

## Chapter 2091-Returning to the Heaven Awaken Continent (1)

Only now did they realize that Jiang Rongguang was also an expert!

His vital qi ball was even stronger than theirs!

If they had not dodged in time, they might have been sent flying by now.

No! He had to escape!

However, before they could move, a bang came from behind.

Qi Xibei's body stiffened. She covered her lower back and raised her hand. When she saw the scarlet on it, her expression turned even uglier.

"Bebe!" Qiao Yanyu panicked. Qi Xibei had been shot!

Behind them, Yang Mo raised her gun and smiled brightly. "You can't escape."

She had not hit Qi Xibei's vital points. If she had killed Qi Xibei, their plan would have failed.

Qi Xibei's face was pale. He placed his mental power near the wound to stop it from bleeding.

However, her situation wasn't looking good.

"I advise you to obediently follow us back."

Yang Mo smiled." Otherwise, I can't guarantee where the next shot will land!"

Her eyes darted back and forth across Qi Xibei's body as if she was looking for a place to strike.

Qi Xibei and Qiao Yanyu's expressions were extremely ugly.

While the scene was in a stalemate, the sound of a bomb exploding came from afar.

What followed was the cry of the falcon.

"Great Britain!" Jiang Rongguang's expression immediately turned ugly.

This falcon was his spirit beast and had helped him a lot.

Although he had a cold personality, this eagle was still his treasure.

But now, there was clearly a problem with it.

Right, it was those two people!

Daying went to catch those two people, but was injured by their bombs!

Jiang Rongguang's confident and calm expression was replaced by anger.

He did not expect that such a change would occur in the plan that was originally in the bag!

Although he was heartbroken and angry, he hesitated for a moment. Instead of looking at the situation in Great Britain, he took out a gun.

"I don't think you guys are tactful, right?"

Qiao Yanyu held Qi Xibei and hesitated for a moment, but he did not say anything.

"Bring them back!" Jiang Rongguang said to Yang Mo.

"Alright."

Yang Mo waved the gun in her hand. "Follow me." Otherwise..."

Her warning made Qi Xibei and Qiao Yanyu's faces darken, but they still followed her obediently.

Jiang Rongguang was stronger than them, and Qi Xibei was injured. It was not a good thing to fight head-on.

The two of them followed Yang Mo back, and Jiang Rongguang followed behind them.

It was as if he was escorting a criminal.

Soon, they returned to the pit.

Although it was a mess from the explosion, the things below were not damaged much.

The patterns made of grass were still intact.

Seeing this, Jiang Rongguang's expression improved a little.

At this time, he had no time to think about other things.

Time was of the essence. If they did not make it in time, their plan would be ruined.

Ling Yade, Ling Yajian, and Daying were not within his consideration.

He just wanted to leave this place immediately!

He pointed his gun at Qi Xibei and Qiao Yanyu." Get down.""

The two of them exchanged a look and jumped down.

After they went down, Yang Mo and Jiang Rongguang followed.

Yang Mo pointed her gun at them, and Jiang Rongguang cleared the wolves with a few kicks.

To be exact, he only showed the image. As for the other miscellaneous items, such as Ling Juan's corpse, he didn't care.

Soon, these patterns were completely revealed.

Jiang Rongguang also took out a stone from his pocket.

"You guys stand in the middle." he said to the two of them.

Qi Xibei and Qiao Yanyu exchanged a look and stood in the middle obediently.

**Chapter 2092 Returning to the Heaven Awaken Continent (2)**

It was already around five in the morning, and the sun was about to rise.

This time was the best time they had calculated.

Fortunately, he did not miss it.

If he missed it, he didn't know when he would be able to do it again.

Jiang Rongguang pointed his gun at Qi Xibei and Qiao Yanyu, telling them to hold hands and stand facing each other.

The two of them obediently stood in the middle of the pattern. Below them was the glowing grass.

After the two of them stood properly, Jiang Rongguang asked Yang Mo to stand beside him. Then, he threw the stone in his hand to the ground in the middle.

After the stone landed on the ground, the originally lit pattern instantly lit up.

The light was so strong that Qi Xibei and Qiao Yanyu could not help but close their eyes.

