

Cruel Heart Lover Novel

Chapter 1011

"Ah? What?" Travis asked puzzled, wondering what Selena wanted to borrow from her at this time.

When Travis went out, she changed into a white dress, with a matching lace ribbon tied around her wrist. Selena pinched the corner of the ribbon and pulled it lightly, and the bow immediately unraveled, "This."

"Sure... But, Selena, what do you want this for?" Travis was even more confused.

Zhuang Liaoyuan's face changed slightly, this girl, is she going to...

Zhuang Rongguang looked unhappy again, sh1t! He was almost humiliated by being abused, but he didn't forget to go and hook up with his sister before that, this kid is looking for death!

Under everyone's gaze, Selena walked up to the target, then put the white ribbon over her eyes and tied it behind her head, then raised her hand and shot...

"boom—"

"boom—"

"boom—"

...

After the ten shots are completed, the scorer quickly counts the number of rings: top ten and ten rings, 100 points!

Blindfolded!

Zhuang Rongguang, who was going to watch a good show, stood there with his mouth wide open, unable to utter a word, as if struck by lightning, he froze there completely, unable to believe what happened just now...

This kid actually... while blindfolded... hit ten ten rings!

how can that be!

This is absolutely impossible!

He has only seen his father do this kind of thing until now!

Why does this kid come from nowhere?

Who the hell is he!

Travis never thought that Selena borrowed the ribbon to blindfold her eyes. She was stunned for a long time before she let out a scream of excitement, "Oh my god! Karen, you are so amazing!!!!"

So handsome, so handsome, so handsome!

Even Zhuang Liaoyuan's complexion changed behind him, his eagle-like eyes were full of heat and excitement.

This child...shocked him more and more every time...

Although it is difficult to hit all the ten rings on a fixed target, it is not impossible, and a master with special training can still do it.

However, hitting ten rings without sight is not something that can be done simply by training, it requires not only extremely high talent but also extremely sensitive intuition.

How many talented top snipers stagnate at a certain height, all because of the lack of the latter, an erratic but extremely important thing.

Especially in actual combat, in such a chaotic environment, it is impossible for the target to stand still and shoot like a fixed rake. At this time, acuity is very important...

"This... this child..." At this moment, Zhuang Zongren's voice came from behind him.

Zhuang Liaoyuan turned around in surprise, "Dad, why are you here?"

"I heard that Rongguang is willing to take a gun, can I not come!" Although Zhuang Zongren said so, his eyes that were originally focused on his grandson had completely fallen on the young man next to Zhuang Rongguang, "Liaoyuan, where is this?" The child of the family? Such a great marksmanship! Is it your subordinate?"

Zhuang Liaoyuan smiled wryly when he heard the words, "If it's my subordinate, I can wake up laughing from my dreams."

"Then who is this child?" Zhuang Zongren was puzzled.

"Actually, Dad, you also know him. This child is the girl Selena who saved you by the river last time. She was only wearing men's clothes today." Zhuang Liaoyuan replied.

"What! This is a girl doll! The girl who saved me last time?"

"yes."

Zhuang Zongren's face was full of shock, and at the same time he became even more curious, "A girl doll is so powerful, whose family is this child?"

Zhuang Liaoyuan: "Our family."

...

Chapter 1012

Zhuang Zongren snorted displeasedly, "I'm asking you seriously, don't make fun of me!"

Zhuang Liaoyuan sighed softly, "Dad, I'm not joking with you. I didn't intend to tell you about this matter, but looking at the situation today...you will definitely check this girl's details, just follow I was the same back then. I also wanted to enlist her in the army after seeing her good shooting talent, so I checked her out!"

"So, get to the point!" Zhuang Zongren urged.

"There are a lot of people here, I will tell you in detail when I get back!"

Hearing the words, Zhuang Zongren could only hold back for now, and looked in the direction of Zhuang Rongguang and the girl again...

