

Cruel Heart Lover Novel

Chapter 1626

Recently, in order to concentrate on recovering from her injuries, she didn't even go online much, and she didn't pay attention to what happened outside.

Annie hesitated for a moment, and said, "Karen...don't you know...Brother Shen was taken away by the police..."

"What?" Selena's face changed slightly, "When did it happen?"

"Just three days ago..."

"Why were you taken away?"

"It was said that he was suspected of drug possession and was brought back to cooperate with the investigation. He has not been released yet...Karen...I know your current position is very difficult...but...can I ask you one thing...please go Take a look at Brother Shen...he doesn't want to see anyone now...we don't know what's going on with him now...we're all worried about him..."

Hidden drugs?

Drugs are indeed very profitable, and almost all organizations are involved, but that guy Yun Shen is playing arms, and he looks down on people who play drugs very much, and he does not allow anyone in the organization to touch this thing.

Now that the Lu family and Yun Shen are fighting so fiercely, Yun Shen's arrest is likely to be done by people from the Lu family...

This matter, Selena was indeed in a dilemma. After learning about the relationship between Yun Shen and Daniel, she had already made up her mind that no matter what happened, she would not interfere, but it was Annie who begged her. Annie helped her so much. repeatedly...

"Annie, don't worry, with the master here, there will definitely be no accidents for him... It's really not convenient for me to interfere in this matter, I can only help to see his situation, if he is willing to see me."

The problem is... that guy's mind is so hard to guess, and it's a time like this, but everyone is gone... so you don't necessarily want to see her?

Annie was immediately grateful, "Thank you, Karen! Brother Shen will definitely meet you! I'll go to Brother Ye to arrange it... By the way... I almost forgot, Karen, did you call me for something?"

"It's nothing serious. It's still about my cousin. She has a menstrual period today, and she reacted very badly. Her stomach hurts, but she doesn't want to go to the hospital. I'm a little worried..."

"This situation is normal. I expected it before, so I can only take good care of it. I prescribed a medicine for her to treat and regulate dysmenorrhea. You can cook a bowl for her."

"Yeah, it's over."

"She just had a comprehensive examination, and she has recovered very well. You can tell her to take a good rest and sleep after drinking, and she will be fine."

"Okay, I see, thank you Annie!"

...

After making a phone call with Annie, Selena immediately felt relieved.

Ning Tianxin had already fallen asleep after taking the medicine, and Selena was checking the latest news on her mobile phone while accompanying Ning Tianxin, when the phone rang suddenly, it was Lin Zhizhi calling.

Selena quickly connected the phone, "Hello, Miss Zhizhi?"

"Selena, are you feeling better?"

"It's all right."

"That's good. Is it convenient for you to come to the company now? Director Jiang's play... There is news!" Ling Zhizhi said, but didn't directly mention the audition results, as if there was something hidden.

"What?" Even though Selena was already prepared in her heart to miss this drama, she still got all her attention when she heard this.

Hey, my mouth says no, but my body is very honest...

In fact, she likes this script very much, and really hopes to receive this play, not to mention that she can cooperate with Song Lin in this play.

Selena saw that Ning Tianxin's breathing was steady on the bed, and her complexion improved a lot, so she said, "Okay, Sister Zhizhi, I'll come right over!"

Chapter 1627

Selena made sure that Ning Tianxin was fine, and then left her another note before leaving.

Under the big tree not far from the door of Xiaoyanglou.

Mo Lingtian lit a cigarette and hid under the shadow of the tree. He was staring at the window of Ning Tianxin's bedroom with a dazed expression. Suddenly, the door was pushed open unexpectedly.

Then Selena walked out.

Mo Lingtian was so frightened that he frantically stubbed out the cigarette snub, and then hid behind a tree, not even daring to breathe out.

Selena seemed to be rushing somewhere, didn't pay attention to her surroundings, got into the car and drove away.

It wasn't until the sound of the car engine behind him completely disappeared that Mo Ling came out from behind the tree as if he had survived a catastrophe. In just a short while, his back was wet with sweat.

