

Cruel Heart Lover Novel

Chapter 1251

"About inviting Selena to participate in this endorsement... I do have this plan on my side, what does Miss Su mean?" Ye Ying asked cautiously.

Zhao Anxin said in a slightly displeased tone, "Director Ye, people don't speak in secret, and you must know the situation at Glory World Entertainment. Selena, an artist... is indeed a little ignorant, so she repeats it over and over again." It made Yimo, our family, very unhappy.

Our Yimo is also a good talker, we can bear with her, and now, like our Yimo, she has obtained the endorsement of the Lu Group, jumping around right under her nose and disgusting us Yimo, what do you say Can our family, Yimo, not respond in his heart? "

Ye Ying sighed secretly, and then said, "Miss Zhao, I already understand what you mean. I really didn't think carefully about this matter. I will find someone else to speak for this time, and I will trouble you to let Miss Su Don't worry, Selena will definitely not appear in Lu's Group's advertisements and endorsements in the future, I hope Miss Su doesn't mind."

After struggling again and again, Ye Ying still chose this way of dealing with it.

Others may not know it, but as the director of Lu's Group's advertising and public relations department, she knows it best. Back then, Mr. Boss personally said that he would meet all Su Yimo's requirements!

What's more, some time ago, Su Yimo frequently entered and left the company, and even had a close relationship with the little prince...

So, even though Zhao Anxin wanted to double the endorsement fee this time, she agreed without hesitation, let alone a different spokesperson...

It's just a pity that she put a lot of thought into planning this advertisement. If she could invite such a special character as Selena, it would definitely be the finishing touch and the effect would be doubled. Now she can only find other candidates...

Just as Ye Ying was thinking this way, Zhao Anxin said again, "Since you want to find someone else, why don't I recommend someone to Director Ye? Our Biqin's men's clothing is also very good! What does Director Ye think?" ?"

When Ye Ying heard this, she almost vomited blood!

Let Liang Biqin replace Selena? How could she have the nerve to make this request?

Now Liang Biqin has already been scolded to pieces by the audience under Selena's comparison, if she invites such a person in this commercial, all her hard work will be wasted!

"What's the matter, Director Ye, is there a problem?" Zhao Anxin's tone was oppressive and condescending.

After all, the other party may really be the future boss lady, even if she can't become the boss lady, she will be under the protection of Lord Boss himself, even if she has 11 million people who don't want to, she still has to compromise...

"When... of course it's okay!" Finally, Ye Ying gritted her teeth and said this sentence.

On the other side, after Su Yimo and Liang Biqin finished their activities, Zhao Anxin was able to tell them the result.

"Yimo, it's done. After I told you what you meant, Director Ye immediately said that Selena would never be invited to speak for him. Not only that, Selena will not appear in any future endorsements and activities of the Lu Group. figure!"

"Yes." Su Yimo nodded in satisfaction.

"By the way, there's another good news. By the way, I'm helping Biqin get this endorsement." Zhao Anxin said with a smile.

When Liang Biqin heard it, she was overjoyed, "What? Sister Xin! Are you saying that Selena's endorsement is now mine?"

"That's right!"

"Ah! Sister Xin! Thank you! And my cousin! I am so happy to be with my cousin!" Liang Biqin exclaimed excitedly.

Su Yimo looked at her cousin's excited expression calmly, "Are you finally satisfied now? I won't keep you from whispering in my ear!"

"Satisfied! Cousin, you are too good! Then Selena is not even a fart in your eyes..."

...

Chapter 1252

Shengshi Entertainment, in Lin Zhizhi's office.

Selena was discussing the script with Ling Zhizhi.

Ling Zhizhi handed Selena a script, "Selena, please read this script."

Selena glanced over, "The director is Guo Qisheng?"

She collaborated with Guo Qisheng on "The World", and the cooperation period has been smooth and enjoyable.

Ling Zhizhi nodded, "That's right, but this time the book is not a movie, but a TV series. Although you come from a film background, I don't recommend that you only make movies and abandon TV series in the future. Many movie fans now think that making TV series is a lower Grade, in fact, it is not the case, the current TV drama market is so vast that there is no distinction between movie fans and TV drama fans."

