## Chapter 1461

Recently, the filming of Selena's "Nine Heavens" is progressing very smoothly. While filming, Lin Zhizhi also arranged some announcements and activities for her.

After all, the filming cycle of a drama is often several months. If it disappears for such a long time and does not appear in front of the public, it will soon be forgotten. It is still necessary to ensure a certain degree of popularity.

Selena's popularity is getting higher and higher, and more and more people like her, but at the same time, more and more people are targeting her, splashing dirty water and unwarranted gossip and scandals are flying all over the sky. Fortunately, Ling Zhizhi is in charge and the company Her support did not cause any trouble, but instead increased her popularity and exposure in a disguised way.

While working, there is one thing that Selena has always insisted on, and that is charity.

What she could do before was limited, but now she can do more in her capacity.

Lin Zhizhi also very much agreed and supported this, actively operating and organizing it, and directly established a charity fund in Selena's name.

"I've already arranged the establishment ceremony for you. It's the 8th of this month, so you don't have a chance." Ling Zhizhi said.

"Number 8?" Selena frowned slightly.

"What's up with you on the 8th?"

Selena smiled and shook her head, "It's okay, let's take number 8!"

"Here is the banquet list, take a look."

"Okay!" Selena nodded, picked up the list and glanced at it. They were all celebrities in the entertainment industry and some important partners, "No problem."

...

As soon as Selena left Ling Zhizhi's office, her phone rang.

Selena accidentally connected the call without checking who was calling, but Ning Yaohua's voice came from the other end of the phone, "Hey, Selena, don't forget about Susie's wedding tomorrow. Already!"

"I have something to do on the 8th."

"Is there something? What can you do? What is more important than Susie's wedding?" The person on the other end of the phone seemed to have changed, and the person speaking was Zhuang Lingyu.

"Oh, are you sure you want me to go?"

Selena's tone made Zhuang Lingyu instinctively vigilant, she certainly didn't want her to go!

Who knows what would happen if she came...

"Do you think I'm willing to ask you to come over? Susie's wedding is such a big day, it's fine if you don't come, even Tianxin can't come if he has something to do? Are you one or two, because you are afraid that outsiders

won't know that our Ning family is not on good terms?" Zhuang Lingyu said unhappily.

"Forget it, don't come if she doesn't come, it's nothing serious..." Ning Yaohua on the other end of the phone muttered, and then tentatively said to Selena, "Selena, what's wrong with your number 8?" What? Cough, Selena, in fact, the past is over, and things like feelings cannot be forced... I think Mr. Yun is actually pretty good..."

From this tone, it seems that she is really afraid that she will take the opportunity to cause trouble because of love and hatred, and Ning Yaohua has not forgotten Yun Shen...

Probably because he saw her value after the last time, his attitude towards her has improved a lot recently, but it made her even more disgusted.

"Chairman Ning can check my schedule on the official website or call my assistant." After Selena finished speaking, she hung up the phone.

...

Blink of an eye to the 8th.

There was a lot of traffic at the entrance of the Imperial Capital Exhibition Center, and guests from all walks of life from most of the entertainment circle gathered together, as well as the rich and famous in the circle. The atmosphere and scene were comparable to those of an awards ceremony.

Most of the wedding venues for other celebrities are hotel banquet halls or islands. Susie and Roman's wedding was too big because thousands of guests were entertained, so they chose the Imperial Capital Exhibition Center.

## Chapter 1462

Susie and Roman received the guests at the door. The two of them were incomparable, just like the Bi people in the painting. Their bridesmaids and best men were all young celebrities in the circle, and they were quite eye-catching.

"President Su, congratulations!"

"Mr. Li is too polite, please come inside!"

"Congratulations Susie, happy wedding! You are so beautiful today!"

"Sister Lin, you are the most beautiful person today, okay? I, a bride, can't hold back your limelight!"

...

Inside the wedding hall.

Ning Yaohua arranged the guests with a red face, and chatted with all the bosses in the top circles of the imperial capital.