At this moment, Zhuang Rongguang was kneeling on the ground, with a look of dying, still refusing to admit defeat, "ba5tard...what are you pretending to do! Give me a few days, practice it, and you can still blindfold ten rings." !"

Selena squatted in front of him and said quietly, "Then I'll wait for you to practice. If you can do it then, I will not only leave your sister, but also put on women's clothes and run around the shooting range three times. how?"

Run three laps around the shooting range in women's clothing!

"Is this true?" The dying Zhuang Rongguang suddenly regained a bit of life.

Depend on! Let this brat wear women's clothes like a big man! Also walk around the shooting range three times!

Just thinking about it is cool enough!

At that time, all his humiliation will be repaid!

"Of course it's true, your sister is the witness!" Selena looked at Travis and said.

Travis turned her head away, covered her mouth, and suppressed a smile, Selena is really too bad, but she is so cute!

Not far away, Zhuang Liaoyuan shook his head and smiled all over his face when he saw this scene, "Someone can finally cure my ba5tard!"

Zhuang Zongren is still thinking about what his son said just now, but he can't figure it out. What is "our family"?

"Then... Then I ask you to wear a pink princess dress! And high heels! And flowers on your head!" Zhuang Rongguang said maliciously.

Selena was very forthright, and agreed to all of them, "No problem! Satisfy you!"

"Boy, just wait for me, see you in a month! You are sure to wear this women's dress!" Zhuang Rongguang roared angrily, feeling that he had gained unprecedented strength, and every cell in his body was full of energy.

He must beat him! This ba5tard must be humiliated! Pay a heavy price!

By the way, when the time comes, he will also record the scene of this kid wearing women's clothing, to see how he dares to trouble him in the future...

At night, the dealer, in the study.

"This child...is Lingyu's daughter!" Zhuang Liaoyuan gave up on his tricks and told Zhuang Zongren the truth.

Zhuang Zongren was hurt too deeply because of Zhuang Lingyu's matter, and he couldn't let go of it for many years, and there is still a gap in his heart. He didn't tell him about Selena's life experience before, because he was afraid that he would think of sad things.

"What? Lingyu's daughter?" Zhuang Zongren's expression changed as expected.

"Yes." Zhuang Liaoyuan nodded.

Hearing Zhuang Lingyu's name, Zhuang Zongren sat there without speaking for a long time, as if caught in some painful memory, after a long while, he slowly opened his mouth and said, "But, Lingyu's child... I saw it once a year ago, and it didn't look like this at all..."

Zhuang Liaoyuan sighed, "The one you saw two years ago is indeed not Selena, the specific matter is a bit complicated, please listen to me to explain to you slowly, otherwise I am afraid that your heart will not be able to bear too many things at once..."

...

Chapter 1013

"If you don't tell me clearly, I can't stand it!" Zhuang Zongren said anxiously.

Zhuang Liaoyuan could only focus on the key points and explain to the old man, "The one you saw last time is actually not Lingyu's biological daughter, but her adopted daughter. When Lingyu's daughter was in the hospital, she

hugged her wrongly. I didn't find out until the children were eighteen years old..."

"So, the child who saved me is Lingyu's biological daughter?"

"yes."

"I remember that it was a very important occasion, why did she bring an adopted daughter to attend instead of Selena?" Zhuang Liaoyuan pondered.

"This... After Xiao Xizhong was picked up, a lot of things happened, probably because she grew up in the countryside for the past 18 years, and she didn't adapt to life in the city, and she didn't understand social etiquette. Made some inappropriate moves..."

Probably because of this, Lingyu has always disliked her, and later sent her to study abroad. The child did not return to China until last year after graduation. It seems that the child is not ready to associate with the Ning family, and has always been working alone...

These years, Lingyu still claimed that Susie was her biological daughter, but Selena was considered by everyone to be an adopted daughter from the countryside..."

Zhuang Zongren clutched his chest and was so angry that he almost fell ill, "Nizi! That's her own flesh and blood! How can you be so cruel! Don't you even recognize your own daughter just because you lost her face?"

