

Cruel Heart Lover Novel

Chapter 1711

After going through the long corridor, I came to a secret room.

There were two people, one big and one small lying on the stone bed in the secret room, they were Selena and Rick.

After searching for so long... finally found them...

"What about them..." Daniel approached with a trembling voice, and stretched out his hand to touch, but he didn't dare to touch the girl's scars all over her body.

The wound on Selena's body seemed to have been healed, but she could hardly feel her breathing, and Rick's body could be seen rising and falling slightly.

The man replied, "The little one is fine. I'm not good at dealing with children. I let him fall asleep temporarily. The big one..."

Daniel: "How about the big one?"

The man looked at the girl on the stone bed, sighed slightly, with a complicated look on his face, and after a while he considered his words and said, "I'm good at trauma, I can only save her for a while, you take her to the hospital for treatment immediately, and then I can't guarantee his life or death."

The man's words made Daniel vaguely feel an extremely ominous premonition, "Okay! Thank you!"

...

Huaguo, Imperial Hospital.

After a difficult night of searching, Daniel finally found Selena and Rick.

Yun Shen didn't go to the hospital together, but asked Annie to accompany her there.

Yan Ruyi and Lu Chongshan, who had been waiting for news at home, rushed to the hospital immediately, and Saul also rushed from the company.

"Daniel! Where's Little Treasure! Where's my Little Treasure! Where's Little Treasure?" Yan Ruyi's face was extremely pale and haggard, she grabbed Daniel's clothes tightly, and her blood-red eyes stared wide because of excessive panic. .

Lu Chongshan was gasping for breath, leaning on a cane to forcefully walk over, "How is Rick? Ah?"

Saul looked at Daniel standing in front of the operating room covered in a mess, his face was empty and dull, tears rolled down his face, "Brother, Rick, he could be..."

After a long while, Daniel finally said, "Rick is fine."

Hearing Daniel's words, Yan Ruyi, Lu Chongshan, and Saul were all stunned.

"What? Daniel, what did you just say?"

"Brother, do you think Rick is okay?"

"Daniel, tell me the truth, don't comfort mom! How is Rick? As long as he doesn't die! Even if he has only one breath left, I don't expect too much..."

...

Looking at the Lu family members who were asking anxiously, Karl, who was leaning against the wall and was upset, said, "Stop arguing, didn't you say you're all right? You're in the upstairs ward, go and see for yourself!"

After hearing this, Lu Chongshan and Yan Ruyi rushed upstairs to the ward with the support of Saul.

As soon as the three of them reached the door of the ward, they saw a doctor in a white coat coming out of the ward.

"Doctor! Doctor! How is our little treasure?"

It was the vice-principal who treated Rick. Seeing the two of them, he hurriedly said, "Mr. Lu, Mrs. Lu, don't worry, Sun Ping'an is safe. He just suffered some skin trauma. He is still in a coma at the moment." , will wake up soon."

Hearing the doctor's words, Yan Ruyi froze there for a moment, and couldn't believe her ears, "Doctor...doctor! What did you just say? You said Rick is fine? You said our Rick is fine?"

"Yes, you can visit him now, you can go in and see him." The vice president comforted.

"Okay... okay... I'll go now! I'll go now!"

The three rushed into the hospital, and they saw the little guy lying on the hospital bed.

As soon as Yan Ruyi grabbed the little guy's hand, feeling warm, he touched the little guy's beating heart and the steady and regular breathing of the tip of his nose, and finally believed that there was a real person in front of him...

"Little Treasure is alive... My little Treasure is still alive and well...God bless...God bless..." Yan Ruyi couldn't hold back any longer, she held Rick's hand and began to cry with sobs.

Lu Chongshan on the side was also so excited that he burst into tears. Originally, he thought that this time Rick would be a disaster, but he never dared to think that Rick would come back to their side...

Looking at the excited parents and Rick who was safe and sound on the hospital bed, Saul's expression became more and more ugly behind him, "Dad, Mom... I'll go downstairs to see my sister-in-law... Sister-in-law doesn't know what's wrong..."

