## Chapter 1101

Hate...

If Daniel hadn't gone off to date and left him alone, he wouldn't have been beaten so badly.

In the past, there was still someone at the bottom, but at this time, it can be said that Daniel is also single! Now it's all tears!

No, he has to speed up his pursuit of Ziyao...

As Mo Lingtian said, he was about to find Guan Ziyao to increase his favorability, when suddenly someone ran over and pulled him aside, and asked excitedly, "Young Master Mo, is that girl in the opposite corner your friend? What's her name?" Name? Which lady?"

"What do you want?" Mo Lingtian squinted at the young master who was talking to him.

This guy is Wang Shengzhe, a well-known playboy in the imperial capital. Changing women is like changing clothes, and he likes to hook up with other people's women the most.

Wang Shengzhe raised his eyebrows when he heard the words, "Nonsense, of course I am interested! You know, I like that type!"

Mo Lingtian sipped his red wine: "Don't care who she is, I just want to tell you, don't play dead."

Wang Shengzhe was not happy when he heard it, "Hey, what do you mean by death! My fair lady and gentleman!"

Mo Lingtian said with a blank expression: "He has a master."

"So what's the matter if you have a master? There is no corner in this imperial capital that I dare not dig!" Wang Shengzhe walked towards Selena's direction as he spoke.

Not far away, Guan Ziyao was talking to Daniel.

Today Guan Ziyao is wearing a black Chanel haute couture dress, with the same capable and neat style as before, but his face looks a little haggard.

Guan Ziyao looked at the man in front of her with a generous and relieved expression on her face, and said slowly, "Daniel, I'm sorry about what happened last time, I lost control of my emotions, I shouldn't have left without telling everyone.

I also understand what you mean. You are the man who matches my thinking the most. Once, I thought I could spend the rest of my life with you. However, the rest of our life is so long, and there are too many things we can't predict... Although it's a pity, I still respect your choice. "

When Guan Ziyao said this, he smiled generously, "We will still be friends in the future, right?"

There is no doubt that for her, retreating is the best way now.

During this period of time, she deliberately did not go to him again.

Now that she had said so much, it was impossible for Daniel to refuse.

Daniel glanced at the woman in front of him. His face was as cold and arrogant as ever, and he said lightly, "I'm sorry, but in case there is any

unnecessary misunderstanding with my girlfriend, we should not have any further contact in the future.”

As soon as the words fell, Guan Ziyao’s generous and relieved expression froze, extremely ugly.

She obviously never expected that with Daniel’s EQ, he would reply her so coldly and directly, without even giving her the slightest bit of face!

Guan Ziyao stared at the man in front of her with a face full of injuries, her voice trembling slightly, “Daniel... We have known each other for more than twenty years, I can understand that you have someone you like, but I have already said that I will Quit, just for a woman you just met not long ago, do you even want to erase the friendship between us?”

“She’s not a woman I’ve known for a while, but will be my future wife.” Daniel said, looking coldly at the woman across from her. There was a warning in her eyes, which made Guan Ziyao’s whole body tremble unconsciously. There was a chill...

## Chapter 1102

After Daniel finished speaking with Guan Ziyao, his eyes fell on Selena who was not far away, and he saw Wang Shengzhe sitting opposite Selena.

The man’s cold face suddenly changed slightly, he casually said “excuse me” to Guan Ziyao, and walked straight in Selena’s direction...

The small garden of the Mo family is very unique, and the scenery is quite good. In the corner where Selena sat, there was a large cluster of vines with small flowers blooming above her head, and next to it was a pond with floating water lilies, reflecting a round of bright moon.

However, what is more beautiful than this scene is the people in the scene.

However, all the attention of Selena, the man in the scene, was on Daniel and Guan Ziyao.

Really, what are these two talking about? They've been talking for so long!  
hateful!

Many young talents at the scene or those looking for a wife for their son like Mo Jianzhang had already noticed Selena.

Before he could make a move, he saw that famous playboy in the circle walking towards Selena.