"It's not that you don't know Lingyu's temperament. She values face the most, especially after marrying Ning Yaohua, she seems to want to fight with us to prove that her original choice was right. She can't tolerate the flaws in herself. Any blemishes..."

Zhuang Zongren waved his hands wearily, "Forget it, so many years have passed, I have long since lost this daughter, but... I suffered from that innocent child..."

"That child is motivated, works very hard, has a unique vision at a young age, and opened a clothing studio. She gave the dress that was praised by the guests at the Ke'er state banquet last time!" Zhuang Liaoyuan comforted.

Zhuang Zongren's face softened a little, and then his tone became a little excited, "I just said how this kid has such a high shooting talent. It turns out that he is really the blood of my Zhuang family. They say that the nephew is like an uncle, which is absolutely true... ..It's just that this kid's shooting talent is so high, it's a pity not to join the army! Have you talked to her yet?"

Zhuang Liaoyuan knew that he was going to bring this up, so he said helplessly, "Dad, don't think about it, I've talked about it a long time ago, the child has something he wants to do."

What's more...someone will never agree...

Recently, Selena spent most of her time in the studio.

Because Zeling was in some trouble.

Now Zeling's business is getting bigger and bigger, its departments are getting more and more detailed, and its employees are getting more and more. At present, a complete industrial chain has been formed.

The big tree attracts the wind, seeing Zeling's popularity is getting more and more popular, naturally some people are jealous, especially the history who regards Zeling as a thorn in their side.

Since the last fashion show, Dai Wei has been asking who Zeling's designer is. However, because Gong Shangze has an independent creative space, which is

separate from the company, even if it is Zeling's staff, Except for core personnel like Han Momo and Qiao Weilan, almost no one has seen him.

...

Chapter 1014

Occasionally, some customers who do advanced customization have seen him in person, and the news is that the mysterious designer zx of Zeling is a handsome young man, even more handsome than the young fresh meat artists nowadays.

From this, Dai Wei felt a little relieved, just hearing this description, he knew that it was absolutely impossible to be Gong Shangze, that Slutty boy!

However, although the biggest crisis was resolved, Zeling's rapid rise immediately caught him off guard, and it was too late to prevent him. Without a sound, Zeling became so popular with unstoppable momentum, even more popular than the original history. More Sheng!

The huge threat from Zeling, the pressure from Susie, and what's worse, the design drafts he stole are getting less and less, and none of the designers he hired are up to the mark. They tried to create by themselves but found that these He has been proficient in social marketing for 20 years, holding a pen, but his mind is blank.

Fortunately, history currently occupies most of the Huaguofeng's country, and many regular big customers are beyond the reach of Zeling, but Zeling is like a knife hanging above his head, and he must not continue to let it develop ...

In order to win an award, Susie took on a literary and artistic drama during this period of time, and had been filming in a certain village. When she came back, she learned about Ze Ling, and she couldn't help being furious.

"What's the matter with you? Didn't I tell you to stare over there! Why did Zeling develop like this within a few days after I left!"

"Most of us are related to the companies and merchants in the industry. We can say hello to them and don't take Zeling's courage, but who would have known that they would actually start from the circle of celebrities. How can we say that in that circle? Talking..."

"Having said so much, it's not because you are useless! If they hadn't taken away the Golden Top Award last time, how could there be so many messy things later!" Susie said angrily.

The last time Selena and Travis had a close relationship, she hadn't had time to settle it yet. There was news from the old man that he was going to make a will, and when she just returned to the imperial capital, History was full of bad news, which made her feel overwhelmed.

Dai Wei almost couldn't help yelling, sh1t! And put all the responsibility on Lao Tzu.

Although it was true that the Golden Top Award was his fault, what happened afterwards?

Zeling's behind-the-scenes boss not only has the ability to invite Qin Shengyue, but it is said that he did not know where to find a great master in the industry. In the end, even Travis admired her a lot...

