

# Cruel Heart Lover Novel

## Chapter 1261

..."Is my vision so bad?"

As soon as the words fell, even Saul, who was watching the show as a bystander, felt his heart ache, not to mention how Su Yimo, the person involved, would feel when he heard these words...

His brother's treatment of women other than Selena is...too cruel...

I saw Su Yimo standing there blankly, seemingly stupefied by the blow. Liang Biqin and Zhao Anxin were also stunned, each looking brighter than the other. Of course, the expressions of those high-level executives and business partners behind Daniel were also confusing. Not going anywhere.

A pin drop could be heard at the scene, and there was a dead silence for a long time. After a while, an explosion erupted, and bursts of excited discussions rang out.

In Shengshi Entertainment, those oppressed employees and entertainers have been dissatisfied with Su Yimo for a long time, and now they couldn't bear it any longer, they all chatted about it while watching their own boss committing a nympho ...

"My god! This... this is simply the biggest drama of the year!!!"

"Our big boss doesn't know Su Yimo at all, and doesn't know who she is!"

"It's more than that! Didn't you hear what our boss said, you don't like Su Yimo at all, okay?"

"Oh! Can I say that our lord boss was so handsome just now? Did you see Su Yimo's disillusioned expression? Dare Su Yimo's wishful thinking from the beginning to the end! I knew our \*\*\*\* boss His eyesight is definitely not bad! He has not been close to women for so many years, how could he fall in love with Su Yimo as soon as he starts talking!"

"It's just... I don't know what kind of fairy can get into the eyes of our boss!"

...

"Oh, I thought something was wrong before, but now, sure enough... I think Su Yimo is suffering from paranoia, and imagined a bloody drama where the domineering president fell in love with her. I don't know who she is!"

"How could a character like our boss know who she is? It's just that she is a little famous in the entertainment industry. I really think of myself as an unattainable goddess!"

Both of them are top-notch celebrities. Although they are definitely not as good as the retired international actress Leng Manyun, they are oppressed by a disgusting person like Su Yimo, and they move out of her so-called "backstage" at every turn. How can they not feel aggrieved, and in Shengshi Entertainment, there are many artists like them, seeing Su Yimo's backstage collapsed at this moment, they all have a happy expression...

As for the media at the scene, most of them came here for the big news tonight, but unexpectedly, there was indeed big news!

...

Just because of Daniel's few short words, the guests were in an uproar and the media went crazy...Looking at the development in front of him, Saul rubbed his forehead in a bit of a breakdown...

Brother, I asked you to support me, okay?

It turned out that he was fine, and within a minute of his arrival, he didn't care about anything else and just supported the old woman first!

There is no one left!

"Hey, hey, hey, I said brother, he is an entertainer of my Shengshi Entertainment after all, please show me some face!" Saul ran to smooth things over.

These words seemed to smooth things over, but in fact they made the relationship between Su Yimo and Daniel even more clear, implying that all the convenience Lu's Group gave Su Yimo before was only for Saul's sake, after all, the prosperous age Entertainment was the first company that Saul took over, but Su Yimo thought that Daniel had taken a fancy to her, she was so ridiculous...

## Chapter 1262

In the corner, Xiaotao's face was flushed with excitement, looking like she wanted to kneel down to the boss.

"Ahhhly Relying on her unfounded identity as the 'Madam of the Lu Group' to bludgeon and deceive everywhere!"

Ling Zhizhi obviously didn't expect this development at all, her heart went up and down like a roller coaster.

All of this turned out to be a misunderstanding... Daniel didn't know Su Yimo at all...?

The Lu Group's convenience to Su Yimo before was just because she was an artist of Shengshi Entertainment?

But at that time, Shengshi Entertainment had so many potential stars, why did it choose Su Yimo who was not popular at the time, and gave her so many resources?

"Hmph, I think Su Yimo was selected as a key player at the beginning, purely because of luck, the company just randomly pushed someone out, who knew that she was so pretentious and self-righteous that she actually thought that Daniel had a crush on her! Go! That's right! I saw the boss's expression was quite unhappy just now, this Su Yimo is finally going to be unlucky..." Xiaotao chattered excitedly.

