

## Chapter 2071 - Mastermind

"I don't know." Qi Xibei shook his head." But depending on the situation..." It should be related to those people."

"Who is it?" " You..." Lingyad's face darkened." Tell us, and we'll settle it!"

"No need." Qi Xibei shook his head." We'll solve it ourselves."

"But..."

"It's alright." Qi Xibei smiled." However, our treatment will have to wait for a while. We can only start tomorrow." Also, you'd better follow me to the ling herb garden. The spirit herbs he brought back today were also destroyed in the car."

These words made Ling Yade and Ling Yajian's eyes widen." Destroyed?!" Their hope of getting better was destroyed?!

"Don't worry, there's a backup in the ling herb garden." Qi Xibei comforted them.

These words did not make them relax. They were still angry.

With Qi Xibei and Qiao Yanyu's strength, they were still able to destroy the spirit plant. This meant that the situation was very critical.

Fortunately, nothing had happened to them. Otherwise, they would not have forgiven him!

"Alright, let them go back and rest first." The old man said, "They must be very tired today."

After going through such a serious incident, they definitely wouldn't be in a good state.

"Oh right, you guys rest first!" Everyone immediately reacted and told them to go back and rest.

"Our matters are not urgent. You guys rest well Yade said.

"Alright."

Qi Xibei and Qiao Yanyu returned to their own rooms after bidding farewell to them.

The two of them frowned.

"Does Gu Guanlin have such courage?"

Yes, after thinking about it, only Gu Guanlin had such a motive.

Even if the others wanted to kill them, they wouldn't have done it so fiercely.

But Gu Guanlin wasn't that cruel, was he?

Most of the things that happened before were caused by Qi Xin, and Gu Guanlin was at most helping her.

Of course, he was just a bad guy, not a good person.

However, now that Qi Xin was dead, he still dared to cause such a commotion?

"I don't think it's him." Qiao Yanyu shook his head." Besides, he doesn't have that much hatred for us."

Actually, the one who had a grudge against them was Qi Xin.

Now that Qi Xin was no longer around, Gu Guanlin didn't need to be so ruthless.

Moreover, Gu Guanlin was not someone who would do things openly. He was better at doing things behind the scenes.

However, other than Gu Guanlin, no one else had such a motive.

Could it be Jiang Rongguang?

However, this did not seem like his method.

Qi Xibei's expression did not look too good as he pondered over this matter.

"Forget it, let's rest first." Qiao Yanyu patted her on the shoulder. "We'll talk about it tomorrow after we're done resting."

They had been working non-stop for the past few days and were tired.

Qi Xibei nodded and did not dwell on it.

The next day, the police called.

The two of them finally admitted that they had been bribed by money, so they had attacked when they were escaping from the car.

However, it would take some time to find out who the mastermind was. After all, the mastermind was very vigilant, and the bank account was overseas.

If he wanted to investigate, he would need some time.

Qi Xibei could only say that he would take his time.

Putting this matter aside for now, they still had to solve the problem of Ling

Yade and Ling Yajian first.

This time, they brought the two of them to the ling herb garden.

After half a month of treatment, Ling Yade and Ling Yajian's bodies had clearly improved.

At the same time, they also received news that they had found the culprit!

The person who did it was overseas!

And that place was near the island that Great Horn had mentioned!

### **Chapter 2072 Getting Ready to Fight the Boss (1)**

Big Horn had said before that Jiang Rongguang had a very secret base. The base was on an island surrounded by water and was heavily guarded. Ordinary people could not get close at all.

That time, they didn't want to cause a big problem, so they didn't go there.

However, who would have thought that they would change places and almost die.

This time, after finding out where the information came from, Qi Xibei and Qiao Yanyu could not help but suspect the truth.

Just as they had guessed, Gu Guanlin wouldn't dare to do such a thing, and he didn't have any motive.

However, Jiang Rongguang had sufficient motivation!

They had previously destroyed various places of Jiang Rongguang's. The two sides had already formed an irreconcilable hatred.

