

# Cruel Heart Lover Novel

## Chapter 1221

A gleam of pleasure flashed across Zheng Kangde's face, "She made such a big noise this time, I don't believe that Huaying's shareholders have no objections... I don't think she will be able to hold the position of general manager for long..."

Just when Zheng Kangde and Wu Kai predicted with great certainty that Fang Jiayue would fall this time, a wave of energy with huge potential was quietly fermenting and spreading on the Internet...

Time flies...

In a blink of an eye, it was the third day of the release of "Dream Seeker".

The attendance rate of Huaying is still not high, but it is not as bad as Zhang Yong expected, falling below 1%, and even rose a lot.

night.

After a busy day, people come home from get off work, and when they are relaxing and brushing their blogs, they suddenly find that...on the hot list of Weibo...a movie with a name that is unfamiliar to everyone suddenly appeared...Looking for Dreams people!

Weibo Toutiao is a Weibo post by a painter girl.

The words of this Weibo excited Amway to a movie called "Dream Seeker", and it was accompanied by a fan manga drawn by himself. The content of the manga was the classic hilarious clips in the film.

Huashoumeizi has 30,000 Weibo fans, which is actually not very many, but because the clips in the manga are so cute, the number of forwarding snowballs like a snowball, especially because there are many people in the following circles. The famous person also reposted it, saying that he had watched the movie, and at the same time that the wall cracked Amway, they all started drawing fan pictures...

Among the top ten Weibo hot spots alone, three well-known painters' "Dream Seeker" fanart became popular.

In this way, "Dream Seeker" first began to spread in the circle of painters, and then spread to all circles with an unstoppable momentum...

As of ten o'clock in the evening, the trailer posted on the official Weibo of "Dream Seeker", which was originally deserted, was directly topped by enthusiastic netizens. The following voices said that they would go to the theater to watch this drama tomorrow.

Aoo  
oo  
oooooooooooooooooo! My goodness! Why didn't I discover this drama until now!  
Just the trailer alone already made my blood boil!

It has been bent into a coil of mosquito coils, whoever touches me will ascend to heaven!

What kind of feeling does it feel to be turned handsome? Just watch "Dream Seeker" and you will know!

Hehehe, people who have already gone to the theater three times said that the heroine is so amazing, I have already bent into a spinning needle! Wall Crack recommends that you must see it! It's unbelievable that this film was so cold before!

Do you still need to ask, this film is performed by newcomers, the publicity is low-key, naturally there is no attention, it is not like a certain drama that is currently being screened, there is no limit to hype, hot searches, and even privately spend money to buy box office! Squeeze out all the really good-looking movies!

Those who praised Liang Biqin's brain-dead drama to the sky a few days ago, please go to "Dream Seeker", you will hear the sound of crackling! That's the sound of a big slap hitting your face!

...

In this way, "Dream Seeker" suddenly airborne with an unstoppable momentum, and exploded in every corner of the social network.

Netizens who didn't know about this show at all, after watching the trailer, some thought it was good, and some thought it was just a bloody comedy. The comments were too exaggerated. They have all been hooked up, and most of them said that they must go to the cinema tomorrow to see what happened...

## Chapter 1222

In the past, when the Internet was not yet popular, the public could only obtain information through newspapers, television, radio and radio stations, and such media were easily manipulated by organizations or even individuals.

But now is the Internet era, with 800 million netizens in Huaguo, and various new media springing up like mushrooms after rain. The power of the Internet is beyond imagination, and it is extremely difficult to control...

After just one night of fermenting on the Internet, the next day, a considerable part of the audience entered the theater for a film like "Dream Seeker", which had almost no attention before, with a small cost and no hype.

The effect of such word of mouth, once the climate is really formed, is even greater than the effect of spending hundreds of millions on marketing and publicity.

Late at night, a movie theater in the center of the imperial city.

It was already past nine o'clock in the evening. At this time in the past, after the movie in the Golden Field ended, the entire theater was almost empty of customers.

