

# Cruel Heart Lover Novel

## Chapter 1531

"Shut up! You're talking nonsense!" Meng Shiyi cursed immediately.

Yun Shen and Daniel went to rescue Keren in person at the same time?

Not only Meng Shiyi, but also Meng Zhenhuan and other high-level gang leaders thought this fact was too incredible.

You must know that the relationship between Yunshen and the Lu Group is extremely complicated. Recently, they have been fighting to the death from abroad and at home. If they are fully armed and confront each other, why not have an earth-shattering fight? How could it be possible to rescue Keren together in a peaceful manner?

Even if Keren has withdrawn from the organization now, at least he used to be from Yunshen's side. It's impossible for Daniel not to know, or even suspect Keren's motive for joining Glory World Entertainment...

Meng Zhenhuan looked at the little boss with a serious face, "Are you sure you read it right?"

The little boss was bloodied by Meng Shiyi pointing at his nose, and how could he dare to be so sure when facing the suspicious eyes of all the bosses, he hurriedly said, "This...I'm not sure about this either. ..."

Meng Shiyi showed such an expression, she immediately took out her phone and said, "This idiot must have misread it! There must be some misunderstanding! I'll contact Saul right now!"

Meng Shiyi was in the entertainment industry, so it was normal to have Saul's cell phone number, and Saul knew Meng Shiyi's true background well.

Seeing this, Meng Zhenhuan didn't stop her daughter, this whole thing was indeed too weird, even if he died, he had to die to understand!

After finding out Saul's mobile phone number, Meng Shiyi deliberately turned on the speaker.

The other end of the phone rang more than a dozen times, waiting until everyone's hearts were in their throats, and finally, a sleepy voice finally connected.

"Hi, Second Young Master! I'm Meng Shiyi! I'm sorry for disturbing you late at night! Because it's an emergency, I'll tell you directly. Our gang was suddenly ordered to attack by Yun Shen tonight. I hope to ask Mr. Lu for help. Second Young Master, you can help convey it." .

Over the years, our Meng family has helped the Lu family a lot and has been cooperating happily. I believe that Mr. Lu will never die! If Mr. Lu has misunderstood us, we can explain..." Meng Shiyi quickly explained the situation.

The other end of the phone was quiet for a while, probably because he just woke up and was digesting Meng Shiyi's words.

Time passed by every minute and every second, and everyone stared with bated breath...

A moment later, Saul's speechless voice rang out from the phone with the speaker turned on...

"Are you idiots? You sent someone to tie up my sister-in-law, and you still want my brother to help you? Why don't you go to heaven?"

Meng Shiyi: "..."

Meng Zhenhuan: "..."

The little boss and all the high-level officials: "..."

"Second...Second Young Master! What do you mean?" Meng Shiyi was completely dumbfounded.

"Literally! Selena is my brother's woman, my future sister-in-law, do you understand? If it weren't for the fact that I still have some affection these years, my brother would have done it himself. It's someone else's turn to behave..." Saul muttered in a tone worried about the other party's IQ, and then hung up the phone.

There was a dead silence in the whole study.

In everyone's mind was Saul's statement that Selena was his future sister-in-law and Daniel's woman.

It's too hard to believe, but if that's the case, it all makes sense...

At the same time, it also means that, just because of the impulsive willfulness of their eldest lady, their Qingxuan Gang is powerless today... It's completely over!

## Chapter 1532

Platinum Palace.

As for the fact that she didn't notify Daniel in time and made him worry, and...the fact that she almost sat on her lap... Selena conducted a deep self-criticism.

In addition, things during the day inevitably made her a little worried.

She took a rough look at the people Yunshen brought over, and it was shocking. They were all the core forces in the organization. Normally, these people were scattered all over the world, but now, they all gathered in the imperial capital...

That guy surnamed Yun actually transferred all the elites to the country... What exactly is he trying to do...

I always feel that guy wants to make a big deal, and it has something to do with Daniel!

