

Cruel Heart Lover Novel

Chapter 1576

"Ahhh... my god! This... is this our patriarch?"

"The patriarch is so handsome!? That ba5tard Chi Yingying! Lied to me that the patriarch is a scary and ugly monster, that's why he rarely appears in public, and all media are not allowed to publish his photos! I refused I asked my aunt to help me introduce it! I'm going to find her to fight!"

"My God, you are too stupid! Do you believe this kind of words? She obviously wants to lose one competitor, okay?"

"Ah, I really want to marry the patriarch too! My uncle said that this time the master is going to choose girls of the right age for the second young master and the patriarch to go on blind dates at the same time!"

"Stop dreaming, do you think it's easy to be a mistress? Even if you are the second young master, you are not qualified yet!"

...

Lu Chongshan looked at his extremely excellent son, and listened to the unanimous praise from around, with a very satisfied expression.

His eldest son is the greatest pride in his life. He has led the Lu family to an unprecedented height. It is not an exaggeration to say that he is the most perfect and outstanding patriarch in the history of the Lu family.

Yan Ruyi is naturally more happy to be a mother, and at the same time, she is secretly looking for the girls who will come over tonight.

Fortunately, that girl still has self-knowledge and didn't come over tonight...

"Ah, that's unscientific. My brother really just obediently entered the wolf's den?" Saul was at a loss. After all, based on what he knew about his brother, this madman who protects his wife would never let anyone but Selena Any woman other than Xi has the opportunity to covet him.

"You think your brother has no sense of restraint in doing things like you!" Lu Chongshan glared at Saul.

"Oh! No! I don't believe it! It's unscientific..."

When Daniel walked up to the three of them with the little bun, Saul immediately moved up like a scout dog, looking up and down at his brother from every corner.

Daniel didn't stop Saul from going crazy, he was standing there talking to Lu Chongshan.

"Rick's first time participating in a family meeting, you take Rick to get to know everyone more!" Lu Chongshan looked at his precious grandson lovingly and said.

That's what he said, but the implication was to let Daniel take Rick to show off more.

"En." Daniel nodded.

"what--"

Daniel was talking to Lu Chongshan, when Saul suddenly reached out and tugged at Daniel's collar like Columbus discovered the new world, "I'll go! Brother...you should pay attention to your image, hey!!!"

On Daniel's neckline, there was a very obvious lip print, half of which was exposed outside, and the other half was hidden in his suit. After being pulled by Saul, it was completely exposed in front of everyone's eyes.

After all, Daniel was the focus of everyone's attention, so how could no one find this lip print, but no one dared to confirm it, and no one dared to speak nonsense.

"The one on the patriarch's clothes... is actually a woman's lips... lip marks?"

"I heard that the patriarch once publicly said that he has a girlfriend..."

"No! This is impossible! There are no women around the patriarch!"

...

At this moment, there were exclamations one after another in the banquet hall, and the hearts of the little girls were broken.

Daniel cast a sideways glance at his younger brother, waved his hand away unhurriedly, and straightened the collar, "Don't touch it."

Saul said that he had suffered ten thousand points of damage, and clutched his chest on the spot, "fcuk! Can you please do it! My sister-in-law didn't come, you are capable of torturing a bunch of dogs by yourself!"

Chapter 1577

a lip print...

Just abused a bunch of dogs...

Just like that, he swore to everyone present that he was the Lord!

No matter what his parents said, Saul firmly believed that his brother would be prepared, but he never expected that the method would be so brutal, so simple and rude.

The girls stared at the lip print on Daniel's neckline one by one. If their eyes could set fire to it, Daniel's clothes would be burnt.

"Looking at the color and texture of that lipstick, it should be the new color number nt260 of G family. This color is very special, and it will be very tacky if it is not done well. I have only seen very few women who can control this color. That woman How dare you use this color..." Girls have a natural enthusiasm for lipsticks, so they have done a lot of research, so many girls at the scene gave out information about this lipstick just based on the color.