Selena echoed the words, "I never thought of only making movies, as long as the book is good. Even actress Song Lin, who has been making movies for so many years, insisted on not making TV dramas, but her popularity declined. TV show?"

After reaching an agreement, Lin Zhizhi continued, "Guo Qisheng's book is very good, it's a very popular fantasy ip drama, written by a top-notch scriptwriter in China, hired a special effects team from Hollywood, and the actors are all big names in the industry." Coffee and old drama bones, it is very suitable as your first TV series!"

Ling Zhizhi paused, and then continued, "Actually, Guo Qisheng had already handed me the book a few months ago, but it's a pity that you had already accepted Shen Mian's film at that time, and fortunately their crew was still in the preparation stage at that time." , the preparations have been almost completed recently, and the major protagonists have basically been decided."

"So, what is my role?" Selena asked.

"Your character is one of the heroines. This TV series has two heroines, one good and one evil, each with its own characteristics. In the original book, the popularity of the two characters on the Internet is evenly matched. To a large extent, the focus and gimmicks of this drama It's also on the two heroines."

Ling Zhizhi explained.

Selena was inevitably a little surprised when she heard this.

As early as a few months ago, Guo Qisheng had handed over this notebook...

At that time, she was not as famous as she is now, but at that time, Guo Qisheng felt relieved and directly gave her the role of heroine.

Although it is a double heroine, judging from Sister Zhizhi's description, this role is even more important than a single heroine...

Thinking of Guo Qisheng's trust in her, Selena was quite moved.

"Who is the other heroine?" Selena asked.

"Golden Palm and Golden Luan Award Double Actress Meng Shiyi!" Lin Zhizhi replied.

Selena couldn't help but smile and said, "Director Guo is really flattering me..."

Even with her current coffee position, she is far behind Meng Shiyi...

Since Meng Shiyi's debut, all of her roles have been heroines, and all of them are high-quality goods. She is also an acting school. She is considered a rare female artist in the entertainment circle with good resources and strength, so she won a double actress at a young age. Moreover, the two awards of Golden Palm and Golden Luan are still the two film awards with the highest gold content in China, and the future is indeed limitless...

Thinking of being able to play with such a real acting school, Selena's blood couldn't help but ignite even more.

"Sister Zhizhi, I'll take the time to read this book carefully, and then I'll give you an answer as soon as possible!" Selena said, in fact, she was basically determined in her heart that she would take on this drama.

I just happened to drop by to see if there is any role suitable for the Great Demon King to play as a cameo. She has a good relationship with Guo Qisheng, and Ke Mingyu's current popularity is not bad. It should be no problem for him to play a role that doesn't have many roles. questionable...

...

Chapter 1253

At this time, Selena's cell phone rang.

It happened to be Guo Qisheng calling.

Selena hurriedly connected the phone, "Hey, Director Guo... I was just discussing with Sister Zhizhi about the script you sent me. I didn't expect you to call me so soon!"

"Selena, that's what I want to tell you, hiss...you recently..." Guo Qisheng sounded hesitant, he hesitated for a moment before asking, "Selena, have you offended me recently? who?"

Hearing this, Selena was slightly taken aback, "No, why did Director Guo ask such a question?"

Guo Qisheng sighed, "I just met with a few investors here, but they seemed to be very afraid of me using you, saying that the Lu Corporation had issued a ban on you, and they were afraid that there would be trouble if I started using you. ..."

"Cough cough cough..." Selena almost choked on her own saliva after hearing this, "Director Guo, what are you talking about? Who ordered me to be banned? The Lu Group?"

Hearing Selena's words, Ling Zhizhi's face suddenly changed.

Guo Qisheng on the other end of the phone said, "I don't know how this news got out. Anyway, this rumor is not good for you, and it will have a big impact on you... Even if it's just a rumor, it's enough to make you feel a lot worse." The resources are daunting to you..."

"Thank you Director Guo for reminding me, I will investigate this matter clearly."

"But you can rest assured on my side, I tailor-made this role for you, and I will wait for you." Guo Qisheng assured.

