

# Cruel Heart Lover Novel

## Chapter 1521

"Otherwise... let's try another woman?"

As soon as Huang Mao finished speaking, he was kicked violently by his boss, "fcuk you! Don't drag me with you if you want to die!"

Huangmao wailed and hugged his head, "No, no, no, boss! It's really possible... Didn't you see that she let us all swallow the bomb, but she didn't let those two girls swallow it... Faced with so many little fresh meats, he was indifferent and even showed a disgusted expression... This is definitely not good for masculinity, so he didn't run away..."

The hunky man on the side rubbed his chin, "Don't say it, boss... This kid seems to make sense this time..."

The bitter boss gritted his teeth, "There is a ghost..."

Such a great beauty, how can she be good at women if she is not good at masculinity? Even if you beat him to death, you won't believe it!

"Boss... Try it... They are all dead anyway..." Huang Mao muttered in a low voice.

The boss felt that this was too unreliable, so he said nothing about this idea.

At this time, a female devil was looking for someone to play shooting because she was too bored.

The subordinates naturally moved the target here and met all her requirements.

Selena was twirling the gun in her hand, and said with a smile as she glanced at the crowd, "It's so boring to just play, let's win the lottery? Two out of three rounds, if anyone wins me, I'll let him go!"

As soon as these words came out, there was an uproar in the audience, and everyone who got a glimmer of life looked over with bright eyes.

"Really? As long as you win...you can leave? What if you go back on your word?" Someone questioned weakly.

Selena squinted at the man, "There's nothing to do, believe it or not!"

"Uh..." Everyone looked like they were about to come out...

The yellow-haired eyeballs on the opposite side swished and ran over, "Then I will come first! I believe that you will keep your word!"

Selena waved her hand casually, "Go."

So Huang Mao hurriedly took out his gun, took a deep breath, and aimed at the target.

At the same time, all the bosses, backbones and young men who were watching nervously looked at Huang Mao...

They all know that Huang Mao's marksmanship is good, otherwise this kid wouldn't jump out in a hurry.

"Grandma, then I'll start!"

"Do not talk nonsense!"

"Yes Yes Yes..."

Huang Mao finally pressed the trigger and fired a shot...

"92 rings!" shouted the tall, thin man who counted the rings.

"Bang" the second shot – "95 rings!"

"Bang" the third shot – "10 rings!"

"Oh oh oh! It's amazing!" The crowd cheered.

"This kid is so insidious, he actually ran away and left us alone!"

...

"Bang", "Bang", "Bang" sounded three times in a row – Selena fired three shots, all of which hit hearts.

Everyone was stunned: "..."

"Continue." Selena said expressionlessly.

"It's not true..." After a long while, someone finally spoke dully.

Next, because they were not reconciled, people ran to challenge one after another, but in the end they were all tortured to death...

Finally, Selena grew impatient with the game, and said to another person who was about to challenge, "From now on, the loser will report his serial number."

As soon as these words came out, there was a lot of grief in an instant, mom! The female devil is about to start killing!

Finally, the tattoo boss couldn't sit still anymore, and if she continued to play like this, everyone would die...

## Chapter 1522

"Grandma, what exactly do you want before you leave? You make a price... Will we pay for our lives?" Someone asked tentatively.

"Oh... then one person should be 100 million!" Selena said casually.

Nima is a robbery! This is too cruel!

Everyone: Let's choose to die...

This is really, it is easy to ask God to send God away...

I tried everything I could think of, but the other party refused to leave. The boss really had no choice, so he glared at Huang Mao next to him, "I will trust you again! If you fail, you don't have to wait for the ancestor above to make a move." , I will kill you with my own hands!"

After he finished speaking, he made another call, "Hey... no... don't want a boy... change me a girl this time... nonsense! Of course I want a beautiful one! Clean it from a good house... Hurry up!"

"Grandma, please spare me! Grandma, please spare my life..." A young man who failed in the challenge was so frightened that his legs softened and he knelt on the ground, and the others were also trembling, maybe it would be their turn next...

