

Chapter 2081- Really Dead

Ling Juan was sent flying by Qiao Yanyu's fist.

At the same time, Qi Xin's head was hit by a flying rock, leaving a hole.

This scene infuriated Ling Juan.

Her daughter had been hurt by them again!

At this moment, Ling Juan was furious.

She roared at the sky. As her shrill voice spread out, invisible sound waves rushed towards them like waves.

"Be careful!"

Qi Xibei roared and used his mental power to block his hearing.

Qiao Yanyu's reaction was also very fast. He immediately covered his ears and even used his spiritual power to protect himself.

Ling Yade and Ling Yajian's Mentality was not as strong as Qi Xibei and Qiao Yanyu's, but they did cultivate their Mentality. Using this little bit of spiritual energy, he finally blocked Ling Juan's sound wave attack.

Before the sound wave attack, simply covering one's ears was useless.

Qi Xibei did not stop moving. He rushed over and drew a soft but tough sword from his waist.

Qiao Yanyu had prepared this sword for her. When she didn't need it, she could use it as a belt.

This time, they had prepared many weapons.

He just didn't expect to use it now.

Qi Xibei's eyes remained calm. The soft sword in his hand trembled and immediately hardened.

The sword was pointed at the vital point in Ling Juan's heart.

Ling Juan's heart skipped a beat. She leaned back and made an unscientific move to avoid Qi Xibei's sword.

Then, she jumped up again and stabbed Qi Xibei with her sword.

Qi Xibei bent over and moved quickly to avoid Ling Juan's attack.

At the same time, her sword landed fiercely on Qi Xin's neck.

Then, she exerted force and slashed Qi Xin's neck with her sword.

Qi Xin, who had been frozen, widened her eyes and looked at Qi Xibei in disbelief.

In the next second, her head and body were separated, and she lost all signs of life.

Ling Juan roared in disbelief.

She did not expect that Qi Xibei was not targeting her, but Qi Xin!

Even her neck was broken. Qi Xin was really dead this time!

Ling Juan still had some impression of him.

Previously, Qi Xin had already been " reborn " twice.

The first time, he survived by relying on Gu worms.

The second time, he had become an experimental subject and survived.

Although he had lost his consciousness, he was now equivalent to a robot. However, in Ling Juan's eyes, Qi Xin was still alive.

In the future, with the development of technology, she might be able to regain her rationality!

But who would have thought that Qi Xibei would chop off Qi Xin's neck!

This time, Qi Xin was really dead!

Even if he returned to the laboratory immediately, he would not be able to come back to life.

No matter how lucky Qi Xin was, she would die this time!

This fact made Ling Juan break down and go crazy.

Her muscles instantly expanded, and her clothes were stretched open.

Their eyes widened.

She had actually transformed from her previous skinny figure into a muscular king kong!

Ling Juan was originally more than 1.6 meters tall, but now, she had transformed into a nearly two-meter-tall King Kong!

This terrifying change stunned everyone.

What kind of experiment was this!

Was this a huge transformation?

Jiang Rongguang had such skills?

Jiang Rongguang was hiding on this island just to do such an experiment?

Qi Xibei cursed in her heart, but she reacted quickly and immediately ran away.

She could feel that Ling Juan had gone crazy.

Moreover, Ling Juan's strength was even more terrifying than before.

Chapter 2082 Chasing and Escaping

The few of them turned around and fled, not fighting Ling Juan head-on.

Most importantly, it was useless for them to rush over like this.

They hadn't found Ling Juan's weakness yet.

If he rushed over like this, he would only be hurt.

The few of them made a prompt decision and immediately retreated.

Ling Yade and Ling Yajian followed suit.

Ling Juan chased after him crazily, roaring ferociously. He looked like a terrifying King Kong that was enraged and chased after them crazily.

Moreover, her speed was much faster than before.

Qi Xibei and Qiao Yanyu's movements were not slow, but she did not fall behind at all. She was only ten meters behind them.

What shocked Ling Yade and Ling Yajian was that Ling Juan was faster than them, so she quickly caught up to them.

