

Cruel Heart Lover Novel

Chapter 1196

Seeing Mr. Sun's offer, Roman's face darkened slightly, and he moved his hand holding the sign, but Susie covered the back of his hand calmly.

On today's occasion, many people knew about the entanglement between Selena and them. If Roman helped Selena, they would not know what kind of gossip would arise...

Susie hurriedly said, "Roman, it's fine, with Ling Zhizhi's method, there must be someone on my sister's side who is ready to make a rescue..."

Roman temporarily suppressed the impulse in his heart, but seeing the almost undisguised salivation of Mr. Sun when he looked at Selena, his heart was still indescribably irritated.

"Mr. Sun asked for 10,000! Is there anyone else?" the auctioneer asked.

..."Ten thousand and one yuan!"

On the seat at the farthest corner that was not covered by lights, a person held up a sign quietly.

"Pfft... Ten thousand and one yuan? I laughed so hard! Is there such a price?"

"It's only one piece!"

"Who is this?"

...

The host looked dumbfounded, but the other party didn't violate the rules, so he could only say, "Mr. No. 8 offered 10,001 yuan!"

Mr. Sun frowned, and held up a sign: "Twenty thousand!"

No. 8 continued to offer the price: "Twenty thousand and one yuan!"

President Sun gritted his teeth: "Thirty thousand!"

Number eight continued: "Thirty thousand and one yuan!"

...

The two people's asking price provoked laughter from the audience, "Hahahaha...I'm dying of laughter! Who is this No. 8? Could it be Selena's babysitter?"

"This babysitter is too unprofessional! Did someone raise the price like that? It's a shame!"

...

The corners of Selena's mouth twitched and she turned to Xiaotao, "Number 8... is our babysitter?"

Xiaotao looked dull, then shook her head like a rattle, and said excitedly, "How is that possible! Why would Sister Zhizhi hire such a stupid babysitter! I just called, but I don't know what happened, and suddenly I couldn't reach us Man! I don't know who this guy is! Dmn it! Could it be that Susie stepped in to make trouble? It must be! It's too much!"

Xiaotao almost exploded with anger.

However, Selena felt that things were a little weird, so she turned slightly and looked into the corner of No. 8, but the distance was too far, so she really couldn't see who was there.

In the end, even Mr. Sun didn't want to continue asking others for a price in such a shameful manner, so he gave up the price in a huff. Naturally, no one else would ask for another price. In the end, Selena's jade bracelet was sold by No. 8 for 30,001 The price of 1 yuan was photographed.

The original price of Selena's bracelet was 30,000 yuan, but the price that was auctioned off was exactly one yuan more...

Everyone at the scene looked at Selena with expressions of contempt, "I'll just say it! Adopted daughter is adopted daughter! Finding a babysitter is so blind! To raise the price so much! It's ridiculous!"

"Hahahaha...isn't it! It's a joke in the world!"

"The ones from the countryside are ignorant! I hired a trustee, but I can't bear to spend more money! I have to do this! Understandable, understandable hahaha..."

...

Susie turned her head slightly to look at Janice who was beside her, with a very happy expression on her face, she lowered her voice and said, "You arranged this person? You did a good job!"

This Janice finally did something decent!

Janice was actually at a loss right now, she didn't know where the No. 8 came from, but after hearing what Susie said, she didn't deny it, and could only laugh and laugh.

Chapter 1197

"Roman, let me tell you that my sister will make arrangements! The price of my sister's chain is not too low, it should be about the same as the original price!" Susie looked at Roman with an innocent expression. .

At this moment, Roman couldn't help feeling a little thankful that he didn't take the liberty to ask for a price just now, otherwise it would not be Mr. Sun who would be ashamed now, but him...

In dealing with these matters, Selena is still not mature enough...

Until the end of the auction of items donated by celebrities, Xiao Tao was still a little bit aggrieved, so she almost left the table and rushed over to see who the culprit was, but was stopped by Selena in the end, if Xiao Tao ran to No. Side, isn't it more proof that No. 8 is the person they arranged.

Next, start the second round.

The second round is the auction of the ten finale treasures prepared by the organizer. These items are all treasures raised by the organizer from the society. The part of the auction price that is higher than the original price will be used for charity.

