

Chapter 2061 - Establishing Identity

After eating these two Gu worms, Little Green's pain also recovered at a visible speed.

Although these two Gu worms had dried up, the poison and energy contained in them were not much less.

Most importantly, they could be reused!

Of course, Qi Xibei did not like Gu worms, and he did not want to use them again.

Moreover, they were of great help to Little Green's injuries.

Seeing Qi Xibei and Qiao Yanyu get rid of the Gu worms so quickly, Lingyad and Qiao Yanyu felt that their horizons had been broadened.

They had stayed in the base for so long before, so they naturally knew how terrifying Gu worms were.

However, such a terrifying Gu worm was actually taken care of by Qi Xibei.

He was indeed capable!

This also gave them more hope.

Since she was able to resolve this matter so quickly, she should be able to quickly heal their injuries.

Qi Xibei looked at them and saw through their thoughts. He smiled and said, ' Don't worry. When we get back, I'll be able to help you solve your problems.'

"Go back? Go back where?" The two of them hesitated.

It wasn't that they didn't want to return to China, but their current situation wasn't too good.

Most importantly, he was afraid of his hometown.

More than ten years ago, such a huge change had happened to their family and so many people had died. She did not know how they were doing now.

They were worried, but they did not dare to ask.

Moreover, their current situation was not good.

Although they looked very energetic, they would occasionally lose control. Once they lost control, there would be casualties everywhere.

They were afraid that they would lose control when they returned home.

It would be bad if he lost control.

“If I want to treat you, I have to go home. Only then will we have suitable spirit herbs at home.”
“Besides, you should go back and take a look,” Qi Xibei said.” These words made their expressions change slightly. It was a little strange. After hesitating for a while, they finally nodded. I’ll go back with you!”

“However, our identities... “It’s okay. We can help you solve it.”

This was not a big problem.

With Qi Xibei and Qiao Yanyu’s strength and family background, it would be very easy for them to handle this matter.

“That’s great!” The two of them were very happy.” Thank you!”

Actually, there was a very important reason why they did not go back.

The country they were in was very close to Murica, so they could find them very quickly.

However, it was a long way from here to China.

They didn't have any identification cards. If they wanted to go back, they would have to spend a lot of time and cross the ocean!

They didn't know if they could hold on like this.

That was why they didn't dare to think about going back.

Now, with Qi Xibei and Qiao Yanyu helping them settle this matter, they did not have to worry anymore.

"Then I'll leave it to you!"

"No trouble at all." Qi Xibei smiled and shook his head. "You're my granduncle!" Ling Yade and Ling Yajian looked at each other, feeling very gratified.

Although the Ling family was not in a good situation, Qi Xibei was still a child of the Ling family. They were glad to have such an outstanding child.

The sky was already dark. The few of them came out of the mountain and returned to the real world.

Looking at the situation outside, the few of them felt as if it was a lifetime ago.

Especially Lingyad and the others, they were extremely excited.

They finally had a chance to live!

The few of them tidied up their bodies and helped Little Green deal with its injuries. They let it stay here first before they went to find a hotel..

Chapter 2062 - Spy

Little Green's injuries were much better, but it did not shrink, so it could not leave with them.

However, the environment here was good, and the air was much better than other places. Staying here was also very beneficial to its injuries.

Qi Xibei had to go back and find other ingredients before he could completely heal Little Green.

The few of them found a small hotel, the kind that did not require an ID card.

Although the four of them were foreigners and looked quite eye-catching, Qiao Yanyu still had a lot of cash on him. After using the money to pave the way, the four of them moved in.

When they were resting at night, Qi Xibei was a little emotional.” Qi Xin...” Is he really dead?”

Qiao Yanyu wrapped his arms around her shoulders.” He’s definitely dead.”

They had only left after confirming that Qi Xin was dead.

“It feels a little surreal.” Qi Xibei squeezed out a smile.

They had been fighting with Qi Xin for so long, and Qi Xin had set up so many traps for them, and now they were dead?