At this moment, he was extremely grateful for his decision to hand over 15% of the shares to Susie.

Susie was indeed his lucky star!

Heh, back then the dealer looked down on people and objected to marrying his daughter to him. If they saw such a scene today, I don't know how they would feel.

With this in mind, he didn't object to Susie's sending invitations to the dealer.

If the dealer changes his attitude, it's not impossible for him to let go of his past...

In a blink of an eye, more than half of the time passed, and the guests were almost here.

"Susie, Roman, leave this to us, you two go in quickly, there will be a rehearsal later!" Zhuang Lingyu said with a smile on her face.

Susie frowned imperceptibly, "It's okay mom, there are still guests not here yet, Roman and I will stay a little longer!"

"Okay, don't wait too long." Zhuang Lingyu said and went in to get busy.

Susie waited for a while, only a few guests who arrived late, but never the Zhuang family.

Dmn it...

She has already reached this point, and it is still useless.

Is the dealer really so heartless?

Such a good step has been handed over, and I have specially told Travis so much, as long as there is a slight willingness to reconcile, they will definitely come here today.

"Susie, is the person from your grandfather's side here?" Mother Su smiled and walked over to ask, with a very concerned look on her face.

"Not yet, I guess we'll be late, let's go in first!" Susie said with a smile, a gloomy look flickered in her eyes.

Su's mother cares so much about the Zhuang family, if she messes up the first thing when she gets married, how can she gain a foothold in the Su family in the future?

In any case, the dealer must be present today, even if it's just to show up...

It seems that she can only use the last resort...

At the same time, the military compound.

Travis changed into a more solemn dark-colored dress, carrying a bag, and looked like she was about to go out.

"Ke'er, are you dating a friend? Boy or girl?" Meng Linlang asked on the sofa in the living room, looking expectant.

Travis looked helpless, "Mom, I'm going to cheer for Selena!"

"Selena? Does the child have any activities today?" Meng Linlang asked.

"Selena's charity foundation was established today. As a good friend, of course I'm going to support her!" Travis replied.

Meng Linlang sighed and nodded, "That child is a good one. He hasn't been blinded by fame and wealth, and he still doesn't forget his true heart. He really deserves to be..."

"Mom, what is it?"

The mother and daughter were talking when the nanny walked in with a small black box in her hand.

"Miss, did you put this bracelet in the car?"

"Bracelet? What kind of bracelet?" Travis was puzzled.

The nanny said: "Old Zhang found it in the car when he was washing the car. It looks very expensive. Miss, you should put away such an expensive thing. It's too unsafe to put it in the car..."

## Chapter 1463

Travis opened the small box and took a look, confused, "It's not mine!"

The nanny was puzzled, "Isn't it Miss? Is it Madam's? But, judging by the style of this bracelet, it should be worn by a young girl..."

"It's not mine, and I haven't seen it before." Meng Linlang said.

"That's weird... No one else has ridden in my car..." Travis looked at the bracelet repeatedly, and at a glance she saw that this bracelet was indeed very expensive, at least a few million.

At this moment, Travis suddenly remembered someone, "Could it be... Susie..."

"Ke'er, who are you talking about?" Meng Linlang frowned upon hearing this name.

"It's the daughter of the Ning family. Her father is Ning Yaohua, and her mother's name is Zhuang Lingyu. I just recently found out that I have such a cousin..."

"Cousin?" Meng Linlang frowned even more, "She's your kind of cousin! Wait...how did you know these things? Who told you?"

"It was Susie who told me..." Travis recalled for a moment, and recounted what happened in the beauty salon that day.

Meng Linlang listened in silence from the beginning to the end, and sneered after hearing, "It's so nonsense! She, Zhuang Lingyu, would put the photo on

the bedside and miss her family every night? If she had half a conscience, she wouldn't have acted like a wolf. thing!"

"Mom, what happened back then? I asked my father, but he didn't want to say anything, and told me not to ask, and not to mention it in front of grandpa." Travis was puzzled.

