

Cruel Heart Lover Novel

Chapter 1081

"Why don't you leave? We're off work!" The tall shopping guide said coldly seeing that Selena was still in the store.

"I remember that Zeling's high-end clothes cannot be tried on casually." Selena stared at the tall and arrogant shopping guide in front of her.

"Others can try, but you can't. Hurry up, or we'll be called security!"

The other two shopping guides stepped forward, and they were puzzled, where did this woman come from, and she still planned to stay in the store?

Selena smiled coldly, "Call your boss over."

"boss?"

"Sick, who are you!"

"Come to our shop on purpose to do something?"

"You know who our boss is, but you still want to meet the boss of Zeling Agency?"

After all, one of the shopping guides walked out of the store and called the security guard.

"It's her, come to our store to make trouble, please drive her away!"

Seeing the security guard coming, the tall shopping guide stared at Selena in disgust.

This security guard was also in a daze, opening the door to do business, it was rare for security guards to chase people away, but since Zeling's people said she was here to make trouble, security guards could only do their duty.

"What's the noise, what's the matter?"

Before the security could speak, a middle-aged woman walked in from the door.

"Manager Gu Yue, why are you here so late?"

Seeing the middle-aged woman, several shopping guides hurried forward.

"Manager Gu, this woman who came from nowhere has been stuck in our store for a long time, only asking the price but not buying. I suspect that she is trying to steal clothes. Didn't our store lose several pieces before?"

"Isn't it? Our shopping mall has lost a lot of things recently. Brand-name shoes and bags have been stolen while those merchants are not paying attention."

Gu's surname looked at Selena impatiently. After looking at her for a long time, she felt a little familiar.

"Are you... from the headquarters...?"

The surname Gu has been thinking for a long time. Some time ago, she followed the boss to the headquarters to go through the formalities, and she seemed to have seen this woman before her.

"Headquarters?!"

"Zering headquarters?"

Hearing the middle-aged woman's words, the shopping guides were a little surprised, why did the people from the headquarters come to their Zeling agency store?

"Could it be that you heard that our agency store has great discounts and discounts, and you want to buy clothes in our store?"

A shopping guide was puzzled.

"Headquarters? What's wrong with the people in the headquarters, working part-time at the headquarters may not be as good as us, look at her poor appearance, even if the discount is strong, she can't afford it!" The tall shopping guide looked disdainful.

At this moment, Selena had no patience to talk nonsense with these people, so she glanced at the store manager, and immediately called Lu Xinyan.

"My big boss, it's so late, is there anything we can't talk about tomorrow?" Lu Xinyan's lazy voice came from the phone.

"Come to your store right away. If you don't see you in ten minutes, you can go out of business tomorrow."

After Selena finished speaking, she hung up the phone without giving Lu Xinyan a chance to continue talking.

After Selena hung up the phone, several shopping guides and managers in the store were taken aback. They didn't know that Selena was talking to Lu Xinyan.

Lu Xinyan's speed was fast, and within ten minutes, she had already arrived at the store.

Seeing the sudden appearance of the boss Lu Xinyan, the store manager and several shopping guides hurried forward to say hello.

"What urgent matter do you have to ask me to come to the store so late, can't you talk about it on the phone?" Lu Xinyan looked at Selena and complained a little unhappy.

...

Chapter 1082

As Lu Xinyan's voice fell, those domineering shopping guides and store managers froze in place.

Their boss, Lu Xinyan, actually met this woman in front of her?

"Lu Xinyan, where did you find these people in your store? Didn't the headquarters transfer professionals to you?" Selena asked after glancing at the shopping guides and store managers.

"I recruited it! My own store, of course I have to use my own people, so that I can do everything on my own!" Lu Xinyan had a proud expression on her face.

Selena choked on this guy's logic and almost vomited blood. She took a deep breath and said, "All of them! Replace them for me! I will help you find new candidates from the headquarters as soon as possible. Everything must be done according to the rules and regulations!"

Selena's tone was extremely forceful, and she didn't give Lu Xinyan any room to refute.

"Yes yes yes...you are the boss and you have the final say...but...what happened?"

At this time, Lu Xinyan frowned, and she could probably already guess something in her heart. It must be that Selena's Weifu private visit found some problems, otherwise she wouldn't suddenly ask her to blame her.