Chapter 1712

"Yeah, and that girl..." Yan Ruyi also suddenly remembered.

"You take care of Rick, I'll go down and have a look." Lu Chongshan gave Rick a reluctant look, then touched the little guy's warm face, and then left with Saul, heading downstairs.

Yan Ruyi looked at the backs of the two leaving, with a worried look on her face.

...

When Lu Chongshan and Saul went downstairs, the red light in the operating room was on, and Selena was still inside to rescue them.

"How is that girl?" Lu Chongshan asked.

Daniel had been sitting on the cold bench since just now, with his head down, motionless, and he didn't respond to his father's words.

Karl next to him replied with a cold snort, "Arms, abdomen, left and right legs and calves were shot everywhere, the shoulder blade was crushed and fractured, three ribs were broken, and the head suffered..."

Every time Karl said a word, Lu Chongshan's face turned paler. He saw the girl's injury with his own eyes from the video, so how could he not be clear.

Saul didn't know what to say, so he could only walk up to Daniel, and put his palm on his stiff shoulders to comfort him, "Sister-in-law is lucky, she will be fine!"

Daniel still didn't respond.

Saul knew that he would not listen to any comfort at the moment, so after a few words of persuasion, he let him stay quietly.

My brother didn't speak, Karl was a powder keg, Saul was in a hurry, and when he saw Annie in the corner, he hurried over as if he saw a savior, "Hey, you are my sister-in-law's friend, that little girl named Annie God doctor!"

Annie nodded, looking blank and absent-minded.

"My sister-in-law...how is she? With you around, she will be fine, right?" Saul asked with a full face.

Annie glanced at him and replied flatly, "I can't help much."

No matter how powerful her methods are, she can't replace the modern medical system, not to mention that the mysterious man treated Karen perfectly. She thinks that even she can't do it so well. People, simply can't make it to the hospital.

After saying this, the girl said nothing, but continued to stare in the direction of the operating room.

Saul looked into Annie's eyes, and inexplicably saw an ominous sign deep in those eyes...

Time passed bit by bit...

The operation lasted from late at night until dawn.

At six o'clock in the morning, with a bang, the red light in the operating room dimmed, and the door of the operating room finally opened from the inside.

First two surgical assistants came out, followed by the chief surgeon.

The doctor was drenched in sweat, and the surgical gown was sticking to his body wetly. After he came out, he took off the mask on his face, showing a painful expression.

As soon as they saw the doctor's expression, everyone's heart skipped a beat subconsciously.

At this moment, Yan Ruyi had already rushed over, and she was chanting sutras and praying with her hands folded and her eyes closed. When she saw the doctor came out, she immediately went up and asked, "Doctor, how is the operation going? How is the child?"

Under the gaze of everyone, the doctor thought about his words and said, "I'm sorry, we tried our best to rescue and the operation was successful, but the patient was injured too badly, and he still couldn't wake up. The patient is no longer breathing spontaneously. Brainstem reflexes and brain waves disappear..."

Chapter 1713

Listening to the doctor's answer, everyone was stunned, unable to recover for a long time.

I don't know how long it took before Saul asked excitedly, "What's the involuntary breathing, what's the disappearance of the brainstem reflex... These Dmned descriptions... don't they describe the dead? Doctor, can you explain it more clearly?"

The chief surgeon is the dean himself. He knows how important this operation is, but he can only tell the truth at the moment, "The patient is now in a deep coma. At present, we can only use the ventilator and drugs to maintain the patient's vital signs. The support system is pulled out, and the patient dies instantly."

Following the doctor's words, the entire corridor fell into a dead silence.

Yan Ruyi suddenly sat down on the bench beside her with a pale face, "How could this be...how could this be..."

Daniel sat there like a statue, motionless.

The doctor said, paused, and looked at Daniel, "My condolences to the family, I'm sorry I still have to ask a routine question, should I...continue to maintain the patient's life, or...unplug the system...let the patient leave with peace of mind? go..."

"What about continuing to sustain the patient?"

After a long while, the air was dead silent, and no one spoke. Finally, Karl asked in a trembling voice.

