

# Cruel Heart Lover Novel

## Chapter 1151

Late at night, in a high-end villa area in the imperial capital.

Susie paced back and forth in the living room, her face full of rage, "I waited all night for the phone call and now you tell me that there was an accident?! You keep saying that everything is safe, you don't need me to teach you how to do things, now that there are so many of you It's just a girl like Travis and a wimp like Zhuang Rongguang who can't handle it! Is that what you do?"

"Little girl! You were the one who said that Travis would never dare to tell the dealer because of Zhuang Rongguang, but now my army is completely wiped out, and it is clearly someone from the dealer's side! Three people folded in, you still dare to yell at me?"

The voice on the other end of the phone was obviously very loud.

"In any case, this matter is also caused by your failure to handle affairs! You must find a way to solve it for me!"

"It was a risk for you to touch the bankers, but now you have already scared the snakes. Do you want me to fall in because of your crap? This matter ends here!" The other end of the phone hung up with a snap.

"You! Hello... hello?" Susie threw the phone forcefully, her face full of sullenness.

...

next morning.

The sun is shining outside, the birds are singing and the flowers are fragrant. Pieces of pink petals are blowing from the mountainside not far away along the spring breeze, and there is a faint fragrance in the air.

Zhuang Rongguang, who used to stay in bed every day and was late for class, got up early in the morning, and then quietly drove to a famous breakfast snack bar in the imperial city all the way to feed his family. The two sisters went to buy breakfast.

Not long after Zhuang Rongguang left, a black Maybach drove slowly, and then stopped in front of the quiet retro building.

Daniel pushed the door to get out of the car, then walked around to the back seat and carried his son down.

As soon as he got out of the car, Rick twisted his body and got off the ground, quickly running towards the gate.

After running to the door, the little guy was stunned.

Because he was not tall enough, he couldn't press the combination lock.

So, the little guy could only bear the humiliation and turned around, opened his short hands, and motioned for his father to hug him.

Daniel watched his son anxiously stretching out his short hands to hug him, and stood there with his arms folded around his chest. He had no intention of hugging him at all, and his attitude was very obvious: call him Dad.

The little bun naturally knew what Papa meant, his cheeks puffed up, his big eyes were full of anger and accusations.

In the end, the little guy took out a small black remote control from nowhere, and after operating it for a while, with a click, the door was opened from the inside.

"Welcome home, cute and cute mother's favorite little master!" The robot mantou opened the door.

The little bun touched the steamed bun rewardingly, then glanced at Papa proudly.

Daniel lowered his eyes and let out a low laugh, with a helpless and doting look on his face. His son's being too smart was also a headache, but who could be blamed for his own inheritance.

After the door opened, Rick ran in immediately.

Daniel saw his son tiptoe and gently unscrew the door of his mother's bedroom. It was a little strange that this time, he didn't go in immediately as usual, but squatted at the door with a somewhat hesitant expression...

what happened?

Daniel subconsciously walked towards the bedroom.

As soon as she got closer, she saw that there were two bags on Selena's bed, clearly two people were lying there...

## Chapter 1152

Selena was in a deep sleep, and next to her was Travis, wearing Selena's pajamas, leaning intimately on Selena's arms...

Daniel's face turned dark for a moment.

She came back in the middle of the night from a long business trip, but instead of seeing him, she slept with another woman all night! ?

I don't know if she felt this strong resentment, but Travis opened her eyes in a daze and woke up. Suddenly seeing Daniel at the door from the corner of her eye, she was startled, "Ah..."

At the same time, Selena also woke up. The moment she saw Daniel, her expression changed immediately. She turned over and sat up, and immediately said, "Dmn it! Wife, listen to me..."

Daniel: "..."

As soon as Selena finished speaking, she felt that something was wrong...

Depend on! She fell asleep!

It's all Zhuang Rongguang's fault! Last night, she took a mouthful of a man's and a man's, which made her think that she was really a man!

Selena coughed lightly and scratched her head, then hurriedly switched back to the normal state, "Master Boss, why are you here? Oh, and my steamed stuffed bun! Go outside and wait, Mama will wake up soon..."