Seeing Selena sitting there quietly, never saying a word, Xiaotao leaned over curiously and asked, "Karen, I found that you have been so calm since before, and you didn't react at all when you were banned, did you Did you predict that the prophet would have known this result?"

Selena's gaze fell on the man surrounded by reporters without blinking. Hearing this, she glanced at Xiaotao and said with a chuckle, "Because I firmly believe that the boss's vision will never be so bad!"

Xiaotao: "Uh..." This reason seems to be irrefutable...

Xiaotao saw that Selena was staring at the boss without blinking her eyes. Her eyes were so focused that she had never seen before... so focused that it gave her a sweet and affectionate illusion...

Xiao Tao shook her head violently, shaking off the wild thoughts in her head, Mr. Boss is so handsome, it is normal for a girl to show such an expression when she sees him...

"Oh! Since the boss has nothing to do with Su Yimo, can we compete fairly for the welfare that the second young master mentioned?" A female artist in the crowd asked in surprise.

"Ahh! So excited!"

"You can dance with the boss!"

"God bless, I hope the boss can draw me!"

...

At this moment, Su Yimo still stood there motionless, and was finally pulled into a corner by Zhao Anxin and Liang Biqin.

Looking at the unattainable and unattainable men waiting for Crystal not far away, looking at the mocking and sneering eyes around her... Su Yimo felt dizzy...

"It's not true... It's not true... He obviously loves me... He obviously loves me so much..." Su Yimo was in a trance and murmured repeatedly.

She has been weaving this dream of love for too long, and she has completely deceived herself into it...

In fact, from the very beginning, she felt that all of this was too unreasonable, but the little doubts and greedy thoughts that were like flames grew in her heart little by little, and the rumors about her and Daniel brought her Her huge interests and sense of vanity, like opium, bewitched her deeper and deeper.

She gradually began to weave and perfect this dream step by step, and she fell into the flattery and adulation of everyone. Not only did she deceive everyone, but she also deceived herself into it. She even firmly believed that this man must be I love her deeply...

Until today, this dream was awakened by a sudden heavy hammer, and it was severely torn apart in front of everyone...

## Chapter 1263

She regrets... regrets...

Why didn't she be more careful? If she was a little more rational, if she wasn't greedy so much, then she could continue to enjoy the aura of "Daniel's woman" and sit on the throne of "Lu Group's future boss wife" ...

But now, it's too late, everything is over...

At this moment, Zhao Anxin was so regretful that her guts were green. She thought that with Su Yimo's beauty, even if she took ten thousand steps back and said that Daniel didn't mean that much to her, Yimo was also the goddess of the nation, and Daniel would never be there. She can't get off the stage under the eyes of the public. As long as his attitude is a little more tactful, then they can continue to stir up this scandal. Isn't that what they have been doing before? Anyway, it's impossible for Daniel to pay attention to entertainment gossip and won't bother to clarify anything...

However, how did she know that Daniel would be so ruthless and relentless in his actions, one sentence "who are you" was enough to shatter everything they had planned, and the last sentence to the reporter was even more powerful enough to destroy them... ..

What's more frightening is that looking at Boss Lu's attitude, he might be angry!

Zhao Anxin couldn't figure out what went wrong, and why tonight's things developed to this point...

"Okay, friends from the media, as my brother said just now, what you said is just a misunderstanding! I hope you will stop believing in it in the future, let alone spreading rumors like this. After all, my brother is already a He has his own owner, and he and his girlfriend have always been very affectionate and

sweet, if my sister-in-law misunderstood him, hehe, I'm afraid I'd kneel on the washboard!" Saul said teasingly.

However, Saul's joking words caused an uproar in the scene!

The media never expected that breaking news came one after another!

Hundreds of reporter microphones stretched out in front of Saul...

"What... what! Second Young Master, you mean Mr. Lu already has a girlfriend?"

"I don't know who is Mr. Lu's girlfriend? Or someone from the entertainment industry?"

"Second Young Master, is what you said true?"

"Second Young Master, can you reveal more!"

"Second Young Master..."

...

