

Cruel Heart Lover Novel

Chapter 1586

Ren'ai Hospital, senior ward.

At this moment, the chaotic guests have been stabilized, the relatives who came to visit have left, and Rick was sent home by the housekeeper. For a while, only Lu Chongshan on the hospital bed was left in the ward, and Yan Yan who was sitting beside the bed Ruyi, and Daniel and Saul who were standing in the ward.

The atmosphere was unprecedentedly dignified.

After an unknown amount of time, Saul finally couldn't help breaking the silence, and said in a slightly trembling voice, "According to that person, his age is above mine and below my brother..."

what does that mean?

It means that Lu Chongshan cheated after marriage!

Yan Ruyi slightly closed her eyes, "Saul, stop talking..."

Saul's face was full of grief and indignation, he ignored his mother's stop, clenched his fists and continued, "It's obvious that she cheated after marriage, but he still carved the word "my wife" on that woman's spiritual tablet with his own hands! Dad !Where did you put Mom?"

Although Lu Chongshan's temperament is sometimes too stubborn and old-fashioned, he is extremely responsible for his clan, company and family.

In a family like theirs, whoever is in power is not a mess of illegitimate children and illegitimate daughters. However, Lu Chongshan has never had any woman other than his mother in these years, and only him and his brother two sons.

On weekdays, although Saul often complained about his father, he always admired him in his heart.

But today... it seems that the belief in his heart has suddenly collapsed...

Make him unacceptable no matter what...

Saul was agitated and wanted to continue talking until his shoulder was covered with a big palm, and then the big palm rubbed his head soothingly.

Saul looked at the elder brother beside him, the elder brother who would always stand in front of him no matter what happened, the elder brother who could calm down even at such times, his eyes immediately turned red.

On the hospital bed, Lu Chongshan's face was full of ashes, and he spoke intermittently because he was too weak, "This matter...is my fault...but...now is not the time to talk about it...Saul... Daniel...you two...get ready...in two hours...the high-level meeting...I...I will host it myself..."

"Chongshan, why are you holding a meeting like this! It won't be too late when you recover, or leave it to Daniel and Saul..." Yan Ruyi complained again and again, seeing Lu Chongshan like this, she still couldn't help it. sit idly by.

"No!" Lu Chongshan suddenly became more emotional for some reason, "I want to go in person! I want to go in person...that person..."

Lu Chongshan didn't know what to think of, and there was a look of uneasiness in his eyes, and he said coldly, "In short, do as I say!"

Seeing Lu Chongshan's unusual reaction, Saul frowned, "Dad, why do you seem so afraid of that person? Who is he? No... maybe I should ask... who is his mother?"

"This is not something you should ask! Get out!" Lu Chongshan's expression suddenly turned cold.

"What is it that I should not ask? You should have given us a..."

Saul was about to argue, but Daniel held his shoulder by the side.

Daniel looked at Lu Chongshan who was on the hospital bed, and said in a calm tone, "I will host the meeting, Mom, you can rest peacefully with father. Saul, come out with me."

Chapter 1587

"Brother, why don't you let me ask you clearly!" Although Saul was persuaded to come out, he was still feeling depressed.

Daniel lit a cigarette, and the smoke enveloped his cold face: "Let Mom and Dad chat alone for a while."

Saul frowned and muttered, "Mom's temper is so soft, without us helping her, what can she ask...or...brother, you already know everything?"

Daniel shook his head.

From the beginning to the end of this matter, he was just guessing. Yun Shen guessed it right, but the identity of the woman was completely impossible to verify. Looking at his father's attitude now, it was impossible to learn anything from him.

Daniel pinched the cigarette on his fingertips, "With father's temperament, it's useless for you to ask about things he doesn't want to talk about. Get ready for a meeting."

Saul had no choice but to settle down and deal with the matter in front of him first. That Dmned guy dared to utter wild words to demand the entire Lu family, so he wanted to see what he was capable of!

...

In the ward.

Lu Chongshan seemed to have aged ten years overnight, "Ruyi, I'm sorry..."

