

# Cruel Heart Lover Novel

## Chapter 1241

Recently, there are countless production teams who have invited Selena to wear men's clothing, but both Selena and Ling Zhizhi believe that too much consumption of men's clothing will stereotype her image, which is not conducive to long-term development, so they have agreed to appear in men's clothing for now. There are only two notices.

Seeing Selena's insistence that it would not hurt to have an extra family, Lin Zhizhi still respected her opinion and contacted the TV station.

On the TV station, on the phone, when the director Wang Shaoyuan heard that Lin Zhizhi said that he hoped that Ke Mingyu could be invited as a male guest, he immediately felt a little embarrassed.

The cooperation with Selena last time was very pleasant, so I made an appointment in advance for another show.

Selena is now popular, and there are countless programs to invite her. He was worried that he would not be able to be in the queue, but he didn't expect that there was a schedule for him. What surprised him even more was that he tried to invite her. Shen Hanchen, Shen Hanchen even agreed, how could he not be happy to invite this on-screen couple who are so popular recently.

But now, Selena has appointed Ke Mingyu as the male guest. Compared with Shen Hanchen, Ke Mingyu's popularity is naturally incomparable...

"Can I communicate with Miss Ning directly?" Wang Shaoyuan asked.

Ling Zhizhi handed the phone to Selena.

Selena answered the phone and said, "Director Wang, hello!"

"Hello, Miss Ning, I heard that you want the male guest to be Ke Mingyu?"

"Yes." Selena nodded, and then said, "I remember that Director Wang promised me that if I would like to appear for the second time, I can appoint the male guest by myself?"

When Wang Shaoyuan heard this, he was a little embarrassed, "Hey, I did promise, but, Miss Ning, if the male guest this time is Shen Hanchen, it will be a win-win situation for both of us. I can guarantee that the ratings will definitely be big." Explosive! So, you see, this person should not be replaced! I really took a lot of effort to invite Shen Hanchen this time, and I can't explain to Shen Hanchen about the sudden change, can I?"

Hearing what Wang Shaoyuan meant, it turned out that he was going to overturn the original promise...

Selena's temperament has always been that others respect me, and I respect others, but now, she has promised her original promise, even if she is popular now, she will still give priority to their programs, but Wang Shaoyuan's side is pushing it down because of the ratings... ..

What the hell! This male guest position was specially won by her for the great devil!

Selena's tone was not annoyed, she just said calmly, "Since that's the case, then, as for the female guest, please ask Director Wang to choose someone else."

On the other side of the phone, Wang Shaoyuan thought that Selena would definitely compromise, but who knew that she would rather not go, so he immediately became anxious, "Miss Ning! Wait! Wait! We have something to discuss, you must calm down, this matter is My fault, my fault, I shouldn't

make my own decisions! But I really thought you would be satisfied with the male guest I invited this time..."

If Selena didn't come, it would be useless for him to invite Shen Hanchen!

Even though she is also the protagonist in the film, Selena, the female lead, is much more popular than the male lead, Shen Hanchen.

It would be great if the two of them could go together...

Hey, it's a pity that such an opportunity to make the show a hit...

Wang Shaoyuan had no choice, lest the bamboo basket fetch water in vain, he could only reluctantly say, "Miss Ning, don't be angry, I promise you, whoever you say will be whoever you say! I will fully cooperate with all your requests!"

...

## Chapter 1242

Wang Shaoyuan really didn't understand why Selena insisted that Ke Mingyu be on the show. Could it be because the senior management of Shengshi Media was planning to praise Ke Mingyu, so they asked Selena to take him? It's quite possible...

Hearing what Wang Shaoyuan said, Selena naturally wouldn't be aggressive, "Thank you Director Wang for keeping promises. As for the ratings, Director Wang doesn't have to worry. I will wear men's clothing on the show."

As soon as the words fell, Wang Shaoyuan was almost dizzy from the sudden pie, "You...what are you talking about? Miss Ning, you mean, you are willing to wear men's clothes on our show?"