In the final analysis, Lu Xinyan was actually guilty, because although she didn't seem to be losing money publicly, she was actually losing money in private...

"big boss?!"

"The boss of the headquarters!"

At this moment, those shopping guides were full of disbelief. This ordinary woman is actually the founder of the Zeling brand and the boss of the headquarters?

The good-looking shopping guides panicked a little. How could they expect that the big boss would suddenly appear in the agency store...

The store manager had just seen Selena, and thought she looked familiar. He should have met her at the headquarters, but he couldn't recognize Selena as the founder of Zeling.

Seeing that Daniel's attitude was not bad, Selena's tone softened, "Also, cancel all the discounts in your store, go to the headquarters tomorrow to learn from Director Qiao, and let Director Qiao tell you what to do in the agency store Operate!"

"Ah? Cancel all of them? This is all a promotional method that I thought out of my brain!" Lu Xinyan said displeased.

Selena twitched the corners of her mouth with a non-smiling smile, "My eldest lady, you frankly hollered out your head just to make it so that your brother doesn't even know you!!!!"

Lu Xinyan's face froze immediately, "You...you know..."

It's over! It was still found!

"Within three days, I want to see you strictly follow the plan and rules and regulations! Otherwise, it's useless for you to call me grandma!" After Selena finished speaking, she turned and left without even looking at the shopping guides and store managers. Ling agency.

Seeing Selena's attitude towards Lu Xinyan in this way, several shop assistants looked at each other in blank dismay, all of them were scared to pee.

After all, Lu Xinyan is Daniel's cousin! But Selena dared to yell at her!

What is this woman... exactly?

"what happened!?"

After Selena left, Lu Xinyan suffocated her anger and stared fiercely at the store manager and several shopping guides.

"Boss... I... I don't know. When I came, the big boss seemed to have lost his temper. They must have done something good!"

The store manager went so far as to shirk responsibility completely.

In desperation, one of the shopping guides could only tell the truth.

After learning all the ins and outs, almost immediately, including the store manager, they were all fired by Lu Xinyan on the spot.

...

Chapter 1083

After leaving Lu Xinyan's store, Selena pinched her sore temples, her expression full of helplessness.

Of the six agency stores, only Lu Xinyan's has made Zeling look like this, with such a shopping guide and store manager, plus such a second-necked boss. After a long time, it will definitely close down. Fortunately, it was discovered early ...

boom—

Just as Selena was contemplating, a figure suddenly flashed in front of her eyes, hitting her with indescribable force, almost knocking her over.

"Sorry girl, are you all right?"

The black figure froze, stopped, and reached out to support Selena.

Selena shook her head, "It's fine."

"Heh... Girl, you are quite agile, have you practiced martial arts?" The man looked her up and down with interest.

Hearing the sound, Selena couldn't help but roll her eyes, mouthing one girl at a time, where on earth is this guy unearthed as a cultural relic...

"Haha, as long as you're fine, I'll run for my life first." The corner of the man's mouth raised slightly, and he looked back, with a playful smile on the corner of his mouth.

escape?

Selena tilted her head and raised her brows slightly.

Before Selena could continue to say something, there was a burst of noise from behind. Looking closely, there were at least dozens of people running towards this place.

"This... your enemy?"

Selena couldn't help clicking her tongue. Who is this guy? He was chased and beaten by dozens of people in the middle of the night.

"Ha!" The man smiled indifferently: "I don't know each other, but I saw two of them with good martial arts before, and they couldn't tell the difference after fighting for a long time. I couldn't help but beat them all, who knew They have guns, tsk tsk, no matter how powerful I am, they can't beat bullets!"

"Oh... you can really blow it, why didn't they beat you to death?"

Selena was completely defeated by the shameless spirit of the man in front of her. He clearly offended someone and was chased and beaten by dozens of people, but he still insisted on being brave.

Also, he fights well, so what is he doing to get involved? Isn't this a beating?

"Farewell girl, I have to go!"

The man was about to escape, but Selena grabbed him.

"follow me."

After saying that, Selena grabbed the man and forced him into the bottom of an SUV not far away.

"what are you doing?"

The man was a little confused.

Selena looked at him with a smile, "You're lucky, it just so happens that I like your shameless spirit!"

