## Chapter 1441

Such a terrible crisis was resolved with just one sentence.

Saul was amazed at his brother's acting skills and the beauty tricks, and hurriedly followed his brother's words and said, "Okay, okay... I knew you wouldn't watch it... just let me bear all this alone ..."

After speaking, he ran away without a trace.

Let's avoid Selena first!

"Why are you here now?" Daniel asked while holding the girl's hand as he walked into the room.

"It's a rare day off today. I rested at home for a while in the morning and stayed with Sister Tianxin. Come to accompany my precious son in the afternoon! Has Rick come back from school yet?"

"I'm back, I was just asking if I could see you."

"Of course you can. In fact, you don't have to worry about Sister Tianxin. I have already told Sister Tianxin about our affairs. In the future, you can directly bring Rick to find me!"

"it is good."

From the corner of Daniel's eyes, he glanced back calmly. Saul had already disappeared in a flash.

Just hearing Selena's footsteps, Rick had already trotted down the stairs and plunged into Selena's arms, "Mom..."

The little guy is usually indifferent to other people. Although he is able to speak, it is still the same as before. When Selena is not around, he may still not say a word for a day, but every time Selena Appearing, it was definitely a sweet "Mom", and every word he said to Selena must say "Mom", it made people's hearts melt.

If one saw the big and the small without knowing it, there would be no doubt that this was a mother and son who had a very good relationship.

"Bag smash...look what mom brought you! Hehe..." Selena picked up the bag she brought over, and inside were all kinds of guns.

Of course, they are all toy guns.

"You are too young now, you can't play with real guns, can mom play water guns with you?"

"Good mother, Rick likes water guns!"

"Go ask Dad to play with us... More people are more fun..." Selena winked at Rick.

The little bun hesitated for a while, then walked up to Daniel on short legs, raised his head, and said expressionlessly, "Together."

Selena couldn't laugh or cry when she saw the little bun's appearance of switching from high and cold in a second.

Little bun called grandpa, grandma, second uncle, and even called people politely to strangers, so why didn't he want to call Daniel daddy?

...

Selena played wildly with Little Treasure all afternoon, and after dinner, the older one and the younger one finally both fell asleep after being tired from playing.

Daniel looked at one big and one small on the bed, his eyes were full of tenderness.

Daniel leaned over and kissed Rick and Selena's foreheads. Immediately, his wide and warm palm moved from Selena's eyebrows, nose bridge, lips...all the way to the girl's flat belly...stroking gently...

Before meeting Selena, he didn't have any expectations in this life. After meeting Selena, for marriage, family, children... these things he had never expected...Because he was connected with her, so for him become so important...

Thinking that if she is really Rick's biological mother, and thinking that the girl he loves so much may have given birth to a child for him, his chest is filled with indescribable touch and happiness...

Children...his and her...children...

## Chapter 1442

At the same time, a certain little koi in the opposite villa was almost suffering from a nervous breakdown.

Although it has only been a few hours, but keeping such a big secret and still not being able to see it is undoubtedly the cruelest torture in history for him.

Just when Saul couldn't bear it anymore and stretched out his hand towards the paternity test report, his brother's call finally came.

Daniel: "Come here."

As soon as he heard his brother's call, Saul immediately took out the speed of the 100-meter race in school, and ran towards the opposite side quickly.

Of course, even if it was his own brother who called him this time, because Selena really scared him in the afternoon, Saul watched secretly for a long time to make sure there was no one nearby, so he quickly slipped in.

"Brother! Is Selena asleep?" Saul lowered his voice while supporting the door, and asked out of breath.

"Ok."

"Oh oh..." Saul gently closed the study door and locked it behind him, finally wiped off his sweat and walked over with confidence.

Daniel's eyes fell on the black briefcase in Saul's hand.

Saul carefully opened the zipper of the briefcase, took out a report from it, and placed it in front of Daniel's desk.