This made Qi Xibei feel a little dazed, and the sense of reality was not strong.

“It’s okay. She’s already dead.” Qiao Yanyu said and then joked,”“Unless she can continue to come back to life.’

“Bah!” Qi Xibei immediately glared at him.” Absolutely impossible!”

It was fine if he was resurrected previously, after all, he had Gu worms.

But this time, the Gu worm was useless. Qi Xin was dead! Moreover, Ling Juan, who could have saved Qi Xin, was dead, so it was even more impossible for her to save her.

If she could be resurrected again, that would be too terrifying.

It wasn't an undying body!

Even Qi Xibei could not guarantee that he had such a physique.

"Yes, yes, yes. It's impossible. They are already dead." Qiao Yanjue smiled.

Of course, he did not believe that Qi Xin could continue to live. Moreover, he did not want Qi Xin to be alive.

Of course, even if Qi Xin was still alive, they would never let her off.

"However, regarding this matter..." Qi Xibei frowned. "I don't know if it was made by Big Horn or Little Qu."

Qiao Yanyu's face darkened at the mention of this topic.

If it weren't for Big Horn or Little Qu, they wouldn't have fallen to such a state.

If Ling Yajian and the others hadn't appeared in time, they would have already died inside.

Previously, Han Rui had said that there might be spies around him, but after checking, he did not find any problems.

However, this time, the two of them almost got into an accident. It would be too strange to say that there was no problem.

“We must investigate this matter thoroughly!”

“Yes, we must investigate clearly!”

If they didn’t investigate clearly, it would be like a poisonous snake peeping at them and then suddenly appearing one day to bite them.

This was too terrifying.

“Should we tell Han Rui about this?” Qi Xibei asked.

“.. Yes.” Qiao Yanyu thought for a while and nodded.

They believed in Han Rui, and Han Rui was their good friend. If Han Rui had such an evil person by his side, it would be very dangerous.

“I’ll inform him.” Qiao Yanyu said.

“Alright.”

After the two of them discussed, Qiao Yanyu took out his phone and sent a message to Han Rui.

Very soon, Han Rui called back. He was a little excited.” Why didn’t you call back to inform us?! I’m dying of anxiety! Are you guys alright?”

They put the phone on speaker, so they could clearly hear Han Rui’s reaction.

The two of them exchanged a look.

Han Rui was indeed fine.

If this was his acting, then his acting skills were so good that he could even win an award!

Chapter 2063 - Inform You

Although Qi Xibei and Qiao Yanyu said that they believed Han Rui, they were not that naive.

This time, only Han Rui and Little Tune of Great Horn knew that they were here.

Therefore, the spy must be one of them.

Although Han Rui was less suspicious, he was not completely unsuspicious.

But now, it seemed that Han Rui's concern for them was very real.

"We're fine." "We were just caught," said Qiao Yanyu."

"If there's nothing... Catch him?" Han Rui heaved a sigh of relief and then took a deep breath." What did you say?! I didn't hear it clearly!"

"I said, we were caught and almost died." Qiao Yanyu sighed.

"How could that be?" Han Rui was anxious." Is it that dangerous? Why were you captured?"

"We suspect that someone tipped us off."

"Inform them?" Han Rui was shocked." Only Great Horn and I know about this.

It can't be...'

"I'm not sure either." Qiao Yanyu shook his head." But I think it should be one of them.

“Impossible!”

Han Rui was a little flustered.” How could that be?! How could they betray you?”

Qiao Yanyu didn’t say anything. Only Han Rui’s voice could be heard.” Big Horn and Little Qu are the best performers in our team. There’s nothing wrong with them normally! This...”

Han Rui couldn’t believe Qiao Yanyu’s words.

If what Qiao Yanyu said was true, then wouldn’t there be a dangerous spy by his side?!

This possibility made him shudder.

“Not long after we arrived here, we were discovered and captured. If it weren’t for an accident, we might have died inside.”Qiao Yanyu said lightly.