Therefore, it was normal for Jiang Rongguang to attack them.

The results of this investigation also illustrated this point.

Now, Ling Yade and Ling Yajian's bodies were much better. Although the poison had been removed, they still needed some time to recuperate. Compared to before, it was already considered better now.

Most importantly, they would not lose control easily again.

During the treatment, the two of them almost lost control.

They looked much better than before. Previously, just by looking at their expressions, one would know that there was definitely something wrong with their bodies.

After treatment, they could no longer see any problems.

Moreover, after the two of them found out about the Ling family's situation over the years, they hated Jiang Rongguang even more.

Originally, the Ling family was very glorious back then, even more glorious than the Qi family.

Therefore, when the Qi family and the Ling family were engaged in marriage, it was a strong alliance.

However, ever since that incident, the Ling family had suffered a disastrous decline.

If not for the support of the Qi family and Ling Xiao, the other children of the Ling family might have been suppressed to the point of suffocation.

Thinking about the situation more than ten years ago, compared to the present, the difference was like heaven and earth!

Under such circumstances, how could they not hate him?

The Ling Family had suddenly fallen to the bottom of the valley when it was at its peak. This kind of difference would make people go crazy!

Moreover, they had been tortured by Jiang Rongguang for so many years that they wished they could kill him.

Therefore, after knowing the situation, they immediately prepared to deal with Jiang Rongguang.

Although he had been tortured for so many years, he had gained something.

Their physiques had changed a lot. Most importantly, their strength was much stronger than before.

After Qi Xibei cleared the various toxins in their bodies, their strength did not change, but their bodies were much better.

Therefore, they were more confident in dealing with Jiang Rongguang.

They had never fought against Jiang Rongguang before, but no matter how powerful Jiang Rongguang was, he couldn't hold on against so many of them!

However, they had to be fully prepared for this trip.

After all, they were going to break into Jiang Rongguang's base camp this time!

If they entered the base camp, who knew how many things they would encounter.

If he was caught like before, that would be too much of a scam.

This time, they had to make all kinds of preparations to not let themselves repeat the same mistake.

Thus, Qi Xibei and the others worked hard to prepare for the next few days.

Just as Qi Xibei was about to leave, she received a call from Song Jiaren.

After receiving Song Jiaren's call, Qi Xibei was a little dazed.

It seemed like she hadn't contacted her friends for a long time!

Sure enough, just as he picked up the phone, Song Jiaren's angry voice came over. "Did you forget about me because I didn't call you?"

### **Chapter 2073 Getting Ready to Fight the Boss (2)**

Faced with Song Jiaren's anger, Qi Xibei could only smile and apologize.

"Are you that busy?" Song Jiaren snorted angrily. "How long has it been since we last contacted each other?!"

They hadn't seen each other for months!

"After I settle the matter at hand, I will look for you to play." Qi Xibei explained with a smile.

"What are you so busy with?" Song Jiaren was puzzled.

"There are some troublesome matters." Of course, Qi Xibei could not say it out loud. He could only be vague." By the way, how are you now?"

"Don't change the topic!" Song Jiaren was still very angry, but she didn't continue asking. Instead, she continued with this attitude." I'm fine. Everything went well. Our shop is also very good."

"That's good."

"But, how long has it been since you went to school? I heard from Han Chuo that you haven't been to school for a long time."

"That's why I'm really busy!"

Qi Xibei comforted her." After I'm done here, I can go back to school and play with you guys!"

After saying this for a while, Song Jiaren reluctantly let go of this topic." Oh right, the college entrance examination is in three months. At that time, Xiao Qi should be able to come to the capital."

Xiao Qi was Yu Ziqi, their good friend, but he was a grade lower than them.

Therefore, Yu Ziqi was only a third-year high school student now, and it was the year of the college entrance examination.

If Song Jiaren hadn't mentioned it, Qi Xibei would have forgotten that they had a friend!

"That's good! When the time came, everyone would be in the capital, and it would be more convenient to meet up."

