

Cruel Heart Lover Novel

Chapter 1431

"Don't worry, she didn't touch me." Daniel stroked his hair.

"But I saw it all! I saw her rubbing her breasts against you!" Speaking of which, Selena became angry again.

"Do you think I might let her touch it?" The man rubbed the girl's hair that was about to explode with his broad palm, and the haze that lingered between her brows all day today also quietly dissipated, "I will hide behind Yes, it's just that your angle seems to have touched it."

It turned out that she misunderstood it, and she said how could the devil let others eat tofu...

Hearing this, the anger in Selena's heart was slightly extinguished.

What the hell, she's been on tenterhooks for so long, worrying that Daniel will fall into the vinegar vat, but she never expected that it turned out that she was almost drowned in vinegar... It's just...

After calming down, Selena's restless mood these days has calmed down a lot. Her relationship with Daniel won't be affected by such a trivial matter. Since Daniel is fine, she has nothing to worry about... ..

After finishing speaking, Selena and Daniel were walking towards the parking lot when two people walked towards each other, it was Meng Shiyi and her assistant.

It's really a narrow road.

"It's unlucky to come across this broken vase no matter where I go!" Meng Shiyi's little assistant muttered contemptuously.

As soon as Meng Shiyi saw Selena, she showed an expression of wanting to kill her, and then she cast a mocking look at Ke Mingyu who was beside her, showing a malicious expression, "Oh, Selena... I don't know... ..If it were your manager, your fans would know that you actually kept a bad boy, and the unspoken rules were the same as the company's juniors...how would they react?"

Hearing this, Selena raised her eyebrows slightly.

uh-huh? Unspoken rules?

She loves that word! Objects that prefer unspoken rules.

Seeing Selena's nonchalant expression, Meng Shiyi's face became even more gloomy, and she said sharply, "Selena! Do you think I can't do anything to you without evidence? Oh, let me tell you, I, Meng Shiyi, speak in the entertainment industry, so I don't need to evidence!"

Indeed, Meng Shiyi's status is here. If she reveals the matter between Selena and Ke Mingyu, everyone will believe it, even if they don't believe it very much.

Hearing this, Selena let out a low laugh, then unhurriedly took out her phone, clicked on a video, and said slowly, "You don't need evidence for what you say, the Empress Meng. Little characters like us Well... of course you have to pay attention to the evidence when you speak!"

As soon as Selena finished speaking, she saw that the scene in the video turned out to be Meng Shiyi's continuous ng, and after the ng, she lost her composure and went crazy and even lost her temper.

After guessing that Meng Shiyi might already know about her relationship with Ke Mingyu, Selena had quietly asked Xiaotao to record this scene for her early in the morning.

As the saying goes, barefoot is not afraid of wearing shoes, she doesn't care, but Meng Shiyi has a lot to do with it, not to mention that this time Meng Shiyi is in front of a junior, newcomer, vase, and idol group that she usually despises the most. ng...

Meng Shiyi didn't expect that Selena would still keep one hand, and her face suddenly changed, turning purple with anger, "You!"

If this video gets out, it will be much more serious than the scandal between Selena and Ke Mingyu. In the entertainment circle, scandals are nothing more than normal. Although it will have an impact, the impact is limited. What's more, Meng Shiyi is still talking about it, not enough explosive Eye-catching evidence, but for Meng Shiyi, the video in Selena's hands will destroy the image she painstakingly created.

Therefore, Selena predicted that Meng Shiyi would never dare to act rashly.

Seeing that the effect was achieved, Selena didn't bother to talk to her any longer, and strode away directly in front of her, holding Ke Mingyu's hand.

Behind her, Meng Shiyi almost fainted from the anger, she was completely helpless, she didn't say anything, but she was completely swayed!

...

Chapter 1432

"Darling, I'm here, don't be afraid!" Selena had the expression of a domineering president covering her little lover. It can be said that she was very dedicated to her work.

Daniel coughed lightly, and said with a suppressed smile, "Yes."

