

Cruel Heart Lover Novel

Chapter 1671

In the courtyard outside, the ladies who were drinking tea and chatting were all given number plates, and those who called their numbers would go in.

The butler said euphemistically that these signs are held by everyone, and they can play some games and draw prizes later, but everyone knows what these signs really do.

"Hey, I'm so nervous! I don't know how the Lu family plans to take the exam!"

"My family used all means to inquire for me, trying to get the exam questions and the like, but in the end I found nothing. I only knew that the little prince came up with the questions, but I don't know what the questions are!"

"Nonsense, the little prince is a genius, and his thinking is different from ordinary people. The questions must be very difficult! The tragedy is that I didn't get good grades when I was in school, and I have been trying to make up for it recently."

"What's the use of bad supplements? The little prince knows everything about piano, chess, calligraphy, painting, astronomy, geography, who knows what he will take the exam, the scope is too big..."

...

Many of the education these wealthy ladies have received since childhood focused on cultivating their sentiments and some flashy things. If the little prince tests them on things like physics and numbers, they really have nothing to do, and these things can't be done quickly.

Listening to the discussions beside her ears, Chi Yingying snorted mockingly, "Isn't it too late to think of hugging Buddha's feet at this time?"

Chi Yingying has always been arrogant, and everyone was a little afraid of her. Although they were dissatisfied when they saw her taunting, they could only complain secretly. However, Chi Yingying graduated from Harvard and was recognized as a talented woman, so they had to admit it.

"What's the arrogance? Although she has a higher chance of winning compared to people like me, don't forget that she still has a family!"

"The Guan family has connections with Lu Chongyuan, and they have a good relationship with the Lu family. I'm afraid they have already made an appointment, and we are just going through the motions!"

"Who says it's not! It's just... Even if there is only a glimmer of hope, I still have to try it..."

After all, that is the position that all women have dreamed of for a long time...

"Number 1, Miss Chi, please come in!" The housekeeper had already started to call the number, and everyone was so nervous that they fell silent.

That's right, the first one is Chi Yingying.

Because of this, everyone is even more nervous. Don't Chi Yingying perform too well, then nothing will happen to them, then they have been preparing for so long for nothing...

inside the house.

Rick was sitting on the sofa, and Lu Chongshan and Yan Ruyi were also sitting opposite.

Saul was afraid that Yan Ruyi would urge her to see the girl if he stayed, but he was really curious about how his bun was going to test those famous ladies. In the end, curiosity prevailed and he decided to stay!

And later on, he can also broadcast live to his brother and Selena...

After seeing Chi Yingying, Saul was stunned for a moment, oh, this is the first character who is a powerful character?

"Hello, sister!" Seeing the person coming, Rick greeted sweetly.

Chi Yingying listened to the little guy's obedient greeting, and immediately relaxed her tense nerves, "Hello, Rick, my surname is Chi, and I met you at the banquet before!"

"Well, I remember, you are Chi Shuai's older sister!"

"Yes!" Chi Yingying was overjoyed. She was furious because her little fat man offended Rick last time, but she didn't expect that the two would get along well afterward.

"Sister Chi, then I'm going to start writing questions!"

"Okay." Chi Yingying subconsciously sat up straight.

Chapter 1672

Lu Chongshan, Yan Ruyi and Saul at the side all looked nervously at Rick.

Then, Rick blinked and asked, "Sister, can you sing?"

Chi Yingying froze for a moment, "Yes."

Rick said happily, "Great, can my sister sing me Little Leaping Frog? I like this song very much, and I listen to it every night to sleep, otherwise I won't be able to fall asleep..."

Chi Yingying was dumbfounded: "Uh..."

Little Leaping Frog...?

What is this?

No... The point is, isn't the little prince a child genius? Why did the topic ask her to sing him a nursery rhyme?