However, today is uncharacteristically, it's already this time, it's not a holiday and there are no activities, but the flow of people in the theater has not decreased but increased.

In the theater, a group of young men and women gathered in groups of three or four, discussing something enthusiastically.

"Usually there is no one at this point, so why are there so many people in today's evening show? I thought it would be just the two of us?" A girl said to her companion.

The companion was also a young girl. Looking at the people around her, she said, "Should many of them come for "Dream Seeker" like us, right? I heard a lot of people talking about it just now!"

"It's really good to watch the trailer, I hope the feature film will not be disappointing! It's just that there are too few cuts for this film, except for the one in the early morning, there is only one in the middle of the night, so we can only come here at night !"

"Yeah, it's already twelve o'clock in the evening after watching it, and I have to go to work tomorrow! I came here specially for this movie. If it doesn't look good, it will be a big loss!"

...

Not far away, a middle-aged man in a suit and leather shoes walked to the cash register with his hands behind his back.

"Manager Zhou!"

"Good evening, Manager Zhou!"

...

Because there were a lot of customers, the two cashiers were rushing to deal with them. When they saw the middle-aged man, they hurriedly made time to say hello.

The manager surnamed Zhou waved his hand, signaling her to leave her alone and keep busy.

It wasn't until 22:00 that the movie was about to start that the two cashiers finally finished their work.

At this time, the manager stepped forward to ask, looking very satisfied, "The traffic flow is good tonight, is there an event in the theater recently?"

The two cashiers shook their heads together when they heard the words, and then one of them said, "Manager, I haven't done any activities recently!"

"What's going on?" Zhou Zhihe asked.

"I took a look, and more than 90% of the customers who came tonight came to see Dream Seeker!" Another cashier replied.

Zhou Zhihe frowned when he heard that, "Dream Seeker? Is that the one that was discussed on the Internet recently?"

"Yes, the number of people watching this movie was quite small in the first two days after it was released. It seems that it became popular overnight!" The cashier explained.

"Manager, not only the evening show, but also the earliest show today has a high attendance rate. Usually, only a few people can sit in a hall, but today's attendance rate is half!" Another cashier said excitedly.

Zhou Zhihe had naturally seen some related content about this film on the Internet, and when he heard this, he showed a thoughtful expression.

## Chapter 1223

After chatting with the two employees for a while, Zhou Zhihe went to the screening hall of "Dream Seeker" to have a look.

Looking at it at a glance, I saw that the attendance rate of the evening show was higher than that of the morning show. In the screening hall that can accommodate about 100 people, the attendance rate almost reached 70% to 80%.

With years of experience, he vaguely judged that this film might have the potential to become a hit...

It's a pity that it collided with Zheng Kangde's movie...

After leaving the theater.

Zhou Zhihe pondered for a long time, and finally made a call.

He was calling the manager of another theater, ready to find out the news.

"Hey, Mr. Zhang!"

"Mr. Zhou, you called me so late, maybe it was because of the movie "Dream Seeker"?" A teasing voice came from the other end of the phone.

"Really? It seems that someone has already looked for you before!" Zhou Zhihe raised his eyebrows.

"Isn't that right? I just talked to Mr. Zhao and Mr. Liang on the phone!"

"Then... what do you say? Is this arrangement going to be moved or not?" Zhou Zhihe asked the most critical question.

"Mr. Zhou, the quality of Shen Mian's film is really good. If it is invested by big names and companies like before, we will definitely re-release it... But the situation of this film...you know it... these days, Things like Internet popularity are very empty, and the enthusiasm of netizens comes and goes quickly. How long can something that becomes popular overnight? What's more, we have an "agreement" with Zheng Kangde. If other films, It's getting hotter, we think it's harmless to increase the screening rate, but Shen Mian... that's Zheng Kangde's deadly enemy..."

"Okay, Mr. Zhang, I understand." Zhou Zhihe hung up the phone after listening.

It's not worth offending Zheng Kangde and his backstage for a "Dream Seeker" with an unknown future.

