was curled up like a shrimp, suddenly relaxed.

The man was stunned by this immediate reaction.

He was really capable!

“Did you see that?” Qi Xibei raised an eyebrow.” When I’m better, I can treat you.”“

After confirming it again and again, the man finally believed them and smiled.

“That’s great!”

Then, he threw himself onto Ah Jian, and his previous laughter turned into wailing.” We can continue to live!”

He cried miserably and happily, as if he wanted to cry out all the pain from before..

Chapter 2056 The Brothers

Ling Yade and Ling Yajian were brothers. They looked middle-aged, but they were actually in their seventies.

They were very strong to begin with. Otherwise, they would not have been targeted and treated as experimental subjects.

After that, they were stuffed with many strange things and did many experiments.

They looked strong and strong, but their actual situation was not good.

Moreover, they also knew that their bodies were the same as the loopholes. Their insides were already broken.

They didn't have much hope. After all, they knew how much pain they had gone through.

They only wanted to take revenge and then go back to wait for death.

However, who would have thought that a young lady would suddenly appear and tell them that she could cure them?!

Ling Yade hugged Ling Yajian and cried pitifully.

They were already so old, but they were still crying like this. It was also because they had lived too hard these years.

They had been locked up for more than ten years. In these ten years, their remaining consciousness told them that they had to live on.

If it wasn't for such a firm will, they might have died long ago like the others. How could they have waited until this day?

Qi Xibei and Qiao Yanyu looked at each other and didn't say anything when they saw Lingyade hugging Ling Yajian and crying so miserably.

At this moment, they didn't need to say anything.

Ling Yajian had also recovered from the pain he was in. After he understood what Lingyad meant, he was extremely excited.

However, he was a little better than Lingyad. At least he didn't cry so badly. But he was also very curious." Can you really cure us?"

"Of course." Qi Xibei nodded." As long as we have enough materials, we can definitely do it.'

"Materials?"

The two of them looked at each other and were very nervous." Then can you find the right materials?"

"It shouldn't be a problem."

Qi Xibei pondered for a moment. The Qi family had many spirit herbs in the spirit herb garden, and they could all be put to use.

Moreover, there was also a forest on the small island where the Xue family lived. There should be some special ling plants there.

Even if she didn't have spirit herbs, she could use her mental power and spend a little more time.

"That's great!" The two of them were extremely excited.

"However, I have to solve the problem on my body first." Qi Xibei smiled bitterly. "Otherwise, I can't help you."

The two of them were stunned for a moment before they realized that Qi Xibei was probably talking about the Gu worms in her body.

Under such circumstances, Qi Xibei was under the control of the Gu worm, and his body felt uncomfortable.

"Then...Is there anything we can do to help?" The two of them were very anxious and immediately asked.

"Yes." Qi Xibei nodded. "I'll write you a list. Help me find these materials. Our bodies can't do it now."

The two of them were powerful enough to enter and leave the base.

Therefore, it should not be a problem for them to find the materials.

"Right, I just found that there are some spiritual plants in that base." Qi Xibei wrote what he needed on the ground and said casually.

“Spirit plants?” When the two of them heard this term that they hadn’t heard for a long time, they were stunned.” Are you talking about spiritual plants?”

Seeing their reactions, Qi Xibei and Qiao Yanyu were also shocked.” You know about spirit herbs?”

“Of course!” They nodded.” Our Ling family used to have a ling herb garden!” “Ling Clan?” Qi Xibei was shocked.

“Yes, the Ling family. I forgot to introduce myself. I’m Ling Yade, and he’s Ling

Yajian..”

Chapter 2057 - She’s the one who caused this

The Ling family?

Ling Yade and Ling Yajian?

Qi Xibei’s heart skipped a beat. Then, he exchanged glances with Qiao Yanyu and saw the shock in each other’s eyes.

Their surname was Ling?

It had the same surname as Ling Juan and Ling Xiao!

Qi Xibei stared at the two of them for a long time, then asked hesitantly, "You and the Ling family from the capital...What does it matter?"

"You know the Ling family?" Ling Yade and Ling Yajian were also shocked. "That's our clan!"