Fortunately, she already knew that although Daniel is a businessman, the power behind him is definitely not weak, not to mention that this is still Daniel's territory, so no one on both sides should be able to do anything about it...

the next day.

The little bun is concentrating on gluing the crystals one by one on the custom-made hairpin template with special glue, and his little appearance is so cute.

Only the plastic part under the crystal was broken in the hairpin that was stepped on before, and the crystal is intact, so just remove the crystal and stick it again.

It is said that serious men are the most charming, but she feels that her little bun is the most charming.

As expected of her son, sticking things are so cute...

Selena held her chin and looked happily, "Well, I'm sorry baby, Mama will definitely be careful next time and won't break it again..."

The little bun glued the last crystal, then pouted his small mouth and blew, "It doesn't matter if it's broken, Rick will help you fix it."

"Aww..." Her baby is simply spoiled!

After the glue dries, a pink hair clip in the shape of a pink love heart is ready, and Rick puts it on for Selena herself, "Ma Ma is so pretty!"

As soon as Daniel came downstairs, he saw the warm and intimate picture of the two mothers, and his cold expression became extremely gentle.

"Sister-in-law...good news! Good news! Super good news..." At this time, Saul hurried in from the door.

"What good news?" Selena turned her head and asked.

Saul was clutching a large pile of unknown forms, and excitedly said, "Sister-in-law, you..."

"You've been shortlisted for Best Actress in the Palme d'Or." It was Daniel who spoke.

Saul's face suddenly filled with sorrow: "Oh! Brother, why are you so swollen! I'm so fast, how come you know it faster than me! Can't you let me show off?"

Selena was stunned when she heard the words, "What..."

Saul finally had a chance to speak, and immediately handed the form in his hand to Selena and said, "Your "Dream Seeker" has been nominated for Best Actress at the Palme d'Or Awards, first-hand information! It's written in black and white. It will take about three days before the shortlist will be announced to the public!"

Selena glanced over, and sure enough, "Dream Seeker" was nominated for Best Director and Best Actress at the same time!

And she also saw another familiar movie... "The World".

"'The World' is also shortlisted?" Selena asked.

Saul went over to take a look, "Ah, it seems that "The World" didn't catch up with last year, so it's put in this year! Ah, you were also nominated in "The World", nominated for best actress Match! I only noticed that you were nominated for Best Actress, but I didn't notice it!"

## Chapter 1533

Selena looked at the word "Best Supporting Actress", and was as excited as seeing "Dream Seeker" being nominated for Best Actress.

After all, "The World" is her first film, which has a special meaning to her. Being nominated for the Palme d'Or, which has the highest gold content in China, is already an exciting affirmation for her, who was still a newcomer at the time.

Immediately afterwards, she scanned to the next line and saw...

"Oh, I'll go! Susie's poor acting skills are actually nominated for Best Actress?" Saul exclaimed, humming and muttering, "There must be something shady, or she just came to accompany her!"

Selena finally finished reading all the lists. She discovered that Susie actually had two films nominated for Best Actress at the same time. One was "The World" and the other was "The Mountain".

It seems that Susie is going to fight a turnaround this time...

"Two were actually selected! Are the judges blind?" Saul continued to complain.

Selena rubbed her chin, and analyzed, "Susie's performance in "The World" is really good, and it is expected that she will be nominated for Best Actress."

Even now, many people say that Susie's performance in "The World" is the pinnacle of her acting career...

As everyone didn't know, Susie's acting skills were largely forced by Selena at the time.

The later dramas lost their sense of crisis, so naturally they couldn't reach this state...

Selena paused, then continued, "As for the film "Dashan", it was released together with "Dream Seeker", and the box office was dismal, with only a few million. The genre and theme are very suitable, and the character setting can also please the academic judges, so it is not surprising that it was shortlisted for nomination..."

Regardless of whether Susie had a relationship behind her back, there shouldn't be any controversy about her being nominated for these two films.