In fact, it is easy to decide whether or not to change the filming rate of "Dream Seeker", just follow the People's Cinema.

If the leaders in the industry don't move, they naturally won't move either.

At present, it seems that People's Theater is completely on Zheng Kangde's side, and it is estimated that it will definitely not move...

the next day.

The attention of "Dream Seeker" on the Internet is even more popular than the day before yesterday. IMDB's score is as high as 86, and the favorable rate is almost 100%. Everyone who has seen this movie has given it a high evaluation.

Reviews on all movie review sites and social networking sites are being refreshed rapidly...

Because it was recommended by many people on the Internet, I risked not getting up for work the next day in the middle of the night to read "Dream Seeker" with my girlfriends, and it turned out that my wife is really good-looking! Not to mention the ten o'clock show at night, even in the early hours of the morning, it will definitely not be a loss! I have already made an appointment with my best friend to go to the second brush tomorrow!

Dear ones, from today onwards, my sister, I have a new lead.

Ah ah ah ah ah! I was so fascinated by a woman that I didn't think about food or tea! Husband wait for me, tomorrow I will continue to go to the cinema to see you!

Actually, the hero is also very handsome! Although there is no female coach... and the interaction between the two is really cute! Although I'm quite old, my girlish heart is thumping, I haven't been this excited for a long time!

Why didn't anyone mention Lin Yu as the supporting actor? ? ? Although Lin Yu looks so-so, she has a special temperament. Does she have a special feel?

## Chapter 1224

The scene where he secretly kissed the heroine on the balcony almost fascinated me! I am planning to go to the cinema to watch it again because of Lin Yu!

Aw! I also stand for the heroine and Lin Yu! Lin Yu's aura is super powerful! He loves and spoils the heroine very much, every time the heroine encounters difficulties, he is always by his side, and he always helps the heroine hide her identity! It's a pity, why didn't the heroine choose Lin Yu in the end!

Not only the hero and heroine but also the male supporting role, the heroine's best friend Ning Xiaomeng in the film, and the hero's best buddy Jiang Xiaohai are all very lovable! The interaction between Ning Xiaomeng and the heroine is also all kinds of cute! Jiang Xiaohai is simply the joker of the whole show! I didn't have much hope when I went to see it at first, but I didn't expect it to be so beautiful! To be honest, it's been a long time since I've seen a movie with a good script and all the actors have online acting skills! This is simply the conscience of the industry! Five stars recommend everyone to watch! You won't be disappointed!

All the actors in this film performed very well, but it is obvious that the core inspiration of the whole play is the heroine. I later found out that the heroine is Meng Changge in "The World". When she was filming "The World", I have already paid attention to her, she is definitely not a vase like the outside rumors, she is definitely an acting school!

There is another very important thing, haven't all of you discovered that the director of this film is Shen Mian? Shen Mian who made "Stars, Sun and Moon" that year, and Shen Mian who made "Love in the Future"! Over the years, Shen Mian's films have gotten worse and worse, and I have been disappointed many times, but this time, I am really excited, Shen Mian finally returns as king!

Ah, I hear you guys really want to watch it, but it's so annoying, why is our "Dream Seeker" show not early in the morning or late at night! The working party usually has no way to see it! Can only wait for the rest day!

Actually, you can go to the theater staff to give your opinion, or call to complain, and ask them to arrange more shows. If there are more people requesting, the general theater will increase the number of shows!

...

While discussions about "Dream Seeker" were in full swing on the Internet, there was a private room in a high-end hotel in the imperial capital.

Zheng Kangde and Wu Kai called several leading actors in the play to accompany them, and invited the managers of major theaters. The purpose is obvious, to ensure that they will not be affected by the comments on the Internet.

After drinking for three rounds, under Zheng Kangde's various sugar-coated bombs and hints, several theater managers, headed by the manager of People's Cinema Cui Zhihao, expressed their reassurance that Zheng Kangde's films will never be affected. The screening rate of "Dreamman" will never change.