On the other end of the phone, Han Rui was silent. His breathing became heavier and more chaotic.

“Don’t worry, I’ll give you an explanation! “In the end, he gritted his teeth.” I will definitely investigate this matter thoroughly!”

Even though Qiao Yanyu had made it sound like it was nothing serious, it was not as simple as it seemed.

“Are you guys alright now?”

“I’m fine.” Qiao Yanyu shook his head.” I’m just telling you about this matter.

You should be on guard.”“

.. Alright.” Han Rui’s voice was muffled.” It’s good that you’re alright.” I’ll give you an answer as soon as possible.” “Alright, I’ll do it. Be careful.”

“Alright.”

The two sides talked for a while before hanging up.

After telling Han Rui about this, they did not think too much about it.

Han Rui was in more danger now, not them.

Moreover, Han Rui would not know about their future actions, so there was no danger of being betrayed.

After settling this matter, they could finally rest.

After a night, the two of them were in high spirits.

The energy that was consumed by the parasitic twin worms had recovered after one night.

Moreover, their strength seemed to have increased a little, to the point where they were about to break through.

This was a blessing in disguise for them.

After all, their previous dual cultivation wasn't that fast.

The twin worms were harmful to their bodies, but after they were removed, the rest were all benefits.

Although the Gu worm's poison was very strong, its energy was also very strong.

The few of them went out to eat and then split up to look for materials.

After finding all kinds of materials, they went to the mountains to find Little Green and treat it.

After a day of treatment, Little Green's body was much better. It could finally shrink its body.

And they could go back..

Chapter 2064 -: Returning to the Country

The return trip this time was very smooth. After more than ten hours, they finally returned to China.

When they got off the plane and saw so many black-haired and yellow-skinned people here, Lingya's eyes couldn't help but tear up.

It was a little strange for their pale and stiff faces to have such an expression.

The passersby glanced at them and quickly looked away.

He felt that they were a little scary.

The two of them did not have time to care about other people's reactions. They looked at Qi Xibei." Is the Ling family still in the same place?"

Although they hadn't returned to this place for more than ten years, they still remembered where their home was.

"I'll take you back."

Qi Xibei did not know where the place they were talking about was, but the place they were talking about was different from the place she knew.

After all, after the Ling family got into trouble, they naturally moved away from their previous place.

Qi Xibei could not say anything. He could only bring them back and go over when the time came.

Qi Xibei did not say anything. The two of them understood what she meant, and their initial excitement also fell silent.

Very quickly, they became excited again.

No matter what, it was enough to be able to return to the country!

Previously, they could only think about it and could not put it into action.

Qi Xibei had informed Qi Zhian and the others about his return.

The car was already waiting outside.

Qi Zhian was a little surprised to see the few people walking over.

Especially when he was facing Ling Yade and Ling Yajian, he felt that it was strange.

These two people...It looked a little familiar!

However, he did not have a deep impression of it.

“Bebe.” Qi Zhian stepped forward and happily gave Qi Xibei a hug. “You’re back!

It’s good that you’re fine!”

They were all very worried about their trip this time.

Now that he saw them return safely, he was relieved.

“Come, get in the car first. We’ll talk when we get back.” Qi Zhian opened the car door and let them in.

Qi Xibei smiled and nodded. Then, he got into the car first.

Qi Zhian drove a business car over, so it could accommodate a few people.

When the car started moving, Ling Yade and Ling Yajian didn't say anything. They just greedily looked at the scenery outside.

Qi Zhian noticed their reactions from the rearview mirror, and the doubt in his heart deepened.

Their reactions were as if they had not returned for many years.

However, the capital had indeed changed a lot, especially in the past few years.

Perhaps this place had changed in two years.

He couldn't help but ask, "You guys are from Hillford too, right? How many years has it been since you came back?"

"Yes, we're all from Hillford."

Ling Yade's voice was a little hoarse, and his eyes were slightly moist.

"We haven't been back for more than ten years."