Seeing the girl's defensive appearance, Daniel couldn't help but think of the girl's words in the play just now, if anyone dares to touch a hair of him, I will have his head on his head; if anyone dares to hurt him, I will kill him. Kill him all over the house...

Daniel's heart was filled with softness and warmth, and he couldn't help but leaned over to kiss the girl's lips...

However, before Daniel could get close, suddenly a sharp palm wind hit him head-on.

Selena's body reacted quickly, she immediately protected Daniel behind her, and then pointed her palm at the attacker.

However, Selena's slap missed, and the other party saw that it was her, and immediately withdrew the attack.

"Who!!!" Selena took a closer look, and when she saw who the sneak-attacking person was, she was dumbfounded, "Shi Xiao...?"

At this moment, Shi Xiao was staring at Daniel who was being protected by her behind him, with an expression of killing and then hurrying.

Uh... what a deja vu scene...

It was exactly the same as Saul's reaction when he saw "Ke Mingyu" for the first time.

Selena stroked her forehead helplessly.

At this moment, she finally remembered Shi Xiao's trouble, and at the same time, Shi Xiao probably saw her intimate contact with "Ke Mingyu" in the

morning. It was only now that he started to do it, which shows what a miserable struggle he has experienced in his heart that day.

Shi Xiao's eyes seemed to be eating people, he moved away from Selena without saying a word, and then attacked Ke Mingyu behind Selena again.

However, with Selena here, Shi Xiao was destined not to even touch a single hair of Ke Mingyu.

Shi Xiao's successive attacks were all stopped by Selena in an airtight way, not to mention beating up that little boy, he couldn't even touch him, he really wanted to die.

Nima, he knew that he was humiliating himself by coming to be the boss's bodyguard, and now he can't even deal with a little boy...

What use does the boss want him for! How could he face the boss!

Facing his subordinates who were about to collapse, a certain big demon king didn't react at all, well, it feels good to be protected by his wife.

After the last attack failed, Shi Xiao really broke down. He looked at Selena and the little boy next to her with scarlet eyes and complained, "Miss Selena, how could you do such a thing behind the boss's back... Although... Although the boss People are serious, rigid, incomprehensible, and won't please girls. When angry, they are no different from Hades..."

Hearing this, Selena couldn't hold it back any longer, and buried herself in Daniel's chest, laughing uncontrollably, "Hahaha... my dear, how does it feel to hear your family's true evaluation of you?"

In the middle of speaking, Shi Xiao suddenly raised his head, and looked at "Ke Mingyu" again in disbelief.

Boss lady, what do you mean by this...

Daniel looked helplessly at the smirking girl in his arms, then raised his eyes to look at Shi Xiao, and said expressionlessly, "It's me."

This time, Daniel used his real voice.

When that familiar voice sounded, Shi Xiao's entire face was shattered, "Boss!?"

...

Wait a little later, in the codeword

Chapter 1433

After a while, get in the car.

While driving, Shi Xiao kept looking at the rear seat from the rearview mirror.

Selena was leaning listlessly on Daniel's body, yawning non-stop, her star-like eyes gleamed with water.

I played so many scenes in a row today, and I consumed too much energy. As soon as I relaxed, I couldn't hold on anymore.

Daniel helped the girl adjust a comfortable position, "Sleep for a while when you're tired."

Selena nodded sleepily, lay on Daniel's lap and closed her eyes, not long after, she heard the sound of long breathing.

Daniel took out a blanket from the locker, gently covered the girl, and without looking up, he ordered to the driver in front, "Turn up the temperature."

Before Shi Xiao's brain could react, his body had already adjusted the temperature of the air conditioner up a little.

Uh...

This terrible conditioned reflex.

This person... is really his boss! ?

Although he completely changed his face, at the moment when the man didn't deliberately reduce his sense of presence, the man's demeanor and every move were extremely noble, especially the dotting eyes when he looked at Selena... Well, yes His boss is right...

He knew about the human skin mask, but he never expected that his boss would accompany Selena to act in a film in this way. This is simply spoiled!