Selena was about to speak, at this moment, a group of little girls walked in...

The ten girls don't look very old, they look about nineteen or twenty years old, just at the age when they can pinch water, unlike the two cool and hot beauties just now, these seem to be following the line of good families, The clothes are quite normal, and the most important thing is that they look more beautiful and cuter than the other. At the moment, they are standing below with their heads down like a frightened little animal...

Oh...it's pretty good...

Looking at the group of pleasing soft girls, Selena's mood improved a lot, so she generously waved her hands at the man who was lying on the floor begging for mercy, "Forget it, don't scare the girls with bloody explosions. "

This... this means to forgive him...

Happiness comes too suddenly! You guys can't believe it! Hurry up and run away with gratitude...

As for a certain boss: fcuk, is it really useful? And the effect is remarkable!

a moment later...

The ten girls looked at Selena from being scared, their cheeks were flushed from time to time, and they even became jealous. One by one, they rushed to pour her wine, bring fruit, pinch her shoulders and beat her legs...

Boss: "..."

Huang Mao bit his finger, seeing Selena's gentle attitude towards the girls, he was so envious, "Oh...why I'm not a girl..."

Another little guy on the side muttered, "I'll tell that aunt that I'm actually a woman, but I changed my gender...Will she believe it?"

There is also a more ruthless one: "Is there still time for me to come from the palace?" It is better to have no life than no life...

Everyone: "..."

...

At this moment, Selena didn't know that the outside world was about to turn upside down...

Imperial First People's Hospital.

Feng Xiaoxiao is holding an apple in her hand, and is struggling to carve a little rabbit...

"Huh... finally finished carving... Boss, please use it!" Feng Xiaoxiao graciously handed over the apple, she was in a hurry all day long, she never did such delicate work, it was almost fatal.

The man on the hospital bed kept his eyes on the direction of the door, as if he was waiting impatiently for someone, he looked a little absent-minded and in a very unhappy mood, after seeing the apple in Feng Xiaoxiao's hand from the corner of his eye, he gave it directly. One word evaluation: "Ugly."

## Chapter 1523

Feng Xiaoxiao: "..."

Heartbroken to pieces! How can you say the word ugly to a girl, even if you mean the apple she peeled!

"Dmn, I worked so hard to carve it... how ugly it is, it's so cute... Hey, who peeled this apple..." Feng Xiaoxiao saw an apple on the bedside that had turned yellow because it had been left for too long, "The carving of this apple is really amazing, oh no, it is simply a work of art, but I have never seen you eat it..."

Hearing this, the man immediately looked towards Feng Xiaoxiao icily.

Feng Xiaoxiao took a step back holding the apple, her face full of innocence, "What did I say wrong?"

The door of the ward was pushed open, and Kevin walked in: "Little Junior Sister was tied up by the Qingxuan gang."

As soon as the words fell, Yunshen and Feng Xiaoxiao changed their expressions at the same time.

However, Feng Xiaoxiao quickly calmed down, "Tsk tsk tsk... My woman's intuition is indeed correct... I knew that Meng Shiyi would definitely not be able to bear it... But, little junior sister is definitely fine! Boss, are you here?" The wind is blowing out on the road, and there will be no one who dares to touch the little junior sister, unless it is those little guys who don't have access to the core and don't know your prohibition, those guys little junior sister can handle it by themselves..."

In fact, Feng Xiaoxiao's conjecture is indeed correct, even if Meng Shiyi is the eldest lady of the Qingxuan Gang, the core department is not something she can mobilize with a single word, at most it is just a small branch on the fringes.

However, the expression of the man on the hospital bed did not relax at all. Instead, he got extremely ugly. He immediately got up and got out of bed, gave Feng Xiaoxiao a cold look, and said mockingly, "It's all right? If it was a year ago, it would be all right! Now she has been taken care of by Daniel. Become a useless person!"

Feng Xiaoxiao: "Uh..."

What's wrong with becoming a useless person, how many women want to be pampered as a useless person! I really don't understand the style... No wonder I can't find a girlfriend...

Tsk, just admit that you are just worried about my junior sister...

