Chapter 1771

Lin Zhizhi sighed softly, "Yes! Selena is really a born actress!"

To reach such a height in such a short period of time, it is no wonder that the entire entertainment circle was so sensationalized and shocked.

Lin Zhizhi hesitated for a moment, then looked at Daniel and said, "Boss Lu, the current situation... can no longer be suppressed... Shall we follow our previous plan? Announce Selena's situation?"

After Ling Zhizhi finished speaking, the air fell silent.

I don't know how long it took before Saul frowned and said first, "I suggest not. Brother, you don't know the entertainment industry, so you feel that with Selena's character, you should tell the fans the truth.

But, in fact, they don't know that Selena's condition is okay now. Once they know, she is in a vegetable state, with such a serious injury, how did this injury come about? Which hospital is Selena in now? Those media and paparazzi will dig like locusts, and even the sanatorium is likely to be dug out by them all day long, and once the banker is involved, things will become more complicated, and all kinds of terrible rumors will fly in the sky... "

Ling Zhizhi said with a solemn expression, "Second Young Master's words are correct, and this is exactly what I'm worried about, so I came here today to discuss it with you."

Saul considered his words for a while, then looked at Daniel and suggested, "Brother, let's deal with it coldly. We don't make any response here, and let time smooth this matter out. A high-ranking artist in the entertainment circle

who suddenly retired and disappeared It's not impossible, it will indeed attract a lot of attention in a short period of time, but the public's attention is also limited, and after a long time, it will naturally be diverted by other things."

Ling Zhizhi nodded: "Yes, after a long time, we can't find the reason, so most people will think that Selena has retired. No matter what personal reason they guess, the consequences will not be too serious."

After a while, Daniel finally spoke and agreed with the two of them: "Do as you say."

Ling Zhizhi immediately nodded, "Okay."

The three discussed for a while based on the specific details.

Saul had been on his mind since just now, and when the discussion was almost done, he hesitated, looked at Daniel and said, "Brother, actually... there is another way..."

Daniel and Ling Zhizhi looked at Saul at the same time.

Saul reminded, "Have you forgotten about Su Yimo in the prison? Her face can almost be mistaken for the real one. If we hadn't caught her last time, everyone would have been fooled by her and used her to replace Selena. For a period of time, as long as it is arranged properly, it will be completely fine."

Lin Zhizhi didn't speak when she heard the words, but frowned slightly. There was indeed nothing wrong with Saul's suggestion, but...

For a moment, Saul and Lin Zhizhi looked at the silent Daniel, waiting for his decision.

Daniel lowered his eyes, gently turned and stroked the ring between his fingers, and after a long time, he only said one sentence –

"She is irreplaceable."

The moment the man's voice just fell, Ling Zhizhi's heart was hit by this sentence.

Saul smiled lightly, and shrugged his shoulders knowingly, "Okay, okay, I knew you would say that, so I didn't mention this to you before."

As Saul said, he said solemnly, “You’re right, she’s irreplaceable.”

Chapter 1772

Winter goes to spring.

Time flies, and in the blink of an eye, a year has passed.

In the early morning, the heavily guarded sanatorium in the suburbs of Beijing was as cold and chilly as ever.

Under an old sycamore tree, there was a board of chess pieces on a stone table, and two people were sitting beside the table.

The man opposite Zhuang Zongren held a sunspot in his hand, and the ring on his ring finger shone with a low-key light.

The man wears a black formal suit that has not changed all year round. The shirt buttons are fastened to the neckline meticulously. The once sharp and icy coldness around him seems to have transformed into a longer, thicker, restrained and deep breath after the long time and waiting.

“So soon...a year has passed...” Zhuang Zongren looked at the floating clouds in the sky and sighed a long time.

The man didn’t speak, but paused for a moment with his fingers pinching the chess piece.

After a long time, Zhuang Zongren put down the chess piece in his hand, looked at the man opposite and asked, “Tell me, what is it that you are looking for me this time?”