However, she did not attack them. Instead, she passed them and rushed toward Qi Xibei and Qiao Yanyu.

The two of them widened their eyes in a daze.

Slowly, their footsteps stopped.

Meanwhile, Ling Juan continued to chase after Qi Xibei and Qiao Yanyu.

Looking at her crazy appearance, one could tell how much she hated the two of them.

In other words, Qi Xibei and Qiao Yanyu had already pulled Ling Juan's Hatred Points to a steady level, and she would definitely not be taken away by others.

Ling Yade and Ling Yajian stopped in their tracks, their expressions a little dull.

Of course, they were only stunned for a moment before they continued charging forward.

Even if Ling Juan didn't chase after them, they couldn't let Qiao Yanyu and Qi Xibei get hurt.

However, what made them feel strange was that despite the commotion here, why did no one else come out?

There were only a few of them on such a big island?

Moreover, they also discovered that there was not even the sound of insects and birds here!

Other than the sound of the waves crashing against the shore and the sound of the wind blowing through the leaves, the place was eerily quiet.

The strangeness made the brothers' expressions turn even uglier.

This place...What was going on?

Qi Xibei and Qiao Yanyu, who were sprinting ahead, did not have the time to care about the abnormality here. They still had to continue charging forward.

However, what made them feel better was that Ling Juan didn't shoot even though she was chasing after them.

Thinking about it, after she became King Kong, she could not use the gun at the same time.

This was good news for them.

While she was frantically escaping, Qi Xibei tried her best to use her mental power to see Ling Juan's condition. However, what made her feel terrified was that she could not find Ling Juan's weakness at all!

If they had known earlier, they would have brought Little Green over!

For the sake of safety, they did not bring Little Green with them for this operation.

Most importantly, Qing Zhu couldn't swim!

Yes, Little Green was a spirit snake, but it couldn't swim!

Moreover, Qi Xibei was also worried that Jiang Rongguang would harm his family, so he left Xiao Qing at home.

Now, she was a little regretful. Why didn't she bring Xiao Qing over?

If he brought Qing Zhu over, he would make Qing Zhu open its mouth and eat Ling Juan!

Of course, it was just a thought. Ling Juan was so ferocious and had become so big. Even Qing Zhu couldn't swallow her.

Qi Xibei pondered as he charged forward.

They rushed forward frantically along the road here. When they saw a bright spot, they couldn't help but speed up.

However, when they rushed to this place, they could not help but be stunned.

This was because there was a huge pit with a diameter of 20 meters!

However, there was no water in the pit. Instead, there was a lot of wild grass.

The two of them did not stop walking.

"Jump down!"

Chapter 2083 Entered a Trap

Qi Xibei and Qiao Yanyu jumped into the pit.

They had no choice. Ling Juan was chasing after them. If they didn't jump in, they would have no way out.

Such a huge pit was blocking their way.

Although the pit had a diameter of 20 meters, it was not too deep. It was only two to three meters high.

With their strength, they did not have to worry about breaking their legs if they jumped down.

Therefore, the two of them made a prompt decision and immediately jumped down.

Ling Juan also jumped down from behind.

Ling Yade and Ling Yajian also jumped down.

When everyone jumped down, something shocking happened.

This place actually lit up!

In the darkness, this place suddenly lit up, giving everyone a fright!

The few of them immediately lowered their heads and were shocked to find that there was actually light under the grass!

Looking at the light, it didn't seem to be from a lamp, but from some glowing stones.

Upon closer inspection, the grass here was not planted randomly. Instead, it was planted into a pattern.

What surprised them even more was that Ling Juan stopped chasing after them after they jumped down.

Noticing Ling Juan's reaction, Qi Xibei and Qiao Yanyu also stopped. They still had time to observe the situation.

There was light and weeds under their feet. Oh, no, these were not weeds!

The grass had been trimmed and looked the same height, forming a seven-pointed star pattern.

They seemed to be standing in the light.

Qi Xibei's heart skipped a beat. What was going on?

When she looked at Ling Juan, she was shocked again.

Ling Juan, who had turned into a King Kong, had regained her original figure!