After asking the nanny to leave first, Meng Linlang said, "Do you know why your grandfather didn't agree to the marriage between Zhuang Lingyu and Ning Yaohua?"

"Isn't it right? It shouldn't be that simple, right? If it's because of this, there will be at most a few quarrels, how can it be so serious?" Travis said.

Meng Linlang's face was very ugly, and she seemed to be extremely unwilling to mention this matter.

However, if she didn't say anything, Ke'er might be deceived and used by the people over there.

After hesitating again and again, Meng Linlang said, "The conditions of the Ning family were actually not that bad back then. Although they were not in the government system or a wealthy family, they opened a company with a small scale, and they were considered a rich second generation. At that time, Ning Zhiyuan was still in charge, and the company was developing well. In order to sharpen his two sons, Ning Zhiyuan asked them to work hard outside for two years.

However, the two sons of the Ning family are not as good as the other. Ning Yaobang, the second son of the Ning family, spends his days drinking and drinking. In fact, relying on that pretty good face to deal with several women, it was not the first time he had done such a thing as stepping on a woman.

Your father went to investigate in detail back then, and told Zhuang Lingyu when he came back. As a result, your unclear aunt was completely stunned, and she couldn't listen to anything at all. ,even..."

Speaking of this, Meng Linlang's face was extremely ugly, "Ning Yaohua also seduced me, but it was done in a subtle way, and there was no evidence. I only told your father about it, but your father didn't have a heart, so he went to talk to Zhuang Ling directly. Yu said it, and you should be able to guess the result, not only did she not believe it, but she even framed me for seducing her man... Oh, my eyesight hasn't reached that point yet!"

## Chapter 1464

Travis's face was full of surprise, and she finally understood why her father didn't say anything at that time. It's really not good to speak to a junior about this kind of thing, especially if it's a matter between elders...

"Later, Ning Yaohua frequently whispered in Zhuang Lingyu's ears. Zhuang Lingyu came back to quarrel with your grandpa after listening to it, and asked your grandpa to open the back door for Ning Yaohua. She thought it would be so easy to approve a note and give him a piece of land. What happened? At that time, the superiors were so strict, and your grandfather was so clear and upright, not to mention Ning Yaohua, even his own son never used his privileges. All of your father's achievements are his own step by step. from..."

Meng Linlang probably held back for a long time, and simply told all the events of the year one by one, "In the end, after being rejected, Zhuang Lingyu bribed behind your grandfather's back in the name of the banker, and went to I found someone to help, but later, I was discovered by your grandfather's political opponents, who almost took advantage of this incident to pull your grandfather down and ruined your grandfather's reputation for the rest of his life. Your grandfather was very angry, so he severed the father-daughter relationship with her ..."

Travis was shocked when she heard it, "So it is like this!"

Meng Linlang snorted coldly, "Even though we broke off relations with her later, your father still thought of some kind of family affection and went to warn Ning Yaohua with a gun in private, telling him to treat Zhuang Lingyu well, otherwise you would think that Ning Yaohua Huaneng enshrines Zhuang Lingyu like an ancestor, wouldn't he even dare to let a son go if he couldn't have a son?"

After hearing this, Travis finally understood, "Then what Susie said..."

Meng Linlang sneered, "A month ago, when Zhuang Lingyu met your brother and me, she still acted like a rich and noble lady. She didn't even look at us. Do you think she would have the slightest remorse? That Susie who is not old Big, you have too many eyes, you just want to borrow the light of our banker!"

"What's the matter with this bracelet? Could it be that she deliberately left it in the car in order to please me and was afraid that I would not accept it?" Travis was puzzled, but it didn't seem to make any sense.

"She's trying to trick you into going to her wedding banquet!" Meng Linlang glanced at the time, "If you don't believe me, you can wait and see, she will call later and say that she accidentally left her bracelet in your car. Come on, make up all kinds of reasons that you have to send it in person, please help send it over!"