Seeing that Wang Shengzhe started to show off her beauty again, everyone felt a burst of regret. This girl looks quite innocent, don't be fooled by this sgumbag!

The Wang family in the imperial capital is also a well-known wealthy family. Wang Shengzhe himself is also good, but he is too greedy for beauty, which has been criticized by others.

Selena was wondering what Daniel and Guan Ziyao were talking about, when suddenly a man walked up to her, "Miss, is there anyone sitting here?"

I saw the man wearing a well-tailored British-style three-piece suit, retro and chic, and his appearance is considered to be of the highest quality. With this suit, he can be regarded as a handsome man, but his eyes are cloudy and lifeless, and he looks overly indulgent. .

However, no matter what happened to this man, it had nothing to do with her anyway. Selena continued to stare at Daniel without even looking at him, and said casually, "There is someone."

Selena didn't play cards according to the routine at all, which made Wang Shengzhe stunned for a moment, and then smiled, "Miss is really good at

joking, I have been paying attention to you for a long time, and you seem to be alone."

Selena was speechless, you still asked after knowing.

Seeing that Selena didn't dump him very much, Wang Shengzhe became even more excited, his eyes swept over Selena's whole body like a radar.

A man like Wang Shengzhe who hangs out with women knows more about women than women, so he quickly found a topic, "Is the dress on the lady from Zeling?"

Hearing the word Zeling, Selena finally reacted, "Yes, what's up?"

Seeing that he found the right entry point, Wang Shengzhe immediately looked complacent, and continued the conversation along the topic, "This is ordinary ready-made clothing, right?"

"That's right." Selena nodded, wanting to see what he wanted to say.

"Miss, did you not order a high-end custom model? It seems that the order for the Zeling high-end custom model has been scheduled for more than half a year. It is really not easy to decide on one. However, I know the internal staff there. If the lady likes it, I can I can order one for you!" Wang Shengzhe showed his hospitality.

Selena smiled calmly, "How embarrassing is that! You don't get paid for nothing!"

When Wang Shengzhe heard that there seemed to be some play, his attitude became more attentive, "Oh, Miss is modest, for a beauty like you, your existence is a kind of credit! It is pleasing to the eye and the eye!"

As Wang Shengzhe said, his eyes swept across the girl's gentle eyebrows, delicate nose bridge, cherry-like lips, and the slender and soft waist like a willow under the outline of the cheongsam...

## Chapter 1103

The girl's clothes are very conservative, the length is below the knees, and the neckline is wrapped up to the neck, but there is a sense of restlessness all over the body.

Definitely a stunner!

The light in Wang Shengzhe's eyes was even stronger, and he had already made up his mind to get this woman. As for Mo Lingtian's reminder just now, he was completely overwhelmed by beauty.

"By the way, after talking for so long, I still don't know your lady's last name? My surname is Wang, and my name is Wang Shengzhe." Wang Shengzhe asked, and quietly moved a place towards Selena.

Wang Shengzhe thought he was good at picking up girls, but Selena's eyes were almost turned to the back of her head.

what! He is Wang Shengzhe who is known as the number one seductress master in the imperial capital?

Just this level?

"I..." Selena said quietly, while raising her eyebrows, she looked at the Great Demon King who was approaching her step by step not far away.

snort! Having chatted so happily with my childhood sweetheart, I finally have time to take care of her! Selena thought bitterly.

When Wang Shengzhe looked at the girl looking in a certain direction, the look in his eyes that seemed to be angry or not angry made his heart itch even more, this look is so attractive!

At the same time, Selena held her chin, smiled lightly and answered Wang Shengzhe's question, "My surname is Ning now, and my surname is Lu in the future."

Not far away, Daniel was originally in an attitude of killing everyone, but when he heard Selena's words, his brows and eyes were as gentle as water.

The surname is Lu... Take my surname...

This answer is brilliant! As expected of his wife!

"Oh? Which way?" Wang Shengzhe asked.

"Daniel's Lu." Selena replied.

