## Chapter 176

"You want to terminate the contract?" Janice finally changed her face, but she quickly calmed down, "Selena, don't threaten me with the termination of the contract. Do you know how much liquidated damages are? Your contract with the company is still four years away. Two million a year, a total of eight million!"

Selena gave the lawyer next to her a look.

The lawyer took out a black box with a blank expression, and when he opened it, it was full of money, cash!

Selena pushed the box in front of Janice, "Here is eight million, do you want some?"

"You..." Janice stared dumbfounded at the cash, "Where did you get so much money?"

Selena looked impatient, "This doesn't seem to have anything to do with you, does it?"

"Oh, didn't you just sleep here! What arrogance! You think eight million is enough!" Janice threw her a thick stack of contract termination agreements after speaking, which seemed to be well prepared.

Selena took the agreement, glanced at it, and the more she looked at it, the more amusing she became, "Sister Chang, why don't I know I'm so valuable?"

Sixty million liquidated damages! Why didn't this woman go grab it?

She knew that it was not so easy to terminate the contract, and these people would definitely try to make things difficult for her.

Janice regained her composure, "This is assessed by our professional lawyers. The agreement has made it very clear. In addition to the 8 million liquidated damages, there is also the loss that your incident has brought to the company. !

Because of you, our project was put on hold, our investment was interrupted, and our most profitable actor was seriously injured... All in all, this is already the lowest! If you can't get the money out, then we'll see you in court! "

Selena frowned when she heard this, she didn't know how this lawyer Chen was doing and whether he could handle it well...

Lawyer Chen just glanced at it briefly, his expression was still cold and solemn, and he could not see any emotional ups and downs.

Seeing Selena's hesitation, Janice immediately took the opportunity to soften her tone and said, "Selena, think carefully about it, do you really have to terminate the contract? In fact, we can discuss this matter. If you don't want to take "Laughing Spring Breeze" ", we can arrange other things for you, I have a few scripts on hand, they are all big projects, you can choose."

Selena sneered in her heart, what a big project, it must be a change of soup but not medicine!

Susie didn't want her to leave Empire so much, she just hoped that she would stay under her nose and be shackled by her for the rest of her life, even fearing that she would give in and return to Ning's house if she was in a hurry...

At this time, there was a knock on the door, and it was Empire's lawyer who came.

And three came at once.

One of them, Selena, also knew Cai Yingyong, a senior lawyer and consultant of the Ning Group.

Depend on! Susie was sincerely trying to kill her!

Selena looked at the lonely Lawyer Chen beside her, and felt even more uncertain.

After Janice gained support, she folded her arms around her chest, her face full of arrogance, "Selena, there is still time for you to change your mind."

There is a specialization in surgery, and Selena really doesn't understand this area of knowledge, so she can only look to Lawyer Chen.

Lawyer Chen... still remained silent.

Selena was dying of anxiety by the side, isn't the necessary skill for a lawyer to be able to speak eloquently? Why is this not only facial paralyzed, but also dumb? Will it work?

However...

What happened next, for Selena, was like watching a fantasy drama.

Lawyer Chen stood up slowly, took out a stack of documents from his briefcase, and finally said: "First, as far as I know, your company's divestment is to threaten the crew and has nothing to do with my client;

Second, Ning's International has nothing to do with my client, and any of his losses should not be counted on my client;

Third, your company's employees were injured on the set, and should be jointly borne by your company, the set, and the insurance company. My client should not bear any responsibility if I have not been convicted in court.

Moreover, according to your company's Ms. Susie's determination of the injury, it is only a mild skin trauma, and we should pay a maximum of 252 yuan and 40 cents. Other extra expenses such as advanced wards and maintenance should not be borne by my client... "

Lawyer Chen was one against three, speaking at a rapid rate, and spoke for half an hour without panting. The three lawyers on the opposite side were speechless and sweating, and successfully terminated the contract for her. Except for the 8 million, I didn't spend a penny...

Oh no, it cost an extra two hundred and fifty-two yuan and four cents...

## **Chapter 177**

The final result was that the other party was willing to reconcile directly and privately, and dared not even mention the three words of going to court.

Selena's face was full of bewilderment. Could it be that Lawyer Chen's skills were cooling down just now, and he was waiting to accumulate energy to enlarge his moves?