Qi Xibei gasped. "You're from the Ling family?!"

Seeing her reaction, the two of them were a little suspicious. "Yes, is there a problem?"

"My mother's name is Ling Xiao!"

"Ling Xiao?"

This name stunned the two of them for a moment before they were shocked.

Your mother is Ling Xiao?!"

"Yes!" Qi Xibei nodded heavily. He vaguely knew that the situation was a little special!

“She’s our niece!” Linyard immediately said.

“Niece?”

“Yes!” “ Yes!” Linyard nodded.” She’s my brother’s daughter!”

Heavens! There was actually such a relationship!

Qi Xibei and Qiao Yanyu were shocked.

In other words, Ling Yade and Ling Yajian were Qi Xibei’s granduncle!

This relationship was beyond their expectations!

Ling Yade stared at Qi Xibei for a long time, then clapped his hands.” Oh right, you look a little similar to Little Xiao when he was young!”

“Yes! She looks quite similar to Little Xiao!” Ling Yajian nodded as well.

Before they went missing, they had a good relationship with Ling Xiao.

Moreover, at that time, Ling Xiao was still a young lady in her twenties. She was young and beautiful.

This little girl was about the same age as her back then, and she looked a little similar to her.

As expected, they were really mother and daughter!

"I remember seeing you when I was young!" Ling Yajian said. "Have you seen me when you were young?" Qi Xibei was surprised.

"Yes!" He nodded. "However, when you were young and now...It seems different?"

"What?" Ling Yade patted him. "Isn't this normal? Children grew up, so they were naturally different."

"No, you didn't see me before." Qi Xibei shook his head. "I was taken away when I was young."

"What?" Both of them were stunned. "What do you mean by that?"

Qi Xibei told her the story in a few words.

'So, the little girl who died just now was the civet cat that switched identities with you?'"

"In other words, they are mother and daughter!" Ling Yade's eyes were fierce.

He was referring to Ling Juan and Qi Xin.

“As expected of a natural mother and daughter. They are both equally vicious and heartless!”

Ling Juan had a lot to do with them being arrested!

If it weren't for Ling Juan, they wouldn't have ended up in such a situation!

“You guys...How did it become like this?” Qi Xibei could not help but ask.

She had heard about the Ling family from Ling Xiao before and had some understanding of the glory of the Ling family back then.

More than ten years ago, the Ling family and the Qi family were on par!

However, who would have thought that the world would change and the Ling family would end up in such a state?

And the elders of the Ling family had actually become experimental subjects!

“It's all Ling Juan's fault!”

They were furious when they heard this.

If it weren't for Ling Juan, they wouldn't have become like this!

"Ling Juan

"Yes! She was the one who lured us to a place, and then we were caught by their trap.. If it weren't for her, we wouldn't have become like this!"

Chapter 2058 - It's Good That You're Alive

Speaking of this matter, the two of them were extremely angry.

Even though Ling Juan was already dead, they still couldn't calm down when they thought about this.

Their explanation surprised Qi Xibei and Qiao Yanyu.

He didn't expect Ling Juan to be so vicious!

She actually attacked an elder of the Ling Family!

Judging from their tone, they did not have any problems with Ling Juan back then. After all, Ling Juan and Ling Xiao had different identities.

However, Ling Juan had turned into a poisonous snake and bit them fiercely. This was too terrifying.

“That’s why we’re in this state because of Ling Juan and that evil person!”

“Who is it?”

“His surname is Jiang.”

“Jiang Rongguang!” Qi Xibei and Qiao Yanyu said in unison.

“We don’t know his name, only his surname.”“ We’ll definitely take revenge on him!”“

“Moreover, we weren’t the only ones who were captured together with us.”Ling Yajian added.

Qi Xibei was shocked by this unexpected information.” There are others? Are they still alive?”

At this point, the two of them looked visibly dispirited.

“They... They’re all dead.”

They were all very sad when this matter was mentioned.

“They died a few years ago. Not everyone is as lucky as us to be able to live until now.”

They sighed, feeling extremely dejected.

“.. I’m fine.” “The best news is that you’re still alive,” Qi Xibei said dryly.”