Rick nodded obediently, then obediently went to the living room.

Daniel pinched the center of his brows, "You guys change your clothes first."

Then gently closed the door.

Selena was looking for clothes for herself and Travis, when she turned her head and saw Travis sitting on the bed with a displeased expression, she asked nervously, "Kerr, what's wrong?"

Travis looked up at Selena, and muttered, "I don't know why, but I always feel that Daniel hates me!"

The corners of Selena's mouth twitched slightly, "You don't care what he does, as long as I like you!"

"En." Travis nodded, feeling happier now.

Selena spoke domineeringly, but her little heart was already thumping. It was obvious that the big devil's epic vinegar jar had been overturned again...

Selena put on her clothes and walked to the living room, the little bun immediately ran over, his face was full of seeing each other every day.

Selena happily picked up the little bun, and rubbed against his soft little face, "Aww, bun, I miss you so much! Mama k!ss me!"

From the corner of the eye, she saw Daniel in a noble and glamorous dress, sitting on the sofa. After Selena coaxed the little bun, she immediately leaned over and k!ssed the man on the corner of his lips, which the little bun couldn't hear. The voice whispered in the man's ear, "Of course... I miss my heart..."

Daniel's face turned dark, but he was still calmed down by the girl's sweet words.

However, he did not forget the most important question, with a suspicious look on his face, "If I remember correctly, it was already midnight when you arrived in the imperial capital last night."

The implication is that it is obviously unreasonable for Travis to appear with her at this time.

While speaking, Daniel's eyes fell on the sofa opposite, there were obviously signs of someone sleeping there.

At this time, a doorbell rang.

Could it be that kid Zhuang Rongguang?

Selena immediately went to open the door, and the person standing outside was indeed Zhuang Rongguang.

“Sister! Sister Xi! I bought you breakfast!”

Selena scratched her hair with a headache, and then explained to Daniel inside the door with a tone like a primary school student reporting homework to a teacher, “It’s actually because Zhuang Rongguang got into trouble again and angered Chief Zhuang, so Travis He brought him to me to take refuge overnight...”

## Chapter 1153

Zhuang Rongguang heard that his IQ was finally on the line this time, and immediately looked at Daniel and said, “I’m sorry, brother-in-law Xi, I’m bothering you!”

Hearing Zhuang Rongguang’s “Karen”, Daniel’s expression softened significantly.

Seeing that the crisis was resolved, Selena finally breathed a sigh of relief, and secretly gave Zhuang Rongguang a well-done expression.

Zhuang Rongguang looked at Selena with an indescribable expression...

Since the acquaintance, every time I saw Selena, the other party was arrogant like “I am number one in the world”. This was the first time I saw her so afraid of being alone.

Well, this is the legendary... Is it fear of guilt?

Zhuang Rongguang carried more than a dozen large and small bags in his hand, and the breakfast he bought was very rich, more than enough for the five of them.

"Sister, you eat steamed buns! This is your favorite Yixinglou crab roe steamed stuffed bun! You can't even buy it in line, because the owner of the store knows me so he put me in the queue!" Zhuang Rongguang handed over a delicate small box Go to Travis.

Then, he non-stop approached Selena, "Sister Xi, I don't know what you like to eat, so I bought a little of everything, and you can eat whatever you like! It's all famous food from the capital where I lined up. Bought from a time-honored brand!"

When it comes to eating, drinking, and having fun, Zhuang Rongguang is quite good at it. The breakfasts he bought are indeed famous snacks in the capital, and he has to queue up very early, obviously he put his heart into it.

"Thank you!" Selena first found Rick his favorite shrimp buns, then handed a pancake fruit to the big devil next to him, and said softly, "Master Boss, you must have never eaten this before! Try it, It's delicious!"

After speaking, he graciously fed it directly to the mouth of the Great Demon King.

Seeing the girl's attentive and careless appearance, Daniel had obviously been completely groomed at this moment. He lowered his head and took a bite of the girl's hand.

"How is it? Is it delicious?" Selena asked.