They could feel that the light seemed to have turned into flames. The raging flames surrounded them, and they had nowhere to escape.

Jiang Rongguang and Yang Mo stood at the side, smiling maniacally as they watched this scene.

They could finally go back!

The light under Qi Xibei and Qiao Yanyu's feet quickly spread out with them as the center.

Soon, the light drew the shape of a hexagram, surrounding them, Jiang Rongguang, and Yang Mo.

Their feet seemed to be stuck to the ground, and there was a fire below them. The strength in their bodies was sucked out, almost suffocating them.

On the other hand, Jiang Rongguang and Yang Mo's smiles were even brighter, and more strength appeared in their bodies.

This hexagram array could convert the power of the offerings into their own power, and at the same time, open the dimensional door.

Qi Xibei and Qiao Yanyu's faces were pale, but they turned red again. They were in great pain.

The two of them held hands and faced each other. They gritted their teeth and exchanged a look. The spiritual power in their bodies instantly soared. Then, the contact of their hands spread into each other's bodies. After twining around, it quickly grew and returned to their own bodies.

Taking advantage of this opportunity, the two of them immediately raised their feet and rushed out.

Jiang Rongguang and Yang Mo, who were waiting for the door to open, were shocked.

How could they escape at this time?!

After the array formation was activated, they could no longer move!

What was going on?

Jiang Rongguang was shocked and immediately rushed forward to catch the two of them.

Yang Mo's movements were not slow either. She also rushed up.

Qi Xibei and Qiao Yanyu were the key to her return. How could she let them escape?

However, Qiao Yanyu stopped in his tracks and moved his hand.

In the next second, something flew towards them.

The two of them immediately changed their expressions and stopped.

Was this a bomb?

Jiang Rongguang pulled Yang Mo over and stood in front of him, blocking the bomb that was flying over.

Yang Mo's eyes widened in shock.

Was she going to die?

In the next second, the " bomb " landed on her body. It only brought a little pain and then fell to the ground, but it did not explode.

This was not a bomb!

However, just as she heaved a sigh of relief, she was shocked to find that her feet seemed to be stuck and she could not move!

Jiang Rongguang also noticed this.

The two of them stood in the middle of the hexagram, and their feet seemed to be stuck.

Both of their expressions changed at the same time.

Jiang Rongguang was especially shocked.

When he looked up again, he was stunned!

Qi Xibei and Qiao Yanyu were standing opposite them, but they were standing in the middle of the array.

This was a six-pointed star formation, but the situation had changed.

Qi Xibei and Qiao Yanyu were originally sacrificial offerings, but now, they had become sacrificial offerings!

The sun slowly rose above the sea.

### **Chapter 2093 Returning to the Heaven Awaken Continent (3)**

When the sun rose, Jiang Rongguang's expression immediately turned ugly and he began to panic.

He was now standing in the middle of the array, as if he was stuck, unable to leave.

If this continued, Qi Xibei and Qiao Yanyu would be the ones to return!

A reversal of the situation was absolutely not allowed!

Thinking of this, he took out a rope from his pocket.

Then, he threw the rope out.

When Qi Xibei saw the rope flying towards him, he immediately crouched down to dodge it.

However, the rope could still turn and fall on her.

Their expressions changed.

Qiao Yanyu immediately reached out to remove the rope, but the next second, he felt the rope become heavier. He quickly steadied his body.

Then, Jiang Rongguang used the strength of the rope to rush out.

This scene stunned everyone.

Jiang Rongguang fought desperately and finally got out.

Therefore, only Yang Mo stayed where she was.

Seeing Jiang Rongguang leave, Yang Mo was stunned and could not react for a moment.

By the time she reacted, Jiang Rongguang was already beside Qi Xibei and Qiao Yanyu.

She opened her mouth, wanting to say something, but she screamed.

The sun had already risen, and the warm orange sunlight fell on the pit they were in.

Yang Mo felt as if she had been brought to the center of the sun and was being baked by the scorching sun. White smoke was coming out of her body.

She felt as if her body was in a furnace and would be burned to ashes in the next second. She could not help but scream.

Qi Xibei was also stunned by Yang Mo's scream.