After all, after managing so much money, they have to abide by the rules of the industry.

"Director Zheng, don't worry. I've seen this kind of way a lot. The comments on the Internet are all mixed with true and false. Most of them are false. Within three days, this false fire will go down!"

"That's right, Shen Mian is obviously dying!"

...

However, three days later.

In the past three days, the number of viewers of "Dream Seeker" has not decreased in the slightest, but has become more and more popular. With the screening rate of all major theaters less than 10%, the single-day box office is getting higher and higher. Finally, this On Saturday, the single-day box office exceeded 100 million!

What does it mean to have such a high box office with such a low screening rate? It means that the attendance rate of "Dream Seeker" is astonishingly high.

In all theaters, whether it was the unpopular shows in the early morning or late in the evening, the shows were full.

## Chapter 1225

At the same time, crazy customer suggestions and complaints have almost wiped out major theaters. Every day, countless customers strongly request to increase the number of screenings of "Dream Seeker".

"Manager, what... what should I do? I have received hundreds of calls today asking for an increase in the number of "Dream Seekers"!"

The same conversation took place in the offices of major theater companies.

However, due to the pressure from Zheng Kangde, all the managers have reached a united front. In the face of the customer's request, they have not changed the film schedule, and are still trying to force the customer to watch the movie "I Only Like You"... ..

Such consequences are.

On the fourth day of the weekend, all the netizens' love for "Dream Seeker" and their anger towards brain fragments and theaters reached their peak.

While the popularity of "Dream Seeker" soared, Zheng Kangde's film was scolded by netizens.

Liang Biqin pays back my box office money! I didn't have such an intuitive feeling before watching "Dream Seeker"! After watching "Dream Seeker", I realized that something that was filmed in more than ten days is not considered a movie at all, but a tool for making money!

Liang Biqin's goofy comedy is completely vulgar in aesthetics, there is no laughing matter, and the whole audience is embarrassed! Going to watch "Dream Seeker" is simply a cleansing of the soul!

The trailer for "I Only Like You" reveals a feeling that we are a vulgar comedy. After watching it, I found that it is not as good as the trailer (stand up)

Eating sh1tty movies!

Is it not good to live? Why should I watch Liang Biqin's movie?

What's the matter, why is the screening rate of "Dream Seeker" so low? I wanted to book a ticket for "Dream Seeker", but all I checked was Liang Biqin's stupid film!

Recently, so many people recommend it, "Dream Seeker" is so popular, why is the screening rate still so low? Are the directors of those theaters blind?

Is there anything else I don't understand? Obvious black box operation! Which of those managers didn't take money!

fcuk! I have a sentence that I don't know if I should say it or not! The stagnation of Huaguo movies is caused by these people!

Oh sh1t! It's fine if we like to eat shi, but we are forced to eat shi too! This is Huaguo's movie market!

stand up! People who don't want to eat Shi! Let's protest together! No one should go to the cinema to watch that stupid film!

That's right! Boycott the brain fragments! Brain fragments get out of the film and television industry!

...

Zheng Kangde tried every means to deliberately arrange the release date with "Dream Seeker", but he probably never expected that in the end, he not only failed to squeeze "Dream Seeker" to death, but instead made his film appear in "Dream Seeker". In contrast to "People", it is set off to nothing.

The most ridiculous thing is that Zheng Kangde spent so much money to hype "I Only Like You", and now it all paves the way for "Dream Seeker", because on the Internet today, as long as "I Only Like You" is mentioned, someone must mention "Dream Seeker" for comparison, making the popularity of "Dream Seeker" step on the shoulders of "I Only Like You" to rise rapidly...

On the day of the weekend.

The major theaters lined up for the prime time "I Only Like You" was empty, and there were only a few people in the huge screening hall.

And when it came to the unpopular early morning and midnight shows, the whole theater came alive again. As long as it was in the hall where "Dream Seeker" was played, the attendance rate was as high as 100%. hard to find...

## Chapter 1226

In the cinema.

