

Cruel Heart Lover Novel

Chapter 1561

"The moment I received this trophy that day, I actually wanted to do this, I wanted to fly down and give it to my favorite person... As a result, so many things happened suddenly, and I couldn't give it to you until today!" Selena's tone was pitiful.

"Good boy." Daniel rubbed the girl's head reassuringly, "Thank you, I like it very much."

Daniel naturally knew about it. The girl looked at him so nakedly that others would notice.

Selena immediately squeaked over, and was about to hang out with Daniel for a while, when her phone rang, it was Tang Nuo's call.

"Hello, Xiao Nuo? Is something wrong?" Selena asked worriedly.

Tang Nuo on the other end of the phone quickly said, "Actually, it's nothing, but that woman was so shameless that she sent someone over to ask her mother and grandma to frame her... saying that you told them to do this, and let us turn the truth around!

You also know my mother's temperament, she can't stand that woman's tricks, grandma is fine, but when she heard that the woman promised to give me a lot of money and send me to study abroad, she was also shaken ..."

Selena listened quietly to what Tang Nuo said on the other end of the phone. The people following the Tang family hadn't mentioned this matter, and since Susie had quit the entertainment industry, the matter must have failed.

"Then what happened afterwards? How did you solve it?" Selena asked.

"How do you know I solved it?" Tang Nuo asked.

"Aside from my brother, who else is so capable?" Selena chuckled.

Tang Nuo immediately said triumphantly, "I didn't do anything, just took a rope and threw it on the beam, and told them three, whoever dares to agree to that woman's terms, then I'll hang myself right here!"

Selena couldn't laugh or cry when she heard the words. Although it was simple and rude, it was indeed effective.

In addition, it is full of emotion, "Thank you, Xiao Nuo."

Not long after Tang Nuo hung up, the phone rang again.

Selena was starting the engine and driving, so she casually said to Daniel, "My dear, help me pick it up."

Daniel glanced at the word "Roman" on the caller ID, and picked up the call after two seconds.

Daniel didn't speak immediately, and the other end was also silent.

A few seconds later, a man's voice came from the other end of the phone. Roman's voice sounded like he had drunk a lot, and he said intermittently, "Selena...I'm sorry...I'm really sorry...I know... ..The person I am most sorry for in my life is you... Is it possible for us...?"

The moment the voice fell, the breath in the carriage suddenly cooled down.

Daniel: "It's not convenient for her to answer the phone right now."

Suddenly hearing a man's voice from Selena's cell phone, Roman's tone sobered up a bit, and he asked sharply, "Who are you? Why do you have Selena's cell phone?"

Daniel pursed his lips and remained silent, but his expression turned colder.

As soon as Selena drove out of the garage, she seemed to vaguely hear a slightly familiar man's voice coming from the phone Daniel was holding. She was still asking who Daniel was, so she asked, "Whose phone is it?"

Before Daniel could answer, Selena had already seen the word "Roman" out of the corner of her eye.

Selena's face darkened suddenly.

It really is this guy...

So, Selena turned her head directly in Daniel's direction, and then said to the phone, "He's my man, do you have an opinion?"

Chapter 1562

With just a few words from Selena, Daniel was immediately pampered, while Roman on the other end was silent for a long time, followed by the sound of hanging up.

Looking at the phone that was hung up, Selena asked Daniel strangely, "Daniel, what did that guy say on the phone?"

Daniel's reaction just now didn't seem right...

Daniel pursed his thin lips tightly: "He asked if there is still a chance with you."

Selena: "..."

Selena was speechless for a long time before she found her voice. The corners of her mouth twitched and she muttered, "Is there something wrong with this guy's mind?"

Daniel didn't speak, his eyes fell on the girl's body slightly, and his thin lips were tightly pressed.

Roman looked at Selena's eyes, he had already sensed something was wrong, especially at this awards ceremony...

Also being a man, Roman's eyes were full of strong intentions towards Selena, he couldn't be more clear.

His girls are getting better and better, and more and more dazzling...