A thin piece of paper seems to be extremely heavy.

In fact, until now Saul still has no sense of reality...because this matter...it's really...too frightfully unreal!

Saul waited for a long time. Seeing that Daniel had no intention of watching, he swallowed nervously, "Brother, what's the problem?"

At this moment, the situation on Daniel's face was changing, as if the things in front of him controlled his life and death.

After some time, Daniel still didn't touch the report, so Saul tentatively said, "Brother, actually, I really think you're thinking too much... How could that beast be you! This appraisal The report will definitely prove your innocence! Even if you don't read it, at least let me take a look! After all, it was only a

narrow escape to get it back! Is it okay if I don't tell you the head office after reading it?"

Seeing that Daniel was silent, Saul touched the report on the table while speaking, "I read it... I really read it... I promise you won't ask me after I read it, and I will never tell you..."

After Saul finished speaking, he picked up the report with a "whoosh" like a hungry wolf rushing to eat, and scanned directly to the last line.

The above-mentioned genetic loci follow the Mendelian law of inheritance, and combined application can be used for genetic relationship identification. Based on the test results of the above-mentioned 19 str loci, it can be seen that Selena's tested genes meet the genetic conditions of being Rickey's biological mother. The previous parent-child relationship probability value was calculated as 999999...

According to the results of dna analysis, Selena is supported as Rickey's biological mother...

The moment Saul saw the last line, although Daniel did not read the report himself, and Saul did not say a single word, he knew Saul too well, even from his small demeanor, he already knew it. What is the answer in that report...

Selena...is really Rick's biological mother...

"Brother...you...look what I'm doing...I didn't say anything..."

But your eyes are already full of "Ahhh ohhh!Selena,Xiaoxixi.

## Chapter 1443

Originally, Saul had always thought that after the paternity test results came out and his brother's suspicion was ruled out, he could start looking for the real beast without any scruples.

As a result, the moment he saw the appraisal result, he felt like his whole body was shattered by the five thunders and reassembled again.

At this moment, while Saul couldn't believe it, the way he looked at Daniel was like looking at a "god"...

"Dmn it, brother, you're so fcuking crazy. I always thought you were too slow, but you haven't even rolled the sheets with Selena until now. I never thought that not only did you, but even the child When I was five years old, my grandma won't help me when I cross the road. I won't dare to say that you won't pick up girls anymore. You are simply my idol, my superstar, and my life mentor..." Saul spoke quickly, crackling, Not even a punctuation mark in the middle.

It didn't stop after it was over, and it went round and round in the room like a vat of chicken blood, and couldn't stop, "Oh my god! If my treasure knows this news, I will be so happy and crazy, I'm sorry Go! Selena is really his mother, his own mother! Is it true that all the hardships have come? Nima, our little treasure's luck is simply against the sky!"

Daniel pinched the center of his eyebrows, and reached out his hand to his noisy younger brother.

Saul, who was so excited that he almost gnawed on the table, came back to his senses, and obediently handed over the appraisal report with both hands.

Daniel took the report, and his sharp eyes scanned the contents of the report word by word.

Even though Saul had indirectly informed him of the result, when he actually saw the sentence "Support Selena as Rickey's biological mother", his heart was still shaken violently.

Obviously, the intensity of the inner drama of a certain big devil is no less than that of a small koi.

is her...

If he knew it would be her, he should have found out five years ago. In this case, could he have met her earlier?

In an instant, countless thoughts flashed through Daniel's mind.

Saul babbled on for a long time, carefully observed Daniel's face, and then said intermittently, "Brother... Look at this... Although I came up with the wicked idea back then, I gave you the medicine. I chose the address, and I made you a beast...

But...but by mistake, the person who slept with you back then turned out to be Selena! Not only did you keep your virginity... your first time... your baby... in short, I gave Selena my whole body and soul... such an exciting event that everyone celebrates together... I don't think it's a credit or a fault Balanced? "

Saul secretly glanced at his brother, and then murmured shamelessly, "Actually, I think...he deserves more credit..."