After Selena left, Mo Lingtian stood downstairs for a long time, the small building was very quiet, there was no sound at all.

Her complexion didn't look very good just now, is it really uncomfortable?

However, seeing that Selena had already left, there shouldn't be any serious problems, right?

At this moment, Mo Lingtian's heart was extremely anxious, no matter if it was money or any means, as long as he could make up for her, as long as he could calm down and stop becoming so close to not knowing himself, he could do it.

But, unfortunately, the only thing he can do now is not to disturb.

...

Shengshi Entertainment Company Building.

"Sister Zhizhi, what did Director Jiang say? Has the heroine settled down?" As soon as she arrived at the office, Selena immediately asked straight to the point, panting slightly while speaking, and she seemed to be rushing over.

"Sit first." Ling Zhizhi poured Selena a glass.

After Selena recovered, Ling Zhizhi thought about her words and said, "Actually, the results came out a few days ago. I didn't tell you because I was afraid it would affect your recovery."

Hearing this, Selena's heart skipped a beat, "So what's the result?"

"You haven't passed the audition, the heroine has decided on Jiang Xinyi." Lin Zhizhi replied.

Selena's expression froze, Sure enough, it still didn't happen.

Jiang Xinyi, one of the representatives of powerful actresses, has been nominated for the best actress at the Berlin Film Festival. She is 30 years old this year, married, and has a pair of cute twins with her husband. She is very good at tragic dramas. It is very suitable for the heroine of the play "Mother".

Selena thought that Lin Zhizhi wanted to discuss with her about choosing another script, but she didn't want Lin Zhizhi to change the subject, "However, as far as I know, Jiang Xinyi was indeed fixed, but then Jiang Xinyi was called to try out a few scenes, Director Jiang is not satisfied, and the news revealed now is that there may be a second audition."

"the second time?!"

This turn of events made Selena's heart flutter.

"Yes, I inquired with the insiders, and the information is reliable. If there is no accident, the crew will arrange a second audition in the next two days."

"What about the candidates for the second audition?" Selena asked hastily.

"There are five people, and you are one of them." Ling Zhizhi replied, and then observed Selena's face, "Think about whether you want to go a second time, I respect your opinion."

Obviously Lin Zhizhi also noticed Selena's anomaly this time.

Although she really likes this movie, she still respects Selena's own wishes. If there is a problem with her, even if she manages to get the role, the desired effect will not be achieved.

Just when Selena was hesitating about how to answer, Ling Zhizhi's cell phone rang.

Chapter 1628

"Uh...uh...Okay, I see, I'm sorry to trouble you, thank you very much, I'll discuss it with Selena first, and I'll call you back later!"

Ling Zhizhi finished answering the phone, and then looked at Selena, "The call from the production team has been settled. Tomorrow morning at 8 o'clock, the second audition, I will inform you to come over sooner than I imagined..."

After Ling Zhizhi finished speaking, she didn't speak again, letting Selena think for herself.

Selena sat on the sofa, staring blankly for a while, then turned to Ling Zhizhi after a while, "Sister Zhizhi, I'll go, help me go back to the set!"

"Okay." Ling Zhizhi didn't know whether she was relieved, or hoped that she would not force herself.

However, she knew Selena, since she made a decision, it must be the result of careful consideration.

"I will accompany you there tomorrow." Ling Zhizhi was still worried after all.

"Thank you, Miss Zhizhi!"

...

After chatting with Ling Zhizhi, Selena drove directly to Taohuawu.

On the way, she received a call from Annie.

"Hey, Karen! Can I do it tomorrow morning?"

Selena was still in a daze at first, but she was taken aback for a moment before realizing that she had promised Annie to see Yun Shen, "What time is it in the morning?"

"Nine o'clock," answered Anne.

Selena frowned, "I'm going to audition for the film at eight o'clock tomorrow morning. If it's nine o'clock, I may not be able to make it in time. I'll try my best..."

"Okay, I'll go tell Brother Ye, thank you Karen!"

...

After returning home, Selena didn't do anything, didn't study the film, didn't even read the script, and lay down on the bed after dinner.