Many celebrities in the political and business circles at the scene came here for these treasures, and the atmosphere on the scene became lively again. The auction was in full swing, and the transaction prices of the items were also very impressive.

Susie took a picture of a pen made of pure gold, expressing that she would use it as a gift to her father, and won praise from the audience for her filial piety.

As for Roman, until the ninth item was photographed, he didn't ask the price. Everyone at the scene couldn't help being a little curious and asked.

"What? There are so many treasures today, Young Master Su didn't like any of them?"

"Yes, I'm waiting." Roman glanced at Susie beside him, and then smiled.

Susie also smiled shyly.

As soon as the voice fell, the host's voice sounded on the stage, "The last item on display now is also the finale treasure of this time. It is called queen, and the crown is inlaid with 12 Colombian pear-shaped emeralds. The total weight of the gemstones is 600 carats, and the weight is astonishing. It was once specially customized by King Charles of Country Y for Queen Eugenie, representing his loyal and unswerving love for the Queen. , this time we will auction it for charity..."

As soon as the introduction came out, everyone suddenly realized that it seemed that this item was what Roman had been waiting for.

The two are getting married soon, this crown is obviously intended to be used by Roman to make the beauty happy as a token of love!

"Hey! My wife is also interested in this thing, so I must take pictures today, but now it seems that there is little hope..." One of the rich young men looked at Roman with a helpless expression.

Several other wealthy businessmen and celebrities who came here for the crown also laughed, "Anyway, you have to try it!"

Many people have taken a fancy to this finale treasure, and a few people came for it. They are all eager to try it at the moment, but Roman's face is calm, with an expression of absolute certainty.

The Ningsu family joined forces, and the business is getting bigger and bigger, especially the Su family, whose business has expanded overseas and their

financial resources are astonishingly strong. It is estimated that it will be extremely intense...

Even the auctioneer's tone was extremely excited, "Now, the auction begins! Please bid!"

"Twenty million!"

"Okay! Mr. Zhao is asking 20 million for No. 31 now! Is there any more!"

"Twenty-one million!"

"The asking price is 21 million on the 56th!"

"Twenty-three million!"

"Mr. Sun has asked for 23 million yuan!!! Everyone knows that our crown is very precious, and there is still a lot of room for the price...Is there anyone else to continue?"

...

Chapter 1198

Because this item is very expensive, everyone was very conservative when they first started asking the price. Not only was it lower than the reserve price, but it was basically one million or two million plus. The further you go, the smaller the price increase. Especially after the asking price exceeded the reserve price of 30 million yuan, everyone's asking price was even more conservative.

Because when the bidding exceeds the reserve price, it means that the auctioneer may lose money.

Of course, because the reputation of this item is there, even if it exceeds a little, the auctioneer will not lose too much, not to mention whether it can be

successfully auctioned on such an occasion is a matter of face, and no one wants to show their strength in front of others. It's not good, so the asking price is still going on...

"Thirty-eight million!" One of the wealthy businessmen shouted in a rough voice.

Hearing Mr. Sun's asking price, everyone present was startled and looked at each other in blank dismay. After a while, only one person said, "Forty million!!!"

Once the 40 million passed, the expressions on everyone's faces obviously began to waver, because the reserve price was too much, and it would not be worth it even if it was taken at this time, so there were only a few sporadic bidders left in an instant. Very interested in this item.

Roman was one of them: "Forty-five million!"

With such a high price, it jumped directly to 45 million, and there was an uproar at the scene.

The auctioneer's voice was already trembling with excitement, "Mr. Roman on the 60th bid is 45 million! Is there anyone else to continue? Although our crown has a reserve price of 30 million, it is rare in the world..."

In order to bid a higher price, the auctioneer began to introduce the reputation and value of the crown in various ways.

After 45 million, there are only four people left to continue bidding on the spot. Apart from Roman, there is also the wealthy businessman Sun Zong who coveted Selena just now, the rich young man Zhao Haisheng who is going to send his wife Ling Fei, and the identity of the other person. A bit special, it is Roman's half-brother Su Xun.

Su Xun's reason for bidding, needless to say, was purely to compete with Roman.

Anyone in the circle who knows a little bit knows that because Roman suffered from lung disease and was in poor health when he was a child, the Su family was afraid that he would not live to be an adult, so they took this illegitimate son Su Xun over, to the effect that he was raised as Roman's "spare tire". , once Roman died, then Su Xun would take over.