On the other hand, Selena's "Dream Seeker" was once defined as a commercial drama, and it was a surprise to be nominated. Although her performance in "The World" was very good, this time the Best Supporting Actress The competition is very fierce, she has seen several strong opponents, so it is unknown whether she can get it...

Saul patted Selena's shoulder, "Selena, according to my guess...you still have a high chance of winning the prize! After all, your strength lies in it!"

Daniel on the side: "Does this need speculation?"

Saul was speechless immediately, "Yes yes yes... There is no need to speculate, your wife is the most powerful!"

Daniel looked at Selena and reassured him: "Don't be nervous. The reason why the Palme d'Or is so respected is not only because of its professionalism, but also because of its fairness. In the end, the only thing that can win the award is its strength."

Even if someone did something from it, they would never be able to reach the final result.

Selena was really a little nervous, after all, she was nominated for the first time, but after hearing Daniel's reassurance, she immediately improved a lot.

"Congratulations to Mama for being nominated..." The little bun on the side congratulated Selena in a childlike voice, and at some point he went to get a bouquet of flowers and came over.

The bouquet of flowers was huge compared to Rick, covering his entire body.

Daniel took the bouquet from bun, handed it to Selena, and kissed her on the forehead, "Congratulations."

Look at this father and son... they were already prepared!

Saul, a loner, was bloodied all over his face, but he still held up his heartache and took out a bunch of car keys from his pocket, "The reward from the company! I sent it to you in advance!"

"Thank you..." Selena held the bouquet lightly. At this moment, her heart was no longer worried about whether she would win the prize, but was full of warmth...

## Chapter 1534

This scene overlapped with the scene when she got the role of Meng Changge.

At that time, she didn't even have anyone to share the good news with, and she was about to eat hot pot at home alone, so Daniel came to the door with a little bun, and then the father and son congratulated her at the dinner table...

"What's wrong?" Daniel asked, seeing Selena was in a daze, rubbing her hair.

Selena smiled and shook her head, "It's nothing, I just remembered that you brought the little bun to my house for the first time, and you were also the first one to congratulate me at that time."

Before she knew it, this man had been with her for so long.

From her being unknown, to the moment when she finally broke out in her dream, from someone she thought was impossible, to today's heart-to-heart relationship...

In the next few days, Selena returned to the crew to finish filming the last part of "Nine Heavens".

Meng Shiyi's face looked very haggard, and she couldn't hide it even with makeup, but because she cooperated very well from beginning to end, the shooting went smoothly.

"Oh oh oh...it's finished..."

"congratulations--"

"Everyone has worked hard!"

"Oh, I'm so sorry!"

"I really miss everyone too!"

...

After the last scene ended, all the crew members cheered loudly, and even burst into tears with excitement. The director's assistant pushed a cake over to celebrate. Everyone kept contact information and hugged each other reluctantly...

Even though it wasn't the first time she had experienced such a scene, it was still Selena's happiest moment every time.

"Hey... what about me... how do you know how to hold a girl..." Louis beside him had a dark face.

Selena smiled and went over to hug a certain tsundere golden retriever, "Thank you, Senior Jiang!"

"Hmph..." Feeling the girl's strong embrace, Louis's expression was a little awkward, and he sighed inaudibly.

Perhaps it should be fortunate that he still kept that secret after all, so he could still stay by her side at this moment, instead of being like someone else.

I don't know what Selena did to Mo Chenxiu, this guy has been looking deeply hurt recently.

Well, anyway, just by imagining it, I know it must be quite cruel!

After the big guys made a fuss for a while, they agreed to have dinner at the nearby Four Seasons Hotel.

Selena was walking towards the parking lot, but saw a person already waiting there.

Meng Shiyi...

Seeing her, Meng Shiyi trembled like a frightened little beast, didn't even dare to say a word, bowed deeply, and then ran away without looking back, as if there was some scourge behind her like.

At that time, a certain beast caught Meng Shiyi, and it was for Selena to kill her herself.