Selena thanked her again, and then explained the situation to Ling Zhizhi.

Ling Zhizhi's brows were full of worry, "I'm afraid it's not entirely groundless, it should be Su Yimo's actions..."

Ling Zhizhi has always been calm, but at this moment her face is full of sadness, "Selena, I'll let you know from the beginning, we can't afford to offend Su Yimo's backstage, if it's really the Lu Group who sent the message... Then... there is almost no room for me to fight back... You must know that in the face of absolute strength, all strategies are useless."

Selena didn't know how to comfort Ling Zhizhi, could it be that it was absolutely impossible for her family's darling to ban her?

So I could only say casually, "Sister Zhizhi, don't worry, things may not be as bad as we imagined!"

"Sister Zhizhi, Karen, it's time for the meeting!" At this moment, Xiaotao knocked on the door to remind her.

Since it will be the anniversary of Shengshi Entertainment in a while, the company specially convened some high-level and influential signing artists to hold a meeting today for some related issues of the anniversary.

After everyone waited for a long time, Su Yimo, Liang Biqin, Zhao Anxin and his party finally arrived.

However, everyone seemed to take it for granted, and they were obviously used to Su Yimo's behavior for a long time.

"Yimo, why are you working so late, you have to pay attention to your health!" Deputy General Manager Yi Xudong not only did not blame her for being late, but expressed some concern.

"Okay, since everyone is here, let's start the meeting now! Since the general manager is in the group, he is very busy recently, so I will chair this meeting..."

At the meeting, Yi Xudong specially commended many artists who have made outstanding contributions, not to mention all kinds of fancy praises of Su Yimo.

As for Selena, the most eye-catching dark horse this year, Yi Xudong didn't even mention a single word, which can be said to be completely ignored.

After talking a lot about the situation, Yi Xudong said excitedly, "I called everyone over today, and I have one more important thing to inform you! That is, for the company's anniversary this time, Daniel, the president of our group, Mr. Lu Will also be present! So, everyone must perform well!"

...

Chapter 1254

Lu Group.

Saul was working overtime in the company bitterly, when there was a knock on the door.

"Come in."

"Second young master..." The person who came was Ye Ying, the creative director of the advertising department.

Saul stretched his waist, looked at the person, "Oh, little leaf, what's the matter, is there something wrong?"

Looking at Saul's smiling peach eyes and his affectionate address, Ye Yingrao couldn't help but blushed after a long career in the workplace, and said softly, "Second Young Master, I have something to ask you. The endorsement of Su Yimo and our Lu Corporation has expired, and we are currently negotiating the renewal of the contract, but Zhao Anxin doubled the endorsement fee for the renewal..."

Hearing the words, Saul said casually, "That's all?"

Ye Ying hurriedly said, "Don't worry, Second Young Master, I have already agreed. I didn't want to disturb you because of this trivial matter, but there is one more thing... Our company has a very important image endorsement advertisement this year, and we plan to invite seven Super popular male star, this is the seventh, I originally planned to invite Selena, the recently popular female artist, to let her endorse men's clothing with the other six, so that the degree of creativity and topicality will not be low..."

Saul's eyes lit up when he heard the words, and he took a sip of the coffee in hand, "It's indeed a good idea."

Hearing Saul's praise, Ye Ying was even more disappointed while being happy, "But Su Yimo also fell in love with this ad, and recommended Liang Biqin to me to replace Selena. If it's just about celebrity status, Liang Biqin is fine too. But when it comes to men's clothing, I'm afraid that Liang Biqin's image will affect the effectiveness of this advertisement, and even affect our company's image..."

Ye Ying thought about it, but in the end she was still reluctant to let the advertisement be ruined. Even though she knew that Saul's attitude was likely to agree to Su Yimo's request, she still came here to ask for instructions.

"Miss Su doesn't seem to like Selena very much, so as not to upset Miss Su, I have already promised her that I will ban Selena from all future endorsements and activities of the Lu Group..."

"Pfft..." Hearing this, Saul spewed out a mouthful of coffee.

Ye Ying was taken aback, "Second Young Master, is there a problem?"