"More than ten years? No wonder! Over the past ten years, the changes here had been huge!" Qi Zhian said proudly.

“Yes, it has changed a lot!” Linyard nodded, his eyes even more moist.

They hadn’t been back for years, and this place had completely changed. There were high-rise buildings everywhere, and all kinds of modern things. It was completely different from the past.

Qi Zhian looked at them carefully. Seeing their excited expressions, he understood and did not continue speaking.

Fortunately, he did not continue to speak. Otherwise, he might not be able to control the car and cause some problems.

When he answered the Qi family, Ling Xiao ran out and was very happy.

When she saw the two of them get out of the car, she stopped in her tracks and hesitated..” You are...’

Chapter 2065 - Back

The two of them looked too familiar.

Ling Xiao’s footsteps stopped, and his expression was a little confused.

“Little Xiao! ”

Linyard spoke first.

After hearing Ling Yade's words, Ling Xiao finally confirmed his guess.!" She was so shocked that her voice cracked.

This was actually the person who had been dead for more than ten years?!

Was the person beside him really Ling Yajian?

How was this possible?

"Uncle De, Uncle Jian? You guys are..."

Ling Xiao stuttered and did not come back to his senses for a long time.

After all, these two people should have died in a plane accident more than ten years ago. How could they still be alive?

Moreover, they looked the same as they did in the past. They didn't look much older.

This was too amazing!

“We didn’t die.” Lingyad saw through Ling Xiao’s intentions and squeezed out a smile.

Because they had suffered too much torture, their bodies were affected, so their expressions could not be as normal as ordinary people.

“Heavens!”

Ling Xiao could not help but exclaim.

They really didn’t die!

In the next second, Ling Xiao’s tears flowed out. He rushed up excitedly and gave them a hug.” It’s great that you’re back!”

More than ten years ago, the plane that the Ling family was on suddenly had an accident. After that, the entire plane disappeared.

Because of this incident, the Ling family only had a few young people left.

Up until now, the development of the Ling family was getting worse and worse.

Even if the other families didn’t suppress them, the Ling family wouldn’t be doing any better.

After all, without elders and experience, there were many things that he could not handle

Therefore, the Ling family was now just like any other ordinary family.

Ling Xiao did not expect that the two elders were still alive! And he even came back!

Ling Yade and Ling Yajian hugged Ling Xiao as tears welled up in their eyes." We're back!"

Qi Zhian and the old man were stunned when they saw the three of them crying in each other's arms.

Qi Zhian, in particular, finally realized why he had thought they looked familiar.

So they had really met before!

However, Ling Yade and Ling Yajian were not Ling Xiao's direct elders, so Qi Zhian did not have much contact with them.

Moreover, so many years had passed, and the elders of the Ling family had long died. It was even more impossible for him to think in this way. But who would have thought that the result would be so unexpected!

Ling Yade and Ling Yajian didn't die! They were back!

Even the old man was shocked.

The old man was the same age as Lingyad and the others, only a few years apart.

Back then, when something happened to them, the old master was still very sad.

But who knew that they were still alive?

This was an unexpected piece of good news.

The old man couldn't help but look at Qi Xibei and Qiao Yanyu. He asked softly, "What's going on? They are..."

Qi Xibei looked at them and whispered to the old man, "Wait, let's talk slowly."

"Alright."

Ling Xiao and the two elders cried for a while before wiping their tears away in embarrassment. "Sorry for making a fool out of myself."

"Why do you say that?" The old man shook his head. "This is a good thing to be happy about."

He looked at Lingyad and Ling Yajian with a slightly excited expression." It's already a joyous occasion that you're able to return!"

"Brother Qi, long time no see."

Ling Yajian smiled at the old man.

"Yeah, it's been many years." The old man nodded and sighed.

He could also tell that the two of them were different from ordinary people. From the fact that they did not look old all these years and even looked much younger, it could be seen that they had lived differently these years..

Chapter 2066 - She's Already Dead

Although the two of them looked much younger, their expressions were a little stiff, as if they had the aftereffects of plastic surgery.

