

Cruel Heart Lover Novel Chapter 1401

Chapter 1401

Film and Television City, Jiuxiao crew.

In a large sea of emerald green bamboo, two figures, one green and one red, are fighting fiercely. The two cooperate with each other tacitly, and the moves are like clouds and flowing water, which dazzles the onlookers.

A few minutes later.

"Ka...Selena, it was not bad just now, but with your level, it can be better! Let's take a ten-minute break and do it again later!" Guo Qisheng said.

"Okay." Selena nodded, wiped off her sweat and returned to the rest area.

Louis threw the prop sword in his hand to the assistant, sat on the bench next to Selena, and glanced at her dissatisfiedly, "Selena, what do you mean! Why don't you look down on me? Can you use it?" Dim sum? I'm so distracted that I almost walked outside the sixth ring road! What are you thinking about?"

Selena took the mineral water handed over by Xiao Tao, raised her head and took a sip, "I think it's too late for me to stop acting now..."

Louis's face turned dark immediately, "Why are you on a nerve?"

Selena spread out the script, looked at the schedule, and her eyes fell on the last scene of the day.

Scene: Ten Thousand Poison Hall

Characters: Yunhuang, Yunsitian

"I always feel like I'm going to die in this movie..." Selena sighed.

"You died in the end in this play!" Louis was puzzled.

"Don't talk to me thank you, I want to be quiet..."

Louis followed her gaze and looked at the script in her hand, "Is your last scene today going to be with that investor who is going to be a cameo?"

Speaking of this, Louis didn't know what came to mind, stared at her speechlessly and said, "I said...this investor...doesn't have anything to do with you again, does it?"

Selena's face was as dark as the bottom of a pot, "...Young man! Didn't I tell you not to talk to me?"

Louis: "Dmn it!!!!!! Does it really matter? Nima..."

Louis was stunned for a long time before he finally came to his senses, the veins on his forehead collapsed and jumped happily, "Selena! I've convinced you! I'll let you go! Now it's all right! I finally played myself to death!"

Louis counted with his fingers, "One, two, three, four... fcuk! A mahjong table! Three more and you can summon a dragon!"

Selena rested her chin with a dark face, "Summon your sister! I don't want to either, okay?"

Who would have known that one day these people would be able to get together in one play! She is also very broken, okay?

What's even more frustrating is...

Nima, her wife is also coming to play a guest role! There are still many scenes in the future that are all gathered together...

She has always wanted to make a particularly exciting scene, how about now, it's really exciting enough!

Louis stared at her, extremely speechless, "What's the situation with this one? You abused him and dumped him again? Don't blame me for not reminding you, this Yun Shen's background is not simple! You are looking for death!"

Selena rolled his eyes at him, "Do you think I have the courage? He is different from you and Mo Chenxiu..."

Hearing this, Louis's face suddenly changed, and he looked at her meaningfully, "He is in a different situation from us? Are you really interested in this?"

Selena scratched her hair impatiently, "It's hard to explain, but this is the most difficult..."

"Everyone get ready, let's do it again..."

Guo Qisheng started shouting there, Louis could only accept the question suspiciously.

Chapter 1402

After reshooting this scene several times, it finally passed smoothly.

Selena sat on a chair and began to wait for the final "death scene".

After the scene between her and Louis, it was Meng Shiyi and Louis's scene.

It was also a fighting scene, Meng Shiyi was obviously a veteran, she filmed three scenes, all of which were done in one go, and won applause from everyone.

"Sister Shiyi is really amazing!"

"As expected of a powerful faction! It's all a fault!"

"I heard that Selena was also famous when she was filming "The World"!"

"I guess it was blown out, right? Although her acting skills are pretty good, she's obviously not at the same level as Sister Shiyi, okay?"

...

After the filming was over, Meng Shiyi looked proud and cast a mocking look in Selena's direction.

Selena was upset, so naturally she wasn't in the mood to pay attention to Meng Shiyi.

It's finally the last scene, but a certain "big-name actor" hasn't come yet.

Guo Qisheng looked at the watch on his wrist, "Hey, wait a little longer, everyone!"

The rich man is the uncle, but it's just a matter of waiting for a while. Naturally, everyone didn't have any opinions. On the contrary, because they knew that the legendary rich boss Yun came to play a guest role in this scene, everyone was extremely excited.

Meng Shiyi's role was over, but she didn't intend to leave at all, she was still sitting there, looking towards the door from time to time while she was touching up her makeup.