She subconsciously looked over and was shocked.

Because where Yang Mo stood, the light was extremely intense, and Yang Mo's entire body was surrounded by flames, burning up.

Looking at Yang Mo's burning appearance, her face turned pale.

Was this the result of being used as a sacrifice?

If they had not risked their lives to escape just now, they would have become like this, right?

While she was still in shock, Jiang Rongguang struck out with his palm.

Qi Xibei's heart ached and he spat out a mouthful of blood.

"Bebe!"

Qiao Yanyu widened his eyes and immediately reached out to stop Jiang Rongguang.

Seeing that Qi Xibei was injured, twice at that, his eyes turned red and he used all his strength.

In the next second, his attack landed on Jiang Rongguang.

Jiang Rongguang was still trying his best to deal with Qi Xibei when he was unexpectedly beaten up by Qiao Yanyu. He almost spat out blood.

He turned his hand and struck Qiao Yanyu's palm.

After the silent collision, the two of them almost flew out.

At this time, Yang Mo's screams had already weakened. Her body was almost burned, leaving only a little residue of her clothes.

Jiang Rongguang became even more anxious. Ignoring his own situation, he fiercely struck another palm at Qi Xibei.

Qi Xibei was not stupid. How could he be hit a second time?

She moved her body and barely avoided his attack. Then, she swung her fist.

In the next second, their fists collided, and invisible waves surged.

Qi Xibei grunted, and blood flowed out of the corner of his mouth. He had suffered a great loss.

"Bebe!"

Qiao Yanyu became even more anxious and didn't have time to fight with Jiang Rongguang anymore.

He hugged Qi Xibei and wanted to take her away from here.

However, Jiang Rongguang was not willing to let them go.

Qiao Yanyu gritted his teeth and let go of Qi Xibei's hand. Then, he went up to him.

The two of them collided fiercely, and the light under their feet lit up. Their vision went black, and the Yuan Qi in their bodies fluctuated as they spat out a mouthful of blood.

In the next second, the situation changed!

#### **Chapter 2094 Returning to the Heaven Awaken Continent (4)**

Qiao Yanyu and Qi Xibei both knew that they could not leave until Jiang Rongguang was dealt with.

However, Jiang Rongguang's strength far exceeded their expectations.

That's right. Jiang Rongguang was not young now. No matter how bad his talent was, after time, his strength would not be too bad.

Not to mention, he did not look like someone with bad talent.

If it wasn't for the suppression of this world's plane, his strength would have been suppressed to a level lower than theirs, and the two of them might have already died.

Qi Xibei endured the pain in his heart and gritted his teeth as he attacked Jiang Rongguang.

She took the opportunity of the collision of their fists to unleash her mental power.

His spiritual power was like a wave, attacking Jiang Rongguang fiercely.

Because she had used her spiritual power to attack, her originally suppressed wound burst open again.

The pain almost made her unable to breathe.

However, she did not care about this.

If she couldn't leave, she might even lose her life. She wouldn't have the time to care about her wound.

Qiao Yanyu didn't restrain himself at all.

He also sent out his spiritual power.

The two of them attacked at the same time. Coupled with the close contact, they really suppressed Jiang Rongguang's attack.

Of course, the two of them didn't feel good either. They felt like they were going to be crushed by the wind and waves in the next second.

Jiang Rongguang was hit by their spiritual energy and his mind became unstable. He swayed a little.

However, he had already mentally prepared himself and had even prepared his defenses, so there was not much of a problem.

However, he was still slightly injured, and the injury on his heart was even more serious.

At this moment, the light under their feet shone brightly.

Jiang Rongguang was even more anxious. If he did not kill them, Yang Mo alone would not be able to send the three of them back!

In fact, Jiang Rongguang had wanted to use Yang Mo as a sacrifice to send him back to the Heaven Awaken Continent.

However, Yang Mo said that Qi Xibei and Qiao Yanyu should have come from the Heaven Awaken Continent.

In addition, at that time, he was tricked by the two of them, so he changed his mind.

If he wanted to return to the Heaven Awaken Continent, he needed sacrifices.

One person corresponded to one person.