"If you continue to maintain it...the so-called vegetative person may lie in bed for a lifetime. Generally speaking, even if it is maintained with machines and drugs, it can only last for more than ten years at most, because the patient's life will be weakened after a long time. Gradually degenerate..." The doctor replied with a sigh. Although this is considered alive, it is actually suffering.

Every time the doctor said a word, everyone's hearts became colder.

"Of course I will continue to maintain it. Even a vegetative person may wake up one day!!!" Saul hurriedly said.

The doctor nodded and said, "That's right. Although the chance of this is very small, there are many precedents."

"Then do you still need to ask? Of course we will continue to maintain it!" Saul directly made a decision.

The doctor looked a little uncertain, and finally turned to Daniel's direction and asked, "Boss Lu, what do you mean..."

Saul was still questioning his brother when he was seeing a doctor, and he was so anxious that asking his brother such a question, wouldn't he forcefully stab a knife in his heart?

I don't know how long it took, in the empty corridor, the man's hoarse and broken voice finally sounded: "Keep it up."

"Okay, I see." The doctor left with a sigh.

...

In the advanced ward.

At this moment, the girl who was always so free and easy like the wind was lying quietly on the bed, covered in bruises, lost all consciousness, and could only rely on the ventilator to maintain her life.

Daniel sat in front of the hospital bed expressionlessly, carefully took the girl's little hand covered with small scars, and gently lowered his head to press a kiss, as if he was afraid of disturbing her, even though he knew she might never wake up again. Come.

Selena... I'm sorry...

Forgive my selfishness...

i can't let you go...

sorry...

Outside the door, Yan Ruyi and Lu Chongshan did not go in due to self-blame and guilt, and watched the situation in the ward through the window with solemn expressions.

They saw that they were never serious and indifferent, and that the elder son, who never changed his face no matter how difficult it was, was holding the girl's hands at this moment, with his head buried and his shoulders trembling... Weeping uncontrollably...

Chapter 1714

This girl, they have always misunderstood her like that, doubted her, denied everything she did for Rick, and thought she would definitely hurt Rick.

But in the end, when Rick was in the most danger, she was the only one who protected Rick desperately.

In that situation, facing those sgumbags, she protected Rick and left him unscathed, but she was injured to such an extent that she might never wake up again...

The image of the girl still holding Rick and running at high speed even after being shot appeared in her mind, and the moment before the shell came, the girl's first reaction was still the scene of holding Rick firmly under her body, Yan Ruyi's His heart throbbed with guilt and regret.

What kind of pain and torture did this girl have to endure at that time to ensure that Rick was safe and sound?

Even if she doesn't understand, she can tell that the girl's skills are very good. With her skills, if she didn't bring Rick, she might be able to escape. What's

more, all these disasters have nothing to do with her, but for her Little Treasure did this.

She really likes Rick, loves Rick...

This kind of love is no less than a mother's love for her child!

How could a mother harm her own child?

Yan Ruyi looked at the girl covered in scars in the ward, and her whole body was overwhelmed by regret, "It's all my fault... I shouldn't have misunderstood that girl... the person Daniel trusts so much... the one Rick likes so much Man...why didn't I try to learn more about her then..."

If I had believed in Daniel and Rick...that girl... none of this would have happened...

Now that this girl has made it like this...how am I going to face Daniel...when Rick wakes up...how am I going to explain to Rick..."

Hearing his wife's sobs, Lu Chongshan stood there blankly, without saying a word, his hair had turned white overnight, as if he had aged ten years.

The grandson was rescued...

However, looking at the girl in the ward...

Their Lu family owes this girl too much, and they may not be able to repay it even if they try everything...

One wrong step, one wrong step, he almost killed his grandson because of his stubbornness and paranoia, but in the end he made another innocent person suffer all the consequences.

If possible, he would rather be the one who bears everything now, but now, nothing can be undone...

At the end of a quiet corridor.

Annie stood there in a daze for a long time before finally picking up her phone and making a call, "Hello..."

"How is she?" A man's hoarse voice came from the other end of the phone.