Although her clothes were tattered, she had already changed back!

As if she had exhausted all her strength, she returned to her original appearance.

This made them a little happy.

Ling Juan had used up all her energy, so she couldn't keep chasing after them. The crisis was temporarily resolved.

However, before they could celebrate, Ling Juan collapsed.

What surprised them was that the spot where Ling Juan fell...It was a little strange.

She actually walked to the middle before falling down!

Qi Xibei felt uneasy." Let's get out of here!"

"Good!"

The others nodded.

They also felt that this place was a little strange.

Not to mention the grass that suddenly glowed, Ling Juan's condition was enough to shock them.

Regardless of the situation here, they had to leave first.

However, just as they were about to leave the pit, a crack suddenly sounded.

They subconsciously looked up and saw transparent glass appearing around them.

The transparent glass extended very quickly. Before they could react, it had already blocked the hole.

In other words, they were now stuck in the hole!

Oh no! They had been tricked!

Thinking back to the situation just now, they all realized that there was a problem.

When they fled, they naturally ran along the road built here. With a cement road, who would hide in the grass?

As they walked along the cement road, they encountered this pit.

There was no way to avoid it, so they could only go down into the pit.

And they had been scammed just like that!

"We have to leave!" Qiao Yanyu's expression did not look too good either. He immediately launched an attack at the glass.

With a bang, the glass made a crisp sound, but there was no crack.

Their expressions immediately turned ugly.

Were they trapped?

At this moment, a figure appeared above.

Chapter 2084 Cicada Shedding Its Shell

When Qi Xibei saw the figure of the person who had appeared above, his body trembled and his eyes widened.

It was Yang Mo!

It was actually Yang Mo!

Shouldn't she be in prison? Why would he appear here?

Yang Mo squatted down and looked at Qi Xibei with a bright smile.

She opened her mouth, but her voice rang out in the pit.

It was a loudspeaker installed in the pit, and there was a microphone pinned to her collar.

"Are you surprised?"

Yang Mo's smile was extremely bright, but her eyes were very cold and filled with intense hatred.

Qi Xibei frowned. "When did you come out?"

"I came out a long time ago." Yang Mo continued to smile. "I only stayed there for half a month."

She couldn't help but grit her teeth when she talked about this matter.

Although she had only stayed there for half a month, she still hated him.

This was the greatest insult to her!

And she was like this because of Qi Xibei!

If it weren't for Qi Xibei, she wouldn't have to face such a situation!

Fortunately, she left very quickly.

"Half a month?"

Qi Xibei's expression was ugly. "Jiang Rongguang saved you?"

Yang Mo's appearance here was related to Jiang Rongguang.

Of course, other than Jiang Rongguang, no one else had such an ability.

Qi Xibei had always thought that Yang Mo should still be in prison.

However, who would have thought that Yang Mo had already escaped?!

Previously, she had also paid attention to Yang Mo's situation. The other party said that Yang Mo was staying inside.

She did not have time to confirm it. Besides, she did not expect anyone to bring Yang Mo out.

Qi Xibei's expression was extremely ugly.

He was indeed too naive and merciful!

Yang Mo, Qi Xin, and Ling Juan were all cockroaches. They could not be trampled to death!

She should have killed them before and made them unable to move. That was the correct operation!

If not for the laws here and her special status, she would have taken action long ago.

Of course, she didn't expect that they would do this.

Looking at Qi Xibei's expression, Yang Mo smiled happily. "I also want to thank you. If it weren't for you, I wouldn't have such achievements now!"

"Did you turn Qi Xin and the others into this?" Qi Xibei's heart skipped a beat. He immediately understood.

The reason why Qi Xin and Ling Juan became like this was related to Yang Mo.

Although Yang Mo's strength was not comparable to Qi Xibei's, her strength far surpassed the others.

If she had not been tricked by Qi Xibei previously, Yang Mo would have had her own world.

Moreover, with Jiang Rongguang's support, Yang Mo could do more.

After the two of them worked together, they were naturally able to turn Qi Xin and Ling Juan into this terrifying state.