Selena had already changed her makeup and costumes for the scene. She tilted her head with one hand, tapped the armrest of the chair with her other hand, and rolled her eyes.

Well, maybe that guy just mentioned it casually and wouldn't come at all?

I heard from Annie that he was very busy after returning to China, and he was always in a hurry. It should be impossible to come here to do such a boring thing just to punish her, right?

The more Selena thought about it, the more she realized it was possible!

“Mr. Yun...you are finally here!”

As soon as he thought about it, Guo Qisheng’s excited voice sounded in his ears.

Then I saw the director, producer, producer and a large group of crew and creators all gathered around the door.

Looking at the familiar arrogant white hair...

Selena suddenly had black lines all over her face.

It’s really here, how boring it is!

Seeing this guy appearing in a place like the crew, she always had an extremely unreal feeling.

The man’s appearance was extremely handsome, and a shallow scar on the brow bone not only did not affect his appearance at all, but added a dangerous and coquettish atmosphere.

That incomparably unique temperament is completely different from those copy-and-pasted little fresh meat in the entertainment industry, as if it is a creature that only lives in the dark night, and unexpectedly came to this blue sky and white day that does not belong to him.

“Brother Yun!”

Seeing the person coming, Meng Shiyi immediately trotted over with her skirt in her hands. A second ago, she was a dignified and stable actress, but now she is completely looking like a little girl.

Hearing Meng Shiyi's affectionate title, all the actors and staff at the scene whispered to each other, showing surprised expressions.

"I'll go! Meng Shiyi actually knows Mr. Yun?"

"Meng Shiyi's background is so deep, so it's not surprising to know such a person, right? I've heard about it before, and the two seem to be family friends!"

Those female artists who had been staring at Yunshen just now were immediately disappointed. They finally got a piece of fat, and they were actually targeted by the eagle.

Meng Shiyi is not an easy boss to mess with, isn't it hopeless for them now...

Chapter 1403

Meng Shiyi trotted towards the man, but within a few steps of approaching, she was strictly separated by two bodyguards dressed in black with murderous expressions on their faces.

"Brother Yun..." Meng Shiyi stomped her feet, her face full of grievances.

Yun Shen's light gray eyes glanced at Meng Shiyi's face like the wind sweeping through the dust, then turned his head to Guo Qisheng who was at the side, and asked in a slow tone, "Director Guo, I'm playing brother?"

Guo Qisheng was stunned for a moment, and then he looked embarrassed, "No, no, Mr. Yun, your role remains the same, you still chose the one you personally chose before, Yunhuang's father, not brother..."

As soon as this conversation came out, the crowd of onlookers burst into laughter one after another.

Daredevil doesn't know her at all...

Meng Shiyi's eyes widened immediately, as if she didn't expect Yun Shen to disrespect her so much in front of everyone!

Dmn it...he knew who she was, yet he dared to treat her like this...

"can you start it?"

"Of course, Mr. Yun, please come with me, the makeup artist and stylist have already been arranged!" Unexpectedly, this big boss was so active, Guo Qisheng enthusiastically led the way.

The white-haired man followed Guo Qisheng unhurriedly with his long legs. When he passed by Selena, he gave her a half-smile from the corner of his eye, parted his thin lips lightly, and opened his mouth Said: Good girl, wait for me.

Selena: "..."

Wait for your size, I will be your father!

Soon, the man changed into a disguise and came out.

The moment Yun Shen changed into the costume in the play and came out, the whole set was boiling.

Yun Shen's character in the play also has silver hair. The man is wearing a dark black ancient costume with a dragon-patterned belt around his waist. The long silver hair complements the make-up face and makes the whole person look more coquettish, light gray It's heart palpitations between the eyes of the eyes.

Because Yun Sitian practiced evil kung fu, his body would not age, so Yun Shen didn't need to pretend to be old.

"Aww... Oh my God! Are you sure that Mr. Yun is playing the heroine's father?"

"Crash, I actually fell in love with the heroine's father!"

"This is definitely the most handsome dad in history, he almost stole the male lead's limelight!"

"If I want such a monstrous father, what kind of hero do I need!"

...

Guo Qisheng was also quite surprised and satisfied watching from the sidelines. An investor who got in through his relationship could become one of the biggest highlights of the show. How could he not be happy, but he just doesn't know how his acting skills are... ..