Annie was silent for a long time, and the person on the other end of the phone was also silent, without urging her.

Half a day later, the girl took a deep breath and said, "The operation has just ended. Although the operation was successful, Karen was too seriously injured to wake up. Currently, he can only be kept alive with a ventilator. If you are lucky, you may not know I'll wake up someday, or maybe... I won't wake up for the rest of my life..."

The girl's voice fell, and the other end of the phone was silent, and there was no response for a long time...

"Brother Shen?" Annie said worriedly.

"It's okay, you can stay over there, if you can help anything, please help." The man hung up the phone after finishing speaking.

In the darkness, the man stared blankly at the complex graph of strands on the flickering computer screen, and murmured softly, "Heh, these things... Let me give you this as a dowry... If you don't wake up, it will be cheap." woman..."

Chapter 1715

The sun rose, and its bright light filled the whole city.

The vigorous struggle between the eldest son and the illegitimate son of the Lu family, the battle between the Lu Group and Yilan Venture Capital, ended with the victory of the Lu Group.

Yilan Venture Capital had to sell a large number of shares in the Lu Group to pay off debts due to the heavy losses in the stocks of many important investments and the huge liquidated damages of the partners, and it completely quit the board of directors of the Lu Group overnight.

However, after all, this incident has shaken the foundation of the Lu family. There is still a lot to deal with, and there may be another counterattack at any time.

Saul seemed to grow up overnight. The former son who was always cynical and just passing by, now silently took care of everything, this dilapidated family, and the chaotic company...

Ever since Selena's operation was over, Daniel has been by the girl's side every step of the way.

Saul didn't start, covered his red eyes, then turned to look at the man in front of the hospital bed, and said seriously, "Brother, don't worry, I'm here at the company, and I'll take care of my parents... You...you just need to spend time with your sister-in-law...you don't have to think about anything else..."

He understood too well, understood how much pain and regret his brother should feel at this moment.

Until now, he still remembered that the moment before the bad news came, Daniel suddenly asked him to pick Selena up and put it within his sight.

I'm afraid he sensed danger at that time...

Daniel held the girl's hands tightly, and a bitter taste crossed the corner of his mouth.

Heh, what's the use of staying with her now...

Although he didn't want to admit it, he knew clearly that those photos and his jealousy towards that man eventually made him lose his reason and judgment in this matter. He wanted to solve all this, but ignored the most important thing. thing.

He kept telling her to wait... until all the dust settled...

But now, she couldn't see it...

If he can be a little more considerate, or none of this will happen...

Thinking of these, great despair and regret almost swallowed his whole body.

He was thinking, if he had been more considerate at that time, if he had been calmer and less aggressive, if he hadn't provoked her from the beginning...if he hadn't forced her into his own world...

She is so free and easy, so free, so passionate, and the person she likes is also the same as her...

However, for him, she folded her edges and corners little by little, folded her wings, changed herself little by little, wronged herself, until she risked her life...

"Perhaps... I was wrong from the beginning... I shouldn't have forced her to be with me..." At this moment, the man's tone faded away from all the arrogance and coldness, and his fragility seemed to be broken at the touch of a finger.

Saul had never seen such a fragile and decadent look as proud as Daniel, and his heart throbbed suddenly, "Brother, what nonsense are you talking about! Selena really likes you, okay?"

Saul was anxious and was about to comfort him when his phone rang suddenly. It was Yan Ruyi calling.

"Hey, Mom, what's the matter?"

"Hey, Saul, come over quickly, it's best to let your brother come over quickly, Rick woke up..." Yan Ruyi's panicked voice came from the other end of the phone.

Saul's face tightened immediately, "Rick is awake? Okay, I'll be right there!"

Chapter 1716

Downstairs, in the ward.

"Rick...wake up... Are you hungry? What do you want to eat? Grandma has someone make it for you!"

"Little Treasure, is there any discomfort on your body? Tell Grandpa!"

...

Yan Ruyi and Lu Chongshan carefully helped Rick up, and stood in front of the hospital bed, talking to each other and asking nervously.