Saul laughed and said, "As for the identity of my future sister-in-law, I'm sorry I won't reveal too much, but what I can tell you is that they have been dating for almost a year, and their relationship is very stable. I vomited up my dog food!"

The media didn't expect to find out the woman's identity, so they could only start from other sources, and the microphones turned to Daniel again...

"Mr. Lu, is what the Second Young Master said just now true?"

"I don't know when Mr. Lu and his girlfriend plan to get married?"

“President Lu has such high vision, the girlfriend must be very beautiful!”

...

After supporting his wife, Daniel didn't intend to speak anymore. He was probably in a good mood at the moment, and it was rare for him to answer a few questions from the reporters: “Really. Look at her. She's beautiful.”

Everyone: “...”

Uh, this answer is really simple and clear...

The first question: What Saul said is true! It turned out that the previous rumors were true, Daniel really already had a girlfriend, but that person wasn't Su Yimo who used his name to deceive others! No wonder Mr. Lu made an unprecedented high-profile clarification today. It turned out that he was afraid that someone in the family would misunderstand and be jealous!

The second question: When will you get married, Mr. Lu actually replied that it depends on the woman's meaning. Hearing this voice, she is completely eaten to death by the other party...

As for the last question...beautiful! Aw, what a doting and proud tone!

## Chapter 1264

After listening to Daniel's answer, everyone said that what the second young master said just now was so true, they were even stuffed with dog food!

In just a few short interviews, the amount of information revealed is simply too great!

As No1 in the list of men most women want to marry, today he finally announced that he has a master!

Daniel has a girlfriend. It turns out that Daniel likes women, and the two of them have been dating for a long time...

According to this, if she is in the entertainment industry, with a boyfriend like Daniel, that woman must be a powerful figure in the entertainment industry now!

After all, Su Yimo just borrowed Daniel's popularity and was already able to walk sideways in the entertainment industry, let alone Daniel's genuine girlfriend!

Who could it be?

Leng Manyun who retired before?

No, no, Leng Manyun is so old, and she retired to get married, but Boss Lu and his girlfriend are not married yet...

Could it be Qu Jing, the super-popular singer of Juxing Records who was as popular as a rocket?

Or is it the double actress Meng Shiyi who has such good resources as soon as she enters the circle that it is rumored that the backstage is very hard?

...

Everyone has guessed all the people who are so popular in the entertainment circle, but of course most people still tend to guess that the other party is a rich and famous lady...

"Okay, now that everyone is here, let's officially start our celebration now! That's right, the next part is the part you are most looking forward to. Who is so lucky to get the chance to dance together? !" Saul said contagiously.

The lucky draw finally started, and the women at the scene were very excited. Someone in the crowd asked, "If the boss dances with other women, will the lady boss be jealous?"

Saul glanced into the corner, and then said with a smile, "How could it be! This is for work! My sister-in-law is very righteous!"

However...the actual situation is...how could his brother dance with other women...hehehe...

Daniel walked to the middle of the stage, and then two hostesses came forward carrying a big red cardboard box.

Vice President Yi Xudong turned pale when he saw this, and wanted to stop it, but it was too late. On the stage, the man's slender fingers unhurriedly pulled out a piece of paper with a number on it...

The host on the side carefully took the note from Mr. Boss, and then excitedly looked at the crowd who were waiting nervously, and said, "Who is this lucky lady? I will reveal it to everyone soon... "

"Don't blot the ink, let's announce it!"

"What's the number!"

"No. 7, No. 7, please, it must be No. 7!"

...

Under the urging, the host slowly unfolded the note, and then said, "This lucky lady is... No. 29!!! Which lady is No. 29?"

There was a buzz of discussion in the audience, and everyone looked at the number plates of the people around them, but unfortunately, none of them were number 29...

"Yimo! It's you! You are No. 29!" Zhao Anxin, who had a gloomy face, pulled Su Yimo excitedly.

Only then did Su Yimo come back to her senses, and looked at the number plate in her hand in surprise, "Yes...is it me?"

"Yimo!" Zhao Anxin couldn't care less about other things, as if she was afraid of losing this opportunity to make money, she hurriedly said loudly.