"Brother-in-law Xi, don't look at this thing as cheap, but what I bought is definitely the best pancake fruit in the whole capital!"

"Not bad." No matter where he bought it, it was purely because his wife fed it deliciously.

While eating breakfast, Zhuang Rongguang's eyes kept falling on Daniel's body nonchalantly. The way he looked at Daniel was even more reverent than Selena.

He had heard of Daniel before, and when he heard that his family intended to marry the Lu family, he was very disdainful at the time, thinking that he was just an ordinary businessman who just wanted to make more money.

Now he has completely changed his view. How can a man who can handle Sister Xi and even make Sister Xi behave like a woman in front of him, how can he be an ordinary person!

I'm getting more and more curious... How did he manage to get Sister Xi?

After breakfast, the siblings also knew that Selena had just returned from a long business trip, so they tactfully proposed to leave without disturbing the family of three.

Before leaving, Zhuang Rongguang took advantage of Selena's conversation with Travis, and sneaked up to Daniel to ask the question he had been thinking about while eating, "That...Karen...I can ask you A question?"

"ask."

"Hey, I'm just curious, you...what did you use to get Sister Xi in the first place?" Zhuang Rongguang asked humbly for advice.

Hearing this, Daniel glanced at the young man out of the corner of his eye, and then acted like he was in deep thought.

Zhuang Rongguang held his breath and waited for the other party's answer.

After a while, Daniel finally said, "Pretty."

Zhuang Rongguang: "..."

The author's Weibo is doing a forwarding lottery, interested friends can go and have fun... My Sina Weibo id: 囡囡youyao's scarf

## Chapter 1154

Zhuangzhai.

After Travis and Zhuang Rongguang arrived home, Zhuang Rongguang took a lot of effort to dig out his moldy schoolbag from his messy room.

Almost all the textbooks in the schoolbag are brand new, and there is also a brand new English dictionary and learning machine inside. All the stationery is very complete, and they were all prepared by Travis herself...

Zhuang Rongguang patted the dust on his schoolbag, and then found a set of high school uniforms that he had never worn from the messy closet. There was also a shiny school badge pinned to the school badge, engraved with the words "Didu Hongwen Middle School .

After finding the school uniform and schoolbag, Zhuang Rongguang found a haircut pusher, went to the bathroom, and pushed his most precious cool hairstyle directly into the most hated and old-fashioned crew cut.

Wiping the small hair on his face and neck with a towel, Zhuang Rongguang stared blankly at himself in the mirror for a long time, until tears welled up in his eyes.

The boy supported the washstand with his fingers, took a deep breath, forced back the tears, then returned to the bedroom, put on his school uniform, and carried his schoolbag on his back.

Zhuang Rongguang closed the door and left his bedroom.

When passing by the door of Travis's room, Zhuang Rongguang stopped, looked at the frail figure in the room who had been protecting him since childhood, and called softly, "Sister..."

Travis was folding clothes in the room, when she heard the voice, she subconsciously looked towards the door, but the next second, after seeing the boy at the door clearly, she froze there, "You... Rongguang..."

The young man is tall and straight, wearing a damp blue school uniform, carrying a schoolbag on his back, and has neat short hair, which makes him very energetic, especially the light in the young man's eyes, shining brightly, like a rising star Chaoyang...

This... is her brother...?

Although he was still the same person, he seemed to be a completely different person...

She had never seen him like this before...

So much so that for a split second, Travis hardly dared to recognize her, and stood there in a daze without reacting.

Zhuang Rongguang looked at his sister in front of him, and greeted her, "Sister, I'm going to school."

Hearing her brother's words, Travis came to her senses as if waking up from a dream, and said reflexively, "Oh... you go... It should be early at this point, slow down on your way!"

"Yes, I see." Zhuang Rongguang nodded, looked at Travis, opened his mouth as if he wanted to say something, but in the end, he didn't say anything, turned and left without looking back.

Sister Xi said that men should do what they do, not what they talk about.

Travis stood there in a daze for a long time, then hurriedly ran to the balcony, stood on the balcony, staring at the back of Zhuang Rongguang leaving with his schoolbag on his back in a daze, his eyes were sour...