Wang Shaoyuan couldn't believe his ears. So many popular program groups invited Selena to wear men's clothes on the show, but Selena rejected them

all. So although he really wanted Selena to be able to wear men's clothes on their show this time, he proposed I dare not mention it, because I know it is absolutely impossible...

In the end, unexpectedly, Selena proposed it on his own initiative. How could this make him unhappy!

Not to mention appointing a male guest, he will agree to any request!

"Miss Ning, don't worry, I will definitely do a good job in this episode of the program. If you have any requests, just ask me! I will explain clearly to Shen Hanchen, so that you will never have any worries!" Wang Shaoyuan After finishing speaking, I hung up the phone excitedly, and then hurriedly reported the good news to everyone.

Ling Zhizhi looked at Selena, her gaze deepened.

In fact, Selena didn't have to agree to men's clothing on the show, but she still did it...

She has devoted 120,000 cents to this Ke Mingyu...

At Selena's age, it's normal for her to be attracted to men, as long as she is careful, it's fine, but she's really a little strange, why is Ke Mingyu the one she's attracted to?

...

Immediately afterwards, Cheng Yanan, Shen Hanchen's manager, received a call from the "Beauty's Private Kitchen" program group.

After finishing the phone call, Cheng Yanan walked to the screening hall and found Shen Hanchen who was watching a movie.

On the big screen of the home theater, "Dream Seeker" is being shown.

He has watched this movie 800 times, and it doesn't bother him...

Cheng Yanan shook her head helplessly, and then said, "Hanchen, the program team of Beauty's Private Kitchen just called, because of some accident, the male guest has been replaced."

"Swapped? Who?" Shen Hanchen turned his gaze away from Selena's face, who had changed into a woman's outfit on the screen, and turned to his manager.

"Ke Mingyu." Cheng Yanan replied.

Shen Hanchen's face suddenly changed, "What? Why did you change people suddenly?"

"It is said that Selena's premise for agreeing to appear on the show is that the male guest must be Ke Mingyu, maybe Shengshi wants to praise Ke Mingyu..." Cheng Yanan explained.

Hearing this, Shen Hanchen's expression became even uglier, and he kicked the seat in front of him, "Are you just watching my show being robbed?"

Seeing Shen Hanchen's excessive anger, Cheng Yanan was a little inexplicable, "It's just a gourmet show, there are more announcements than this popular one, there is no need to get entangled in this matter, and there is no need to have trouble with Shengshi. Xi also promised that if the male guest is Ke Mingyu, she will wear men's clothing on the show, and with such a condition... the beauty's private kitchen must be obedient!"

Seeing that Shen Hanchen's mood was not relieved, but his complexion was even worse, Cheng Yanan folded his arms and looked at his artist, showing a thoughtful expression...

...

## Chapter 1243

After leaving the company, Selena immediately ran to the Platinum Emperor Palace to ask the big devil for credit.

"Master Boss, the guests for the next episode of Beauty's Private Kitchen have been confirmed, and we can go on a date in Taili tomorrow..." Selena said cheerfully.

On the sofa, Daniel put down the book in his hand. With gentle eyes, he hugged the excited girl who came over, "Well, Cheng Feng told me just now."

Daniel is currently under the name of an ordinary second-rate manager named Xu Xiao in Shengshi Entertainment, but all his activities as Ke Mingyu are actually handled by his special assistant Cheng Feng.

"Hmph, that director was so dishonest. He even wanted to go back on his word and invite Shen Hanchen, but I resolutely turned him back!" Selena put on a small expression of rest assured baby, I will support you, and then asked, "Hehe , dear, what do you want to eat, I will make it for you then!"

Seeing the girl's happy face, Daniel's mood was also infected, and he gently stroked the girl's hair, "It's fine."

Selena thought for a while, "Then I'll make the decision. You'll be responsible for eating when the time comes..."

Daniel: "Okay."

...

"Aww~"

Selena and Daniel were talking sweetly, and with a howl, a figure quickly ran in from the door.

The person who came was Saul, who was looking at something with his mobile phone in his hand, and howled angrily as he watched, "Brother! How could you do this! It's just too much trouble! Last time I was going to be a male guest, you just refused to do it for me." , stumbling me, but now you are actually using public equipment for private use and opening the back door for yourself! It is simply not fair that the state officials are allowed to set fire and the people are not allowed to light lamps!"