It took Saul a long time to slow down. He was about to speak hastily, but he suddenly fell silent when he thought of something.

Saul rubbed his chin, well, although he can take the lead for Selena now... But, such a good opportunity for a hero to save the beauty, he should let his brother do it!

What's more, the person who needs to tie the bell to untie the bell can only be done by his brother...

Su Yimo saved Rick's life by mistake back then, but it was nothing more than making her popular. Such a small matter is not a big deal at all. Anyway, whoever is praised is not. As long as she doesn't commit suicide, it's just because she accidentally saved her. With Rick's luck that time, it is enough for her life to be well-clothed and well-fed...

At the beginning, after his brother said a word, he never cared about this matter again. He probably forgot about this character long ago, let alone paying attention to an insignificant little person rubbing his popularity. little things...

This time, that woman definitely managed to attract his brother's attention...

"Little Ye Zi, do you know that you just recovered your life?" Saul looked at Ye Ying and said meaningfully.

"Ah? Second Young Master, what does this mean?" Ye Ying looked puzzled.

Saul sighed, and then kindly said, "Director Ye, don't sign the contract renewal with Su Yimo, and the advertisement contract for now."

"This...why?" Ye Ying became more and more confused.

The corner of Saul's mouth curled slightly, "You will know when the time comes."

Chapter 1255

Shengshi Entertainment.

After the meeting, because of the news that Vice President Yi Xudong said at the meeting, everyone was in a state of excitement.

"My God! Will Mr. Lu really come? I have been working in Shengshi for five years, and I have never met the big boss once!"

"I saw it once at an event!"

"How is it? Is it really as handsome as the rumors? How does it compare with our second young master?"

"Of course he's handsome! Just looking at him makes my legs weak, okay? Compared with Er Shao, this one can't be compared, because it's a completely different type!"

...

While discussing, several staff members looked sympathetically in Selena's direction.

"Selena is really miserable, this is going to end just as soon as it becomes popular..."

"Who made her so popular and slapped Su Niangniang in the face! I heard that she originally had the endorsement of the Lu Group, but Su Yimo changed it to Liang Biqin with a word, and Selena will never think about it again. Sign any endorsement advertisement under the Lu Group..."

"I'm going, it's so miserable! The next step should be to block it directly?"

"I think it's over for Selena. Didn't President Lu come over to support Su Yimo in person?"

"I'm going, I suddenly thought of something, Mr. Lu probably won't disclose his relationship with Su Yimo at this anniversary..."

...

On the other hand, after the meeting ended, Selena turned off the silent mode of her phone, and suddenly saw a text message sent by the big devil on her phone.

So I quickly clicked on it, and saw four words quietly written on the screen...

Lu Baicai: Wait for me to come back.

When Liang Biqin passed by Selena, she bumped heavily on her shoulder intentionally, but Selena's foot was very stable. Not only did she not be able to shake Selena at all, but she staggered due to the recoil and was helped by Zhao Anxin. Just keep your body in shape.

Liang Biqin stared at Selena, snorted coldly, and said with a confident attitude: "Selena, if you kneel in front of me and apologize to me now, maybe I can forgive you once and let you make a living in the entertainment industry eat."

Su Yimo at the side saw Liang Biqin humiliating Selena in public, but she had no intention of stopping her.

Selena stopped Xiaotao, who was about to step forward in anger, put away her phone, then cast a sidelong glance at Liang Biqin, and said with a chuckle, "I will return the same thing to you. Thirty years in Hedong, thirty years in Hexi, Miss Liang, excuse me." Let me remind you, who will have the final say in the entertainment industry in the future, but it is not certain!"

The moment Selena said those words, almost everyone around gasped.

This Selena must be too courageous! Is she crazy? How dare you even say such a thing...

After Selena finished speaking, she ignored everyone's reactions and left without looking back.

After Selena left, Liang Biqin finally realized how arrogant Selena said just now, and almost vomited blood with anger, "Cousin! Look at her! It's obvious that the lesson this time didn't make her restrain herself at all! She actually said it directly in front of you. Such arrogant words to provoke you!"