Yan Ruyi turned her back and wiped the tears from the corners of her eyes, "Chongshan, what's going on?"

Although the two of them met each other on a blind date and the marriage was arranged by the family, their relationship has been stable since they got married. Lu Chongshan treated her very well. He didn't have any of the bad habits that men in the upper class had, and he always kept himself clean. The husband and wife sing harmoniously and respect each other like guests, and they have always been a good story in the circle. Because the two sons grew up in such an environment, the relationship between the two brothers has always been very harmonious...

Who would have thought that all this would be turned upside down just overnight.

Lu Chongshan closed his eyes and let out a long sigh, "Back then...it was indeed my fault...it was me who was sorry for you...sorry for the child...it was because I was distracted for a while...and I didn't handle it properly...that happened... What happened today..."

Probably no man is willing to mention the wrong things he did when he was young. Although Lu Chongshan didn't say much, Yan Ruyi can guess the general things from the words.

Not long after they got married and gave birth to Daniel, Lu Chongshan actually cheated on him and had a child with that woman, but she didn't realize it at all.

Thinking of this made her feel like a knife...

Lu Chongshan paused, and then looked at his wife firmly, "However, don't worry, I, Lu Chongshan, only have two sons, Daniel and Saul, in my life. I will never let the Lu family fall into the hands of others!"

Yan Ruyi pursed her lips. Of course, she believed this. If Lu Chongshan really had something to do with that woman, he might have already gone to find that child, so why did he wait so many years for the child to appear.

However, that child seemed to have a lot of hatred for the Lu family, which made her feel uneasy...

What she was most worried about was that Daniel and Saul would be hurt.

Thinking of this, Yan Ruyi sighed softly and made a compromise, "After all, that child is also your flesh and blood, if possible, try to resolve this matter peacefully."

Lu Chongshan naturally understood Yan Ruyi's meaning, shook his head solemnly and said, "This is not something that money can solve... What he wants...is not that simple!"

Yan Ruyi was startled, "Is he trying to fight for the inheritance of the Lu family?"

Lu Chongshan closed his eyes, did not speak again, but secretly sighed in his heart: more than...

What he is most afraid of is not that he will fight for the inheritance of the Lu family, but that he will destroy the Lu family.

...

Chapter 1588

That person chose to appear on an occasion like a family meeting, and making the matter known to everyone in the family would definitely have a huge impact.

One of the important reasons why this generation of the Lu family is so stable is that Lu Chongshan's heirs are simple and the relationship between the two sons is harmonious, but now there is an illegitimate child, and the child's mother seems to have a close relationship with Lu Chongshan. If one of these things is not handled properly, it will cause turmoil in the entire family.

After all, it involves the most deadly issue of heirs.

If the illegitimate child was just an ordinary person who came to ask for some benefits, it would be fine. After all, Daniel's status is as stable as Mount Tai, even if there are a few half brothers, it is impossible to shake him.

However, the tricky thing is that many people present at that time recognized that the illegitimate child was actually Yun Shen, the boss of Yilan Venture Capital, the most influential investment company in the imperial capital, who was parachuted into China recently!

The other party was rich in financial resources and had an unfathomable background, and was even discussed in the circle that he was the only one who could compete with Daniel.

Such a person suddenly became Lu Chongshan's illegitimate child, and it seemed that Saul's IQ was still ranked in the rankings. It was like cold water was splashed into a frying pan, and his influence was explosive.

All of a sudden, the whole company panicked...

Lu Corporation, conference room.

"The next meeting."

The slides on the wall screen lit up, and there was a detailed explanation material unknown to Yilan Venture Capital. It seemed that it had been prepared for a long time.

Above the chief, the man's aura is as indifferent and strong as ever, as if nothing happened today, every word clearly analyzes the situation of Yilan Venture Capital, as if every sentence is an oracle...

The man in front of him stood there like a huge and lofty mountain, and he instantly calmed people's hearts virtually.

That's right... Daniel is still here...

In the five years of peace and prosperity, they have forgotten how terrible the Living Hades was back then! ?