And... everything that interests her...

It happens to be in this man.

After all, Selena didn't bother to talk nonsense with him, and stood directly in front of the car, helping the man block the sight of people who came by.

But after a while, dozens of people chased after him.

"Big...big brother?!"

Seeing the familiar coffin face of the person who was chasing him, and the cold gleam of the gold-rimmed glasses, Selena's eyes widened in disbelief.

The leading man was actually Kevin!

What shocked her even more was that not only Kevin, but Karl was also there!

How did these two get together?

"Little Junior Sister, what are you doing here?" Karl asked out of breath.

"Second Senior Brother? I still have to ask you! What are you doing? Why are you with Senior Senior Brother?"

Selena was completely stunned. Could it be that the man under the car was being chased by Kevin and Karl?

No way?

Who the hell is that guy who can make Kevin and Karl join forces?

Uh... No... The guy under the car just said that he saw two people fighting, because he saw that they couldn't tell the difference, so he went to beat them both up, could it be... the two people who were fighting just now The individual is the senior brother and the second senior brother?

Chapter 1084

"Junior Sister, did you see a lunatic?" Kevin stared at Selena with cold eyes behind the lens, and asked.

Selena was not stupid, and knew in her heart that the madman Kevin was talking about was definitely the one under the car.

After intense thought struggle, Selena finally nodded.

"where!"

Following Selena's nod, Kevin and Karl stared at the same time, their eyes full of vigilance.

"It's right here." Selena stared at Karl and Kevin.

"Where?" Kevin looked around.

"Two lunatics are standing right in front of me!" Selena said seriously.

"Dmn! Dmn girl! I'm asking you something serious!" Karl understood.

"Go back early, it's not safe here." Kevin said expressionlessly.

She really became more and more curious, what is the origin of the man under the car, so that even senior brothers are afraid?

"Second Senior Brother, what's going on?" Selena asked anxiously.

"Just now, I was in love with your elder brother and we were having a fight. Suddenly, a lunatic came and insisted on pointing us out, and even got into a fight with us!"

When this matter was mentioned, Karl became very angry.

What the hell is it about being in love with each other and fighting...

Selena's face turned dark, "Then...you lost???"

Are those two really Karl and Kevin?

Selena was completely stunned, Kevin would lose? Will Karl lose? Kevin and Karl join forces...will they lose? ? ?

"Ahem..."

Karl looked unnaturally embarrassed, and immediately patted Selena on the head: "Nonsense! Your senior brother lost, but your second senior brother didn't lose!"

"The truth...I understand...but...you, why did you bring so many people..." Selena looked at the dozens of people behind Karl in darkness.

If you can fight, why bring so many people?

"Well, that's for the convenience of searching people, forget it... I won't tell you!" Karl found out that this girl was serious about tearing things apart.

"Let's go." Seeing that he was lost after being chased, Kevin turned and left without looking at Karl.

"fcuk! What are you going to do! We haven't finished fighting yet! You haven't returned my little Kaka!" Karl yelled from behind.

Selena clicked her tongue, "Second Senior Brother, Second Senior Brother, if you don't work hard, I'm afraid Senior Senior Brother won't play with you in the future! Because it seems that I found a more interesting toy!"

Karl thought of the lunatic before, and his face darkened suddenly, "Go away! I will kill him in seconds after practicing casually!"

...

Seeing Kevin and Karl leave completely, Selena was almost overwhelmed by curiosity. What is the origin of the man under the car?

Selena knew Kevin and Karl best. Needless to say, the value of military strength, the two teamed up and were beaten by that lunatic?

Just as Selena was thinking deeply, a vigorous and powerful hand rested casually on her right shoulder.

Selena was startled, quickly retreated to the rear, and swept out with a kick.

However, what surprised Selena was that her instinctive kick swept away, and all she could see was a black shadow moving rapidly, as if it was not at the speed of a human being.

If Selena was in the jungle now, she would have thought it was a wild beast.

"Girl, you really have practiced!"

The man casually avoided Selena's kick, and at some point stood in front of Selena again.

And Selena retreated subconsciously, instinctively, this man is very dangerous...very!

Chapter 1085

"Those two people just now were your senior brothers? I don't think so." The man smiled, but his laughter was a little hoarse and gloomy.