The man dropped his hand, and then said, "I want to take Selena away."

Zhuang Zongren frowned when he heard the words, and after a long silence, he finally said, "Forget it, let's go... Staying in this deserted place all the time, I'm afraid Xi girl will be boring."

One year was enough for everything to settle down. The media and the public went from being shocked and frenzied at the beginning, chasing and blocking her, to now, no one paid any attention to her, and no one even mentioned her name again.

Because she was forgotten, she will no longer be disturbed by the world.

Zhuang Zongren took a long look at the junior opposite him. In this year, this child never stopped accompanying Selena, never stopped trying to make her wake up, never gave up waiting.

Even if what you hold is just a hopeless thought.

Zhuang Zongren opened his mouth, as if he wanted to say something, but in the end, it only turned into a sigh.

...

On the border of the imperial capital, a small town that has not been artificially carved.

An exquisite small garden building is located in the eastern corner of the town. The small garden is backed by mountains, and next to it is a large beautiful lake. It looks like a jewel in the sun. From time to time, deer and hares jump out of the forest and walk nearby to drink water. .

Because there are a lot of deer in the town, the town is directly called Deer Town, and it is as beautiful as a world in a fairy tale.

Saul led Daniel to look around, "Brother, you have a good memory, you still remember that I have a house here. If you don't tell me, I'd almost forget it myself. But the people in this small town The folk customs are quite simple, and there are no tourists, so it is quiet amidst the noise.

It is only an hour's drive away from the urban area, if there is no traffic, and there is no other place like this in the entire imperial capital, it is indeed perfect for recuperation.

Fortunately, this house has been maintained and cleaned by servants, and the place is quite large, enough to accommodate the medical team and nursing staff. Look, if there is no problem, you can take my sister-in-law over at any time. “

Saul liked to play, so he wandered around and scoured a lot of real estate.

After looking around, Daniel nodded, “Yes.”

“Well, here are the keys for you.” Saul directly threw a bunch of keys over.

Selena has been in a coma for a whole year. In fact, everyone knows that this seemingly indestructible man in front of him is only supported by a glimmer of hope.

Saul wanted to comfort him, but he didn't know how to say it.

He had heard too many comforting words.

Chapter 1773

After that, Selena was brought to Lu Town by Daniel from the nursing home.

The imperial capital is very expensive, and this small town was originally to be rebuilt and rebuilt like other places. However, all the residents of the small town gathered together to protest, and one of the local residents was an internationally renowned geologist. Home, after many trips, this town has

been preserved as a cultural heritage, and in order to protect the geological features, it is not open to the public.

In the evening, the afterglow of the setting sun sprinkled the entire garden, and the ears were filled with the melodious singing of birds, and the dew on the rose petals on the flower stand reflected colorful light.

“Mr. Lu, it’s so early today?” The nurse saw the person coming from a distance, hurriedly came out from the house, and took the coat from the man’s hand.

“How is Ma’am today?” The man asked as usual.

“Ma’am, everything is fine today.” The nurse replied hastily.

“En.” The man nodded, and then walked upstairs.

The nurse quickly filled the hot water and brought it up as usual, and then exited the room.

Although she is a professional nurse hired by the Lu family with a high salary, in fact her work is really pitiful. This man has learned all the skills of a nurse, and he does all the nursing for his wife by himself, even better than her professional It’s all good.

For a whole year, rain or shine, without interruption.

She has worked as a nurse for so many years, and has seen too many warmth and coldness in the world. As the saying goes, there is no filial son before the bed for a long time. This theory is also common between husband and wife. For a long time...the only ones who accompany these patients are their nurses.

This is the first time she has seen a man who can do this to his wife...

inside the room.

Daniel casually rolled up his shirt sleeves, soaked the towel in hot water, wrung it dry, and began to wipe the girl on the bed.

Back then, all the injuries on Selena’s body were treated by that mysterious long-haired man. Even the best suturing doctor in the military hospital was amazed by the man’s suture skills.