But Susie, she's just a hands-off shopkeeper, she knows to blame the designer all day long! Designers are responsible for design, but not omnipotent!

If it weren't for the blueprints he obtained, would History be where it is today?

Dai Wei thought so in his heart, but on the surface, as always, he could only dare not speak out, suppressing his anger and said, "Boss, this matter is actually not as serious as you think, Zeling's style is completely copying me

Yes, no matter how popular the limelight is now, I can't stand up. I have already contacted several authoritative media in the industry to build momentum, and Zeling must be struggling right now..."

...

At the same time, Zeling Studio.

Selena looked at the recent reports about Zeling compiled by Han Momo, and a sneer crossed the corner of her mouth, "I knew that guy would bite back!"

"That guy Dai Wei's thieves are too much, when will we expose his true colors!" Han Momo said unfairly.

...

Chapter 1015

Selena rubbed her chin, "Why are you so anxious? It should be that guy. When we enter the international market, Dai Wei's reputation will be ruined... However, the matter in front of us still needs to be resolved, after all, it's the same person. There are indeed too many similarities in the style of the works, even the material style is the same, for those who don't know, it is easy to listen to the media's one-sided words..."

Gong Shangze on the side heard the words and said, "Boss, I actually thought of this too. Although my current design has changed a lot compared to the past, I have always liked Lin Fengmian, Zhang Daqian, and Qi Baishi. I am a fixed ancient style calligrapher and painter, so whether it is past or present works, most of them use their calligraphy and painting materials. As a result, Dai Wei just grasped this point and didn't make a fuss about it!

Therefore, I think that for our new season's design, it is best to use our Zeling's exclusive Huaguo elements that have never been used before! "

"In this case... I'm afraid we need to ask the master to customize the pattern materials for us, right?" Selena couldn't help thinking, "It's just that it's a bit risky to ask a contemporary calligrapher to customize..."

"Yes, so the other party must be a very famous everyone!"

Selena thought for a while after hearing the words, and said after a while, "When you say that, I think of a... Song Jin, Master Song! I went to his art exhibition once back then, it was amazing! It's a pity that Mr. Song is now I have already lived in seclusion in the mountains and forests, and it is impossible to accept business drafts!"

Gong Shangze was a little excited when he heard the words, "Boss, you thought of going with me, and I thought of Mr. Song! I am also his loyal fan! When he hadn't retired many years ago, I spent three years I bought one of his paintings with my savings, but it's a pity... that painting was lost when the landlord evicted me, and now I can no longer buy his new works on the market..."

"So, what do you mean... invite Mr. Song out of the mountain?" Selena asked.

"Although it is difficult, I want to try!" Gong Shangze nodded, with a trace of firmness in his eyes, "A long time ago, I very much hoped that one day I could cooperate with Mr. Song. It can be regarded as fulfilling one of my wishes, whether successful or not..."

"Then try it! I'll go with you tomorrow!"

"Really... is it really possible?" Gong Shangze was a little surprised. After all, this time he knew it was a risky adventure, but he insisted on it because of his obsession.

"Of course, for a designer, the most important thing is enthusiasm! Passion! Since Mr. Song's works can make you burn, of course I will do my best to help you!" Selena said, turning to Qiao Weilan, "Director Qiao, What do you think?"

Qiao Weilan pondered for a while, "Although the possibility is not high, you might as well give it a try. People like Mr. Song are very eye-catching. Maybe you are lucky enough to match his eye-catching. Even if it doesn't work, we still have some Other options."

"Okay, that's it!" Selena made a final decision, "Then I'll trouble the colleagues in the PR department with these messy reports!"

"Well, I've already explained it." Qiao Weilan nodded.

Selena couldn't help sighing that it was good to have a professional at home. Qiao Weilan had built a solid public relations team early in the morning, just for this day.

...

Chapter 1016

Dai Wei can pour dirty water on them, and they can also pour it back!