That eighteen-year-old boy seemed to have grown up overnight...

Didu Hongwen Middle School.

Zhuang Rongguang is actually good-looking, but he always wears a heavy metal attire, causing trouble all day long and interacting with bad people outside the school. When seeing him, his classmates would shake their heads and hide if they could.

It's the rush hour for school now, Zhuang Rongguang has short hair, is wearing a school uniform, carrying a schoolbag on one shoulder, with one hand in his pocket, walking on the school's tree-lined road, attracting the attention of many people along the way, especially those female students, gathered together in small groups to chatter and discuss...

"Wow! Who is that boy? He's so handsome!"

"I don't know! I've never seen it before! I didn't even know there was such a handsome guy in our school!!!"

"Uh, why do I feel that I look a bit like Zhuang Rongguang?"

"Zhuang Rongguang? That unorthodox killer...are you kidding me?"

...

There were more and more people talking about it, and finally, one of the girls said impatiently, "You're so stupid, just call out and you'll know!"

After speaking, he made a trumpet shape with both hands, and shouted loudly to the back of the boy in front of him, "Hey...Zhuang Rongguang! Zhuang Rongguang!"

When Zhuang Rongguang heard someone calling him, he subconsciously stopped and turned his head, "What's the matter?"

## Chapter 1155

Behind him, all the classmates who were talking about him just now dropped their chins and glasses to the ground...

"fcuk! It's really Zhuang Rongguang! Has that kid had plastic surgery???"

"Could it be possible that plastic surgery can also fix the brain?"

"Hahahaha that's right, can plastic surgery cure brain damage..."

...

There was a burst of laughing discussions around, if Zhuang Rongguang's temper in the past, he would have rushed forward to provoke trouble, but, probably because of the real life-and-death scene last night, at this moment, I just feel that I was so childish at the time. I want to slap myself.

These people are right, he was indeed quite brain-dead before.

Seeing that Zhuang Rongguang turned his head and saw them laughing at him, he didn't say a word, just turned around and walked towards the teaching building again, everyone was surprised again.

"What's the matter? I took the wrong medicine?"

"It must have been fixed by the family!"

"Isn't there a lot of cleaning up in his house? He just can't support the wall with mud!"

"I feel like I've been stimulated by something..."

"Why are you talking so much? Wouldn't it be nice to have another handsome guy in school? I'll give you Zhang Xiaocao! I'm going to pursue a new goal..."

...

For Zhuang Rongguang, a one-day course is like a year.

Because he had never attended a class, he couldn't understand anything, and it was like listening to a bible all day, so it was even more difficult.

Finally, when school was over, the boy's expression was obviously a little sad, but fortunately, he was only slightly disappointed, and he didn't have any look of giving up...

There were two people squatting in a corner not far from the school gate, wearing exotic clothes and dyed hair, with cigarettes in their hands, staring at the crowd after school while puffing...

One of them took out his mobile phone and made a call, "Hey, Photon, where are you? Why is the phone turned off when I call you!"

"You are opposite." Zhuang Rongguang stood at the gate of the school, looking at the two former buddies opposite and said.

Sun Bin took a mobile phone, looked around the school gate, and then fixed his eyes on one of the boys with a mobile phone in his hand. The next second, the cigarette in his mouth fell to the ground, "You... Photon? "

Zhuang Rongguang hung up the phone and walked up to the two of them, "Is there anything you can do for me?"

Sun Bin and Liang Haoqiang looked at the boy in front of them with a hellish expression, and looked at each other.

"Photon, are you alright?"

Zhuang Rongguang glanced at the time on the phone, looking a little impatient, "I have something to say, I'm going home now."

"Cough, Guangzi, are you angry because of what happened last night? We both really can't do anything about it. Where are we going to raise so much money? By the way, how did you get out later? Did your sister give it to you? Did the money pass?" Sun Bin asked.

"Did you ask your sister for more? Let's go get Ben back tonight! You're so lucky, you can definitely get it back today!" Liang Haoqiang said excitedly, rubbing his hands.