"My dear, don't pay attention to this guy, if you care about this kind of person, it will simply lower your style!"

As Selena said, a cold light flashed in her eyes.

is it possible?

Where did he get the courage to ask this question?

...

Su house.

Susie had just returned from the press conference.

Exiting the entertainment industry is just the beginning, and there are more tricky things ahead.

As soon as she returned to the old house, sure enough, the whole family was there, including Su Hongguang, Zheng Minjun, Su Xun, and Zhao Shanshan.

However, Roman was the only one missing.

"Dad, Mom, Su Xun, Shanshan..." Susie greeted each of them.

"Hey! Look who this is? Our big star is back!" Zhao Shanshan said with a face full of sarcasm, how could she let go of such a good opportunity to add insult to injury.

Zheng Minjun's expression was very ugly, and he glanced at Susie critically, "Why did you come back so late?"

When she didn't know that Susie was an adopted daughter, she seemed fine, but ever since she found out that Susie was the daughter of a village woman, especially when she saw her vulgar biological mother and grandma in the overwhelming reports, let her It was as disgusting as eating a fly.

Now she is about to become the laughing stock of all wives and wives. She dare not go anywhere these days, for fear that when she goes out, people will look at her with strange eyes, saying that she has something wrong with her mind. a pheasant.

If it weren't for the fact that she still held 15% of the Ning family's shares, she would have been unable to bear it!

Susie hid the dark eyes in her eyes, and said in a low voice, "After the press conference, the company still has some things to deal with..."

Before Susie could finish explaining, Zheng Minjun interrupted, "What's more important than your husband? Roman hasn't been to the company or returned home for three days! You don't even care about where he went! That's how you are." A wife?"

"Mom, I'm sorry, I'm really busy these days. Empire has to go through various procedures and prepare to report to Ning's International. I'll go find Roman..."

Hearing that she was going to work at Ning's International, Zheng Minjun's face softened a little, but he still warned, "You'd better stop running around for me these days, you also know that your mother and grandma are having trouble this time. How ugly it is, I don't even dare to attend private parties now! Don't embarrass me by going out!"

Susie clenched her fists secretly, maintaining a docile face, "Understood, Mom, I will rest at home and wait for this matter to subside."

"Okay, go and get Roman back!" Zheng Minjun waved his hand impatiently.

Chapter 1563

As soon as Susie left, Zhao Shanshan immediately went to Zheng Minjun to complain.

"Mom, I said you can bear it too much! Why are you still talking to her so nicely? Our Su family's face has been completely humiliated by her!"

"Say a few words for me! Also, don't think I don't know what you're thinking, stop for a while, if you let me know what you said outside, don't blame me for not reminding you!" Zheng Minjun said with a displeased face.

Su Hongguang on the side glanced at the two of them, and said sternly, "Your mother is right, I don't care what petty thoughts you have, this matter is about the face of the Su family, so let me keep your mouth shut." it is good!"

Zhao Shanshan pursed her lips and muttered in a low voice, "Does she still have face? What else do I need to say..."

Su Xun leaned back on the sofa, looked around, and said quietly, "Actually, the elder brother should be the one we need to worry about the most right now? After all, the elder brother is the biggest victim in this matter! For men, the most important thing is face!"

Those princes and buddies in the imperial capital, none of the wives they married were ladies from a famous family, but he was tricked into marrying a fake daughter, so where is the big brother's face going..."

Seeing this elder brother who was better than him in every way so humiliated this time, Su Xun felt extremely happy in his heart.

Tsk tsk, God is helping them. Not long after the two got married, Susie's incident became known to everyone, and the evidence was conclusive. Even the Ning family couldn't cover it up. Now they are going to have trouble... ..

Although Su Xun's words were not pleasant to listen to, they hit the point that Su Hongguang and Zheng Minjun cared most about.

Especially Zheng Minjun, in her eyes, her son is the best, how can she bear his stain like this.

After returning to the bedroom.

After thinking about it, Zheng Minjun couldn't help but said to Su Hongguang, "Hongguang, after thinking about it, I still feel that my heart is really blocked!"