At that time, as long as you go, even if you just go to give a bracelet, others won't know it. They will only see that you went to Susie's wedding banquet and gave her an incomparably precious bracelet as a wedding gift. Others will only know You are the eldest lady of the dealer, I only know that your presence represents our entire dealer! And when the time comes, Susie's worth will step on our banker's tide to rise! "

Meng Linlang knew her daughter too well, she was cold on the outside and hot on the inside, if Susie really wanted to design her, she would most likely fall for it.

Fortunately, she was discovered in time.

Travis bit her lip, as if she had eaten a fly, "This woman's scheming is simply too terrifying..."

At first, he played all kinds of family cards, and in the end, just in case she didn't get on the road, he dug a hole for her as a bracelet, it was impossible to guard against...

A stern look flashed in Meng Linlang's eyes, "What a Susie, I haven't looked for her yet, she dared to plot against our banker!"

After speaking, he stood up, turned to Travis and asked, "Did you just say that Selena's charity foundation was established today?"

## Chapter 1465

"It's today, Mom, what's the matter?"

"Where is the location?" Meng Linlang asked again.

"The small hall on the top floor of the International Exhibition Center, I remember that Susie's wedding was also held in the exhibition center, and it occupied the largest hall on the entire middle floor!" Travis replied.

The exhibition center often holds large and small events and conferences. The middle floor is the largest and most luxurious, and it is usually the place where important national conferences or large-scale events are held. Other events are held in the small hall on the top floor.

Travis is a loyal fan of Selena. She had read about the establishment of the Selena Charity Fund on the official website a long time ago. The location and time of the establishment ceremony were also decided early in the morning, long before Susie's wedding. .

Unexpectedly, it happened that Susie's wedding was also at the same place on the same day...

At this moment, Travis's cell phone rang, and the caller ID: Susie.

That day at the beauty salon, Susie exchanged cell phone numbers with her.

Travis subconsciously looked at her mother.

Meng Linlang smiled mockingly, and then said, "Go on, let's see what she says."

"En." Travis nodded and connected the phone, and turned on the speakerphone.

"Cousin! Cousin, can I trouble you with one thing? I lost a bracelet that must be used at today's wedding. I couldn't find it no matter how I looked. I recalled it, and it was probably because I left the beauty salon to take your car that day. I accidentally left it on your car, can you look for it for me? I'm really sorry to bother you!" Susie's tone was sincere and anxious.

What she said was exactly as Meng Linlang expected.

Travis's anger suddenly became worse, especially when she heard the other party call her cousin, she kept calling her cousin, but she was plotting against her step by step.

Just as she was about to speak, Meng Linlang gave her daughter a wink, signaling her to follow Susie's lead.

So Travis said, "Wait a minute, let me look for it for you."

"Okay, thank you so much!"

Travis hung up the phone temporarily, "Mom, what do you want to do?"

"You just promise her that you will send it over later, and I will make my own arrangements." Meng Linlang said.

"Okay." Travis nodded.

After intentionally waiting for a few minutes, Travis called Susie, "I found it, it's in my car."

"It's so wonderful! This bracelet has a very special meaning to me, it's my lucky item... If I lose it on my wedding day... I really don't know what to do..."

Susie's tone was full of rejoicing. At this point, she changed the subject and said hesitantly, "Cousin, I'm really sorry, are you free now? I might trouble you with something! My wedding here is It's about to start, if I send someone over to pick it up, it will definitely be too late... Can you... Could you please send it over for me? I'm really sorry!"

On such an important day as a girl's wedding, she spoke so urgently about a bracelet that is so important to her, and after she saw this bracelet, she found that it was worth several million dollars. With her personality, nothing Knowing the situation, I am afraid that I will send it in person...

Thinking of this, Travis was stunned for a moment, and then took advantage of the situation and said, "I'll help you take it there."

"Thank you, cousin! Thank you so much!" Susie thanked her many times.

## Chapter 1466

After hanging up the phone, Travis was afraid for a while.