Jiang Rongguang felt that Yang Mo was not bad. At least she was a good partner.

If they returned to the Heaven Awaken Continent, they could continue working together.

That was why he chose to work with Yang Mo and then attack Qi Xibei and Qiao Yanyu.

But who would have thought that things would develop like this?

Qi Xibei and Qiao Yanyu were like cockroaches that couldn't be beaten to death. At this time, they could still escape!

Now that the situation had changed and Yang Mo had become a sacrifice, her power could only send one person back!

He had to kill Qi Xibei and Qiao Yanyu!

If they were outside, he wouldn't have to go through so much trouble. He just needed to beat the two of them out.

However, who asked him to think too much previously? He dug a pit here, and then the entire pit was within the range of this array formation?!

Other than throwing the two of them into the pit, the only way was to kill them.

But now, it seemed that throwing them up was not a good idea.

Therefore, he could only kill them! If he threw them into the center, he would definitely be able to return!

Thinking of this, Jiang Rongguang's expression became even more ferocious.

Yang Mo's screams behind him became weaker and weaker, and the sunlight became stronger and stronger.

Jiang Rongguang became even more anxious. His face was gloomy and terrifying. He wanted to kill the two of them immediately.

However, although they were much weaker than him, they were unexpectedly tenacious at this moment!

#### **Chapter 2095 Returning to the Heaven Awaken Continent (5)**

While the three of them were fighting, Qi Xibei suddenly pulled out a sword and stabbed it fiercely.

Both sides were in a stalemate. Jiang Rongguang did not expect Qi Xibei to take out a sword!

This was the flexible sword that Qiao Yanyu had prepared for Qi Xibei. It was wrapped around her waist.

Moreover, the sword was black, the same color as the clothes she was wearing. It was not eye-catching at all.

When they were caught, Qi Xibei had placed the sword back on his waist.

This was the perfect time to use it!

She used all her strength and stabbed the sword at the important acupuncture point in Jiang Rongguang's stomach!

Jiang Rongguang did not expect Qi Xibei to have a sword with her. He thought she had lost it before!

Therefore, he almost did not react in time. At the critical moment, his waist moved.

Then, the sword landed on his stomach.

Although it didn't hit his vital points, it still caused his aura to pause. His entire person instantly became much weaker, and the strength of his attack also became much weaker.

Taking advantage of this opportunity, the two of them increased the strength of their attacks and exerted force together.

Jiang Rongguang also spat out a mouthful of blood.

As he spat out blood, Jiang Rongguang's right hand exerted force and landed on Qiao Yanyu's body.

Qiao Yanyu grunted and spat out the blood that had accumulated in his chest.

When the blood fell to the ground, the light under their feet became even more brilliant, completely enveloping them.

In the next second, the situation changed!

They only felt their vision blur, and their bodies swayed. It was as if a huge rock had hit their heads, and they instantly lost consciousness.

Before they fainted, they seemed to have heard Lingyad and Ling Yajian's shocked voices.

However, they had no time to care about these things.

Although Ling Yade and Ling Yajian had managed to blow up the falcon, the falcon was not to be trifled with.

Although it was injured and bleeding, this also stimulated its anger and ferocity.

Thus, the two of them and the eagle fought for more than ten minutes.

During this process, they had also suffered considerable injuries.

It wasn't easy for them to get rid of this animal.

After dealing with the eagle, they immediately went to look for Qi Xibei and Qiao Yanyu.

Although Jiang Rongguang and Yang Mo did not chase after them and they were safe, they could not run away by themselves, right?

Besides, Jiang Rongguang was their enemy! Before they took revenge, they absolutely could not run!

Therefore, the two of them came over.

Then, they saw a scene that shocked them.

When they were in the pit, they couldn't see the map clearly.

However, now that he was standing on top and looking down, he could naturally see what was happening below.

In this messy pit, they could clearly see that there was a hexagram shining in the pit.

In the middle of the hexagram was a body that had been completely destroyed. Looking at her clothes, it should be Yang Mo.

At a corner of the hexagram, Qi Xibei, Qiao Yanyu, and Jiang Rongguang were entangled.

When they arrived, the light under their feet shone brightly and wrapped them together.