Moreover, their eyes and various reactions told the old man that they must have experienced something very special.

Otherwise, they wouldn't have stayed away for so many years.

If it wasn't for the fact that something had happened to the elders, the Ling family wouldn't have fallen into such a state.

If they could come back, they would have come back long ago. They wouldn't have left for more than ten years.

"Let's go in and talk." Qi Xibei said.

As soon as she spoke, the others nodded." Alright, let's talk inside."

As soon as they entered, the old master immediately asked the servants to prepare refreshments and then invited the two of them to sit down." Please sit down."

After returning to this place, Lingyad and Ling Yajian were clearly much more relaxed.

Although this was not the Ling family, they felt much safer in the country than outside. They could also relax a lot.

After sitting down and serving the refreshments, the old man finally got to the point." May I ask if you've been..."

"We were captured and locked up for more than ten years." Lingyad didn't hide anything and said in a deep voice.

"What?!" The old man and the other two were shocked.

"You were arrested? Who did it?"

Ling Xiao could not help but exclaim.

They thought that the two of them might have lost their memories after the plane accident or had wandered somewhere and could not come back.

But who would have thought that reality was far more terrifying than they had imagined!

Ling Yade and Ling Yajian were actually captured and locked up for more than ten years?!

What a joke!

If it weren't for their unusual appearances and serious expressions, they would have thought that they were joking!

Otherwise, how could they have encountered such a thing!

"We were lured to a place and captured." Ling Yajian's expression was heavy. "After that, we were treated as test subjects and tortured for many years. It wasn't until recently that we were rescued by Bebe and the others."

Although it was just a few simple words, it still made the old master and the other two shudder.

They made it sound so simple, as if a few words would pass.

However, the meaning behind this and the things they had experienced over the years made their hearts tremble.

This was too terrifying!

They were actually treated as test subjects!

Although the Qi family had never come into contact with these things, it did not mean that they did not know anything.

Just by hearing this, one could tell how crazy this was!

If it happened to him...

Their faces were all wrinkled.

“Who did this?” Ling Xiao asked coldly.

She had always thought that many of her relatives had died, but who would have thought that they would be captured and tortured for such a long time!

Unforgivable!

“Lingjuan. ”

The names that they said made Ling Xiao’s mind feel a little confused, and he was extremely shocked.”
Ling Juan?!”

Didn’t Ling Juan only have two children? He actually did such a thing?

Besides, Ling Juan was also a child of the Ling Family!

Was she crazy?

“It’s her.” ” You’re right!” Linyard’s face was equally cold.” If it weren’t for her, we wouldn’t have lost so many people!”

They still felt angry when they talked about this matter.

If it weren’t for Ling Juan, this wouldn’t have happened, and they wouldn’t have ended up like this.

"He's simply heartless!" Qi Zhian was also furious. He slammed the table and stood up." We can't let her off!"

"It's okay. She's already dead." Qi Xibei said.

"Dead?" The few of them widened their eyes again.." Ling Juan is dead?"

Chapter 2067 - We're Fine

"That's right. Ling Juan is dead." Qi Xibei nodded." Besides, Qi Xin is dead too." " What?!" Ling Xiao and Qi Zhi 'an exclaimed," Qi Xin is dead too?!"

"Yes." Qi Xibei nodded, ignoring their shocked expressions." They tortured the uncles together. We were also captured by them and almost died."

Ling Xiao was still shocked and upset over Qi Xin's death. When he heard that

Qi Xibei had been captured, he immediately panicked." You guys were captured too?!"

She rushed to Qi Xibei nervously, grabbed her hand, and looked her up and down." Are you okay? They didn't do anything to you, did they?"

In front of his biological daughter, Ling Xiao no longer cared about Qi Xin.

Although she still had some feelings for Qi Xin, after so many things, those feelings had been mostly wiped out.

When she heard about Qi Xin's death, she was subconsciously moved.

However, she was no longer worried about Qi Xin when she found out that Qi Xibei almost got into trouble.