If she really passes by at that time, then give the bracelet to Susie... Everything is really confirmed...

And even if words like “The dealer attended Susie’s wedding and gave them valuable gifts” reached her ears, Susie could just say that the guests themselves misunderstood all the relationship...

But it was impossible for Travis to go to the guests present one by one to explain clearly...

Seeing her daughter’s expression, Meng Linlang sighed.

Her daughter is good at everything, but her mind is too simple.

However, her husband, who had one gut to the bottom, couldn’t be vigilant after hearing what his daughter said about Susie looking for her.

Forget it, let her do it!

It was planned to be done a long time ago, but now it is ahead of schedule.

Just taking advantage of today’s opportunity, she wants them to take a good look at what is real support and what is real support!

Meng Linlang picked up the phone and started calling immediately, “Hey, Section Chief Zhao, what have you been up to lately? Hehe, what else can I be busy with? I’ve been transferred back to the Imperial Capital. I’m not used to being idle all of a sudden. Do something charitable...”

Next, Meng Linlang made several phone calls in a row, and they continued.

Travis realized something, picked up the phone and started inviting people in her circle.

Although she hardly has any friends at ordinary times, there are countless people who want to curry favor with her. As long as she says a word, some people are willing to join her.

A moment later, Travis was wearing a small black dress, holding a handbag and an exquisite gift bag in her hand, and Meng Linlang was also wearing a solemn dark color. The mother and daughter got into the car together and drove towards the exhibition center. go.

at the same time.

In the exhibition center and the wedding banquet hall, Su's mother had urged Susie several times, and there was a hint of impatience between her brows.

Susie had just finished talking on the phone with Travis, her face was full of joy, she walked up to Su's mother quickly, and said in a firm tone, "Mom, don't worry, I just called my cousin , Cousin is already on her way!"

"Really? That's great! Hurry up and let someone meet you at the door!"  
Mother Su was overjoyed.

"Someone has been sent!"

"That's good, that's good. Is your cousin alone?" Mother Su asked again.

"This, it should be..."

"Oh, it's like this...it's okay! It's great that your cousin can come! It's the same!"  
Su's mother was full of joy, looking in the direction of the door from time to time, looking forward to it.

After Susie finished talking to Su's mother, she walked up to Zhuang Lingyu.

Worried that something bad would happen to Zhuang Lingyu, she worriedly held Zhuang Lingyu's arm and said in a soft voice, "Mom, there will be people coming from the dealer later... I hope you don't worry about them too much, or you will be so angry that you will lose your health." Not worth it..."

In fact, Zhuang Lingyu knew that they had secretly invited the dealer, so she turned a blind eye, and now she heard the words and said, "I see, today is your big day, mom is in a good mood, she won't talk to them It's too fussy."

Of course, she also has her own considerations. Although she will never forgive her brother and father for what they did back then, it is undeniable that if the dealer can come to Susie's wedding, it will indeed be of great benefit to Susie. At that time, she will reluctantly entertain him.

Is the update over? A new month has begun... Please ask for a monthly ticket...

## Chapter 1467

At the wedding banquet, among the guests who came today, almost everyone from the entertainment industry did not join in, even the arch-rival Shengshi Entertainment also had a lot of people.

After all, even though they belonged to Shengshi, company rivalry could not limit their personal relationship.

In the corner, two prosperous actresses were discussing in a low voice.

One of the actresses in yellow said uncomfortably, "Hey, with Empire and Shengshi's situation, wouldn't it be good for us to come to Susie's wedding? The recent wedding between Susie and Selena The relationship seems to be quite tense..."

The red-clothed actress next to her looked disdainful, "Otherwise, if you don't come to such an important occasion, why don't you still go to that shabby little hall upstairs to participate in some Rao Shizi charity donation ceremony? You have to go by yourself!"

"Hey, I'm just saying that... Speaking of which, Susie... Selena... Are these two related? Are they both surnamed Ning..."