At that time, Selena just rolled her eyes and refused. She didn't have the habit of killing people at any time, so she just said that the filming of "Nine Heavens" was not finished, and then left.

Probably because of her words, Meng Shiyi saved her life...

It is said that a certain beast wiped out the Qingxuan gang overnight, the small bosses turned their backs one after another, half of the high-level officials were killed and injured, Meng Zhenhuan was imprisoned, and the entertainment company where Meng Shiyi worked went bankrupt and was acquired.

It stands to reason that after Yun Shen returned to China, controlling the underground forces to take over the Qingxuan Gang was an indispensable step, but I don't know why it has been so late, and the incident of her being tied up seems to have become the fuse that prompted this incident. Happened ahead of time...

## Chapter 1535

Although that guy sometimes deserves a beating, there is nothing to say about protecting his weaknesses.

Selena was stunned at this thought, it seems that that guy still put her in his sphere of influence...

Now, Meng Shiyi doesn't have the entire company around her, and without the huge background behind her, she's just an ordinary entertainer in the

entertainment industry, and it's good if she doesn't become crazy after being frightened by Yun Shen, let alone anything else Crooked mind.

For Meng Shiyi's end, Selena couldn't sympathize even if she was a virgin. Their world was like this, where the weak preyed on the strong.

For what you do, you have to be prepared to bear the price. If the person Meng Shiyi kidnapped that day was not her but an ordinary girl, then that girl would be the one who died now...

the next day.

The shortlist for the 53rd Palme d'Or was announced.

As for the biggest awards event in the entertainment industry every year, it immediately attracted the attention of the entire entertainment industry. As soon as the list came out, it caused an uproar.

The most eye-catching thing is that Susie's "The World" and "Dashan" were nominated for Best Actress at the same time. In addition, "Dashan" also won awards including Best Picture, Best Director, Best Actress, Best Supporting Actress and other 8 awards, it is the film with the most nominations at this year's film festival, and it is also the favorite to win the awards.

All of a sudden, the evaluation of Susie on the Internet was soaring. Film critics from all walks of life came out to praise Susie's performance in these two films. Susie's fans, who had been depressed for a while, were all excited about the sewage...

"My family's Susie is amazing! Two heroine nominations! That's amazing! The last time was ten years ago!"

"The job of an actor is to act well. It's not like someone who knows how to be opportunistic all day long, and hypes up his thighs to steal the limelight! I heard that someone has also been nominated for the best actress this time!"

Tsk tsk tsk a dog blood It's just a romantic drama, but it's actually nominated for Best Actress, aren't the judges blind!"

"So what, I must be running with you..."

...

Selena, a newcomer who has just become famous, was nominated for Best Supporting Actress and Best Leading Actress at the same time. It was expected that she would receive a lot of attention and doubts.

Of course, Selena's fans are not bragging now, they flocked to fight with Susie's fans and black fans, and many knowledgeable fans analyzed the inevitability of Selena's nomination from various aspects...

"Dog-blood romance drama? There is a saying that what you see is what you see. Only uneducated people like you think that "Dream Seeker" is just a dog-blood drama!"

"Our Karen plays the role of the heroine and the heroine's twin brother in the play, and also plays two genders at the same time! Switching seamlessly from beginning to end, there is no violation, and it is so fun to watch. No acting skills?"

"There is also Meng Changge played by Karen in "The World". From an innocent girl to a female general who bears the fate of the family to a scheming concubine, he played Meng Changge's life so soul-stirringly! At that time, Selena was still a A rookie who just starred in the first movie, already has such a level! Who dares to say that Karen is not blind because of his strength!"

...

In short, since the day when the list was announced, the two parties have been fighting each other. Many people even bet on the Internet, betting on who will win the final actress...

## Chapter 1536

Nowadays, even many private casinos have opened their games. Susie was the most bet, while Saul secretly bet a lot of money on his sister-in-law...