Well, with Selena taking her with her, there must be no problem!

"Selena, get ready, we can start!" Guo Qisheng was worried, and went to tell Selena again, asking her to take care of the newcomer.

Selena bit the bullet and agreed.

All departments are ready, and the shooting begins.

This scene is very simple, that is, the female protagonist has a close relationship with the male protagonist recently, and was discovered by the female protagonist's father, and became furious.

"3, 2, 1...start!"

In the dark hall, a man with an eerie and handsome face was lazily reclining on a chair. The armrests on both sides of the chair were carved into two coiled giant pythons. There is an astonishingly weird beauty.

Just after listening to his subordinates report on his daughter Yunhuang's recent movements, the man should have been furious, but Yun Shen handled it calmly, as if nothing had happened.

Guo Qisheng frowned slightly, but he didn't call out, but continued to read.

At this time, footsteps sounded from far and near outside the hall door, and Selena, dressed in a fiery red dress, appeared.

Chapter 1404

Seeing the person coming, above the main hall, the man squinted his eyes, like a resting beast, and said lazily, "Finally willing to come back?"

Selena "brushed" the hem of her clothes, half-kneeled in salute, then bowed her head and called out respectfully: "..."

one second...

two seconds...

three seconds...

Selena buried her head firmly, the sound of "Dad" stuck in her throat, she couldn't get up or down, and couldn't say anything.

"Ka..." Finally, Guo Qisheng stopped shouting when he saw that something was wrong.

"Sorry, I was distracted." Selena pinched her brows.

"It's okay, it's okay, let's do it again!" Guo Qisheng was a little surprised, he didn't expect that Selena would be the one to be ng for the first time.

Could it be that Selena was deliberately trying to relieve the pressure on this distinguished utility man?

In the main hall, the white-haired man's eyes fell on the girl who was hiding in the corner and took a deep breath to calm down, and the smile flashed across his eyes.

Soon, filming began again.

Yun Sitian: "Are you finally willing to come back?"

This time, Selena walked over directly with her head buried, then knelt down to salute, not even looking at a certain ba5tard in the main hall, lest she really couldn't scream.

This trick really worked. Selena lowered her head and was about to speak, but the person in the seat suddenly interrupted her, "Raise your head and look at Weifu!"

Selena: "..."

Depend on! This guy actually changed his lines without permission!

However, Guo Qisheng didn't shout, so she had to continue, because TV dramas are not as strict as movies, and it's normal to have minor changes during the performance.

Selena was forced to raise her head, looking at the face that she just wanted to rush up to "kill her father", she got stuck again sadly...

"Puchi..." Suddenly Meng Shiyi sneered, "Director Guo, this is what you call a professional, dedicated actor who won't let me down even if he plays against

me? Anyway, he's considered a first-line actor, but It's just a slight change in the lines, but he doesn't even have the ability to respond on the spot, so in Director Guo's eyes, this person can be called an actor?"

Guo Qisheng looked embarrassed, and he was also in a daze. This was something that never happened in the last play. What happened to Selena?

It's just a one-word line that couldn't be simpler. It's really weird that she actually ate ng twice in a row.

The other staff members around were also whispering.

"Sure enough, there is no comparison between the idol faction and the powerful faction!"

"Aren't all the vases that rely on the face like this! What's so strange!"

"It was okay when I watched it in the movie, but I didn't expect the level to be so bad during the real filming. Could it be that I have eaten countless NGs in private?"

...

Not far away, Louis was as surprised as Guo Qisheng.

The person who can influence Selena to such an extent... He only knows one person so far... Daniel...

The last time Selena ng was in the k!ssing scene with him in "The World", because Daniel was present, she ate ng a few times. This Selena's ex-boyfriend has such a great influence on Selena?

At the same time, Mo Chenxiu, who had been observing in secret, was once again confused. Judging from Selena's strange behavior, the new Yun Shen seemed quite suspicious...

Nima, who is this woman's boyfriend? Simply confusing!

"Mr. Yun, I'm sorry, I'm really sorry, Selena must have been too excited to see you!" Guo Qisheng hurried over to apologize to Yun Shen.

Not only did the man not show any signs of anger, but instead he looked good-tempered and in a good mood, looked at Selena with a smile and said, "It's okay, Director Guo, take a rest for ten minutes, I'll have a private show with Selena, let her practice a few more times!"

Chapter 1405

Selena, who was on the side, heard this, and almost vomited blood from this pious guy's anger!