Ke Mingyu...

The boss actually joined the group when he was in "Dream Seeker", and personally protected Miss Selena when he joined the group...

Thinking of this, Shi Xiao's complexion is inevitably a little sad. If he hadn't lost the trust of the boss, how could the boss do this...

...

At night, Taohuawu.

After Selena woke up from a good night's sleep, she immediately went to the kitchen to get busy.

Annie ran over worriedly, "Karen, let me help you! With so many biscuits, how long do you have to do!"

"No, it's ready." Selena waved her hand.

With a sound of “ding”, the oven was opened, and a strong sweet smell filled the air.

Selena put on thick gloves, opened the oven, and took out the biscuits.

Annie was thinking about how such a small amount would be enough, but when she saw the biscuits clearly, she became speechless.

“It’s done!” Selena hurriedly packed the finished biscuits into a box, and then clapped her hands.

Selena made eight biscuits, and there was a word written in jam on each biscuit, together they were: nine, thousand, nine, hundred, nine, ten, nine, one.

Nine thousand nine hundred and ninety-nine cookies, all right!

To deal with that kind of illogical snake spirit disease, you have to be logical!

With the mentality of finishing this matter early, Selena rushed to the outskirts of the city to deliver the biscuits as soon as it was finished. After handing over to Shiliu, she didn’t linger much, leaving the biscuits and leaving.

What Selena didn’t know was that not long after she left, a low-key black car stopped outside the spooky old house on the outskirts of the city like a ghost.

The person in the driver’s seat quickly got out of the car, walked around to the back, and carefully opened the rear door.

A moment later, a gray-haired man in Tang suit stepped out of the car, and Feng Jin and four bodyguards followed him solemnly.

As soon as the man in Tang suit walked to the door, Kevin greeted him personally, with lowered eyebrows and extremely respectful attitude, “Master!”

“Yeah.” The man in Tang suit replied blankly, “Where’s Ah Shen?”

"Inside."

Chapter 1434

The man in the Tang suit walked towards the house, and everyone along the way was trembling and dared not make a sound.

Upstairs master bedroom.

Yun Shen was reclining in a deck chair on the balcony, with a script and a biscuit box on the low table at hand.

Hearing the movement, the man turned his head to look at the person coming, and said lazily, "Uncle Qiao, what brought you here?"

Qiao Yi's face was a little unsightly. First, he raised his hand to wave the others away, and then said with a cold face, "Ah Shen, don't forget your purpose of returning to China! Is it the Lu family or a woman!"

Under the moonlight, Yun Shen's face was pale and cold, and he said quietly, "Naturally, it's a woman."

Qiao Yi choked, "Yun Shen!"

"Oh, well... I'm just kidding... Don't be so nervous..." The man chuckled lightly.

Qiao Yi's face was clouded, the person in front of him was brought up by him, and he was the person who understood him best in this world, but since then, he has become more and more incomprehensible to him...

"Just be clear in your heart!" Qiao Yi left a sentence, and walked out with a straight face.

In the corridor, Kevin was standing upright and waiting.

"A Ye, come with me."

Kevin seemed to have expected that Qiao Yi would look for him. He slightly squeezed his fists by his side, and followed Qiao Yi to a study room.

Under the dim light, Qiao Yi's expression was a little cold, "Aye, the three month period has come, don't tell me, so many of you can't catch Karl!"

Karl's eyes quickly filled with overwhelming gloom, and immediately knelt down, "Master, Karl..."

Qiao Yi raised his hand and interrupted him, "Ah Ye, I know you grew up with him and love him like brothers and sisters. Why doesn't my heart ache? How can I say a word about why he is so messed up? But this time, he betrayed his teacher. The death penalty of the sect, for the sake of master and apprentice, I only let you do this, it is already the utmost benevolence to him!"

Speaking of this, Qiao Yi's eyes showed a hint of oppression and warning, "I will give you seven days at last, Ah Ye, don't let me down!"

...

At the same time, the Ning family mansion.