"Who the hell are you?" Selena looked at the man, a little wary.

"My name is Han Xiao, what about you?" Han Xiao asked with a half-smile.

"Selena."

Seeing that the man in front of her was not hostile, Selena relaxed a little.

She felt that Han Xiao was terrifying, but it was because Kevin and Karl's level of teamwork actually suffered a loss, which made her unbelievable.

"Girl, you saved me, so I'll treat you to dinner." Han Xiao's eyes were sometimes clear, but sometimes full of evil spirits, making one's heart chill.

"No need, I have something else to do." Selena rejected Han Xiao's invitation.

Helping him just now was just random, but after learning that it was Karl and Kevin who were chasing him, because they had already been rescued, they simply rescued him to the end, but she was not interested in getting involved too much.

"No, that's not okay. I, Han Xiao, never owe others... If you don't want to eat, I'll help you with an operation, how about a plastic surgery? Don't girls nowadays like to use knives on themselves? Although Your face is not bad, but I can make it more perfect!" As he said that, Han Xiao took out a scalpel out of nowhere.

"I'll go! What do you want?"

Selena had some doubts at the moment, whether she was right or wrong to help him unintentionally just now.

"Don't be afraid, I forgot to tell you, I used to be a surgeon, oh, I was also a fashion designer...and guarded the tomb..." Han Xiao dragged his chin, looking serious, as if he was thinking, What kind of work have you ever done.

"Designer..."

The corner of Selena's mouth twitched slightly, just like that, and she was a designer...

"Hey, don't you want to invite me to dinner? Let's go!"

Selena didn't know what such a lunatic was thinking, he might as well go to a crowded place, it would be safer, and if he really wanted to do something, he would be able to get away at that time.

...

Halfway through the road, Han Xiao walked straight ahead.

"If the mountain is not high, it will be named if there are immortals... If the water is not deep, it will be spirited if there are dragons... Will it be spiritual... The name has a fairy air."

Han Xiao stood outside the Zeling store, looking at the clothes in the store through the transparent glass.

"I've looked at the design concepts and clothing of several companies, and only this one is good enough, but I want to see what kind of guy this designer is." Han Xiao laughed sinisterly.

"I think it's more reliable for you to guard the tomb... You really think of yourself as a designer." Selena couldn't help but strike.

Han Xiao turned around and said with a smile: "Girl, believe it or not, the designer of this spirit is not as good as me, I can kill him in minutes."

"I believe it." Selena nodded, "I believe you will kill him in no time with your scalpel."

Selena was sure that Gong Shangze couldn't beat him.

"Also, can you call me Selena if you don't want a girl?" Selena said again without letting Han Xiao continue talking.

Han Xiao carefully sized Selena up, showing a sly smile: "You are not timid, no one has ever dared to talk to me like this."

"That's right, aren't you a tomb guard? The dead generally don't dare to talk to the living." Selena felt like talking to a madman made her go crazy.

Han Xiao stopped talking to Selena until he came to an all-night "kfc" and stopped.

"I'll treat you to this." After finishing speaking, Han Xiao pulled Selena into the shop.

Chapter 1086

"Two burgers, two cups of milk tea."

Thank you for saving your life, just invite people to eat kfc... Brother, you are very creative!

After paying the money, Han Xiao really brought two hamburgers... two cups of milk tea.

Seeing Selena's strange eyes, Han Xiao smiled and said, "Eat less at night, you will gain weight."

Regarding this, Selena didn't bother to say anything.

The light was dim just now, and it was only at this moment that Selena could clearly see Han Xiao's appearance.

Ink-dyed long hair reaching to the waist, casually scattered behind her back, like intertwined waterfalls.

A pair of brown eyes full of aura, as clear as crystal, with long eyebrows like willows, the whole person looks extremely handsome.

Selena couldn't help being stunned. She swore that she had never seen such a...beautiful man!

This Han Xiao has nothing to do with being handsome. If he had to use one word to describe him, it would only be beautiful.

If Han Xiao stood still and didn't speak, Selena would never recognize him as a man.

At this moment, Selena even had some doubts, whether this Han Xiao had a more masculine voice or not, but she was actually a beautiful woman who brought disaster to the country and the people...