After a year of recovery and supplemented with scar-removing drugs, Selena's body could hardly see any signs of injury.

On the contrary, because of staying indoors for many years, coupled with meticulous care, the girl's skin is fairer and more tender, lying quietly on the bed, as if she will wake up in the next second.

Daniel wiped the girl's body and applied various skin care products. After that, he carefully combed her long jet-black hair, and then massaged her body skillfully.

After everything was done, the man sat on the edge of the bed and gently pressed a kiss on the girl's forehead.

Every day, the same process, the same action is repeated.

At this moment, there was a sound of people going up the stairs outside the door, which interrupted the man's trance, and then he saw Rick running towards the room with a large bunch of freshly picked flowers in his hand.

As a result, because he ran too fast, he didn't pay attention when he crossed the threshold. The little guy tripped all of a sudden, fell firmly to the ground, and scattered the wild flowers in his hand all over the ground.

Daniel got up hurriedly, strode over to help Rick up, and looked at the redness and swelling on his knee with a frown.

"Stay still, I'll get the medicine." Daniel immediately turned to look for the medicine box with a serious face.

Behind him, Rick sat on the floor, looking at the wound on his knee in a daze.

Daniel was wiping him with the potion, but the little guy just stared blankly at his knees without saying a word, and did not move his eyes from the beginning to the end.

"What's wrong?" Daniel asked with a frown.

The little guy touched his knees, raised his head, looked at the man with dark eyes and replied, "Mom... Mom will give Rick..."

Daniel's face froze immediately, the fragile shell around his body seemed to have been hit hard, and it was full of cracks.

After a while, the man stabilized his emotions, looked at his son, bent over, and clumsily blew on the injured son's knee, "Does it still hurt?"

Rick rubbed his eyes, then shook his head, "I'm no longer a five-year-old child."

Mom, Rick is already six years old, and in a few months, Rick will be seven years old.

Mom, when I am seven years old, will you wake up?

Mom, I know I'm not a kid anymore.

But, Mom, I miss you so much...

Chapter 1774

Not long after dinner, Daniel's cell phone suddenly rang.

"Hello?" Daniel picked up the phone.

"Hey! Brother! It's not good...Dad...Dad passed out at home...He has been sent to the hospital now...the doctor said...this time...may not make it through..." Saul intermittently heard from the other end of the phone The voice was obviously out of proportion.

The man's face suddenly sank like a deep pool, "I'll be right there."

"Wait! Brother, why don't you bring Rick over here, just in case Dad..." After all, Saul couldn't say what happened.

The man paused, "Got it."

...

At night, Imperial Hospital.

Lu Chongshan had just been rescued and was lying in the intensive care unit.

“Doctor? How is my husband?”

The doctor in charge looked solemn, “Mr. Lu has been in poor health for a while, and this time is especially dangerous. I’m afraid it will be difficult to get through...”

Yan Ruyi’s body trembled, she couldn’t stand up at all, and she fell into Saul’s arms, crying uncontrollably, “Chongshan...”

“Mom, don’t cry! Dad, it’s okay! Didn’t you survive so many times? Didn’t you survive the danger six years ago? Dad has gone through so many storms, and he will definitely be able to do it this time.” Get over it!” Saul comforted with a firm tone.

The doctor also quickly comforted, “Our side will definitely do our best.”

Rick stared blankly at the old man in the intensive care unit through the glass window, gently took grandma’s hand, and clenched it tightly.

Yan Ruyi squatted down, and hugged Rick in her arms, like hugging the last piece of driftwood.

Daniel, who was silent all this time, glanced at the doctor, and then called him to a distance in a low voice.

“I want to listen to the truth.” Daniel said straight to the point.

The doctor replied with a wry smile, “Actually, the most important thing is to see the patient’s own will to survive. You have seen the state of the old man in the past year. He has a stagnation in his heart, and the stagnation will not get rid of. It will have the current result, and it will be a matter of time.” ...His illness is greatly affected by his mood...”