And that guy actually ran to her with the script in a serious manner.

Selena lowered her voice, her eyes were full of murderous intent, "My surname is Yun! What exactly do you want?"

The man held his chin and looked at her: "Where's my biscuit?"

Selena glared at him, "What will you do before you leave the set!"

The man showed a thoughtful expression when he heard the words, while Selena was anxiously waiting for his reply.

The man pondered for a long time, and finally said, "Well... I like sweeter food, add more sugar!"

Selena exhausted all her rationality to finally restrain her urge to grab his collar and strangle him to death.

I will add arsenic to you!

Looking at Yun Shen and Selena who were not far away, Meng Shiyi suddenly realized something, "This b!tch, she must be pretending to get close to Brother Yun, isn't she?"

The assistant on the side approached and echoed, "Probably, but her acting skills don't need to pretend to be anything but! What are you shooting these days? It's even worse than one of your little fingers, Sister Shiyi! I really don't know why the directors who have worked with her are full of praise for her, it's probably because of tricks... I think Mr. Yun seems to have been seduced by that woman..."

Hearing this, Meng Shiyi couldn't bear it any longer, and strode towards the two of them.

In the end, just like before, they were separated by two cold-faced bodyguards before they got close.

"Presumptuous, do you know who I am?" Meng Shiyi glared at the two of them sternly.

The two bodyguards were like humanoid weapons without emotion, without any reaction, they still tightly blocked Meng Shiyi from passing.

"You guys...good...very good!" Meng Shiyi's face showed a hint of sternness, and she turned and left with big strides.

...

Ten minutes later, filming resumed.

This time, Selena even used the technique of psychological hypnosis that Dr. Smith had taught her, and finally allowed her performance to continue.

It's just a short scene, but it's more tiring than her intense martial arts scene.

However, this tragedy has only just begun...

Soon her sweetheart will also join the group hahaha...

Selena was about to drag her ravaged body home like a dead dog when her cell phone rang.

The caller ID showed Zhuang Rongguang. This kid's number was the one he insisted on depositing last time.

Seeing Zhuang Rongguang's phone call, Selena was a little surprised, as if she didn't expect him to call her, "Hello?"

"Hey, sister Xi! Are you done yet? Come and play!" Zhuang Rongguang's excited voice came from the phone.

"play what?"

"Of course it's shooting! It's still the same place, come quickly! Compare it with me! I've been awesome recently! I feel like I'm going to surpass you hahaha..."

The excited and enthusiastic voice of the young man on the phone made Selena's sad mood a little affected, thinking that her state of being tossed and tossed during this period was indeed too bad, and it would be better to relax, so she agreed, "Young man, Since you want to be tortured, then I will satisfy you! Wait! I'll be here soon!"

...

At the same time, Platinum Emperor Palace.

In the study room of Saul's villa, Saul was dizzily analyzing and sorting out all kinds of materials from five years ago to check all the suspects that night.

Chapter 1406

That night, the room that Selena went to find Roman was 713, but then something seemed to happen and she went into another box, and it wasn't the two male PRs that Susie had arranged, but it's a beast that's even more brutal than those two male PRs.

If it's a male public relations person, in their line of work, they will never make people pregnant, and that man not only did nothing, but also ran away after eating, without a trace.

Later he finally found out that that night, what Selena really entered was Room 718 directly opposite 713.

Qinyuan is a membership system, all rooms need to be reserved in advance, and there are detailed reservation records, so, as long as you check who booked the room 718 that night, you can basically find out the murderer.

However, how could things be so easy.

Sure enough, after investigation, he found that the reservation record of the room five years ago had been artificially erased, and he couldn't find any clues.

In the next few days, Saul began to put all his energy into finding out who the person who booked this box that night was.

As a result, he spent several days and nights searching, and even found a computer expert to try to restore the records that were erased that year, but found nothing.

Seeing that a week was up, Saul could only report the progress of the investigation to Daniel with two big panda eyes on his face.

Saul didn't even change his clothes, just put on the pajamas and slippers that he hadn't changed for several days, and ran to the next door to find his brother with the documents in his arms.

"Brother...Brother, I'm sorry for you, I promised you that I will help you find that beast within seven days! But that guy is really too cunning! No clue left, no wonder Selenacha It's been five years and I haven't found it! I think that guy's modus operandi is definitely not a temporary malice, but a habitual offender! A lustful devil!"

