Chapter 1781

“You idiot, it took so much effort to make a fake, and the whole company was involved in it!”

When it came to the latter, Saul became more and more angry.

Selena, the client, was quite calm, and she said without surprise, “The strong prey on the weak, profit comes first, that’s how it is in the entertainment industry.”

Even if 90% of the artists in the entire company are added together, they cannot compare to the huge benefits that a superstar can bring. It is no wonder that Yi Xudong wants to copy her.

After hearing this all the time, Selena’s heart, which was suspended in the air, finally fell to the ground.

The long darkness is finally over...

She finally... woke up...

“Where’s your brother? And Rick? How are they doing?” Selena asked with a trembling voice.

Saul didn’t want her to worry, so he briefly summed up the situation at that time, “Rick was a little frightened when she first woke up, but she recovered later. Because she knew you needed her, she always stayed by your side and took care of you in a sensible way. Read to you and sing to accompany you. Draw a portrait of you every day, even if you look the same every day. My dad is sick these days, so he comes a little less time...”

As for my brother...you have become like this, what can he do, the whole person's spirit has collapsed, and there is only one last thought to hold on, waiting for you to wake up..."

When Saul said this, he suddenly yelled, "Ahh! That's right! I'll go and tell my brother that you're awake! My brother will be so happy!"

After speaking, Saul wanted to make a phone call.

Seeing this, Selena pressed his hand, "Wait."

"What's wrong?"

"Where are your brother and Rick now?" Selena asked.

Saul glanced at the time on the wall clock, and replied, "At this time, Rick must be in school. As for my brother...he's in the bar!"

Selena was stunned when she heard the words, thinking she had heard it wrong, "A bar? What time?"

And Daniel didn't drink alcohol.

Saul nodded and said with a wry smile, "You don't know, since you passed out, my brother's insomnia has become more and more serious, and after that, he can only feel better after getting drunk in chaotic and noisy bars every night.

I know his body won't be able to bear it if he continues like this, but if he doesn't let him vent and temporarily numb the pain, he won't be able to hold on anymore... It's okay... Fortunately, sister-in-law, you finally woke up! "

"Second Young Master..."

Saul blinked hurriedly and said, "Sister-in-law, call me Saul, call me Saul! The whole family sees each other!"

Selena didn't pay attention to what was wrong with Saul's words. After all, he used to call her sister-in-law directly before, so she changed her tune and said, "Okay, Saul, Rick is at school. Don't bother him for now. You can take him with you first." I'll go find your brother!"

Saul was a little surprised, “Huh? Are you going to go directly to my brother? You mean...?”

“I want to give him a surprise.” Selena said, a little fox-like light flashed in her eyes.

The corners of Saul’s mouth twitched suddenly, “Cough... are you sure it’s a surprise? Why do I feel like my brother will be scared to death by you! Sister-in-law, why don’t we take it easy? It’s not good to play so much right after waking up?”

Selena narrowed her shining eyes slightly, “Young master has been lying down for a year, and finally woke up, can’t you play for a while?”

Selena just now made him feel too erratic. Seeing the girl’s familiar tone and demeanor now, Saul nodded like a rattle, “Yes! Yes, yes! Very capable! You can do whatever you say, sir!”

bar.

The music was deafening, and the dazzling flash lights swayed wildly with the rhythm of the music on the dance floor.

Saul led Selena directly into the bar through a special passage, carefully guarding the side.

When he reached the entrance, Saul suddenly stopped in his tracks, and said with an extremely serious face, “Wait, wait... Sister-in-law, let’s find something to cover your face! You’re so eye-catching!”

After speaking, he took a sequined mask that could cover half of his face from the bar and put it on for Selena, only then did he feel a little safer.

Selena glanced around the noisy surroundings, and instantly understood why Daniel would come to this kind of place to get drunk.

Only such a place can make people confirm that they are still alive.

Thinking of this, Selena's heart felt dense pain like aphids gnawing on her.

"My brother is up there." Saul pointed towards a certain direction on the second floor.

The first floor is a lively dance floor. On the second floor, there are several special semi-enclosed boxes suspended in the air. From inside the box, you can see everything below clearly, but you can't see the scene in the box from downstairs. You can overlook the whole venue, and can be left undisturbed.