Hmph, if you don't get it, you have to get it, if his brother doesn't let go, he will go to Rick to support him!

If the little baby finds out, he will definitely support him!

From now on, he will be the big celebrity and the number one hero in front of the little baby!

Daniel glanced at Saul casually with clear and cold eyes.

It has to be said that Saul's words just now touched his itch.

When he was sure that... the woman who slept with him was Selena... he had to admit... the surge in his heart... was full of unprecedented happiness and joy...

## Chapter 1444

After the incident five years ago, there was still some rift between him and Saul. In addition, Saul himself had a guilty conscience and was always afraid of him, especially afraid to bring up the incident five years ago.

It was only because of Selena that the events of that year were brought to light again.

And at this moment...

Daniel looked at his stupid and cute younger brother, somehow felt...it seemed quite pleasing to the eye...

"Brother..." Saul was a little terrified by his brother's unusual stare,  
"Cough...brother, please stop talking...it's scary..."

Ow! Ruined! Isn't his brother trying to kill someone?

Otherwise, why did the eyes suddenly soften? Is this the last tenderness...

Saul said anxiously, "Brother, actually, I think it's okay even if Selena found out about this matter. Although Selena definitely hated that person back then and wanted to kill him quickly, but if that person is In your case... definitely everything will be different...Selena likes you so much..."

When Saul's words came to his ears, Daniel's eyes darkened. He never thought of this.

In fact, he has always comforted himself like this.

However, Saul never heard it with his own ears, nor saw it with his own eyes. At that time, the scene of Selena desperately recalling that incident in his arms...

Word by word...sentence...

It was like a knife that tormented his heart.

Dmn it!

The dose of medicine given by Saul back then was too high, and he only had a vague memory of the beginning. He only knew that it was a woman who came in and groped to get close to him, but it was completely unclear after that...

He actually... managed to leave Selena covered in bruises and a high fever...to the point where he even lay on the bed for two months...

He couldn't stop thinking about it...

Selena kept saying that he was her sunshine, but in an instant, he became the source of all her darkness...

How was he going to tell her the cruel truth?

How will she react when she knows the truth?

Even though Daniel had mastered strategies in the shopping malls, he couldn't have predicted this result, let alone whether he would be able to bear such a result.

Who is Saul? His eyeballs immediately realized what he was doing, so his handsome face blushed, and he said, "Ahem... brother... is it... is it that night when you... too You're so brave...you made Selena miserable...that's why I didn't dare to say it..."

As soon as the words were finished, my brother swept over with a glance like a howling north wind.

Mother hey!

Saul immediately trembled and silenced himself, and it took him a long time before he said with a sad face, "Okay, okay...my fault...I shouldn't have given you such a large dose of medicine...but you're always aloof It looks like... I was pushed to a dead end by my parents at that time... I can't help it..."

Daniel looked at the paternity test repeatedly, his brows were half full of spring and half cold winter, and finally said after an unknown amount of time: "I will tell her, but not now. Check it out."

Why did the person back then be Selena, why did the dead baby become Rick... Among them... there must be an insider...

Of course, what's more important is that when he and Selena had just entered into the sweetest relationship, they were suddenly knocked down by such an incident without warning, and he himself was unprepared and confused. Go and tell her, of course you have to wait until everything is safe...

## Chapter 1445

After Saul left, Daniel read the paternity test many times before putting it away solemnly.

Gently pushing open the door of Selena's bedroom, I saw the soft warm yellow night light casting a layer of gentle and tranquil light on the mother and child on the bed, making one's heart softer.

Daniel sat gently on the edge of the bed, brushing a strand of hair behind the girl's ear.

The girl was holding Rick in her arms, and she was sleeping very soundly. When she was not wearing makeup at this moment, her face even looked a little immature.

That's right... She is just the age of ordinary girls who have just graduated from college this year...