As early as when Selena was still in Empire, Ning Yaohua had completely blocked the relationship between Selena and the Ning family just in case, so no one in the entertainment industry knew Selena's identity. With a wall that is ventilated, it is inevitable that there will still be a little bit of wind leaking out.

The red-clothed actress heard the sound and said, "There is such a rumor, and it is probably groundless. If Selena really had something to do with the Ning family, the Ning family would not have targeted her like this before. For Susie, they divested their capital again and again. Did she drive her away from Empire, didn't Selena not show up on an occasion like today?"

"Also..." The actress in yellow nodded again and again, relieved a lot.

"And the Ning family is not just a business as you can see, they have a tough backstage!"

"Oh? How to say?"

"It is said that even people from the dealer in the imperial capital will be here today! The dealer of the founding general Zhuang Zongren! Do you understand now? Tsk... I won't tell you, sister, I have to get down to business!"

The actress in red hastily put on her makeup, then stood up, swaying and walked towards one of the bosses who had been eyeing her for a long time.

Susie's wedding banquet was attended by almost all the rich and powerful people in the imperial capital. In their eyes, it was like a big piece of fat. It would be a fool not to come to such a good opportunity.

Selena was only called the king because there were no tigers in the mountains of Shengshi Entertainment after Su Yimo's downfall. She was not like the previous Su Yimo with the bluffing name of "the proprietress of the Lu Group" and the support of her backstage. She didn't have to give Selena face to the point of giving up such a great opportunity...

Such an occasion is most suitable for all kinds of communication, and it is also a good opportunity to build relationships and discuss cooperation. Basically, everyone has the same goal as the actress in red.

As for the news that the dealer will come, many guests at the scene have already received the news.

At this moment, many people went to Su's mother to inquire.

"Mrs. Su, I heard that people from the dealer will come. Is it true?"

Mother Su had already received an affirmative answer from Susie just now, so she said with a smile on her face, "Yes, I will be there. Just now Susie told me that Ms. Zhuang is already on her way!"

"Oh, Susie? How did Susie know someone from the dealer? Mrs. Su, your daughter-in-law is really powerful!"

...

Su's mother was surrounded by a group of people. Not far away, Su Xun and his wife had gloomy faces the whole time, but they still tried not to show it. Who would have known that the good-looking Susie would show up like this big one? Backstage!

## Chapter 1468

Mother Su listened to the compliments around her, and then glanced at the ugly face of the illegitimate son Su Xun. She felt relieved and said proudly, "Ah, it's actually because the Zhuang family is our mother's family..."

Hearing this, the surroundings were even more surprised. They thought that there was some kind of friendship between the juniors at most. Who knew there was such a relationship in it?

The dealer is Zhuang Lingyu's natal family?

But...why never heard of it?

Everyone looked at each other in blank dismay and it was inconvenient to ask more questions.

At this moment, a few older people suddenly realized and said, "There is such a thing... Back then, the daughter-in-law of Ning's parents was the youngest daughter of General Zhuang, but she fell out with the family later. Get in touch... Look at this... Is it reconciled?"

"After all, it's your own flesh and blood, so it's normal to reconcile, right?"

"So that's it! Tsk tsk, the Su family really found a treasure this time! I thought they married a fake phoenix..."

"What kind of fake phoenix? I think it's Ning Qiutong's idea of taking advantage of the Ning family's property. Didn't Ning Yaohua hold a press conference to deny it?"

...

Everyone was talking about it. At this time, someone in the crowd let out a low voice, "The one at the door...then...is that Miss Zhuangjia?"

In an instant, everyone subconsciously looked in the direction of the door.

It doesn't matter at first glance.

The crowd not only saw a young girl, but beside the girl was a dignified and older woman. The two seemed to be talking to the welcome guests.

I saw that the woman was very well maintained, wearing a navy blue embroidered cheongsam with dark patterns, standing next to the girl, she

didn't look like a mother, but a sister. Although she didn't wear any expensive ornate accessories, her temperament was naturally revealed. noble.

