## Chapter 1191

the next day.

History re-convened the press conference, saying that the press conference was temporarily postponed yesterday because of some accidents.

Zeling studio.

A cold light flashed in Gong Shangze's eyes as he looked at the treasure of the store announced by history in the news headlines on the computer screen.

"Director Gong, isn't this your design again?" Han Momo asked tentatively.

Gong Shangze nodded, but there was no anger in his eyes, "And it's my earliest work..."

Some of his early works, although immature, have a childishness and innocence that long-term practitioners absolutely do not have.

This kind of feeling cannot be imitated by the designer no matter how much experience and practice he has, and it is this feeling that makes this design even more commendable!

Sure enough, looking at the comments on the Internet, although there is no such amazing and praiseworthy words as Zeling this time, the evaluation of this design of history is also not bad.

Selena chuckled, "This guy is running out of stock, and the future will only be more difficult..."

"If I remember correctly, there are still some drafts, which are my most proud works. I guess he is going to wait until the critical moment to use them!" Gong Shangze said.

"By the way, Director Gong, even if you can't remember all of your previous designs, you can always remember some impressive ones. Can we release them before him?" Han Momo asked suddenly.

Gong Shangze shook his head, "My drafts and electronic drafts are all on his side, and they are all dated. If I release them first, I will only be regarded as a plagiarist! Not only that, but I must also work hard to get rid of the past designs. Style and elements, not to be confused with those designs I've stolen..."

"I'll go... This is so cheap!" Han Momo was furious.

Selena was about to speak, when the phone rang, and it was from Ling Zhizhi.

"Hello, Miss Zhizhi?"

"There is a celebrity charity dinner tonight. You can attend it. Remember to prepare a suitable charity auction item. It doesn't need to be too expensive or out of the ordinary. I will let Xiaotao accompany you there."

"Okay, I know!"

Selena hung up the phone, then looked at Gong Shangze and the others, "My dears, keep working hard, boss, I'm going to start work too!"

"Boss, please do your best!" Han Momo cheered, "By the way, boss, when will the new movie you mentioned last time be released?"

"Because of the scheduling problem, it has been postponed for a while, but it will be soon..."

"Yeah, I will mobilize everyone around me to join in the show!" When Han Momo said this, she probably would not have imagined that it would be hard to get a ticket. Open the back door for her to get a few movie tickets...

"Thank you..."

...

Today's charity dinner is hosted by a large luxury brand in China. It has invited celebrities from all walks of life in the entertainment industry and political and business circles. It is the biggest charity feast of the year. The entire venue is star-studded, and the political and business leaders also came quite a few...

Selena brought the items prepared for the charity auction, followed by Xiaotao, and had just entered the venue when she saw a familiar figure from behind...

Yun Shen? how is this possible?

Selena's gaze pierced through the crowd, staring closely at the back of the man who had just walked past, trying to see the man's hair color clearly, but the man was quickly lost in the crowd accompanied by bodyguards...

## Chapter 1192

"Sister Xi, what are you looking at?" Xiao Tao asked suspiciously.

That fellow will come to a place like a charity dinner?

Isn't this a joke...

Selena shook her head and didn't think any more, "It's nothing, let's go!"

Nowadays Selena wears Zeling's clothes on many occasions, because this occasion is more important, Selena did not choose a ready-to-wear, but wore a haute couture one.

Han Momo originally urged her to go to the shop, but Selena refused.

With her current status, she can't control the store money, whether it is Luoshen or sentient beings, but one day she will need the store money.

Just as Selena was walking inside, she bumped into Susie who was on the opposite side.

And the suit that Susie was wearing was obviously the store style that History just announced yesterday.

Roman also came with Susie. Susie's long dress was decorated with handmade flowers like the Garden of Eden in a fairy tale world, making her pure, innocent, charming and cute, while Roman beside her Yan was dressed in an elegant white suit, with a gentle and jade-like appearance, and the two of them looked like men and women.