Last night, when he waited and waited but couldn't wait for these two people, he thought countless times that he would beat them up when he saw them again, but at this time, he didn't even have the energy to speak. Don't want to waste on them.

If he was really betrayed by his brother, he could still get angry, but these two... what kind of brothers are they?

"Get out!" Zhuang Rongguang directly said a word to the two of them, and then walked forward without looking back.

## **NEXT CHAPTER**

### Chapter 1156

dealer.

Recently, several old comrades of Zhuang Liaoyuan came to the imperial capital from other provinces to do business, because it was rare to get together, today Zhuang Liaoyuan specially invited those comrades to his home as guests.

Travis entertained the guests in an orderly manner, then went to the kitchen to order the servants to prepare meals.

In the living room, one of the middle-aged men with three-star epaulettes on his shoulders warmly greeted, "How is the old chief?"

"Father has been in the army's nursing home recently, and he is in good health!" Zhuang Liaoyuan replied while pouring tea for them.

"Sister-in-law hasn't been transferred yet?"

"I have already filed a report with my superiors, but it is estimated that it will be difficult to approve it."

"Hey, it's a good thing that Ke'er is by your side. I haven't seen you for a few years. Ke'er is really beautiful now. I don't know which kid will be so lucky in the future!"

"I guess Liao Yuan would be reluctant to marry such a good daughter..."

"Hahaha..."

Listening to the ridicule of his comrades, and mentioning this daughter who is caring and caring in everything, Zhuang Liaoyuan's expression is very comforting. His wife has a very high requirement for confidentiality in military scientific research. She has been stationed in the scientific research room for many years and cannot come back. All the time is given to his career and the country, and he spends most of his time in the army, so Ke'er is in charge of all the family affairs.

"By the way, how is Rong Guang doing recently?" One of them asked casually.

As soon as he asked this question, several other comrades beside him immediately shook their heads nervously at him, why can't any pot be opened and which pot should be lifted!

The person who asked the question just now seemed to be a little embarrassed after he realized it, but he couldn't take it back after all the questions were asked.

Zhuang Liaoyuan looked at the tense expressions of his comrades because they cared about his own face, his face was full of bitterness, his whole life's face was lost by that kid, so why would he care about face!

Even with an iron temper, he is now disheartened...

"Rongguang, let's stay the same!" Zhuang Liaoyuan said.

An old-fashioned sentence has already expressed all the helplessness.

"Hey, by the way, let me tell you some big news. Do you still remember the three drug bosses who ran away four years ago? Old K, Poison Eye and Dragon Head..." Someone diverted the big guy's attention.

"Remember! What's the matter?" Sure enough, everyone was very interested in this topic.

"All arrested! Old K was seriously injured, his face was smashed, the leader was shot in the head, and died on the spot, only Poison Eye was a little better, concussion... now they are locked up in the bureau !"

"Is there such a thing?"

Zhuang Liaoyuan also attracted attention, "Who did it?"

"I didn't find out, the place was remote, there was no surveillance, and there were no witnesses. Later, I found a few gangsters who usually hang out with them. The confessions were consistent that they got drunk and got into a fight, and they started fighting themselves. !Even Old K and Poison Eye themselves said the same thing, judging from the traces at the scene, there is nothing wrong...but I always feel that something is a little strange..."

"Never mind! Whether it's a fight by yourself or someone else, it's a good thing that pleases everyone! Dmn, we killed two of our comrades just to catch these three slipping through the net!"

...

In the living room, Zhuang Liaoyuan and the others were chatting enthusiastically, when suddenly a familiar voice from a young boy came from behind, "I'm back!"

"Hey, Glory should be back, right?" Everyone looked towards the door one after another.

## Chapter 1157

Come back so early?

There was a trace of suspicion on Zhuang Liaoyuan's face, that kid didn't come back after having enough fun outside, not to mention he hasn't been at home recently, and he should have caused a lawless disturbance.

Zhuang Liaoyuan was thinking about this, then turned his head to look towards the door with a stern face, and was about to reprimand like "You still know how to come back" as usual, but the words came to his lips, but he suddenly fell silent ...