Liang Biqin said, gritted her teeth, and lowered her voice to whisper in Su Yimo's ear, "Cousin, when are you going to do it? I've already thought of several plans for you, and I promise that Ning will die without anyone noticing Xi!"

When Su Yimo heard this, a trace of coldness flashed across her lips, "I want to do something to her, do I still need a plan?"

Liang Biqin was stunned for a moment, "Uh, cousin means..."

At this time, Zhao Anxin smiled and said, "Biqin, in our capacity as Mo, if we want to deal with that b!tch Selena, one sentence is enough, why do we need such trouble!"

Liang Biqin smiled all of a sudden, "That's right...look I'm so confused!"

...

...

Chapter 1256

Time flew by, and it was the anniversary of Shengshi Entertainment.

After the company meeting that day, Su Yimo announced to the entire entertainment circle that she wanted to block Selena.

After all, Su Yimo is the first sister of Shengshi Entertainment, she has a great influence in the entertainment circle, coupled with coveting the power behind her, these days, all of Selena's work announcements have almost stagnated, and she almost didn't even qualify for the anniversary celebration. join.

In the end, it was Su Yimo who interceded in front of Vice President Yi Xudong that allowed Selena to attend.

With such a good opportunity, of course she wanted Selena to keep her eyes open to see clearly, who is in charge of the entertainment industry!

Shengshi Entertainment's annual celebration is extremely grand and grand every year, not to mention that this year the big boss of the group will also be there. Vice President Yi Xudong has put in a lot of effort to make the whole ceremony extraordinary It is luxurious and has invited all major influential media.

In order to raise Su Yimo's status in the entertainment industry to a higher level, Zhao Anxin deliberately disclosed the news to the media early on, saying that Daniel was attending this time for Su Yimo, and it was very likely Announcing the relationship with Su Yimo today...

After learning that the legendary CEO of the Lu Group will be present at this meeting, the media have been waiting for a long time, tickets are hard to find, not to mention such sensational gossip, how can they not be excited ...

Tonight, Su Yimo wore the Chanel haute couture white waist mermaid long dress that she endorsed. She had an extraordinary temperament and won a lot of amazing eyes and endless compliments.

It is impossible for Su Yimo to be able to get to where she is today. It is impossible to say that she has no strength at all. For example, her signature high-cold goddess Fan Er has been used to perfection by her. , Many fans expressed a little fatigue, but there are still a large number of diehard fans who eat this set.

As soon as Su Yimo stepped onto the red carpet, the flashing lights of the media took pictures one after another without stopping...

After signing his name on the signature wall, Su Yimo was immediately surrounded by a group of reporters sprinting with long guns.

"Yimo, you are so beautiful today! Only you can handle Chanel's 'Goddess Wings!'"

"Yimo, today is the fifth anniversary of Shengshi Entertainment, how do you feel?"

"Yimo, I heard that Mr. Lu from the Lu Group will be there today. I heard that you and Mr. Lu have a good relationship in private. Is this true?"

...

"Ah...that's..."

The media were trying to get the words out of Su Yimo's mouth, and someone in the crowd suddenly looked in the direction of the door and exclaimed.

Immediately afterwards, the reporters who had surrounded Su Yimo all stared in the direction of the door and lost their minds...

At the end of the red carpet, Selena was wearing an extremely luxurious black long dress. The dress was made of unknown material, the lines were as light as flowing water, and the jewels and jade embellished on it were like a galaxy of stars in the sky, with mysterious and treacherous patterns Exuding an extremely powerful aura...

And Selena wore such an extremely stunning and glamorous long dress, but her aura was not suppressed at all, instead she was like a queen who looked down upon all beings...

After a long while, there was a burst of exclamation from the stunned crowd...

"It's... so beautiful!"

"Then... who is that woman!?"

"Selena! It's Selena! Oh my god! I almost didn't recognize her!"

...

Chapter 1257

"Oh my god! What brand of clothes is that on her? How come I've never seen it before! This design is so ingenious!" Many people asked.