"I just wanted to tell you that after the exam, he will come to the capital first. We can make an appointment then."

Song Jiaren called this time to make an appointment.

"Look, I told you a few months in advance. No matter how many things you have to do, you should be able to free up some time by then, right? Besides, I've asked Tang Luo. She said that she should be able to come back by then."

"After the college entrance examination...No problem." Qi Xibei nodded. "Isn't there still a few months left? I'm sure I've already resolved the matter. When the time comes, let's have fun!"

"You said it yourself!" Song Jiaren was finally happy. "Then I'll tell them that you can't stand us up!"

"Of course not! Don't worry!" Qi Xibei nodded.

After she hung up the phone, her smile paused for a moment before it quickly reappeared.

It was now March, and they had already found Jiang Rongguang's lair. It would take at most a month to resolve this matter.

In other words, she would definitely be free by the college entrance examination in June.

Of course, Jiang Rongguang's situation might not be that simple, but she believed that they would definitely come back safely!

At that time, their group of friends would be able to play wantonly!

Thinking of this, Qi Xibei put aside this promise and prepared more things.

After spending another two days, they finally made the final preparations.

This time, they had prepared many things.

Unless the other party used a nuclear bomb, it would not be so easy!

After making all the preparations, they arranged the company's matters.

Old Master Qiao was a little unhappy with Qiao Yanyu's departure.

She had only just returned and had already shown up at the company a few times. She had just settled some matters and was running away again?

What was he busy with?

However, Qiao Yanyu didn't dare to tell his parents what he had done, lest they worry.

### **Chapter 2074 Getting Ready to Fight the Boss (3)**

As the head of a large corporation, Qiao Yanyu was usually very busy.

However, in the past few months, he had spent almost all his time on Jiang Rongguang's matters. He didn't even have time to deal with the company's matters.

Therefore, the old man could only come back again to help him manage the company.

If he hadn't taken the pill Qi Xibei had given him and his body was much better than before, the old man might have already gone on strike.

Before handing over power, the old master was very fond of power.

However, after he handed the matter over to Qiao Yanyu, the company developed and expanded under Qiao Yanyu's charge, and he could live an easy life, the old man was unwilling to return to the company.

Besides, he was already at this age. How could he have the time to deal with so many things?

It was best if his child had such ability and could take over the company.

The older generation could just enjoy themselves.

However, who would have thought that Qiao Yanyu would run out again after just a while!

In the end, this old man had to come back to help.

Although Grandpa Qiao had many children and grandchildren, other than Qiao Yanyu, the others were all useless.

After Qiao Yanyu took over the position, he had already arranged for the rest of the people.

With their strength, they could only manage a small company at most. It was impossible for them to be in charge of such a large company.

Therefore, the old master had never thought of asking them to come back and help.

Therefore, he could only handle the company's matters alone.

After getting used to a relaxed life, the old man had a headache coming back to work.

He had given Qiao Yanyu an ultimatum. He would give him at most two months to settle the matters outside and return!

Otherwise, he would not let him off!

What could Qiao Yanyu say about the old man's anger?

He could only agree and promise that he would be back soon.

Now, Qi Xin was dead, Ling Juan was dead, and Yang Mo was in prison. They couldn't move.

Under such circumstances, the only boss left was Jiang Rongguang.

After dealing with Jiang Rongguang, they no longer had to worry about encountering any danger every day.

Therefore, Qiao Yanyu's promise was very sincere.

After settling everything, Qi Xibei and Qiao Yanyu brought Ling Yade and Ling Yajian to bid farewell to the Qi family.

"Be careful." Ling Xiao hugged Qi Xibei. "If there's any problem, remember to tell us."

"Don't worry, we will." Qi Xibei smiled and hugged her back. "We'll be careful.""

Qi Zhian and the old man also came forward and reminded them with concern before everyone separated.

Before leaving, Ling Xiao's heart trembled and he turned around.

As she watched Qi Xibei leave, she felt a little strange.

"What's wrong?" Qi Zhian asked with concern.