Hearing Zhao Anxin speak, there was a moment of silence in the crowd...

It turned out to be Su Yimo? It's so annoying!

Be safe and don't be impatient, coding...

## Chapter 1265

Everyone showed an aggrieved expression!

No matter who it is, it's better than Su Yimo!

"It's too shameless! If you can't cheat and deceive, now you can change it to seduce directly, right?"

"Boss hates her! Don't dance with her! Anyone is better than Su Yimo!"

"However, today is such an important occasion, so many reporters are watching, and the second young master has made the rules very clear. Even if Su Yimo made a move, it probably won't change..."

...

"Yimo, don't be discouraged! With your looks, there is no man who is not attracted to him. It's just a girlfriend and he's not married. You have a chance!"

While talking to Su Yimo, Zhao Anxin gave the host on stage a vicious wink.

The host is from Su Yimo's party, so he said directly as if he was afraid of any accident, "Congratulations to Yimo, please..."

However, before he finished speaking, a cold voice came from beside him, "Substitute."

The host's face immediately turned pale, and it was because of the extremely oppressive air pressure beside Daniel that he trembled all over.

Substitution...

Daniel actually said in public that he wanted to replace him, his dislike for Su Yimo was undisguised!

"Oh! Long live the boss!"

"so cool!"

"This kind of person should treat her like this!"

...

"Go and smoke." Daniel looked at the host and said.

The host didn't dare to have any objection, he stretched out his hand and took out a number without delaying for a moment. After seeing the number on the note, the host's legs softened and he almost knelt down...

At the same time, the high-definition aerial camera suddenly pointed at the note in the host's hand under the control...

On the huge screen behind him, the number on the note was impressively displayed – 29!

It's the 29th again!

"I'll go! Why are there two numbers 29?"

"Do you need to ask? That box must be full of numbers 29!"

"Hahaha... Su Yimo's embarrassment is huge!"

"Is she still ashamed tonight?"

...

Vice President Yi Xudong stumbled onto the stage, and said in fear, "I'm really sorry, Mr. Lu, there was a small mistake!"

After speaking, he glared at the host on the side with an angry face, "How do you do things? How did you come up with two identical numbers?"

The host was aggrieved, but he couldn't talk back.

Under the stage, Zhao Anxin suddenly fell to the ground...

over...

It's all over...

I thought this opportunity was a life-saving straw, but who knew it was the last straw that crushed them...

She couldn't imagine how after tonight, the image of the cold goddess she created for Su Yimo would be shattered...

After the brief twists and turns, Saul smiled and moved another cardboard box up. In order to show fairness, he even drew the number plate several times to

prove that the numbers inside were all different, and then replaced it by himself. Moderator's position...

Now that everyone finally had no objections, they stared excitedly at Daniel's fingers poking into the box again...

"Oooo  
ooo  
oooooooooooooooooooooooooooooooooooooth of arm!

On the stage, Saul took the note from his brother with a smile, unfolded it unhurriedly, and was about to use his unique skill of "transferring objects" to replace it with Selena, but in the next second, he stared at her. big eyes...

fcuk!

Number 166!

Amazing my brother, he actually won Selena by himself?

## Chapter 1266

It has been proved just now that this box has not been tampered with at all. However, in order to coax the girl, Saul has a good magic trick. I didn't realize it was changed to Selena's number...

Tsk tsk, his tricks are much better than that guy Yi Xudong!

It wasn't the first time Saul had done this kind of thing, so Daniel naturally knew about it.

Originally, Saul was going to show off his skills and ask for some credit, but who knew that his brother was so awesome that he actually won Selena by himself!

What the hell, dear brother, you are so lucky!

Even the gods are following along to abuse dogs, it is simply unreasonable!

Saul looked at the number on the note with tears streaming down his face and said, "This time your dear boss has drawn the number – 166! Please invite our unlucky baby to come on stage!"

As soon as the voice fell, the camera quickly passed through the crowd, looking for who No. 166 is...

Ling Zhizhi was stunned, it turned out to be Selena...

Xiaotao was going crazy with joy, "Ahhh! Karen, you are so 6! You have been drawn!"