Seeing the man get out of bed quickly and put on his coat, Kevin frowned and stopped him: "Satan, your wound has not fully healed, so don't get out of bed."

Feng Xiaoxiao echoed again and again: "Yes, yes, and I think Daniel must have passed away, so we don't have to join in the fun..."

Kevin pinched the center of his brows, and looked at Feng Xiaoxiao speechlessly: "..."

Feng Xiaoxiao was confused: "What did I say wrong again?"

Because Feng Xiaoxiao didn't know what to say, Kevin knew that it was useless to persuade him, so he could only watch Yun Shen get out of the hospital bed, and gathered twenty elites, and personally led them to the Emperor's Suburb Branch of the Qingxuan Gang. department.

What is the concept of the twenty elite members of Yun Shen's pro-group? It is more than enough to take down ten branches, not to mention the two big killers Kevin and Feng Xiaoxiao.

When the group rushed to the place where Selena was kidnapped, they bumped into Daniel's men on the opposite side...

Feng Xiaoxiao looked at the big iceberg headed by the opposite side, and then at her own boss, clicked her tongue, "This is really a rare spectacle that is rarely seen in a hundred years... This Qingxuan gang is too good-looking, to let such two people together personally If you come to slaughter the door, it can be recorded in the history of the gang..."

Behind Daniel, Shi Xiao's face was filled with bitterness.

Although he is now Selena's bodyguard, it really doesn't play a role in order to avoid being accused of playing big names. Selena can only follow Selena closely when she attends activities with a lot of people.

## Chapter 1524

However, when Selena was filming, he couldn't follow Selena, he could only watch in the car or in the dark, and with the force value of the proprietress, he was so idle every day that he couldn't even get a chance to perform. No, at least Xiong Zhi was sent by the boss lady to protect the boss lady's cousin...

Just as he was so regretful, something really happened to the proprietress. The proprietress didn't show up after she finished work. After he realized something was wrong, he quickly found out that the proprietress was actually tied up. Originally, he was going to rescue the proprietress himself to make a contribution. Unexpectedly... ..but the boss already knew about it, and actually went out on his own...

That's not counting, what's going on with the group of people opposite?

Shi Xiao felt that he could no longer just sit still, or else there would be no sgum left, let alone meritorious service, so he immediately took the initiative to say, "Boss, I'll go find out the situation!"

"Wait." Daniel stopped Shi Xiao's request, and looked sharply towards the gate of the dojo.

At the same time, Yun Shen on the opposite side was also staring at the closed door, his gloomy gaze was so cold that everyone was silent.

Kevin on the side frowned and said, "I'm afraid the situation has changed, so everyone should be careful."

Feng Xiaoxiao couldn't help becoming vigilant, "It's really not right, why isn't there even a guard at the door? It's eerily quiet... Where are the people here? Are you sure that Junior Sister has been brought here? Dmn it! Nothing will happen to Junior Sister Right! This Qingxuan Gang is so courageous!"

...

The hall deep in the dojo.

A certain boss was pouring wine for Selena himself.

What he poured was the good wine that he had treasured for many years and was reluctant to waste a single drop!

Money, beauties, fine wine... He has exhausted all kinds of tricks, however, the woman on the tiger-skin chair crossed her legs happily, and still has no intention of leaving...

The worst thing is that apart from being gentle to the little girls, this woman is also cruel to these guys. She does a lot of tricks and is also unpredictable. They are about to be played to death by her!

The hunky man who was searching for ways to please a woman on the Internet went up to the boss with a sad face, "Why isn't she leaving?"

"You ask me, I'll ask who!"

At this time, a young man ran over panting, and hurriedly approached his boss, "Boss! Outside...outside..."

"What's going on outside?" The boss scolded impatiently.

"People are coming! Many people... many, many people... I look like they are here to save this woman..."

"Are you serious?" The boss's eyes lit up immediately, and then he worried a few key members of the gang, taking advantage of Selena being coaxed by the girl, they hurriedly walked towards the door together quietly.