Zhou Zhihe secretly looked at the packed auditorium, seeing the occasional burst of laughter and excited screams from the audience in the auditorium, his face was a bit ugly...

The deputy general manager next to him also had a sad face on his face, "President Zhou, are you really not going to increase the filming rate of "Dream Seeker"? Recently, our complaint calls have almost exploded, and the attacks and doubts on us on the Internet have also increased." More and more! The most important thing is that the attendance rate of Zheng Kangde's film is getting lower and lower, especially today's big weekend, which should have the highest crowd flow, but the attendance rate is only 6! Most of our

shows are I was assigned to Zheng Kangde, and now I have suffered a heavy loss..."

"What about the other theaters?" Zhou Zhihe asked in a deep voice.

"The situation in other theaters is similar, but there is one exception..."

"Hua Ying?"

"Yes." The deputy manager nodded.

Zhou Zhihe smiled wryly when he heard the words, "I heard that Fang Jiayue raised the screening rate of "Dream Seeker" to 60 on the second day after it was released. The first row in the country' ah..."

The deputy general manager also looked envious, "Huaying must have made a lot of money these days! The audience can't see it in other theaters, but her theater has so many shows, they must all go there...Actually, today I I specially went to see Huaying at a theater in the city center...the popularity..."

The deputy general manager didn't say what happened next, but Zhou Zhihe could already imagine it.

For theaters, the money lost is not only ticket money, but also other incidental consumption brought by passenger flow. The sum of these is definitely not a small number.

At the same time, a theater under the Imperial Capital Huaying.

The entire theater was crowded with people, and there was even a long queue.

Because Huaying gave "Dream Seeker" the highest screening rate, even in the middle of the night, all six screening halls were open, and one of them was a super large screening hall that could accommodate 300 people.

Under such circumstances, some couldn't resist the enthusiasm of customers. There were still many people who hadn't bought tickets, and they were begging for tickets at various high prices on the Internet, and even scalpers were derived...

At this moment, most of the people in the theater are watching "Dream Seeker", and many of them have come to watch it for the second, third, or even fourth time. Everyone has a common topic, and the chat is very lively... ..

"I finally got the tickets, I'm so excited! I didn't expect Huaying to have so many shows!"

"Oh, you guys just found out now! Huaying's shows have always been very high. I have been watching Huaying all the time, and I have already recommended many people to come!"

"We also read on the Internet that some people say that Huaying has a high number of shows. It's too far away from my house, but it's worth it! I'd rather drive two hours to see my Karen than look at Liang Biqin's contrived face at the door !"

"Aww, I really like Karen, have you added Karen's Weibo?"

"I added it, but it's a pity that Karen's Weibo doesn't have men's clothing photos, and he hasn't updated his status recently! What a pity!"

"Everyone work hard to increase the box office, let Karen give us men's clothing benefits when the time comes!"

...

With the popularity of "Dream Seeker" getting higher and higher, the leading actors in the film also became popular all of a sudden, especially the heroine, Selena's Weibo was completely blown up, and the comments and private

messages on Weibo were overwhelming. It was all about confession, and calls for Selena to post photos of men's clothes...

## **NEXT CHAPTER**

### Chapter 1227

Taohuawu.

Selena was reading the comments on her Weibo.

In just a few days after "Dream Seeker" was released, Selena's Weibo fans had already exceeded 20 million, and it was still growing wildly.

Fans spontaneously began to call Selena "Karen" affectionately.

Of course, more people call her "husband" and "male god"...

If Karen posts photos of men's clothing, I'll swallow five boxes of shampoo raw, copy the full episode news broadcast, chop durians with my bare hands, smash boulders in my chest, smash bricks in my forehead, bungee jump without a rope, catch white knives with my bare hands, and eat raw oranges with peels, Hand-copied Chinese dictionaries, idiom dictionaries, English-Chinese dictionaries, Tao Te Ching, San Zi Jing, Shan Hai Jing, 300 Tang poems, and 500 Song poems! Just so confident!