A night without dreams.

Selena woke up at six o'clock in the morning. She got up, ate, made up, got ready, met Ling Zhizhi, and arrived at the audition place half an hour earlier.

She found that the other four artists who came to audition, like her, all came half an hour earlier, regardless of the size of the cafe.

Everyone's expressions were tense, especially Jiang Xinyi's expression was particularly ugly.

It was already decided to be her, but she was dissatisfied and had to audition again to choose someone. Where would she lose face?

This is Jiang Xingzhou. If she had changed to another director, she would have already started a fight!

This is not the first time that Jiang Xingzhou has had such twists and turns in casting, not to mention that he has just been selected, even if he is in the middle of filming, if his level cannot keep up with his requirements, he will insist on changing people even if he breaks the contract, let alone Say what to whom to save face.

Jiang Xinyi took a look at the other four competitors, and they were not as good as her, otherwise Jiang Xingzhou would not have chosen her.

So she was very dissatisfied with this second audition, and felt that it was unnecessary. Of course, this was also her last chance. If Director Jiang was still not satisfied this time, there would be absolutely no third chance.

The five people drew numbers very quickly, Jiang Xinyi was ranked fourth, and Selena was the last.

Selena looked at the number five she had drawn, and looked at her watch with a slight frown. There was a set time for visiting the police station. If she couldn't make it by nine o'clock, she wouldn't be able to go today...

At eight o'clock sharp, Jiang Xingzhou, Song Lin and others arrived on time.

After entering the audition room, the producer sat down on the chair and couldn't help but ask Jiang Xingzhou, "Director Jiang, is this audition really necessary? The result of the first audition is obvious. The four This one is obviously not good, but Jiang Xinyi is fine!"

The screenwriter also pondered, "Actually, Jiang Xinyi's performance is really good!"

Jiang Xingzhou snorted coldly when he heard the words, "Not bad? That's not bad? Is this your first time working with me?"

Chapter 1629

"Ahem..."

After Jiang Xingzhou scolded him so much, the producer and editor were so embarrassing that they didn't dare to speak again.

But they really felt that Jiang Xinyi's performance had reached its peak, and it wasn't enough. What exactly did he want?

After all, even the creator of the script and the screenwriter teacher are very satisfied with Jiang Xinyi's performance...

Song Lin looked at this scene indifferently, and she didn't speak from the beginning to the end. Only she knew that Jiang Xingzhou's audition was actually just to test one of them.

He wanted to make sure that that person's acting skills were not all that.

It was impossible for Jiang Xingzhou not to see what she could see.

It's impossible not to see that Selena's performance last time was not at her full level.

However, Jiang Xingzhou has a stern and selfless personality. It is very important to have acting skills, but to abandon all interference and fully display his acting skills is also one of the most important qualities of an artist, otherwise it is useless to have acting skills.

So, even though Jiang Xingzhou saw it, he didn't say anything.

Until later, Jiang Xinyi's performance failed to achieve the effect he expected many times. She pretended to be inadvertent and took the opportunity to mention a few words in Jiang Xingzhou's ear. It seemed that Selena didn't show her full strength in the first audition...

Song Lin tapped the table with her fingertips, and glanced thoughtfully towards the door...

Director Jiang gave him another chance, but it was the only one.

If Selena can't grasp it this time, then this drama will be completely impossible, no matter how much she hints in Jiang Xingzhou's ear, it will be useless.

Outside the audition room.

The staff told Selena and the others about the content of today's audition.

It's not a random selection, but a prescribed number of scenes. In the thirty-seventh scene, the child is lost in the rainy night, and all five of them only audition for this one.

The staff arranged everything efficiently and quickly, and then the first few people went in to audition one after another in order.

The audition process was even faster than Selena had imagined. The first, second, and third took only ten minutes for the three of them together. On average, each of them came out in about three minutes. And looking at the three People's expressions don't seem to be going well.

Finally, Jiang Xinyi, who was in front of her, was called in.

Jiang Xinyi went in for a long time, Selena checked the time, she purposely recorded that it had been eighteen minutes since she went in.