This appearance of Han Xiao made Selena couldn't help but look at him a few more times, still wondering whether he was a man or a woman.

"Miss Ning, thank you for your help tonight, although you are meddling..."

After a while, Han Xiao stood up, looked at Selena and said.

"You should have been beaten to death long ago." Selena snorted.

"This is my contact information. If Ms. Ning encounters any problems, you might as well contact me, this meddling favor... I always feel that there is more to burgers and milk tea."

Han Xiao grabbed Selena's phone, saved his contact information, and returned the phone to Selena.

Before Selena could speak, Han Xiao turned around and left, disappearing without a trace.

"Senior Brother and Second Senior Brother are right... This Han Xiao is indeed a lunatic..."

Selena felt that after being with Han Xiao for a while, her head was going to grow bigger. If you contact me, she doesn't want to meet this psycho again in the future!

...

In the evening, after returning to the villa, Selena quickly put this episode behind her.

I was about to take a bath when I suddenly received a call from my grandpa.

"Well, I'm fine, and Rick is fine too... I know Grandpa, I'll be there tomorrow!"

The old man called to inform her that he was going to make a will tomorrow and asked her to be there.

After hanging up the phone, Selena showed such an expression. A few days ago, Ning Yaohua ran to the apartment to find her because of this incident.

After taking a shower, Selena lay down on the bed early to recharge her batteries.

It is said that even the cousin Ning Qiutong, who has not returned home for many years, has returned this time...

I guess there will be trouble tomorrow...

...

the next morning.

Selena directly changed into the floral dress from Zeling she wore when she was on the gourmet show last time, then took her bag and drove to Ning's house.

"Miss Xi, you are here, please see me soon! The master said that when you come, I will let you go to the study to find him!"

It's probably because she drove a BMW this time, or maybe she heard the wind and knew she was going to make a will, and the old man has always liked her, so maybe she can get a piece of the pie, and the attitude of the servants towards her is good. Quite a few, and even addressed her as "Miss Xi", which has never happened before.

Selena nodded slightly and went upstairs.

As for what these people say about her in private after she walks away, you can guess without thinking...

Chapter 1089

Before Selena could say anything, Zhuang Lingyu immediately revealed an extremely dissatisfied expression, "Knowing that Zeling and your sister's company are against each other, but you deliberately wear their clothes to advertise for them, your elbows will stick out Turn!"

When Ning Yaohua heard this, he hurriedly smoothed things over, "Girls, when you see beautiful clothes, you buy them if you like them. How could you notice so much! But Selena, this Zeling has been talking to your sister's lately. The company is against you, you should pay more attention to it, if you like this style, then ask your sister to give you a few more pieces!"

"The last time my sister came to our store, I said I would give it to my sister, but... my sister..." Susie didn't say anything more about it, but it was enough for Ning Yaohua and Zhuang Lingyu to make up their minds.

Zhuang Lingyu's face was full of disgust, "You don't care what she does, she's petty, and she's fussing about little things and throwing a fit!"

It turned out that being robbed of her entire life was just a trivial matter to her?

Selena sat aside, looking at the three of them, almost laughed out loud.

She kept saying sister, sister, but she didn't know, where did she get her sister?

It made it seem like they were really a family, but now they didn't mention the fact that they severed ties with her long ago and kicked her out of the house?

Looking at the faint smile on the corner of the girl's mouth, like a lazily flashing epiphyllum in the dark night... Roman's rationality once again broke through the cage...

Sensing the scorching gaze falling on her, Selena subconsciously turned her head to look to the side.

The moment his gaze collided with the girl, Roman almost thought that his heart would burst at this moment. He used all his self-control to control himself and said in a flat tone, "I watched you do it a few days ago. With the program, the cooking skills have improved again!"

Speaking of this, a trace of loneliness appeared in Roman's heart imperceptibly.

In the past, she learned all her culinary skills for him, but now, he has to watch the show to know the progress of her culinary skills...

Selena smiled and said casually, "Really?"

Naturally, she didn't miss the ambiguous emotion in Roman's eyes when he looked at her.

If this man could be devoted to Susie until death, she would still think highly of him, but it's a pity...

"Dong dong dong" knocked on the door, and a person pushed the door in.

In the room, everyone subconsciously looked towards the door, and then saw Ning Huiyuan walking in proudly and coldly.