Selena had been staring at Daniel for a long time just now, but Wang Shengzhe finally understood, and a sneer flashed across the corner of his mouth, "Hehe, Miss Ning, do you have a big appetite? Do you even dare to be named Lu?"

Selena raised her eyebrows, "Why don't you dare? I've made up my mind that Daniel won't marry in this life!"

Wang Shengzhe almost laughed out loud when he heard that, "Everyone in the imperial capital wants to be Mrs. Lu, do you think, do you want to be useful? Why don't you think about something practical?"

Wang Shengzhe said, trying to reach out to Selena...

However, at this moment, Daniel had already walked up to the two of them.

"Hey! Mr. Lu, you..." Seeing the person coming, Wang Shengzhe thought that the person was looking for him, and was about to talk to him with a flattered expression.

However, the man's eyes didn't rest on him, but focused on the girl opposite, his eyes were gentle and tender, and his tone was even more doting: "Wait for me to go home together at night."

Selena smiled and nodded, "Got it!"

The extremely brief conversation between the two of them was enough to scare Wang Shengzhe's face livid.

This, this, this... these two people... what's going on...

Could it be what he thought it would be...

"That... Mr. Lu... you... I..." After Wang Shengzhe realized the relationship between these two people, Hun'er almost lost his fright, and stammered at the man in front of him.

Daniel's gaze froze Wang Shengzhe who was already dumbfounded and speechless, and then left without saying a word.

Although he didn't say a word, Wang Shengzhe felt as if he had just experienced a death under the sight of a man...

After Daniel left, Wang Shengzhe looked blankly at Selena who was opposite, "You...you you you...and Daniel..."

## Chapter 1104

Selena smiled slightly, "That's what you think."

Wang Shengzhe: "..."

After a long while, Wang Shengzhe almost scrambled back and ran back to settle accounts with Mo Lingtian...

"fcuk! Mo Lingtian, why didn't you tell me that girl is Daniel's woman?"

"Didn't I say that?" Mo Lingtian looked at the sweaty face of the other party, who looked like he had just been tortured by a ferocious beast, as if he didn't listen to the old man's words and suffered a disadvantage in front of him.

"When did you say that!" Wang Shengzhe almost collapsed.

"I told you not to play dead. Is there anyone in the imperial capital that you dare not dig up? Wouldn't you just use a method of elimination and get out?" Mo Lingtian said in a natural tone.

Wang Shengzhe almost choked to death, "It's over, it's over! What to do! Dmn! I actually went to hook up with Daniel's woman just now! Should I buy something to accompany that lady? She seems to like Zeling's clothes very much." , or I can get a few more high-end pieces to send over?"

Mo Lingtian glanced at him, and said softly, "That girl is Zeling's boss!"

Wang Shengzhe: "..."

In the scene that happened just now, in the eyes of others, they only saw Wang Shengzhe hooking up with the girl, then Daniel walked over, Selena was in the corner, and Daniel turned his back to everyone, just covering the Selena, so everyone only saw that Daniel seemed to have said something to Wang Shengzhe, and then Wang Shengzhe suddenly ran away as if he had seen a ghost...

I don't know what Daniel said just now?

However, there are also people who understand.

"Hahahaha... That guy Wang Shengzhe really did his best this time! He even dared to dig Daniel's woman!" Ling Fei laughed so hard that he fell down.

Everyone at the scene was at a loss, only a few people who were closer to Daniel's circle and knew Selena's identity knew the situation.

Zhao Haisheng hugged his wife with a smile on his face, "But we can't blame Wang Shengzhe, who would have thought that if he hooked up with a random girl, it would be Daniel's!"

"Speaking of which, are Daniel and that Miss Ning planning to keep it secret?" Ling Fei frowned.

"Didn't you hear last time that Miss Ning couldn't disclose her relationship because of her job?" Zhao Haisheng said.