It's a pity that after Roman recuperated in the countryside for several years, not only did he not die of illness, but his health improved a little bit, and he was finally taken back by the Su family.

Su Xun, who was originally trained as an heir, suddenly became an extremely embarrassing existence.

Now the two brothers are fighting each other in the Su family, but Roman is the eldest son and born in wedlock, so Su Xun is in a very embarrassing situation now, but because of the contacts accumulated in the early years, he is still capable of fighting.

On such an occasion, the two brothers fought, and it was also a big drama...

"Forty-six million!" Su Xun followed Roman to ask the price.

Roman: "Forty-seven million!"

Su Xun: "Forty-eight million!"

Roman: "Fifty million!"

Su Xun: "Five... fifty-five million!"

As soon as Su Xun's price came out, many people present looked at him with a bit of a tongue-twisting expression. Just to fight for breath, the second young master of the Su family also fought hard.

"Mr. Su Xun has offered 55 million yuan! Is there any more! Mr. Zhao, do you want to continue?" The auctioneer looked in Zhao Haisheng's direction.

Zhao Haisheng scratched his head, "Ahem...wait a moment, I have to call my wife for instructions!"

There was laughter and teasing at the scene.

Chapter 1199

"Hahaha...then I'll wait for you!" the auctioneer laughed.

Soon, Zhao Haisheng came back from the phone call, and said with a smile, "My wife said it was too expensive to shoot, you guys go on, go on!"

"Ms. Zhao is really virtuous in managing the house!" The auctioneer smiled and said, and then looked at Mr. Sun, "What about Mr. Sun? Do you want to continue?"

"Fifty-six million!" Sun Zhanpeng glanced in Selena's direction, as if to show off his strength to the beauty, he said proudly.

"56 million! Mr. Sun asked for 56 million! Will the two Mr. Su continue!" The auctioneer looked at Roman and Su Xun brothers with bright eyes.

Su Xun's complexion was already extremely ugly, and his endurance had reached the limit. If he continued to drive, even if it was photographed, it would be a big loss for him just to hold his breath! His few remaining supporters will also have a problem with him because of his irrational behavior...

In the end, Su Xun could only grit his teeth sullenly and said, "I give up!"

Everyone at the scene burst into laughter, and Susie also had a look of sarcasm on her face, hmph, it's ridiculous that an illegitimate child wants to compete with Roman for the limelight.

Because the competition for this auction was too fierce, Xiaotao was dazzled by what she saw in the corner, and she was so nervous that she almost forgot the anger just now. She pulled Selena's sleeve and said nervously, "Sister Xi, what do you mean by this crown?" Who will be photographed?"

Selena yawned out of boredom, "Who knows... Anyway, it has nothing to do with us..."

What kind of charity dinner? It's enough to watch these so-called celebrities and wealthy businessmen pretending to be there for a long time...

It's better for her to donate the money directly to those who need it, but this is the way this business is, and there is no way to show off. No matter how much she donates in private, no matter how much charity she does, others don't know, and they won't say anything about her Well, of course, she did those out of her heart, and she didn't need to.

Sixty million is a hurdle, and it is estimated that the winner will be decided soon. Selena packed her bags and prepared to leave the venue and go home to sleep...

Xiaotao was still muttering excitedly, "Although I don't want it very much, I guess I will be photographed by Roman in the end... When I was outside, Susie said directly that she came here for the crown." ...The Su family is so rich..."

Sure enough, as soon as the words fell, Roman jumped up and asked the price: "Sixty million!!!"

"Six...sixty million!" The auctioneer's eyes widened, "Mr. Su has asked for 60 million! No one continues? Mr. Sun, do you want to continue the auction? Mr. Sun?"

Sun Zhanpeng blushed and his neck was thick when he was asked, and he didn't speak for a long time. Obviously, the price was beyond his ability to bear.

It's not that he can't afford the money, but spending 60 million just to buy such a gadget, as a businessman, he would never do such a thing no matter how much he wants to save face.

The auctioneer also knew that this price was very rare, so he accepted it and shouted, "Mr. Roman, 60 million a time!"

At this moment, the audience has already started to express their admiration, congratulations and compliments to Roman...

"As expected of the Su family, they really are rich and powerful! Even Sun Zhanpeng stopped cooking!"