When Ling Yade and Ling Yajian rushed over, they were so blinded by the blinding light that they couldn't help but close their eyes.

When the light was not so blinding, they opened their eyes and were shocked.

The three of them actually disappeared along with the light!

"Bebe!"

"Qiao Yanjue!"

The two of them cried out in shock, but they could not stop the three of them from disappearing.

When the sun completely rose, they felt like they were in a dream.

- Where is he?

Where were Qi Xibei and Qiao Yanyu?

Where did they go?

## **Chapter 2096 Saved**

When Qi Xibei woke up, he found himself in a room with an uncomfortable cushion under him.

She wanted to get up, but the moment she moved, she immediately pulled on the wounds on her body.

She looked down and found that the wound on her waist was still there, but it had been bandaged.

A thought flashed through her mind. Fortunately, she didn't have a soul rebirth, but her body.

This was a good thing. He did not have to adapt to other bodies.

Most importantly, he was not afraid that others would not recognize him when he returned.

Qi Xibei's expression darkened at the thought of this.

She recalled the previous situation.

After the three of them spat out a mouthful of blood, they fainted together.

She vaguely remembered that she had passed through a long and narrow passage with colorful lights in the dark.

Among the three of them, she was the most seriously injured. If she was still alive, Qiao Yanyu must be alive as well.

He just didn't know where they went.

Qi Xibei did not care whether Jiang Rongguang was dead or alive, but Qiao Yanyu was the one she cared about.

She wondered how Qiao Yanyu was doing.

While Qi Xibei was letting his imagination run wild, the door creaked open and a young girl entered.

This little girl looked about fifteen years old, and her attire was rather familiar to Qi Xibei. Wasn't this how she had dressed back in the Heaven Awaken Continent?

Thus, she really did return to the Heaven Awaken Continent.

"You're awake?"

When the girl saw Qi Xibei open his eyes, she immediately smiled." You're finally awake. If you hadn't woken up, I really wouldn't know what to do!"

"You saved me?"

" It wasn't me." The girl shook her head." It was my sister who found you, and then we brought you back."

At this point, she could not help but be curious." What happened to you? Why are you lying in the forest?"

She had found Qi Xibei in the forest.

At that time, Qi Xibei was wearing a strange black outfit, which made him look out of place.

She was lying on the ground with blood on her waist. She looked very sorry.

Most importantly, she was so good-looking!

It was a forest, and there were many dangers there. However, there were also many people who would enter to look for medicinal herbs or more opportunities.

If such a beautiful girl was discovered by those bad guys, it would be troublesome.

Therefore, the sisters brought Qi Xibei back.

"I met a bad person." Qi Xibei smiled. His smile was pale, but it was still exquisite and beautiful.

Looking at her bright smile, the girl couldn't help but blush.

This young lady was really beautiful. She was even more beautiful than the most beautiful girl they had ever seen!

However, the girl did not doubt Qi Xibei's words about meeting a bad person.

If she hadn't met a bad person, this young lady wouldn't have ended up like this!

Moreover, looking at Qi Xibei's appearance, he should be a child from a rich family. His bearing and appearance were not something that ordinary people could raise.

"At that time...Is there anyone else beside me?" Qi Xibei asked.

"No, it's just you. What's wrong?"

".. It's nothing." Qi Xibei shook his head.

"Oh right, this is the medicine for you!" The little girl walked to Qi Xibei's side and handed her a bowl. "This is the medicine the doctor prescribed for you."

Qi Xibei took the bowl. The smell of medicinal herbs assailed his nostrils, and it was not pleasant.

"The doctor said that your body is very weak and you must rest well. Otherwise, there will be repercussions!" The little girl said a bunch of words, "It's a pity that we don't have the money to buy spiritual herbs. Otherwise, we wouldn't have to go through so much trouble..."

## **Chapter 2097 Twin Sisters**

Qi Xibei could smell that some pretty good medicine had been used.

The prices here should not have changed much. After all, the culture of this world was different from the previous world.

Therefore, the price of these medicines was not low.

For a little girl like her, these were not cheap things.

This bowl of medicine required a lot of money.