Star Entertainment.

"Sister Susie is here!"

"Sister Susie, congratulations! Both films have been nominated for Best Actress! It's really amazing!"

"'The World' won four nominations, and 'Dashan' won a total of eight nominations. This time the actress must be Miss Susie!"

"That's needless to say! Our sister Susie's only opponent is herself!"

...

Susie responded humbly to everyone's compliments when she heard the words, "How could you say such an exaggeration, it's just a nomination, besides, there are still many capable candidates this time!"

"Sister Susie, you are too modest. "Dashan" is a masterpiece by Director Feng! Who is Director Feng? He is a great director who has won awards and got soft hands. Is it comparable to those directors like Shen Mian who make trash commercial films?"

"That's right! This award must belong to our sister Susie, but some people's fans are so ridiculous that they compare that kind of popular commercial film with our Susie's film! That "Dream Seeker" is simply for nothing. Isn't Susie worthy of carrying shoes?"

"Someone used "The World" to be nominated as a female supporting role because of our sister Susie's credit, and yet let fans blackmail our sister Susie, so ungrateful, it's simply too shameless!"

...

Susie listened to everyone's flattery and disdain for Selena for a while, and the gloom of the past few days was swept away, and she said with a smile, "I'm having a treat at Haojue tonight, everyone come if you're free!"

"sure!"

"Thank you sister Susie..."

...

After Susie left and walked a long distance, some of the young artists behind gathered together and started whispering in small groups.

"I don't think it's known who will be the actress this time! Looking at her, she looks like she's already in her pocket. There's no telling how many sailors she has bought because of the hype on the Internet!"

"The current Selena is not the 18th line who was still playing tricks under Janice. She now has good looks, resources, and acting skills. The quality of the two films since her debut is quite high, and the newly completed "Nine Heavens" is also the same. A big production, visually predicting that there will be another burst of fire..."

A few more important awards to bless, I think it will be a matter of time to become the second Leng Manyun to become the second Leng Manyun. It is better than Su Yimo, who has played the goddess for thousands of years with the title of proprietress, and can't be praised no matter what Much more reliable! "

"Selena's only fly in the ointment is that her family background is a bit poor. I heard that she came from the countryside. Her family is very poor, and her parents are farmers. Compared with a daughter like Susie who was born with a golden spoon in her mouth, In the end, it is still a little bit worse..."

"This kind of thing is natural, there is no way..."

Speaking of this, everyone sighed. After all, like Selena, they all came from ordinary families, so they were naturally jealous and looked up to people like Susie.

...

This time the Palme d'Or awards were particularly hotly discussed on the Internet, and the enthusiasm did not dissipate until one month later, the day when the awards show finally came.

Selena was somewhat nervous. After all, it was her dream for so long, and it was time to test the results of her hard work.

Before the start of the awards show, as usual, it was a star red carpet full of gunpowder. Every time the Avenue of Fame was a must for female stars, everyone tried their best to compete for beauty.

Selena was originally scheduled to enter the venue at the same time as another foreign actress, but she didn't expect a little accident on the way...

## Chapter 1537

That actress is Ye Zixuan, a beautiful woman who is not inferior to Selena. She is called a vase as much as a goddess. Many fans like to compare Selena and Ye Zixuan.

Because Ye Zixuan has been famous for a long time and has a lot of fans, her supporters scolded Selena for being overconfident.

Although the two have never met before, the relationship is actually a bit awkward because they are often compared together in this way.

This time, the organizer deliberately put the two together, and I'm afraid they also want to create some gimmicks. After all, too many people want to see the two in the same frame.

Regarding the organizer's arrangement, Ling Zhizhi naturally knew what they were planning, and originally wanted to reject it directly, because there is no harm if there is no comparison, as long as one party's image is inferior, that party will be caught and trampled on fierce black.

However, after seeing Selena's red carpet look, Ling Zhizhi completely dismissed this idea.

In no mood...

Selena had no objections, but in the end Ye Zixuan had a problem.