Selena, you are involved in a theft case. Recently, many girls reported that you stole their hearts. Now I will punish you as follows: If you flirt, you will be held accountable! Otherwise we will chase you to the ends of the earth!

Husband, if you are uglier, I might still want to go shopping with you, watch movies, eat western food, take a walk, look at the stars and the moon, from poetry to philosophy of life, but you are so good-looking, I just want to be with you sleep!

What's the difference between a life that can't sleep with Karen and a salted fish?

...

It's probably because Selena portrayed the characters in the movie so deeply. Apart from the confession, many people even asked about Selena's sexual orientation and wondered if she liked girls...

Looking at those comments overwhelmingly wanting to sleep with her, and all of them were girls, Selena said that it felt strange.

Daniel on the side naturally also saw those comments, and said coldly, "Are girls nowadays so... not reserved?"

Seeing Daniel's serious expression, Selena laughed out loud, "This is just a way for everyone to express their liking! For example, I treat you the same way..."

As Selena said, she leaned closer to the man's ear and whispered softly, "Ten miles of spring breeze, it is better to sleep with you, thousands of charming and charming, it is better to sleep with you, three thousand weak waters, it is better to sleep with you, thousands of miles of rivers and mountains, it is better to sleep with you..."

The man narrowed his eyes slightly, turned over and pressed the girl under him, "If you flirt, you will be responsible."

I go! The big devil actually imitated those fans!

It's really learning to use...

Selena hurriedly said, "Of course, no matter how much you tease me, I'm only responsible to you, okay? Besides... I like men, don't you understand that?"

As soon as the words fell, the man kissed the girl's lips vigorously, and he was not satisfied until the girl's lips were slightly red and swollen.

He thought he could take these things lightly, but it turned out that no matter how many times he passed, even if these were girls, seeing them coveting his wife overwhelmingly was still unbearable.

It's just that this girl is getting to know him more and more now, and every time she finds a way to make his depression invisible...

What he taboos and dislikes the most is that his emotions are controlled by others, but in front of her, he is so willing to do so, and even enjoys the feeling of her controlling him.

Selena didn't know what came to her mind, she got up abruptly, "Well, by the way, Daniel, wait for me to get off, I'll change my clothes, you can take a photo for me! Director Shen said that our total box office is about to break five. It's over 100 million, and we need some of our leading actors to give some benefits to fans! I thought about it... Men's clothing photos are the most popular, and they should be the most suitable!"

## Chapter 1228

As it happens, Selena changed her clothes very quickly. After half an hour, she had changed from a little white rabbit in home attire to a handsome, unrestrained and seductive male god.

Selena chose a biker outfit, messy short hair, and a black orange leather biker suit.

In the film, there is a scene where the heroine flirts with a girl on a motorcycle. At that time, the hero has faintly noticed that he has a strange feeling for the heroine. After seeing his good brother flirting with a girl, he feels jealous in his heart, so he struggles in various ways. , thinking that I fell in love with a man...

This is also one of the classic popular clips in the film that fans talk about.

For this clip, Selena pulled out the baby Xiao Hei, who she spent a lot of money to assemble and maintain.

"Honey, can I wear this?" Selena slightly messed up her bangs, then asked Daniel who was on the sofa.

Daniel glanced over the girl, "Yes, do you have a camera?"

Selena directly shook her head and said, "You don't need to be so troublesome, just use your mobile phone to take pictures. You don't need to be too deliberate, you want the feeling that although it's a pose, it's a photo of life! I'll make a set of scenes later, you see Grab it!"

Daniel nodded to express his understanding, and then took out his phone to take pictures.

Selena walked outside the door, holding a handsome black helmet in one hand, and pushed the door open with the other.

He put down the helmet casually, then opened the refrigerator door and took out a bottle of mineral water. After sitting down on the sofa, he seemed to realize that someone was taking pictures of himself. While drinking water, the young man suddenly raised his eyes towards the camera of the phone. , the smile on the corner of the mouth spread like ripples...

