

## Chapter 212

Recently, Ma Wentao gave Zhang Fan the impression that he was a fiery man. Everything he did was hot and hot. He changed his previous feeling of being out of tune, but today Ma Wentao wilted like frost eggplant!

"You won't worry so much about my labor fee!" Zhang Fan looked at him after entering the door and joked.

"Go! Do I lack your money! Here, here is today's operation fee. " Then he threw an envelope to Zhang Fan. Zhang Fan is ready to leave after loading. He is not interested in Ma Wentao's non mortal things.

"Hi! You are really indifferent. We are always comrades in arms in a trench. Even if we are hypocritical, we should at least greet them. You are really a little too much to take the money and run! " Ma Wentao is really a little depressed about Zhang Fan!

"What can I do for you! What can I do if you are depressed? If I ask you, I won't ask! You're depressed first. I'm leaving. I've just moved and haven't cleaned up yet! " Zhang Fan stood at the door. He really didn't want to gossip with Ma Wentao.

"Don't go, sit down. It has something to do with you! " Ma Wentao pointed to the opposite sofa and said to Zhang Fan.

"What's the matter?" Zhang Fan really wondered.

"The Dragon crossing the river is coming!" Ma Wentao said a sentence without end. In order to reflect his unfathomable, he lit a cigar!

"Stop talking nonsense and make it clear!" When Zhang Fan doesn't beg Ma Wentao, he usually won't be patient to talk nonsense with him.

"Cough! Cough! Cough! " Ma Wentao, who wanted to make some atmosphere, choked Zhang Fan!

"Wild man! There is a person from the province who wants to become a shareholder! " Ma Wentao is depressed, really depressed!

"Why, don't you want him to take a stake?"

"Nonsense, I'm not short of funds. Why should I let her take a stake?" Ma Wentao said angrily.

"Can't you stop it? Last time you drank, didn't you boast that there was nothing you couldn't do in the frontier? "

"You all know it's drinking and boasting. Is it interesting to take it out and slap in the face?"

"Well, well, let's talk." Zhang Fan looked at Ma Wentao a little angry and hurried to shun his mane. This man, like training a horse, must have tightness.

"She's not a native of the frontier, she's from the capital. It is estimated that her father will be the next leader of the frontier. " Ma Wentao said a little down.

"Your family is hopeless?" Zhang Fan cooperates and asks, he really doesn't care about this matter!

"The old man is old. If he works for another term at most, he should retire to the second line. I wonder where she knew about this humble little hospital. She called yesterday and today she has arrived at the tea vegetable city. She has to invite you and me to dinner and discuss the matter of taking shares. It's really hard to eat the car with horse legs. "

"Let in if you want to, and refuse if you don't want to. What's depressing?" Zhang Fan doesn't have a good idea. The young man doesn't see these things very thoroughly.

"If you stay in the tea vegetable market and don't let her in, you won't let her in. What can she do to me! But if you want to develop, you have to compromise with many people and keep compromising in order to develop. " Ma Wentao said.

"Oh! If ~ ~ "Zhang Fan couldn't say it.

"Come on, we can talk frankly. My goal is career, and it is estimated that your goal will not be money. So, you can say whatever you want. You don't have to care about my feelings. Besides, have you ever cared about my feelings? " Zhang Fan wanted to stop talking, but let Ma Wentao persuade Zhang Fan.

"If you can't resist, and the hospital is out of my expectation and expectation, I will leave. Don't leave the hospital for a penny. You have lofty ideals. Why don't I? It's meaningless to separate my energy for money!" Zhang Fan said positively!

"Well, don't worry. I said at that time that you are the main medical development of this hospital. This is the core! But you said you wouldn't do it for money. Then come to the cave and don't ask for money again! " Ma Wentao said very seriously in front, but he began to talk nonsense in the back ~!

"You don't need my money, okay! I'll leave if it's all right. " Zhang Fan feels all right and wants to go.

"It's not over. People give us a banquet to eat~ Yes, it's you and me. People have made it clear! " Ma Wentao said to the confused Zhang Fan.

Who makes Ma Wentao so tangled? It's the big boss who gave Zhang Fan a set of special equipment after the last liver tumor operation, Yang Lu's big boss, Nie Sasha!

Nie Shasha's father and grandfather were all soldiers. After his father changed his career, he entered the official career. His ruling concept still has the breath of a child army. He is very tough! From the beginning, I have been wandering around the borders of China. This time, I'm finally coming to the border. He is a very ambitious person and has strict management over his children. It is strictly forbidden to drill and pull wires.

Nie Sasha's mother is a military doctor. She has been living in the military hospital since she was a child. She is very familiar with the hospital. Moreover, Nie Sasha does not confront her father like Ma Wentao and does not allow her to approve notes. It is always OK to start a company. If she does not let the company do business, I will engage in R & D assembly!

He is young and has a lot of heart and mind. He has set up a medical research institute to specially develop the imitation of foreign advanced instruments. A steel plate. If you open a hole in the middle, I will develop one, a little ahead or a little behind. In this way, I don't earn less money and don't make trouble for my father and family!

After Yang Lu reported Zhang Fan's situation, Nie Sasha attached great importance to it. In her twenties, she really did everything and loved everything. She was clear to Chinese experts. As soon as she inquired, she even knew about Zhang Fan in Qingniao. Old Lu hated iron but not steel for Zhang Fan. After hearing Zhang Fan's name, she said it for a long time. In the end, it was a word. He was a genius!

Then I went to see Qin Nuo, the eldest grandson of the Qin family, with professional orthopedic and extradivine experts. The postoperative evaluation was very high. The two experts were full of praise for the doctors who performed the operation.

Nie Sasha is really interested. Although her father is powerful, she doesn't pressure the local snake, but she has a set. She gives part of her interests to the Qin family, and then asks the Qin family to bring a message to Ma Wentao.

A large part of Ma Wentao's funds actually came from his fiancée. Nie Shasha's move made Ma Wentao unable to say anything to refuse. And what others say is good, that is, to earn some pocket money will not plot anything.

This makes Ma Wentao depressed. When any industry has not developed, it has a bumpy process, and now it has just begun.

The place for dinner was set at the largest hotel in chasu city. When Ma Wentao arrived at the hotel

with a four-way Mercedes Benz, he found that Nie Sasha and a woman had stood at the door of the hotel to meet him. This attitude was really too low, too low, and perfect!

Ma Wentao hurriedly stopped to say hello. Zhang Fan was also puzzled because he knew another woman! And he thought the owner of the shares was a man!