She was more worried about Qi Xibei.

"I'm fine." Qi Xibei shook his head. "They didn't do anything to us."

"Impossible!" Ling Xiao frowned. "They're not very kind people. How could they not have done anything?!"

Qi Xin's personality had completely changed, or it could be said that Qi Xin's nature was so cold and cold-blooded, but she had been hiding it all along.

This Qi Xin was very unfamiliar to Ling Xiao, but she was also very scary.

Therefore, she would not believe that Qi Xin did nothing after capturing Qi Xibei.

This was as ridiculous as lions and tigers not eating meat!

“They did do something, but they didn’t do any harm to us.” “We’re back safely, aren’t we?” Qi Xibei smiled.”

Qiao Yanyu also smiled and comforted Ling Xiao,” “We’re really fine. At that time, her granduncle and the others came over just in time, so they didn’t have time to do anything.”

“Yes.” “ Yes.” Linyard nodded.” Fortunately, we arrived in time. Otherwise...”

Those words did not comfort Ling Xiao. Instead, it made her expression even uglier.

“You guys...”

She wanted to say something, but in the end, she could only sigh.

What could she say?

Tell them to be careful?

However, this was not something that could be solved by being careful.

Moreover, the matter was already in the past. It was useless to talk about it after the fact.

It was all because they, the elders, were useless that the juniors had to work so hard.

“Don’t worry, we’re really fine. “Qi Xibei smiled and patted Ling Xiao’s hand. Qi Zhian nodded.” That’s good.” If there’s any problem, you must tell us!”

The old man nodded.” We can’t hide it!”

“Don’t worry, I won’t hide it from you.” Qi Xibei nodded.” We’re fine, but Uncle and the others have things to take care of.”

These words successfully attracted their attention again.” What’s wrong with them?”

The three of them looked at Ling Yade and Ling Yajian. Seeing their pale faces, they could not help but worry.” You guys are...”

“Over the years, they’ve suffered a lot. All aspects of their bodies have been destroyed. This time, I’m back to help them recuperate.” Qi Xibei said.

The three of them were enlightened.” I see.”

“Is there anything we can do to help?” Ling Xiao immediately asked.

“Yes, if there’s anything you need our help with, just say it!” Qi Zhian followed closely behind.

“Yes, there are indeed some.” Qi Xibei nodded. “I need some spirit herbs.” “Spirit plants?” Qi Zhian nodded. “Whatever spiritual plants you want, just tell me!”

Chapter 2068 - Car Accident

For Qi Zhian, spiritual plants were not that rare.

As long as he had it, he would not be stingy.

Because Ling Yade and Ling Yajian’s situation was not ideal, Qi Xibei did not delay and immediately took action.

Although Qi Xin had not gotten back the ling herb garden that she had snatched, the ling herb garden that Qi Zhi ‘an had was enough.

Qi Xibei had been to these spirit herb gardens before, so he naturally knew what spirit herbs were inside.

Because of their health issues, Ling Yade and Ling Yajian did not go with them.

Instead, they stayed in the Qi family and waited for Qi Xibei's return.

Qi Xibei and Qiao Yanyu drove over. Soon, they arrived at the ling herb garden.

There was no change in the spirit herb garden. Qi Xibei quickly found a suitable spirit herb, and his smile became even brighter. "Alright, that's enough."

Qi Xibei picked a few spirit herbs and stood up.

"Alright, let's go back then." Qiao Yanyu nodded.

They didn't delay and quickly drove back.

However, when the car reached a quiet place, a car suddenly rushed out of the intersection in front of them.

The car came very suddenly.

Qiao Yanyu's expression changed and he immediately stepped on the brakes.

The tires of the car squeaked and pulled out a long line.

Although they stepped on the brakes, their car still crashed into the car in front of them.

The strong impact almost sent the two of them flying.

Fortunately, they had all worn their seatbelts. Otherwise, they would have flown out by now.

However, the strong impact made the two of them dazed for a moment.