Ling Fei looked in the girl's direction and sighed, "Actually, I think this girl is pretty good. If other female stars get on Daniel's thigh, they can tell the whole world. That Su Yi from Shengshi Entertainment Do you know Mo? He has nothing to do with Daniel at all, and he still calls himself the future Mrs. Lu, the woman Daniel really loves... Actually? Daniel probably doesn't even know who she is!"

"It's true! Although I've only met twice, this girl is really nice and special. She scares us half to death every time hahahaha..."

...

In a secluded corner of the garden where there is no one.

Holding a goblet in his hand, Guan Rui looked in the direction of the pond from a distance through the cover of branches and leaves.

Guan Ziyao looked a little nervous, "Father...is this method...really possible?"

Guan Rui took a sip of his red wine, "Many of the guests who came today were officials from government departments, even the leaders of the discipline inspection department, and even the stern and selfless Judge Liang... If she killed someone in full view, this time, even Daniel can't protect her! Even if he manages to save his life, do you think it's possible for a murderer to enter the Lu family?"

## Chapter 1105

Guan Ziyao frowned slightly and looked at the woman in white skirt who was talking to Selena, "There will be no problem with Li Rong, right? What if she doesn't die..."

"She will definitely die!" There was a trace of murderous intent in Guan Rui's eyes.

The implication is that even if he did not die, he had already made arrangements at the hospital to ensure that nothing would go wrong.

After all, it was the first time to do something that involved human life. Guan Ziyao's fingers trembled slightly when she heard the words, but she soon calmed down. She was just trying to stop that insidious woman from deceiving Daniel again. She was not wrong...

Moreover, she has already failed so many times, this time no more accidents are allowed, and extreme means are unavoidable.

This time, Selena must have no room to stand up!

Thinking of Daniel's unfeelingness, all her worries were thrown to the back of her mind,

Guan Rui patted his daughter on the shoulder, "Go get ready! It's time for us to play soon! Call your Uncle Lu and Aunt Lu together! Let them see the scene of Selena's murder with their own eyes, it will be more interesting... .."

"Yes, father!"

...

After Wang Shengzhe was beaten away by the big devil, Selena finally calmed down. She got up in a good mood and got up some fish food and stood by the pond to feed the fish.

A large group of fiery red koi surrounded them, greedily scrambling for food, which was quite interesting.

Selena inexplicably thought of Saul's goofy foodie, took a random picture and sent it to him.

He was feeding happily here, when suddenly there was a sound of footsteps beside him.

Selena thought it was another boy who came to strike up a conversation, but when she looked up, she found a frail strange girl in a long white dress.

The girl was wearing make-up on her face, but she still couldn't stop her pale and sickly complexion. Selena took a closer look, but she really didn't recognize her, and she didn't know what the visitor meant, so she didn't take the initiative to speak, and just looked at her quietly. want to do something.

The girl looked her up and down with eyes like she was looking at trash, looked critically at every part of her body, and sneered, "Oh, you're Selena? Your skin is thicker than a city wall! Do you want to enter the Lu family too?"

Selena raised her eyebrows subconsciously when she heard this.

Yo, this woman looks soft and weak, I didn't expect her mouth to be so poisonous.

However, she was sure that she didn't know this woman... What's going on?

When things go wrong...there must be a demon...

Just as Selena was speculating about the intention of the woman in the white dress, the woman's words became more and more unpleasant, "Do you think that dressing up like a lady can cover up the fact that you were raised by a vulgar country woman? It's just one A lowly ba5tard who can't get on the table really thinks of himself as an onion! There are things born by mothers but not raised by mothers!"

Hearing the last sentence, Selena suddenly narrowed her eyes, with a hint of coldness in them.

Seeing her reaction, the woman became even more energetic, and continued provoking each sentence, each sentence became more ugly.

"Who doesn't know how chaotic your entertainment industry is! It's just a thousand people riding thousands of people crossing stinky female cousins! What are you pretending to be innocent! Shameless b!tch..."

Seeing that Selena was so calm, the woman in white skirt didn't get angry for a long time. When she said this, she directly poured the red wine in her hand on Selena's head and face.