Under Qiao Weilan's planned public relations, the public opinion quickly turned around, and the major fashion magazines and newspapers began to be dominated by such headlines overnight:

Dai Wei's defeat at the Golden Summit Award was bitter, and he accused the other party of plagiarism

The quality of history has plummeted, and loopholes appear frequently. Is Dai Wei exhausted?

Qu Guanyang, the number one designer of Huaguo, a judge of the Golden Summit Award, supports zx

Ze Ling openly issued a letter of challenge to history: wait and see new products in the next season!

...

Moreover, Selena also deliberately confessed that she firmly grasped the words "Jianglang's talent is exhausted" and poked Dai Wei's most painful place.

The masses are easy to be guided, and compared with the previous ones, Dai Wei's recent works are indeed less and less, and the quality is more and more uneven, so such remarks quickly gained a large number of people. recognized.

Because Zeling issued a letter of challenge directly, everyone focused on the next season's new product, and history could not find the exact evidence of Zeling's plagiarism, but was questioned when Jiang was exhausted, so he could only fight. The battle of public opinion has come to an end.

...

At night, the famous high-altitude revolving restaurant in the imperial city.

Guan Ziyao invited Lu Xinyan to dinner.

Ever since she returned to China, Lu Xinyan has always been clinging to her, looking for her to play with her every day, but recently she hasn't contacted her for a long time.

After Guan Ziyao noticed it, she took the time to take the initiative to ask him out.

"Xin Yan, Selena didn't make things difficult for you last time, did she? I have already come to her door to apologize to her. Everything is my fault. If she still blames you, just let her come to me directly!" Guan Ziyao spoke with concern.

Recalling the situation that day, Lu Xinyan looked dazed for a moment, and then quickly said, "That's not it, even if it's for my brother's sake, she won't make things difficult for me, sister Ziyao, don't worry !"

"That's good!" Guan Ziyao nodded, and asked casually, "How about the agency thing you mentioned last time?"

"What else can I do... Selena's talking about that, it must be a dead end! But I'm re-working the plan recently, I don't know if it will be successful..." Lu Xinyan sighed.

"Actually, there are quite a few brands of this kind. Have you ever thought about switching to another one?" Guan Ziyao asked tentatively.

"Change one?"

"Yes, I don't know if you have heard of history? This brand is also very good, and it is more powerful than Zeling. I contacted the person in charge there for you. There should be no problem. If you are willing to do it, The other party is very welcome!" Guan Ziyao said.

When Lu Xinyan heard this, she rested her chin with a weary expression, not very interested, "I've heard of it, but... I still like Zeling's clothes..."

"However, Zeling's reputation seems to be not very good recently..."

"That, I've heard it too, it's completely groundless! I've seen most of the clothes of these two companies, and the styles are indeed similar, but Zeling is obviously much smarter! And the recent designs of Dai Wei really impressed me. I'm not very optimistic about the feeling that Jiang's talents are exhausted. I'm looking forward to Zeling's response to the next season's new products, and there may be some new tricks. Almost every work of Zeling surprises people..."

Lu Xinyan said happily for a while, then lay down on the table listlessly, "Hey...why don't you act as an agent for me...it's too much...I must be serious this time...I really can't like something ...and put a lot of effort into researching..."

Seeing that Lu Xinyan was so persistent, Guan Ziyao couldn't persuade her anymore. Afterwards, the two chatted casually after eating and then went home.

...

Chapter 1017

In the evening, the crew held a simple wrap-up banquet at the hotel.

Because there are no investors or reporters, they are all crew members, so the atmosphere in the box is very relaxed.

"You are not the first batch of newcomers I bring, but you are likely to be the last batch of newcomers I bring, so don't say anything, thank you for your trust in me!"

"This is my first film. I am very fortunate to work with such a good and professional team. I am grateful to the director for choosing me. I am grateful for the dedication and hard work of my colleagues. I am really happy during this time, thank you everyone!"