"Then what do you want? Things are already like this!" Su Hongguang was naturally angry.

Zheng Minjun tentatively asked, "Hong Guang, what do you think... how is Selena? In fact, these days, I see that our family Roman still has feelings for Selena..."

Su Hongguang immediately frowned and looked over, "You don't think it's messy enough, do you? How could Roman have married Susie and didn't know anything about Selena? What do you want others to think of Roman?" "What do you think of our Su family?"

Zheng Minjun immediately said angrily, "How can I not know what you said? I will naturally do it very secretly, how can I let others know!"

Su Hongguang didn't speak when he heard the words.

Zheng Minjun said again, "Even if Selena doesn't have a good relationship with the Ning family? You saw what happened at the last wedding with your own eyes. The dealer's side is obviously on Selena's side! After all, Selena is the one who has the blood of the dealer. Missy!

And even if we let Roman and Susie divorce and marry Selena when the time comes, I believe the Ning family will have nothing to say. They were the Ning family who lied to us first! We are right no matter what we say!

When we, Roman, marry Selena and win over the Zhuang family, are we still afraid that the Ning family will not recognize Selena as their daughter? "

Su Hongguang was finally moved when he heard the words, but he still questioned, "These are all wishful thinking on your own, so you know what Roman and Selena mean?"

Zheng Minjun immediately said in a matter-of-fact tone, "Do you even need to ask? Have you forgotten how that girl Selena loved us, Roman, so much? Now that she is against Susie everywhere, it's not because Susie robbed her Roman?

Originally, I definitely didn't like that girl, but looking at it now, I haven't seen her for a few years, that girl is really well-behaved, and she is worthy of our Roman! "

Chapter 1564

Susie drove away from Su's residence, and immediately made a phone call: "What has Roman been doing these days?"

"President Su seems to have gone back to Chunfeng Town, City C for a few days, and has been drinking at the bar since he came back..." the person on the other end of the phone replied.

"Chunfeng Town..." Susie frowned slightly, "Then where is he now?"

"This..." The man's voice seemed hesitant.

"I'm asking you something!" Susie said impatiently.

"Boss Su is now...in...in Taohuawu..."

"What did you say?!" Susie's face immediately changed.

She naturally knew that Taohuawu was Selena's residence.

"When did you go in?" Susie immediately asked, her nails digging into her palm.

"No... no! President Su didn't enter the house, he just stood outside all night..."

"Understood, you continue to stare!"

Susie hung up the phone, her body trembling slightly due to excessive anger, and finally calmed down after a long while.

She stopped the car in front of the Su family's Yifeng Group company building, then found a stone nearby, gritted her teeth, and knocked it hard on her forehead...

The bright red blood slid down the forehead and into the eyes, making the woman's face look extremely hideous.

"Selena...one day...all of this...I will return it to you twice!!!"

Susie sat down beside the car, then picked up her mobile phone and dialed Roman's number.

After the phone rang, it was hung up immediately.

Susie was so angry that she almost smashed her phone, so she kept calling.

When I hit the fourth time, I finally got through.

Before Roman could speak, Susie immediately put on an extremely terrified tone, moaning weakly and in pain, and said, "Roman...help me...help me...help me..."

Immediately, Roman's nervous voice came from the other end of the phone, but his voice was deliberately lowered, as if he was afraid of being discovered too loudly, "Susie? What's going on?"

"Blood...I bleed a lot...Roman...Am I dying?"

"What nonsense are you talking about! Where are you now?"

"I... I'm at the door of your company... I... I didn't come to you on purpose! I know you're in a bad mood these days, so I don't want to disturb you... But... But I'm going home today... Mom said You haven't been home for several days, saying that my wife didn't fulfill her responsibilities and asked me to find you...I can only...sorry..."

"What the hell happened? Are you hurt?"

"I don't know...I was suddenly attacked as soon as I got out of the car...Maybe...my sister's fan..."

"Stop talking, I'll be right over!"