".. It's nothing." Ling Xiao touched his chest. The pain that flashed past seemed to be an illusion. "I'm just a little worried about them.""

"It's okay. They're great. There won't be any problems."

How could Qi Zhian not worry about them?

Jiang Rongguang was so mysterious that no one knew what he was capable of. Who wouldn't be worried if Qi Xibei and Qiao Yanyu went over just like that?

However, no matter how worried they were, they could not stop him.

They couldn't help much and were already a burden. If they still stopped them, it would be even harder for the children!

"Let's go back." Ling Xiao smiled and went back together. "Burn a few more incense sticks when we get back."

#### **Chapter 2075 Getting Ready to Fight the Boss (4)**

Qi Xibei did not know that Ling Xiao was burning incense every day to pray to the gods and buddhas to protect her. Her mind was completely focused on this operation.

Their operation this time was very dangerous.

Big Horn had said that this island should be where Jiang Rongguang was hiding.

This was highly possible.

Qi Xibei and the others had destroyed many mysterious and important places, but they had not been able to meet Jiang Rongguang.

Other than this place, Jiang Rongguang probably wouldn't have anywhere else to hide.

This was an island, and there was no way to dock around it.

The only means of transportation here were boats and planes. Other than their own people, no one else could get close.

Once they got close, they would be killed and thrown into the sea.

Under such circumstances, how were they going to sneak in?

Moreover, no one knew what was on the island. If there was a very ferocious existence, wouldn't it be troublesome?

Therefore, even if they were brave and skilled, they still felt a little uneasy in the face of unknown danger.

However, they had already made all kinds of preparations. They had to get rid of Jiang Rongguang!

This was the biggest time bomb. No one knew when it would explode!

Soon, the plane arrived at the country where the island belonged.

This was a tropical country with many small islands. The scenery of these small islands was very good, and many of them were world-class tourist attractions.

Every year, many tourists would come here to travel, bringing a lot of economic income to this place.

It was also because there were many people coming and going that this small island hidden in a string of small islands was not so eye-catching.

If it weren't for Great Horn, they wouldn't have thought that there was another world here.

The few of them turned into tourists and dragged their luggage here.

Then, they checked into the hotel.

In the hotel, they opened the boxes they had brought.

When he opened the box, it looked ordinary. There were all kinds of seemingly ordinary clothes and all kinds of ordinary things inside.

In order to pass the security check, they had spent a lot of effort.

These materials were all made by them bit by bit.

However, the result was not bad. At least they were not discovered.

Qi Xibei picked up a seemingly ordinary piece of clothing.

This dress looked like an ordinary tight-fitting dress. There was nothing wrong with it.

However, this was a bulletproof vest.

The material of the bulletproof vest was very advanced. After wearing it, even a powerful gun could not penetrate it.

Of course, the impact of firearms was very strong. Even if it could not tear the clothes, the powerful impact would still injure people.

However, Qi Xibei and Qiao Yanyu both had Yuan Qi and mental energy to protect their bodies, so they did not have to worry about their bodies having any major problems.

Ling Yade and Ling Yajian were both experimental subjects who had been tortured for many years. Their physical fitness had long been different, so they did not have to worry about this problem.

In addition to bulletproof vests, they also made a lot of offensive weapons.

These weapons could cause terrifying damage if they were casually released. They were definitely terrifying existences that were prohibited from entering the country.

In order to pass the security check safely, they had spent a lot of effort!

Other than weapons, Qi Xibei had also prepared various medicines.

The drugs that could knock the other party unconscious could not be less.

The few of them checked the items in the suitcase, then changed into their clothes. They used waterproof backpacks to store their weapons and various things.

After everything was done, at 10 p. m., they hacked the hotel's surveillance cameras and took the opportunity to leave.

The target was the island where Jiang Rongguang was!

Their goal was to get rid of Jiang Rongguang!

### **Chapter 2076 Resurrection (1)**

The island Jiang Rongguang was on was a little far from the mainland. If they took a boat, it would take at least an hour.