"I know it! It's one of Zeling's town store treasures. It's called 'All Beings'. It's famous! After it was released, many famous actresses wanted to buy it, but

Zeling didn't let go even if the price was sky-high. It is very difficult to rent for a day, the most important thing is that this dress is too difficult to control, it is okay to buy it for collection, almost no one dares to wear it..."

"I didn't expect Selena to control it perfectly! Wearing that dress, I have the feeling that 'everything' is under her feet and completely tamed by her!"

"Oh, my god! My Karen's women's clothes are so beautiful! Shake Su Yimo by a dozen blocks! No wonder Su Yimo is so afraid of my Karen!" One of the little reporters was a fan of Selena. , said indignantly.

"Keep your voice down, don't be overheard by Su Yimo..."

...

After seeing Selena, the photographers at the scene were inspired and excited almost at the same time, and they all raised their cameras.

Some did not dare to take pictures blatantly, so they secretly took pictures.

It's a pity that due to Su Yimo's "banning order", even if these photos are taken, there is probably no hope of them being published...

Except for the photographer, the reporters were all amazed by Selena, but at this moment, none of them dared to go forward to interview.

Despite being ignored by all the media, Selena walked in calmly like a queen walking in her back garden.

Slowly walk across the red carpet, stop at the signature wall, pick up a pen, and sign your name...

Every movement of the hand, every movement of the foot, makes people unable to take their eyes off...

When they saw Su Yimo just now, they were still amazed, but now, in front of Selena, Su Yimo was so crushed that there was not even a sgum left!

This Selena was obviously a newcomer who had just entered the circle, and she was hit like this after she finally became popular. Shouldn't she just be devastated?

Why can there be such a strong aura...

This woman was born for the entertainment industry, but it's a pity that she wants to go against Su Yimo, isn't she looking for death!

There are too many short-lived people in the entertainment industry. After today, I'm afraid it will be her last chance to show her face...

Not far away, Ling Zhizhi looked at Selena who was walking towards her step by step, all kinds of emotions were surging in her heart, and she couldn't express it.

Such a good seedling may stop here, but she can only watch helplessly, this feeling almost makes her feel like a knife...

After Selena's brief episode, the focus of the celebration continued to return to Su Yimo.

Compared to Su Yimo's crowd of stars, Selena could only be seated in a corner arranged extremely far back.

The guests arrived one after another, and the scene was getting more and more lively...

"Miss Su is really beautiful today!"

"Yes, yes! It's such a blessing to have someone..."

Several investors and the bosses of the cooperative company of Shengshi Entertainment were very polite to Su Yimo, and one of them smiled and toasted and said, "Miss Su, we are old friends too, don't forget to help me in front of President Lu." Say something nice!"

The huge vanity of the stars made Su Yimo's little unhappiness because of Selena just now dissipated, and she said this to the bosses in a graceful manner, even with a bit of arrogance. She is representing Daniel now, so she can't be underestimated...

...

Chapter 1258

"Ahhh..."

"Second Young Master! Second Young Master!!!"

"Boss Lu!"

Along with the excited screams from the girls, Saul also arrived.

Today Saul wore a flamboyant pink suit, which made him even more coquettish and uninhibited, causing the girls at the scene to scream.

In the corner, Selena looked at Saul's pink body, and the corners of her mouth twitched. However, it was undeniable that this color really suited her...

Su Yimo thought it was Daniel who came over, but when she saw that it was Saul, she couldn't help feeling a little disappointed.

Liang Biqin on the side teased, "Cousin is so hopeless..."

Su Yimo gave her a reddened look, "Don't talk nonsense!"

Seeing Saul's arrival, Yi Xudong, the deputy general manager, hastily greeted him courteously, and looked behind him nervously, "General manager, you're here! Then President Lu..."

He has been busy for so long and wants to show off, but don't let Boss Lu fail to come...

"Just got off the plane, already on the way." Saul looked at Yi Xudong with a half-smile, "Don't worry, my brother will definitely come tonight."

Yi Xudong felt that Saul's tone was weird, but he didn't think too much about it, and was relieved to hear it. Just come!

After talking to Yi Xudong, Saul walked up to the stage, then raised his hand, motioning for everyone to be quiet.

Immediately, everyone at the scene fell silent and looked towards Saul who was on the stage.