Selena's face and hair were covered with red wine, dripping down, her clothes were all wet, she was in a state of embarrassment, her slightly drooping eyes were full of sinister expressions...

## Chapter 1106

The woman in the white dress looked happy, so she would always fight back!

So, the woman got even worse, she simply pushed Selena, and pushed Selena's shoulder with her hand, "Stinky ba5tard! How dare you stare at me!"

However...

What the woman in the white skirt didn't expect was that when she pushed Selena, she didn't use much strength at all. Selena's body was like a kite with a broken string. In a second, there was a "plop", and the whole person fell into the pond!

How... how could this happen!

She should have been pushed into the water by Selena! How could Selena be pushed into the pond now!

To make matters worse, the moment Selena was "pushed" into the water by her, Guan Ziyao held Yan Ruyi's arm, and beside him were Lu Chongshan, Mo Lingtian and his parents. Coming around the corner.

At this moment, Selena was pushed into the water.

So, everyone saw the scene where Selena was pushed into the water.

At the same time, some servants nearby also noticed someone falling into the water, and they exclaimed loudly:

"Ah...someone's overboard! Someone's overboard!"

"A lady fell into the pond!"

"Hurry up and save people!!!"

...

At this moment, Yan Ruyi and Lu Chongshan were also shocked.

what happened! ?

The woman who was pushed down just now seemed to be Selena?

"Come here! Is there anyone who knows how to use water! Hurry up and save people!" Mo Jianzhang hurriedly asked people to go down to save people.

As a result, at this moment, there was a "plop" and the sound of falling into the water.

"Ah! It's Mr. Lu who has gone down!" A servant exclaimed, "Mr. Lu, be careful!"

"Daniel!!!" Yan Ruyi's face turned pale with anxiety.

Lu Chongshan's face also changed slightly, "It's okay, Daniel is good at water!"

Mo Jianzhang did not expect such a thing to happen, "This pond is very deep, and there are many big rocks in it, it is very dangerous to go down like this!"

"I'll go too!" Mo Lingtian said as he wanted to get into the water, but was grabbed by a few servants, "Master, it's dangerous, the security guards are here!"

At this moment, Guan Ziyao on the side never expected that the person who fell into the water was not the person they had arranged, but Selena. She was stupefied when she stayed there, and even Guan Rui was full of gloomy faces, looking at her with vicious eyes. He glanced at the girl in the white skirt.

The girl was obviously also completely dumbfounded, and she trembled in fright after being glared at by Guan Rui.

At the same time, in the depths of the pond, Daniel finally found a hand and hurriedly pulled the girl over.

Just about to bring him up, the girl held him down and didn't let him move, and then wrote three words on his palm with her finger...cooperate with me

Others may not know it, but Daniel knows very well that with Selena's skill, it is impossible for a weak girl to push her into the pond so easily. On an occasion

like today, there is absolutely no one who would choose to hurt Selena in full view. .

Therefore, there is only one possibility, that Selena fell into the water on purpose.

However, even though he guessed it, he still jumped down in shock when he saw her fall into the water, for fear of any accident.

Even if this girl has a conscience this time, she knows to notify him in advance!

Daniel was so angry that he pinched the girl's waist. Selena's waist hurt, and she couldn't help but widen her eyes, complaining, "Dmn, baby, I almost couldn't hold my breath from being pinched by you!"

## Chapter 1107

After staring, he politely bit Daniel's lips, and then continued to write in Daniel's palm...Pengci

Selena didn't understand at first what the woman in the white dress meant by provoking her like a madman. The moment the woman threw wine at her, she almost couldn't help but fight back.

Fortunately, I reacted at the critical moment, and simply acted first, turning Pingci into a counter-pengci!

Nima! With your clumsy acting skills, you still play Pengci with me, right? I'm playing you to death!

Naturally, Daniel knew what Selena was thinking. It's not like there is no other way for this girl to solve it. Does she have to make such a fuss every time... Exciting?

This time, when he was watching her helplessly, he didn't know what to say anymore...