Janice was more confused than her.

Also confused were the three lawyers opposite.

Just when Selena and Lawyer Chen were about to get up and leave, Cai Yingyong, the lawyer from Ning's family opposite, suddenly stood up excitedly, looked at Lawyer Chen with a look of surprise and asked, "Wait! Let me ask you a question! Could you... ...Are you Lawyer Chen Jingchen?"

The other two lawyers next to me were startled when they heard this, "What...Chen Jing? Which Chen Jing? It's...Could it be Chen Dazhang!"

Just now they didn't pay attention to the boring lawyer Selena invited, so they didn't ask his identity, but now the more they think about it, the more something is wrong.

Although they haven't met Chen Jing himself, they have heard about his style for a long time.

People who usually cherish words like gold and don't know much about words think he is dumb, but once he starts working, it's like turning on the crazy mode, the speech is fast, the logic is clear, the words are like blades, and the combat power is explosive...

Lawyer Chen ignored Cai Yingyong and walked out of the conference room without pausing.

behind.

Janice sat down on the chair with a face ashamed.

It's over!

Susie urged Selena not to terminate the contract, but now, everything is screwed up.

The lawyer Selena invited was Chen Dazhuang, the number one gold medal lawyer in the capital?

Why did Chen Dazhuang come to talk to Selena about a small contract termination?

You must know that this lawyer bills by the minute, and it is astronomical to hire him!

Could it be... Could it be that Lawyer Chen is Selena's benefactor?

...

Selena couldn't recover until she walked out of the Empire Building. She never expected that this seemingly boring and paralyzed lawyer would be so tough.

Are all the lawyers in Shengshi Entertainment's legal department so powerful?

I was immersed in admiration, and suddenly a large group of reporters rushed up from the door...

"Selena! Selena! Did you come back this time to surrender yourself?"

"What do you want to say about the deliberate murder of Susie?"

"Susie has always generously expressed that as long as you apologize, she is willing to give you a chance to reform. Are you ashamed?"

"May I ask if you planned what happened to Jia Qingqing last time?"

"I heard that Empire Entertainment is going to terminate your contract and ban you, is it true?"

...

Those reporters squeezed on Selena like crazy. Selena's two fists were no match for four hands. It's not easy to fight with the reporters in this situation. She was trying to get away when suddenly five training sessions rushed out from nowhere. The experienced bodyguards in black took control of the scene in less than ten seconds, protecting Selena tightly in the middle.

The reporters looked at each other.

what happened?

Where did these people come from?

Where did Selena, a troubled little entertainer with no power, no background, get a bodyguard? Pay it back and it will be five!

Because they didn't want to bring gossip and trouble to Selena, this time the bodyguards didn't have the Lu clan badge on them, but it was enough to scare those bullying reporters.

Selena stopped in her tracks through the bodyguards, and said calmly to all the reporters, "First, I am innocent, I don't need to surrender, and I have no reason to be ashamed; second, what happened to Jia Qingqing has already been made clear. , please don't confuse the public, otherwise it's slander; third, I did terminate the contract with Empire, just now, but I proposed it, not being terminated. Fourth, want to block me? Then try."

## **Chapter 178**

After saying this, ignoring the uproar behind her, Selena directly got into the black car that was parked.

Fortunately, Daniel's arrangements were strict. He probably expected to be surrounded by reporters today, and the bodyguards and drivers showed up in such a timely manner.

"Miss Xi, where are you going next?" the driver asked.

"Go home." Selena paused, and then couldn't help asking, "Why do you all call me Miss Xi instead of Miss Ning?"

Thinking about it carefully, no matter if it was the servants of the Lu residence or the subordinates around Daniel, they all seemed to call her Miss Xi, Miss Selena...

"Boss Lu told me." The driver replied.

"so..."

This man is too careful... Maybe it's because he knows she doesn't like the surname Ning!

At the same time, Lu Zhai.

Saul slumped on the sofa like a dead fish, "Brother! You've been picking for a whole day! There are so many excellent agents in our company, and you haven't taken a fancy to any of them? How about Lei Ming? He's been in the business for a long time. Experienced and experienced, he has contacts in domestic and foreign circles, and he is also familiar with Selena!"

Daniel: "He's Louis's manager."

Saul: "Okay... what about Hao Shuai? This has nothing to do with Louis, right?"