Saul was obviously talking about Daniel's appearance on the show.

In order to build momentum, the program team has released the news that Selena and Ke Mingyu will be coming to the next episode of the program...

The last time Selena was on the show, the response was already very good, and this time the audience expressed their great anticipation, but many viewers also felt a little regretful, regretting why the male guest was not Shen Hanchen, the heroine of "Dream Seeker"...

Of course, some viewers who like Ke Mingyu also expressed their expectations. This is the first time Ke Mingyu has appeared on a variety show since his movie became popular.

As for Selena's men's wear, the program team has not made it public yet, and netizens are left to wildly speculate and discuss whether Selena's show will be men's or women's wear...

Selena looked at Saul who was accusing, raised her eyebrows and said, "Stop howling, who said that your brother opened the back door for himself, he entered the program group based on his strength, okay?"

Saul couldn't believe it when he heard the words, "It's impossible, don't bully me. As far as I know, the male guest was Shen Hanchen at first, but in the end it was replaced by my brother. My brother must have used special means to cut off the guy behind his back." !"

Selena gave him a blank look, "Fart, obviously I told the program crew that if the male guest is not your brother, I won't be on it!"

Saul: "..."

Saul clutched his throat and almost choked to death on a mouthful of dog food, "You...do you still have humanity!!!"

After speaking, he roared angrily, "Is this also based on strength?"

Selena said in a natural tone, "Of course forget it, I am your brother's man, and my strength is your brother's strength, isn't it? Sweetie, oh?"

As Selena said, she kissed Daniel on the cheek beside her.

Daniel's eyes were full of doting: "Yes."

Saul was so abused that his face was full of lovelessness, "I must not be your real brother or uncle..."

...

## Chapter 1244

The day the show was filmed.

In front of the building of the Imperial TV Station, they learned that Selena would come to the station to record a program today. A large number of fans gathered in front of the TV station's door looking forward to it.

A moment later, a black nanny car stopped in front of the door, and then Selena, who was wearing a light gray British style suit, got out of the car.

As soon as they saw Selena in men's clothing, the fans at the scene went crazy instantly, and some were even so excited that they almost fainted on the spot...

"Ahhh...Karen! Karen!"

"Karen! Look this way!"

"Ah! Husband, I love you! Husband, I want to give birth to a monkey for you!"

...

Shi Xiao and Xiong Zhi had already officially started their duties. They were wearing black suits and sunglasses. They were tall and tall, guarding Selena closely like door gods, isolating the crowd.

Listening to a group of girls yelling about giving birth to the proprietress, the hearts of the two of them almost collapsed at this moment...

Because one of the girls was too excited, she forcibly broke through the security line and rushed towards Selena. Shi Xiao immediately stretched out his iron arm to block her with a dark face.

The girl leaned back due to inertia, and she was about to fall. Selena quickly stepped forward and reached out to hold the girl's shoulders, and then glanced in Shi Xiao's direction with some displeasure, "Hey, my woman Be gentle!"

"Aaah!"

Facing that group of girls who were crazier and could hardly be suppressed, all the security guards including Shi Xiao and Xiong Zhi were heartbroken. Brother, don't increase the workload for us... ..

At this moment, Shi Xiao and Xiong Zhi looked at each other in blank dismay, both in high spirits.

Fortunately, they used to look down on artist bodyguards, thinking it was too simple, but now it seems that this is definitely not an easy task...

Because not only must the proprietress be protected, but also the fans must not be hurt. The most important thing is that the proprietress is too popular now, and the fans are all girls, so crazy that it is terrifying...

After a lot of trouble, Selena finally arrived at the studio.

"Ah! Sister Xi is here!"

"Oh, oh, Karen's men's clothes are so handsome that my legs are weak! The real person is even more charming than the movie! My god, what should I do if I can't do it anymore! It's a pity that Karen has already put on his own makeup, so I don't have a chance to dress him up today, okay? what a pity!"