The boy who was walking in at the door was wearing a school uniform, carrying a schoolbag behind his back, and had neat short hair. He looked like a vigorous high school student.

This is his... son?

Not only Zhuang Liaoyuan, but the other comrades were also stunned for a long time after seeing it. After all, the last time I saw Zhuang Rongguang, he still had hair longer than a girl, and his body was colorful like a palette.

It is obvious that the boy in front of them is very different from the person in their memory!

"Uncle Zhang, Uncle Ling, Uncle Zheng..." Zhuang Rongguang greeted the guests one by one.

Only then did everyone come to their senses.

"What an honor! I almost didn't recognize it!"

"Isn't that right, I was also stunned for a long time!"

"fcuk! You Zhuang Liaoyuan, did you deliberately sell us badly just now?"

"Sure enough, he is much older and more sensible! I said that the tiger father has no dogs!"

...

"It's just that he is a little bit more human and deserves your praise!" Although Zhuang Liaoyuan was full of doubts, it was obviously not the time to ask more questions, so he could only say something casually.

During dinner at night, Zhuang Rongguang also behaved peacefully from beginning to end.

In the past, this kid hated dinners with many elders present the most. Every time he took a few bites, he got into the room to play games, or simply sneaked out to fool around. The guests are delivered to the door.

After sending the guests away, before the suspicious Zhuang Liaoyuan could ask, the boy looked at his father and said, "Dad, I have something to ask for your help!"

Zhuang Liaoyuan's eyebrows twitched suddenly, boy, he was waiting for him here!

Suddenly being so obedient is because you have something to ask for?

But this time it really cost money, even the most precious hair was lost!

Zhuang Liaoyuan's expression was unavoidably gloomy, and he had already made up his mind that if this brat dared to mention "wandering around the world" again, he would directly sever the father-son relationship with him, fulfill him, and let him wander!

"Tell me, what's the matter." In the study, Zhuang Liaoyuan asked with a serious face.

The boy stood in front of his father, his eyes lingering on his father's hair mixed with a few strands of silver hair for a few seconds, after a moment of trance, he took a deep breath and said, "Dad, I would like to ask you to help me find a tutor, or sign up for a tutor." The cram school, the college entrance examination is still a few months away, I also know that even if my grades are flattering, I will not be able to enter the university. The army, and then continue to study while training in the army, and take the military academy next year."

Zhuang Liaoyuan was stunned when the young man spoke the first sentence, and it was even more rare for the young man to lose his composure after he finished speaking. He looked at his son in disbelief...

Zhuang Liaoyuan calmed down for a long time, and then asked, "What did you just say? You said you want to join the army and take the military academy exam? You asked me to... hire a tutor? Enroll in a cram school?"

Has this kid lost his mind?

## Chapter 1158

"Yes!" The young man replied angrily, his expression did not look like he was joking at all.

"Why do you have such an idea all of a sudden? How can I believe that you didn't come up on a whim this time, or... it was a bad joke or a bet?" Zhuang Liaoyuan's expression was very serious.

The young man gritted his teeth and raised his resolute eyes, "Dad, I am serious this time. As for the reason, you know that I have never had any big ambitions. I just don't want people around me to worry about me anymore. I just hope When something happens, I can protect you, and I will be your support, not a burden, that's all."

After listening to his son's words, Zhuang Liaoyuan couldn't recover for a long time.

If Zhuang Rongguang said something vague and hypocritical like "I want to defend my family, defend my country and make contributions to my career", he would not believe a single word.

However, what he said was this.

Just when Zhuang Liaoyuan was full of doubts, Zhuang Rongguang took out a terrifying long whip from behind his back, and raised his hands in front of his father, "Dad, I wanted to listen to my sister and hide it from you, but, But I really can't get past that level in my heart."

Probably recalling the scene from last night, the boy's body trembled slightly, "Yesterday I left home to get money, listened to what Sun Bin and Liang Haoqiang said, and went to the casino, but in the end, I fell into someone else's trap and lost five million."

"What did you say!!!" Hearing this short sentence, Zhuang Liaoyuan jumped up, and his face suddenly changed.