In fact, they had expected it a long time ago. Starting from the family banquet, Lu Chongshan’s body has been weakened by the sight of this series of incidents over the past year...

“We will definitely try our best here. As family members, there is not much you can do now. Try your best to comfort him and let him relax. Maybe it will get better.” The doctor said this, but he didn’t have much hope. It’s been a year, and any stagnation can be resolved long ago, how can it get better overnight.

“Got it, thank you.”

Yan Ruyi was tired from crying, and she sat on the bench in a daze and murmured, “Your father...although he doesn’t usually say...but he knows...everything. You...have also harmed Rick...Selena has been lying on the bed like this for the rest of her life...you and Rick’s life...is also ruined...our entire family is also ruined...the family is not married...”

Saul and Daniel stood there silently, neither of them said anything.

In the quiet corridor, only the sound of Yan Ruyi’s mournful weeping was left, and the haze shrouded everyone’s head.

Since then, Lu Chongshan has been staying in the hospital.

Only when Rick was around, Lu Chongshan’s condition was better, and he could barely eat a few mouthfuls. During this time, Rick was always with him in the hospital.

The news of Lu Chongshan’s critical illness leaked out, and everyone in the family rushed to the imperial capital to inquire about the situation. Suddenly, the entire family and group were panicked...

Chapter 1775

dark...

boundless...

The darkness that seems to never end...

She didn't know how long she had walked, and she didn't know how far she had walked...

All I know is that this road seems to never end...

so tired...

so tired...

that's it...

Just lie down here...

Her consciousness was gradually stripped away and swallowed by the darkness bit by bit...

However, every time when she was about to be completely swallowed up by the swamp-like darkness, there was always a faint light shining in front of her, faintly but persistently, and there seemed to be a gentle and beautiful voice in her ear, which never stopped, She has been continuously reinjecting strength into her body.

She got up again, kept walking, kept walking...

She is too tired, she doesn't know anything, she can't think about anything, but she always remembers one thing, there is something important, very important, waiting for her on the other side of the faint light...

So repeatedly, I don't know how long and how many times it lasted.

Finally, the light became brighter and brighter, and it seemed to be getting closer to her, even closer.

With the last of her strength, she slammed into the direction of the light...

"Boom"!

The dazzling white light enveloped her overwhelmingly, and the whole world changed from extremely black to extremely white.

In the room filled with the fragrance of flowers, the simple and exquisitely furnished carved wooden bed is extremely comfortable. The girl in a white nightgown is trembling under her eyelids with eyes that have not responded for a long time.

After an unknown amount of time, those eyes finally slowly opened bit by bit, and the eyelashes stretched and fluttered like butterfly wings.

The first rays of the morning sun fell into those clear eyes, which was unbelievably beautiful.

Her eyes were filled with dazzling white light, and after a long time, her eyesight finally recovered slowly, and she could see everything in front of her clearly.

Above the head is a lace curtain and a retro patterned ceiling, a fresh and elegantly furnished room with a bouquet of beautiful wild flowers in an enamel vase on the table, and the wind chimes at the door ding dong ding dong with the breeze.

Outside the window, the jewel-like radiant lake reflects the sky and the rising sun above.

Like a fairy tale world.

Did she go from a nightmare to a sweet dream?

Selena turned her eyes and looked around everything, then supported her body with her arms and sat up slowly.

Her originally flexible body became extremely stiff for some reason, but she had difficulty doing just one movement of standing up.

There is also the breathing mask on her face, and the wiring of various instruments on her body, all of which make her unhappy.

Selena obeyed her will and took off all those things one by one. It took another half a day to get used to her stiff body. She slowly got out of bed and walked out of the room in a daze.

Selena's whole body seemed to be stepping on the clouds, drifting up and down, and unconsciously, she went downstairs, passed the garden, and walked aimlessly to a further distance.

If this is still a dream, she likes this dream.

For too long, she had seen enough darkness.

Now in this dream, she can still see, hear, walk, and move.

What a dream.

she keeps walking...

until...

She walked to the door of a small shop full of books, magazines and newspapers.