At the door, when everyone was anxiously investigating the situation and discussing countermeasures because of this weird situation...

With a "squeak", the door of the gymnasium was suddenly opened from the inside.

In an instant, the weapons of everyone on both sides of Daniel and Yun Shen were aimed at the gate.

The leader boss hurriedly raised his hands, "Don't, don't, don't...don't get excited! Excuse me, are you here to save Auntie... Are you here to save Miss Ning?"

They only dared to stand at the door and didn't dare to go any further, because if they exceeded a certain distance, the detonator on Selena's side would give an alarm.

"If you know, let him go!" Shi Xiao yelled.

When the boss heard this, he knelt down on the ground and cried out, crying with joy, "That's great! That's great! You're finally here!"

All the people behind the boss were also full of joy, and then opened the door excitedly one by one, and greeted the people outside the door happily: "Please come in, please come in! Everyone, please come in!"

Daniel: "..."

Yun Shen: "..."

Kevin: "..."

Feng Xiaoxiao: "..."

Why do they feel that this group of people is so festive, they can be so happy that they can twist Yangko with a red cloth...

## Chapter 1525

The corners of Feng Xiaoxiao's mouth twitched slightly, "Is it my illusion? Why do I think these people look so happy?"

Is there some new trick she doesn't know about?

The boss of that branch cried and howled excitedly for a long time before he finally got up, with a look of anticipation on his face, afraid that they would leave, he said: "Dear guests, sorry for the inconvenient welcome, please come in quickly. Please come in..."

What does it mean that it is inconvenient to welcome from afar?

Things are getting weirder...

Of course, with such a ferocious combination, they wouldn't be afraid even if they had a plan.

Probably because of the fact that they had the same goal at the moment, Yun Shen and Daniel looked at each other once in a while, exchanged opinions, and then they ordered to go in at the same time.

"This way, please!" The boss personally led the way, with tears of excitement in the corners of his eyes, and several backbones beside him rushed into the hall happily.

Then I heard that there would be a lot of people running out, and they all looked at them as if they saw an angel, and their expressions were also beaming.

Some people even muttered, "Great, great... finally someone came to save us..."

ha?

What the hell?

Yun Shen and Daniel walked in front side by side. Behind them, Feng Xiaoxiao, Kevin, Shi Xiao, and a group of elites with serious faces walked to the innermost hall.

The more unreasonable the situation, the more vigilant they became. The moment they were a few steps away from the hall door, they entered a state of first-level defense and tensed their nerves...

Then, Daniel and Yun Shen saw from a distance that someone who worried them to death was sitting on a large tiger leather chair with his legs crossed, surrounded by a large group of beautiful girls, a shoulder squeezed, One was beating his back, one was pouring wine, and the other was fanning...the others were playing the piano and dancing...

The men are performing a series of juggling, such as shooting apples from the top of their heads, crushing boulders on their chests, and some people are even talking about cross talk with an allegro...

This is not a kidnapped person, he is simply a king of the mountain...

Everyone at the door, headed by Daniel and Yun Shen: "..."

Seeing that they were not moving, the boss immediately became anxious, and hurriedly said: "Bosses, please take Miss Ning away quickly! We really didn't hurt her at all..."

She was the one who hurt us all the time!

"It's our eyes that don't know Mount Tai. We knew we were wrong, and we wanted to ask Miss Ning to leave immediately, but Miss Ning refused to leave. We tried everything to no avail. We really can't help it. It's..."

Take this witch head away!

Everyone else wiped away their tears while echoing the words of their boss, "We just obey orders to make a living, and we really haven't even touched Miss Ning's hair!"

"I haven't married a wife..."

"I will definitely correct myself in the future..."

...

A group of elders cried so sadly that those who heard it were sad and those who heard it burst into tears.

In fact, they can't be blamed, Selena's way of tossing people is too cruel, especially the psychological warfare is the most slippery, and their psychological shadow area is beyond measure.

Feng Xiaoxiao: "That's... so pitiful..."

In the hall, other people also noticed the abnormality at the door, and they all looked in the direction of the door. Selena also raised her head, and when she raised her eyes inadvertently, she spit out a gulp of wine...