It was almost the moment before they were going to walk on the red carpet, and the other party said that they refused to enter the venue with Selena.

"I'll go! Why is this? If you don't want to, you should have said it earlier! It was almost at the door that you said you don't want to go with our Karen! You're cheating!" Xiaotao was so angry.

Under normal circumstances, due to the limited time, when walking the red carpet, many people enter the venue according to the relevant personnel of each shortlisted film, or groups of men and women, groups of young and old, etc. Selena and Ye Zixuan can also be regarded as a combination. Except for special circumstances, only those with high status such as movie kings and queens will enter the venue alone.

But now, Shen Mian and Guo Qisheng's people had already passed by, and Selena was faced with the situation of walking the red carpet alone, and the situation was a bit awkward.

At this moment, the black car in front stopped, and Susie and Roman got out of the car door.

Roman held Susie's hand in a gentlemanly manner, and the two walked forward together.

As Roman is one of the largest shareholders of Starlight Entertainment and Susie's husband, it's only normal for Roman to walk the red carpet hand in hand with her.

In an instant, the spotlights came and went, and the screams of fans on both sides of the red carpet were endless.

It's fine if Ye Zixuan has a problem, but Susie was the one who walked in front of Selena, which made it even more embarrassing...

Ling Zhizhi quickly made a phone call, "Louis, are you coming soon? Selena needs a male companion temporarily! Can you rush over?"

Louis was going alone this time. Originally, Lei Ming had arranged for a female companion for him, but he didn't want it anyway. Anyway, he was used to going his own way, and he didn't care about other people's opinions.

"What's going on? Didn't Selena go with Ye Zixuan?" Louis's voice came from behind. This guy was still holding a phone that was in the middle of a call.

Ling Zhizhi breathed a sigh of relief when she saw him, and immediately hung up the phone, luckily she was able to get someone to help her.

While Louis was speaking, he caught a glimpse of Selena in the car from the corner of his eye. He only glanced vaguely, turned his face sideways, and was immediately stunned, "No wonder..."

He suddenly understood very well why Ye Zixuan had temporarily betrayed her, probably because she secretly found out about Selena's appearance tonight!

This Dmn girl, tonight is just...a goblin... Which woman is willing to go with her! Brain pumping!

## Chapter 1538

However, men who wanted to go with Selena must be lined up.

He doesn't care, well, as a normal man, he's actually quite happy...

Tsk tsk, his little assistant is really good this time, knowing that he is the first one to call for emergency!

On stage at the moment...

"Miss Ning and Mr. Su are indeed a perfect couple. They are worthy of our national husband and wife. Here, I wish the two newlyweds a happy marriage and an early baby. I hope Susie can win the grand prize tonight and have a good harvest in both love and career... Alright, Please enter, both of you!"

Although Susie and Su Yimo were only two of them, they took up a lot of time. After all, they were the favorites to win awards, and they were also popular CPs with a solid background. Then it turned to the people who were about to enter below.

At this time, the two hosts had already been told that Selena and Ye Zixuan were going to leave separately, but they still didn't know whether it was Selena who refused to go together, or Ye Zixuan's request...

Following everyone's gaze, a black car slowly stopped at the end of the red carpet. First, a star-studded crystal high-heeled shoe studded with diamonds stepped forward, followed by a pair of slender and beautiful legs...

The moment the car door was fully opened and Selena stepped out of the car, there was an eerie silence at the scene.

After a few seconds, the spotlights of the Kacha Kacha photo shoot rang one after another, and the screams of the fans on both sides of the red carpet almost broke through the night sky.

"Ahhh...Karen, Karen!"

"Goddess marry me!"

"Karen, marry me! I want to give birth to monkeys for you!"

...

The girl's facial features are exquisite and perfect as if cast by the hand of God, her skin is still glowing white washed by the moonlight in such a dim situation, her black curly hair looks like cloudy seaweed, tonight she is wearing a red evening dress, that night The dress seemed to have been burned by flames, and there were many golden-brown burn marks, and the hem of the skirt showed an irregular shape...