But if she really wants to tell her what's wrong, she can't say a word. She is a kid who just went to kindergarten, and she has to listen to nursery rhymes to sleep at night. I hope my mother can sing to me in the future. This is nothing more than normal .

Including Lu Chongshan and Yan Ruyi, although the two of them were also very surprised that Rick would ask such a question, but after thinking about it, their hearts were full of distress. No matter how sensible they are, they are still just children after all!

Their Little Treasure's question was right!

"Sister Chi, won't you?" Rick showed a somewhat disappointed expression.

Chi Yingying looked embarrassed, "Sorry, I really don't know how to sing this song..."

So Rick asked expectantly again, "Then will elder sister Chi have other nursery rhymes?"

The little guy seemed to like her a lot, and even gave her a second chance.

Chi Yingying's complexion became even worse, "This... also won't... I'm not very good at this kind of songs..."

She has been educated by elites since she was a child. She never heard of nursery rhymes, even if she heard a few words, it would be even worse if she staggered and sang.

How could she have expected that the little prince's question would be such a topic, she was not prepared at all!

Therefore, Chi Yingying, a talented Harvard girl who had the greatest hope, fell on the song "Little Leaping Frog".

Saul recalled the first time he heard Selena sing Little Leaping Frog to Rick, and he was really moved.

At first, I felt that his little bun would like to listen to such childish nursery rhymes, but later I felt that Selena could sing nursery rhymes...

While thinking about it, Saul pulled his brother and Selena into a group, and then sent a message in the group: First, Chi Yingying hit the street! Rick's title is: Sing the song Little Leaping Frog... I'll ask you if you are fierce or not!

Soon there was a reply in the group.

Daniel: ...

Selena: You are fierce! Wuli baby breaks the sky!

Regarding Chi Yingying's elimination, the two elders didn't have any objections, instead they coaxed the little bun lovingly.

"Rick, don't be sad, there are still many sisters behind! There will be Rick who likes it!"

"Yes, yes, Rick, let's continue!"

...

At this moment, when the young ladies outside saw Chi Yingying walking out with an ugly face, one or two of them felt cold.

"Why is Chi Yingying's face so ugly? Was she eliminated?"

"The face is so black, for sure!"

"It's over, even Chi Yingying has been eliminated, how difficult is the topic!"

...

"Number two, Miss Song, please come in!"

After the second daughter came in, Little Treasure greeted obediently as usual, and then asked the question, "From now on, within ten minutes, as long as my sister can let me speak, my sister will be able to pass!"

Chapter 1673

Song Yuyan, the eldest lady of the Song family, didn't react for a while after hearing this question.

Let the little prince speak within ten minutes?

It's just asking him to speak, even a single word counts, won't it be too easy...

"Sister, let's start." Rick reminded politely, then maintained this posture and sat quietly on the sofa.

Just when Song Yuyan was thinking this way, the moment the little guy on the sofa spoke, the whole feeling changed.

Just now, Cai Cai was obviously still a cute and active little lady, but now it seems that there is an invisible hood to isolate him from the outside world, and he is completely in another world different from theirs.

Seeing this, Song Yuyan's heart skipped a beat for no reason, and all the words she had prepared to tease the little guy were swallowed by the child's dark and cold eyes.

Saul on the side narrowed his eyes slightly, and sighed inwardly, Steamed Bun is really well-intentioned...

The cold sweat on Song Yuyan's forehead was about to break down. After struggling for a long time, she finally tried to speak, "Rick... my sister's family runs a chocolate factory, and there are many, many delicious chocolates. Next time, can I take you to play?"

The little guy's reaction was as if he didn't hear her at all. To be more precise, the little guy didn't deliberately avoid her. As if she was not his kind, and he couldn't understand her language...

On the side, Lu Chongshan and Yan Ruyi, who had been grim since they heard Rick's question, their expressions were obviously more dignified at this moment.

Little Treasure like this is like a nightmare to them.