At that time, he was across the pond. Although he was dealing with the guests who kept coming to talk to him, he always kept his attention on Selena.

Selena was feeding the fish at first, then a girl in a white skirt was talking to Selena with her back turned in his direction, and then the scene just happened before he could react at all...

In fact, Selena also knew that at that time, she could really stay away from the right and wrong place when she found out the other party's intentions, but that would be too cheap for the other party, and she was really unwilling to bite the other party, so she resolutely bit back up!

It's not over!

Just as Daniel and Selena were flirting underwater, everyone on the shore went crazy.

"Oh my god! What can I do! Why hasn't Daniel come up yet!"

"Don't worry, don't worry! Security is already here!"

...

Guan Ziyao was already very anxious at the moment, and hurriedly winked at the woman in the white dress beside her. It would be terrible if this woman was caught and confessed to them.

Because Cao Lirong is a distant relative of the Guan family, she was able to come to the banquet because she asked Mo Lingtian for an extra invitation.

Originally, they thought that if they had a position to catch Selena, who would have known that they would become their biggest target in the end!

After receiving Guan Ziyao's reminder, the woman in white skirt turned pale and wanted to sneak away while the scene was chaotic.

As a result, just as he was about to sneak away, he was caught by Zhao Haisheng who was next to him, "Dmn! You woman! Where are you going! You want to run after pushing someone!"

"I didn't! I didn't push her!" Cao Lirong screamed.

Ling Fei also grabbed the woman's arm, "Everyone has seen it, and they still want to play tricks!"

After Zhao Haisheng and his wife yelled at him like this, other people also found out.

Mo Jianzhang immediately asked people to control this woman.

Guan Ziyao had no choice but to bite the bullet and say, "Uncle Mo, Cao Lirong is my younger sister, it must have been just a misunderstanding!"

Mo Jianzhang saw the girl in the white skirt push the person down just now, so his face was sullen, and there was no room for change in his expression, "No matter what is going on, we have to wait until the person comes up! This lady is still here Can't leave!"

In the corner, Mo Lingtian looked at Guan Ziyao with an eager expression, and a trace of imperceptible coldness flashed across his eyes.

The security guards entered the water one after another, and the super searchlights also shone towards the pond, looking for the person who fell into the water...

At this moment, with a "crash", Daniel finally landed, holding the dying Selena in his arms.

## Chapter 1108

When Yan Ruyi saw the woman in Daniel's arms, she showed such an expression, it was really Selena, no wonder her son danced so fast!

However, how could Selena have a conflict with this relative of Ziyao's family and was pushed into the water?

"Let." Daniel coldly repelled the guests blocking the way, and with the girl in his arms, he walked quickly towards the door...

An hour later, a high-end private hospital in the imperial capital.

This hospital is owned by the Lu Corporation. In order to cooperate with his wife's performance, Daniel called the hospital in advance, so Selena was directly pushed into the emergency room.

In the corridor, Lu Chongshan, Yan Ruyi, Guan Rui, and Mo Jianzhang were all there, as well as Guan Ziyao and Mo Lingtian.

On the bench in the corner, the girl in the white dress who just pushed Selena into the water was sitting tremblingly.

Not far away, there was a sound of footsteps coming from far and near, and several police officers in uniform came over, shook hands with Mo Jianzhang and said hello, "Minister Mo!"

Mo Jianzhang hastily greeted the visitor.

Seeing that Mo Jianzhang had called the police, Guan Rui's face darkened immediately, "Minister Mo, it's just a small matter of bickering and fighting between the juniors, why bother the comrades in the police station?"

Guan Ziyao also said, "Today is your Uncle Mo's birthday. I'm afraid it's not good to make a fuss like this. Let's settle this matter privately. I'll make Rong Rong apologize to Selena later!"

As Guan Ziyao said, he glanced at Mo Lingtian for help.

Mo Lingtian had been a little absent-minded since just now, and felt that Guan Ziyao's request for help seemed to be signaling him to help with a few words. Mo Lingtian frowned, looked at the red light in the emergency room, but still did not speak.