"Yeah, it's all my credit." Yang Mo nodded. "When they died, I immediately modified them. So, I have to thank you. If it wasn't for you, I wouldn't have done anything."

No matter what, she had some friendship with Qi Xin and the others. It would be inappropriate if she directly attacked them and used them as experimental subjects.

Although they didn't have any conscience, they still had a little bit of it occasionally.

After Qi Xibei and the others killed Qi Xin and Ling Juan, she immediately took action.

While their corpses were still fresh, he would start modifying them.

The result was not bad.

At the very least, it would be very helpful to their current plan.

"The one who attacked Little Green previously... It's you?" Qi Xibei discovered another problem.

Chapter 2085 The Plan to Go Home (1)

"Yes, it's me." Yang Mo admitted frankly.

She was indeed the one who had grabbed Qing Zhu at the previous place and attacked her.

At that time, only her hands were out of the camera and she did not show her face.

After that, no matter what happened, she did not show up and hid behind the scenes.

He had thought that Qi Xibei and Qiao Yanyu would be dealt with.

Who knew that Qi Xin, that idiot, actually gave them the space to escape!

However, it wasn't that he didn't gain anything.

At the very least, she had obtained two decent experimental subjects.

Qi Xin and Ling Juan both had Gu worms in their bodies.

After being parasitized by Gu worms, their physiques changed.

Although they were dead, because of the special nature of the Gu worm, they did not immediately die.

Therefore, she was able to modify them.

Qi Xibei looked at Yang Mo's smug expression with a cold gaze.

"But this time, we can also end this." Yang Mo looked down at them. "With you guys around, our plan should be successful this time."

"Plan?" Qi Xibei frowned.

What were they trying to do?

Yang Mo's attitude made Qi Xibei and the others feel uneasy.

Especially the glowing grass under their feet, it made them feel even more flustered.

What would happen?

"Yes, the plan to go home."

At this time, Yang Mo did not hide the plan from them.

"Go home?"

Qi Xibei and Qiao Yanyu's expressions changed." Where are you going?"

Of course, they would not be so naive to think that Yang Mo was preparing to return to the Yang family.

Even if he went back to the Yang family, it wouldn't be the Yang family in China.

" The Heaven Awaken Continent, of course."

The Heaven Awaken Continent was the Fantasy Continent that they had previously been in.

Although Qi Xibei had some friends there, she had never thought that she could go back!

She had never planned to do so.

And now, Yang Mo's statement stunned her!

"I think the Heaven Awaken Continent is still better." Yang Mo raised her eyebrows at them. " Although this place isn't bad, I still prefer the Heaven Awaken Continent."

Of course, there was a reason for this.

In this world, although many things were convenient, there were also many restrictions.

In the Heaven Awaken Continent, whoever had the biggest fist had the right to speak.

In other words, there weren't as many rules there.

Most importantly, her current status here was not very good.

Although she had already left the prison, she was still a prisoner.

If he wanted to get away with it, he would have to spend some time and effort.

Under such circumstances, she naturally wanted to return to the Heaven Awaken Continent.

"You're crazy!" Qi Xibei looked at Yang Mo in shock. "What kind of dream are you having?!"

How could it be that easy!

Qi Xibei had never thought of returning to the Heaven Awaken Continent.

To her, all her family and friends were here. Although she had a few friends in the Heaven Awaken Continent, she had spent most of her time cultivating, so she had only had a faint relationship with them. She was far from going back for them.

Besides, Qiao Yanyu was here too, so she had no reason to go back.

Moreover, it was difficult to return from this world to another world!

She didn't know how she got here, and she didn't know how to go back. She didn't study it either.

Was Yang Mo crazy?

"How could it be a dream?" Yang Mo smiled and shook her head." We are very confident. Now that you've delivered your sacrifices to our doorstep, the plan has just begun!"

Chapter 2086 The Plan to Go Home (2)

Sacrifice?

These words made their expressions instantly turn ugly.

"Yang Mo, I know that we had a misunderstanding before, but these can all be explained clearly, right? Let us go out first and we can talk about it, okay?"