The courtyard is decorated with lanterns and festoons, and the banquet hall in the house is full of wine and incense.

Today is an auspicious day for the Suning family to get engaged.

Because it was just an engagement, all the people present were relatives of the two families. Even so, the scene was already quite grand, with prominent figures coming and going.

"Congratulations!"

"The two children are truly a match made in heaven!"

...

All the guests politely said compliments and festive words, as if Ning Qiutong's public announcement of Susie's life experience at the reception that day had never happened.

Now that Ning Yaohua has even handed over all the shares in his hand to Susie, the Su family will hold a wedding to marry Susie as scheduled next month. Those who have a little wink know which of the two daughters of the Ning family is more important. People will mention that thing on this occasion.

Susie was busy entertaining the guests with Roman on her arm, accepting everyone's blessings and envious eyes, feeling unprecedentedly satisfied in her heart.

This is just the beginning, in the future... what she got... there will be more... more...

It's a pity that that b!tch Selena is not here today, so I can't see all this with my own eyes...

However, it doesn't matter, next month will be her wedding, and the whole city will witness it all, even if she wants to hide, she won't be able to hide!

Chapter 1435

The phone rang for a while, Susie took out the phone and looked at it, it was an unfamiliar number.

"Hello? Who is it?" Susie asked in a sweet and polite voice, thinking it was from some guest.

"Susie...it's me...it's mom..."

Susie's expression changed instantly, she covered her phone, and said to Roman who was beside her with a smile, "Roman, I'm going to answer the phone."

"Well, let's go."

Susie hurriedly walked into the yard with her mobile phone, the sweet smile on her face disappeared instantly, and she said sharply, "Didn't I tell you not to call me?"

There was a pause on the other end of the phone, and then a slightly embarrassed voice came, "Susie...I heard that today is your engagement day...Mom just..."

"Shut up!" The "Mom" sounded like touching Susie's fragile nerves, and immediately cut off the person on the other end.

Sun Lan probably realized her daughter's taboo, so she hurriedly changed her words, "I just want to say congratulations to you..."

"No need, as long as you don't treat me like this, I'm already very grateful to you!"

"By the way, Xiao Nuo went to find you a few days ago..."

"How dare you mention Xiao Nuo, how many times have I told you never to come to Ning's house! Did you listen to me? Did you have to kill me to be happy?" When Susie mentioned that matter, The fire was ignited again immediately, but Tang Nuo didn't ask why Tang Nuo came to Ning's house that day.

"Susie, it's too hurtful for you to say such things. I also know that it's not easy for you in the Ning family. In order not to cause you trouble, we haven't looked for you once in these years. There is really no way this time. That's why Xiao Nuo went to the imperial capital..."

"Enough, I'm busy now, I don't have time to talk to you about this, just tell me how much it costs. But only this time! Please understand, you have never raised me for a day, and I have no obligation to you, let alone Your cash machine!" Upon hearing the other party's tone, Susie guessed that it was probably for money, and her face was filled with disgust.

"No... Susie, you misunderstood... I'm not here for money..." Sun Lan never thought that her daughter would misunderstand herself so much. If she hadn't been cornered by those hooligans, how could she bother her, but the other party But he didn't even ask why Xiao Nuo went to find her, or what happened at home, so he said such things.

"Susie, why are you here alone?" Su's mother's voice suddenly came from behind, and Susie quickly hung up the phone without waiting for Sun Lan to explain.

"Aunt Su..." Susie hurriedly put on her signature gentle and cute smile.

"Good boy! I'm going to change my name to mother-in-law in a few days! I've been waiting for this day for five years!" Mother Su held Susie's hand with a loving face.

Ever since Susie's identity was exposed, Mother Su's attitude towards her has become a lot colder. Even after Ning Yaohua gave her the shares, it is still difficult to return to the same way as before.

Susie didn't expect Mother Su's attitude towards her to be so good tonight, so she was flattered, so she put on a shy and moved expression, "It is Susie's blessing to have a mother-in-law like you!"