That Yun Shen seemed to be difficult to deal with. Daniel was able to turn the tide when the Lu family was dying due to internal and external troubles, how could it be possible for him to be caught by an illegitimate child...

After a meeting, people's hearts have been calmed seven or eight points.

Taohuawu.

Selena didn't know why, but she was a little restless all day long. Just as she was considering whether to call Daniel to ask about it, the doorbell rang like a reminder.

Selena saw that it was Louis from the robot bun's display, so she pressed the central control button to open the door.

As soon as the door opened, Louis rushed to her like a little rocket, grabbed her by the shoulders and shook violently, "Selena...something...something happened..."

"What's going on, what happened? Could it be something happened to Daniel?" Selena immediately asked.

Louis shook his head, "No, it's not Daniel... No, it has something to do with Daniel! No, no, no... No! It should be said that it has more to do with you!"

The veins on Selena's forehead twitched, "Can you still chat happily? What on earth are you trying to say!"

Louis was so anxious that he finally regained his ability to speak normally: "At today's family meeting, the old man suddenly had an illegitimate son, and my uncle suddenly had a younger brother..."

"What... what!!!!" Selena was stunned by the news.

Looking at Selena's shocked expression, Louis looked sympathetic, so he was stunned?

"Illegal child!? Is it real? No... What does the illegitimate child have to do with me?" Selena hurriedly asked.

Louis pinched his forehead, calmed down his emotions, and then said, "The illegitimate son of the Lu family... my uncle's half-brother... is yours..."

Selena almost had a heart attack, she gritted her teeth and said, "What about me? The surname is Jiang, if you play tricks again, I'll beat you until you spit milk, believe it or not!"

Louis immediately said, "It's your ex-boyfriend."

Selena: "..."

Chapter 1589

Selena's expression at this moment was as if she had eaten Xiang...

The illegitimate child of the Lu family... her... ex-boyfriend?

And more importantly...

"Jiang, Mu, Ye!!!"

Is this product intentional!

I have so many ex-boyfriends, how can I know which one?

"Which one!" Selena asked through gritted teeth.

Louis shrugged his shoulders and curled up in the corner of the sofa. He looked like he had been greatly frightened at the banquet before, and tremblingly said, "I don't know...I don't know anything...you can ask me about the rest Uncle, let's go..."

Selena almost couldn't hold back and strangled him to death. He already said that man was one of her ex-boyfriends. How dare she ask Daniel?

"Did you know that if you half-spoken, you would be beaten to death?" Selena had a gloomy expression.

Louis: "Then you can kill me!"

Selena: "..."

Selena had no choice but to guess for herself.

Now people are in the imperial capital, and people Louis knows...

Roman?

wrong! It must be appropriate for the young master of the Su family, it is impossible to become an illegitimate child of the Lu family.

"It's Mo Chenxiu?!" Selena asked in horror.

Louis shook his head weakly, "No..."

Selena bit her fingernails, thought for a long time, and then stared straight at Louis, "Could it be you!!!"

Louis's expression became even more frightening, and he howled on the spot: "How could it be me!!!"

Selena was more excited than him, "Then who the hell is it, you tell me! It's absolutely impossible for Roman!"

Louis looked at her quietly, "Selena, didn't you realize who you missed..."

"Did I miss it? No! I said it all! Who did I say I missed? I..." Selena was halfway through her words, and she didn't know what to think of. She felt as if her whole body was knocked down by a thunderbolt. Just froze there.

Louis didn't speak, just crouched down and looked at her frightened foolishly with that expected expression.

At that moment, a violent wind howled through Selena's mind, knocking her into pieces, and a name emerged out of horror...

After an unknown amount of time, Selena finally found her own voice, and twisting her neck stiffly, told Louis on the sofa, "Yun... Yun Shen...?"

Yun Shen is the illegitimate son of the Lu family? Is it Daniel's half brother?

How is this possible!

Although the description is somewhat inappropriate, the news is as explosive as Louis being her son...

Louis nodded like a chick pecking rice, "Do you know why I didn't say it... I was also shocked..."