On the hospital bed, the little guy had already changed into clean hospital clothes, and sat there quietly, with a small Band-Aid on the scratch on the back of his hand, no expression on his pale little face, his eyes slowly falling On Yan Ruyi and Lu Chongshan who had been talking to him.

This is what Saul and Daniel saw when they rushed over.

The two old men had been talking to their children worryingly, and Rick, who was surrounded by them, sat quietly on the bed, his little face was expressionless, his eyes were like a pool of stagnant water, without any brilliance in it, as if only a shell remained. it's here.

"Saul, Daniel... Come and take a look at Rick! What's wrong with Rick? After waking up, he's been in a daze without any response! He doesn't even answer!" Yan Ruyi's face was full. panic.

Saul walked over to hug the little guy, and patted him on the shoulder, "Rick, don't be afraid, it's fine, you're safe, and no bad guy will hurt you again! Look, grandpa, grandma, and We are all here! Everyone will protect you!"

At this time, the door was pushed open, and Xing Wu hurried in with several layers of food boxes, "Ma'am, the food is ready!"

"Okay, bring it here quickly!" Yan Ruyi hurriedly took it over, "Rick, I must be hungry after not eating for so long, would you like something to eat?"

"Yes, yes, yes, eat something first!"

Several people were busy for most of the day, but no matter what they said or did, the little guy on the hospital bed looked numb and never responded.

Yan Ruyi's hand holding the food box trembled, and burst into tears, "What can I do..."

Lu Chongshan closed his eyes, his face full of depression.

After all, he still harmed Rick...

Originally, under the patient company of that girl, Little Treasure had fully recovered, and he had become so lively, terrifying, so clever, but now he abruptly turned into a worse appearance than before...

Saul said with red eyes, "Little Treasure must know. He knows that Selena is for him...he doesn't want to wake up, so he can not face these things..."

In the ward, the atmosphere was stagnant.

After an unknown amount of time, Daniel, who hadn't said anything, walked to the hospital bed, silently looked at his son with empty eyes, "I'll take you to see her."

Yan Ruyi became anxious when she heard it, and said in a low voice, "How can I do that!"

Lu Chongshan also frowned and said, "Little Treasure has been frightened so much, the situation is bad enough now, if you see that girl like this..."

Daniel leaned over and picked up his son on the hospital bed, "Sooner or later he will have to face it."

"But... this is too cruel..." Although Yan Ruyi knew that this matter could not be concealed, she still couldn't bear it.

Daniel carried his son back upstairs to Selena's ward.

At the door, Daniel gently put his son down.

The little guy stood at the door, his eyes mechanically fell on the hospital bed in the middle of the room.

Lying on the hospital bed was a woman with a pale face, bandages all over her body, a respirator on her face, and countless complicated threads and tubes attached to her body, which looked terrible.

The scary person lying on the hospital bed was his mother.

Chapter 1717

Lu Chongshan, Yan Ruyi, and Saul all looked at Rick nervously, for fear that he would lose control of his emotions when he saw this scene, and even made the doctor prepare for it.

However, what awaits them is a situation worse than emotional breakdown and loss of control.

Even after seeing Selena, the little guy still didn't react at all, the dull expression on his face was exactly the same as before, without any change.

What they were most worried about... still happened...

The child saw Selena being shot and injured with his own eyes, and was knocked unconscious by Selena under the extreme panic and ominous premonition. It was even possible that he had woken up in Selena's arms covered in blood at the last moment...

In his subconscious mind, maybe Selena was already dead.

So he also exists in that world forever along with his dead mother.

Looking at the grandson who was as emotionless as a wooden man and did not respond to the outside world, Yan Ruyi and Lu Chongshan's faces were full of despair.

It was because of Selena that Rick came out.

But this time, without Selena, who else could make Rick come out of the shadows for the second time?

Saul, who was behind him, was in a hurry, walked over quickly, picked up Rick, walked to Selena's hospital bed, placed Rick on the edge of Selena's bed, and led his little hand to gently touch Selena cheek, "Baby, look, it's mom!"

However, the little guy is like a puppet on a string, being mechanically manipulated...