When she was pregnant with Rick, she was only eighteen years old. At that time, she herself was only a child, but she had to face such a big thing all at once, let alone the subsequent one after another. People, either completely collapsed, or could not afford to fall...

And he also saw from the information Saul found that Selena did try to commit suicide back then...

Thinking of this, Daniel felt unspeakable fear and his heart ached.

Never before have I wanted to hug her so strongly...wanted to integrate her into my body...

So, Daniel quietly carried Selena to his master bedroom.

Although Daniel's movements were already very light, when he put Selena on the bed, he still alarmed her.

Because Daniel's reassuring and familiar aura was all around her, Selena didn't have the slightest sense of vigilance or defense. She opened her eyes in a daze, and found that she was carried to the master bedroom by Daniel, and she didn't feel anything wrong at all. Generally, she rubbed against the man's neck, "Um...my heart..."

"Hmm." Daniel didn't take back his hand supporting the back of Selena's neck, he took advantage of the situation to put her on his pillow, and then lay down beside her.

Selena rolled into the man's arms spontaneously, "Why are you staying up so late..."

"I miss you, I dream about you."

Hearing the hoarse and deep voice of the man next to her ear that almost made her ears pregnant, Selena knew that she was next door but said that she dreamed of her, Selena's heart was full of sweetness, she smiled lightly and opened her scissored eyes.

Those eyes seemed to be full of stars, they were too beautiful to be true, coupled with the laziness of being half asleep, they were so seductive that one's blood boiled...

But at this moment, Selena's flirtatious habit flared up again. She lazily opened her eyes and looked at the man beside her, "Did you dream about me? The one with clothes on... or the one without clothes?"

In an instant, the man's eyes darkened, and the moment Selena finished speaking, he kissed Selena forcefully and fiercely...

Selena's neck was itchy from being rubbed, she smiled and hid herself, "Itchy..."

Daniel's lips and teeth were gnawing at the girl's collarbone and the lower skin. His eyes that were surging with desire were slightly lifted up. Looking at the smile in the girl's eyes and the full trust and love for him on the face, his heart softened. It's a mess...

When we first met, because he discovered that Selena was unusually repulsive to the affairs of men and women, when he couldn't restrain his feelings for her, he even approached her by pretending to be sleepwalking...

But now, the little girl didn't feel any discomfort in front of her at all, she was even completely used to his presence and his closeness...

Such recognition filled Daniel's heart with emotion and satisfaction. At the same time, there are naturally hidden worries...

## Chapter 1446

This kind of recognition filled Daniel's heart with emotion and satisfaction, but at the same time, there were naturally hidden worries...

However, he was interrupted as soon as the worry appeared on his face.

The door of the room was pushed open with a "squeak", and then Rick was standing at the door angrily puffing out his cheeks, with a small expression of "It's so despicable, you robbed me again".

Daniel looked amused for a while, and waved to his son, "Come here."

The little guy was obviously reluctant, but he couldn't care less when he saw Ma Ma, so he ran over immediately.

It was a bit difficult for him to climb the bed with short legs, so Daniel scooped up his son with a low laugh, and put him in the middle.

Selena immediately had a son and forgot about her father. She hugged the little bun lovingly and kissed him. The little bun also hugged Mama, looking warily at Papa behind her.

Daniel raised his brows slightly, looked at his son thoughtfully, and suddenly had some inexplicable anticipation. If the little guy knew that Selena was his biological mother, and that he was born to Selena...how would he react...

In the next few days, since Selena recovered, the progress of the entire crew began to soar.

What's worth mentioning is that almost every time Meng Shiyi and Selena play each other, they have to play several times, as few as three or five times, as many as ten times, and almost every time it is because of Meng Shiyi's side.

Although the final filming effects were exceptionally good, but in comparison between the two, Selena's and Meng Shiyi's acting skills could be compared immediately.