In the store, an uncle was sitting inside watching TV. What seemed to be entertainment news was broadcast on the TV, and the voice of the hostess regretted it.

"Hey, the new generation is not as good as the previous generation. It seems that Han Zixuan's job-hopping has dealt a heavy blow to Shengshi Entertainment. The former leader of the entertainment industry is rapidly declining, and I am afraid that it will soon withdraw from the stage of history..."

Chapter 1776

"Hey, the new generation is not as good as the previous generation. It seems that Han Zixuan's job-hopping has dealt a heavy blow to Shengshi

Entertainment. The former leader of the entertainment industry is rapidly declining, and I am afraid that it will soon withdraw from the stage of history...”

Selena’s sanity floating in the air was accompanied by this entertainment news, and she returned to reality.

She looked down at herself blankly, and then looked around the surrounding town.

Isn’t she dreaming?

But... where is this? Why did she appear here after waking up? What about Daniel? Where’s Rick?

Wasn’t Rick kidnapped by Qiao Yi?

She took Rick together, and kept running, running... until there was a loud bang, and she suddenly lost all consciousness.

She and Rick were rescued?

But why is it so unreal...

She couldn’t understand the entertainment news on TV?

Who is Han Zixuan?

Shengshi entertainment declines and withdraws from the stage of history?

She raised her head and continued to look at the TV, but the entertainment news on the TV had ended, and the boss changed the channel, and was enjoying watching the mother-in-law and daughter-in-law drama.

Selena’s eyes fell on a pile of newspapers on the stall, and she said softly, “Old...”

The moment she opened her mouth, her throat was as hoarse and dry as sandpaper rubbed against it. Did she even hurt her vocal cords?

“boss...”

Selena tried again, and this time the speech was much smoother.

It didn't feel like he was hurt, but rather like he hadn't spoken for a long time and couldn't adapt to speaking suddenly.

"Come on! What do you want to buy?" The uncle reluctantly looked away from the TV and landed on the girl in front of the stall.

In the next second, the boss was stupefied there, not even noticing that the porcelain jar full of tea in his hand had spilled out, staring blankly at Selena as if in a dream...

The girl didn't wear makeup or extra pendants, she wore black hair that was as long as silk and satin, and she was wearing a loose white dress. The skirt and sleeves were dotted with tiny flowers, and a large number of begonias bloomed enthusiastically behind the girl. Can't even take away a ray of light from the girl...

so...so beautiful...

It's like a fairy who fell into the mortal world...

"boss?"

Selena called him several times before the uncle finally came to his senses, "Ah...you...what do you need?"

"Sorry, I didn't bring any money... Can I take a look at these newspapers?"

"Yes...you can! Of course you can! You see! You can read whatever you want!!!"

"thanks."

Selena picked up the top newspaper and flipped directly to the entertainment section.

The headline on the front page is a large still photo. In the still photo, the woman is wearing a big red ancient costume skirt, sitting cross-legged on the long yellow sand, with a jar of good daughter's red in her hand, bright red lips, flying obliquely into the temples of her eyebrows, The beauty is warm and arrogant...

The title of the headline reads: “Guo Qisheng personally directs the drama version of “The World”, Han Zixuan confirms to play the role of Meng Changge”

Han Zixuan...

It's that name again...

Guo Qisheng is going to remake the TV series version of “The World”?

how is this possible?

She hadn't heard the news at all!

Selena quickly looked through the other newspapers, and she found that Han Zixuan's name appeared the most frequently, and all the newspapers and magazines were full of news about her.

She even saw the rumored photos of her and Louis...

In the photo, the two are kissing in a dark bar. Although the picture quality is not clear, you can clearly see that the man in the photo is Louis, yes...

what happened...

Chapter 1777

Countless information poured into her mind from newspapers and magazines, and Selena felt her brain was in a mess.

Until...she accidentally saw a line of titles...

It's still news about Guo Qisheng's remake of "The World", but the headline of this one is: After nearly two years, Guo Qisheng is about to remake the TV series version of "The World"!