Big Horn had told them that there were defenses around the island.

If the route of the ship was too strange, such as going to an island, they would attack.

Of course, if these tourists had come here by accident, they would not have reacted too much.

After all, if too many tourists died, it would attract more attention.

As long as they didn't get close to their cordon, they would be safe.

Their warning line was a nautical mile away from the island.

One kilometer didn't sound like a long distance, but it wasn't that easy to swim across. Moreover, this was not a pool without waves, but the sea!

If he swam over from here, he might be exhausted before he reached there.

As for taking a plane, that was even more difficult.

If they wanted to land, the weapons on the island and so many people would not let them go.

In order to go up smoothly, Qi Xibei and the others bought a small boat.

Then, they drove the boat to a distance away from the cordon and went into the water.

The others couldn't swim over so easily, but the four of them were not ordinary people.

Moreover, Qi Xibei and Qiao Yanyu were already fully prepared.

They had prepared all kinds of medicines and tools.

They didn't have to worry about not having enough oxygen, nor did they have to worry about dying before they could finish the battle.

The four of them carried their bags and went into the sea, swimming towards the island.

Of course, there were also some warning lines in the sea. If one touched them, they would also attract attention. However, they were underwater after all, so they couldn't cover everything.

Together with Qi Xibei and Qiao Yanyu's mental power, they successfully avoided these things.

After swimming for about half an hour, they finally approached the island.

After climbing up from a deserted place, they were not in a hurry to leave. Instead, they adjusted their breathing and allowed their spiritual power and strength to recover to their peak.

Strength was the most important thing.

After regaining their strength, they carefully walked forward.

It was already around three o'clock in the middle of the night.

Especially on the island, there were only lights left.

It could be seen that everyone here was asleep.

The island was quite big. They could vaguely see many buildings in the forest where they were.

These buildings were all dark, and only one place was lit up.

This was good too. At least he didn't have to worry about being discovered.

Even so, the four of them still moved forward very carefully.

Qi Xibei and Qiao Yanyu took turns to use their spiritual power to scan the environment in front of them. If they encountered surveillance cameras or other people, they would avoid them.

However, after walking for half an hour, they did not meet anyone walking around.

There were surveillance cameras, but they had prepared tools to block the surveillance cameras so they did not have to worry about being discovered.

However, the silence here made Qi Xibei feel uneasy.

"This... Isn't it too quiet?"

she whispered to Qiao Yanyu.

Qiao Yanyu's brows were tightly knitted together, and he was similarly solemn.

This place did not seem right.

Such a big island, and such an important place, how could there be no one guarding it?

Although outsiders rarely came here, they couldn't be so casual, right?

This place was really too quiet, so quiet that it was a little strange!

Just as they were feeling suspicious, a sharp wind suddenly swept past.

**Chapter 2077 Resurrection (2)**

"Be careful!"

Qi Xibei and Qiao Yanyu's hearts skipped a beat when they saw the fluctuation in the air. They immediately shouted.

Ling Yade and Ling Yajian's reactions were no slower than theirs, and they immediately dodged to the side.

The wind rushed behind them and landed on the ground, leaving a mark.

Dust flew into the air, causing their expressions to change.

He had actually been discovered?

When they saw who it was, Qi Xibei and Qiao Yanyu's expressions changed.

"Qi Xin?"

Their expressions became very interesting.

Because the person who attacked them and almost injured them was actually Qi Xin!

Wasn't Qi Xin already dead?

Qi Xin had already died in front of them, and they had already confirmed her death!

Now, Qi Xin's face had been repaired, but she looked very scary.

The scariest thing was her eyes. They were cold and emotionless, just like a robot.

When Lingyad and the others were still Experimentals, they had such terrifying expressions.

Qi Xin looked the same as before, but her eyes and expression were extremely cold and emotionless.

This made Qi Xibei and Qiao Yanyu shocked.

This was not Qi Xin!

Or rather, it was not the living Qi Xin!