"I also offer a toast to everyone, especially Karen. I have to toast you alone. There is something I need to confess to you. In fact... I set that snake up. Then you saw the whole group of girls Hun'er is hooked, I'm really angry, who knows... Karen is really tough! I'm convinced!" After Qi Fang finished speaking, he drank it all in one gulp.

"However, Karen, you still look good in women's clothes, and men's clothes are too wasteful!" Qi Fang said while looking at Selena who was wearing women's clothes today with teary eyes.

"Nonsense! It's a waste of money for me to wear women's clothes, Karen! You're just afraid that Karen will steal the limelight from your men!" Ji Yumeng was the first to refute, and other female compatriots also echoed.

...

After drinking for three rounds, everyone talked and toasted one by one. Taking advantage of the strength of the wine, they said what they usually kept in their hearts and joked with each other, making the atmosphere more harmonious.

After the party, everyone waited for the bus at the entrance of the hotel in twos and threes.

The others left one after another, and finally only Selena, Shen Hanchen and Ke Mingyu were left.

Shen Hanchen couldn't help but cast his eyes on Selena again. He wanted to talk to her all night but couldn't muster up the courage. At this moment, he finally looked at her and said, "Senior, I hope... there will be a chance in the future Cooperation! Your acting skills are amazing!"

"Thank you." It's not that Selena didn't notice Shen Hanchen's subtle intentions towards her, so she didn't say much.

What's more, the Great Demon King is beside her right now!

Sao years! Please don't hurt me again!

However, Shen Hanchen obviously didn't hear her heart.

Hearing Selena's simple two words, Shen Hanchen's expression was obviously a little disappointed, then he took out a business card from his pocket and handed it to her, "Su Yimo of Shengshi Entertainment has covered the sky with one hand, and it has become even worse since Leng Manyun left. You are over there, and you hardly have a bright future... If you need help, please call this number!"

What Shen Hanchen gave her was his own manager's business card.

Selena glanced at the business card Shen Hanchen handed over, but didn't accept it, "Thank you for your kindness, but I don't think it's necessary."

Depend on! Simply! This guy Shen Hanchen is poaching her corner in front of her boss...

Shen Hanchen immediately frowned when he heard this, "Why? As one of the three giants of the brokerage company, Fengxing Media is comparable in strength to Shengshi Entertainment, and my agent is also the best gold medal broker in Fengxing! I told him about your Things, if you want to come over, our company can handle the breach of contract for you!"

"Uh, cough cough..." Selena did not dare to look at the expression of the big devil beside her, coughed lightly, and then said righteously, "I'm sorry, Shengshi Entertainment has a very special meaning to me, There are my dreams, my hopes, and my love, which are irreplaceable, so I will not leave him!"

...

Chapter 1018

"Special meaning...?"

Shen Hanchen was obviously still not reconciled, and he didn't understand why she was so persistent with Shengshi Entertainment.

Also, why did Selena sound like she was confessing to someone?

Shen Hanchen was about to ask clearly, when a taxi pulled up, Selena was afraid that Shen Hanchen might say something shocking again, so she got into the car as if running for her life, "I'm leaving first! Bye!"

He purposely said these words to Selena in front of Ke Mingyu just now. He originally wanted to prove his strength and remind Ke Mingyu that he was not

good enough for Selena. He never expected that he would be rejected so directly by Selena in the end...

Platinum Palace.

Selena came first, and after a while, Ke Mingyu also came back.

As soon as she saw her boss, Selena immediately jumped over to ask for praise, "Hey, boss! Did I perform well just now? Please reward, please reward!"

Daniel stared deeply at the girl's smiling face, put his broad palm on the back of the girl's head, and kissed her deeply...

The bright moon is bright, the night is charming, the air is gradually warming up with the breeze blowing...

"Clang—"

Suddenly there was a loud noise behind him!

Daniel and Selena subconsciously turned around.

Then the two saw that Saul didn't know when he was standing there, what seemed to be a large pot of hot pot in his hand just now, it had all fallen to the ground, the ground was in a mess, his handsome face was covered with cracks expression...