Selena's eyes suddenly fell on those words "nearly two years later"...

It's been almost two years?

how is this possible?

It's been less than a year since she finished filming The World!

Is it my editor's typo?

At this moment, she finally noticed that the dates in these newspapers...

201x?

The editor may have made a typo, but it is impossible for these newspapers to be all wrong, right?

Selena's voice trembled slightly, "Boss..."

"Miss, do you need anything else?" The boss has never left his eyes on the girl in front of him since just now, and when he heard her call him, he immediately asked courteously.

"Excuse me... now... what year is it?"

When the boss heard this, the astonished expression on his face suddenly turned into astonishment, thinking that such a beautiful girl, could she be a fool?

"Uh, Miss, are you okay? This year is 201x...Miss, I didn't seem to see you in the town before, you are from a foreign place..."

Selena couldn't hear what the boss said later, and she froze there in disbelief.

This time she slept for more than a year?

No wonder... No wonder everything changed when I woke up...

There are countless new faces she is unfamiliar with in the entertainment news...

In a place like the entertainment industry, the tide ebbs and flows, and the replacement is very fast. Even if it takes ten days and a half a month, countless newcomers will appear, let alone a year as long...

While Selena was talking to the boss, behind her were two female students who looked like high school students, looking in her direction with astonished faces.

One of them pulled her companion hard, "Oh my God! Look at that woman over there! Why...why does she look so much like Selena?"

"Selena? Who is it?" The companion was puzzled.

"It's Selena! An artist I liked very much before!" the female student explained excitedly.

The companion recalled it for a long time, and finally seemed to be able to recall it reluctantly, "Oh, you seemed to be fascinated by a female celebrity in your second year of high school... You read it wrong! Didn't you say that she retired?"

"But... it really seems... um... no... this temperament... seems to be different... a bit unreal..."

"Don't think about it, you must be wrong!"

"Ok..."

...

"thanks."

Selena thanked the boss, and then walked towards the small garden building behind her that she just walked out of.

It seems that I can only go back and find someone to ask in detail.

At the same time, the door of the room on the second floor of the small garden building.

Saul was like a furry lion, he was about to go crazy, “It’s gone! What do you mean it’s gone? How could such a good person just disappear out of thin air?”

At this moment, the nurse was completely shocked, and replied tremblingly: “Second young master... I really don’t know... Miss Anne’s ointment needs to be applied every three hours. I just prepared to come here as usual. Changing the medicine for the wife...the result...it turns out that the person disappeared...”

Chapter 1778

The person lying on the bed was a vegetative person, unable to walk or jump, how could this person disappear out of thin air, and she really didn’t understand the situation at all.

A man in black at the side was also ashamed after hearing the news, “Second young master, I have contacted everyone just now, and there is nothing unusual on our side... And I checked, there is no sign of other people’s intrusion here... ..”

Saul looked at the empty bed and the instruments that had been ripped off and turned off artificially. He no longer wanted to hear what they had to say. He hugged his head in despair and kept repeating, “It’s over...it’s over... “

Selena is his brother’s life now!

In case something goes wrong...

His brother, Rick... even the entire Lu family can’t stand such a blow...

The previous sanatorium of the Imperial Capital Military Region was heavily guarded, but it was precisely because it was too strict and had no popularity at

all, so they considered changing Selena to a more friendly environment, hoping to help her condition. There are not as many complicated guards as before.

It's been more than a year, and Selena's name has hardly been heard in the entire entertainment industry. It is impossible for anyone to follow her news. As for other possibilities...

The town itself has very simple personnel, and they have secretly set up personnel tracking around the entire town. If there are abnormal or suspicious characters coming in and out, there will definitely be a reaction there.

So, who would take Selena away?

Who can take away a big living person without anyone noticing?

Could it be the mysterious man from last time?

Numerous possibilities were densely entangled in his mind, Saul rumbled his hair...