Moreover, if they had not dodged quickly just now, they might have been injured.

However, Qi Xin did not have the ability to do so!

If Qi Xin had such ability, she would not have been killed by them.

The current Qi Xin looked frightening, as if she would suddenly explode.

After being recognized, Qi Xin did not react differently and continued to attack.

After she launched her attack, the few of them gasped again.

Because her right hand, which was originally normal, had turned into a sickle!

It was a scythe as long as an arm. The crescent-shaped scythe was extremely sharp. In the darkness, one could even see a faint glow on it.

Qi Xin's normal palm had disappeared and was replaced by a metal sickle!

There was indeed a problem!

Qi Xibei immediately understood.

Qi Xin had indeed died before, but after she died, she was turned into an experimental subject!

Now, this was no longer Qi Xin, but a terrifying experimental subject.

From the looks of it, Qi Xin was even more savage than Lingyad and the others!

This was normal. Ling Yade and Ling Yajian had provided them with so much experience, and when they used it on Qi Xin, it was even more impressive.

However, Qi Xin was not rational and only knew how to attack.

"Be careful!"

Qi Xibei shouted. The Yuan Qi in his hand condensed into a ball and shot toward Qi Xin.

The ball of air hit Qi Xin's body, but it did not leave any marks. Even her clothes were not torn!

This made them feel even more terrified.

Even the clothes she was wearing were not made of ordinary fabric!

They were even more certain that Jiang Rongguang had already made all the preparations and was just waiting for them to come!

They were waiting for them to walk right into the trap!

However, what made them feel strange was why the others did not come out.

If the others came together, wouldn't the four of them be in trouble?

However, the noise here was quite loud, but no one else appeared.

This made them feel strange, and the uneasiness in their hearts intensified.

Qi Xin did not care about their reactions. Of course, she did not have the mood to care about them.

All she could think of was to attack and make them stay!

With a wave of her hand, the sickle in her hand slashed towards them.

That speed was extremely fast, and it even left afterimages!

### **Chapter 2078 Resurrection (3)**

Qi Xin's strength was much stronger than before.

She swung her scythe at them, but it didn't hit them. It fell to the ground, and dust flew up again.

Qi Xibei turned around and his heart skipped a beat.

This mark was much deeper than before!

"Let's attack together!" Qi Xibei shouted.

The others did not say anything and started attacking Qi Xin.

Qiao Yanyu's vital qi ball also landed on Qi Xin's body. However, what shocked him was that Qi Xin did not change at all! he

This caused his expression to change.

One had to know that although he did not use his full strength, he still used 60% of his strength!

Logically speaking, this 60% strength should be enough to deal with Qi Xin.

Back then, if it was not for the Gu worms in their bodies that affected their performance, they would have long finished off Qi Xin.

This time, without the shackles of Gu worms, they could naturally use their full strength.

However, they did not expect that while they could unleash their own strength, Qi Xin seemed to have changed her body!

Looking at Qi Xin's unmoving appearance, Qiao Yanyu's heart sank slightly.

He wondered how such an impenetrable monster was created.

After withstanding Qiao Yanyu's attack, Qi Xin finally moved her head.

She looked over at Qiao Yanyu. Her eyes didn't move at all, nor did she get angry.

In the next second, Qi Xin moved.

She rushed towards Qiao Yanyu.

That speed was extremely fast!

When she ran, everyone seemed to see an afterimage!

The next second, Qi Xin waved her left hand.

Qi Xibei's heart skipped a beat. He rushed over and pulled Qiao Yanyu away.

After Qiao Yanyu left, there was a dull thud.

The few of them looked over and were aghast.

Qi Xin's left hand had turned from a fist into a hammer!

The most terrifying thing was that there was a faint flash of lightning around the hammer!

What kind of monsters were these!

At this moment, Qi Xibei thought that he was watching a science fiction movie. Otherwise, why would there be such a scene?

This wasn't scientific at all!

However, no matter how illogical it was, they still had to block Qi Xin's attack.