Immediately, many people recognized that the piece on Selena turned out to be Nirvana, the legendary designer's first entry in the competition and won the Golden Top Award.

This set of bright red is the most classic among them. It has been worn by many actresses including the supermodel Qin Shengyue. However, no one can wear this dress with such an amazing and shocking effect. .

Selena's aura was like a phoenix reborn from the nirvana, giving people a strong visual impact, which perfectly fit the theme of this suit.

They all knew that Selena's women's clothing was as stunning as her men's clothing, and they also knew that Selena's appearance had always been against the sky, but they never expected to be so stunning that the entire audience was completely paled... ..

The sentence suddenly appeared in everyone's mind: After my flowers bloom, a hundred flowers will kill them!

...

At this moment, a high-end apartment.

Gong Shangze, Qiao Weilan, Han Momo and others were excitedly watching the live broadcast of the awards show.

The moment Selena appeared on the screen in Nirvana, Gong Shangze's eyes suddenly burst into dazzling brilliance, and immediately became moist.

He had suggested to Selena to choose those two treasures before, and he also thought that Selena's first choice would definitely be those two.

Unexpectedly, Selena chose this one without hesitation.

I chose this design, which was designed and made by him and commemorates his return to his dream – Nirvana...

## Chapter 1539

The moment Selena appeared, the two hosts on stage looked at each other and saw the same thought in each other's eyes.

No wonder Ye Zixuan didn't want to go with Selena!

This precipice is not Selena's fault, but Ye Zixuan's rejection of being in the same frame and not running away...

Not to mention Ye Zixuan, which woman in the audience is willing to go with her, isn't this looking for abuse?

Susie intentionally slowed down by a step, just to look at Selena who came out behind her, and to see her expression when she saw herself appearing with Roman, but she never expected that this Dmned woman would only rely on one face It just attracted the attention of the audience, and she was even more in the limelight than she was just now...

The b!tch! She really is a vixen!

At this moment, Roman on the side was in a trance, his eyes were also full of astonishment, listening to everyone's experience, feeling the men's incomparably burning eyes on her, he couldn't express the emotion in his heart.

The little girl back then has now become a glamorous star who overwhelms the country...

And this woman in front of her is enough to make all men crazy, her first love, the first person she likes, is him...

She used to love and admire him so much, she was willing to give everything for him...

Thinking of this, Roman's eyes suddenly became hot, with a strange sense of satisfaction, but the next second, he thought of something, and immediately became gloomy...

Susie naturally noticed Roman's gaze, looked at him with a forced face, and said in a slightly disappointed tone, "Roman, sister is so beautiful today, compared to all the female stars in the audience!"

Roman nodded upon hearing this: "Well, it's very beautiful."

In the past, he might still be concerned about Susie's emotions and comfort her by saying that she is beautiful in different styles, but now...he really can't say anything against his will...

Susie choked when she heard the words, her nails almost dug into the flesh of her palm.

She gritted her teeth and looked at Selena again with a gloomy expression. She saw that Selena got out of the car alone, and no one was with her for a long time. Ye Zixuan, it seems that Ye Zixuan will not show up.

The big tree attracts the wind, and she is so deliberately showing off tonight, she will feel better later!

On Selena's side, Lin Zhizhi had already helped her make a deal with Louis.

After Selena got out of the car, she took advantage of the time to straighten her skirt to wait for Louis, who was in the car behind, while chatting with the photographers and fans who kept shouting "Karen, look here" and "Goddess, look here". call.

There was a sound of steady footsteps next to her ears, Selena turned around subconsciously, and was about to walk with Louis, but she froze for a second...

But the man naturally walked to her side under her unexpected gaze, adjusted the skirt for her, and then stood beside her, motioning for her to hold his arm.

"Heart..." Selena looked at the person in surprise.