Saul held a large stack of documents, and complained tearfully. His handsome face, which he was most proud of, looked as emaciated as a poor scholar who had been squeezed dry by a female ghost. It can be seen that in order to investigate this matter these days, It was really messed up.

Seeing Saul's despondent look, Daniel was a little surprised. Investigating information is Saul's best field, not to mention that he gave him the greatest convenience. In this case, it took seven days to find out that night. Who is the man?

"Progress." Daniel said coldly in front of the cold desk.

Saul hurriedly put a bunch of information in front of Daniel, "I've locked the target, but I just can't find out who that guy is! Qinyuan is the latest defense system imported from China, even top hackers can't do it To the point where I quietly erased my traces and couldn't recover at all..."

Daniel's eyes quickly scanned a date and a box number on the computer screen.

The moment he saw the date and room number clearly, Daniel's gloomy face, which was always full of misfortune, instantly changed.

Saul didn't notice it because of his excitement, and continued to chatter, "Now I can be sure that the box that Selena entered that night is 718, and this 718 is

definitely the beast we are looking for, but I just don't know how to book 718." Who is it... Brother... Brother, did you hear what I said?"

Chapter 1407

Daniel raised his eyebrows slightly, and his eyes, which were originally on the laptop, fell on Saul's face.

That look...extremely weird...

Saul's heart skipped a beat at that glance, "Brother...wh...what's wrong?"

Daniel lightly tapped the date and box number on the paper with his fingertips, and then a deep and hoarse voice sounded in the cold study, "It's me."

Saul scratched his head, "Ah? What? What are you?"

Daniel's thin lips parted slightly, and he slowly read out a series of dates and box numbers, "That night, I was the one who booked this box."

As soon as he finished speaking, Saul was stunned. He didn't seem to understand what Daniel was talking about. It took him a long time to recover and ask, "Brother...you...what are you talking about? This box...is... ..you ordered it?"

"I also deleted the records of that night myself." Daniel continued.

In the study room, there was a dead silence.

After a moment's sluggishness, Saul scrambled to Daniel's desk to pick up the page of investigation materials, looked at the date and box number, especially the date, and then his eyes widened. His expression was as if he had been struck by lightning, "I...f*ck!!!!!!!!!!!!!!!"

He...he seemed to remember...

"This... isn't this the day I drugged you five years ago!!!!"

Nima, is he in a daze? I didn't even think of it at all!

But I really can't blame him, it happened so many years ago, and he was single-mindedly looking into Selena's affairs, how could he have thought of this, before, all he paid attention to was the box number, and he didn't care about the date at all, As for the boxes, Qinyuan was a place they often went to five years ago, and there was no fixed box every time they came, so they didn't have any impression of the box number at all.

He didn't wake up like a dream until the moment he heard his brother's words!

No wonder... No wonder he couldn't find out...

Where did he go to find out the traces that his brother wiped out himself! It is impossible for anyone to find out!

Saul read that page of information over and over again, and almost saw a hole, with a messy expression that was about to go crazy, "You were in the same time...same clubhouse as Selena during the five-year period... ...This is a god-like coincidence! Brother, do you remember wrongly?"

Daniel's eyes swept towards him like icy edges, "Do you think I will remember wrongly?"

Saul flinched in fright from that cold look, and immediately shook his head like a rattle.

Won't! Absolutely not!

Saul was holding his head in a state of collapse, "What the hell is going on! I'm going crazy! How could Selena enter the box you were in? That beast..."

When it came to the word beast, Saul suddenly fell silent, "No, no... I must have made a mistake somewhere!"

Dmn! Who will tell him that he is dreaming!

It's all just too scary...

However, the scariest thing is yet to come.

Daniel flipped through another page of information, and said in an extremely depressed tone, "Selena's car accident gave birth prematurely on August 18th?"

Saul nodded repeatedly, not understanding why he suddenly cared about this, "Yes, this is absolutely certain."

Daniel pinched the center of his brows, his face was like a storm of magnitude 12 at sea, "When did Rick arrive at Lu's house?"

Chapter 1408

The moment Saul heard this question, his face was completely cracked, and he seemed to be in a daze, and it took him a long time to answer reflexively, "August...August 18th... is also August 18th! "

After accepting such information all at once, Saul almost fainted from the shock.

Dmn! The place where his brother was drugged five years ago, and the place where Selena was drugged by Susie, coincidentally happened to be on the same day, in the same place!

