

Cruel Heart Lover Novel

Chapter 1676

Lu Chongshan was in a hurry, "You ba5tard, Rick is your own son, do you even care about your son because of a woman? This woman did not hesitate to attack Rick in order to prevent you from marrying someone else! It's this time, and you still have to protect her ?!"

On an occasion like today, something like this happened to Little Treasure, causing the "tea party" to be interrupted. Coupled with inherent prejudice, Lu Chongshan naturally immediately thought of Selena, the biggest beneficiary.

Yan Ruyi naturally thought of it too, looked at Selena with cold eyes, and stood next to Rick vigilantly, "Daniel, you really went too far this time!"

Selena frowned slightly, and was about to speak when Daniel gave him a comforting look, then looked at the two of them with unchanged expressions, "The reason."

"Reason? Does this need a reason? Everyone knows Sima Zhaozhi's heart!"

"According to what you said, Selena's reason for doing this is to prevent the 'tea party' from being held, isn't it?" Daniel asked.

Lu Chongshan snorted coldly, "Isn't it?"

Daniel: "This reason is not valid."

Lu Chongshan took a deep breath: "Tell me, what is wrong with this reason?"

Daniel: "The tea party was originally a way for our family of three to delay time. Why did she stop it?"

Lu Chongshan: "..."

Yan Ruyi: "..."

The two of them were almost choked to death by Daniel's straightforward and straightforward words.

The corners of Saul's mouth twitched slightly, and he hurriedly came out to try to smooth things over, "Dad, Mom, can you calm down? The matter hasn't been investigated yet! It would be inappropriate to convict someone now, right? Maybe Rick even ate at school. What about other things?"

"Little Treasure never eats outside food casually!" Yan Ruyi said firmly.

Saul could only turn around and say, "Okay, okay, even if Rick only ate what my sister-in-law prepared, how can you guarantee that someone didn't tamper with it halfway? According to what you said, my sister-in-law was trying to prevent this blind date meeting, then Can I also say that someone deliberately wanted to use this incident to frame my sister-in-law?"

"One or two of you, all of you have been stunned by this woman..."

Lu Chongshan roared angrily, and was about to continue, when a weak voice suddenly came from his ear.

"Mother..."

"Mom is here!" Selena immediately squeezed Rick's little hand tightly.

"Rick! Rick, you're awake!"

"Don't get up, just lie down!"

Lu Chongshan and Yan Ruyi couldn't help but feel sorry for Selena, who claimed to be her mother, and hurried to the side of the hospital bed, seeing the little guy's weakness, feeling very distressed.

Seeing his mother by his side, Rick showed an extremely reassuring smile, and rubbed his soft face against his mother's hand in attachment.

Afterwards, Rick looked at his grandpa and grandma, and said apologetically, "Grandpa... Grandma... I'm sorry, Rick deceived you."

Lu Chongshan and Yan Ruyi glanced at each other, then hurriedly looked at his grandson, "Baby, what are you talking about? You lied to us?"

Rick nodded, and said seriously, "Before I said that I would seriously consider those sisters, I lied to you. The real purpose was to delay the time. I only have my mother Xiaoxi in my heart. No matter how smart or excellent I am, Pretty, but not my mother, I only want my mother, not to mention, my Selena's mother is the best."

"Little Treasure..." Selena was so moved that she didn't know what to say.

Chapter 1677

Listening to the child's innocent words, even Lu Chongshan and Yan Ruyi were speechless for a while.

Saul was so moved that he almost cried, he muttered and said, "Dad, Mom, I'm not talking about you, sometimes you two's thinking is really too stubborn, especially my dad, why Mao always looks at people with colored glasses What? Although it is understandable to be afraid of well ropes once bitten by a snake for ten years, you can't overturn a boat of people with one pole, right?"

"Stinky boy, shut up, what do you know!" Lu Chongshan scolded his younger son angrily, then looked at Daniel, "Daniel, come out with me!"

Saul immediately gave his brother a "don't worry, I have eyes here".