Darling?

A face that can capture the brilliance of the sun and the moon, a powerful aura belonging to the superior, like a lonely and proud ancient nobleman

abroad, every move is pleasing to the eye, every frame of screenshots can be called a fashion blockbuster, compared to the scene Any male artist must have an outstanding appearance and demeanor, it's not Daniel who is!

"Why is it you?" Selena lowered her voice and asked.

"Aren't you short of a male companion?" Daniel asked blankly, in an extremely natural tone.

The corners of Selena's mouth twitched slightly: "..."

I need a male companion because I don't want to be too showy when walking on the red carpet alone, but if the male companion is you... then it will be even more showy, hey!

## Chapter 1540

But... Today's Daniel is really, really handsome!

This beauty is currently...

She couldn't say no to her life and death! What a pity!

After going through an extremely painful struggle, Selena... took Daniel's arms without hesitation.

Anyway, when the time comes, it can all be pushed to Ye Zixuan. Originally, Ye Zixuan temporarily refused to go with her, so she just said that Daniel came to save the situation...

Selena found a perfect excuse for herself to cover up the fact that she was obsessed with sex...

Seeing Selena holding Daniel's arm, and the moment the two walked onto the red carpet together, all the media, invited guests, and onlookers almost went crazy!

"Ahhh my god! Who is that and who is that! Which star is Karen's boyfriend today, why have I never seen it before!"

"How could Hungry Wolf not be impressed by such a beauty, he is definitely not an artist, he must be a company boss or high-level executive?" Because of this double visual feast. Fans are already blown away.

Some insiders who recognized Daniel's identity were almost surprised, "Dmn it! Did I read it wrong? Selena's male companion...is...is it Daniel?"

A few artists from Glory World Entertainment were also very excited, "Oh my god! It's okay for Karen to be beautiful today, even the boss is here to kill eyeballs!"

"Our company's combination is simply the strongest in history! Absolutely! Hahahaha, Empire Entertainment is an idiot now! Let you dare to brag about it in the future! How dare you sell the most handsome character design! Let's dump him in terms of appearance Is Baitiaojie okay?"

...

The two of them, one is passionate fire, the other is quiet black, they walk together slowly...

During the short trip to the red carpet, the sight of the two people walking out of the wedding scene almost blinded people's eyes.

A Jiang golden retriever behind him almost spilled blood on the spot: "Dmn..."

Is there such a cut-off? And Selena, who is dazzled by beauty, you just go with him...

Saul at the side patted his nephew's shoulder earnestly, "We are also a lost dog in the end of the world... Don't be sad, there is my brother-in-law with you!"

Louis: "..."

Who wants you to accompany me? Hey!

When Selena and Daniel finally walked up to the signature wall, the two hosts who were almost stunned finally came to their senses.

The two of them glanced at each other, both a little embarrassed, fortunately they had just praised Roman and Susie to the sky, what is the most handsome CP in the entertainment industry, what is the most eye-catching combination tonight...

Now in front of these two people in front of him, he was instantly killed to the point that there was not even ashes left!

"Welcome our Karen, oh no... Tonight should be Goddess Xi! Welcome to Goddess Xi and Mr. Lu! You two are so eye-catching tonight!"

"Yes, yes, the combination of handsome men and beautiful women really feasts our eyes!"

...

At the entrance, Roman looked at the man beside Selena, his face turned pale.

Even though Daniel is the big boss behind Shengshi Entertainment, it's normal for him to walk the red carpet with his highly regarded artists, but when he saw Selena holding this man's arms, he still felt unspeakably gloomy and restless, and even had an indescribable feeling in his mind. He came up with a crazy idea, if the man next to Selena was himself...

After sending these two away, the next couple also...wanted to be eye-catching...

Saul held the reluctant Louis's shoulders, and dragged him onto the red carpet together.

One of the two laughed like peach blossoms in March, and the other was full of impatience, which made the fans' souls of rotten girls burn like crazy...