Immediately, several people recognized the two, "That's right...it's Miss Zhuang! And Mrs. Zhuang!"

"What? The girl beside the girl is Mrs. Zhuang?"

"Oh my god! I didn't expect that even the general's wife came! Mrs. Zhuang never appears on such occasions!"

"It seems that the relationship between the Zhuang family and the Ning family is real...how could it be so important if it weren't for the in-laws..."

...

With the appearance of the two, the attention of almost all the guests was attracted. Not far away, Susie and Su's mother, who had been waiting for a long time, looked at each other and quickly walked up to greet them.

Neither of them expected that Mrs. Zhuang Meng Linlang would also come!

Especially Susie was the most surprised, because she just asked Travis to come over to give her a bracelet, but she didn't expect that she would bring Meng Linlang along.

Looking at it like this, it must be more than just a bracelet. Could it be...Could it be that the dealer finally changed his mind at the last moment and agreed to come to her wedding?

If so...that would be great...

Susie glanced at Zhuang Lingyu pleadingly, Zhuang Lingyu still had some reluctance on her face, especially when she saw Meng Linlang, her expression

was very bad, but for the sake of her daughter, she He stretched out his hand to straighten his temples, and walked along with Susie.

Ning Yaohua was even more delighted, especially when he saw Ning Yaobang jumping with jealousy.

Just now Ning Yaobang was still saying that he gave the shares to a daughter who was not related by blood, that he was an idiot, and told him to be careful about fetching water from a bamboo basket. Now it has completely proved how serious his decision is correct!

## Chapter 1469

However, Ning Yaohua's status is quite different now. No matter how proud he is in his heart, he still pretends to be reserved. Seeing that Susie and Zhuang Lingyu had passed by, he didn't rush forward. Instead, he was waiting for the dealer's congratulations while responding to the compliments from everyone.

In the eyes of all the guests, Susie, the bride, personally greeted the door of the hall, and called out affectionately, "Cousin...and aunt...please come inside..."

After finishing speaking, I did not forget to introduce it to Mother Su again, "Roman, this is my cousin and my aunt, I told you before..."

cousin!

Aunt!

The other guests who didn't know about the relationship between the Ningzhuang two families gasped one after another when they heard Susie's address.

Moreover, this time, Susie was very high-profile and her voice was not low, as if she was afraid that others would not hear her.

Originally, if it was only Travis who came, she was afraid that others would know the truth about Travis's arrival, so she would definitely take her to a place where others could not hear her, and make it ambiguous so that people would misunderstand her, but now, No need at all!

Mother Su was also full of enthusiasm, "Mrs. Zhuang, I never expected you to come too. Miss Zhuang is really getting more and more beautiful..."

At the door, while Susie was exchanging warm greetings with Su's mother, Meng Linlang finally spoke.

Meng Linlang glanced at the person in front of her with an indifferent gaze as if looking at a stranger, and then frowned slightly at Travis who was beside her, "Ker, who are they? Do you know them?"

Travis was even more confused, with an innocent expression, "I don't know, I don't know...Mom, let's go, we won't be able to catch up any longer!"

Meng Linlang nodded, and then, being held by Travis, she walked upstairs without looking back...

Behind Susie, Zhuang Lingyu, Su Mu, Roman, Ning Yaohua, etc... and all the guests: "..."

At least after a full ten seconds of silence, the people in the hall who were left behind reacted...

This... what's the situation?

Mrs. Zhuang and Miss Zhuang said they didn't know them at all?

And the two of them didn't come to attend Susie's wedding at all, they just passed by the door?

"What did Ms. Zhuang and Mrs. Zhuang tell you just now?" Su's mother was stunned for a long time and seemed unable to recover from the accident just now. She was so anxious that she couldn't even hide her tone, and sternly directed at the person at the door. The waiter asked to go.

The waiter was also dumbfounded, and replied tremblingly, "No... didn't say anything... The lady and lady just asked me the way..."