"Louis!!! Are you kidding me?" Selena yelled angrily.

"I'm teasing you, is it good for me to tease you?!" Louis couldn't help being wild, he took out his phone and clicked on a video.

Suddenly, an extremely familiar face appeared on the screen.

The white-haired man was holding something covered with cloths in his hands, and walked towards the stage step by step, "You gave birth to me, but you asked me who I am? What's the reason? My dear... my lord father..."

"Ah, by the way, brother, tell that girl for me, since you don't want to come back, then you don't have to come back, because soon... the entire Lu family will be mine..."

Selena looked at the video on her phone and saw the man's ghostly face. When the man said the last sentence, she seemed to have discovered that Louis was secretly filming. She suddenly looked in the direction of the video,

as if she was directly watching Looking at her, Selena was so frightened that she threw her phone away.

Chapter 1590

Louis picked up the phone and immediately destroyed the video completely, so he was relieved.

"Selena, the Lu family is in a mess right now. My uncle is holding an emergency meeting at the company! You can find out when my uncle comes back... Everyone present has been ordered to keep their mouths shut. Said, but I thought that you must not be included in the outsiders in my uncle's order, and I was worried that you would not be able to contact anyone, so I decided to come here and tell you..."

Selena lowered her head, raised a hand, and signaled Louis not to speak.

She needs to be quiet, her brain is about to explode...

She has been guessing what Yun Shen's secret grievances with the Lu family are, but even after killing her, she never thought that the result would be like this...

What the hell, Yun Shen and Daniel are half brothers? playing with me!

"Where is Daniel now? Is he still in the company?" Selena asked.

"probably."

"Understood, thank you for coming to tell me, I'm going to the company now!" Selena stood up with a bang, put on her coat and bag, and went out wearing sunglasses and a mask.

She couldn't wait for a moment to find out what was going on.

As soon as Selena arrived under the company building, she saw two men standing there.

One was Saul, and the other was an older middle-aged man whom she didn't know.

"Yo, third young master, where are you going?" The middle-aged man looked at Saul with a mocking face and said hello.

Saul's usual smiling face was as cold as ice at this moment, "Fourth Uncle, what did you say? Please say it again!"

"I said... third nephew..."

As the man's voice fell, the next second, with a "bang", Saul punched the man whom he called Fourth Uncle in the face.

The man staggered from the beating, a hint of sternness flashed in his eyes, he punched back instantly, and then the two wrestled together.

Saul had always had the upper hand, beating the middle-aged man to death as if he had finally found an outlet to vent his depression for a long time.

Selena had never seen such a frightening appearance of Saul...

At this moment, the middle-aged man who had been beaten on the ground suddenly reached for his shoe, and then pulled out a knife from the dark layer of the shoe, raised his hand and pointed at Saul's back with scarlet eyes. poke...

Selena's gaze flickered, she dodged forward, and kicked hard at the man's wrist holding the knife.

With a bang, the knife fell to the ground.

"I...fcuk!" Saul looked at the knife with a gloomy and fearful expression on his face.

Lu Chongming looked at the woman in a windbreaker wearing a mask and sunglasses in surprise, and when he saw Saul who was about to rush over to beat him up again, he got up and stumbled away.

After seeing Selena, Saul's face was full of grievances and grievances, like a kid who was bullied when he saw his parents, he rushed over and hugged his thigh, "Oh! Sister-in-law... .. bully me...they all bully me..."

The corners of Selena's mouth twitched slightly, thinking that you were the one who beat him unilaterally just now, okay?

"What's going on?"

Saul wailed, "I'm not the third child! I'm not the third child! I'm the second child! It's the second child!"

Saul's "second child" echoed mournfully in the sky above his head...

A black line slid across Selena's forehead: "Can you keep your voice down, brother?"

Saul was still solemnly swearing his ranking, "I am! I am the second child! Who said that the young master is not the second young master? The young master beat him to the ground!"

Selena was speechless: "Yes... yes yes yes! You are the second child! You are the second! You are the second best..."