Lu Chongshan thought for a moment, and then murmured, "Old Mo, today's incident will really have a bad impact if it gets serious. If the child is fine, then let's go private!"

Guan Rui immediately followed Lu Chongshan's words and said, "It's just drowning, how can there be any serious problems, such a trivial matter, it really doesn't need to be so motivating."

The implication is that Mo Jianzhang is too fussy.

As everyone knows, if the person lying here today is Cao Lirong and Selena is the pusher, he will only make troubles worse until Selena is doomed. He has even planned to drag Cao Lirong's unreasonable relatives back home Come and make a fuss...

Mo Jianzhang listened to the advice of his two friends, and his expression began to waver...

However, at this moment, the emergency door was suddenly pushed open, and a little nurse rushed out in a hurry, "Which of you is the family member of the patient? The patient suffered cardiac arrest and needs to sign a critical illness notice!"

As soon as the little nurse finished speaking, there was a dead silence in the entire corridor.

Guan Ziyao and Guan Rui glanced at each other, their faces were extremely ugly, it was just drowning, Daniel went down to save people at that time, how could it be so serious!

"I am." Daniel, who had been silent since just now, took the critical illness notice from the nurse and signed his name.

Afterwards, Daniel's gaze swept across Guan Rui and Guan Ziyao with extreme coldness, and his voice was freezing cold, "Is deliberate murder a trivial matter in your eyes?"

Seeing that the hospital had even issued a critical illness notice, and that the girl was Daniel's girlfriend, Mo Jianzhang also knew that it was absolutely impossible to suppress it so easily, so he didn't hesitate anymore, and immediately explained to the police comrades in front of him, "Xiao Chen, take him away."

## Chapter 1109

Then, one of them walked over and handcuffed Cao Lirong's hands with a cold face.

Cao Lirong immediately looked towards Guan Rui and Guan Ziyao with horror on her face, "Ziyao...Uncle Guan...help me...I didn't push her! She fell by herself! I really didn't push her! "

However, several people in the corridor, including Guan Ziyao and Guan Rui, all saw her pushing someone with their own eyes, so how could they believe what she said.

Yan Ruyi frowned, her expression was very displeased, how could the Guan family have such relatives?

Although she didn't like Selena very much, she didn't want her to die.

And now the person who pushed Selena into the water was a member of the Guan family, so she had to think about it.

Guan Rui wanted to talk, but Mo Jianzhang said directly with a cold face: "I'm sorry, brother Rui, this time the incident was really too big, the victim's life and death are uncertain, and there are so many guests at home, including many government officials, this kind of thing happened under the nose of others, I must give everyone an explanation."

Guan Rui froze there, choked so hard that he couldn't say a word. These words were supposed to be his lines, but now they all became the reason for the other party to block him...

"Uncle Guan, save me! Uncle Guan! I really didn't push her..." the girl in the white skirt screamed and was taken away by the police.

Guan Rui stood there with a dark face, the more he thought about it, the more strange he became, what was going on?

Their plan was clearly flawless, why did Selena become the last person to fall into the water?

Could it be that when Cao Lirong carried out the plan, she accidentally pushed her down?

It's really not enough to succeed but more to fail!

"Rongrong has no grievances with Selena, how could she be deliberately murdered! It doesn't make sense at all!" Guan Ziyao said hastily.

"It really doesn't make sense, so someone must have ordered it. I believe the police will find out the real murderer." Daniel's short sentence actually pointed the finger at the Guan family.

Guan Ziyao never thought that she dug a hole for herself, and there was no blood in the scene.

If Cao Lirong really had to confess to them, it would be over...

Even if their original plan was not intentional murder, but framing Selena, once they are discovered, the nature will not make any difference at all...

The lights in the emergency room were still on, and everyone in the corridor had different thoughts.

The phone in Daniel's pocket vibrated, and a message was sent – Baby, in order to be realistic, you must act sad! Let me teach you, imagine what it would be like to have a dead wife...