Ling Yade and Ling Yajian did not stop. They also rushed towards Qi Xin, clenching their fists and punching her.

However, in the next second, they screamed and flew backward.

A faint aura was emitted from their bodies.

Qi Xibei and Qiao Yanyu looked over and were also shocked.

It was as if they had been struck by lightning, and even their hair was about to stand on end!

This scene was too terrifying!

He looked at Qi Xin again. Her body was surrounded by lightning, as if she was an electric person.

The four of them were stunned.

Qi Xibei and Qiao Yanyu exchanged a look, their expressions equally grave.

She did not know what Jiang Rongguang had done to Qi Xin to transform her into such a terrifying monster!

This Qi Xin was really too scary!

The most terrifying thing was that she was invulnerable and could even generate electricity!

However, no matter what, they could not stop.

No matter what Jiang Rongguang was planning, they had to get rid of Qi Xin at this time.

Although Qi Xin had lost her memories, it was even more terrifying.

She was an emotionless robot. She was not afraid of pain, nor did she feel any pain. No one could stop her attacks.

Qi Xibei and Qiao Yanyu exchanged a look before rushing towards Qi Xin.

Qi Xin's expression did not change as she rushed towards them.

Soon, the three of them rushed together.

In the next second, they separated and flew out together.

#### **Chapter 2079 Resurrection (4)**

Because Qi Xin was too difficult to deal with, Qi Xibei and Qiao Yanyu did not restrain their actions at all.

The two of them held hands, and their spiritual power instantly soared.

The next second, the two of them reached out their hands to Qi Xin.

Qi Xin also raised the sickle in her hand high and swung it down at them.

When the scythe fell, the two of them immediately let go and split into two. They dodged to the side and instantly appeared behind her.

Then, their hands landed on Qi Xin's back at the same time.

His spiritual energy instantly entered Qi Xin's body and cut off the electric current in her body.

Qi Xibei and Qiao Yanyu were both experts, and their use of spiritual power was much better than the others.

Although Qi Xin had already been modified, she should still have a human body no matter how much she was modified.

If even her body was completely transformed, then the project would be too big.

Moreover, if that was the case, he could just change to another robot. There was no need to save Qi Xin and spend time modifying it.

Of course, that was just their guess.

No matter what, they had to give it their all!

Both of their mental powers surged into Qi Xin's body.

Although the two of them were very good at using spiritual power, they were not the same person after all.

After the two spiritual powers entered Qi Xin's body, they immediately started to run around and then collided.

Of course, this was also their plan.

They didn't want to heal the other party now, they just wanted to attack the other party. In that case, it didn't matter how their spiritual power moved.

Moreover, it was actually a good thing for his mental energy to run around.

Sure enough, their spiritual powers collided in Qi Xin's body.

It was as if the two cars were supposed to be driving on their own track, but they suddenly collided.

There was an accident!

The two cars collided and exploded inside Qi Xin's body!

After the silent explosion, the meridians in Qi Xin's body were quickly destroyed.

Her initial excitement instantly stopped.

The electric current and power in her body also stopped at this moment.

It was as if an electric current had short-circuited and it had crashed.

Qi Xibei took advantage of Qi Xin's crash to shout, "Hurry up and do it!"

Ling Yade and Ling Yajian had already gotten up from the ground. Although they were slightly injured, they knew that they had to seize the opportunity.

As soon as Qi Xibei shouted, they rushed forward and punched Qi Xin with their right fists!

This time, without the electric current from before, Qi Xin grunted and flew backward.

When she landed on the ground, her body stiffened.

"Use the knife!"

Qiao Yanyu shouted.

"Good!"

Lingyad pulled out a knife from behind his back and charged at Qi Xin.

It seemed that he had to behead Qi Xin to make her unable to move.

Otherwise, who knew what would happen next!

However, before Lingyad's knife could land on Qi Xin, it was blocked.

He looked up and was even more shocked.

Ling Juan?

Another one who had come back from the dead!