I don't know if it was because she was more cautious after being filmed by Selena last time, but Meng Shiyi didn't bother her anymore, instead she was unusually quiet.

Selena was naturally happy and quiet.

Except for the first time when she deliberately overwhelmed Meng Shiyi's play, she was acting very seriously afterwards, but... once she got serious, her acting skills would naturally improve. If Meng Shiyi couldn't keep up, her momentum would be overwhelmed. Without her, the effects of many plots will not come out.

Every day Meng Shiyi just kept up with Selena, and it took all her strength to hold her down.

As for Guo Qisheng, seeing the two heroines working so hard on the show is naturally the most desirable thing.

Even when playing with Yun Shen, Selena was able to calm down...call him daddy.

But today's scene with Daniel... really made Selena a little nervous...

Well, that's right, it's finally time for the sex scene between Yunhuang and Liuyan.

The plot of this scene is that Yunhuang is poisoned by obsession. Originally, he wanted to go to his sweetheart Ling Xiao to detoxify him, but he just took the opportunity to put him to sleep. Unexpectedly, he happened to see Ling Xiao confessing to Leng Aoxue affectionately, and he was still nervous in Leng Aoxue. In front of him, he completely disregarded his relationship with Yunhuang.

Heartbroken, Yunhuang resolutely left the back mountain of Xuanji Palace, dragged her body that was tortured by the poisonous poison and was almost insane, and walked into the dangerous forest of monsters in a daze...

At this moment, Yinwei Liuyan appeared, and what's next... it will be a sexy sex scene between the two of them in the cave...

"Oh! I'm so nervous..." Selena covered her face with a shy expression.

She hasn't even had sex with the big devil yet in reality!

I never expected that the first time would be in a play!

Louis on the side looked at Selena's clearly expectant expression, and his face turned dark.

In fact, after seeing today's schedule, his complexion has never been better...

Nima, is it really karma? Back then, Daniel went berserk watching him and Selena play an intimate scene, and in a blink of an eye it was his turn to watch Selena and Daniel play an intimate scene, and it was a bed scene, a bed scene!

It's just that...Louis couldn't help but glanced in several directions... It seems that someone reacted worse than him?

## Chapter 1447

"Selena, Mingyu, you two come here, I'll tell you about the show!" Guo Qisheng beckoned the two of them over.

"Have you read the script by heart?"

Selena and Ke Mingyu nodded together.

"Not only do you have to be familiar with it, but you also have to think about it thoroughly. This scene is a very important turning point in Yunhuang's emotion. The focus is on showing the change of the character's mentality and reflecting the character of the character, rather than making the sex scene so sexy.

We are a serious crew, and we don't need to rely on bed scenes to attract attention, and we don't need to be so explicit in filming, so remember, you must treat it with a professional attitude when filming later, and the scale must be well controlled... Do you understand? "

When Guo Qisheng said this, his expression was rather severe, and he focused on looking at Ke Mingyu.

In the past, it was not uncommon for male artists to take advantage of female artists in intimate scenes, especially those who were popular and pretty like Selena, who were more likely to encounter this kind of thing.

Out of protecting Selena, Guo Qisheng naturally wanted to give Ke Mingyu a few serious warnings, letting him know what to do and what not to do.

"Understood." Ke Mingyu nodded.

"Yeah!" Selena echoed again and again.

Hey, this scene really tested her professionalism... The director was right!

"The two of you have already cooperated once in "Dream Seeker", which happened to save the time of running-in, let's try to pass it once! Don't forget what I just said... The effect I want is to reflect the inner struggle of the characters... ...What you want is connotation...what you want is sex but not lewdness..."

Guo Qisheng talked worriedly for a while, and finally let them go to prepare.

Not long after Selena and Ke Mingyu left, Mo Chenxiu walked up to Guo Qisheng.

"Director Guo."

"Chenxiu, do you have anything to do with me? Your role today is over, right?"