"Susie is so lucky. If someone spends so much money to buy a crown for me, I will wake up laughing..."

"Congratulations, Young Master Su! You really worked hard for the beauty haha!"

"What's the deal? To Young Master Su, this small amount of money is nothing more than a drop in the bucket!"

"Hahaha, that's..."

"Remember to invite us to the wedding ceremony of the two of you!"

...

Roman humbly responded to everyone's compliments one by one. In fact, at this moment, he also breathed a sigh of relief. He also knew in his heart that 60 million was already the reserve price in his heart. If Sun Zhanpeng continued to bid, he might not follow again.

However, listening to the compliments from everyone at this moment, she still felt great satisfaction in her heart. Susie beside her was holding Roman's arm affectionately, and her face was filled with happiness and sweetness.

On the stage, the auctioneer has already started to confirm for the second time: "60 million twice!"

"Sixty million...Three times!!!" Following this voice, the auctioneer raised the auction mallet in his hand high. Once the mallet fell, it was unexpected that the auction was completed.

The scene stared with bated breath, waiting for the moment when the hammer fell.

However, just as the auctioneer's hand hanging in mid-air was half down, in the quiet air, in an inconspicuous corner at the back, a sign marked with the number "Number 8" was raised slowly... "One hundred million!"

Chapter 1200

One... one hundred million...! ?

The auctioneer was so frightened that he almost threw the mallet in his hand, and managed to stabilize himself in a hurry, swallowed hard, and said intermittently, "On the eighth... on the eighth just now... I just asked for a price of 100 million! Mr. No. 8 offered a price of 100 million!!! God!"

Among the people who came today, many were anonymous, and No. 8 was one of them, so the auctioneer only knew that it was a man, but he didn't

know where he came from, and he had been calling him by a code name all the time.

After the auctioneer's voice fell, the scene remained silent for a long time. After a long while, everyone gasped one after another as if waking up from a dream. Some even stood up excitedly and looked into the corner where no one cared. It's just that there seems to be only one person sitting at the table in the corner, and it's a place that can't be illuminated by the light. For a while, I can't see who that person is, but I can only see an extremely white hand holding a sign. ...

"I...I'm going! Did I hear wrong just now! 100 million? Someone asked for 100 million? Are you crazy? Who in the imperial capital has such inhumane financial resources? The most important thing is, someone auctioned things with such a price Is it? Sprinkling money to play this is!"

"Isn't it just throwing money for fun! 100 million, just take an accessory!"

"Wait! Wait! This isn't right... If I'm not mistaken, the one holding up the sign just now is... No. 8... No. 8? Isn't No. 8 the nurse of that little artist named Selena? "

"Yes, yes, yes! I remember that too! Just now he raised the price one by one, and it jumped to 100 million! This... what's going on!"

...

Not to mention the celebrities under the stage, the auctioneer himself was stunned. He had been an auctioneer for so many years, and it was the first time he saw such an asking price, and it jumped from 60 million to 100 million in one fell swoop. It's just like playing!

In the end, it was the host who wiped his sweat and ran up to remind him that the auctioneer came to his senses and resumed his duties. He took a deep breath and calmed down and said, "Cough, everyone, be quiet, everyone, our

auction will continue. Just now, Mr. Su offered a price of 60 million yuan, and the third time the hammer has not yet come down, so it is not considered effective. Now, our distinguished guest No. 8 has offered a high price of 100 million yuan for the crown queen! That's right! You heard it right, yes 100 million! Now! Is there anyone still bidding? Is there any more?"

Excited, the auctioneer uttered this series of lines aloud in an encouraging tone.

In his hands, the auctioned item was sold at a price that was so much higher than the low price. This is definitely a glorious resume in his career!

After the auctioneer finished speaking, the scene was dead silent.

The auctioneer's eyes subconsciously looked towards Roman, who was already in his pocket. The latter's face was obviously very dark.

To be cut off suddenly, or at such a price that absolutely crushes him so that he has no strength to resist, no one will be in a good mood...

And Susie, who was enjoying everyone's envious eyes, turned green, and hurriedly looked at Janice beside her, "What's going on? Isn't No. 8 one of yours?"

Janice was really confused now, and she had to tell the truth, "No... No... Actually, I just wanted to say... No. 8 was not arranged by me... I don't know who he is ..."