Ling Juan's expression was obviously much better than Qi Xin's. It was obvious that she still had some rationality because she was very angry now.

Qi Xin was expressionless, but Ling Juan's face was filled with hatred.

Moreover, Ling Juan's situation was similar to Qi Xin's, except that she was not holding a sickle or hammer, but a sword.

She had used this sword to block his attack.

Qi Xibei, Qiao Yanyu, and the others were stunned.

Ling Juan had also become a robot?!

#### **Chapter 2080 Resurrection (5)**

Ling Juan's appearance stunned Qi Xibei and Qiao Yanyu.

He thought that only Qi Xin had become a robot.

But who would have thought that even Ling Juan would become like this!

Jiang Rongguang was too ruthless!

What was even more terrifying was that he really did it!

What had he done all these years?

Qi Xibei had thought that Qi Xin and Ling Juan were already dead, so he heaved a sigh of relief.

However, who would have thought that they were still alive, even though they were living in another form.

Although they definitely did not have much intelligence now, their strength was much stronger than before. This was too terrifying!

Some people were more troublesome dead than alive!

Ling Juan used the sword in her hand to block Ling Yade's attack, then raised her other hand.

Only then did everyone realize that her other hand had turned into a gun!

In other words, she had a sword in one hand and a pistol in the other!

Jiang Rongguang wanted to turn them into an arsenal, right?

This was even more magical than what they had seen in the movies!

"Be careful!"

Qi Xibei shouted. He moved his feet and kicked the stone under his feet.

The rock flew into Ling Juan's hand and knocked her gun off course.

Lingyade took this opportunity to swing his knife at Qi Xin who was lying on the ground!

"Ji!"

Ling Juan let out a strange cry when she noticed what Lingyad was doing.

Lingyad's movements froze, and he frowned.

He realized that Ling Juan's scream had gone straight to his head and he couldn't move.

Qi Xibei and the other two had the same reaction.

They didn't expect Ling Juan to know how to attack with sound waves!

It had only been a month, and Ling Juan and Qi Xin had become like this?!

This was too exaggerated!

Qi Xibei wondered if Jiang Rongguang's previous experiments were all for the present.

How many times had he leveled up?

Ling Yade and Ling Yajian were already very powerful, but who would have thought that Ling Juan would be even more terrifying! This was the fusion of all kinds of elements!

Not only was Ling Juan invulnerable, but she could also attack with sound waves!

This was simply as powerful as attack and defense!

Ling Juan didn't stop moving even as Ling Yade froze. She swung her hand fiercely.

She stabbed the sword in her hand at Lingyad at an extremely fast speed, leaving behind afterimages.

" Be careful!

Ling Yajian roared in rage and rushed over to hug Ling Yade.

In the next second, Ling Yajian grunted as blood gushed out of his stomach.

He was stabbed in the stomach.

"Ah Jian!" Lingyad was shocked and panicked.

While he was in a state of confusion, Ling Juan's expression was cold. She moved her right hand and aimed the gun at them again.

Qi Xibei and Qiao Yanyu rushed over from behind.

Qi Xibei sent a voice transmission to Qiao Yanyu, ""I'll deal with Qi Xin!"

"Alright."

Qiao Yanyu nodded quickly and rushed towards Ling Juan.

Qi Xibei threw the stone in his hand at Qi Xin.

Ling Juan's heart skipped a beat, but she did not shoot. Instead, she used her other hand to block Qi Xibei's stone.

Taking advantage of this opportunity, Qiao Yanyu pulled Ling Yade and Ling Yajian apart. Then, he lowered his body and threw a punch at Ling Juan.

With a bang, Qiao Yanyu felt as if his hand had hit an iron plate.

If he had not used his vital qi to protect his fist, his hand might have already cracked.

Ling Juan's body was indeed invulnerable!

Although Qiao Yanyu's hand hurt, he didn't stop. Instead, he injected his mental power into Ling Juan's body.

At this moment, Qi Xibei rushed over as well. The stone in his other hand flew towards Qi Xin's head.