"F\*ck!"

## Chapter 1526

sweetheart...

There is also a surname Yun...

Why did they come here, and they actually appeared in the same frame...

And behind this mighty and mighty... What is the epic lineup?

Selena swallowed hard...uh...she seemed...too big?

"Heh, it's quite carefree... huh?" Yun Shen looked at the person sitting on the tiger leather seat and occupying the mountain as king with a fake smile, his eyes were almost killing people.

Selena ignored Yun Shen, but immediately threw the wine glass in her hand, and then quickly ran towards Daniel.

A certain boss behind him tremblingly flew over to catch the wine glass, oh! This cup is an antique! very expensive!

"Sweetie..." Selena plunged into Daniel's arms like a baby swallow throwing herself into a forest, the expression on her little face seemed to have been greatly wronged, "Bee...they bullied me..."

With a "bang", the wine glass in the boss's hand fell to the ground and made a harsh sound...

Not only him, but all the young people around him looked in Selena's direction as if they had seen a ghost.

Depend on! Do not bring such ah!

You can't be so shameless...

"No! We don't!"

"Injustice..."

"My lord, we are wronged!"

"How dare we bully my aunt..."

"The two of you who are discerning must decide for us!"

...

Immediately, wailing sounded in the hall one after another, with a more aggrieved expression than Selena's, probably because she knew that Yun Shen and Daniel were the leaders, and they were all asking them to make decisions for them.

The scene was once...very chaotic...

Yun Shen: "..."

Daniel: "..."

Daniel glanced at the girl in his arms, with a slightly helpless expression, "What's going on?"

Selena looked up at him sobbing, "My hairpin...the hairpin was broken by them..."

"What's the mess?" Yun Shen was a little annoyed when he saw Selena clinging to Daniel's arms.

Selena glared at him, "You're such a mess! It was my son's gift for my birthday, okay? It's important! But they trampled it to pieces!"

Yun Shen: "..."

Everyone in the hall: "..."

What the hell... Did I make a mistake? Tossing them like this is because she broke her hairpin?

The boss took a deep breath and looked at the few people who were in charge of tying Selena up, "You...who stepped on Miss Ning's hairpin?"

The yellow-haired, tall and thin man, and the driver with the scar had an innocent face, while the man with the hunk trembled and murmured helplessly, "It seems to be me...but I was careless..."

"Is it this?" At this time, Shi Xiao behind him took out a broken pink hairpin from his pocket.

He finally had a chance to perform, but instead of rushing into battle, he accidentally picked up a hairpin...

"That's it!" Selena hurriedly took it with distress, and the murderous look in her eyes began to rise again.

A certain boss was afraid that this aunt would get mad again, so he immediately went over and kicked the savage man, "Let your feet be cheap! Let your feet be cheap! You won't be able to tie anyone... It's okay, why do you step on other girls' hairpins?" !What's wrong with you!!!"

Meaty man: Who is sick? Hey!

"Yes yes yes... I'm sick... everything is my fault..."

Daniel looked at the girl's sad expression, and rubbed the girl's hair, "It's fine, it can be repaired. I'll fix it for you when I get back."

## Chapter 1527

"Yeah..." Selena nodded obediently, and the colleague secretly heaved a sigh of relief, it must have escaped a catastrophe...

However, at this moment, Yun Shen's faint voice came from beside his ears...

"Then what's the matter with these women?"

Depend on! Selena was so angry that she almost wanted to kill someone because Mao wanted which pot to open, so she immediately replied, "It's none of your business! My darling didn't say anything!"

"you..."

Kevin coughed lightly, and reminded helplessly: "He has injuries." Little Junior Sister, please be merciful.

"What's the matter with these girls?" This time, it was Daniel who asked the question.

It was rare for Daniel to stand on the same side as Yun Shen, causing Yun Shen to look at him in surprise.

This time...Selena couldn't be fooled anymore...