"That's the patriarch's woman, she must be a great beauty! Naturally, I dare to use this color number! It's so sad, I haven't worked hard yet, so there is no result..."

"I heard that the patriarch has a cleanliness freak, and he actually allowed that woman's lip marks to be left on his shirt collar!" A girl almost gritted her teeth in jealousy.

Daniel's demeanor was cold and arrogant, his whole body was meticulous and exuded an air of otherworldliness, that lip print appeared so abruptly on his body, this contrast added a touch of extremely seductive sex appeal to his whole body. attraction.

To be able to imprint a lip print on the neckline of such a man... What would it be like... Just thinking about it makes my blood boil and my heart surges!

A girl in a classic black dress sipped champagne, turned her eyes slightly and said, "I think you guys should be quiet tonight! The patriarch is clearly implying that he is not dissatisfied with this family affair. The meeting is actually a blind date meeting..."

Hearing the girl's words, the girls around looked at each other with deep sympathy.

Although this is what I said, but, the head mistress of the Lu family, who can resist such a temptation?

Even if there is only a glimmer of possibility, no one is willing to give up, right?

Everyone at the scene had different thoughts, but Lu Chongshan's face was darker than the bottom of the pot, and Yan Ruyi also had a helpless expression on his face.

It is undeniable that Saul knows his brother best...

"You child... hey... If you really don't want to, can we still force you? Why make such a fuss!" Yan Ruyi sighed and said angrily.

Daniel didn't speak, but his expression clearly showed that he didn't trust his mother.

Yan Ruyi coughed slightly in embarrassment. Obviously, what she said made her feel very guilty. After all, she has been actively preparing for this matter in secret recently, and she has carefully selected the girls who can enter the venue tonight.

Although Lu Chongshan was full of anger, it was impossible to make a big fuss on an occasion like today, so he could only endure it with a gloomy face, "I don't want to change my clothes yet."

Before Daniel could speak, the little bun beside him said, "Grandpa, I want to wear the same clothes as my father."

The father and son are obviously wearing the same style of clothes, and the gemstone decoration on the collar of the shirt is also the same.

When Lu Chongshan heard that his precious grandson had opened his mouth, he immediately nodded kindly, "All right, all right, if you don't want to change it, don't change it! As long as our little treasure likes it!"

Daniel looked at his son and raised his brows slightly when he heard the man who indirectly called him "Dad". In order to protect his mother, the little guy sacrificed a lot.

Chapter 1578

The lip print turmoil came to an end temporarily, but Daniel kept the lip print swearing his sovereignty, and controlled the scene very effectively.

The consequence is...

"Brother! You are too much..."

Countless firepower was transferred to Saul's body.

As for those who are committed to being the housewife, because they all know that it is almost impossible to start with Daniel, they don't have the guts. Daniel has already made it clear, and they still run up to die. So, he immediately changed his direction with brains and flexibility.

For example, Daniel's only son.

"It is rumored that the woman next to Daniel is very favored by the little prince now! Daniel is not a womanizer, and this woman succeeded in taking the position because she managed the little prince!"

"I also heard that the woman's family status is not up to the table, but because the little prince was eaten to death, even Mr. Lu and Mrs. Lu had to sell that woman some face!"

"It seems that the key lies in the little prince!"

"You just know? Look at the awareness of Guan's family!" Someone looked not far away.

...

Guan Rui took his eldest son Guan Zihao and eldest grandson Guan Zhichen and walked over to greet Lu Chongshan and the others with enthusiasm.

In order not to appear too deliberate, the Guan family simply did not invite Guan Ziyao to attend this time.

They were too aggressive before, so it was easy to be looked down upon, not to mention that their Guan family is different now.

As soon as Guan Zihao returned to China, he won a government-funded energy project. The net profit of this project can double the size of the Guan family's company, and after this battle, it can be regarded as a firm foothold in the country.