Qi Xibei took a deep breath and smiled at Yang Mo.

"Misunderstanding?" Yang Mo raised her eyebrows and smiled." What misunderstanding? I don't think there's any misunderstanding."

Without waiting for Qi Xibei to say anything, she stood up." You don't have to say this nonsense. You're the electricity we need to go back!"

Electricity?

They didn't know if it was an offering or electricity?

Qi Xibei had wanted to show his weakness and see if he had any chance of leaving.

However, it seemed that Yang Mo was very determined to kill them and did not give them the chance to leave at all.

"You..."

Before Qi Xibei could finish his sentence, he saw a figure appear above.

It was a man with a medium build. He was quite handsome, but his white hair was particularly eye-catching.

He still looked middle-aged and did not have many wrinkles on his face, but his white hair was very eye-catching.

This was Jiang Rongguang!

They had seen Jiang Rongguang before, but that was indeed not his true face!

At this moment, they finally saw Jiang Rongguang's true appearance.

Jiang Rongguang looked down from above and saw the few people inside. He smiled and sighed." It's really not easy."

He did not expect that his business would be destroyed by Qi Xibei and Qiao Yanyu.

Fortunately, his focus was not on these things. He only wanted to return to the Heaven Awaken Continent.

Although this place was quite good and was quite convenient for food, clothing, and transportation, it was far better than the Heaven Awaken Continent.

However, he couldn't cultivate here!

The Spirit Qi and resources here were different from those in the Heaven Awaken Continent. No matter how hard he tried, he could not break through.

He was already in his seventies or eighties. Although he still had a few decades to live, it was not enough!

In the Heaven Awaken Continent, one could easily live to 200 years old.

If they were powerful, they could live for hundreds of years. Some god-level experts could even have unlimited lifespan!

But here, he could only live for a hundred years at most.

No matter how many treasures he ate, he could not change this outcome.

This difference made him very unhappy.

That was why he wanted to return to the Heaven Awaken Continent.

After returning to the Heaven Awaken Continent, he could break through there and find a way to return to this world.

Since he could return to the Heaven Awaken Continent, he naturally had a way to return here.

At that time, he would have an endless lifespan and could even become the emperor of this place, possessing endless glory, wealth, and honor...How wonderful!

It was precisely because of this beautiful desire that Jiang Rongguang had worked so hard all these years.

After many years of hard work, he finally found a way to go back.

If he wanted to return to the Heaven Awaken Continent, he had to find the people who had come from there and use their souls as sacrifices to open the door to the other world.

After so many years of searching, he had finally found the soul of another world.

Qi Xibei and Qiao Yanyu!

In fact, he had once suspected their identities. After all, the so-called " Five Lakes and Four Seas " was a story he had made up back then to attract those fools into the trap.

However, other than some people dying, he did not find any useful existences.

Not long ago, when he found out that Qi Xibei and Qiao Yanyu's " master " came from the " Five Lakes and Four Seas," he immediately had an idea.

Chapter 2087 A Plan to Go Home (4)

Jiang Rongguang had wanted to attack Qi Xibei and Qiao Yanyu.

Unfortunately, he had no way of bringing the two of them back.

It couldn't be helped. Both of them were not ordinary people, and their identities were not ordinary either.

Especially Qi Xibei, who was actually a big star!

As a celebrity who was the center of attention, if she suddenly disappeared, it would definitely arouse suspicion and be tracked by everyone.

If his existence was exposed because of this, it would be too unpleasant.

Therefore, he did not insist on bringing Qi Xibei back.

Of course, these two people were smart, and the people he had sent before could not cause any harm to them.

Most importantly, he had not confirmed their identities.

Although their "master" came from all over the world, who knew how they knew?

After that, he finally learned the truth from Yang Mo.

Qi Xibei and Qiao Yanyu were both souls from the Heaven Awaken Continent!

This was a pleasant surprise!

With these two people, he could finally go back!

That was why he had cooperated with their attacks.

However, he did not expect the two of them to be so cruel. They really relied on the strength of a few people to destroy his many years of hard work.

However, it did not matter. This time, he had finally trapped them here.