"Selena, you're here too!" Susie naturally recognized her clothes at a glance, "Is the dress you're wearing today Zeling's? It's so pretty! Roman, don't you think so?"

The last time Selena went to Ning's house, she was wearing Zeling's clothes. At that time, she was reprimanded by Zhuang Lingyu and Ning Yaohua for turning her elbows.

If it was a coincidence last time, it can be said that Selena wore Zeling's clothes this time, it was completely intentional.

Susie said these words on purpose, with a somewhat sad and lonely expression on her face, obviously for Roman to see.

However, Roman, who was usually so careful, didn't notice Susie's mood at this moment, but his eyes fell on Selena slightly in a daze.

Selena was wearing a Chinese-style long dress with blue and red embroidery on a white background. The colors were gradually rendered, coral embroidery, and translucent and soft chiffon. She seemed to be surrounded by fairy spirit...

The person in front of him is clearly close at hand, but it gives him the illusion that he is so far away from him, that he can't even touch him...

This feeling inexplicably made his heart tug...

Roman was stunned for a long time before he came back to his senses, nodded and said, "Well, it's very beautiful..."

Susie probably also noticed Roman's trance, a coldness flashed in her eyes, then she smiled and took Roman's arm affectionately and said to Selena, "Selena, apart from the charity auction donated by celebrities, In addition to the items, there are several finale auction items prepared by the organizer. Among them is a crown called queen. I like it very much. Roman said that he will help me take pictures and use it at the wedding... ah By the way, Roman and I are about to get engaged, sister, you must come then!"

got engaged?

Selena raised her brows slightly when she heard this, and got engaged so soon despite her career being on the rise?

It seems that it is really urgent because of the will... Heh...

Xiaotao, who was at the side, could not help showing a bit of suspicion when she heard that Susie called Selena "sister".

Why do you always feel that the atmosphere between these three people is weird?

Also, Susie is getting engaged!

Surprised to know the big news!

"Engagement banquet?" Selena murmured.

"Yes, sister, you will come!"

"Sorry, I've been quite busy recently, let's go next time, I will definitely go next time!" Selena said with a smile, then turned and left.

Xiaotao was taken aback for a moment, and then almost burst out laughing.

Behind her, Susie's face turned blue...

next engagement? Dmn it! This is clearly cursing her for divorce!

## Chapter 1193

Roman was taken aback when he heard the words, and then he also reacted, with a slightly ugly expression on his face.

Susie was about to complain to Roman, but because a group of reporters surrounded her, she calmed down and answered the reporters' questions with a smile.

"Susie, did you come here today to prepare any special auction items?"

"It's nothing special, just some personal jewelry."

"Susie's close-fitting jewelry, I guess it will cause everyone to 'raise prices' again later. I remember last year, Susie, you just untied the ribbon from your wrist and sold it for a million!" All the reporters present It was a compliment.

"Everyone is doing it for charity!"

"Then Susie, do you have anything you want to photograph today?"

"There is indeed one thing, and everyone will know later!"

"It's been a long time since Mr. Su made a successful marriage proposal last time. I don't know when we can drink the wedding wine for the two of you?"

Susie glanced shyly at Roman who was beside her, "Hurry up, I'll let everyone know when the time comes!"

...

After Selena entered the hall, the celebrities who had already arrived were chatting enthusiastically. On the stage ahead, the host and the auctioneer were making preparations for the auction.

"Sister Xi, I'll go and deliver the items to be auctioned!" Xiaotao said.

Selena nodded, "Go."

Because her coffee place is here, it's not suitable to give too expensive things, so Selena chose a jade bracelet worth about 30,000 yuan and donated it.

Selena straightened her skirt, found a random seat and sat down.

After a while, Xiaotao came back and handed her a number plate. Every guest has one of this plate, which is used to raise the plate when the auction will be held later. unuseful.

After the guests gathered, the host said enthusiastically on the stage, "Dear guests, welcome to our annual star charity gala. This time our theme is: Make charity a fashion..."