"The last time I came here, she was obviously a super beauty. It's amazing! I always had a premonition that Selena would be popular, but I didn't expect it to become popular so quickly, to such an extent!"

"It's no wonder the popularity is so high, people kill both men and women! I can already foresee the ratings of this episode!"

"It's a pity that the male guest this time is Ke Mingyu... If it were Shen Hanchen, it would be perfect! I heard that Shen Hanchen will come to the station today to record another program..."

"Well, that's true. Ke Mingyu's character in the film is quite temperamental, but in real life, he is indeed too ordinary, and his appearance is unrecognizable. He has no sense of existence at all!"

...

As soon as they arrived at the place, the director Wang Shaoyuan and others came over to say hello to her. Selena took a quick glance and saw that Daniel had arrived. After saying hello to everyone, she ran directly to the rest area to look for him.

"Ke Ke, you're here so early!"

"Senior." Seeing Selena, Daniel greeted him, and instantly entered Ke Mingyu's state.

Selena almost laughed out loud when she heard that senior, but every time she heard the big devil call her senior, she still felt quite refreshed.

...

## Chapter 1245

After a little preparation, the filming of the show began.

"Hello, audience friends, everyone knows that the female guests of our Beauty Private Kitchen are big beauties, of course they are also this time, but the beauty we invited today is a bit special, there must be many People already know who she is, she is our Selena..." The host Zhu Xiaolan excitedly invited Selena up.

As soon as the words fell, the audience in the audience immediately let out a burst of excited exclamation, and the light board with Selena's name on it was held high...

"Hi everyone, long time no see. It's a pleasure to come to our show again." Selena bowed down in a light gray suit and bowed gentlemanly.

The screams at the scene continued...

The host Zhu Xiaolan's eyes lit up, she stood next to Selena calmly, and reached out to touch Selena's skirt, exaggerating, "Oh my God, I can't believe my eyes, last time When you came here, you were clearly a great beauty, but this time you have become a national male god, the dream lover of all girls, and of course, mine..."

Seeing the host approaching Selena at close range and teasing her ambiguously, the audience screamed excitedly and jealously.

The host chatted with Selena for a long time, until the director in the audience reminded him that he reluctantly said, "I'm going to invite our male guest today, Ke Mingyu, the actor who played Lin Yu in "Dream Seeker" ..."

After Ke Mingyu stepped onto the stage, the host exchanged a few words and put it aside, then immediately changed the topic to Selena, "Karen, what kind of delicious food will you bring to us today?"

Selena glanced at Ke Mingyu who was beside her, "Today I prepared a very common delicacy, omelet rice, but it's very suitable for everyone to cook for your loved ones!"

Ow! lover!

The CP fans of Ji Feixue and Lin Yu in the audience hugged each other excitedly.

Zhu Xiaolan was still a little dissatisfied with the change of today's male guest from Shen Hanchen to Ke Mingyu. Ke Mingyu was deliberately ignored on stage and did not give him the topic. At this moment, he just casually said, "I'm looking forward to it! It seems that today our male guest The guests are lucky!"

"So, can we start now?" Selena asked.

"Of course!" The host greeted him with a smile, and asked shyly, "Karen, is there anything I can do for you? Shall I chop the vegetables for you?"

This is not only ignoring the male guest, but even taking away the male guest's job...

Selena didn't understand what Zhu Xiao'an meant, and said with a faint smile, "Aren't girls' hands used for this kind of thing? Let this kind of thing be left to men!"

Hearing this, even though she was rejected, Zhu Xiaoan still bumped into each other, and the audience below were all drunk.

After successfully protecting her shortcomings, Selena walked to the prepared stove.

In order to give the audience the greatest visual enjoyment, today Selena was wearing British-style suits layer after layer on the left. She was very handsome, but it was a bit inconvenient to cook.

Here she just stood in front of the stove, and she didn't need her to speak at all. Ke Mingyu, who had hardly had any sense of presence since just now, walked up to her very tacitly, and meticulously rolled up her sleeves a little roll.

"Thank you." Selena met the man's eyes and smiled lightly.

...

## Chapter 1246

This is obviously a very common scene, but for some reason, after being made by these two people, it makes people feel sweet and romantic surrounded by pink bubbles.