"Uncle!" Ning Qiutong didn't look at anyone, but only greeted the old man.

"Huiyuan is here..." The old man couldn't help feeling a little emotional when he saw his niece, whom he hadn't seen for many years.

Fortunately, knowing that she was doing well outside, he felt relieved.

After the two exchanged a few pleasantries, the old man glanced at everyone one by one, and then said, "Since everyone is here, let's start!"

As soon as the words were finished, everyone's expressions became serious. They looked at each other a few times, then got up one after another, walked to the long oval table in the study and sat down.

The lawyer also took the will that had been prepared, and stood next to the old man in the first seat.

On the round table, Ning Yaohua, Zhuang Lingyu, Susie, and Roman sat on one side, Ning Yaobang and Ning Tianxin sat on the opposite side, and Ning Qiutong sat next to Ning Tianxin.

In the end, only Selena was left.

Selena glanced across at the empty seat next to Roman, and then, ignoring Ning Yaohua's nervous reminder, she casually walked across to Roman, and sat down next to Ning Qiutong.

Chapter 1090

Ning Yaohua's expression darkened when he saw that she was sitting opposite her.

Now we can only wait and see what happens, and hope that Susie can share more shares, so that the pressure on him will be much less, and he won't have to win over this troublemaker again!

"Hey, that... Dad, you are in such good health now that you don't need to rush to make a will at all!" Ning Yaobang knew that making a will now would be the most unfavorable for him, so he tried to persuade him in a desperate struggle.

Ning Tianxin, who was sitting on the side, had an attitude of having nothing to do with her from the beginning to the end.

As soon as the old man heard the words of the second son, he was furious, and immediately said angrily, "Shut up! It's not your turn to tell me what to do! If you want to be able to do that, give your branch company, which is losing money every year. Turn around, or don't talk to me!"

Ning Yaobang was so aggrieved by the scolding that his face turned black, while Ning Yaohua's face was full of pride.

The old man calmed down his anger a little, and then said, "In case you have any grudges in your heart, I have something to say before the lawyer reads the will!"

"Okay, okay... Dad, tell me! We are all listening!" After being scolded, Ning Yaobang began to behave.

The old man gave him a sideways look, and then continued, "You all saw it this time, I called Roman over, I know some of you have objections to this, but Roman is about to get engaged to Susie, can be counted as half of our Ning family!"

"Dad is right, this is what it should be." Ning Yaohua hurriedly echoed, Zhuang Lingyu nodded, and Susie showed a shy face.

Having said that, the old man looked at Roman, and continued to speak, "Our Ning family has nothing to hide about the distribution of my inheritance, so as to avoid any trouble in the future, I simply ask you to take a look on the spot!"

"Everything is up to grandpa. I married Susie only because of Susie. No matter what the outcome is, it will not affect my decision." Roman said.

Susie stared at the man beside her with a moved face, "Roman..."

The old man looked at Roman and nodded in satisfaction. He has always had a good impression of this grandson-in-law.

He remembered that Roman and Selena seemed to be very close back then, and he thought that these two children might be possible, but he never thought that he would choose Susie in the end, but he naturally didn't want to ask too much about the children's relationship. .

When Selena met Roman in the countryside, she was just a country girl, and Roman's family would definitely not approve of their dating, so the two of them have always been dating secretly.

Even though Selena returned to Ning's house later, because of the series of disasters and embarrassment she caused so as not to bring Roman into trouble, she still chose to temporarily hide their relationship until she became pregnant, and she had no choice but to tell Ning. Yaohua and Zhuang Lingyu.

Therefore, except for Ning Yaohua, Zhuang Lingyu, and Ning Tianxin who accidentally discovered her relationship with Roman, many people in the Ning family, including the old man, did not know that Selena and Roman dated first.

After talking about Roman, the old man turned his attention to Ning Qitong again, "As for Qitong, I know that she has a big business and a good life..."

"Why did you call her here if you know, she doesn't need that little money!" Ning Yaobang muttered.

The old man glared at him, "What I want to say is that at the beginning, the company also had a share of credit from her father, but now that her parents have passed away, no matter how her life is, what should be given to her, whether she wants it or not If needed, I, the uncle, have to give it all!"