Zhuang Rongguang moved forward on his knees, put the whip on the desk in front of Zhuang Liaoyuan, and then continued, "Those people are not from the local area, so they are not easy to mess with at first glance, and there are many people. Sun Bin and Liang Haoqiang raised money to redeem me, but they didn't expect to be able to wait until the end..."

"Heh, you expect these two boys to raise money to redeem you..." Zhuang Liaoyuan's face was full of gloom, "How could I, Zhuang Liaoyuan, have such a stupid son like you..."

"Then I did something even more stupid..." Zhuang Rongguang's voice was hoarse, "I didn't dare to tell my family, and there was no one else to ask for help. I had no choice but to call my sister..."

"ba5tard!!!" Zhuang Liaoyuan threw the teacup in his hand directly, and at the same time, an extremely strong sense of foreboding suddenly appeared in his mind, so that his whole face changed, "Did your sister go out last night?" "What's the matter! Tell me!!!!"

If it weren't for something unexpected happened to Ke'er, how could this kid have such a big change!

Based on his experience, it's easy to imagine what might have happened in the situation last night. When he thought of what Ke'er might encounter, Zhuang Liaoyuan's mind just shattered...

"My sister has already brought enough money as they asked, but they still don't let him go, saying that they will charge interest, let my sister... let my sister stay with them for one night..."

In the next second, with a sound of "pa-", the whip in Zhuang Liaoyuan's hand slapped the boy's shoulder forcefully.

Zhuang Rongguang was immediately whipped and fell to the ground.

At this time, the door of the room was pushed open from the outside with a slam, and Travis rushed in with a face full of anxiety, and protected Zhuang Rongguang to prevent his father from hitting him again, "Rongguang! Didn't I tell you not to?" Tell father!!! What the hell is going on with you!"

Zhuang Rongguang turned pale from the pain, "Sister... I don't want to hide in your arms anymore... What I have to bear... I will bear it myself... I deserve it..."

## Chapter 1159

"Ke'er! Get out of the way! I must beat this ba5tard to death today!" Zhuang Liaoyuan was completely overwhelmed by anger at this moment, "I shouldn't have softened my heart last time! I shouldn't have softened my heart! As a result, Miss your sister..."

Why didn't he just kill this ba5tard with a single shot last time! why! Zhuang Liaoyuan was completely overwhelmed by regret! More self-blame for their own incompetence!

If his wife came back and learned of all this... how would he explain to her... and his father...

Thinking of these things, he wished he could kill himself with a single shot and chase this kid to hell!

Seeing that her father had completely lost control, Travis hurriedly shouted, "Dad! I'm fine! I'm fine! I was fine last night!"

How could Zhuang Liaoyuan believe his daughter's words, and roared angrily with scarlet eyes, "Nothing happened! This kid can kneel in front of me now!!! Ke'er, get out of the way!"

"Dad! What I said is true! I didn't lie to you! I was indeed almost bullied by those people last night, but Selena arrived in time to save me and Rong Guang! Rong Guang and I spent the night at Selena's place last night, I just came back this morning! If you don't believe me, you can ask Selena!"

"Selena...?" Zhuang Liaoyuan was slightly taken aback.

"Yes! Father, the three arrested drug dealers you discussed with your comrades today, I heard from your description, seem to be the three people from last night! One of the three was snatched by Selena. I was killed, the other was knocked out, and the other one was beyond recognition, because when Selena came over, I saw that this person was bullying me, beating him the hardest... So it should be the three of them that can't be wrong... .." Travis explained with the fastest speed.

Hearing this, Zhuang Liaoyuan's out-of-control anger finally subsided a little, "What you said...is it all true?"

"It's absolutely true! Dad, think about it, if something really happened to me last night, how could I still look like a normal person today?" Travis said hastily.

Hearing this, Zhuang Liaoyuan's tense face softened a little, and he finally believed his daughter's words completely.

Then, Travis told her father about the situation at that time in detail, and then said worriedly, "Dad, will Selena be okay? After all, it is a human life! I have always worried that she will be implicated by us!"