The fans in the audience were blushing and heartbeating one by one by this scene...

"Oh, my girlish heart! What's the matter with the inexplicable feeling of being abused by a dog?"

"Ahhh...I'm going crazy! I'm so interested and loving! I like Lin Yu and Ji Feixue the most! I didn't expect them to match up so well in reality! My little heart is about to fail!"

"Well, although I've always been the hero and heroine, but when these two are together, it really makes people feel inexplicably very harmonious..."

"Don't you guys think that Ke Mingyu's aura is really super powerful? There is an aristocratic aura in every gesture! And this kind of aura is definitely not something that can be staged... Every time I see it, I feel almost heart palpitations! "

...

Even Zhu Xiao'an, who had repeatedly snubbed Ke Mingyu from the sidelines, had to admit that there was indeed a special attraction to Ke Mingyu at the moment.

After Selena thanked her, she tilted her head slightly, and told Ke Mingyu in a low voice what needed his help.

Ke Mingyu nodded slightly, and went to prepare the ingredients.

Every sentence and every small interaction between the two of them perfectly matched each other, and the reaction of the audience was as if they were watching a romantic comedy, with bursts of excited screams bursting out from time to time...

The director Wang Shaoyuan did not expect the two people to have such a good effect after they appeared on the show. He was already grinning from ear to ear. He originally planned to create some gimmicks and sparks for the two, but he found that the two are naturally warm and romantic. The effect of the atmosphere is better, so they are completely free to play...

The audience in the audience expressed their satisfaction with this...

"Aww...I feel like I'm not here to watch the food show, but to watch the side story of "Dream Seeker"!"

"Yeah, yeah! Ji Feixue and Lin Yu's sweet married life is amazing...they are so loving!"

...

With the cooperation of Ke Mingyu, Selena's omelet rice was finished soon.

After wrapping the super good rice with eggs, Selena picked up the ketchup on the side, thought about it, and wrote on the omelet rice: i love u.

Seeing that Selena wrote "I love you" in English on the omelet rice, the screams from the audience almost burst through the roof, and they all called Selena and Ke Mingyu's names...

The director hastily reminded the photographer to take a big close-up of Selena's handwriting, his face full of satisfaction.

This time the program can use ""Dream Seeker" Extra Story" as a gimmick to attract the audience!

He is simply a genius for turning a food show into an idol drama. This show is definitely more popular than he expected. Now he is very glad that he agreed to Selena and invited Ke Mingyu to come over.

At this moment, when everyone's eyes were on Selena and Ke Mingyu on stage, no one noticed that in the corner of the backstage, Shen Hanchen, who had just finished the show, was looking gloomy and cold, and he had been standing there for an unknown how long...

Cheng Yanan on the side looked at her artist with a complicated look on her face. If she wasn't sure before, but now, Shen Hanchen's various reactions clearly pointed to a result. Shen Hanchen might be interested in Selena...

...

## Chapter 1247

After the recording of today's show, as an Easter egg, Selena specially made some dishes for the audience and fans. The girls were so excited that one by two they all clamored for a k!ss. In the end, there was even a shy The boys also ran over to confess...

Backstage unoccupied lounge.

As soon as the door closed, Selena was covered in overwhelming k!sses...

He already wanted to do this when he saw the phrase "I love you" on the omurice...

"Hmm, are you angry?" Selena thought that Daniel was jealous because of the fans' reactions.

Daniel: "Don't be angry."

Selena raised her eyebrows, "Are you sure?"

A soft sigh followed by a fiery k!ss, "I am the only one who can treat you like this."

Well, I can't refute...

In front of the TV station building.

It was inconvenient for Selena to go with Ke Mingyu, so they had to go home separately.

"Ke Ke, I'm leaving first!"

"Well, be careful on the road." Ke Mingyu watched the girl's car leave.

After Selena left, Ke Mingyu was about to leave when a person suddenly walked beside him.

Shen Hanchen walked to him and stopped, lit a cigarette, looked at him with a half-smile, and said in a mocking tone, "Ke Mingyu, how does it feel to eat soft food?"

