

Chapter 2101-Too Pure

The sisters' bed was a little far from Qi Xibei's bed, and their voices were very soft.

However, in front of Qi Xibei, who had sharp ears and eyes, the conversation between the two of them was not hidden at all. She quickly heard it clearly.

The sisters continued to whisper.

"Sister, don't be so kind anymore. It's not like you don't know our family's situation!" Yueyuan was a little angry. "We don't even have enough to eat, and you still want to help others!"

"Aiya, Sister Bei is so beautiful. We can't let her stay outside!"

"You!" Yueyuan was disappointed. "Sooner or later, you will be killed by others!"

Yue Ya chuckled softly. "How could that be? He was so good-looking, so he definitely wasn't a bad person!"

"You're stupid!"

Different from the pure crescent moon, Yueyuan's personality was more serious.

Who said that a good-looking person wasn't a bad person? Many people were golden on the outside but rotten on the inside!

If not for Crescent Moon insisting on bringing Qi Xibei back, Yueyuan would not have done so!

Their family was already in trouble, and they still brought someone back. Wasn't this killing them?

The two sisters whispered to each other, but soon, there was no sound. Only the sound of steady breathing could be heard.

Qi Xibei could not help but smile as he listened to the sisters 'conversation.

These two sisters were really cute.

Although they were young, their personalities were different, but they were all very cute.

She didn't say anything and closed her eyes to sleep.

The next morning, before dawn, the sisters got up and went out quietly.

Although the sisters 'voices were soft, Qi Xibei still woke up immediately.

They didn't know that she was awake. They walked out carefully and then spoke.

"I'll go buy meat, you go buy vegetables."

"Alright."

The two of them quickly tidied themselves up and went out with their baskets on their backs.

After the sisters left, Qi Xibei did not get up immediately. Instead, he lay down and continued cultivating.

After a night of cultivation, her body was much better.

Half an hour later, the sisters returned.

Their voices came from the kitchen.

After another hour or so, Yue Ya came in." Sister Bei, it's time for breakfast."

She was holding a tray with a few bowls on it. There was porridge and side dishes.

"Thank you." Qi Xibei sat up and said with a smile.

"You're welcome. Hurry up and eat!"

"Have you eaten?"

"We ate."

After Qi Xibei finished his breakfast quietly, Crescent Moon went out again. After a while, another bowl of medicine was brought in.

"Sister Bei, take your medicine."

"Thank you."

After drinking the medicine, the two of them were ready to set up their stall.

"Sister Bei, rest well at home!" Moonfang smiled sweetly at Qi Xibei.

"Alright."

After they left, Qi Xibei stood up, tidied his clothes, and left.

From the sisters' point of view, she had not recovered from her injuries.

Therefore, they did not expect her to run out on her own.

Qi Xibei's speed was very fast. Coupled with the use of mental power, he quickly found the location of the forest.

The place where the sisters lived was not big and was relatively remote. The forest was about 500 meters away from here.

There were some small trees scattered outside the forest. After passing through this small forest, they would reach the dense forest. Inside was the treasure and all kinds of dangers.

Qi Xibei moved very quickly. Fortunately, she quickly found a few pieces of wild ginger.

At the same time, she also found a low-level spirit plant.

Chapter 2102 Harvest

Although this place wasn't big, it was already not bad to be able to find a spirit plant in the periphery. Although it was only a low-grade spirit plant, it was still not bad. The coverage rate of the spirit herbs here was quite good.

If this spirit plant was sold, it could be exchanged for a lot of money.

Of course, she wouldn't sell this spiritual plant because it was suitable for her current injuries.

Qi Xibei did not continue walking inside.

Although her body wasn't too bad and her life wasn't in danger, it wasn't convenient either. If they encountered danger, it would be troublesome.

Before she fully recovered, she would not risk her life.

Today's harvest was already pretty good.

Soon, she returned to the sisters 'house.

She found a small soil basin and planted the ginger in it. She used her mental power to process it so that it could take root smoothly. Then, she began to process the spirit plants.

By the time the sisters returned, she had already swallowed the liquid.

After eating the spirit herbs, her body felt much better.

Although he had not fully recovered, he would be fine after a few more tries.

When the sisters returned, they were not as happy as they were yesterday. It could be seen that their business was not very good today.

However, they quickly pulled themselves together.

They could not expect business to be so good every day.

"By the way, I found a few pieces of ginger outside."

"What?!"

Yue Ya widened her eyes. "Where did you find it? You went to the forest?"

Shocked, she immediately circled Qi Xibei a few times.

"I'm fine." Qi Xibei shook his head. "I didn't go to the forest. I was just wandering around outside. I didn't expect to run into them!"

"Impossible!" Yue Ya didn't believe it. "How can it be such a coincidence!"