Tonight's luck must have been great, not only seeing Su Yimo's misfortune, but also receiving such great benefits.

Selena raised her eyebrows, but she quickly realized that Saul must have made a move...

When the camera focused on Selena and the number plate number 166 in her hand, there were exclamations of surprise or envy from the audience...

"Wow! It's Selena!"

"Although I wasn't drawn, Selena was the one who was drawn, but I feel very happy for no reason, what's the matter?"

"Hahaha...Of course it's cool! Earlier, Su Yimo was trying to block Selena!"

"I also think it's good to have Selena drawn. Miss Su's expression is even more exciting, isn't it?"

"Uh, it's just... I don't know if the boss is satisfied this time? There won't be another replacement, right?"

...

"Oh! It's Selena! As expected of the young master, I personally dug someone, luck is up to me! Come here quickly!"

Under Saul's excited invitation, Selena straightened her skirt and walked towards the stage step by step...

Su Yimo stared at Selena intently, her fingernails pinched the bloodstains on her palm, "How could it be Selena!"

"It must have been tampered with! Otherwise, how could it be Selena by such a coincidence!" Liang Biqin was so angry that her entire face was distorted, "Boss Lu would not agree to dance with that foxy girl! Of course not... After all, he You can't even see my cousin..."

Liang Biqin choked back the words "I don't like it".

At the scene, under everyone's fiery gaze, Daniel on the stage suddenly moved...

The man straightened his cuffs a little, and then walked down the stage step by step with two long straight and slender legs, walking straight in Selena's direction...

Finally, the two stood facing each other, only two steps away.

Under everyone's breathless gaze, Daniel stood still in front of the girl, made a gentleman's salute dignifiedly and gracefully, and slowly stretched out a hand towards the girl...

Selena looked at the man in a black formal suit with a cold face in front of her, and was almost dazzled by the beauty. She was stunned for a moment before she came back to her senses, and gently put her hand on the man's broad palm.

A melodious music sounded, and Daniel led the girl to the dance floor. He held the girl's hand with one hand and gently wrapped the other around the girl's waist. He followed the music and started dancing...

Saul behind him: "..."

What the hell, I, the host, prepared a lot of lines to enliven the atmosphere, why did you two just jump on it?

## Chapter 1267

Selena also thought that there must be a lot of interaction with the guests in the audience, but Daniel led her directly onto the dance floor.

"Cough... it looks like your brother has something to say..." Selena glanced at Saul who was on the stage with a sad face.

Daniel: "Don't worry about him."

Selena: "Oh..."

Under the huge bright crystal lamp, on the dance floor, the man was dressed in black formal attire, and the woman was wearing a luxurious retro black dress. The two of them seemed to be in couple's attire, but they matched unexpectedly well. In front of the characters, Selena's aura was not weak at all...

Several female artists gathered together and whispered, probably because an enemy's enemy is a friend. Although everyone was envious, they didn't have any malicious intentions...

"Speaking of conscience, in terms of appearance, I am completely convinced by Selena!"

"It's simply a beauty feast!"

"Aww, I'm so envious! I really want to dance with the boss! Why am I not as lucky as Selena!"

One of the female artists seemed to be a fan of Selena, and she immediately retorted, "Karen is not lucky, he was squeezed by Su Yimo's party and could only act in a low-budget movie. I think she deserves to be blocked by someone who is famous for her strength, otherwise I will doubt my life all the time watching Su Yimo gain power there!"

"Su Yimo finally stopped covering the sky with one hand!" A person beside him sighed.

The other person showed a suspicious expression, "Even if our big boss doesn't know what Su Yimo is doing, then Saul should know how arrogant Su Yimo is, and he doesn't know why he is so conniving to that woman..."

"I guess the second young master has already had an opinion, otherwise why would he have dug Selena over to suppress her!"

"Now that I've seen some of them, do you think this Su Yimo can beat Selena without the halo of 'Lu's Group Boss'?"