As long as he activated the array this time, he could return!

Back in the Heaven Awaken Continent, he had been a disciple of a large family clan. Even if he had changed worlds, his life would not have changed much.

"Don't worry, we'll treat you well." Jiang Rongguang squatted down and smiled at them.

However, his smile made their hearts turn cold.

By now, Qi Xibei and Qiao Yanyu had realized that the whole thing was Jiang Rongguang's plan!

He had lured them here and used them as sacrifices to open the door to return!

This was also the reason why there was no one else here.

If there were others, his plan would be exposed.

"Alright, let's go and make preparations." Jiang Rongguang said to Yang Mo.

"Alright." Yang Mo nodded with a little excitement.

She was finally going to return to the Heaven Awaken Continent!

She felt a greater sense of belonging to the Heaven Awaken Continent.

Moreover, she had run into so many obstacles in this world, so she wanted nothing more than to return to the Heaven Awaken Continent.

Qi Xibei and Qiao Yanyu's hearts sank even more when they saw them leave on their own, not taking them seriously at all.

"We have to leave this place!" Qiao Yanyu looked at the glass with a cold expression.

"But, these glasses..." Qi Xibei's expression was equally ugly.

Jiang Rongguang had carefully prepared the tempered glass, so it was definitely not that easy to break.

Qiao Yanyu's attack just now didn't affect the glass at all.

Under such circumstances, how could they escape?

"Let's dig a hole out?" Ling Yajian suggested.

"This place is filled with cement walls." Qi Xibei was helpless.

She had just checked. This was a cement wall.

And from the looks of it, it was definitely very thick!

"Right! Don't we have that thing?" Linyard suddenly shouted.

Of course, it was a bomb.

Lingyad was afraid that the two people outside would hear him, so he didn't dare to say it out loud.

That's right!

With this reminder, the few of them immediately woke up from their dreams and slapped their heads.

They were prepared!

Bombs and whatnot, they couldn't be missing!

Qi Xibei and Qiao Yanyu were surprised and happy, but also a little annoyed.

They were all frightened by Yang Mo and Jiang Rongguang. Otherwise, they would have remembered the existence of the bomb!

Chapter 2088 Death Confirmed

Although he had a bomb in his hand, how to get out of here was still a problem.

The area of this pit was not small, but it was not big either. If he detonated the bomb here, the final result might hurt him.

It would be fun if the glass didn't shatter and they were blown up instead.

Although it was a little dangerous, it was the only way for them to leave this place.

Of course, they could also use all their strength to attack the glass above. However, if they used up all their strength, they would still be fish meat.

The two of them discussed softly for a while and decided to go all out.

He wondered what Jiang Rongguang and the others were doing now. If they started to move, they would be dead for sure.

"Later, I will throw the bomb up and you will protect us." Qi Xibei said to Qiao Yanyu.

"Alright." Qiao Yanyu nodded.

They had already discussed their next course of action.

Once the bomb detonated, they would use their Yuan Qi barrier to protect themselves and block the remaining force of the bomb.

"What are we going to do?" Ling Yade and Ling Yajian asked softly.

"You guys just hide here and don't move.""Also, protect yourself," said Qi Xibei."

Only by protecting himself could he leave this place.

Lingyad and Ling Yajian exchanged a glance and nodded.

They couldn't help much, so they could only obey.

Protecting himself and not giving them trouble was the best help.

Before he made his move, Qi Xibei suddenly moved his head and walked out.

The three of them were stunned for a moment. They looked over and saw her walking to Ling Juan's side.

Ling Juan had returned to her original appearance, and her clothes were already tattered.

However, even without her clothes, her body was still very scary.

She no longer belonged to the category of a human. There were many strange things on her body.

Even his skin did not look like human skin. Instead, it looked like some special metal.

Qi Xibei did not care what it was. She squatted down and reached out to feel Ling Juan's pulse.

Ling Juan was still breathing. Although her breathing was weak, she was still alive.

Ling Juan was lying in the middle. She should be part of the plan.