The next second, Qi Xibei's expression changed drastically. "Get out!" They clutched their dizzy heads, kicked open the slightly deformed car door, and ran out.

Not long after they left the car, the car exploded.

With a loud bang, the car burst into flames.

The fire wave was too fierce, and they couldn't help but fall to the ground.

The debris from the car behind them fell on their backs and left many wounds.

The two of them groaned and almost vomited blood.

The explosion also shocked the other passersby and they quickly called the police.

Someone rushed up and tried to pull the two of them up." Are you alright?"

However, Qi Xibei grabbed the hand of the person who came to help him.

His pale face was filled with cold killing intent.

"What are you doing?" The man was shocked." I just want to help you!"

The others were also at a loss.

Such a thing had happened here, and she had specially come out to help. Why was this woman so rude?

Because of his dusty face, no one recognized Qi Xibei's identity for a while.

However, everyone was very dissatisfied.

Wasn't it too ridiculous for her to treat them like this?

Qi Xibei did not say anything. Instead, he grabbed the man's hand and twisted it up. The man's sleeve fell back, revealing his palm.

Then, everyone was shocked.

Because, in this person's hand, there was actually a knife!

The knife was so sharp that everyone could not help but take a step back.

Wasn't he here to save someone? Then why did he bring a knife?

On the other side, Qiao Yanyu also grabbed the person beside him and used the same method to expose the knife in his opponent's hand.

Everyone was in an uproar.

There had just been a car accident and an explosion, and there was actually someone using a knife?!

Only Qi Xibei and Qiao Yanyu knew that someone disliked them and wanted to kill them..

Chapter 2069 - Displeased

Looking at the knives in their hands, everyone fell silent.

Not far behind them were burning cars, but they were in a stalemate.

Everyone looked at the two of them in shock.

This... Wasn't it just a car accident?

Oh right! There were still people in that car!

However, the car was already on fire, so no one dared to move. They didn't want to get caught in the fire.

Everyone could only wait for the fire truck to arrive.

The two people who were grabbed by Qi Xibei and Qiao Yanyu looked at each other and immediately reached out to push away their restraints.

But in the next second, they screamed because Qi Xibei and Qiao Yanyu moved in unison and kicked their knees. Therefore, they screamed and knelt down.

The onlookers were all stunned.

This action was too clean!

“Please call the police.” Qi Xibei’s cold voice woke everyone up.

“Oh right! Call the police!”

In fact, someone had already called the police. As everyone called the police, they carefully sized up these people.

Everyone could not help but take a few more glances at the tall Qi Xibei.

This... It looked a little familiar!

After a long time, someone finally reacted.

You are Xia Xibei?”

“Oh, wait, you’ve changed your surname now. You’re Qi Xibei!”

Seeing that everyone had recognized him, Qi Xibei did not deny it. Instead, he nodded at them and smiled.

Seeing that she did not deny it, everyone became even more excited.

Especially the girls beside him, they were so excited that they covered their mouths.

He actually saw Qi Xibei here!

How lucky!

In this way, they hated those two even more.

They actually wanted to hurt Qi Xibei!

Unforgivable!

If Qi Xibei hadn't stopped them, they might have already rushed up to teach the two men a lesson.

"Sister Bei, you're..."

"Sister Bei, are you okay?" A few little girls ran over and surrounded Qi Xibei, asking in low voices and excitement.

"I'm fine." Qi Xibei smiled and shook his head.

Although he said that, his pale face made people's hearts ache. "It's good that you're fine. We've already called the ambulance!"

"Thank you."

"You're welcome!"

After the little girls finished speaking, they ran to the side, covered their mouths, and screamed silently.

He did not expect to see Qi Xibei here! Their luck was too good!

However, Qi Xibei did not look too good. After all, he had just been in a car accident!

However, who wanted to hurt her?

It must be a bad person!

Some people couldn't help but post the news online.

Soon, the news of Qi Xibei's car accident and the arrest of the bad guys spread on the Internet.