Saul's heart sank to the bottom, and he hugged the little guy in his arms with great distress, "Little Treasure, wake up..."

At this time, Daniel's cold and deep voice sounded in the ward: "She was shot in the arms, abdomen, and legs, her shoulder blade was shattered, and three ribs were broken..."

Hearing Daniel's words, Yan Ruyi and Lu Chongshan on the side suddenly showed nervous expressions. They didn't understand why their son said these things to continue to stimulate Rick, so they quickly pulled him secretly to try to stop them.

However, Daniel continued to speak without hesitation, "She is currently in PVS, that is, in a vegetable state. Because of the serious injuries, although she saved her life, she may not wake up for the rest of her life."

Speaking of this, Daniel looked at his son whose back was tensing up, knowing that he had heard his own words, "Of course, it may suddenly wake up one day. This needs the people she cares about, the closest, and the most loved people to be with her all the time." Be there for her, call her, protect her.

Your mother worked so hard to protect you. If you have the heart to let her lie there for the rest of her life, if you have the heart to let her sacrifice her life for such a bad you, then you can continue like this. "

Daniel paused, then said, "Rick, Mom needs you."

The moment Daniel finished speaking, the little guy's empty gaze finally changed, and the little hand covering Selena's cheek moved slightly.

Yan Ru complained that Rick suddenly stared at the food box in his hand, and hurried over, "Rick, do you want to eat?"

Rick stared blankly at the food in Yan Ruyi's hand, and nodded.

Seeing Rick finally reacted, Yan Ruyi was overjoyed, and Lu Chongshan and Saul also breathed a sigh of relief.

"Come on, Rick, let's have some porridge first! This porridge is very sticky and fragrant!"

Rick picked up the porridge bowl by himself, and quickly drank less than half of the bowl as if he was very hungry.

"Drink slowly, drink slowly, and..."

Rick drank two bowls in a row before stopping, then quickly turned around, crawled to lie down next to Selena, took his mother's hand, and stroked his chubby belly.

Mom, get up and have a look, Rick is fine, Rick is very good...

Chapter 1718

off home.

"How is it? Did you find out? What's the situation?" Seeing her son's return, Guan's mother asked eagerly.

Guan Ziyao on the side also looked over nervously, "Brother, how are Rick and that woman doing?"

Guan Mu muttered with an unfriendly expression, "This life is too big, it can be saved like this!"

Guan Rui sat there unhurriedly, "What are you in a hurry for? Listen to Zihao speak slowly!"

Guan Zihao took off his coat, drank half a cup of tea, and replied, "Mom, Ziyao, don't worry, although the person was rescued, the result is the same, these two people have no threat to us anymore! "

"No more threats? What do you mean...was it disabled by those people? I heard that those people are all desperadoes, and they are the best at torturing people one by one!" Guan Mu asked.

"It's more serious than that. That vixen has directly become a vegetable. As for Daniel's illegitimate son, I asked the people in the hospital. It is said that he was too frightened. After waking up, he didn't speak or eat or drink. Like a wooden man, the situation is worse than before, and it is basically useless!" Guan Zihao explained to them in detail.

Hearing this, Guan's father and mother were all overjoyed, "Are you serious? Is the news reliable?"

"Of course it's reliable! Later, you can prepare to go over there to visit the sick and take care of the situation!" Guan Zihao said firmly.

When Guan Ziyao heard this, his expression immediately relaxed, but he was still a bit worried, "If you are in a vegetable state, it is possible to wake up, right?"

Guan's mother was also anxious, "Yes, yes, what if that woman wakes up? That little b!tch is very capable, if she wakes up and coaxes Rick well again, wouldn't all previous efforts be for naught?"

Guan Zihao said nonchalantly, "How can it be so easy to wake up in a vegetable? Besides, that woman was seriously injured, so the chance of waking up is very small! Even if she is lucky, maybe it will be ten or eight years later, and Daniel is not Stupid, would you waste a lot of time waiting for a vegetable? Even if he is willing, it depends on whether Lu Chongshan and Yan Ruyi are willing!"