Qi Xibei's eyes turned cold. He then took out his flexible sword and slashed it down, cutting her neck.

Ling Juan's eyes widened, and she lost her breath in the next second.

Qi Xibei finally heaved a sigh of relief as he looked at Ling Juan's corpse.

Ling Juan was definitely dead this time!

She didn't believe that Ling Juan could live a third time!

When Ling Juan died, Jiang Rongguang's angry roar came from the loudspeaker." What are you doing?!"

Jiang Rongguang's voice suddenly came out, giving them a fright.

Jiang Rongguang was furious. He did not expect Qi Xibei to have the time to care about Ling Juan's life!

Ling Juan was a part of their plan this time, and also one of the sacrifices.

As long as Ling Juan wasn't completely dead, she could become a sacrifice.

However, he did not expect Qi Xibei to still dare to make a move at a time like this!

Was she crazy?

Logically speaking, Qi Xibei should be worried and uneasy at this time. How could he have the time to care about other things?

Shouldn't she be looking for a way to leave? Shouldn't she care about Ling Juan, who looked like she was dead?

Now, Ling Juan was really dead!

He was killed by Qi Xibei!

Hearing Jiang Rongguang's anger, Qi Xibei came to a realization.

As expected, Ling Juan was also part of this plan. After killing Ling Juan, their plan was affected to a certain extent.

Otherwise, Jiang Rongguang would not be so angry.

Chapter 2089 Destroying the Plan

Jiang Rongguang did not know that Qi Xibei was traumatized by Ling Juan and Qi Xin.

Even Qi Xibei had only been reborn twice.

Ling Juan and Qi Xin had also been reborn twice, and each time was more terrifying than the last.

This left a deep shadow in Qi Xibei's heart.

If he had not killed Ling Juan and confirmed her death, Qi Xibei would not have been able to rest assured.

Who knew how Ling Juan would appear again?

If Ling Juan appeared again, Qi Xibei felt like he would collapse.

This was too illogical! Are they cockroaches?

Now, hearing Jiang Rongguang's anger, Qi Xibei heaved a sigh of relief.

The fact that Jiang Rongguang was so angry meant that they couldn't save Ling Juan anymore.

This was a good thing.

Qi Xibei did not panic because of his anger. Instead, he took out a bottle from his pocket, opened the cap, and poured the liquid on Ling Juan.

The liquid sizzled when it landed on Ling Juan's body.

Soon, Ling Juan's body turned into blood.

"How dare you!"

Jiang Rongguang's angry roar came from inside.

He did not expect Qi Xibei to still dare to do this!

If it wasn't for the fact that he couldn't open the door, he might have already rushed in to teach Qi Xibei a lesson.

Not only did she kill Ling Juan, she even wanted to destroy the evidence?!

Jiang Rongguang was very annoyed. Who would have thought that Qi Xibei would do something like this?

Shouldn't a normal person be worried about their own life and death? How could he have the time to care about the life and death of others?

Hearing Jiang Rongguang's angry roar, Qi Xibei's smile became even brighter.

"You can come in." She raised her head and said proudly.

"If we don't go in, you don't have to come out either." Jiang Rongguang's cold voice sounded. "It's okay. Even if she's dead, our plan will still continue."

Although Ling Juan's complete death was beyond their expectations, it didn't mean that they couldn't handle the situation.

The most important people in this plan were Qi Xibei and Qiao Yanyu.

As long as they were still around, the other problems were not big.

Her words made Qi Xibei's heart sink, but she quickly smiled again. "That's good."

After she finished speaking, she returned to Qiao Yanyu's side and gave them a look. "You can start now."

After confirming Ling Juan's death, Qiao Yanyu heaved a sigh of relief.

Not only was Qi Xibei traumatized, Qiao Yanyu was traumatized as well.

Seeing Qi Xin and Ling Juan, who were supposed to be dead, appear in front of him again and again, this feeling was really depressing.

This time, Ling Juan and Qi Xin were finally dead!

"Alright, get ready." Qiao Yanyu nodded.

Ling Yade and Ling Yajian nodded solemnly as well. They tried their best to stick to the wall, shrinking their bodies to the limit.