Yesterday, she said that she could only find that ginger in the forest. How did she find it outside today?

"Really, it's such a coincidence!"

Qi Xibei looked at her sincerely. "I really found it this way." I didn't expect this thing to grow outside!"

Of course, the so-called outside was a little far from here.

"Besides, do I look like I have a problem?"

Seeing that she said so and that she really didn't find any problems, Crescent Moon was skeptical." Alright, but don't go to the forest. It's really dangerous there!"

"There are very ferocious spirit beasts there." Yueyuan was tidying up her things at the side while saying scary words coldly.

"Spirit beast?"

"That's right!" Yue Ya nodded and grimaced." It's very dangerous there! Someone was eaten by a spirit beast earlier!"

It was precisely because of these terrifying rumors that they did not dare to enter.

At most, he would be looking for something in the periphery.

"Don't worry, I won't put myself in danger."

Qi Xibei could only smile.

Could she say that even a spirit beast would not hurt her?

If he said this, they would take him for a fool, right?

"By the way, the ginger I found can be used as seasoning!"

Qi Xibei changed the topic and took the ginger.

"Seasoning?"

The two of them moved their noses closer and immediately frowned." It's so spicy!"

Qi Xibei did not say anything. This was wild ginger, so it naturally tasted much more spicy than cultivated ginger.

However, it could still be used to remove the fishy smell.

"This is good for removing the fishy smell."Qi Xibei rolled up his sleeves and was about to demonstrate to them.

"We'll do it ourselves. Just tell us."Yue Ya quickly stopped her.

She was still injured and could not move around.

"Alright then."

Qi Xibei did not insist. He handed the ginger over and explained to them how to use it.

Chapter 2103 Captured

The meat stuffing with ginger juice was obviously much more delicious than before.

The two sisters were very happy.

If it tasted like this, the customers would definitely like it even more!

Qi Xibei had brought back a lot of ginger this time, so they could use it for a few days.

After they finished using it, they could go and find other ginger blocks.

After making the plan, the few of them tidied up and went to sleep.

The next day, the sisters followed Qi Xibei's instructions and prepared the meat stuffing before setting out again.

When they returned, they were all very happy.

"Someone ate it two hours ago and then came again!"

This was a repeat customer! Moreover, he was a repeat customer who had returned for a very short time.

Both of them were very happy.

Before this, their business could only be considered good, not very good, but they could still make ends meet.

However, he didn't expect that after adding this little thing, the taste would be even better, and then there would be more customers immediately!

Although their customers were all ordinary people, everyone could tell whether it was delicious or not!

Business was good, and they were also in high spirits.

Seeing the sisters so happy, Qi Xibei was also delighted.

It had been a long time since she felt such pure joy.

The next day, the sisters continued to set up their stall.

Qi Xibei went to the forest again while they were out.

This time, she walked a little deeper and found new ling herbs.

After using her spiritual power to find a few spiritual plants, her body quickly recovered.

The changes in her complexion every day were discovered by the full moon.

The full moon was much more sensitive and detailed than the crescent moon.

She could tell that Qi Xibei was different from before. His face was much rosier.

Moreover, Qi Xibei was definitely a martial artist.

Otherwise, she would not have recovered so quickly. Martial artists were different from ordinary people.

However, Yueyuan did not say anything.

As long as Qi Xibei did not have any ill intentions towards them, she did not want to say anything.

It would be even better if Qi Xibei recovered and could leave peacefully, allowing them to return to their original lives.

In the next few days, the sisters' business got better and better, and their stall became more and more famous.

Everyone in this small town knew that there was a small stall in the west of the city. The wontons there were delicious!

Because business was so good, the sisters came back even later that night, but the smiles on their faces were even brighter.

Although he had only added a little something, the taste was completely different. It had directly gone up a level!

This change made both of them feel very magical.

They didn't expect their lives to change so much after saving someone.

This was a good harvest.

The days passed peacefully.

A few days later, when Qi Xibei was cultivating at home, she heard frantic footsteps outside. Her expression immediately changed when she heard the rapid breathing.

It was a full moon!

Qi Xibei opened his eyes and rushed out.

After seeing the full moon clearly, her expression instantly turned ugly.

Every time the Yueyuan sisters went out, they would disguise their faces.

Even though Qi Xibei thought that their disguises were very clumsy, they had been safe and sound until now.

But now, the disguise on her face had disappeared, revealing her original appearance.

Her clothes were torn and her sleeves were torn. She looked very sorry.

"What's wrong?"

She immediately rushed over and held Yueyuan.

"There's someone...Someone has taken Yue Ya away!" When Yue Yuan saw Qi Xibei, she was also shocked.

"What?!"

Chapter 2104 Young Master Xiao

Yue Ya was captured?