An older-looking female artist next to her analyzed, "Except for Daniel's factor, Su Yimo's foundation in the entertainment industry is also very stable. It may not be easy for Selena to replace her! However, the waves behind the Yangtze River push the waves ahead. This girl is indeed very powerful, and now Daniel has unblocked her personally... No one can say what will happen in the future!"

...

The scandal between Su Yimo and Daniel was clarified, and Daniel personally danced with Selena, so it didn't take much thinking to know that Selena's "banning order" was completely lifted now!

As a result, the photographers at the scene pointed their guns and short cannons at Selena. The photographers who secretly took a lot of photos when Selena walked on the red carpet were all very lucky. Those who were afraid of Su Yimo didn't take pictures. What's more, I feel regretful, so I can only rush to take a few more photos now...

Late at night, No. 6 Platinum Emperor Palace.

The WeChat group has been beeping non-stop, but Louis didn't pay attention to it at all. He didn't need to guess to know that it must be discussing the anniversary celebration of Shengshi Entertainment tonight...

A big "ga-over" was displayed on the big screen of the game, Louis was so angry that he threw the game controller, and then lay on his back on the carpet behind him.

The mobile phone next to it is still beeping happily...

Finally, Louis couldn't help but picked up his phone and opened the WeChat group.

The latest message in the group is that someone sent a short video, Louis casually clicked on it and watched it...

Then I saw that in the video, Selena and Daniel were embracing and waltzing under the bright lights in the center of the stage. The scene was so beautiful that it was like shooting a movie...

Louis had a hot-eyed expression, and immediately threw the phone away, then slapped the back of his hand hard, "I'll make you cheap! I'll make you cheap!"

Dmn, he hid all this, but the result still fell short...

## Chapter 1268

After the dance, Daniel gave a brief speech and handed over the home game to Saul and Yi Xudong.

"...It's especially worth mentioning that last month, "Dream Seeker" was a big hit, and Selena is a well-deserved dark horse in our entertainment industry..." When Yi Xudong was giving a summary of his work to everyone, he contradicted his previous comments. Selena's coldness and ignorance, she specifically praised her performance in "Dream Seeker" by name, and said a lot of words of encouragement, her attitude can be described as a 180-degree change.

If possible, of course he also hoped that Shengshi would bring out a few more capable artists.

Shengshi Entertainment has not been established for a long time, but it has come from behind. The overall level of artists is very high, and there are many outstanding newcomers. There is a lack of top artists with great influence and word of mouth.

Because Empire Entertainment has the longest history, there have been famous and well-known Song Qiuming, Ding Shan, Liu Yan and other powerful leaders. Even though many of them are no longer active in the entertainment circle, they are firmly engraved on Empire's reputation On the wall of merit, as for the development of new stars such as Susie, Li Leling, Luo Fan, etc...

Fengxing Entertainment has the grand slam actress Song Lin who has won 12 trophies, and has produced several Shidi TV queens. Even Orange Sky Media, which has only been opened for a few years, has a bright future like Meng Shiyi. Young Actress...

Since Shengshi Entertainment left Leng Manyun, the new generation of traffic niches and florets are mostly, but it is difficult to have such a high-ranking artist who can support the reputation of the entire company. Before that, Bailu was an upset and took several domestic and foreign artists. The awards, unfortunately, are all for Best Supporting Actress...

For Selena, Yi Xudong is actually not very good-looking, because he is too beautiful, and it is difficult to take the high-end route. If you look at the international actresses in the entertainment circle, which one of the big names in Hollywood depends on their looks? Being ugly and ordinary is easier to gain recognition from the high-end film and television circles, and if a beautiful female star wants to win an award, most of them need to deliberately pretend to be ugly, not to mention it is very difficult, this is almost the law of the entertainment circle...

Su Yimo, for example, was determined not to make a film that would affect her image. After her accomplishments in the entertainment industry have reached this point, she is destined to stop. He likes Su Yimo most likely because of the "Daniel" three behind her. word...

late at night.

After the celebration, Daniel and Selena returned to the Platinum Emperor Palace.

Xiao Biesheng was newlywed, and she had to carry it all the time at the dinner party just now, and Selena was hugged into a fiery embrace as soon as she came back.

"Is baby asleep?"

"Ok."