So he replied righteously, "Isn't it these guys whoooooo Is it? Of course not! I just saw how fierce these guys are, and I was afraid that the girls would be scared by them, so I chatted with the girls for a while to relieve their fear..."

All the gang members: "..."

Who is the evil spirit? Hey! Compared with her, are they simply good babies?

Selena was eloquent, and Yun Shen snorted coldly, "Relieve the mood? Including letting them sit on your lap?"

Selena: "...!!!" Dmn!

"You spitting blood! How can anyone sit on my lap!!!"

"If we don't come, why don't we just sit on it?" Just now, he saw a girl secretly rubbing sticky sticks on Selena's body.

"Even if you don't come, I won't let them sit, okay? Do you think I'm as immoral as you?" Selena was angry.

The man sneered, "We're trying to save you outside. You're having a good time here, so you're justified? If you come later, will you even have Mrs. Yazhai?"

"fcuk, you..."

Daniel sighed softly and interrupted the quarrel between the two: "Let's go out first."

The helpers nodded again and again, yes, yes, yes... You should leave quickly!

A group of people retreated in a blur, and all the gang members behind them sent off with tears in their eyes, and it was almost time to beat the gongs and drums...

At the door, Selena saw that Yun Shen's face was slightly pale, covering the wound from time to time, and she frowned, "Why do you have to come here in person before the wound heals?"

Yun Shen's face was serious, "Why, I feel sorry for your concubine, afraid that he will be squeezed dry by me?"

Selena: Squeeze your sister! Can we have a good chat!

Feng Xiaoxiao at the side shook her head helplessly: Hey, boss, you have such an emotional intelligence... Just now, my junior sister obviously loved you, okay...

"So... what on earth are we here for today?" Feng Xiaoxiao spread her hands with a confused look on her face.

Shi Xiao: "The one who saved people..."

Well, there is nothing wrong with rescuing the kidnappers...

late at night.

The white-haired man turned his back to the large floor-to-ceiling windows, "Before dawn, take over the Qingxuan Gang."

But just one sentence, it means that tonight's underground world of the imperial capital will set off an unprecedented bloody storm...

Kevin nodded and accepted the order: "Yes."

...

A box in a high-end club in the imperial capital.

The private room was full of luxury and money, and everyone was enjoying themselves. However, at this moment, the door of the private room was suddenly kicked open with a "bang".

## Chapter 1528

A group of well-trained men in black, Rakshasa, generally surrounded the entire box...

"Where is the son of a bitch, how dare you spoil the grandpa's Yaxing! Do you want to die!" The leading man opened his tongue drunkenly.

As soon as the words fell, a cold black hole was pressed on the forehead, "Submit, or die."

"You... who are you guys? Do you know who I am? I'm the boss of the Qingxuan Gang Baihutang... I..."

There was a muffled gunshot, and a blood hole appeared on the man's forehead, and he fell to the ground with a bang. Because the sound was silenced, the gunshot was not loud, but it made everyone in the box turn pale...

"Kill... kill..."

"Boss..."

"My God! How dare they kill Wang Hu!"

...

"Who else has any objections?" The man in black who shot the gun glanced coldly at the people in the box.

Everyone was silent.

The man in black next to him drew a stroke on a piece of white paper with a pen, and he drew out the word "Baihutang" with a horizontal line...

"Next."

...

At the same time, the same situation is still happening in various places in the dark part of the imperial capital, and the entire imperial capital is shrouded in a thick layer of haze...

A luxurious manor halfway up the mountain.

In the study.

One of them stumbled and rushed in, "Boss...it's not good...it's not good!"

"In a panic, what does it look like?"

"Just now... our branches in the imperial capital were attacked by unknown persons... In just one hour, eleven of our branches have been controlled..."

"What did you say?" Meng Zhenhuan was able to brush up, "Who is it, how courageous!"

"The opponent's speed is too fast, I haven't found out yet! I only noticed that there seems to be a letter s on their clothes..."

"What... what?" Meng Zhenhuan's expression changed immediately, "Did you see clearly?"

"I can see it very clearly! Boss, they couldn't be... people from Satan's side?"  
The subordinate shivered as he said.