Qi Xibei had not been heard from for several months.

Ever since she left a message saying that she had something to deal with, so she had to go offline, not many people could find her whereabouts.

This was normal. After all, she had spent most of her time overseas.

He did not expect that after such a long time of silence, there would be explosive news!

Qi Xibei was in a car accident and almost had an accident!

Not long after, reporters rushed over. They arrived earlier than the police and fire trucks. They were indeed professional.

Fortunately, when they arrived, the police had also arrived and immediately isolated the scene.

Soon, Qi Xibei and Qiao Yanyu got into the car and left with them, leaving behind the reporters who did not get much useful information.

When they arrived at the police station, the two men only said that they didn't like Qi Xibei and Qiao Yanyu, so they wanted to attack them.

This answer made everyone speechless.

Did they think they were fools?

Chapter 2070 It's Just An Accident

Was it just because he couldn't stand it that he wanted to kill her?

What a joke!

No one believed this, so the police began a deeper investigation.

After all, Qi Xibei was the country's treasure!

Soon after Qi Xibei's accident, he received a call.

There were quite a few people on the other end of the phone, and some of them were bosses.

With Qi Xibei's status and the contributions she had made, he could not afford to neglect her.

If something happened to such a person, it would be a huge loss for the country!

Therefore, he had to investigate this matter thoroughly!

With the pressure from the higher-ups, the police naturally worked even harder.

However, they realized that the two of them really couldn't find anything.

The car that had exploded earlier had been checked and confirmed that the driver was drunk. The alcohol concentration in his body was very high.

The scariest thing was that his car was filled with a lot of wine bottles. In addition, due to the leakage caused by the collision, it exploded very quickly.

As a result, the two cars were blown into pieces, and the faces of the drivers inside could not be recognized.

Qi Xibei and Qiao Yanyu could only rejoice that although the spirit herbs in the car had been destroyed, there were still other spirit herbs in the spirit herb garden that could still be used.

If those spirit herbs were all unique, they would be furious.

Soon, the driver's identity was also investigated. He was just an ordinary person who liked to drink.

He had been investigated for drunk driving before, and his driver's license had been revoked.

However, she did not expect him to drink again in the end and drive without a license.

If he was still alive, he would be severely punished.

But the problem was that he was already dead. There was no way to argue with him.

Moreover, he had already divorced his wife, and his child was living with his wife in another city.

When she found out about his death, her wife was obviously relieved. Her relationship with her ex-husband was not very good, and he often abused her. She deserved to die!

This situation made the police speechless.

After investigation, they found that there was a high possibility that it was an accident.

However, why the two people with knives would do such a thing was another story.

Qi Xibei and Qiao Yanyu did not say anything about this.

They knew that the police would not be able to find much.

Since the other party dared to make a move, they must have made full preparations and would not let anyone find out.

However, the two of them could also guess the identity of the mastermind behind the scenes.

There were not many people who had a grudge against them.

Qi Xin and Ling Juan were already dead, and Yang MO was also in prison. Only Gu Guanlin and the rest were left.

The two of them came out of the police station and were brought back by Qi Zhian and Ling Xiao.

Seeing that Qi Xibei and Qiao Yanyu were safe and sound, both of them heaved a sigh of relief.

Ling Xiao hugged Qi Xibei." Thank goodness you're fine!"

Why did Qi Xibei and Qiao Yanyu always encounter so many dangers and attacks? Those people were too terrifying!

The car soon arrived home.

Ling Yade and Ling Yajian rushed out." Are you guys alright?"

"I'm fine." Qi Xibei shook his head." We managed to escape in time, so we only suffered some minor injuries."

It was just a small wound. To them, it was not a big problem.

“It’s good that you’re fine.” The two of them heaved a sigh of relief.” But, what’s going on?”

“The other party did it on purpose.” “When we escaped from the car, there were two people with knives who wanted to kill us,” Qiao Yanyu said with a dark face.”

What?!”

The few of them gasped..” Who is it?!”