Daniel touched Rick's forehead, and then said to Selena, "I'll leave for a while."

"Ok."

...

In an empty corridor.

Lu Chongshan's face was overcast, "Daniel, do you think I'm stubborn and unreasonable just like Saul?"

Daniel: "Yes."

Lu Chongshan: "..."

Lu Chongshan was almost so angry that he couldn't catch his breath.

"Father, all your worries, prejudices and dissatisfaction with Selena are just because you are worried that in such an extraordinary period, if I make a wrong move, it will lead to the destruction of the entire Lu family." Daniel said.

In fact, Lu Chongshan and Yan Ruyi's attitude towards Selena had already softened a lot before, but because of this incident, their attitude suddenly returned to the most tense moment, so solving this incident is the root of the problem.

Lu Chongshan's expression softened slightly, "At last you still have a little reason."

"Within seven days, I will solve all of this," Daniel said.

"Seven days?" Lu Chongshan almost laughed angrily. Even if this son has always been his pride, it would be too much to take care of such a behemoth with a profound background within seven days.

"Not to mention whether your promise can be fulfilled, even if everything is resolved, what will you say about today's matter? How can you prove that she did not poison Rick? I just asked Xing Wu went to check, the home and school were under surveillance, during this period, Rick's meals were not handled by any suspicious person, and the only person who could have tampered with it was her!

I don't need to talk about the influence of the environment on a person, you know it too, I don't talk about what kind of temperament she will develop when she grows up in that kind of poor mountains and rivers, the Ning family would rather have an adopted daughter than recognize her, and even put her away Don't you have any doubts about sending it abroad? Apart from her not being able to appear on the stage, is there a more unbearable fact behind it?

Things like this happen endlessly in this circle. How many dandies are sent abroad just to cover up their ugliness. How can you let me rest assured that Rick's mother, our future headed mother of the Lu family, is from such a background? Just because of her dispensable blood relationship with the dealer? Can you be sure of her character and that she won't harm Rick? "

Lu Chongshan was originally concerned about these things the most, but today's incident obviously stirred up his already fragile nerves, causing all his long-suppressed dissatisfaction and worries to burst out.

Daniel spoke word by word: "First, I will fulfill my promise, second, I will give you all the truth when the time comes, and third, as for father's worries about Selena's character, see you soon People's hearts, and you have always refused and rejected understanding her, so how can you know what she really is like based on your so-called speculation?"

Lu Chongshan frowned, remained silent, and spoke after a while, "Okay, if you say I'm biased, then I'll give her a chance!"

Chapter 1678

In the ward.

Yan Ruyi looked at how Rick was so dependent on Selena, and sighed softly, "Rick, is there any discomfort in your body?"

The little bun clung to Selena's arms and shook his head.

With his mother around, he is fine everywhere.

Selena patted Rick's back, coaxing the little one to sleep, then looked at Yan Ruyi and said, "Madam Lu, I will give you an explanation about Rick's poisoning."

Yan Ruyi didn't know what to say when she heard the words, she was also a mother, she could tell if a woman was sincere to her child, but people's hearts were separated by belly, it was related to Rick's safety, She really didn't dare to be careless.

"Mother..."

"what happened, Babe?"

"Sing."

"Okay, mom will sing for you, what do you want to hear?"

"Little Leapfrog."

"it is good."

...

When Daniel came in, what he saw was the girl hugging the child and humming softly. Yan Ruyi looked at the two of them with complicated and tangled expressions.

"Selena..."

"Shh, be quiet, Little Treasure is asleep." Selena carefully put Little Treasure back on the bed to sleep well before standing up.

After leaving the ward, Selena's expression suddenly turned cold. Given how much the Lu family attached importance to Rick, she must have checked it immediately. If the problem didn't lie with the Lu family and the school, it might really be her side. The problem when...

Daniel pulled the girl over and held her in his arms. A dark look flickered in his gentle eyes, "Don't blame yourself, it's not your fault, rest well, work with peace of mind, everything is up to me."