What, asking for directions?

The scene just now was clearly heard by a large group of people around, and soon all the guests knew that Mrs. Zhuang and Miss Zhuang didn't come to Susie's wedding.

"My God... what's going on... I'm completely confused..."

"Haven't you understood yet? The dealer has nothing to do with the Ning family at all. Well, well, it doesn't matter whether there is any relationship or not. Judging by the dealer's attitude, he definitely didn't intend to have anything to do with the Ning family. From the beginning to the end, it's just the Ning family's wishful thinking!"

"Pfft, it's so ridiculous... Susie doesn't need to tell such lies if she wants to put money on her face, right?"

"Who knows! It may also be that the Zhuang family did agree to come over, but backtracked in the middle of it? It is more likely that the Zhuang family simply wanted to embarrass the Ning family simply because they had a bad relationship with the Ning family!"

"Haha, this is really stealing chickens and losing money..."

## Chapter 1470

There are many people who can't understand Ning Yaohua's villainous appearance, and they are all secretly watching the good show with schadenfreude.

After the Ning family and the Su family reacted, they quickly laughed and said they made a mistake, and abruptly rounded up the place. On a big day like today, the guests would not make too much trouble on the scene. passed.

It's just that after today, I don't know what they will say after dinner in private...

The wedding ceremony was about to begin, and the two families took the opportunity to leave temporarily to the hotel suite.

As soon as the door was closed, the ugly expression on Su's mother's face could no longer hold back, "Susie, what's wrong with you? Didn't you promise me that the people from the dealer would definitely come? In the end, they did come... Did you come here to mess things up?"

Susie didn't know exactly what went wrong, but now she had no other choice but to grit her teeth, and two lines of tears of grievance immediately rolled down, "Mom...I don't know...I really I don't know... my cousin told me well on the phone... I don't know how it happened..."

When Zhuang Lingyu saw Su's mother's attitude, she immediately became angry, "In-law, how can you blame Susie for this matter? If Susie knew that this would happen, would the people from the dealer come? And, in-law, you can speak in all fairness, if not You've always hoped that Susie would invite the banker, so will something like today happen?"

Su's mother sneered suddenly, "Oh, speaking of it, it's my fault? Why do you think I have to invite you to the banker? Isn't it because..."

Seeing that the mother-in-law and mother-in-law were about to quarrel, and glanced at Susie who was full of grievances, Roman who was at the side pinched the center of his brows, and said before his mother could say anything worse, "Mom, don't say anything, everything is over. It's already like this, there may be some misunderstanding, we are not discussing these things now, let's find a chance to figure it out after the wedding is over!"

Ning Yaohua and Su Hongguang's faces were also extremely ugly, but they could only endure it for now, "The wedding is about to begin, you two hurry up and prepare, and don't make any mistakes!"

...

After a brief exchange, the two families hurried out to entertain the guests. It would be too suspicious to leave for too long at this time.

However, in the wedding banquet hall at this moment, the pot is indeed about to explode.

"By the way, did you hear just now, Miss Zhuang said that no matter how late you can't catch up, the two of you seem to be here to participate in some event!"

"Participate in an event? The largest floor of the exhibition center has been taken over by the Su family. The top floor is just a small hall. What kind of major event can be held, so that the general's wife and miss can attend in person?"

"That's weird..."

...

While the crowd was discussing, inadvertently, people received calls one after another, and then secretly started calling in a low voice.

“What? The charity fund... Section Chief Zhao... is upstairs?”

“Director Liu is here too? Are you sure? Don’t fool me! I think I’ve been dating Minister Liu for three months and haven’t found anyone!”

“Is this unlikely? Well... I’ll go and have a look later...”

“I haven’t received an invitation letter yet. Wouldn’t it be a bad idea to go there rashly? What, no invitation required? Just donate money... Of course it’s no problem... I know, I know...”

...

With the constant phone calls, the number of VIP guests at the wedding banquet unknowingly decreased...