Saul picked up the microphone, his peach eyes were full of seductive smiles, and he said leisurely, "Today is the fifth anniversary of Shengshi Entertainment, thank you very much for coming, everyone knows, today my brother also Will come... Besides, I have also obtained a great benefit for our female compatriots!"

Hearing this, there was a small amount of curious discussion below.

"Ah! Welfare!"

"Second young master, what kind of benefits are you?"

"Second Young Master, tell me quickly, don't be a fool!"

...

Saul glanced calmly at a certain direction in the corner, and then continued, "In previous years, I was the one who performed the opening dance of our celebration, but this year's opening dance... Mr. Lu will come in person!"

"Ahhh..."

As soon as Saul finished speaking, he was drowned out by the excited screams from the audience.

Saul made a sad expression, "Hey, so everyone hates me so much?"

"How can there be! I like you the most, Second Young Master!"

Seeing Saul's disappointed look, the girls naturally comforted him for a while.

After being praised enough, Saul continued to speak in satisfaction, "As for my brother's partner, I'm going to play some new tricks this year! I think everyone has already got the number plates issued to you by the waiter when you just walked in! Please keep this brand safe, my brother will randomly select a lady from the scene to dance with!"

"Then what if Mr. Lu gets a man?"

"Don't worry, there are only ladies' numbers in the box."

The girls were very excited when they heard the words...

"Ahhh, wouldn't it mean that even I have a chance to dance with Mr. Lu?"

"You have a good idea. Let's not talk about whether you have such good luck. Do you really think that you will be randomly selected?"

"That's right... probably Su Yimo will be blackmailed! We are just a foil for other people's fun, so don't think about it..."

...

...

Chapter 1259

Because of the big bonus that Saul revealed just now, the atmosphere at the scene became even more enthusiastic.

Although everyone knew that Su Yimo's chance to be Mr. Lu's partner probably belonged to Su Yimo, but there was still a little chance for the women, what if they were really randomly selected?

In an unoccupied corner, Louis's manager, Lei Ming, was on the phone anxiously, "My little ancestor, the general manager has arrived, and President Lu is on his way, why haven't you come yet?" ?"

Louis's extremely unbeatable voice came from the other end of the phone, "Who said I'm coming?"

Lei Ming almost died of anger, "You won't come on such a big day today? What are you doing? Is there something urgent?"

Louis: "Play games."

Lei Ming: "...Makino, please let me beg you? You can leave just by showing your face! It will only waste an hour of your game time!"

"It's all over." Louis hung up the phone impatiently.

Hmph, he didn't go, he went to a tortured dog...

In the audience, after Saul's speech was over, Liang Biqin was full of stars, and excitedly held Su Yimo's arm, "Cousin, I didn't expect Mr. Lu to be so romantic!"

Zhao Anxin next to her was also full of complacency, looking at Ling Zhizhi with mocking eyes.

As long as Su Yimo is around, she will always be the number one manager of Glory World Entertainment, even if Ling Zhizhi digs the best seedlings, it won't help!

Su Yimo looked in the direction of the door longingly, and murmured, "It's just a random draw, who knows who will be drawn!"

Zhao Anxin smiled and said, "Yimo, everything tonight was carefully prepared by Mr. Lu for you, there is no one else but you."

Su Yimo looked nervously at her own makeup and dress, "Sister Xin, can I do this? Is there anything wrong?"

"No! You are so beautiful, Mr. Lu will definitely fall in love with you! Mr. Lu has done so much for you, this friendship is invaluable!"

...

Next, the celebration continued in a warm atmosphere.

However, it is obvious that everyone's attention has gradually been on the person who is coming at the door...

Time passed bit by bit, Daniel never showed up, and many people couldn't hold back their whispers.

"Why haven't you come yet! Could it be that you won't come?"

"After all, Boss Lu is so busy. I heard that he just came back from a business trip abroad today, and rushed over immediately after getting off the plane..."

"President Lu attaches so much importance to tonight's celebration?"

"It's because you value someone..."

...

While waiting anxiously, Yi Xudong, their deputy general manager, answered a phone call, "What? Here you go! Good! Good! I got it!"