"Have you finished dealing with overseas affairs?" Selena looked at the man's tired face with some distress, and came over as soon as he got off the plane, probably working overtime to get back.

"Yeah." Daniel didn't know if he heard her words, or if he heard her words and didn't think about it, he was busy but delicately kissing her eyes, her lips...

At this moment, she hadn't had time to change her clothes, she was wearing a queen-like makeup, but she was so cute in his arms.

Selena was a little itchy from the kiss, so she pushed him with a chuckle, "By the way, Daniel, I wanted to ask you just now, did you let Saul play tricks on you when drawing numbers? How did he change the number?" Is it mine? Or did you do it yourself?"

The man lowered his eyes and glanced at him, "No, it's you."

"Ah? What do you mean?" Selena was puzzled.

Daniel: "I got you."

Selena's eyes widened immediately, "I'll go! No way! Is it true?"

"real."

"So, originally you were planning to make a move, but it turned out that I was the one you drew? Dmn, it's so fate! Darling, we are really destined to be a match made in heaven!"

"Ok."

## Chapter 1269

In the early morning of the next day, the headlines of all major entertainment gossip newspapers, magazines, and online media were all about the eye-

popping news that happened at Shengshi Entertainment's anniversary celebration last night!

Su Yimo's public relations team worked overtime all night long to find contacts everywhere in an attempt to silence the media, but with little success.

Without Daniel's background, she, Su Yimo, is just an entertainer in the entertainment circle...

No matter how famous an artist is, the power of life and death is still in the hands of the media.

What's more, in the situation last night, Daniel obviously wanted to clarify this on purpose, and they naturally scrambled to follow the master's wishes.

In the early morning, the tea room of the Lu Corporation.

Ye Ying came a bit late today, after she put down her bag, she just came to the tea room with a water cup, when she heard bursts of excited discussions coming from inside.

"Why is it so lively today?"

Seeing Ye Ying, someone immediately grabbed her excitedly, and said in a mysterious tone, "Director Ye, you don't know yet! Something big happened!"

"What's the matter? What happened?" Ye Ying showed a suspicious look.

One of the little secretaries had a fiery tone, "Last night at Glory World Entertainment's anniversary celebration, our boss publicly announced that he has a girlfriend! And we've been dating for a long time and the relationship is stable!"

"What?" Ye Ying was so startled that her hands shook, the coffee in the cup shook violently, and her face was full of surprise, she asked, "Boss really made it public with Su Yimo?"

Hearing Ye Ying's words, there was a burst of laughter from the tea room, "What! On the contrary, the boss slapped Su Yimo in the face in public, saying that he didn't know her at all, and said that his vision is not that bad!"

Ye Ying was even more surprised, and it took her a long time to realize, "What... what!! It's not Su Yimo... who is that?"

"I don't know, the boss hides her so tightly that no one can see through, but what I know is that the boss really dotes on that person very much, he was so angry last night! You can see for yourself! "A little secretary stuffed a newspaper for Ye Ying.

Ye Ying hurriedly put down the coffee in her hand, and couldn't wait to look through it...

The media didn't dare to reveal too much information about Daniel, and they didn't even dare to post a single photo, but they described what happened last night vividly, like writing a novel, full of twists and turns, ups and downs...

"Who are you", "I should know you", "Is my vision so bad?"... Just three sentences are enough to imagine how powerful the man's aura was at that time...

Depend on!

This Su Yimo, she has always been serving her with the same care as her grandson, but she was just bluffing and deceiving from the beginning to the end?

After reading it, Ye Ying almost vomited blood. At the same time, she was extremely grateful to Saul for reminding her not to rush to sign a contract with Su Yimo...

After putting down the newspaper, Ye Ying strode back to the office in high heels. Without further ado, she called Selena's manager Lin Zhizhi first.

In the gossip newspaper just now, even though Su Yimo "stolen the limelight" last night, Selena still occupied a lot of space.

Although there were no photos in the article, it mentioned in a big way that Su Yimo couldn't operate in the dark and was rejected by Daniel on the spot, and finally Selena was chosen to dance the opening dance...