Hearing this, Zhuang Liaoyuan said with a cold expression, "What can happen? Even if something happens, I won't let her have it!"

Hearing this, Travis finally felt relieved, as long as her father stepped in, Selena would be fine.

At this moment, Zhuang Liaoyuan finally understood why those two people said they were drunk and got into a fight after they were caught. People like them care about face the most, how could they admit that they fell into the hands of a little girl !

As for those little guys, after seeing Selena's skills last night, out of fear, they naturally dared not tell the truth.

"Get up! It's fortunate that your sister is fine, otherwise, even if you have repented 10,000 times, you will not be able to avoid death today!" Zhuang Liaoyuan said coldly.

Zhuang Rongguang held his bleeding shoulder, and with Travis's support, he stood up slowly.

"So, this is why you suddenly woke up?" Zhuang Liaoyuan asked.

Zhuang Rongguang nodded, "I want to be a person like Sister Xi..."

"I'm thankful that you can match that girl with one finger!" Zhuang Liaoyuan snorted coldly.

## Chapter 1160

"Hey, I owe that girl another favor this time..." Zhuang Liaoyuan sighed.

For Selena, Travis was also very touched. It was the first time she met someone like Selena. If someone treats her a little better, she can't wait to show her heart to repay you.

Zhuang Liaoyuan looked up at his son, "I will help you arrange everything you said, as long as you sincerely want to make a change this time! Also, tomorrow is Saturday, take some time to visit you in the nursing home Grandpa, let your grandpa feel at ease! As for what happened last night, you can explain it, but don't be like when you told me, scaring me so much that I almost killed you, your grandpa has a heart attack!"

"Dad, I know, I know what to say!"

"It's good to know, let's deal with the wound!"

"Ok."

...

In the middle of the night, Zhuang Liaoyuan stood by the window with his hands behind his hands, looking at the vast night outside the window with a complicated expression.

I hope this kid can really grow up this time...

Everyone grows up after experiencing the wind and rain, but what about Selena... What exactly did that child grow up to where he is today?

...

the next day.

Imperial capital, history headquarters.

Susie's eyes were cloudy and cloudy, and Dai Wei and some core executives stood beside her.

Things at the dealer's side were completely messed up, and History has also lost repeatedly recently.

Especially in terms of the quality of the new clothing, it is far from the strength of the past. Even though the design department will launch new clothes every once in a while, it is not as good as before. In addition, Zeling and the fashion magazine media are holding on to it, directly Pushed history to the forefront.

As the boss of History's design department, Dai Wei naturally knows that the main problem is all on his own shoulders. If History doesn't produce high-quality clothing designs, Zeling will completely overtake him in the near future.

When it comes to being anxious, the most anxious person present is afraid that no one can compare with Dai Wei.

"what do you want to say?"

Suddenly, Susie turned around, her gaze fell on Dai Wei fiercely.

"Boss... Actually, the design department recently..."

Just as Dai Wei was about to explain something, Susie interrupted him with a wave of his hand.

"I don't need your explanation, I just look at the results." Susie's voice was very cold: "The new models launched by Zeling during this period have become more and more popular, which has dealt a big blow to History, and the market share has been taken by Zeling Most of the time, and what is your design department doing?"

"Yes, in the final analysis, it is the design department that caused the recent turmoil and pushed our history to the forefront... All the responsibilities of the design department should be taken by you, Dai Wei, the design director." A senior executive said.

Dai Wei glared at that person fiercely, and then looked at Susie, but he also felt worried.

"Is there any news about the person I asked you to find?" Susie asked again.

The person Susie was looking for, Dai Wei also knew who it was, that Han Xiao who was called a ghost in Italy.

It's just that Han Xiao's clothing design was only a flash in the pan, and he had already faded out of the fashion circle's sight. It's hard to say whether he still has the same skills as before. Besides, Dai Wei didn't want to get close to that lunatic, so Susie Mentioned, but did not take it to heart.

Of course, the most important thing is that he is worried that his status will be affected...

Find a designer who can stabilize yourself, and it's still such a troublesome role. Isn't this making yourself uncomfortable?