"There's something wrong. I think the next scene between Selena and Ke Mingyu is a bit inappropriate." Mo Chenxiu said with a cold face.

Louis had been staring at Mo Chenxiu for a long time, and now he straightened his back and raised his ears to look over, hehe, finally someone couldn't help it! Very good! Don't need him to do it!

Louis was still thinking about the artificial rain and the deletion of many intimate scenes during the filming of "The World", but he didn't dare to take revenge...

"Oh? What's wrong?" Guo Qisheng asked immediately.

Guo Qisheng is a director who is very good at listening to other people's opinions, and Mo Chenxiu's status in the crew is no less than that of the male lead, so Guo Qisheng still attaches great importance to his opinions.

"Yunhuang is also one of the female protagonists, but she has a relationship with someone other than the male protagonist. Many viewers are particularly taboo about such a plot. Director Guo, are you sure that this plot will not make Yunhuang's image even worse when it is broadcast?" Has the whole plot collapsed?" Mo Chenxiu had a serious expression of "I'm all for the sake of the crew and absolutely have no selfishness".

Guo Qisheng pondered for a while when he heard the words, "When this novel was serialized, this episode was indeed the most controversial plot among readers...Many readers expressed that they could not accept Yunhuang being with someone other than the male protagonist..."

Mo Chenxiu immediately continued, "So when we adapt it into a film and television drama, shouldn't we make some changes to the plot?"

"Revise?"

"Even if the second male lead is arranged to be with Yunhuang, the effect is definitely better than that of Liu Yan. Although the second male lead Nan Gongchen and Yun Huang are deadly rivals in the play, their relationship after the fight is actually very ambiguous. Be less optimistic about this pair, would it be better to directly change it to a cp that loves and kills each other?" Mo Chenxiu guided calmly.

## Chapter 1448

Louis who was at the side heard this, and immediately "fcuked"!

Nima Mo Chenxiu is too insidious! She actually wanted to take the opportunity to directly make the female lead and the second male lead into a pair! The hero, Lao Tzu, hasn't spoken yet!

Guo Qisheng can understand why Mo Chenxiu put forward this opinion, such a change is also very beneficial to him, and his role and status will be almost the same as that of the male lead.

Changing the two pairs of CPs in the play, the content is actually quite substantial. It's not like he didn't think about it before, but considering the needs of fans of the original work, he tried his best not to make more changes to the plot. Another very important reason is... ..

Before Guo Qisheng could open his mouth to speak, Selena strolled over beside him, and glanced at Mo Chenxiu, "Mr. Mo's words are wrong. Only when there is controversy, there is something interesting and topical. Back then, this plot was published during the serialization of the novel. It once caused a battle in the entire book review area, and the topic exploded. It is also a plot that many readers who are dissatisfied with the male lead are looking forward to after the exposure of film and television. As long as it is handled well, this plot will be smooth and dripping.

Furthermore, Yunhuang's personality is free and unrestrained, not to mention worldly etiquette, even the rules of heaven are just bullsh1t in her eyes, would she care about things like chastity? Your view of the heroine's pattern is too narrow!

The original ending of this drama is that Yunhuang has been heartbroken many times until she sees everything away, let go of the bondage of her son and daughter, returns to herself, forgets with the male lead in the rivers and lakes, and walks the world with a sword. This is Yunhuang! When you love you, you can even risk your life. When you don't love you, you are nothing! Now you have changed it to fight with the second male lead, sparking empathy, changing Yunhuang's image in this way is really broken! Teacher Mo, do you think so? "

What Selena said was justified and well-founded. Mo Chenxiu's face turned black and he couldn't utter a single word. He could only grit his teeth and stare at her, "You..."

Selena glanced back unhurriedly.

Hehehe, you dare to ruin Lao Tzu's good deeds! I can't kill you!