“Yes, I am!” They smiled stiffly and cheered up.” We’re still alive. That’s the best news.”

And they would take revenge for those people!

“Alright, let’s find the materials first. “They said,”Take care of your body first.’

“Alright, sorry to trouble you.”

The two of them turned around and left.

Qi Xibei sighed as he watched the two of them leave.

Qiao Yanyu patted her shoulder.” At least we’re still alive.””

“Yeah, he’s still alive.” Qi Xibei squeezed out a smile.

With their current situation, it was already not easy for them to still be alive.

One had to know that they had almost thought that they might die there.

They did not expect that they would survive in the end and even find two elders.

This was truly a miraculous fate!

If Little Apple had not released the Experimentals, Ling Yajian and Ling Yade would not have been able to escape.

If they didn’t escape, they wouldn’t have come looking for Ling Juan and Qi Xin for revenge.

If they didn’t come over, the two of them could only die inside.

As expected, this was fate!

It was destined.

Qi Xibei and Qiao Yanyu ignored their image and sat on the ground to rest.

When they found the ingredients and returned, they would have to undergo a painful treatment process.

The twin worms on their bodies were not simple things.

They could eat it at different times, but they had to take it out at the same time.

Otherwise, the person behind would be killed by the twin worms.

Therefore, they had to store up their strength.

Qing Zhu was lying on the side, still digesting the food it had eaten.

Although it was not in a good condition and had many wounds, it was not fatal.

With its powerful recovery ability, it could last for a few more days.

After Qi Xibei removed the Gu worms from their bodies, he could treat them.

Ling Yajian and Ling Yade only returned when the sky had darkened.

The two of them had bright smiles on their faces, which looked a little strange on their pale faces..” We found the materials!”

Chapter 2059 - Dispelling Gu

Previously, when Qi Xibei and Qiao Yanyu were locked in the basement, they discovered that there were many spiritual plants nearby, which was why the spiritual energy was so abundant.

Moreover, those spirit herbs were not contaminated by blood.

Coincidentally, there were some spiritual plants here that could be used to undo the twin worms.

The two of them could not go back. After all, they could not mobilize their spiritual power.

Once they returned, they would be walking right into a trap.

Luckily, Ling Yajian and Ling Yade were here. Although the two of them were not in good condition, they would not act up now. There was no need to worry. As expected, they really found the spirit herbs that Qi Xibei had requested.

“Thank you!” Qi Xibei stood up and thanked them in surprise.

"You're welcome." " Thank you." Linyard shook his head." You're our granddaughter too. There's no need to thank her."

Qi Xibei was their granddaughter.

Almost all of their immediate family members had died. Even if there were a few left, they were not very capable.

Because Ling Xiao had married into the Qi family, his identity and status had not changed.

Ling Xiao was their niece, and Qi Xibei was naturally their granddaughter.

Not to mention that Qi Xibei could cure their problems.

They were both very grateful to Qi Xibei.

"Alright." Qi Xibei did not say anything more to thank him.

In any case, there was a way to repay them in the future.

She took the materials from them and nodded in satisfaction after checking them.

If it was someone else, she might not be at ease.

The other materials were easy to deal with, but ling plants were a troublesome matter.

After all, it was not easy to harvest spirit herbs. If one wasn't familiar with spirit herbs, they wouldn't be able to pick them at all. Instead, it would cause harm.

Fortunately, the two of them had come into contact with spiritual plants before and knew how to pick them.

Therefore, although the spiritual herbs they found were not as complete as the ones Qi Xibei could get, it did not affect the efficacy of the medicine.

After getting the materials, they found a quiet place and began to prepare to cure the gu.

Before they returned, Qi Xibei had already told Qiao Yanyu how to cure the gu, so Qiao Yanyu was naturally prepared.

Qi Xibei would not have dared to be so presumptuous in any other place. But now, with Ling Yade and Ling Yajian protecting her, she wasn't worried about any problems.

They were now in a secluded mountain. No one entered, so they did not have to worry about being discovered.

Soon, Qi Xibei used the various tools around him to process the materials.

With Ling Yajian and Ling Yade around, they quickly came up with some tools that could be temporarily replaced. Otherwise, they would not have been able to do it with their bare hands.