The scene of "click" was frozen in the phone and in the eyes of the man.

Selena was about to continue when she saw a man walking towards her with a mobile phone. She thought Daniel was going to take a close-up shot, but the man got closer...

Uh? Is this too... too close?

In the next second, the man put his arm on her side, leaned over, and his thin lips covered hers unexpectedly.

The jaw was pried open, and even after the city gate was opened, the man's k!ss became hotter and hotter...

Selena blinked her eyes in confusion, then panted slightly and pushed the man, "Hey, photographer, why are you not professional?"

The man's gaze deepened, and a deep voice sounded in her ear, "You seduced me."

Selena suddenly had black lines all over her head, and raised her eyebrows slightly, "I'll go! When did I seduce you?"

The man's answer was a more intense k!ss, as if she had seduced him a second before the accusation...

Although the photographer was too unprofessional and easily distracted, it took him more than two hours to take a picture intermittently and crookedly, but fortunately, the professionalism of the photographer is still very good.

Just now Selena saw that he just pressed the shutter casually, but found that every photo he took was of himself looking so handsome!

She was about to be overwhelmed by her handsomeness.

Sure enough, the big devil is reliable, and he can't miss taking pictures with her!

Selena was very satisfied with saving all these photos and using them when needed.

"It's a great shot! It's really a blessing to have a boyfriend who can take pictures..." Selena gave the big devil a "meh" and then asked with bright eyes,

"By the way, Daniel, what are you doing?" De Lin Yu is also very popular, many fans have come to my Weibo to ask you, do you want to consider starting a Weibo or something?"

## Chapter 1229

"No." Daniel said directly.

"Huh? Why?" Selena was puzzled.

Daniel glanced at the girl, "I only want to please you."

Selena was taken aback for a moment, and then she let out an "owwow", indicating that she had been shot in the heart.

Nima, it's too foul for me to only please you...

Well, she subconsciously started making career plans for Daniel just now, but she forgot that this big boss didn't make movies for the sake of acting.

If the entertainment industry is a game, Selena is a player who works hard to fight monsters and upgrade, while Daniel... is simply a g (game manager) who is against the sky...

The next day, the box office data came out, and the box office of "Dream Seeker" steadily exceeded 500 million.

"I Only Like You" has such a big production and big publicity, and it was released two days earlier than "Dream Seeker", with a box office of only more than 500 million.

Previously, "I Only Like You" has been growing slowly after exceeding 300 million. This is because Zheng Kangde and the others spent their own money to buy the box office behind the scenes, while the box office of "Dream Seeker" is going against the current and rising rapidly. .

These days, except for Huaying, the screening rate of "Dream Seeker" is still very low on the surface, but in fact, after seeing the popularity of Dream Seeker, many theaters can't stand it. I secretly increased the number of screenings, such as changing the small hall to the hall, such as changing the cold scene to the golden screen, so that the screening rate remains the same on the surface, but in fact the number of viewers has increased a lot.

In the beginning, because of Zheng Kangde's reasons, they only used this method to secretly increase the number of shows. When they tasted the sweetness, they waited for the data of "Dream Seeker" to exceed 500 million in the morning, especially when it came out at the same time. The news that the film sales have soared from the eighth to the first...

Finally, all theaters can't sit still!

Especially the People's Cinema, which was ranked number one before, is so regretful that its guts are green.

Nima, just because of Zheng Kangde, they were scolded by all the netizens and suffered heavy losses, and let Huaying take advantage of the vacancy and crush them in front of them, it was a big loss!

This time, no matter how much money Zheng Kangde said, Cui Zhihao couldn't listen.

"Director Zheng, you have also seen the current situation. For you, my position as the general manager is almost unbearable. No matter what, I have done my best! Go and read the comments on the Internet yourself! It's not me, if it's yours The quality of the film is a little bit better, but it won't be so bad..."

It's fine if he cheated himself, and also ruined the reputation of their theater, how could Cui Zhihao not be angry.