"What do you want?"

Yang Mo's voice was heard. "Give up. You can't get out.""

Her voice was a little crazy, filled with excitement.

She was finally going to see Qi Xibei and Qiao Yanyu die in front of her!

"Is that so?" Qi Xibei smiled at the camera, then suddenly squatted down and threw an unknown object in his hand.

In order to minimize the danger, Qi Xibei chose a glass position diagonally opposite him.

This was the furthest distance, and the damage caused by the explosion would also be minimized.

Qi Xibei's eyesight and accuracy were not a problem.

When the small bomb touched the glass, it immediately emitted a violent explosion.

Chapter 2090 Captured

The bomb exploded with a loud bang, almost destroying their ears.

At the same time, the glass above cracked, and the soil around the pit fell down.

This violent reaction made Jiang Rongguang and Yang Mo's expressions change drastically.

"Where did they get the bombs?!"

Jiang Rongguang's expression was extremely ugly.

He finally realized that Qi Xibei and Qiao Yanyu were not ordinary people, and what they were carrying was not ordinary either!

The two of them were people who dared to play with bombs!

Previously, they had seen Qi Xibei and Qiao Yanyu's movements through the surveillance cameras, but they had not seen any bombs on them.

If they had such a powerful weapon, they would have taken it out long ago. How could they be chased by Ling Juan like dogs?

It was precisely because of this that Jiang Rongguang did not think of this.

But because of this mistake, Qi Xibei and Qiao Yanyu had actually destroyed the glass!

No matter how hard the glass was, it would not be able to withstand such a close range bomb.

After the earth quaked and the mountains shook, the glass above shattered and fell.

After his wavering had subsided, Qi Xibei raised his head and looked at the hole above. He was excited. "Get out!"

As she said that, she exerted force on her feet and immediately landed on the wall. With a few more forces, her body flew up.

In the blink of an eye, she had already come out of the pit.

Qiao Yanjue followed closely behind.

Ling Yade and Ling Yajian were a little slow, but they did not hesitate.

In a short while, the four of them came out of the pit, leaving behind a mess.

Jiang Rongguang and Yang Mo had already rushed out of the room. The explosion here almost angered them to death.

"Don't even think about escaping!" Jiang Rongguang's expression was very ferocious.

At the same time, he whistled.

Soon, a huge falcon appeared. Its flapping wings stirred up the dust on the ground.

"Catch them!" He ordered coldly.

The falcon cried out and flew out.

The falcon's body was extremely huge. When its wings were spread out, it was at least three meters long. It was extremely terrifying.

Moreover, it flew very fast.

Soon, it flew in front of Qi Xibei and Qiao Yanyu.

In order to make it easier for them to escape, they split into two groups.

But now, it seemed that Jiang Rongguang and the others were only interested in Qi Xibei and Qiao Yanyu. They were not obsessed with Ling Yade and Ling Yajian.

The eagle landed in front of Qi Xibei and Qiao Yanyu, its eyes fierce.

Before the two of them could attack, it flapped its wings and flew toward them, clawing at them with its sharp claws.

Qi Xibei and Qiao Yanyu rolled on the spot and avoided its claws.

The eagle's claws scratched the ground, leaving a few deep scratch marks.

If the claws landed on them, their bodies would be torn apart.

"Bombs!"

Qi Xibei shouted and threw something at him.

The falcon was a spirit beast and understood human nature. It understood human language and was immediately frightened into flying into the air.

However, the so-called bomb soon fell to the ground, but there was no movement.

It was just a small stone.

After throwing the stone, Qi Xibei immediately pulled Qiao Yanyu and ran out.

However, before they could run far, they were stopped by Jiang Rongguang.

Jiang Rongguang's smile was a little sinister." I really didn't expect you to have such a trick up your sleeve!"

His smile grew even more terrifying." However, you can't leave this place!"

After saying that, a ball of air condensed on his hand.

When they saw this ball of air, their expressions changed drastically. They moved their feet and twisted their bodies to dodge the attack of the ball of air.

The ball of air landed on the ground and exploded.