As time passed by, Song Yuyan probably wasn't good at getting along with children, and she felt even more embarrassed in front of Rick. Her poor chatting skills made the atmosphere more and more awkward and stagnant...

"It's time." Saul reminded him.

Ten minutes finally passed, Song Yuyan's first reaction was not a disappointment, but a long sigh of relief, it was finally over...

She finally understood why Chi Yingying's face was so ugly when she walked out just now.

"Sister, do I need to give you a little more time?" Rick suddenly turned into a polite little lady, very easy to talk to.

All the celebrities, including Yan Ruyi and Lu Chongshan, thought that Rick might make things difficult for them, but in fact, the little guy was unexpectedly gentle.

Before Song Yuyan could speak, regarding Rick's tolerance and generosity, the two elders had already rushed to speak one after another...

"No way, little treasure, the rules have already been set, and if you change them, it won't count!" Yan Ruyi's face was full of anxiety.

"Okay, that's it!" Lu Chongshan quickly settled down.

They really didn't want to continue looking at Rick's appearance just now, and even Rick's appearance just now made the two of them feel uneasy, as if Rick's normal and cheerful appearance is just a mirror image, and if he is not careful, he will turn into that appearance again.

That's something they absolutely don't want to see.

They only tried two girls, but Lu Chongshan and Yan Ruyi could hardly bear to continue.

However, Little Treasure has already called the third one in very quickly.

The third girl has a different style from the first two. The first two are ladies, but this one has short hair and a neutral dress. She looks neat and heroic, which is really eye-catching.

Chapter 1674

When Lu Chongshan and Yan Ruyi saw the girl walking in, they both subconsciously sat up slightly. This girl is a girl from the side line. Compared with other girls, she has a more lively temperament and is said to have good skills.

Maybe another extrovert with such an extrovert personality can just complement Rick?

"I'm Liang Yu. I'm twenty-three years old. I usually like to keep fit. I've practiced judo and taekwondo..." the girl briefly introduced.

"Hello, sister Liang, please wait a moment!" Rick greeted the girl, then turned to look at Saul who was beside him, "Second Uncle, I need your help with this question."

"Okay, no problem, how can I help?" Saul responded bluntly.

Little Treasure beckoned, Saul happily strolled over immediately and squatted down in front of Little bun according to Little bun's request.

Then, Rick turned around and looked at the girl, "Sister, my question is very simple..."

While talking, Rick made a "swipe" sound, and kicked Saul's temple neatly, but it was just a virtual kick, and he didn't really hit it.

"My question is how to crack this trick."

Lu Chongshan and Yan Ruyi were filled with pride when they saw the handsome appearance of their baby grandson.

Liang Yu didn't expect Rick to ask such a question, but she said just now that she is good at these things, and he asked about the field she is good at. Not only is there no problem, but it is very reasonable.

Liang Yu thought about her words, "This move... if it is strong enough, there is basically no way to break it. If you kick it at the temple, you will faint..."

Liang Yu murmured and said, "However, I can try."

Rick nodded, "Okay, can I let my second uncle fight with you?"

"Of course, thank you!"

Afterwards, Saul practiced with that girl more than a dozen times, and in the end, all of them were...failed to crack...

In the end, Liang Yu could only be eliminated.

"Saul, isn't it unfair for you, a big man, to try other young girls?" Seeing that three of them were eliminated at once, and they were all with excellent conditions, Yan Ruyi became a little anxious.

Saul immediately said helplessly, "Mom, even if you don't understand these things, you should be able to tell. I didn't even use 10% of my strength just now. I was afraid of hurting her delicate girl. If she really has a skill, I will I am also convinced, the text is not good, at least there is Wu? But she is completely put on airs! If you don't have that ability, don't set up a person like "good skill"! Now that it has been exposed, is it still my fault? ?"

Lu Chongshan comforted himself, "Forget it, let's move on to the next one, it's better for girls to be more gentle and virtuous!"

After a short break, a fourth girl walked in.