"It's gone! It's gone! It's gone! How could it be gone! How could there be no trace at all? Could she still get up from the bed and run out?

If he was taken away by someone, he must not have left this town yet! Find! Hurry up and find it for me! Let everyone go out and find it! No matter what method is used! Be sure to find me back completely before my brother knows the news! go!"

Saul roared in dismay, his voice echoed above the small building, and not far away, groups of birds flew into the air from the forest in shock.

at this time...

A lazy and hoarse voice came from behind...

"Hmm... what are you looking for? Me?"

In an instant...

The air froze like silence.

Saul's back seemed to be petrified, his whole body turned into a stone, and it took him an unknown amount of time before he turned around slowly.

Then, he saw the black-haired girl in a white dress, with the twilight of the morning in her eyes, smiling, standing quietly by the door and looking at him...

Outside the window, a breeze mixed with the fragrance of flowers blew by, and the girl's waist hair and skirt swayed gently...

Looking at the girl who suddenly appeared behind him, the eyes of the nurse and the man in black almost fell off.

But Saul stared blankly at the person in front of him, opened his mouth, and his whole body seemed to be half-invaded by the virus, his brain completely lost control, and he couldn't react at all.

Selena looked at the man with a stiff body and a sluggish face in front of her, and smiled softly and said, "Second Young Master, long time no see."

Moisture filled Saul's wide-eyed eyes, and tears rolled down instantly, "Selena..."

I came back late from my friend's birthday party, so I'll keep typing... If you can't wait for an update in the future, remember to go to my Weibo to read the notice. I've been reminded many times, because the notice in the comment area will be swiped down, so it's easy not to see it...

Chapter 1779

Saul's mind was about to explode, he didn't know whether to cry or laugh, "This...it's not real...I'm dreaming...I must be dreaming..."

Saul stretched out his hand tremblingly towards Selena as he spoke, but quickly withdrew it, "Oh no...my brother will beat me up...let's pinch myself..."

After speaking, he pinched his thigh as hard as he could.

"Oh..." With a cry of pain, Saul's tears rolled down even more fiercely, crying like an idiot, "Sister-in-law! You're awake! You're awake! You're really awake! I'm not dreaming! Omg! I'm going crazy!!!"

Saul turned around the room excitedly. After turning, he slammed on the brakes and rushed to Selena. He cautiously stretched out his finger and poked her body, "It's really...not a hallucination... oh..."

After poking, he went crazy in the room again.

It was a long time before Saul's brain finally returned to normal.

In the room, only Saul and Selena were left.

Selena looked helpless, "Okay ba5tard, don't wander around, I'm dazzled, come help me...my legs are a little numb..."

When Saul heard this, he ran over quickly, and carefully helped Selena onto the sofa as if he was supporting the Lafayette.

"Sit down, I have something to ask you."

"Oh..." Saul hurriedly sat down obediently.

"How long have I been in a coma?" Selena asked her most concerned question.

"One year and one month!" Saul replied immediately.

Selena moved her arms and legs with a dazed expression, "I've really been in a coma for so long... No wonder I feel like my body doesn't belong to me anymore, it's like a mummy, it's hard to walk or even talk..."

Hearing this, Saul stared at her with black lines all over his head, "Please! You have been lying down for a year, not a day, not a week and not a month! It's difficult for people to wake up after lying down for a year, okay? Are you running around like this? Don't you know that I was almost scared to death by you!"

Selena blinked her eyes, “Hmm... I just wandered around the downstairs... I just woke up a bit unconscious... I thought I was in a dream... I walked out in a daze...”

“You actually went downstairs! You turned around!” Saul looked at the woman across from him speechlessly, and was almost blinded by the girl in front of him.

If Selena who was lying down was a sleeping beauty, then after waking up, Selena was like a fairy whose seal had been lifted, even more beautiful than before... He couldn't even find an adjective to describe her beauty!

Little Annie's medicine is amazing, right?

After lying down for so long, the skin is still so tender that water can be squeezed out. Although the body is very stiff, compared to the situation of ordinary people, I don't know how many times better.