Su Mu's face was full of joy, and she pulled Susie to say some thoughtful words, and then changed the topic, "Susie... On the day you and Roman got married, did you invite someone from the dealer?"

Chapter 1436

Hearing this, Susie was stunned for a moment, and she said why Su's mother suddenly became so considerate to her tonight, she never thought it would be because of the dealer...

Susie suddenly looked embarrassed, "This... I've never heard of it from my parents... It seems that there is no one on the banquet list..."

Su's mother frowned immediately, then took Susie's hand, and said earnestly, "Susie, we are now a family anyway, so I still want to say a few words, the world How can there be parents who are not? Aren't parents all for the sake of the next generation? Your mother has been estranged from the dealer for so many years, and it's time to let go. What do you think?"

Susie thought about her words, "Of course I also hope that my mother and grandpa can settle down and the family will live in harmony, but...you are also clear about mother's temperament..."

Mother Su's eyes moved slightly, and she continued, "Silly boy, there are some things that your mother can't get over by herself, and the dealer also needs a step up, so it's up to you juniors at this time.

Your wedding with Roman next month is a rare and good opportunity! If at this time, you take the initiative to invite the dealer and give the dealer a step down, as long as the dealer has the intention of reconciling, he will definitely be there.

At that time, as long as the dealer comes, on a day like your big wedding, no matter how unhappy your mother is, she will definitely not make it public. As soon as the atmosphere is good, if everyone talks about some things, won't the conflict be resolved?

After all, the Zhuang family didn't agree with your mother and your father's marriage back then, because they thought it was wrong. Now that the Ning

family is developing better and better, and you are so knowledgeable, intelligent and capable, and now we are also related by marriage to our Su family. No matter what, the banker should change his attitude..."

Su's mother didn't think about the fact that Susie was not the daughter of the Ning family at all. Even Zhuang Lingyu herself only recognized Susie as a daughter. Selena who drove out of the house?

Su's mother made such a long speech, which was very reasonable, but Susie didn't show any joy on her face.

Mother Su thought of it, how could she not have thought of it?

Early in the morning, she had secretly sent invitations to the dealer, but after so many days, there was no response at all, and it was clear that she had no intention of taking care of their Ning family at all.

Now, Su Xun is watching over the Su family, and Su Xun's wife is not easy to mess with. If it's just like this, relying on her contacts in the entertainment industry, her own company, and the shares of the Ning family in her hand, she can marry Su Xun. It is more than enough to get a firm foothold after home.

However, now that she is not the biological daughter of the Ning family, it is like a time bomb hanging above her head, so it is not enough to have these alone. If she can have the help of the dealer, she can sit back and relax up...

Naturally, Susie couldn't tell Su's mother directly that the Zhuang family looked down on the Ning family, so she said, "Auntie Su, I understand what you mean, I will try my best to invite the Zhuang family!"

Seeing that Susie was smart and understood what she meant, Su's mother nodded in satisfaction.

A gloomy look flashed across Susie's eyes. It seems that she has to think of another way...

Chapter 1437

The next morning, the Lu Corporation.

The company's board meeting had just concluded, and other people left one after another. Only Lu Chongshan and Daniel were left in the meeting room.

During this period of time, because Rick's condition is getting better and better, he has returned to the same level as a normal person, and he is also seeing that he is getting smarter and better, so the atmosphere in the Lu family is also very good.

However, the convening of the family meeting soon after, aroused Lu Chongshan's long-suppressed worries again.

"Daniel, the family meeting will be held soon. As the head of the clan, how will you explain to the clan members? Are you going to tell them...their future mistress is not a popular actress?"

Daniel looked out the window without any expression on his face, "I don't need to explain to anyone."

These words immediately aroused Lu Chongshan's anger, "Sitting in this position, how can you say such capricious words?"

Daniel: "It's because I'm sitting in this position."

If this position can't even be guarded by the person he loves, why should he sit.

With a look of helplessness and exhaustion on Lu Chongshan's face, he slowed down and said, "Daniel, it's normal for you to have a woman you like, and I don't object to you dating this woman. You can spoil her however you want, but How can the position of housewife be a trifle?"