Seeing that the smell of gunpowder between the two leading actors was getting heavier and they were about to quarrel, Guo Qisheng hurried over to smooth things over, "Okay, okay, I am very pleased that you can discuss the plot so seriously, but this plot... ..Let's follow the original! I forgot to tell you, in our script, it doesn't matter if you change the small details, but the main line can't be changed at all..."

"Why?" Mo Chenxiu frowned.

...

Not far away, one of the cold-faced bodyguards walked up to the white-haired man tremblingly, and whispered something in his ear.

Then Yun Shen's expression turned cold instantly.

A drop of cold sweat rolled down the bodyguard's forehead, "I'm sorry, boss... I checked, and it turned out that the Lu Corporation bought the copyright of this movie at the beginning. The other party's request to the crew is that they are not allowed to change a single word of the main plot, otherwise the script will be withdrawn." copyright..."

...

"Lu's Group?" At this moment, Mo Chenxiu had already heard similar words from Guo Qisheng, and his brows were frowned.

He couldn't figure out what the Lu Group would do by buying a script properly?

I only heard about investment, but never heard that I paid for a script and then filmed it for you. It's no good at all, right?

Could it be that the higher-ups are loyal readers of this novel, in order to fulfill their feelings or something?

Selena blinked her eyes, and unexpectedly glanced in Ke Mingyu's direction.

Louis was completely speechless...

Nima counts you as ruthless!

His uncle actually controlled the script from the source! Others did the first day of junior high school, but he did all the fifteen, twenty and thirty...

## **NEXT CHAPTER**

### Chapter 1449

After some small twists and turns, the filming of the scene finally started smoothly.

Today's scenes are all in the indoor studio, and the whole studio is arranged into a virgin forest with a strong magical atmosphere. Of course, this is only a preliminary layout, which will be refined with computer special effects in the later stage.

"3, 2, 1! Lighting, rain preparation... action..."

The moment the sound of hitting the board sounded, Selena, who was standing in the middle of the forest, instantly changed her expression and entered the scene.

It was late autumn, and the icy rain was like a knife on her body, but none of this hurt her as much as the scene she saw not long ago.

She was a little devil when she was a child, and she became a big devil when she grew up. She did everything only for my happiness, never took anything to heart, never felt like this, all her mind was only affected by one person.

Selena's flaming red dress was wet from the rain, and together with her hair, it was sticky and wet. She covered her dantian, which was about to explode with qi, and stumbled towards the unknown front.

The rain that fell on the body was icy cold, but the inside of the body was like a fire burning due to the attack of the poison.

Finally, she couldn't hold on anymore, her body swayed and fell forward.

The moment he fell to the ground, a black figure passed by like the wind and helped him up, "Master!"

The body of the person in his arms was hot and he was unconscious.

Liuyan didn't have time to think about it, and quickly carried him to a cave not far away to shelter from the rain.

There is no splitting for this shot. After one shot to the end, the photographer stepped on a cart and was pushed to follow the two people to the cave.

Liuyan put Yunhuang on the dry grass in the cave, and stretched out her hand to feel her pulse. In the next second, waves rose in those calm eyes.

Poison...

There is no cure...

Only hand in...together...

Otherwise, you will go mad and explode and die!

But with his respect for Yunhuang, he would never do such a rebellious thing to her...

Guo Qisheng, who was not far away, nodded his head repeatedly. This Ke Mingyu's acting skills are actually very good, and all the struggles are expressed with just one look.

At this moment, Yunhuang woke up.

Selena opened her eyes, and Wonton's eyes were not soberly looking at the person in front of her.

Liuyan: "Master, how do you feel?"

Seeing that Yunhuang was silent, Liuyan got up immediately.

The moment he left, a cold voice came from behind, "Where are you going?"

Liu Yan: "I'll find you an antidote."

The so-called antidote is just a man.

Yunhuang: "Heh..."

Accompanied by a low laugh, Liu Yan's belt was hooked by a slightly wet finger, and he pulled it back forcefully.