At this moment, Daniel is still the image of Ke Mingyu, so it doesn't take much thinking to know that Saul must have misunderstood the Atlantic Ocean!

"Saul, listen to my explanation..."

However, as soon as Selena said the beginning, Saul covered his ears, and Qiong Yao started to growl like a female lead, "I won't listen, I won't listen, I won't listen! My brother is handsome, rich, mature, educated, rich, five-car,

only eight-year-old Dou Wenwu is gentle and considerate. The top ten good husbands of this century also marry one and get one with cute little buns... Not to mention all the women in the city, even I want to marry! But you actually did such an outrageous thing! Selena, I really misread you!"

Selena looked at the brother-controlled little koi in front of her with black lines all over her face, "Well, brother, calm down..."

"Calm down! How do you tell me to calm down!!!" After Saul finished speaking, he turned to Ke Mingyu who was beside Selena, his eyes were on fire, full of anger, "ba5tard! Even if you seduce my sister-in-law, you don't even look at me Who dares to seduce my sister-in-law! Today I will beat you until you are inhuman!!!!!!!"

"Uh..." I can't understand...

Before Saul rushed in front of Ke Mingyu to die, Selena hurriedly dodged over and deflected Saul's attack with a palm, "Saul, calm down, he is..."

Before Selena could finish speaking, Saul howled again with a grief-stricken and indignant expression, "Oh my God! It's unreasonable! You still protect this adulterer!!!"

Selena held her forehead weakly, she really couldn't communicate with this guy, so she waved her hands and said, "Okay, okay... I won't protect me... You hit me! You hit me! Go make him inhumane! Go! Bar!"

As Selena spoke, she stepped aside on purpose to make it easier for him to die.

Saul immediately got up, and continued to rush towards Ke Mingyu, and he really specialized in the bottom line.

Then...

"Aw—"

Accompanied by a miserable howl, before a certain little koi touched the corner of his clothes, the man locked his hands and skillfully cut it behind his back...

...

Chapter 1019

Next, the adulterer Saul was talking about was like a roundworm in his stomach, he could always know what he wanted to do next second in advance, and then easily counter all his attacks, and suppress him to death... ..

After being tortured for the nth time, Saul finally let out a loud howl...

"Brother...let go let go let go!!!"

This skillful and smooth way of beating him up was definitely his brother's fault!

The corners of Selena's mouth twitched and she shook her head, "I've already stopped you, told you not to die, you must do it!"

Speaking of which, Rick found out that Ke Mingyu belonged to Daniel through his special power of observation. She discovered it from her temperament and Rick's reaction. Saul was lucky...

It was discovered after being beaten...

Saul clutched his wrist and kept blowing, "When did you stop me! Can't you just tell me this is my brother?"

Selena rolled his eyes at him, "As soon as I opened my mouth, you started howling like hell, I still want to have a chance to say it!"

Saul was very big-hearted, and quickly forgot about being beaten up by his brother, and began to walk around his brother excitedly, "It's so natural and lifelike! It's so successful to pretend to be so successful. It's not that I'm clever, I was almost deceived!"

Selena: How clever are you? I found out after being beaten like this!

As Saul spoke, his face suddenly became serious, and his tone became more serious. He stared at Daniel worriedly and asked, "Brother, why did you become like this? What are you going to do? It's very important and urgent. Is it a matter of showing people's true colors?"

Daniel thought for a while, and felt that Saul was right, "Yes."

Saul immediately became angry when he heard it, and said dissatisfiedly, "What the hell is it? Brother, you always hide everything from me and don't share it with me!"

Daniel: "I can't share it."

Saul: "If you don't tell me, how do you know you can't share it!"

Daniel: "Accompany your sister-in-law in filming."

Saul: "..."

Saul choked for ten seconds before he could react.

His brother took great pains to make it like this, the so-called important, urgent, and secret thing...is to film with Selena? ? ?

This dog food came too suddenly like a dog whirlwind!