Apart from this person, he really couldn't think of another person who could do this in such a short period of time and who dared to do such a thing.

"Impossible." Meng Zhenhuan directly vetoed the guess of his subordinates.

When that person first entered the imperial capital, he had already made an appointment with the other party to meet him and inquired about the other party's attitude.

Seeing what the other party meant, he had no intention of meddling with the underground forces in the imperial capital, and even told them not to be nervous, and they could do whatever they wanted.

How could he do such a thing without warning now?

"Then... Could it be that we have offended someone recently?" The subordinates were puzzled.

"Wait, I'll make a call..." Meng Zhenhuan pondered, then pulled out a number from his phone.

However, no one answered the other end...

Meng Zhenhuan became more and more uneasy, so she had to dial another number.

This time, it finally got through.

"Hey, Young Master Ye, I'm really sorry for bothering you late at night, because just now my subordinates reported that several of our branches were attacked, and the attackers seem to have the logo of your organization..."

"It's Satan's order." A cold and calm voice came from the other end of the phone.

Meng Zhenhuan didn't seem to have reacted from this sentence, and his face turned pale immediately, "What...what! Why did Satan do this? Last time he clearly said he wouldn't..."

"In this regard, I suggest that Mr. Meng investigate the reason himself." The other end of the phone hung up the phone after finishing speaking.

## Chapter 1529

After listening to Kevin's words, Meng Zhenhuan was stunned.

What is the reason for self-examination?

Could it be his problem? Who did his side offend?

how is this possible!

Meng Zhenhuan then made several phone calls in a row, and finally got a clue. A little leader over there reminded him to go home and ask his daughter.

Ask poetic?

How would poetry know?

Meng Zhenhuan was even more confused, but finally called someone over.

"Dad, you called me? Why do you disturb her beauty sleep at night!" Meng Shiyi scowled, with an impatient expression on her face.

"Let me ask you, what have you done recently?" Meng Zhenhuan asked in a deep voice.

"What else can I do? Filming, shopping, beauty treatment..."

"anything else?"

"No more!"

"Think about it!" Meng Zhenhuan slapped the table hard.

Meng Shiyi was startled, and seeing her father's ugly face, she finally cheered up a little, "I really didn't do anything...why are you so cruel to him!"

"Have you offended anyone recently?"

"Dad, what you said...is there anyone worthy of you using the word offending?" Meng Shiyi looked proud.

Meng Zhenhuan's face was extremely ugly at the moment, and he said sharply: "The people over there are completely controlling our gang, and they are almost killing us at the door, do you know that! Before you give me a second, think about what you have done to offend us!" He is not happy! I have

already inquired, and the other party asked me to come back and ask you! You still said that you have not offended anyone?"

Hearing this, Meng Shiyi finally changed her face, "This is impossible... I'm just..."

"What are you?" Meng Zhenhuan immediately noticed the problem and asked vigilantly.

Meng Shiyi bit her lip, her face full of guilt, "I just taught a vixen who hooked up with brother Shen a lesson!"

Meng Zhenhuan was so angry that he patted the table, "It's probably the case! People! Don't let me go! Then there may be a glimmer of life if you come to apologize in person!"

While Meng Zhenhuan was speaking, seven or eight people covered in blood came to report one after another outside, and one branch after another was wiped out in an instant...

"Boss... Azure Dragon Hall can't keep it anymore..."

"Boss! City C is also under control!"

"Boss, City D has directly rebelled..."

...

In the middle of the study, Meng Shiyi stared blankly at the people coming in and out, and the leader of the room who asked her father what to do now, she felt as if she was dreaming.

Obviously before today, she was still the eldest lady who wanted everything from the wind to the rain, why did she become a bereaved dog in an instant...

Meng Zhenhuan was too lazy to talk to her daughter, so she quickly found out what happened today, and asked people to bring all the people who kidnapped Selena here.

"Boss... She's fine... She's fine! That aunt was unharmed! She's already been rescued! We didn't dare to tell the truth because we were afraid that Missy would blame me..." The little person in charge of the branch trembled answer.