Looking at the clothes the little girl was wearing and the small room, Qi Xibei felt a little complicated.

He did not expect to meet a good person as soon as he returned to this world.

The little girl's family background was definitely not very good, but her personality was especially kind.

Qi Xibei looked at the little girl in a daze.

This little girl was about the same age as Yang Mo when she first met her.

However, Yang Mo and this young lady were not the same type.

Moreover, Yang Mo was already dead.

"What's your name?" Qi Xibei asked.

"You can just call me Crescent Moon!" The little girl smiled until her eyes became crescent-shaped.

"Hello, Crescent Moon. My name is Qi Xibei. I should be a few years older than you. If you don't mind, you can call me Sister Bei."

"Of course not. Sister Bei is so nice!" "Sister Bei, drink this bowl of medicine first!" Yue Ya immediately said. Otherwise, when it turned cold, the medicinal effects would not be good."

"Alright."

Qi Xibei raised his head and downed the bowl of medicine.

The bitter taste lingered in her mouth, making her grimace uncontrollably.

How long had it been since she had drunk such medicine?

Ever since she had finished her studies, she had not drunk any medicine and had only taken pills.

The pill was so simple. He just stuffed it into his mouth and it was digested immediately. Moreover, it was not bitter.

The effect of this bowl of medicinal soup was definitely not as obvious as the effect of the pills, but this should be the best thing that Crescent could take out.

"Here, here you go!"

Crescent Moon stretched out her hand. There was a piece of candy in her hand.

Qi Xibei looked at her and smiled. "Thank you."

She took the candy and stuffed it into her mouth to ease the bitterness that was left behind.

"Sis!"

A voice came from outside. Then, the door opened and a girl walked in.

Qi Xibei was stunned when he saw the girl's appearance.

Another crescent moon?

Seeing Qi Xibei's surprise, Crescent Moon smiled." We're twins. I'm the older sister, and she's the younger sister. Her name is Yueyuan."

The crescent moon and full moon were indeed sisters.

The full moon and the crescent moon looked very similar, but when the crescent moon smiled, its eyes looked like a crescent moon. When the full moon smiled, its eyes did not look like that. Instead, they were a little rounder.

One could tell their identities just by looking at their smiles.

"Ah, you're awake?"

Yueyuan looked at Qi Xibei in surprise." You're finally awake. I thought you wouldn't wake up!""

"Full moon!"

Yue Ya's face darkened as she scolded him unhappily.

How impolite!

"It's alright." " No!" Qi Xibei shook his head and smiled." If you hadn't saved me, I might not have woken up.""

"Of course." Yueyuan nodded." If we didn't save you, you might have been snatched away by those bad people! There are many bad people here!"

After Yueyuan said this, she looked at Yueya." Sister, we have to go out and set up a stall. Otherwise, it will be too late!""

"Oh, right." Yue Ya nodded." We should go out too.""

As they spoke, they said to Qi Xibei, ""Then you..."

"It's okay. You guys go ahead. I'll take care of myself. I'll continue to rest later."

"Alright, we'll go out first!"

After saying that, the two of them did not leave immediately. Instead, they picked up their clothes and walked inside.

When they came out, they had already changed their appearance.

## **Chapter 2098 Good Girl**

Qi Xibei raised his eyebrows in surprise when he saw their attire.

Yue Ya and Yue Yuan weren't very pretty, but they were pretty.

Especially since they were twin sisters, they looked even more special.

But now, they had changed into very old-fashioned and conservative clothes.

These clothes looked very old-fashioned, like the clothes worn by middle-aged and elderly women, and they were the kind that did not come from a good family.

The two of them even tied up their hair and did something to their faces, making them look ten years older.

She was originally just a teenage girl, but after dressing up, she immediately became a mature girl in her twenties or thirties.

Moreover, after dressing up, the two of them did not look so similar.

"Alright, we're going out. Have a good rest at home!"

The two of them waved at Qi Xibei and left.

Soon, there was a commotion outside. It was probably the sound of them moving things out.

Qi Xibei looked around and realized that the situation here was far worse than she had imagined.

It was obvious that this was not a rich place.