The most important thing is her temperament, like washing the marrow and cutting the bones, the whole person has taken off a layer of mortal womb.

“By the way, who is Han Zixuan?” After finally catching someone, Selena directly asked the question she had been confused about before.

She was eager to figure out some situations to make sure that she was really awake and living in reality now.

Saul was a little surprised when he heard this, “How do you know the name Han Zixuan?”

“I just passed by a nearby shop and saw it in a newspaper.” Selena replied.

Saul glanced at her, seemed a little uncomfortable to speak, and answered after considering his words, “Han Zixuan... can be said to be the hottest female artist in the entertainment industry right now...”

Chapter 1780

“You fell into a coma a year ago, and for the first three months, Ling Zhizhi has been hiding it for you, hoping to delay until the day you wake up, but in the end, she still couldn’t hide it.

“Jiu Xiao” and “Mother” have been broadcast and screened successively. You are so popular, you have received various awards and endorsements, and there are overwhelming pages about you. Among the female artists in the entire entertainment industry, you are the one The most popular person...”

Saul was talking agitatedly, but quickly fell silent, looking at her worriedly, fearing that she would not be able to accept the contrast.

“I’m so good...” Selena pressed her chin with relish, and urged, “Go on! And then? What does this have to do with Han Zixuan?”

Saul saw that her expression didn’t change, so he continued, “It’s because you are too popular and the attention is too high, so the matter of your disappearance couldn’t be suppressed. After discussion, we decided not to make any response to the outside world. Let you retreat naturally...”

Selena nodded. Under the circumstances at that time, it was indeed the best way to deal with it coldly, because as long as she responded, no matter what information she responded to, she would be frantically mobbed by the media, leading to various suspicions and even being deliberately distorted and misunderstood.

“This Han Zixuan came out after you retired. She was originally a newcomer to Shengshi Entertainment. Didn’t you become popular at that time? Shengshi Entertainment wanted to produce more people with a style similar to yours, so they recruited her.” There are few good-looking newcomers, but because of your limelight, none of these newcomers are in the early stage.

When you suddenly disappeared, a lot of resources on your body and a lot of cooperation were all put on hold. Naturally, Shengshi couldn’t sit still, and wanted to find other artists under its banner to eat up these resources.

At that time, I had already returned to the group to help my brother, and Yi Xudong was completely in charge of Shengshi's affairs. Later, the newcomer that Yi Xudong praised to succeed you was this Han Zixuan!

Almost all your resources have been taken over by her. In this case, even a wooden person can become popular! “

“No wonder... what happened to the job-hopping? Yi Xudong praised her so much, why did she still have to change jobs?” Selena was puzzled.

Saul sneered and replied, “Hehe, sister-in-law, not everyone is like you. In order to repay your kindness, you will go through fire and water and do whatever you want. There are too many ungrateful people in the entertainment industry, let alone Yi Xudong and that Han Zixuan. It's just unspoken rules, money and sex transactions.

Because Han Zixuan has all the resources that originally belonged to you, and her walk is completely your route. Every day she stays in Shengshi Entertainment, she will live under your halo, so naturally she can't wait to leave!

Not only did she leave by herself, but she also poached a large number of artists from Shengshi together with her manager, and all of them were transferred to Empire, Shengshi's rival. Naturally, all the resources that Yi Xudong threw at her were taken away. , simply lost everything! “

Saul paused for a moment, then spread his hands and continued, “In short, Shengshi Entertainment is different from the past, completely overwhelmed by Empire.

After the incident happened, I talked to Yi Xudong once, and asked him to allocate the more urgent resources according to the performance conditions of the company's artists, and some things that can be delayed can be delayed, especially some good books.

However, he promised well in front of me, turned around and threw all of it at that woman, and even pushed the pot when asked, saying that the investor appointed him by name, what the hell would I know what tricks he was doing behind his back?

Now that it's like this, that guy actually has the nerve to come to the group for help, what the hell! “