This time the girl fully meets Lu Chongshan's requirements, gentle and virtuous and also good at cooking.

"My question is... I want to eat the candied haws made by my sister, is that okay?" Rick asked the question for this exam.

Hearing Rick's question, the girl was stunned for a moment. She was good at cooking. It's not just bragging. She has indeed practiced it. Chinese food and western food are not a problem, but... can candied haws be considered a dish?

The girl looked embarrassed and obviously couldn't do it.

Lu Chongshan and Yan Ruyi were completely on Rick's side at the moment, and they didn't feel that there was anything wrong with Rick's exam questions, but instead showed disappointment.

Chapter 1675

Didn't you say that you are good at cooking? Why can't you even make candied haws?

They remembered that Selena seemed to have done it for Rick, and Rick even sent a lot of them to the old house. Those candied gourds were made into various shapes, beautiful and delicious, much better than those bought outside...

Seeing that the fourth one was about to be eliminated, Rick suddenly changed his expression for some reason.

The little guy stretched out his small hands to cover his stomach, with a painful expression on his face.

Yan Ru felt that something was wrong with Rick, and hurried over, "Rick, what's wrong?"

"fine..."

"Why are you all right! Your little face is turning pale!" Yan Ruyi was in a hurry.

"It's okay grandma, it's just that my stomach hurts..." Rick comforted, but in just a short while, cold sweat broke out on Bai Nen's forehead,

"How can a good person suddenly have a stomachache? Xing Wu! Prepare the car! Prepare the car and go to the hospital!"

The housekeeper hesitated, "The ladies outside..."

"Let them all go away first!" Seeing that Rick was so uncomfortable that he even started to vomit and his body twitched, the two elders were already panicked, and they couldn't care less about other things.

Saul frowned, quickly picked up Rick, and quickly ran towards the door...

Imperial Hospital.

Rick was sent to the emergency room. Lu Chongshan and Yan Ruyi were running around in a hurry outside. Saul hurriedly notified his brother and Selena.

"Dad, Mom, don't be too nervous. Judging by Rick's reaction, it's probably just a stomach upset..." Saul was comforting him when the doctor finally came out.

The second elder hurried up to meet him and asked, "Doctor, how is the child?"

"Don't worry, both of you, there is no serious problem." The doctor replied.

Yan Ruyi finally calmed down after hearing the words, "What's going on? Why is the child acting like this all of a sudden?"

Just as he was asking, there was a sound of hurried footsteps behind him, it was Daniel and Selena who had arrived.

"Where's Little Treasure? How's Little Treasure?" Selena's eyes were only on the little guy on the hospital bed, and she ran straight over and grabbed Little Treasure's hand.

The little guy's face was pale, his lips were chapped due to dehydration, and Selena's heart ached like a needle prick.

"What's going on?" Daniel asked in a deep voice.

The doctor handed over a test report, "We tested the child's vomit. There are certain toxins in the food, which can cause symptoms such as vomiting and diarrhea."

Lu Chongshan and Yan Ruyi's expressions suddenly changed. Saul was a little surprised, but Daniel had no expression on his face.

"What? Food poisoning? How is this possible! Rick's diet has been..." Yan Ruyi said, frowning, "In the past few days, Rick eats at home except for dinner, breakfast and lunch are prepared by that girl. Yes, after being picked up by Saul this afternoon, Little Treasure didn't eat anything, he didn't even drink a sip of water..."

This meant that Little Treasure only ate what Selena made today.

For a moment, Yan Ruyi and Lu Chongshan all looked at Selena.

Selena's whole body and mind was on Little bun, and it was only after hearing this that she diverted her attention a little.

What? Rick has food poisoning? And according to what Yan Ruyi meant, Rick only ate what she made today...

Lu Chongshan was panting slightly, his face turned extremely ugly, "Daniel, you can see how to deal with it yourself!"

Daniel said expressionlessly, "What are you dealing with?"