Just now, when they changed their clothes, they changed in this room. This meant that there was only one room. Moreover, there should only be one room here, and the only bed was given to her.

That was because Qi Xibei had also found a bed made of wooden planks in the corner of the wall.

Qi Xibei's emotions were a little complicated.

She really did not expect that these two little girls who had never met her before would actually treat her so well.

Although they had no money, they brought her back, hired a doctor, and bought her medicine.

The bowl of medicine she drank just now should cost a few taels of silver.

Don't underestimate these few taels of silver. To ordinary people, especially ordinary people who didn't cultivate, these few taels of silver were their monthly food expenses!

Especially from the way the sisters dressed, he knew that they were definitely poor.

Under such circumstances, they still spent so much money on her...This made Qi Xibei feel complicated.

It was obvious that the medicine she drank just now was not the first bowl.

She touched the wound on her waist. It had already scabbed over.

They had done so much for him, but they had no complaints!

Qi Xibei took a deep breath and sat up. Enduring the pain, he adjusted his breathing, assumed a cultivation posture, and began cultivating.

She realized that her body was indeed severely injured.

Not only were there wounds, but the inside was also damaged and tattered.

If he relied solely on these ordinary medicines, he did not know when he would be able to recover.

Therefore, she still had to cultivate.

Only by cultivating and adjusting his body could he recover to his peak state.

She did not know where she was, but she knew that she was in the Heaven Awaken Continent. But no matter where it was, strength was the most important.

Especially since the Heaven Awaken Continent was a world where strength reigned supreme!

Qi Xibei blocked all distracting thoughts. He did not think about Qiao Yanyu, nor did he think about the Yueya and Yueyuan sisters. He focused on his cultivation.

Breathing in and out, breathing in and out...The surrounding spiritual energy was like a river flowing into the sea, quickly pouring into Qi Xibei's body.

When she opened her eyes, her originally pale face was much rosier.

Qi Xibei touched the wound on his waist and smiled brightly.

It was indeed the Heaven Awaken Continent! The spiritual energy here was much denser than on Earth!

In just an hour, she had completely replenished the Yuan Qi in her body!

### **Chapter 2099 Adding Ginger**

If he was in his original world, he would need at least two hours to fully recover his strength.

However, in the Heaven Awaken Continent, the Spirit Qi here was abundant. Qi Xibei could recover in an hour.

Although there were still many injuries on his body, he was much better than before.

Of course, if he wanted his body to recover completely, he still needed to find suitable medicine.

Although Qi Xibei was anxious, he knew that he could not be anxious at this time.

She believed that Qiao Yanyu had a way to survive.

No matter what, Qiao Yanyu had memories of living here. As long as he and Jiang Rongguang did not land in the same place, there would definitely be no problem.

According to the previous situation, the two of them must have been separated.

Therefore, although Qi Xibei was worried, he was not too anxious.

She touched the wound on her stomach, stood up, and walked out.

He opened the door and saw a very small courtyard. Beside it was a small hall and a kitchen.

The area here was very small, not even as big as the house she lived in before.

However, Qi Xibei did not care about the environment here. As long as he could survive, that was enough.

After resting for half a day, the sisters returned.

The two sisters were all smiles." Business is so good today!"

"How nice it would be if we had such a big customer every day!"

From their conversation, Qi Xibei learned that they had set up a stall outside to sell wontons.

Their business was usually not bad because their craftsmanship was quite good.

However, although this city was not big, the competition was quite fierce. Therefore, they usually had to set up their stalls in time. Otherwise, their stalls would be occupied, and it would be troublesome.

Before this, the sisters had set up stalls in other places, but after encountering various troublesome matters, they could only choose to leave.

There were quite a lot of rich people in this small town. At least a few families were very rich.

Of course, those rich people had nothing to do with them. After all, those rich people would not eat the food from their stalls. They all had chefs or chefs at home.

The sisters had a good business today. They had sold almost everything, but they had left some food for Qi Xibei.

Looking at the wontons in front of him, Qi Xibei reached out his spoon and scooped up one.

After eating it, he paused for a moment.

"How is it? How does it taste?"

The sisters looked at her with sparkling eyes, hoping to get some good comments from her.