After processing the materials with stones, the Gu removal officially began.

Qi Xibei's expression was serious as he sat opposite Qiao Yanyu.

Then, she used the knife to cut a cut on their wrists.

Ling Yajian and Ling Yade exchanged a look, their expressions grave.

Seeing Qi Xibei's movements getting faster and faster, their expressions became even more solemn, but they were even happier in their hearts. Judging from Qi Xibei's quick movements, she must be very capable!

They also had more confidence in the future treatment.

They stayed close to the two of them and did not let anything else affect the treatment.

As the treatment progressed, Qi Xibei's heart suddenly moved. The Gu worm had been awakened.

The Gu worms were attracted by the blood essence on their hands, rolling under their skin, and then quickly swimming towards the wound. When the bug reached his wound, Qi Xibei shouted, "Pay attention!"

Chapter 2060 - Unlocking the Gu Worm

Following Qi Xibei's cold shout, Qiao Yanyu's face was stern as he followed her into action.

Their hands were tightly pressed together, and then they exerted force, causing their veins to bulge even more, looking ferocious and scary.

Then, a worm emerged from the wound on their arm.

The insect was blood-red and looked very scary.

What was even more shocking was that as soon as this bug stuck its head out, it seemed to have sensed the situation outside and immediately shrank back.

"Move out!"

Qi Xibei shouted again.

Ling Yajian and Ling Yade grabbed the medicinal herbs that had already been prepared and covered their wounds.

The two of them moved very quickly. When the insect appeared, they pressed the medicinal herb on it.

'I'ne bug squeaked.

Although the bug was small, its voice was very sharp and the frequency was different, reaching everyone's eardrums.

The four of them were shocked, but they didn't move.

Ling Yade and Ling Yajian pressed the herbs firmly on their wounds, and the two worms were unable to move.

After a while, the insects 'cries became much softer.

At the same time, their bodies also began to shrink, as if they had shrunk.

Qi Xibei and Qiao Yanyu's hands were still clasped together, refusing to let go.

The bugs kept wriggling, and their bodies became smaller and smaller. The most terrifying thing was that a lot of black pus and blood flowed out of their bodies.

The blood mixed with Qi Xibei's blood and emitted a nauseating smell.

"Hold your breath!" Qi Xibei shouted again.

However, she didn't need to say anything. Everyone was already prepared.

When they had attacked earlier, Qi Xibei had already told them what would happen and told them to be prepared.

Now, their actions were very efficient.

Even though the smell and sound were very stimulating, they did not dare to stop.

After half an hour, the two bugs finally stopped making sounds. However, even if there was no sound, they did not dare to relax.

Cold sweat broke out on the foreheads of Ling Yade and Ling Yajian.

Although he only applied medicine for the two of them and did not do anything else, it was still too exciting. These Gu worms were indeed terrifying.

After a few minutes, the two of them relaxed a little, but the bugs that had been silent moved again.

The two of them were so frightened that their expressions almost changed.

Fortunately, Qi Xibei had said that these bugs were very difficult to deal with.

Otherwise, if they had let go earlier, the insects would have escaped.

The reason why these two twin worms were Gu Emperor worms was that their vitality was very tough, much stronger than ordinary worms. If they were not completely killed, they would soon come back to life.

Their vitality was comparable to cockroaches.

After another half an hour, the sky had completely darkened. Qi Xibei finally let out a sigh of relief.” It’s fine now.””

Only then did the two of them let go, and their expressions finally began to relax.

When they let go, Qi Xibei pulled the bug out of his hand.

Qiao Yanyu followed suit.

The two of them took out the worms. They had already dried up a lot, as if they had been exposed to the sun for a period of time.

“Little Qing.”

Qi Xibei shouted.

Little Green, who was lying on the side, raised its head and asked with its eyes.

“For you to eat.”

Qi Xibei shook the bug.

Qing Zhu nodded and opened its mouth.

If it was anyone else, they would definitely be speechless.

However, Little Green liked the smell of these insects.

Qi Xibei smiled and threw the bug into Qing Zhu’s mouth.

Qiao Yanyu followed suit..