Seeing Selena's text message, Daniel's face darkened completely, this girl! Can such words be said nonsense?

Daniel's acting skills were already good, but when he was pissed off by Selena's text message, his expression became even uglier, almost like the expression of his dead wife...

Guan Ziyao had a slight suspicion that there might be some problem, but when she saw Daniel's expression, she thought it was unlikely.

Even if they were beaten to death, they wouldn't have guessed that they were going to play a trick against Selena, but Selena reversed the trick. Moreover, Daniel also fully cooperated with her performance from the beginning to the end, helping her to make a fool of herself...

It's just that Selena made up her mind to go to the end this time, and she thought that there was nothing to miss, but she didn't expect that there was still one thing that was missed.

With a "ding", the elevator door opened.

At the end of the corridor, a person ran quickly towards the emergency room at the end, holding a small bun in his arms.

## Chapter 1110

"What's going on, what's going on! How's your sister-in-law? How could you fall into the water after attending a banquet so well?" Saul hugged Rick, panting, and asked urgently.

When Yan Ruyi saw that Saul had brought Rick along, his expression changed immediately, "Why are you here? You brought Rick to this kind of place!"

Lu Chongshan said displeased, "It's just nonsense! Take Rick back quickly! The hospital is very bad luck!"

Saul wiped off his sweat and said, "I was obediently taking care of the children at home, but I suddenly received news that my sister-in-law had been pushed into the water, so I hurried over here. I have no choice but to come here with him! I can only bring him here!"

While speaking, Rick's eyes were fixed on the direction of the emergency room, and he struggled vigorously in Saul's arms, with a hoarse cry from his throat.

Saul could only put the little guy down first.

As soon as Rick landed, he immediately ran towards the emergency room.

Staring at the closed white door, with the glaring red light above his head, Rick's face turned pale, his small body shook violently, and then suddenly let out an extremely sharp roar from his throat..."Ah...ah... -what--"

While shouting, he slammed on the door of the operating room.

The child's excited performance frightened everyone. Yan Ruyi hurried over and hugged the child in her arms, "Rick, it's all right! It's all right! The doctor is inside! Auntie Xiaoxi It will come out in a while! Don't be afraid, ah!"

Lu Chongshan also hurried to appease him, "Don't be afraid, Rick. With Grandpa here, someone will definitely get your Auntie Xiaoxi healed! Let's go home first, shall we? You will disturb the doctor's work here!"

However, Rick couldn't hear anyone's voice from the outside world at all, and was still roaring uncontrollably, even his voice was hoarse, and he still didn't stop, while shouting, he slapped the door of the emergency room with his little hands that were almost red. , the big eyes were filled with great fear and uneasiness, and everyone around him couldn't help but feel moved...

Mo Jianzhang was already blaming himself. After all, Selena had the accident at his place, and he was absolutely to blame.

And Mo Lingtian's figure was shaking, almost unable to stand still...

This is the second time, this is already the second time...

That woman's invitation was given to Guan Ziyao by him! He gave it to me!

"How did this happen! My sister-in-law just sent me a text message and showed me a cute koi! Why did she die in the blink of an eye..." Saul twitched his shoulders, and almost followed Rick with a "wow". Cry out together.

The scene is chaotic...

On the side, Daniel felt a headache from watching this out-of-control scene.

He also didn't expect that Saul would bring Rick here.

The soundproofing effect of the rescue room was very good, and Selena inside didn't know what was happening outside.

However, with Selena's personality, even if she stopped the plan at this moment, she wouldn't want to make Rick sad for a second...

Daniel thought for a while, and prepared to take his son somewhere else, and then secretly tell him the truth...

That's all there is to it.

Thinking so, Daniel walked towards his son, "Rick, be quiet, listen to me, you..."

However, before Daniel could continue speaking, Little Treasure bit the back of his hand, pushed him away forcefully, stared at him with eyes full of fear and anger like a wounded little beast, and stared at everyone. people, shouting at the top of their lungs..."Mother! I want mother...I want mother..."