Ke Mingyu glanced at Shen Hanchen, without the rage and embarrassment that Shen Hanchen expected, he said blankly, "That's right."

After dropping these two words, the man drove away directly.

Shen Hanchen stood where he was, and it took him a while to come back to his senses. He threw the cigarette in his hand, and his handsome face was distorted with anger...

For a man, words like eating soft rice are definitely the biggest insult. He originally used these words to humiliate him, but who knew his reaction would be like this...

After getting into the car, Shen Hanchen was still on the verge of breaking out.

Cheng Yanan at the side hurried to appease him, "Han Chen, what are you fussing about with this kind of person? He's too embarrassed to eat soft food, so can he still feel ashamed?"

After all, Shen Hanchen was young and energetic, and immediately said angrily, "How can I be inferior to Ke Mingyu? Why would she rather go out of her way to help that jerk than look at me?"

Cheng Yanan coughed lightly, thinking to herself, like this kind of thing, how can you explain it clearly in a few sentences, besides, who made you always look down on others when you were filming, and you were taken advantage of in vain...

But of course she wouldn't say it directly to anger the ancestor in front of her, but comforted her, "Hanchen, I think you may be thinking too much, now that Ke Mingyu has signed a contract with Shengshi, Selena should simply give him a hand. By the way, the last time you told me that you wanted to recruit Selena to our Fengxing, it's actually not impossible..."

"What do you mean?" Shen Hanchen asked immediately.

Cheng Yanan said, "Actually, I've already received rumors... Su Yimo will attack Selena soon... She won't be able to stay in this prosperous world sooner or later..."

"Selena is so popular now, it's impossible for Sheng Shi to let go of the benefits of losing his hands. Su Yimo really has such a great ability to make Sheng Shi give up such a popular front line?" Shen Hanchen asked with some uncertainty.

Cheng Yanan shook her head and said, "You don't know about this...Let's say you're a top-tier celebrity, even if you're a top-tier celebrity, if Su Yimo wants you to fail, you still won't survive..."

"How to say?"

"Do you know whose woman Su Yimo is?" Cheng Yanan had a mysterious expression.

"Who?"

Cheng Yanan stretched out a finger and pointed upwards, "Lu Group..."

Shen Hanchen frowned, "Saul?"

Cheng Yanan shook her head, and said in a tone that she was extremely afraid of just mentioning this name, "It's not Saul, but... Daniel!"

"What?!" Now, even Shen Hanchen's expression changed...

...

## Chapter 1248

Selena and Daniel returned to the Platinum Emperor Palace one after another.

Because Daniel was going on a business trip abroad tomorrow, and he might not see each other for a long time, so Selena stayed here overnight.

After coaxing the little bun to sleep, Selena gently closed the door and went to Daniel's bedroom to have a look. There was no one there, and finally found it in the study.

I saw a man working at the desk.

"Don't go to bed so late? Go to bed early! You have to catch a plane tomorrow!" Seeing that Daniel was still busy, Selena said dissatisfied.

"Well, there's a little left." Daniel was reading and revising the contract intently. Hearing this, he replied, and then naturally stretched out his arms, hugging the girl and sitting on his lap.

Selena felt distressed and touched the blue shadows under Daniel's eyes, "Hey, I knew I shouldn't have let you accompany me on the show, you're so busy..."

Hearing this, Daniel grabbed the girl's finger and kissed her. He looked at her with a half-smile, and said quietly, "Thousands of miles are not as good as you. Are you going to deprive me of the only joy in life?"

The deep and hoarse voice rang in her ears, and Selena couldn't help but blush.

fuck me, what she said by herself before, now she said it from the mouth of the big devil, and as a result, this provocative level broke through the sky...

The Great Demon King really knows how to apply what he has learned!

"Hey, where are you going on a business trip this time?" Selena asked.

"Country e, Moscow."

"Then when will you be back?"

"I'm not sure yet, I'll come back when the matter is resolved," Daniel replied.

Selena frowned slightly when she heard this, and remembered some news she had read in the financial pages of magazines and newspapers recently, saying that accidents occurred frequently in the overseas market of the Lu Group, and a well-funded investment company suddenly parachuted from the domestic side, and everywhere To seize the Lu Group's market in China...