Guan Zihao is handsome with sword eyebrows and starry eyes, and has a polite and polite attitude, "Uncle Lu, I heard from my father that Zhichen caused a lot of trouble at Uncle Lu's birthday banquet last time. It's not my father's fault. Zhichen has a straight temper. , I don't know how to go around, if there is any impoliteness or collision, I'm here to apologize to you on behalf of Zhichen."

Lu Chongshan looked slightly at the back of the person he hadn't seen for many years, and looked at the other person's demeanor, he was a little appreciative, and said, "It's a little thing, don't mention it again."

Although what happened that day made him really annoyed with the Guan family, but he was still very satisfied with the final result, and all the unfavorable rumors about Rick were cleared up.

In addition, the recent development of the Guan family is really good. Today, in order to take into account their feelings, the other party didn't even bring Guan Ziyao here, so he naturally wouldn't be aggressive.

Even if you can't be an in-law, you don't need an extra enemy.

"Karenaobao, I'm sorry. My brother apologizes to you. I was indeed wrong that day. I shouldn't have listened to rumors and misunderstood you. I didn't expect you to be so powerful at such a young age. My brother is convinced of you!" Guan Zhichen's attitude was very sincere, and put Rick boasted fiercely.

He's just a kid, and it's not easy to win his favor.

Hmph, if his father and grandpa hadn't forced him to do this, he wouldn't have said such disgusting things to this little brat. What's so powerful, what's so convincing.

While mocking in his heart, Guan Zhichen took out a colorful Rubik's Cube, and enthusiastically handed it to Rick, "This special Rubik's Cube was brought back from China by my father. I like it very much. It took an hour to finally put it together He untie it, give it to you to play, you can pass the time."

Chapter 1579

Guan Zhichen's tone seemed very friendly, but actually, there was a hint of arrogance.

Anyone who knows a little bit knows that this Rubik's Cube is very difficult to solve. It takes three to five weeks for ordinary people, but it only took him an hour to solve it.

Even his father praised him at that time!

The little bun looked at Guan Zhichen, then at the Rubik's cube that Guan Zhichen handed over, and blinked his eyes as if thinking.

My mother said that it is impolite to ignore others when others talk to you.

So, Rick took the Rubik's Cube and started to play with it.

Guan Zhichen saw that Rick had received the gift and started playing with great interest, and immediately glanced at his father and grandfather proudly, and then took the opportunity to come up to Rick and guide him, "Karenaobao, how can you play like this?" There is no way to turn each side into a color... Let me teach you the technique... You should turn this layer first, and... Oh, no, you can't turn around like this... You have to Follow what I taught you..."

Guan Zhichen was patiently guiding Rick with the attitude of a big brother, but in the next second, after seeing the Rubik's Cube in Rick's hand clearly, all his words were stuck in his throat.

Holding the Rubik's Cube that he solved in less than two minutes, Rick raised his expressionless little face, looked at Guan Zhichen, strictly followed his mother's instruction, and said calmly, "Thank you, very much." fun."

Guan Zhichen: "..."

It's really... a good way to pass the time! two minutes...

"Pfft..." Saul, who managed to escape from the crowd next to him, saw this scene as soon as he walked over. One of them couldn't hold back his laughter but was forced to hold back by a glare from Lu Chongshan.

His buns are simply too black-bellied! Overwhelmed by strength! It's not worth your life to be pissed off!

Although Lu Chongshan glared at Saul, actually... he was in a very good mood!

Only Daniel was completely calm, knowing his son's combat power like the palm of his hand, and never worried about it from the beginning to the end.

Guan Zhichen blushed from choking and almost vomited blood, but the other party said this with a very serious expression.

Dmn it, did this kid humiliate him on purpose?

Because his grandfather and father had warned him thousands of times at home, Guan Zhichen was slapped in the face, but he didn't dare to get angry at all, and continued to praise with a smile on his face, "Hey, little... Karenaobao, you are so good, you are so good! Solved it! Your cracking method is quite special, I have never seen it before..."

Guan Zihao naturally saw that his son could not hold on any longer, so he smoothed things over, "Zhichen, take Karenaobao to play over there! Take care of Karenaobao!"