With Daniel's status, there is no problem with what kind of woman he wants, or even how many women he wants, as long as he spends some money to support him, but the person he marries is a matter for the entire family.

Besides, Lu Chongshan was most worried about Little Treasure...

After a moment of silence, Lu Chongshan said with a serious expression, "Daniel, no matter how much you don't like Ziyao, you have to admit that with Ziyao's family background, at least it will never happen that Rick was kidnapped three years ago. kind of thing!

But what about Selena, can you guarantee that she, a little entertainer who lives at the bottom, will not have the slightest dark and vicious thoughts to use Rick to do something when she sees all this in the Lu family? Especially now that Rick trusts her so much! "

Having said that, Lu Chongshan paused for a moment, with a look of regret on his face, "I knew that you would have chosen such a woman in the end, so why not find out who Rick's biological mother is, and directly take Rick's mother?" Birth mother brought back!"

Lu Chongshan had said so much, but Daniel didn't know whether he had listened to it or not. He sat on the chief seat with one hand resting on his forehead, and his expression was clearly absent-minded.

Seeing his appearance of not eating oil, salt, soft and hard, Lu Chongshan snorted and walked away with a dark face.

The conversation between father and son broke up again.

A while later, Saul poked his head cautiously into the conference room.

"Hey, isn't dad talking clichéd again? Hey, it's still light now! When the family meeting is held, everyone will stuff you with women, that would be terrible!" Saul couldn't help but shudder as he recalled the past years.

"When will the report come out?"

Saul's eyes lit up immediately, "Just today! This afternoon! I'll go to the hospital later and wait for the appraisal report! I'm looking for the General Hospital of the Imperial Capital Military Region, which is absolutely authoritative!"

At this moment, Daniel glanced at him coldly. Saul, the roundworm in his brother's belly, immediately swore, "Brother, I swear, I never told anyone about this, and no one will. Don't worry. All right!"

After Saul finished speaking, he coughed lightly, and couldn't help asking, "Brother...the result of the paternity test...do you...do you hope it is...or not?"

Chapter 1438

What kind of result do you hope to get in the end...

Daniel was slightly taken aback, but did not speak.

If he knew the answer to this question, he wouldn't be so disturbed.

Saul scratched his head, and felt that this question was really tangled up, "Hey, I'm waiting in the hospital, we'll wait for the results to come out, and thinking about it now is just wishful thinking!"

...

Taohuawu.

Selena has no role today, so she can rest at home.

The yard is full of falling flowers, and there is a fragrance of medicinal herbs.

Annie was happily drying the herbs not far away, while Selena and Ning Tianxin were sitting on wicker chairs under the flower stand, drinking tea and having snacks.

"Because I met monks in the Bamboo Courtyard, I was able to steal half a day's leisure... Such a day is really pleasant..."

Compared to Daniel, who was going through the biggest problem in his life at the moment and his mind was in turmoil, Selena's rare rest day here, without the ex-boyfriends from the crew, looked at the lively and lovely little Annie, and looked at the quiet and relaxed Ning Tianxin, under the healing of the beauty, is in a good mood.

Looking at Selena's little expression of enjoyment, Ning Tianxin was also infected with a good mood.

In fact, since she was discharged from the hospital and moved here, she has been in a pretty good mood, a peace she has never had before.

Because there is no need to worry about gains and losses anymore, and no need to be tied down by one person uncontrollably with all your mind.

A cell phone rang, it was Ning Tianxin's cell phone.

"Hello?" The gentle expression on Ning Tian's heart slightly disappeared, and his tone was also a little cold.

"Tianxin, are you at home? Dad went to see you? I have something very important to discuss with you!"

"No, I'm here with Selena, what's the matter with you?"

Ning Yaobang's voice was very excited, "There is something! There is a big news! Do you know Hong Xiongjie? The big boss with assets exceeding tens of billions is more powerful than the Su family. Mr. Hong met you at the last

banquet. I like you so much that I took the initiative to find someone to contact me, saying that I want to get in touch with you, when you have time, come out and meet someone for dinner..."