Selena didn't know what was coming to her mind, she looked a little absent-minded, she nodded sullenly, "Yeah."

...

In a blink of an eye, it was three days later.

Too many things happened in just three days. Since Song Lin, three major shareholders of the Lu Group have defected one after another.

Yunshen's shareholding has already reached such a terrifying figure of 28%, and he has blatantly entered the board of directors of the Lu Group, winning over a group of people who are dissatisfied with Daniel's harsh rule. He was already dissatisfied with him. top management and shareholders.

In just a few months after the other party returned to China, he frantically bought shares of the Lu Corporation with a huge amount of wealth, like a sharp knife piercing into the heart of the Lu Corporation, making the entire Lu Corporation and even the entire imperial capital panic and stormy.

When Lu Chongshan learned that even Chi Kaicheng, who was the first to fight with him, had betrayed the Lu family, and was still showing his loyalty to him, he sold the shares to Yunshen, and fell ill on the spot.

Seeing that the situation was getting more and more serious, Yan Ruyi looked sad, "Why did Lao Chi suddenly sell the shares behind our backs? Could it be because of Yingying being eliminated at the tea party? But... Later, because of Rick Something happened in the middle, our side has already canceled the tea party..."

Lu Chongshan was panting violently in his chest, and said with trembling fingers, "Ruyi, you go to Guan's house right away, remember to walk around with them more recently, some things that should be on the agenda should also be on the agenda, you go and talk to Guan's house. Ray said, just say what I mean!"

Although there are many candidates for celebrities, there are only a few who are most suitable. The Guan family's comprehensive strength is very strong at home and abroad, and Guan Ziyao is the most knowledgeable. He has known Daniel since childhood and has a certain relationship foundation. Lu Chongyuan's side has been matching them all the time, and the one Lu Chongshan is most inclined to is the Guan family's side.

Chapter 1679

At Mo Jianzhang's birthday banquet before, the Guan family's secret attack on Selena had created a estrangement between him and the Guan family, but it would not have a fundamental impact after all. After all, this matter did not affect his interests. What's more, he was very dissatisfied with Selena, and

under the current situation, his interests naturally drove him to make the decision he thought was most suitable.

He has already made a mistake once, he can't...absolutely can't watch the Lu family ruined in his hands...

"Chongshan, should we wait any longer? Didn't Daniel say that he already has a solution?" Yan Ruyi thought for a while, then asked hesitantly.

"Solution? It's been three days, and I've only seen that Lu's family is getting more and more in danger! I can't bet on Lu's words! If it was before, I could still trust him, but now he has been fascinated by that woman Fascinated!" Lu Chongshan said tremblingly.

"Okay, okay, I get it, I'll just go, don't get excited! How many times has the doctor told you not to get angry!" Yan Ruyi persuaded helplessly.

"Also, the most important thing...don't let that woman be alone with Rick!"

"I know what's in my heart, don't worry!"

...

At the same time, Beijing Suburb Bieyuan.

Qiao Yi stayed alone in a dark room. On the desk in the center of the room, incense candles were lit and women's rankings were placed.

The man stared at the photo on the ranking list with a gloomy expression on his face, "Lan'er...don't worry...I will avenge you soon...I will make all of them pay the price... "

"Dong dong dong" knocked on the door.

Qiao Yi immediately recovered his indifferent expression: "Come in."

Feng Jin pushed the door open in a big stride, and hastily reported: "Uncle Qiao, the Liang family has also reached an agreement!"

A faint light flashed in Qiao Yi's eyes upon hearing this, and he nodded with satisfaction, "Very good."

Money can solve most of the things in this world, and money cannot be shaken, and there must be breakthroughs, because as long as you are a person, you must have handles and weaknesses.

The Lu Group seems to be an unshakable colossus, but the bigger the group, the more problems are hidden underneath. Once he uncovers it, the bottom will be rotten!

After Feng Jin reported the recent progress, he said hesitantly, "But, Uncle Qiao, will all this...will be too fast...too smooth?"