He wasn't there last time, but now that he saw it with his own eyes, he had to admit that the little prince of the Lu family was indeed not easy.

"Okay father, I understand!" Guan Zhichen took a deep breath and continued to have a relationship with this person he hated so much.

After the two children left, Guan Rui smiled and said to Lu Chongshan and Yan Ruyi, "When my family Zhichen was at home, he praised Rick every day, saying that only Rick made him interested in communicating and talking. Ziyao is exactly the same as Daniel..."

Guan Zihao looked at Daniel, exchanging greetings like an old friend he hadn't seen for a long time.

From the second elder of the Lu family to Daniel, he never forgot to ask his grandson to curry favor with the little prince...

Even if Guan Ziyao didn't attend today, the discerning people next to him couldn't see the Guan family's intentions, it's just that his number is indeed much higher.

Chapter 1580

Speaking of the Guan family and the Lu family, it is true that they have a long history.

Guan Rui's parents and the Lu family are close friends, and several descendants of the Guan family are also related to the Lu family. Various relationships and cooperation overlap, and they have always been very close to each other. There is no interruption of contact abroad.

After the Guan family returned to China, they heard that the two families had a rift because of some things, but after all, such a deep friendship lies there.

However, tonight, there are many people who are coveting the position of being the mistress and have good strength. Seeing that the Guan family has taken the lead, others can't help it anymore, and they also let their children who are about the same age to curry favor with the little ones. The prince, at the same time, tried every means to show his face in front of the elders, trying to make his own person take the position.

Those other branches and collaterals who are self-aware and don't think about that position are seizing the opportunity tonight to make various contacts.

You know, those who can attend this occasion tonight are all top contacts, especially the direct descendants of the Lu family and the major shareholders of the group, which are absolutely rare to see on weekdays. crowded.

Daniel was surrounded by toasters from all walks of life, but in front of this young patriarch, no one dared to stand out too much, and the low-ranking ones consciously toasted a glass of wine and left.

Only those who have a bit of face dare to exchange a few words cautiously and report on the development. Only direct descendants like Lu Chongyuan dare to chat with their nephew affectionately and bring up certain sensitive topics.

"Daniel, as the saying goes, start a family first and then start a career. You really should think about marriage, even if it's not for yourself, at least it's for your children!" Lu Chongyuan urged earnestly, and tentatively said, "I Look at that girl Ziyao is very good! You two are childhood sweethearts and have similar temperaments, so it's a perfect match!"

Obviously, Lu Chongyuan belongs to the Guan family's faction.

The national energy project that Guan Zihao took over recently was in cooperation with the branch that Lu Chongyuan was in charge of. Lu Chongyuan's wife and sister were Guan Rui's wife, and the two were brothers-in-law, so they would naturally speak for the Guan family.

He Jingshu next to her turned her head to look at her daughter Lu Xinyan and asked, "Xinyan, why didn't your sister Ziyao come today?"

Lu Xinyan talked about her from left to right, "Is sister Ziyao not here? I don't know..."

He Jingshu said angrily, "You have such a good relationship with Ziyao, why don't you know? Didn't you ask you to bring your sister Ziyao to play at home? Why haven't we seen each other for a long time..."

"Mom, you're so annoying. I told you I don't know, but I just don't know! Your daughter is a big deal now, and I'm busy!" Lu Xinyan stomped her feet and ran away.

After all, her life was saved by Selena, and the first successful business in her life was also because of Selena. Even if she didn't know what to do, she couldn't help others poach Selena's corner!

However, her relationship with sister Ziyao is so good, and her parents are facing the Guan family, so now she can only try to hide as much as possible, and neither side will help, so as to avoid embarrassment in the future.

Everyone was talking, and the atmosphere was lively. At this time, a person suddenly walked in at the door.

Seeing the person coming, everyone showed a bit of shyness on their faces. The entire banquet hall was quiet for a moment, and after a while, everyone continued to chat. No one looked at the door again, as if deliberately ignoring and avoiding the door Like that person.