This dance was not just a dance, it also showed Daniel's attitude.

"Hi, is this Selena's manager, Ms. Lin? Hello, I'm Ye Ying, the creative director of the Lu Group. The group is planning to shoot a commercial recently, and I want to invite Selena to audition..."

After successfully communicating with Ling Zhizhi and making an appointment for the audition, Ye Ying felt completely refreshed.

Just then, her cell phone rang suddenly.

Looking at the caller ID, it was Zhao Anxin calling.

## Chapter 1270

"Hello, Director Ye?"

"Miss Zhao called so early, what's the matter?"

"That's it. I want to ask Director Ye, when will we sign Yimo's renewed contract? And Biqin's advertisement! It's been so many days, so it should be reasonable to sign the contract, right?"

Ye Ying sneered for a while, ah, this Zhao Anxin actually had the nerve to mention it!

She is the creative director of Lu's Group Headquarters. No one in the circle is polite to her, but Zhao Anxin is the only one who has made too many demands during this period of cooperation. Now I know that Su Yimo is not at all. As a boss, she doesn't have to sell any face at all.

"Oh, Ms. Zhao, I'm sorry, the twice the endorsement fee you proposed before is simply a fantasy, and the influence of Ms. Su's endorsement on our products in the past period has not met our expectations, so we have It was agreed to use other artists. As for Liang Biqin...Miss Zhao, you know the evaluation of Liang Biqin's men's clothing movie on the Internet. , It's better to have some self-knowledge!"

After holding it in for so long, she could finally let out a sigh of relief. Ye Ying didn't give her any face at all.

"You..." Zhao Anxin on the other end of the phone seemed to be about to explode, but probably thinking that today is different from the past, suppressed her anger and said, "Director Ye, what does this mean? We have already discussed these things from the very beginning, you now But you want to repent all of it?"

It's okay if you don't mention it, but Ye Ying is even more angry when you mention it, "Aside from the name of my boss, you know exactly how much your artist weighs! Our Lu Group is not a garbage transfer station!"

After Ye Ying finished speaking, she hung up the phone directly.

A high-end villa in the imperial capital.

The whole night, Su Yimo, Zhao Anxin and Liang Biqin stayed up all night.

Since last night, I have been trying to find a way to get to the phone, but I still saw the situation develop to this point.

Zhao Anxin was afraid that the night would be long and dreamy, so she called Ye Ying to ask about the contract as soon as she got to work, but she didn't expect to get such a reply...

She originally thought that at most Biqin's advertisement would not be able to keep, and who knew that even Su Yimo's contract extension was gone.

"How is it?" Su Yimo asked with a gloomy expression.

Zhao Anxin's face was covered with dark clouds, "That damned Ye Ying, who is playing with the wind, not only is Biqin's commercial gone, but even Yimo's contract can't be signed..."

"How could this happen! Those people are really too much!" Liang Biqin was in a hurry.

Su Yimo tightly clenched her fists. In just one night, everything about her was turned upside down. All those people who flattered her in the past began to avoid her...

Ever since she became popular, she was not being held carefully wherever she went, and it was convenient no matter where she was. Now that she fell from the altar with one trick, how could she bear it...

But she forgot that all of this should not belong to her...

Seeing Su Yimo's face getting more and more ugly, Zhao Anxin pinched her brows and said, "Yimo, don't be too sad, even without Daniel, you are still the first sister of Shengshi Entertainment..."

"Oh, first sister..." Su Yimo sneered.

What a sister, she is now in Shengshi Entertainment, she is a joke in the entire entertainment industry!

Zhao Anxin naturally knew how heavy their losses would be without the aura of Daniel. The competition in the entertainment industry is so fierce, and Su Yimo is not young anymore. Without a backstage, she will be replaced if she is not careful...

no! It was hard for her to get to where she is today, and everything she is absolutely not allowed to get is over!

Zhao Anxin coughed lightly, moved her tone softly and moved to Su Yimo's side, and said earnestly, "Yimo, people have to look forward, things have already turned out like this, the most urgent thing is to quickly find a solution... I Just now I made an appointment for you, the owner of Rongxin Real Estate..."