"I'm afraid... the night is long and the dream is full..." Guan Rui pondered, then looked at his wife and Guan Ziyao and said, "Ziyao, you and your mother are going to the hospital now, first to check the situation, and second The meaning over there!"

Guan Ziyao subconsciously touched the unhealed scratches on her body, with a gloomy expression, a little reluctant, "Shall I go now? But Aunt Lu has such a big opinion on me, last time..."

Guan's mother hurriedly took her daughter's hand and persuaded, "Didn't Mom tell you last time? This is all temporary. When you give birth to a big fat boy for the Lu family, everything will be resolved! Now you just bear with it, No matter what Yan Ruyi thinks, at a time like this, we have to express our attitude, you have to convince her that you did it unintentionally, and you are also very guilty, and you must never let her think that you deliberately harmed Rick... .."

Obviously Guan's mother also knows that this is the biggest taboo of the Lu family, and she must never touch it, otherwise there will be no chance at all.

Guan Rui nodded, "Your mother is right, Ziyao, go, if you can't bear it, you will make trouble!"

At this moment, Guan Zhichen rushed out of the room, "I'll go too! I'll go too! Is that little dumb kid becoming an idiot again? I want to see it!"

"Don't mess around, what are you going to do, don't irritate others again!"

Chapter 1719

Imperial Hospital.

The elevator door opened, and just as Guan Mu and Guan Ziyao got out of the elevator, they saw a person standing at the end of the corridor wiping tears. It was Yan Ruyi.

"Sister-in-law! Are you alright?" Mother Guan greeted her with a concerned face.

Guan Ziyao didn't dare to get too close, standing behind Guan's mother, her pale face was full of guilt, "Aunt Lu, how is Rick?"

Yan Ruyi hurriedly suppressed her tears, regained her normal expression, looked at the two of them and replied, "Rick has woken up, but luckily he was not injured, just a little frightened."

At this moment, Yan Ruyi was completely different from the shrew who had no image at all last night, and she was back to that noble and elegant wealthy lady.

Guan Mu and Guan Ziyao looked at each other, frightened? no surprise...

"As long as people are fine, it's fine..." Mother Guan patted her chest with a happy expression, then pulled Guan Ziyao to apologize again, "Sister-in-law, I'm really sorry about what happened this time. You and Big Brother Lu are right to blame you, Ziyao has been suffering too, and after returning home, she blamed herself so much that she didn't even think about eating or drinking, and didn't even drink a sip of water!"

Seeing Guan Ziyao's pale and haggard face, Yan Ruyi sighed and said, "I'm the one who should say I'm sorry. I was too impulsive last night. Ziyao, I'm sorry, is your body still hurting?"

Seeing that Yan Ruyi changed her attitude, Guan Ziyao's eyes suddenly lit up secretly, "Auntie, I'm fine! As long as you forgive me, I can do anything! I can help take care of Rick!"

Yan Ruyi politely declined, "Auntie is very grateful that you have such a heart, but there is no need, Rick is already taken care of by someone."

Hearing Yan Ruyi's evasive attitude, Guan Mu and Guan Ziyao were already more sure about the situation of their brother's inquiry.

Guan Mu comforted Yan Ruyi again, and seeing that Yan Ruyi's attitude had softened, she took the opportunity to testify and said, "Sister-in-law, as the saying goes, there are blessings after death, and now the company is fine, and Rick has been rescued. In the future, it will definitely be extremely happy! But, so many things have happened, it's still a bit unlucky, and it needs some happy events to rush, don't you think?"

Yan Ruyi paused when she heard the words, and immediately understood what Guan Mu meant.

Originally, she was still thinking about finding a suitable opportunity to speak about this matter in the future, but since she had already mentioned it, she didn't want to procrastinate any longer.

So, after thinking for a while, Yan Ruyi looked at Guan's mother and said, "Sister and sister, the reason why I don't blame Ziyao is because Ziyao is not relative after all, and I have no right to ask her to do something for our little one. Whatever Bao did, under the circumstances at that time, if Ziyao did something, it was very likely that even she would be implicated, so I don't blame her."