After a simple opening speech and speeches by representatives of stars and philanthropists, the party entered the stage of charity auction.

The first link is to auction items donated by the stars on the scene.

Some of the items donated by celebrities are brand-name bags of the brands they endorse, commemorative clothing, and portable jewelry.

Because it is a charitable donation, there is no reserve price for all of them, but basically the final price will be higher than the original price, and the price is largely related to the status and fame of the star.

Due to the schedule, Su Yimo from Glory World Entertainment was not present this time, so Susie was the one who attracted the most attention.

What's more, today she attended with Roman in a high-profile way. One is the head of Star Entertainment, the daughter of the Ning family, and the other is the hottest celebrity in the upper circles of the imperial capital. The two of them naturally focused on everyone on the scene. gaze.

"The item below is the diamond bracelet that Miss Susie wears next to her body. There is also no reserve price. Everyone can start bidding!"

As soon as Susie's auctioned items came out, the scene immediately erupted with calls one after another.

"One hundred thousand!"

"One hundred twenty thousand!"

"180,000!"

...

"500,000!!!" A rich businessman with a beer belly directly offered a high price of 500,000, which caused an uproar in the scene.

The original price of Susie's bracelet was two to three hundred thousand at most, but the rich businessman didn't bid from the low to the high, but directly doubled the original price.

## Chapter 1194

Despite this, the enthusiasm for bidding at the scene remained undiminished, and the prices were all increased from 100,000 yuan...

"Six hundred thousand!"

"Seven hundred thousand!"

"one million!"

"1.1 million!"

"1.2 million!"

...

Although Susie and Roman are well-known couples, Susie still has an endless stream of suitors and admirers. Seeing Susie appearing with Roman now, many men The bids were started out of jealousy, plus those celebrities who were cheering for the face of the Ning family and the Su family, the bidding price on the scene has exceeded one million, and it is still increasing, surpassing Susie's own price last year. record of...

Seeing this, many female celebrities at the scene showed envious expressions, "Tsk, it's good to have a background at home...Everywhere you go, someone will support and protect you... Finding a husband is also a well-matched celebrity... How is it like us... ...After doing all the dirty things, they are still just playthings in the eyes of those celebrities..."

“Who will let someone with a good life be reincarnated! He was born with a golden spoon in his mouth, how can it be the same as us...”

...

–“five million!”

At this moment, No. 60 raised his sign.

“No. 60! Mr. Su raises his placard! Five million! Mr. Su bid five million! Is there anyone raising the price! Is there any...” On the stage, the auctioneer looked excitedly at the audience and shouted.

It was Roman who bid!

Roman actually opened five million in one go!

There was an uproar at the scene.

The owner of the family has come out, and they have already set such a high price all at once. Naturally, those who just showed up won't bid anymore. As for Susie's admirers, they are all famous and respectable, so that's enough, no. On this occasion, it was really too ugly to be jealous, so I had to accept the sign unwillingly.

“Is there any price increase? Is there any more? No? Once on the 60th! Twice on the 60th! On the 60th... three times!!!”

The auctioneer asked three times in a row, and when no one made any more bids, he dropped the gavel in his hand with a “bang”, “Our Mr. Roman has become the winner of Miss Susie's diamond bracelet! Congratulations, Mr. Su!”

All the guests below laughed and ridiculed, “Hahaha... Young Master Su became so angry that he became a beauty!”

Susie looked at the man beside her, eyes full of admiration, "Roman, why are you..."

Roman looked at the girl next to her tenderly, "I was planning to take a picture of you, how can you let others take pictures of your close-fitting things!"

Many people remembered that last year Susie's personal jewelry was taken by Ning Yaohua, and this year was taken by Roman, they couldn't help but secretly lamented Susie's good life...