...

After hanging up the phone, Susie's weak and pitiful expression immediately turned gloomy.

Selena! You think I don't know what you want to do, what you want?

Do you think you can snatch Roman away like this! dream!

...

Roman's mood has been very gloomy recently. He went to the house in Chunfeng Town where he used to live when he was recuperating from illness, and watched every detail of his time with Selena, and his mood became even more out of control...

He desperately wanted to see Selena, even if it was just to hear her voice.

As expected, Selena didn't reply to his message. He took the courage to make a phone call with the help of alcohol, but he didn't expect that the person who answered was a man, and Selena actually said that that man was her man. !

At that moment, his mood was extremely bad, his chest was like a wild beast rushing, but he couldn't find the exit, because at this moment, he was no longer qualified to question her...

he is already married...

Chapter 1565

It wasn't until Susie made a phone call that he suddenly woke up from this emotion and rushed to the company immediately.

When he arrived, he saw Susie leaning against the car under the dim light, with a pile of shocking blood beside him.

"Snow falls!"

"Roman... you're here... I thought... I couldn't wait for you..."

"Don't be silly! I'll take you to the hospital!" Seeing the girl's weak and desperate expression, Roman's heart twitched, and he immediately carried the girl into the car.

After being busy for a while, Roman sent Susie to the hospital to have her wounds treated, and then returned home.

Seeing that Susie was brought in by Roman, both Zheng Minjun and Su Hongguang were startled.

"How is this going?"

Roman looked at Zheng Minjun, his complexion turned ugly, "Mom, it's so late, why did you let Susie go out to find me!"

"You haven't seen anyone for several days, am I worried about you? She is your wife, of course she should do these things!" Zheng Minjun was a little unhappy.

"What happened to Susie's injury?" Su Hongguang asked.

"He went to the company to find me, and was attacked by unknown people on the way."

Su Hongguang said in a deep voice, "That incident is such a big mess, it's really too chaotic outside recently, let's arrange two bodyguards for her later!"

"Dad, Mom, I'm fine... just a little injury... I'm sorry to trouble you..." Susie turned pale.

Seeing Susie's appearance, Zheng Minjun couldn't express his anger even if he was angry, otherwise Roman would be upset if he talked too much.

Roman is still very protective of this girl!

So I could only endure it for the time being.

inside the house.

Roman put Susie on the bed and was about to leave when a pair of arms wrapped around his neck.

"Roman...give me a child? I want to have a child that belongs to us...I have quit the entertainment circle now, and I can prepare for pregnancy with peace of mind. With a child, I can have more time to take care of him and be with him..."

Roman's eyes flickered, "Don't worry, we are still young."

With tears in her eyes, Susie poked her finger under the man's body, "But I want..."

"Don't mess around, you still have injuries."

"It's okay! Just be careful!"

...

Under the teasing of the woman, Roman couldn't hold back after all.

"Ah... Roman... slow down... slow down..."

Tonight Roman was extraordinarily rough for some reason, but Susie felt very at ease. Sure enough, Roman loved her the most, and he couldn't do without her body at all.

Susie thought about it, but she didn't realize that when Roman was doing it, she didn't even look at her from the beginning to the end, but seemed to be immersed in some trance fantasy...

At the last moment, Roman hit hard, and then his body fell on the girl's body, his head hung by the girl's ear, and he muttered indistinctly, "Selena..."

After finishing speaking, Roman fell into a drowsy sleep, holding Susie in his arms very vigorously throughout his sleep.

The moment she heard Roman's name clearly, Susie felt as if she had been struck by lightning, and her face immediately turned pale.

Roman... how is it possible...

How could he, how could he be confused by that kind of woman!

That dirty woman who had sex with a messy man and gave birth to a ba5tard!

A large part of the reason why Roman left Selena was because he cared about this matter. What man would accept that his woman was raped by another man and gave birth to that man's child?

You must know that it was her first time when she was with Roman!

So, it's impossible... She must have heard it wrong! Roman will never have any thoughts about Selena again...