Daniel: "No men."

The corners of Saul's mouth twitched slightly, "Then Ye Shenglan! Gold broker! Professional skills are solid!"

Daniel: "This person's sexual orientation is unknown."

"Pfft... there are rumors that she seems to like women, I'll fcuk you, bro, you know too much in detail!" Saul was overwhelmed, "Then Zhao Meixin is the head office? Women, have a boyfriend, Su Yimo's manager, our company's performance last year was No. 1!"

Daniel: "The character is not good."

Saul was completely speechless, "The emperor's choice of concubine is not as troublesome as you are! Then what do you want?"

Daniel pondered for a moment, then asked, "Why didn't you give me Ling Zhizhi's information?"

"Ling Zhizhi is on vacation. She said she won't be bringing any newcomers in the short term. I guess it's to avoid Louis's tsk tsk..."

"Just her." Daniel made a final decision.

"Uh...brother, you're too cloudy..." Saul couldn't help but mourn for Louis in his heart, and began to mourn for himself when it was over, "You're really going to give me a problem! Lin Zhizhi even said that she won't bring newcomers!"

The two were discussing when Selena came back outside the door...

"I'm back! Is anyone home?"

As soon as the words fell, a soft little bun hugged one of his calves, and the little bun had a sad expression on his face that "not seeing each other for three hours is like three autumns".

Selena hugged the little bun who had been cuddling for a long time, and then smiled.

"I'm back, is the contract termination going well?" Daniel got up and walked over to ask.

As soon as Selena mentioned this, her face was full of excitement, "It went very smoothly. The lawyer arranged by the company is very good. They will fight against all the heroes with one enemy and three! Originally, Janice opened her mouth and wanted to extort 60 million from me, but in the end I got one point." No money was spent! No, it only cost Susie 250 yuan more for medical expenses! It's so handsome! Are all the lawyers in Shengshi Legal Department so good? I heard they all call him Chen Dazhang..."

At this time, Saul who was behind him said softly, "What is a lawyer from Shengshi Legal Department, Chen Jing is the senior legal advisor of the Lu Group!"

"Pfft..." Selena sputtered in shock, and looked at Daniel in disbelief, "Daniel, you asked your royal lawyer, who has frequently filed hundreds of millions of economic lawsuits, to help me with this small case of eight million?"

## Chapter 179

This is simply the sense of sight that the emperor sent a national teacher to help her a grassroots family to fight a small lawsuit like a pig being stolen at home...

"Just in case." Daniel replied calmly.

As long as it is her business, there is no small matter.

Selena didn't want to say anything anymore, the big devil's actions are always so extraordinary.

"Have you read the contract I gave you this morning?" Daniel asked.

Selena scratched her hair, "It's so thick, it makes my head grow big. Anyway, I scanned it roughly and signed it. I'll bring it to you later!"

Daniel raised his brows slightly, "You're so assured of me?"

Selena spread her hands: "At worst, I'll sell it to you and count the money for you!"

Daniel smiled dotingly.

Saul: Oh my dog eyes! Going blind! There is no way to stay in this home.

"If there are no accidents, you can report to the company the day after tomorrow, and you can rest at home tomorrow." Daniel said.

"Oh, yes!" Selena nodded.

Saul wanted to smash his head when he heard it, the day after tomorrow? Wouldn't that just give him one day to convince Ling Zhizhi?

It's so inhumane!

Daniel seemed to have noticed the little complaint in Saul's heart, looked at him and said, "You can go on vacation after this matter is over."

"Okay! I'll go right away!" Saul came back to life on the spot.

—

That night, in the ward of the First People's Hospital of the Imperial Capital.

Susie was staring at the woman on the TV screen.

Outside the gate of Empire Building, Selena who appeared after disappearing for many days was not only not weak and haggard, but radiant. Surrounded by five bodyguards in black, she faced the reporters' siege with a dignified expression: "First, I have no Sin, there is no need to surrender, and there is no reason to be ashamed; second, Jia Qingqing's matter... Fourth, want to ban me? Then try."

Hearing the last sentence, Susie slammed the desk lamp next to her violently, the screen sizzled and smoked for a while, and then went black all of a sudden.

"Janice! What's the matter with you? Forget about Cui Caijing, you also made such a low-level mistake? How did I tell you that she must not be terminated!"