On the stage, the auctioneer teased a few words, blessed Susie and Roman, the golden boy and girl, and then continued with the next auction, "Okay, our auction continues! The next auction item is... "

The auctioneer paused, and then said, "The next auction item is a jade bracelet donated by Miss Selena from Glory World Entertainment!"

Hearing the voice of the auctioneer on the stage, Selena raised her eyebrows slightly in the corner.

Her auction item was right behind Susie?

Xiao Tao who was beside her glanced in Susie's direction, and immediately looked resentful, "How could it be so coincidental to be behind Susie! Could it be deliberately arranged by someone!"

Susie was so showy just now, anyone who was behind her would be oppressed.

## Chapter 1195

"Miss Selena once participated in Director Guo's hit costume movie "The World" with our Susie, and played the role of the second female Meng Change in it, which was deeply loved by the audience..." The auctioneer gave a brief introduction Information about Selena.

"The World" was indeed very popular, but when it was put together with Susie, a female lead and a female supporting role, it was instantly overshadowed.

And in those celebrity circles, almost no one knows such an artist who plays a supporting role.

After the auctioneer's introduction, Selena got up and greeted everyone.

When they saw Selena herself, there was a lot of exclamation at the scene.

"Hey! When did such a stunner appear in the circle? She's so pretty!"

"There are a lot of beautiful female stars in the circle, and they have been pinched one after another. Can you see it?"

"This is different! This one is so beautiful! Look at that figure... So far, the only available role is the second female lead? It looks like there is no one yet!"

"What? Mr. Sun has an idea?"

"Hehe, it's a little..."

...

Of course, there were quite a few people in the celebrity circle who recognized Selena. Several celebrities beside Susie couldn't help talking after seeing Selena, "Isn't this the adopted daughter of the Ning family?"

"Ning's adopted daughter? The one adopted from the countryside?"

"That's right! I saw it last time at Mr. Ning's birthday banquet, she was right!"

"No way! It's changed so much? The first time I saw her was at Susie's coming-of-age ceremony, and that woman was still dressed like a piece of trash..."

"It's said that he was kicked out of the house because he snatched Susie's boyfriend to seduce Roman. Later, he didn't know where to get plastic surgery. Now, with a vixen's face, he's sharpening his head and going into the entertainment industry! If you want to become a phoenix, you don't want to piss and take care of yourself..."

...

"Okay, everyone can start bidding!" the auctioneer said.

However, as soon as the words fell, the audience fell into a weird silence, and for a while, no one made an offer.

In such an occasion, there will never be a situation where no one bids, unless...someone deliberately manipulated it secretly...

Xiaotao gritted her teeth, "I knew someone would play tricks on purpose, but luckily we were prepared for it!"

"Are you ready?" Selena asked, tilting her head.

Xiaotao nodded, "Just to prevent this situation! I'll notify him immediately!"

In order to prevent this embarrassing situation where no one is asking for a price or to deliberately raise the price, many people will prepare some babysitting for emergencies, and Ling Zhizhi on Selena's side also prepared in advance.

Just as Xiaotao was about to notify the other side, someone in the crowd suddenly raised a sign – "1 yuan!"

Accompanied by this voice, the scene suddenly burst into laughter.

Someone actually offered a price of one yuan, who is it?

The auctioneer also laughed, "On the 17th, Mr. Qian asked for... 1 yuan! Mr. Qian is really humorous..."

Mr. Qian was the rich businessman who bid the hardest when Susie's bracelet was auctioned just now.

"Dmn! It's so deceiving!" Xiao Tao was half dead with anger. That Qian Zong is definitely Susie's person!

Fortunately, at this time, another boss made an offer..."Ten thousand!"

"No. 39! Mr. Sun offered 10,000!" The host said, looking at the slightly fat middle-aged man not far away.

When everyone heard that it was Mr. Sun who rescued Selena, they all showed meaningful expressions. Who didn't know that this was a famous womanizer, and now playing this game of hero saving the beauty, it was obvious that they fell in love with Selena's beauty. Want to take a dive...