Unprepared, Liu Yan was brought down to the ground.

Selena put one arm in front of the man, her expression was different from the numbness and coldness just now. At this moment, her whole body was full of seductive obsequiousness, and her voice was captivating, "Oh, the antidote? Isn't it like this?"

Watching the sex scene in front of a certain three people: "..."

All the staff members who suddenly felt the temperature drop in the whole studio: "..."

"Crack..."

At this moment, Guo Qisheng suddenly stopped.

Louis instantly felt that his little heart fell to the ground with a "pop" when he mentioned Yun Dian, which was really not too exciting.

After the director yelled "click", Selena and Ke Mingyu stood up one after another, and temporarily stopped filming.

## Chapter 1450

Guo Qisheng frowned and walked up to the two of them. After considering his words, he said, "Selena, your expression is not right. You just saw your sweetheart confess to another woman and draw a line with you. It hurts and despairs ...Although you were controlled by the poison when you were tempting Liuyan, in fact, your heart is extremely clear-headed, and your eyes must be beautiful and mesmerizing...but you were too... just a little bit too natural?"

"Cough..." Selena coughed lightly and touched her nose, "It's my fault, I will pay attention."

After Guo Qisheng finished speaking with Selena, he went to talk to Ke Mingyu again.

So, when Guo Qisheng didn't hear that Selena had recited him, he muttered softly, "Oh, no, I was so excited, I accidentally lost it..."

Guo Qisheng didn't hear this, but the three resting next to her heard it all!

Yun Shen: "..."

Louis: "..."

Mo Chenxiu: "!!!"

Dmn, what did he hear? He seems to know something great!

After spending so many days trying to find out, Selena's man is...Ke Mingyu?

"Mingyu, there is basically nothing wrong with your part, but the focus is on the later scenes, don't relax..."

Guo Qisheng was talking to Ke Mingyu when Selena suddenly thought of a question, walked over and asked, "Director Guo, when the kissing scene happens later, am I real or fake?"

Hearing this question, a certain three vomited blood again.

Even Daniel coughed lightly.

Guo Qisheng thought for a while, "This, otherwise..."

Just as she was about to say that it would be better to borrow the same seat as when she was filming "The World", Selena said without waiting for him to speak with a dedicated expression, "Director Guo, I think it's better to be serious! After all, Yunhuang and Meng Changge's character is different, if it's fake, it will definitely not be able to capture Yunhuang's character and the effect he wants to convey to the audience!"

Selena herself agreed to sacrifice, so Guo Qisheng naturally wished for it. At the same time, he was very moved by Selena's dedication, so he patted her on the shoulder encouragingly, "Okay, thank you!"

Not far away, Louis almost broke the frame of the sunglasses in his hand, relying on this little ba5tard, how shameless and shameless!

When filming with him, whether it was a kiss scene or a bed scene, they all borrowed seats, but when it was his turn, his uncle took the initiative to come to the real scene!

Director, wake up, wake up, this bastard is doing favoritism for personal gain!

"Okay, if there is no problem, let's continue! Don't move the previous part, just start reshooting from the part in the cave!" After Guo Qisheng finished speaking, he began to notify the various departments to prepare again.

"3! 2! 1! Start..."

Yunhuang: "Where are you going?"

Liu Yan: "I'll find you an antidote."

Yunhuang: "Oh, the antidote? Isn't that the case?"

While speaking, Yunhuang's pale fingers slid a little bit of water from the collarbone of Liuyan's chin, all the way to the collarbone, and then hooked it open...

"Master, you can't." At this moment, there seemed to be a crack in Liu Yan's eyes that had no human emotion.

Yunhuang's expression suddenly changed as if she had been touched by a sore foot, her face was instantly stained with overwhelming sternness and killing intent, her fingers pinched the man's chin, "Why? Even you dare to refuse me?"

She vented her anger on the person in front of her, because she knew that no matter how she treated this person, she would never leave.