"Not bad." Qi Xibei nodded. "But..."

"But what?" The two of them were anxious.

"However, it would be better to add a little ginger seasoning."

Qi Xibei pondered over it slowly and finally made a suggestion.

"Ginger?"

The two of them looked at each other." What's that?"

Qi Xibei suddenly realized that this place was not called Jiang.

"I'll go to the forest and look for it. I should be able to find it."

Qi Xibei remembered that he had eaten ginger in this world before, but it was not called ginger, but spicy yellow. Moreover, it was a wild plant that grew in the forest. Not many people knew its use, let alone treat it as a vegetable.

The two of them were quite good at cooking, but the taste would be even better with ginger.

"Forest?"

The sisters immediately refused." No! It's too dangerous!"

Although they usually went to the forest to pick some fruit mushrooms, it was really dangerous there.

They didn't have much ability and didn't dare to go deep. Otherwise, they would easily encounter danger.

### **Chapter 2100 Why Did You Bring Me Back?**

Although the sisters did not know what ginger Qi Xibei was talking about, they would not let her take the risk in the forest.

The forest was too dangerous! Moreover, she was still injured!

What if he met the bad guys from before?

They did not spend so much effort and money just to make her die!

Moreover, their current skills were enough.

Seeing how determined the sisters were, Qi Xibei could only shut his mouth.

She didn't want to argue with them. She might as well do it directly.

"Alright, I won't go." She nodded obediently.

The sisters heaved a sigh of relief and continued eating.

Their dinner was very simple. There was only a plate of vegetables and half a bowl of meat.

However, Qi Xibei ate all the meat.

"I don't need..."

"You're a patient!" Yue Ya was very determined. "You must take good care of yourself! You have to eat something good!"

Yueyuan also nodded. "Yes, you have to eat more so that you can get better soon.""

".. Alright then." Qi Xibei did not argue with them about the food.

After she recovered, they could eat whatever they wanted.

After dinner, the sisters went to wash the dishes.

They boiled some water, washed their bodies, and returned to the room.

Seeing how calm they were, Qi Xibei could not help but feel curious." Aren't you curious about my identity?"

"I'm curious." Crescent Moon nodded as she tidied her bed." However, if I ask, will you tell me?"

".. I won't." Qi Xibei shook his head.

"That's it!" Yue Ya nodded with a smug expression." I knew you wouldn't tell me!"

Qi Xibei was speechless.

Why did he feel that this child was a little silly?

"However, you did not know my identity, yet you brought me back..."

"It's okay. You're good-looking!" Yue Ya said.

Qi Xibei was speechless.

This answer was too simple and crude!

Was this also a world of beauty?

Yueyuan patted her sister and looked at Qi Xibei. "Don't listen to her nonsense."

Crescent Moon curled her lips, a little unhappy. However, it was obvious that her younger sister was much more dignified than her.

"You're not a bad person, are you?" Yueyuan said.

"Of course I'm not a bad person."

"He really doesn't look like a bad person." Yueyuan nodded. "Then, after you recover, you should be able to repay us, right?"

These words stunned Qi Xibei for a moment.

The little girl was very calm. "We don't ask for much. Just give us as much as you can. Just don't let us suffer."

"Full moon!"

Yue Ya glared at her sister." Don't spout nonsense!"

"I'm not talking nonsense." Yueyuan shook her head." We're not rich people. We can't just pick up anyone we see, right?"

They weren't fools who would go around being kind.

If not for the fact that Qi Xibei's situation was different and that he looked like a rich lady, they would not have made a move.

She was so good-looking, so she shouldn't have taken their little reward, right?

"Full moon!" Yue Ya was very unhappy.

"I'm fine." Qi Xibei smiled." Don't worry. I'll repay you.""

Yueyuan nodded in satisfaction." That's good. We didn't waste so much effort.""

After she finished speaking, she blew the oil lamp off the table." Alright, rest.""

"Alright, good night."

Qi Xibei did not say anything else and quieted down.

In the darkness, the sisters 'conversation rang out softly.

"Yueyuan, why did you say that just now?"

"I didn't say anything wrong. If it wasn't for your kindness to bring her back, would I have said such words?"