Zheng Kangde also knew that the current situation was irreparable, so he could only go back with a dark face.

These days, he tried his best to suppress the theaters, and bought a large number of sailors to try to reverse the public opinion. As a result, the more he wanted to reverse the situation, the harder the netizens rebounded. In the end, as long as someone wrote "I Only Like You" Saying a word, you will be bombarded by everyone...

In addition to the Internet, even the mainstream media have joined in one after another!

Almost all the headlines on the front page are headlines like this...

"The Sleeping King returns to create another myth, and may break the domestic box office record", "National daughter-in-law transformed into a national male god: Selena, an actor who combines idolism and strength", "Take you into "Looking for Dreams" Behind the scenes of "People": Make a movie down-to-earth", "The crew of "I Only Like You" bought a navy and was angered by netizens"...

## Chapter 1230

The harder the repression, the more violent the backlash. The current situation of the most domestically produced movies has long been angered by the public. This time Zheng Kangde thoroughly felt the counterattack from the whole people.

On the same day, all the theaters under the Wanzhong Cinema increased the screening rate of "Dream Seeker" to 50. Immediately afterwards, other theaters also began to increase the number of "Dream Seeker". A scary number like 60...70...

The meeting room of Huaying Company.

Compared with the tension of the previous few days, the faces of all the senior shareholders are now full of smiles.

On the big screen in the meeting room, it was showing that Huaying's turnover had soared to the first place, and the meeting room was full of compliments from Fang Jiayue.

"Boss Fang really has rich experience, those of us who don't know how to do it just can't do it!"

"Not bad, because we increased the screening rate of "Dream Seeker" on the second day. Now, no one can praise our Huaying's unique vision and the conscience of the industry! The small loss in the first two days is nothing to mention!"

"This time we leapt to the top of the industry, thanks to Mr. Fang's decisive decision!"

"I heard that other theaters are also busy increasing their screening rate. Hehe, it's been more than a week and it's too late to make up for it..."

"Hehe, Mr. Fang is indeed far-sighted. I questioned Mr. Fang's decision before. Sure enough, there are still many things to learn from Mr. Fang!" Zhang Yong, the deputy general manager who originally expected to replace Fang Jiayue this time, had a face on his face. Don't mention how painful her smirk is.

How could he have known that this extremely cold and low-cost production would explode to such an extent.

How could one know that after ten years, Shen Mian would create another myth...

On Selena's side, she received a call from Shen Mian early in the morning, "Selena, the box office has exceeded 500 million, but don't post photos yet, I'll let Shen Hanchen prepare for the 500 million benefits, and keep yours for the finale." ! Wait until it breaks one billion!"

"One billion?" Selena was a little confused.

"What? Not confident?" Shen Mian's teasing voice came from the other end of the phone.

Selena smiled, "It's enough to have Shen as your guide!"

...

Lu Corporation, staff area.

In the tea room, several little girls were complaining together.

"Have you bought the tickets for "Dream Seeker"?"

"No, our theater has added a lot of shows today, but it was sold out in less than two hours. It's really scary!"

"I snatched two, and two friends wanted to go together, but they didn't get any!"

...

While talking, two people suddenly walked into the tea room.

"Karenong! Karenao!" Seeing the two personal bodyguards beside the president, the employees greeted them very politely.

Without further ado, Shi Xiao and Xiong Zhi took out a lot of movie tickets, and they were all tickets for "Dream Seeker".

"This..." Everyone was a little confused.

"Take it and distribute it to everyone! It's free!" Shi Xiao said with a look of embarrassment.

"Tell us if it's not enough!" Xiong Zhi added.

After the two left, everyone first looked at each other in blank dismay, then scrambled for each other, and chattered.

"What's the situation, this is?"

"I don't know. Could it be that the two of them are also crazy fans of Karen?"

"Uh... Do you think they like Karen in women's clothing or in men's clothing... Cough cough cough..."

"It must be women's clothing! But... it's possible that it was bent, hehehe..."

...