Saul clutched his chest in pain, "If I die someday... I'll be fed to death by your dog food! ba5tard, no wonder you've been out of touch recently. I thought

you were doing something, but dating Go! Dmn! I made the young master think that you were going to save the world, and took the initiative to work overtime to share so much work for you, so tired that my little face is haggard!"

"Well, uncle... Do you have hot pot for supper? Can you have a meal?" Behind the three of them, a voice sounded like they had just woken up.

It was because the smell of the hot pot here was too strong, and it even drifted into his room opposite, so Louis, who was sleeping on the bed, followed the smell and came here.

"Dmn it! They all fell!" Saul said angrily, and then felt something was wrong, "Wait, kid, why are you so calm? You know...he's your uncle?"

Saul looked at the man Selena was holding his arm affectionately and asked.

"I know..." Louis nodded in a daze.

"Dmn! Why don't I know! It's so unfair! Discriminate against me! But, how do you know?" Saul said frantically.

...

Chapter 1020

"I found out when I went to visit the crew on the second day after the filming started." Louis yawned, scratched his head and answered truthfully.

Then, as soon as Louis finished speaking, Selena's expression changed.

"Hmm..." Selena squinted her eyes and gave Louis a faint look. Then, moving her knuckles, she walked up to Louis step by step, "Golden...you come here..."

"I...I won't come here!" Looking at Selena's dangerous expression, Louis, who had just woken up in a daze, instantly sobered up, and was so regretful that his intestines were turning green.

It's over, it's over, you said the wrong thing!

"How the hell did you know so long ago and didn't tell me?!!!" Selena put her hands on her hips, roared angrily, and then pounced on Louis and started beating Louis.

"I was forced! My uncle threatened me! Why don't you blame my uncle for beating me! Oh! Don't slap me in the face..."

...

Seeing Louis who was also beaten up, Saul expressed his comfort that he was finally accompanied by someone.

After a while, the four of them sat at the dining table together.

Besides the four of them, of course there was Rick.

Seeing Rick who was not at all surprised to see Ke Mingyu holding hands with Ma Ma, Saul became even more sad. Sure enough, Rick also knew, and sure enough, he was the last one to know!

However, Saul soon regained his energy because Selena made them another hot pot meal.

Although he dropped a pot and was beaten up, he made a profit with a hot pot made by Selena himself!

Selena adjusted the base ingredients, then went to her room to get some bottles and cans.

Then, Selena sat next to Daniel, and began to wipe Daniel's face one by one, and the latter cooperated very well.

Louis buried his head in his food, expressing that what he sees is what he sees.

Saul curled his lips speechlessly and said, "Selena, what are you doing? Why are you wiping my brother with women's things?"

Selena rolled his eyes at him, "What is it for women? A man's face is also very important, okay? Besides, this is a set of skin care products for men that I specially bought for your brother. He must have covered his face for too long. Uncomfortable, give him a skin massage, oh, it feels so good..."

When the little bun next to him heard this, he immediately raised his head, poked his own face with his finger, and looked at Ma Ma expectantly.

Selena immediately smiled and stretched out her hand, and also touched the little bun's soft face, "Yeah, baby's little face feels better..."

Saul: "I think I'm full..."

Louis said that ever since he learned that Daniel had changed his face for Selena to accompany her in filming, he had become numb to everything.

He has no temper at all when he loses, the enemy is really too cruel!

After wiping Daniel's face, Selena asked Louis suspiciously while feeding the buns, "Jin Mao, how did you find out that Ke Mingyu was Daniel? It's even earlier than me and Rick! This is simply unscientific!"

"I..." Louis was about to speak, when a cold gaze locked on him.

How dare he say it's because of you and Travis, so Daniel lost control after being overwhelmed with jealousy, and I discovered the flaw...

"Just... just found out by chance, why are you asking so much! You already beat me up!" Louis perfunctory, and then began to binge on vegetables.

What the hell, it's not easy to beg for a meal, torturing both the heart and the body!