Qi Xibei's expression darkened." Tell me clearly. What exactly happened?"

"We..."

Before Yueyuan could finish her sentence, footsteps came from behind.

Yueyuan turned around and her face turned pale." They're coming! Run!""

Qi Xibei looked over and saw a few servants running over.

These people were holding sticks and ropes in their hands. They were arrogant and did not look like good people.

The few of them should have followed Yueyuan here, but they did not expect that there was a great beauty among them.

"Beauty!"

When they saw Qi Xibei's appearance, their eyes widened and they almost drooled.

They originally thought that the two sisters were pretty good beauties, but they did not expect that there was a great beauty here!

Such a beauty was more beautiful than all the women they had seen!

If he brought it back, Young Master would definitely reward him handsomely!

"Great beauty." The leader of the servants walked in with a greedy smile on his face. "Come back with us? Our young master is a woman who cherishes women!"

"Sister Bei, hurry up and leave!"

Yueyuan's face was pale. She immediately opened her arms and blocked Qi Xibei behind her.

She did not expect these people to follow her back!

Moreover, they had their eyes on Qi Xibei!

They had never dared to let a beauty like Qi Xibei meet outsiders.

Even when they went to see a doctor previously, they had always found a female doctor.

After all, Qi Xibei's appearance was too outstanding. If he was discovered, it would be troublesome.

But who would have thought that these scumbags would actually catch up!

"I'm fine."

Qi Xibei pushed the full moon away and stood out.

"Beauty, do you want to go back with us? Don't worry, our Xiao family will definitely not mistreat you!"

The few servants laughed, their smiles very wretched.

"Xiao family?" Qi Xibei raised an eyebrow.

No matter what the beauty did, her every move was so charming.

The servant immediately smiled and explained, "Our Xiao family is the number one family in Linyang City! As long as you follow our young master, you will definitely be rich and powerful!"

If he could bring this beauty home, Young Master would definitely be very happy!

As long as Young Master was happy, they would be able to earn money that they would never be able to earn in their entire lives!

"Young Master Xiao?"

Qi Xibei turned to look at the full moon.

Yueyuan's face was pale, and cold sweat broke out on his forehead." The Xiao family is a big family here. They have many people. The young master he mentioned likes to kidnap women..."

"Little girl, how can you say that? Our young master is a good person who takes pity on women! Those girls are all living a good life with our young master!"The servant shouted, and the people behind him immediately nodded.

Yueyuan bit her lip and glared at them nervously." The most powerful person in their family is a fifth-grade marquis, who is also the local tyrant here."

Marquis Wu?

Qi Xibei frowned.

She was now a fourth grade Revered Martial Artist, and there was still a distance between her and a Martial Marquis.

If she hadn't been injured, she might have already become a marquis.

If she was Marquis Wu, she wouldn't be afraid of fighting him.

"Now you know how powerful our family is, right?"

The servants were very proud.

Marquis Wu was a top expert here!

"Do you have many Martial Marquises?" Qi Xibei asked calmly.

"Our Old Master is Marquis Wu!" They answered proudly.

"Oh, I understand."

Qi Xibei smiled. Before they could react, he had already rushed out.

Chapter 2105 Tyrant Flower

The servants thought that Qi Xibei would be obedient after he told them about the Xiao family's situation.

After all, their Old Master was a Martial Marquis!

Such an expert was not someone ordinary people dared to resist.

At least in Linyang City, there were not many people who dared to not give face to their old master.

Their young master was the old master's favorite grandson, so he was spoiled to the point of bullying people everywhere.

As long as the young master didn't offend anyone he couldn't, the old master wouldn't blame him too much.

As for the so-called people who could not be offended, they were naturally people from other families. They didn't care about the two sisters or Qi Xibei, who was just a commoner.

However, who would have thought that Qi Xibei would make a move after they had already said so!

They felt as if their eyes were blurry. A gust of wind blew, and their hearts ached as they flew backward!

That speed was like a dream!

Yueyuan also thought that she was dreaming.

Otherwise, why would Qi Xibei suddenly become so powerful?

Although these servants were all martial artists, they were only Level One Martial Apprentices and not even Level Two Martial Warriors. However, in front of ordinary people like them, who were powerless, they could still be kings.

Yueyuan did not expect Qi Xibei to be able to defeat these people!

Before she could see clearly, these people fell down and screamed.

Looking at the few people lying on the ground, Yueyuan was dumbfounded and couldn't come back to her senses for a long time.

This... This was too exaggerated!

However, after the few of them lay down, Yueyuan became anxious. They're from the Xiao family, we... Crescent Moon..."

She was so anxious that she was incoherent.

Before the two sisters came here to make a living, they had also asked around.

They knew that the young master of the Xiao family was a bully who liked to snatch beautiful women everywhere.