These things are actually very common in the business world, but they are too concentrated and coincidental, and Selena always feels a little uneasy.

Seeing the girl's worried expression, Daniel's eyes flickered, and he deliberately whispered into the girl's ear, "You missed me before you left?"

Selena was so teased that she couldn't help but glared at him and said, "That's right...there are so many beautiful fair-haired, blue-eyed, long-legged beauties in country E, what if you are kidnapped?"

"Other women are no different from Chen Yan in my eyes." Although it was a love story, Daniel's face was very serious when he said this, he really thought so.

Selena kissed the corner of the man's lips, "Me too!"

...

The next morning, Selena sent Daniel to the airport.

Although Selena is quite famous now, fortunately, her "disguise" is quite superb. If she wants to go out to do some private affairs, she can just change her makeup with a little trouble.

For example, today, Selena pretended to be a high school student so awesomely that she was still wearing a school uniform. Even if the fans' eyes were made of titanium alloy, they probably wouldn't be able to recognize the cute and tender girl in front of her. The female student is her (his) male (female) god...

The corner of Saul's mouth twitched, and he looked at his sister-in-law's underage appearance in amazement, "Selena, you are awesome, I'm convinced..."

At first, I wanted to say that Selena would definitely not be able to make waves this time, and fans surrounded him everywhere when he went out, but it turns out that he is really naive...

"I'm leaving." Daniel rubbed the girl's hair tenderly, then leaned over, as if he wanted to kiss her, but seeing her outfit, he was so sad that he couldn't do it...

...

## Chapter 1249

Selena waited for a long time and didn't get the farewell k!ss, so she felt dissatisfied immediately, and looked over with accusing eyes, "k!ss..."

Daniel pinched the center of his brows, his expression seemed a little helpless...

Saul on the side was full of black lines and said, "I said Selena, if you dress like this, you won't be afraid that you will be arrested right after my brother k!sses..."

Saul was thinking that he would finally not have to eat dog food this time, but Selena took off her school uniform jacket, jumped up and k!ssed the man's lips...

Saul: "..."

Karen is mighty...

However, the dog food is not over yet.

His brother had just finished getting tired of his wife, and he turned to him and told him, "Take care of Selena and the company."

Selena and the company...resolutely put his wife first...

It is clear at a glance which is more important, as for him... Hehe...

After sending Selena back, Saul resigned to his fate and rushed to the Lu Corporation to handle business.

At the beginning, Daniel asked Saul to practice Shengshi Entertainment, but now Shengshi Entertainment is completely on the right track, so the daily affairs are now handled by Yi Xudong, the deputy general manager of Shengshi, and the focus of Saul's work has gradually returned to the general manager. The company side.

...

The backstage of a ribbon-cutting event for a high-end brand.

After Zhao Anxin made the phone call, she walked in with a red face, and said excitedly, "Yimo, Director Ye from the Lu Group's advertising department just replied to me, saying that there is no problem at all, and we can go there in a few days. The contract has been signed!"

Recently, Su Yimo's endorsement with Lu's Group expired, and they are negotiating about renewing the contract.

Seeing that Selena is so popular now, and Lin Zhizhi is proud of herself, how could Zhao Anxin sit still, so she directly doubled the asking price of Su Yimo and Lu's Group's advertising endorsement fee.

Su Yimo's face rarely revealed a hint of joy when he heard the words, "What did they say specifically? They have no objection to you asking such a high price?"

Zhao Anxin immediately said triumphantly, "Yimo, look at what you said, how could they dare to have an opinion! If the price is lowered, it will hurt your worth! Mr. Lu has always been obedient to you, okay?"

Liang Biqin on the side also said excitedly, "Cousin, Boss Lu really spoils you so much!"

Su Yimo's cheeks were slightly red, and then she thought of something, and a look of worry appeared on her face, "But...it's been so long...I and him...have never met alone...I..."

At first, she still thought that Daniel was keeping a low profile to protect her, and even this was his restrained way of expressing his feelings.