What's even more frightening is that the date Selena gave birth to the dead baby in the car accident was the same day as the date Rick was sent to Lu's house!

This... what does this mean...

He has scolded the beast for so many days... Could it be... Could it be...

Saul didn't dare to think about it anymore!

"Continue to investigate." At this moment, Daniel's expression was extremely ugly, so terrified that Saul didn't even have the courage to take a look.

"Yes yes yes... I'll check again right away! I guess I made a mistake, Selena definitely didn't go into your box at all that night!" Saul's expression was extremely bitter.

Before leaving, Saul didn't know where the courage came from. He stopped, turned around and said with shaking legs, "Brother... No matter how I check, there may be deviations... Even though the box was booked by you... there is also a possibility Someone else went in...Actually...there is another method that is absolutely infallible...that can completely figure out everything..."

Daniel: "Shut up!"

"Oh..." Saul howled in fright and ran away without a trace.

He had never seen Daniel look so scary...

The method he can think of, can his brother not think of it?

The best way to get the bottom line is to do a paternity test for Selena and Rick, so that everything can be understood.

But how dare he say that!

He's scared to death, okay?

That night, he was the one who administered the medicine to Daniel himself, and fearing that it would not be enough, he prescribed three times as much medicine.

Daniel's box is just opposite to 713, and box number 718 looks so similar to 713...

What if... what if Selena went to the wrong box... and met his brother who had been given such a large dose of drugs and completely lost his sanity and only his instincts...

Also, if everything is as he speculated just now, then the child that Selena is carrying is almost certainly his brother's, but the baby that Selena gave birth to was obviously a dead baby, how could it be in Lian Xiaoxi's life? What if he was sent to the Lu family without knowing it?

Saul felt that his brain was about to shut down due to the super high-speed operation...

From Daniel's words, he could know how much Selena hated that man back then, and how much that man had hurt Selena. If the man who raped Selena was really his brother, the consequences...

Dmn! He is almost dead!

No, no, no... But I can't think so completely...

If Selena was the real mother of little baby... how happy little baby would be!

Does this count as equalizing merit and demerit?

...

In the study.

Saul should thank him for running fast, because almost the moment he left, the atmosphere in the study immediately dropped to zero, and the gloomy atmosphere around the man in front of the desk was extremely terrifying.

No matter how much Daniel thought about it, he couldn't have imagined that the person he tracked down who bullied Selena would eventually find himself...

The person he wished to be ashes...could be himself...

All of this is like an extremely absurd dream...

Chapter 1409

Daniel didn't know how long he had been in the study, but he suddenly stood up, put on his coat, took the car keys, and walked out the door.

"Master, do you want to go out?"

"Prepare the car and go pick up Rick."

"OK!"

...

school entrance.

It was the end of school time, and the doorway was extremely lively. The lively and lovely children came out one after another and followed their parents.

Daniel's usually meticulous neckline was pulled into a mess, and at this moment he was quietly leaning against the car door, lighting a cigarette in his

hand, but the depths of his eyes were violently churning like a huge and dangerous whirlpool.

Finally, a small familiar figure appeared at the school gate.

The little bun was carrying a small schoolbag, with a stern face, waiting for the housekeeper's grandfather to pick him up as usual, but when he looked up, he saw a familiar car and a familiar tall figure in front of the car.

The little guy's eyes lit up immediately, and he ran towards a short distance – "Mom!"

Daniel pinched the cigarette in his hand, "Your mother didn't come."

Rick's face was filled with disappointment, and he switched from hot buns to cold buns in almost a second.

The black car was driving slowly on the road, and the scenery outside the car window quickly backed up behind it.

Inside the car, everyone, one big and one small, said nothing.

The little bun sat expressionlessly on the passenger seat. Daniel was driving with his slender fingers resting on the steering wheel. He was sizing up the little guy on the passenger seat with deep eyes in the rearview mirror.

Rick's cold, expressionless face resembled him very much, and his facial features were completely copied. No one would suspect that this little guy was Daniel's seed.

Even after so many years, people in the family question Rick's identity every time, but as long as they see Rick, all doubts will be dispelled.

"Will Mommy come over tonight?" Rick asked.

"I'll give her a call." Daniel stared at the word "My Love" in the phone's contact book for a long time, and finally dialed the number.

"Hey, darling..." The girl's Rickey voice came from the other end of the phone, like warm running water, which instantly soothed his heart, which was so anxious that it was almost unbearable.