If there was no power and no one to help, it would be a disaster if one was good-looking and would be snatched away.

The two of them were not considered beauties, but they also knew that they were not ugly.

Coupled with their identity as twins, they were a little more special.

Therefore, to avoid being taken a fancy by the young master of the Xiao family, they even disguised themselves.

A fifteen-year-old girl had turned into a mature woman in her twenties.

They had used this method to stay here for half a year, and it was quite smooth.

However, because the business was too good, they caused trouble instead.

Because the taste of their wontons was too good, the reputation of the stall spread, and even the young master of the Xiao family came over.

They did not expect that they would still be discovered by him after putting in so much effort to disguise themselves!

That young master of the small family was unreasonable at all. He directly got someone to remove their disguise.

If it wasn't for Yue Ya's desperate attempt to save her, she might have already been captured.

However, the crescent fell into their hands.

Yueyuan had no choice but to rush home desperately.

She knew that Qi Xibei was definitely not an ordinary person, but she did not expect him to be so powerful!

Yueyuan's eyes widened as she looked at Qi Xibei with admiration. Her mouth was wide open.

However, when she thought of her sister who had fallen into the hands of the Xiao family's young master, Yueyuan became anxious.

That Xiao Clan's Old Master was a Martial Marquis!

To them, this was equivalent to a god that they could not resist!

How could they resist?

"Don't worry, I have a way." Qi Xibei comforted the anxious her.

Qi Xibei stepped forward. The servants gasped in fear and tried their best to dodge.

How was this a beauty? This was a Ba Wang Flower!

Chapter 2106 Will You Speak or Not?

"Your young master snatched my sister away?" Qi Xibei asked condescendingly.

"This..."

"Speak!"

Qi Xibei stepped on the servant who was leading the group. The servant groaned and almost cried out.

"Are you going to tell me?"

Qi Xibei exerted force in his feet, but he asked calmly.

Her tone was very calm, as if she was asking about the weather.

"I'll talk! I'll tell you!"

Sensing that Qi Xibei was going to use force again, the servant was frightened.

This woman was too cruel!

"It was indeed our young master who did it!"

"How many marquises do you have in your family? How strong are the others?" Qi Xibei continued to ask.

"Our old master is a Martial Marquis. Below him are a few Martial Honors..."

They did not dare to hide anything and quickly told him about the Xiao family's situation.

He was afraid that Qi Xibei would stomp him to death if he did not make himself clear!

One was a Martial Marquis, and the others were all Martial Honors...

Qi Xibei's eyes darkened.

"Where did your young master take my sister? Did you bring it back to the Xiao family?"

"No!" "The young master must have brought her to another house."

Although everyone knew that the young master liked to cause trouble, the young master still cared about his reputation and did not dare to make a big deal out of it.

Moreover, if he brought her home, he would be scolded by the elders. Besides, Young Master still had a wife, and Young Madam was not someone to be trifled with.

If he brought it back, there would be a commotion.

Therefore, in order to avoid these things, the young master rarely brought women back home.

Generally speaking, the young master would hide his mistress outside.

This time, the little girl who was captured must be in the house outside.

"Bring me there." Qi Xibei lifted his chin.

"This..."

"Not bringing it?"

Qi Xibei smiled and raised his foot.

Before her feet could land, the servant closed his eyes and shouted crazily, "I'll take it! I'll bring you there now!"

He was afraid of Qi Xibei.

If this kick landed, his bones would probably be shattered!

This was too terrifying!

This beauty looked so beautiful, how could she be so cruel!

This was simply life-threatening!

"Get up and lead the way." Qi Xibei gave him a light kick to get him to his feet.

A few servants supported each other and got up from the ground with fear on their faces.

This beauty really couldn't be judged by her appearance!

"This way..."

They led the way in front and did not dare to make any strange movements.

In fact, they had wanted to run away, but just as they thought about it, Qi Xibei moved his hand and a rock flew out and landed on a tree.

With a crack, the small tree, which was as thick as a bowl, snapped in half and fell down.

Hearing the crisp cracking sound, their scalps went numb.

If they ran, would they be killed by Qi Xibei?

Therefore, they didn't dare to make any movements and could only lead the way carefully.

Yueyuan followed behind Qi Xibei with a dazed expression.

She still hadn't come back to her senses.

Qi Xibei's series of actions just now were smooth and smooth. It was too straightforward!

It was as if...She often did this!

Qi Xibei was about the same age as them, but his strength was really extraordinary!

The two sisters were not martial artists, but Qi Xibei was an expert!

Everyone was only a few years apart, but the difference was too great!

However, Yueyuan also felt a sense of security.

With the help of such a powerful person, his sister would definitely be safe!

They cheered themselves up along the way and soon arrived at Young Master Xiao's residence.