"No time, hang up."

Ning Tianxin said a few words before hanging up the phone.

"Second uncle calling?" Selena asked. And judging by Ning Tianxin's expression, the other party must be up to no good.

Ning Tianxin nodded, "Urge me to go back to the blind date."

Selena's face darkened slightly, "I still don't give up! Who is it this time?"

Birds of a feather flock together and people are divided into groups, Ning Yaobang's circle is full of unreliable people, who can introduce Ning Tianxin to a good partner.

Ning Tianxin: "Hong Xiongjie."

Hearing this name, Selena immediately exploded, "Dmn! Even an old man in his fifties and sixties was introduced to you. Is he my real father?"

She knew that Ning Yaobang was unreliable, but she didn't expect to be so unreliable.

This Hong Xiongjie is the gambling king of Macau City, the leader of the gaming industry, he is indeed very powerful, but he is over fifty, he is lustful and romantic by nature and has changed several wives, not to mention how many concubines he has.

What's the difference between sending Ning Tianxin to such a family and forcing her to die?

It seems that Ning Yaobang saw that Ning Yaohua had picked up the Su family, so he jumped the wall in a hurry and even wanted to introduce this kind of person to Ning Tianxin.

Ning Tianxin's expression was calm, but she didn't show any anger, as if she had already gotten used to it.

Selena frowned, and muttered worriedly, "I'm afraid Second Uncle won't give up..."

Chapter 1439

"I expected him to be like this, but I didn't expect it to come sooner than I expected..." Ning Tianxin sighed softly, "I will graduate next month, and I plan... to go abroad."

"Ah..." Selena suddenly had a bitter face, "Sister Tianxin, are you going to work abroad?"

Ning Tianxin nodded, "I have invested in several favorite companies in Los Angeles."

Selena was full of reluctance, but she had to admit that this was the best way for Ning Tianxin, "Well...as long as you are happy! Going abroad is also very good! I'm familiar with you, and there are some friends over there, if you need help at that time, you must tell me!"

"Well, thank you, Selena." Ning Tianxin's face was full of gratitude, "If it wasn't for you..."

Seeing that she was about to thank her again, Selena hurriedly interrupted her, "Why are you still telling me this!"

"Hey? Is sister Tianxin ready to go abroad?" Annie's expression was also a little bit reluctant.

"Yes! Annie, thank you for taking care of me during this time!" Ning Tianxin also liked this friend of Selena very much after getting along these days.

"You're welcome, Karen's sister is my sister! If you leave, tell me in advance, and I will prepare a few more courses of medicine for you later, and then I will give you a prescription for regulating blood and nourishing your body!"

"thanks..."

...

A western restaurant in the imperial capital.

"Ling Tian... Ling Tian?" Guan Ziyao waved his hand in front of the man.

"What?" Mo Lingtian who was in a daze suddenly came back to his senses.

"Ling Tian, what's the matter with you, you've been absent-minded for the past few days, hasn't that woman's matter been resolved?" Guan Ziyao asked worriedly.

Mo Lingtian's eyes dimmed, he squeezed his forehead, and forced a smile, "It's okay, I probably haven't had a good rest..."

Guan Ziyao frowned, "Don't stay up all night and drink less alcohol, otherwise no matter how good your body is, it won't be able to withstand your mess."

"Well, I got it." Mo Lingtian's expression recovered, "Aren't you very busy recently? Why are you suddenly free to ask me out?"

Guan Ziyao took a portfolio from her bag and handed it over, "Ling Tian, I'm looking for you this time because I want to ask you for help... This person, can you help me find out his whereabouts?"

Mo Lingtian glanced at the information in the file, "Who is this person?"

"Sorry, it's a little private matter of mine." Guan Ziyao had an expression that was not convenient to say, and knew that Mo Lingtian would not ask more questions.