Janice has long been used to Susie's temperament of only scolding others when something happens, but her face is still dark now, "I told you a long time ago, with Selena's conditions, if she finds someone Powerful and powerful benefactor, even I can't hold her down! You have pushed her to this point, and this result is actually expected..."

"Are you going to let me just watch her turn over like this? I paid such a high price! And I spent eight million in vain!" Susie was hysterical, unable to accept these repeated accidents.

"Susie, things are not as bad as you think. Selena's reputation in this circle is completely rotten. Even if she finds a financial backer, she can't recover. Besides, who would dare to use her, the artist that Empire ordered to ban? She In this line also come to an end!

Not only that, but think about it, she made such a big fuss, threw out 8 million casually, and was picked up by bodyguards in luxury cars, who doesn't know that she is being adopted? Will the Ning family still treat her well in the future? Can she still enter the circle of high society? "

Hearing this, Susie's anger finally eased a bit, "Have you explained everything to the navy?"

"Don't worry, I'll explain the matter as soon as it comes out, and even if we don't do anything about it, those reporters will definitely write about it!" Janice said in a firm tone.

## **Chapter 180**

Susie glanced at the latest headlines on her mobile phone, and saw that the screen was full of "Selena uttered wild words", "Selena is suspected of being adopted", "Selena refuses to plead guilty and will not repent", so she felt relieved: " Alright, you stabilize the public opinion, and there must be no more problems!"

As soon as the voice fell, there was a knock on the door of “dong dong dong”.

Susie immediately winked at Janice nervously.

Janice hurriedly cleaned up the smashed desk lamp, covered the TV with a dust cloth, and then opened the door.

Outside the door, Roman was surprised to see Janice appearing in Susie’s ward at this time, “Are you talking about something?”

“I just discussed something with Sister Chang about work, and we’ve finished talking. Roman, why are you here so late?” Susie changed the subject.

“Then you guys talk, I’ll leave first!” Janice said goodbye, and met Susie’s eyes before leaving.

Roman didn’t notice the interaction between the two of them, pinching the space between his eyebrows, his face looked a little gloomy.

Susie looked at him and asked tentatively, “Is it because of Selena?”

Roman didn’t speak.

Susie bit her lip, her body trembling slightly, “Roman, are you blaming me? Blame me for pushing Selena to this point?”

Roman sighed, “You, you just love to think wildly. It was her fault in the first place. How could I blame you? I just... blame myself... It’s because I didn’t deal with all this well that I let her go to where she is today.” This level...”

“I didn’t expect that she would rather sell her body than apologize to me...Why does she hate me so much? What should I do to calm her down? Do I really have to leave you?” Susie Face full of pain.

Roman's face immediately changed, and he said with a serious expression: "Susie, you are not allowed to say such things. We finally got together. Are you going to give up because of this?"

Susie hurriedly snuggled into his arms, with a panicked expression, "I'm sorry, I won't be anymore, I'm just afraid that you will regret it, regret being with me..."

Roman was stunned, and then said firmly, "I have never regretted it."

The two were talking when the knock on the door rang again.

Roman went to open the door, and unexpectedly saw Ning Yaohua and Zhuang Lingyu, "Uncle and aunt..."

"Dad, Mom... why are you here?" Susie showed surprise, and hurriedly got out of bed to meet them.

Zhuang Lingyu pressed her shoulders, "Don't move, you are hurt, lie down well. We have nothing to do, we just came to see you!"

Ning Yaohua's face was dark: "Susie, don't worry, I'm here to tell you, I will definitely seek justice for you in this matter, even if I tie her up, I will tie her up to apologize to you!"

Susie's eyes were moist, "Thank you, Mom and Dad. Actually, I don't care. I just hope that my sister can find her way back. Her appearance like this will ruin my whole life!"

Zhuang Lingyu's face was extremely ugly, "I didn't expect her to do such a shameless thing, what kind of evil did our Ning family do! If we had known that we shouldn't have brought her back in the first place, it was enough for us to have Susie, The old man insisted on not listening, now it's all right..."

Ning Yaohua looked irritable, "Okay, stop shouting, I will take care of this matter. Also, don't let the old man know about this!"

Now is the critical period for him to compete with his second child for the right to inherit.