He was just the person in charge of a small eighteenth-line branch. It was the first time he saw so many big shots, and his legs were shaking.

Meng Zhenhuan heaved a sigh of relief when she heard that the girl was fine, and then asked, "Rescued? Who rescued her?"

"I don't know who they are, I haven't seen them all, but I don't think they are easy to mess with at first glance... Oh, yes... There are two factions at the head, and one of the leaders is a bit special, with white hair..."

"White hair?!" Meng Zhenhuan stood up abruptly.

## Chapter 1530

Satan actually went to save people in person, which shows the status of that woman in his heart, and poetry actually tied that woman...

"Who is that woman?" Meng Zhenhuan asked.

"A little entertainer named Selena..."

Meng Zhenhuan fell down on the chair when he heard the words, and his last hope was shattered, "It's over... It's really over now..."

"Dad! She's just a little entertainer! If she moves, she moves! Besides, isn't she okay? Why are you so nervous? At worst... At worst, I'll go and apologize to Brother Shen!"

Meng Zhenhuan slapped Meng Shiyi's face, "Do you know who she is? She is Keren!!! Kevin and Feng Xiaoxiao's junior sister! The only woman around Yun Shen! Not long ago, Yun Shen issued a ban, Don't allow anyone to touch a single hair of her! Didn't I warn you before the woman around Yun Shen that you can touch anyone, but she shouldn't!"

A certain little boss who had just been abused by Selena today to the point of crying: "..."

fcuk! That woman turned out to be the legendary Keren...

Today they are really... death is not wronged...

Meng Zhenhuan never thought that she would be killed by her own daughter.

Meng Shiyi was completely panicked at this moment, "But how would I know that she is actually Keren..."

In fact, she couldn't be more angry because of what her father said to her, and because of Yun Shen's rescue of Selena, she was dazzled, so she ignored her father's warning and attacked Selena. How could she know? It's such a big disaster.

"Boss, the most urgent task now is to find a solution!" The subordinates reminded.

The huge hundred-year-old gang was about to collapse overnight, and everyone looked extremely terrified.

Meng Zhenhuan was dejected, "If it was someone else, perhaps an apology would be useful, but now...heh...even if I kill my own daughter with my own hands..."

Meng Zhenhuan paused, and then said, "Go, send someone to find Daniel immediately! The only one who can save us now...is the Lu Group..."

After all, the Qingxuan Gang has controlled the imperial capital and its surrounding underground kingdoms for a long time, and a group as large as the Lu family has been involved with them in all aspects, and the relationship is intricate. If the Qingxuan Gang is destroyed, it means that the emperor will fall into other In the hands of the organization, Lu will not sit idly by!

"Yes! I'll go right away!"

The men left in a hurry.

Time passed by every minute and every second, and the east was pale.

The subordinate who went to ask for help finally came back.

"How's it going? What did Mr. Lu say?" Everyone's eyes fell on him.

The face of the person asking for help was ashamed: "Mr. Lu...Mr. Lu..."

"What's the situation! Tell me quickly!" Meng Zhenhuan urged angrily.

"I went to contact Mr. Lu's people, but the people there replied to me and said..."

"say what?"

"It was the people from Satan who said we should be thankful that we did it, not Mrs. Lu himself."

"What... what is this?" Everyone, including Meng Zhenhuan, was dumbfounded.

"Why even the Lu family wants to deal with us?"

"That's right! Satan is for women, so what's going on with Daniel?"

...

In the midst of the quarrel, a voice rang out weakly, and it was the little eighteenth-line leader just now, "That... I said just now that the people who saved the girl were led by two people...the other... That person...seems...a bit like Mr. Lu..."

"What did you say?" In an instant, everyone's eyes fell on the little boss in disbelief.

The little boss trembled, "I didn't dare to believe it at first, I was afraid that I had mistaken the person, so I didn't dare to talk nonsense, after all, I have never seen that person before, but I have seen the bodyguard next to him, Shi Xiao Once, today... I seem to see Shi Xiao following him..."