Ling Zhizhi at the side patted Selena's hand, signaling her to take it easy.

After another two minutes, Jiang Xinyi finally came out.

I saw Jiang Xinyi pushed open the door and walked out, then took a deep breath, with a relieved expression on her face.

Jiang Xinyi was originally the best performer among them, and after Jiang Xingzhou personally polished it during this period, it was expected that she would perform better this time.

"The last one, Selena!" the staff shouted towards the outside.

"I'm going first, come on!" Jiang Xinyi smiled at Selena, then turned and left directly. It seemed that she had already won the victory. If she was worried at all, she shouldn't just leave now, but It was the result of staying and waiting for Selena to finish.

Selena didn't care. In fact, she didn't pay attention to what Jiang Xinyi was saying. After the staff called her, she got up and went straight into the audition room.

"Director Jiang, you should be satisfied now, right? Xinyi's understanding of the role is very good this time!"

"After all, she is a person with children, her age is at that level, and her experience is relatively rich. Imagine if it is her own child who leaves her, it will be more substituting!"

...

Chapter 1630

When Selena entered, she heard several judges discussing, and they seemed to be very satisfied with Jiang Xinyi's performance, but Jiang Xingzhou in the middle never said a word, and when she saw Selena coming in, she raised her head and said, "Go ahead! "

"Yes." Selena nodded.

"I'm out of breath..." the staff spoke the lines.

Selena's face was empty, without any expression.

After a few seconds, as if she suddenly understood what the man said, she walked up to the child step by step, and held the child in her arms.

The dull eyes were wide open, looking at the child, as if his soul had been sucked out, just staring blankly.

She just sat there, motionless, like a weathered sculpture.

He obviously didn't do anything, he didn't even have an expression on his face, but in an instant, the atmosphere in the audition room was extremely suppressed. The judges who thought Selena was just going through the motions all sat up straight and tensed up. Stretching his back, he held his breath and stared at the girl sitting on the cold ground.

Jiang Xingzhou's expression didn't seem to change, but the hand holding the pen was visibly tightened several times, and his thin lips became tight into a line.

Like the extremely oppressive air before a storm, the entire sky is covered with haze and thick clouds.

Finally, when the atmosphere was extremely suppressed, the girl lowered her head, her shoulders began to tremble slightly, and the arms holding the child tightened little by little...

Suddenly, the girl hugged the child tightly to her chest.

"Ah..." Broken weeping sounded in the extremely suppressed air.

"what--"

Rush, despair, collapse...

The whole world is collapsing before my eyes...

her child...

She was pregnant in October, and the child who depended on each other was alive in front of her eyes a moment ago, but now it has become a cold corpse...

Her only relative in this world, her only spiritual sustenance...

she has nothing left...

I do not know how long it has been.

As if the rain had just stopped, the girl's emotions finally eased a little. She held the child and sat there in the same posture as before.

However, everyone knew that it was different, she could never go back, all vitality in her body disappeared with the loss of this child, and only an empty shell was left there...

"Director Jiang..." In the end, it was Song Lin who reminded him that Jiang Xingzhou and the other judges came to their senses like a dream.

Selena's scene was over.

The producer stood there with his red eyes wide open, took a deep breath, "This girl...it's not easy..."

The screenwriter on the side had already burst into tears, and hastily pulled out a tissue to wipe it off.

She finally understood why Jiang Xingzhou insisted.

Even she herself felt that Jiang Xinyi's performance was the ultimate.

But after seeing Selena, he knew what real acting skills were.

Last time, Selena went out immediately after the performance, but this time she was still sitting on the floor in a daze until the performance was over, holding the child's props in her arms.

"Get up quickly, the ground is cold." Song Lin got up and walked over to help Selena up.

Selena was still a little dazed, she mechanically turned her head to look at Song Lin.

That glance made Song Lin's heart throb with pain. This girl is working too hard!

Even if you want to get into the show, at least you should leave some leeway.

She is also an actor, so she naturally knows the consequences of such a plot if it is fully integrated into the play.