Mo Lingtian closed the file, took a deep breath, and forced himself to erase the shadow in his mind that disturbed him so much that he didn't look like himself, and couldn't even concentrate in front of Guan Ziyao, "I will help you as soon as possible." You checked."

Guan Ziyao immediately showed a grateful smile, "Thank you Ling Tian! Always trouble you!"

Mo Lingtian: "By the way, I promised to help you make an appointment with Daniel last time. He's been too busy recently, so he might not be able to spare time."

Guan Ziyao didn't care when she heard the words, "It's okay, the Lu family is really busy recently. Daniel's side...forget it... let it be..."

Seeing Guan Ziyao's different expression from before, Mo Lingtian was a little surprised.

Ziyao... put it down?

He didn't know how long he had waited for this day. He had assumed countless times that without Daniel's hindrance, he would have used all means to pursue her, but at this moment, perhaps because of his guilt towards Tianxin, he My mood couldn't stir up the slightest wave, and it wasn't as enthusiastic and impulsive as I imagined at the beginning...

Chapter 1440

Platinum Palace.

With a briefcase in his arms, Saul walked quickly towards his brother's yard like a thief.

Just as he walked to the door, he bumped into a person head-on, scaring him almost out of his wits, "Dmn it! Little...Selena!!!"

"What are you doing, why does it look like I'm seeing a ghost!" Selena raised her eyebrows and looked at Saul who was opposite her, with a suspicious expression on her face.

Saul tightly hugged the briefcase in his arms, his handsome face turned pale with fright, you're scarier than a ghost, okay?

"Selena, you...why are you here? Don't you have to film today?" Saul managed to squeeze back his little heart that almost broke out, and asked calmly. .

Seeing Saul's suspicious look of wandering eyes, cold sweat and stuttering, Selena narrowed her eyes slightly, "Did you do something bad?"

"No! Who said I did something bad! I'm so cute, so obedient, so cute, you're the only one who did something wrong? Your whole family did something wrong!" Saul quickly denied it.

Selena twitched the corners of her mouth in a speechless expression, so excited, obviously more suspicious, okay?

"What are you holding?" Selena's eyes subconsciously fell on the black briefcase Saul was holding in his arms.

Saul's little heart skipped a beat, "Bao! Don't you know how to read it yourself?"

But Selena didn't stop there, and continued to ask, "What's in the bag? Why are you so nervous?"

"Of course it's a document! Confidential document! Can you not be nervous?"

"The question is... why are you so nervous when you see me?"

...

Saul was on the verge of crying, "I won't tell you anymore, I have to rush to send things to my brother!"

The corner of Selena's mouth curled up, and she deliberately stood in front of Saul, squinting her eyes and approaching step by step, her posture was like a rogue bully who persecutes a good family woman, "Hey... don't go... the more I look at you, the more suspicious you are... the one in this bag is something related to me?"

Aww...

elder brother—

help—

Saul wailed from the depths of his soul. His brother told him not to let anyone know, and the most important thing was not to let Selena know!

How could he be so unlucky to run into her right away, the worst thing is that he still can't beat her...

Just when Selena's hand was about to touch the briefcase in Saul's hand, a gentle yet powerful force suddenly hugged her gently around her waist.

"doing what?"

Daniel's gentle and hoarse voice came from next to his ear.

Selena was immediately distracted by the people behind her, turned around and hugged the big devil's waist, and said with a wicked smile, "I was just kidding with Lu Er! He was almost scared to death by me hahaha... "

Saul: "!!!"

How can you do this!

Scary people can really scare people to death, okay?

"At the family meeting every year, someone will send some... um... girls' information..." Saul looked at Selena, explaining helplessly, with a trace of nervousness in his eyes.

"This... I thought it was something! Am I so stingy! Really!" Selena pouted, recalling a time when she was waiting for Daniel in Daniel's office, but accidentally saw it on his desk A blind date book. At that time, Daniel's reaction was even more exaggerated than Saul's reaction just now. He hurried back from the inspected factory all the way, afraid that she might misunderstand.

Selena didn't have the slightest doubt about Daniel's words.