"Where are you?"

"Just after work, Zhuang Rongguang called me and asked me to go to the shooting range. He was about to play a few games to relax."

"Can I take Rick to find you? Rick misses you."

"Of course you can, bring my good son..." Selena immediately said happily.

Listening to Selena's words "my son", Daniel was full of thoughts, "Okay, I'll be there later."

"Should we go to mother's place?" Rick's face suddenly brightened.

"En." Daniel nodded.

The little guy pursed his lips when he heard the words, and showed a shallow happy smile.

From the corner of his eyes, Daniel inadvertently saw that the moment Rick smiled, the look on his brows...it looked like Selena...

Daniel's expression suddenly turned dazed.

Ever since Selena appeared and Rick's smiles began to increase, he had already discovered that when Rick smiled, his eyebrows and eyes were completely different from his.

It was even said more than once that Rick had been with Selena for a long time, and even his appearance was somewhat similar to Selena's, especially when he laughed, the expression between his brows and eyes was particularly similar.

When he heard this before, he only thought it was fate and never thought about it.

Looking back at this moment, from the time when Rick fell in love with Selena at first sight, from Selena's extraordinary love for Rick, one thing after another... It was shocking...

Chapter 1410

shooting range.

It was only a few short months, and when Selena saw Zhuang Rongguang again, she almost didn't recognize him.

The young man is not just the superficial changes in clothing and hairstyle, but his whole mental outlook is completely new. At this moment, the young man is chatting with a few friends, and besides the unique vigor and vitality of the young man, there is also a sharp and firm look between his brows.

It seems that this time it has really changed, instead of fishing for three days and drying the net for two days as before.

Selena was wearing her own brand's red one-neck high-tailored dress at the moment, stepped on silver high-heeled shoes inlaid with diamonds, and took off her sunglasses, revealing a face that was extremely beautiful and flamboyantly beautiful.

Today is not a holiday, and there are usually not many people in the shooting range at this time. Besides, even if she is a star, it's okay to come to the

shooting range for a while, and she doesn't need to deliberately cover it up, so Selena didn't bother to disguise herself.

Even so, Selena's appearance still attracted all the attention, but it was purely because of her good looks, not her star status.

Now Selena's men's clothes are more famous than women's clothes, more famous among girls than among men, and most of the people who come to the shooting range are men, so after Selena wears women's clothes, not everyone knows them, only a few sporadic ones Fans recognized it.

"Wow! There are beautiful...beauties! Super big beauties!"

"Where is there! Where is the beauty!"

"Ah! Isn't that the big star Selena?"

"Which one is Selena?"

"It's the heroine who plays the dream seeker, she looks like this in women's clothing!"

"Hey, why did the big star come here? I didn't expect such a big beauty to like to shoot?"

...

Zhuang Rongguang, who had been waiting for a long time, heard the discussion behind him and subconsciously looked towards the door.

The boy was stunned for a moment before he recognized the super beautiful woman with a powerful aura in front of him, and immediately waved his hands excitedly and shouted, "Sister Xi...here! Come here!"

Zhuang Rongguang has made a lot of new friends recently, and they all came forward to make fun of this scene.

"fcuk! Photon! When did you meet such a beautiful woman?"

"And he's a big star!"

"Hurry up and introduce us!"

"Could it be your new girlfriend?"

...

Hearing the last sentence, Zhuang Rongguang blushed slightly, and angrily poked the young boy back with his elbow, "What nonsense are you talking about! Didn't you hear me call her sister! She is my sister's best friend! Shoot First-class technology! The sharpshooter I told you before is her!"

"Pfft...Zhuang Rongguang, are you kidding me? That amazing sharpshooter you're bragging about is her?"

"Just kidding, how is it possible! Such a beautiful woman can shoot?"

"I also thought it was a tough female man..."

...

Selena heard that group of people discussing lively from all the way, and couldn't help being a little amused.

"Sister Xi! You are finally here! Quickly open the eyes of these ignorant people!" Zhuang Rongguang excitedly stepped forward.

Selena picked out a gun, and fired a few random shots to try her hand. It was enough for the youngsters to shine, and they all followed Zhuang Rongguang and called "Sister".

Seeing those guys stunned, Zhuang Rongguang felt more proud than being praised.

As more and more people gathered around to watch the excitement, Zhuang Rongguang took Selena to find another quiet shooting range to continue.