Yi Xudong hung up the phone with a red face, and then ran towards the door at a trot. At the same time, a group of shareholders and senior management of Shengshi Entertainment passed by.

Outside the door, a low-key black Maybach parked quietly.

The company's top management, headed by Yi Xudong, lined up in two rows and waited outside the car door.

The driver got out of the car and opened the door of the back seat. Then, a straight and slender leg stepped out of the car.

The man was wearing a meticulous black formal suit, without the slightest expression on his face, exuding a huge coercion belonging to the superior...

The man's face is extremely beautiful, like the most meticulously crafted perfect work of God, but because the man's aura is too strong, people will ignore his appearance.

Yi Xudong walked forward in fear and trepidation, "Lu...Mr. Lu! You are finally here! Please come in!"

Chapter 1260

"Ahhh! Here we come!"

"Boss Lu is here!"

"Really, really! It's really Boss Lu!"

"Oh, so handsome, my god, someone help me!"

"A woman whom Mr. Lu can fall in love with must have saved the whole world in her previous life!"

...

Daniel appeared amidst the screams of the women who were almost dizzy with excitement.

Looking at the man who was walking step by step surrounded by the high-level people, the man who was so dazzling that the light of the whole world fell on him as soon as he appeared... Su Yimo's heart was beating violently, and his blood was almost boiling.

In the end, Liang Biqin reminded her, "Boss Lu is here! Cousin, why are you still standing there, go!"

Zhao Anxin also gave her an encouraging look, "Yimo, let's go."

All of a sudden, the envious and jealous eyes of the women at the scene almost burned Su Yimo through.

Su Yimo's expression was in a trance, and she could almost imagine that she walked towards him step by step, and then was held by a man, and walked towards the crowd together...

Finally, finally, she took a deep breath, took noble and elegant steps, and walked towards the man step by step under all the envious eyes...

Daniel was walking in a straight line with Su Yimo's current direction. He walked forward with a cold face, but was suddenly blocked by a person, so he subconsciously stopped and looked down at the woman in front of him. glance.

The senior executives beside Daniel, except for Saul, all had teasing expressions on their faces, "Boss Lu, you made our beautiful Su wait for a long time tonight..."

Su Yimo held the posture of a goddess, but her face was full of the shyness of a little woman. She raised her head nervously, looked at the man with godlike eyes, and shyly called his name, "Daniel..."

She had called this name thousands of times in her dreams, and at this moment, she finally had the opportunity to say this name to him personally.

However, Daniel's cold face suddenly became a little colder, and he looked at the woman like looking at a tiny ant: "Who are you?"

In an instant...

There was silence.

Whether it was artists, employees, investors, or the media, none of them seemed to have expected Daniel's reaction to be like this...

This... This is completely different from what they imagined...

Su Yimo was full of fantasies about being gently held by the hand in the next second, but she didn't expect to get these three words, and immediately stood there with a pale face...

What... what's going on!

Could it be that Daniel didn't want to make it public?

So why did he show up in person today and do all this?

Saul on the side touched his nose carefully, and secretly clicked his tongue, his brother is really ruthless! Three words kill...

Before everyone could react, Daniel had passed Su Yimo and continued walking forward with a blank expression.

After Daniel signed his name on the autograph wall, the media who were stupefied just now had all reacted and rushed over to surround Daniel...

For the first time, the reporter from the entertainment newspaper took the lead: "Mr. Lu, you just said that you don't know Ms. Su?"

Daniel: "Should I know her?"

Reporter from Next Magazine: "Uh... don't you know about your scandal with Ms. Su?"

Daniel: "Gossip?"

Southern Newspaper reporter: "It is said that you have no regrets for Miss Su, and have been supporting her silently behind your back for so many years!"

Reporter from the First Entertainment News: "Aren't you going to announce your relationship at the anniversary celebration today..."

Sun Daily reporter: "It has been rumored that Ms. Su is your girlfriend!"

...

Facing the excited and excited questions of the reporters, Daniel glanced over everyone one by one with his cold gaze, and said unhurriedly, "Is my vision so bad?"