However, as time went by, and it had been more than a year, Daniel still had no intention of going on a date with her once, which inevitably made her a little disappointed...

Hearing this, Liang Biqin hurriedly comforted, "Cousin, that's Daniel, how can he be like an ordinary man? I believe he must have his own considerations, and he must be looking for the most suitable time to announce your relationship! "

In fact, at the beginning, Zhao Anxin also had similar worries, worried that there might be some misunderstanding.

However, the Lu Group's attitude towards Su Yimo cannot be faked. Su Yimo comes from an ordinary family, and it is absolutely impossible to have any relationship with the Lu Group. Except that Daniel has a crush on Su Yimo, There is simply no other possibility...

So Zhao Anxin also said firmly, "Biqin is right! It is said that the elders of the Lu family don't like people in the entertainment industry very much. Mr. Lu is probably doing their work these days..."

...

## Chapter 1250

Hearing what the two said, Su Yimo also thought it was true, and immediately felt relieved.

Seeing that Su Yimo was in a good mood at the moment, Liang Biqin squeezed her shoulders graciously, and said, "Cousin, speaking of the Lu Corporation, I heard a piece of news that the Lu Corporation is planning to spend a lot of money Gather together seven super-popular male stars in the entertainment industry, including Louis, to shoot a large-scale advertisement, and this advertisement is for all products of the Lu Corporation, and it will appear on all channels of the Lu Corporation..."

Su Yimo heard the words, "I heard about it, what's the matter?"

For a top-tier star like Louis, it would be a big deal for a company to hire one, but the Lu Corporation wants to hire seven!

When the news was first released, the fans on the Internet went crazy. At present, there are already six confirmed candidates, and there is one last spot left...

But since all of them are male celebrities, it must have nothing to do with her.

Therefore, Su Yimo didn't understand why Liang Biqin brought up this matter suddenly.

Liang Biqin immediately said indignantly, "Isn't Selena getting popular recently by playing a manly role with a male or female woman? I heard news from the advertising department of the Lu Group that they intend to invite Selena's daughter." Dress up as a man and join this ad!"

Su Yimo's complexion changed slightly, "What?"

This Selena, she put up with it for the sake of the overall situation, but now she actually dares to get involved with the Lu Group...

Looking at Su Yimo's face, Liang Biqin knew that this was definitely Su Yimo's rebellion, so she immediately added embellishments, "Cousin, this Selena is really too much, it's too much for me to take away what should belong to me."

Forget it, it's simply too arrogant to come to your territory to show off your might!"

If it wasn't for Selena, whether it was the explosive popularity or this sensational advertisement of the Lu Group, it would have belonged to her, how could Liang Biqin not be angry!

Su Yimo snorted coldly, glanced at Zhao Anxin, and said casually, "Sister Xin, you should immediately call Director Ye to find out what's going on. If they really plan to invite Selena, you know what to do. How to do it."

After Su Yimo finished speaking, she and Liang Biqin went to the front to participate in the ribbon cutting.

Zhao Anxin naturally knew what Su Yimo meant, and of course she wanted it so much, so she immediately called Ye Ying, director of Lu Group's advertising department, after receiving the hint.

"Hey, Ms. Zhao, is there any problem with Yimo's contract?" Ye Ying on the other end of the phone asked politely.

Zhao Anxin said, "I'm sorry to disturb you Director Ye again, this time it's not for us Yimo, but I have something to ask you..."

"Oh? What's the matter? Miss Zhao, please tell me."

"I heard that the Lu Group is going to shoot a full-line commercial recently, inviting seven super popular male stars in the entertainment industry, and one of them... is Selena?" Zhao Anxin asked.

On the other side of the phone, after hearing Zhao Anxin's question, Ye Ying's expression turned a little dark. As the last candidate, she had indeed decided on Selena, and this idea was also unanimously approved by the advertising department.

However, what she was most worried about happened...

In Glory World Entertainment, their legendary proprietress Su Yimo and Selena seem to be in competition...

Now that Su Yimo really did intervene in this matter, the matter of inviting Selena to join the endorsement, I'm afraid it will be a scandal...

...