Hearing Yan Ruyi's words, she seemed to want to separate herself from the relationship, Guan Mu's face changed suddenly, and Guan Ziyao frowned.

Yan Ruyi looked at the two of them, and continued, "And that girl Selena...you can say...this time...our Little Treasure's life was saved by her! She exchanged her life for it!"

As Yan Ruyi said, her eyes couldn't help but turn sour, and she continued to speak after a while, "You have to be conscientious in life, if I get to this point, I still misunderstand her and stop her from being with Daniel, it would be too chilling Already!"

Amidst the slightly changed faces of Guan Mu and Guan Ziyao, Yan Ruyi finally said: "So, no matter what will happen to this girl, whether she can wake up, this daughter-in-law, I'm sure!"

Chapter 1720

After Yan Ruyi finished saying this, Guan Mu and Guan Ziyao froze there, their faces full of disbelief, as if they had never expected Yan Ruyi to say such a thing.

"To tell you the truth, that girl is seriously injured, and she may not be able to wake up for the rest of her life..."

At this time, asking her to force her son to marry another woman, wouldn't that stab a knife in his heart? How could she have the heart to do such a thing?

Even if it wasn't for her son, she couldn't do it for Rick!

Guan's mother never expected that this incident would cause such a big change in Yan Ruyi's attitude, and it took her a long time to calm down and say, "Sister-in-law, I understand your thoughts, but...but you can't just because Ashamed, let Daniel marry a vegetable and make a decision that may harm the child for the rest of his life!"

Yan Ruyi smiled wryly, "If I force him to marry someone he doesn't like at a time like this, I'll ruin his life..."

As Yan Ruyi said, she looked at the other party apologetically, and then said, "Sister and sister, you know that I have always liked Ziyao very much. I originally thought that I hope Ziyao can develop a relationship with Daniel ...But the result is still...I am also very sorry...Daniel only has that girl in his heart now, and under such circumstances, letting Daniel reluctantly stay with Ziyao is also irresponsible to Ziyao!"

Yan Ruyi looked at Guan Ziyao as she spoke, and sighed, "Ziyao, you are a good girl, but our Lu family is unlucky!"

Guan Ziyao's face was even paler than before, she bit her lip and didn't say a word.

Yan Ruyi would rather let Daniel marry a vegetable than Daniel marry her?

Selena has become like this... She even lost to her?

Is it because that woman saved Rick?

Yan Ruyi's words have reached this point, Guan's mother is naturally anxious, "Sister-in-law, I think there are some things that cannot be concluded so easily. How do you know that Rick must be saved by that woman? She can be saved by a woman. What to do? Just follow the past and not get in the way!"

Hearing Guan's mother's questioning, Yan Ruyi's always gentle expression suddenly became a little ugly, "Siblings, don't worry, I've found out about this matter!"

After Yan Ruyi finished speaking, she laughed at herself. At this moment, she was dissatisfied with other people's doubts about Selena, but she didn't want...the person who had been questioning her before was herself...

Guan's mother couldn't find any other words to refute for a while, so she could only frown and say, "Sister-in-law, I think you should think carefully about this matter! After all, this is related to the child's lifelong happiness! The child is self-willed, you can't follow along Willful!"

Yan Ruyi smiled, "I've been rational all my life, and occasionally I want to let myself go. Brother and sister, Ziyao, thank you for coming here to care. I have to take care of Rick, so I won't accompany you any longer."

It wasn't until Yan Ruyi politely issued the order to evict the guest that Guan's mother took Guan Ziyao away from the hospital with a dark face and unwillingness.

After sending off Guan Mu and Guan Ziyao, Yan Ruyi just turned around when she saw Lu Chongshan standing not far behind her.

Seeing Lu Chongshan, Yan Ruyi was taken aback, "Did you hear that?"

Lu Chongshan didn't say anything, it was a tacit agreement.

Yan Ruyi's expression suddenly turned cold, and she looked at him coldly: "What? Do you want to ask the teacher to ask the crime?"

Lu Chongshan looked at his wife's stern look, and sighed long, "In your eyes... am I really that unreasonable?"