Qiao Yi glanced at him, "You are the one who overestimated Mrs. Lu! We have been preparing for so many years, but it's only this level. Are you panicking?"

"Uncle Qiao, you are right!" Feng Jinman nodded in agreement.

What's more, they have carefully considered every link, and it is impossible to make any mistakes.

...

Lu Corporation, President's Office.

Daniel was discussing things with Saul, Cheng Feng rushed over to report with a serious expression on his face, "Boss, I just got the news that I went to meet Liang Dong privately last night, and Liang Dong may also..."

Daniel had 30% of the shares in his hand, while Yunshen already had 28%. Once he got the shares from Director Liang, his shares would surpass Daniel's by leaps and bounds!

Now that people's hearts are already unstable, if they continue to buy Lu's shares like this, the consequences will be disastrous.

Saul on the side remained silent, his face extremely serious.

Daniel said in a deep voice, "Understood, you can go down."

"Yes." Cheng Feng responded and left with a sad face.

Chapter 1680

Just as Cheng Feng left, Saul, who had a dignified face just now, immediately raised the corners of his mouth like a fox, "Brother, you can finally close the net!"

Daniel's eyes fell on the computer screen, and his slender knuckles tapped the cold and hard table lightly. Different from the gentleness when facing Selena, his face was now full of coldness and sternness.

Saul quietly glanced at the photos on Daniel's computer screen, and shuddered, "Brother, don't be so angry, the other party has been sending you these photos deliberately, just to make you mess up! But I What kind of person is brother, trying to mess with you with such a small trick, those guys are too naive!"

Not only is it useless...but it makes his brother's combat power and ferocity index explode, okay?

He had seen it once five years ago, and this time it was even crazier, one step after another, one pit after another, until the other party jumped in completely, and he was thrilled to watch from the beginning to the end!

"Besides, Selena is so fascinated by you, how can there be room for other people in her eyes!"

Hearing this sentence, Daniel regained the expression that a human being should have.

Saul hurriedly took the opportunity to say, "Brother, can I do it now? It's alright, is it alright?"

Daniel gave him a sideways look, "Wait until they sign a contract with Liang Deyun."

"Oh oh oh okay!" Saul replied while secretly wiping the cold sweat off his forehead, Dmn, it's too ruthless, risking the risk of his shares being overtaken to drain the last bit of flesh and blood from the other party.

At this time, Daniel's fingers that were lightly tapping the tabletop suddenly stopped, and he raised his head slightly, "It's time."

Saul looked at the time on his phone, sure enough.

A moment later, a hidden property under the Lu family.

On top of a sweeping green slope.

With a golf club in his hand, Saul swung it out, and then cheered, "Oh, I'm going! I'm so lucky today! Hole in one!"

As soon as the words fell, not far away, a tall middle-aged man in casual clothes was walking straight towards them.

Although the man was dressed in casual clothes, his straight back and vigorous strides were obviously different from ordinary people.

Zhuang Liaoyuan walked up to the two of them and stopped, without any nonsense, he directly asked, "Where's the thing?"

Daniel handed over a thumb-sized chip, "It's all here. It contains all the channels of their underground arms trade."

Surrounded by a huge golf course, there are only three of them in sight, so there is no need to worry about the danger of being eavesdropped.

"Are you sure the source is reliable?" Zhuang Liaoyuan took things over with a serious expression.

"Sure." Daniel said.

Zhuang Liaoyuan hesitated for a moment, and finally said: "Okay, I will pass it on for you, but what exactly the black cat will do, whether it will believe this information, is not within the scope of my rights, and I will not interfere."

Daniel: "Thank you."

In fact, Zhuang Liaoyuan's willingness to submit for him was already a guarantee in itself.

Zhuang Liaoyuan put away his things, glanced at the man, and changed the subject, "I heard you're on a blind date recently?"

"I have already reported to Selena about the delay." Daniel said frankly.

Zhuang Liaoyuan snorted coldly, "Don't think that our dealer is dead. The reason why I don't intervene in this matter is that I don't want Selena to be with you!"