"Sister-in-law...Actually...I still think you should be more gentle...For example, I was really scared to death by you just now!" Saul persuaded Selena while helping Selena go upstairs.

"I'm not gentle?"

"No, no, no! That's not what I mean! I just want to ask, how are you going to surprise my brother? I'm so mentally prepared!"

Selena rolled his eyes at him, "I'm going to surprise your brother, what are you planning! Stop haggling, and lead the way, can I still eat him?"

"Uh, of course not! Sister-in-law, how could you be such a person!" Saul hurriedly said.

"Who says I'm not? It's just that I can't chew on it with my current small body!" Selena said with a regretful tone.

Saul: "..."

...

Selena was impatient with Saul's thoughts, and walked towards the floating box first.

The tall and burly bodyguard in black at the door immediately put on a tiger face when he saw the person coming, and blocked the door like a hill, “Idlers stop.”

At this moment, Saul who was behind hurriedly chased up and asked, “Is my brother in there?”

The bodyguard’s expression softened when he saw Saul, “Go back to Second Young Master, we’re inside.”

“Oh, it’s fine if you’re here, get out of the way and let her in.” Saul directly ordered.

The bodyguard looked vigilantly at the strange woman who was wearing a mask and couldn’t see her face clearly, showing an uncertain expression, “Second Young Master, this...”

“Okay, give me a break, I’ll be responsible for what happened.” Saul waved his hand directly.

Seeing that Saul personally brought the person, the bodyguard stepped aside with such a firm tone.

After Saul finished speaking, he followed Selena to walk inside.

Seeing this, Selena frowned slightly, and stopped, “Why are you following here?”

Saul had a flattering expression on his face as he struggled for the last time, “Well, it won’t affect your surprise if I follow up...”

Selena curled her lips into a smile, “If you’re not afraid of being stuffed to death with dog food, then come in. Even if I can’t drive a car with my body, it’s enough to kill you!”

In the next second, Saul immediately changed his words: “Sister-in-law, please come in, I’ll watch out for you outside!”

Hey, responsible, he is responsible for a ball of yarn!

Nima Selena has made such a big deal, he really can’t be responsible!

But he can’t help it, who made him live at the bottom of the food chain!

Brother, don't blame me, I was forced too!

Chapter 1783

Selena pushed the door open and went in.

The structure of the private room is very simple. There is a bright black coffee table and a high-grade u-shaped leather sofa. Over the semi-enclosed European-style railing on the opposite side, you can have a panoramic view of all the hustle and bustle below.

I saw that the inside of the box was spotless and very tidy, not at all the mess she had imagined.

Even the noise of people around was deafening, but this small world was isolated from the world, giving her an extremely desolate feeling.

It was the man sitting on the sofa that caught all her eyes.

The moment she saw that person, Selena felt all the voices whistling away from her ears, and the dazzling lights around her instantly turned into darkness.

In her eyes, there was only a gleam of light left in the whole world, and only the person in front of her was left.

The man's eyebrows are cold, his thin lips are tightly pressed, his eyes are slightly closed, one elbow is resting on the armrest of the sofa, and the back of his hand is resting on his forehead casually. If it weren't for the considerable number of empty wine bottles beside him, people would think that he was just in meditation and rest.

This man is so self-disciplined even when he gets drunk.

Selena resisted the urge to cry for a moment, stood there Yingying, smiled and asked, "Sir, do you need any service?"

The girl's hoarse and dry voice sounded out amidst the din.

"roll."

In the next second, a wine glass suddenly shattered at her feet.

Although the wine glass didn't hurt her, the man's overwhelming anger and cold aura still caught her throat like a death scythe in an instant.

However, the girl continued to walk towards the man as if she didn't feel the danger at all, "Sir, are you sure? I think you will be satisfied with me."

"wanna die?"

The man on the sofa opened his eyes suddenly, and his eyes shot straight towards the opposite side like ice blades.

At the same time, Selena's legs seemed to have their own consciousness, overcoming everything, ignoring everything, and walking towards the man without hesitation.

Just now all kinds of messy thoughts in my mind that wanted to surprise him, all turned into one thought: get close to him! Hug him! k!ss him!

"miss you..."

In the next second, the girl took off the mask on her face, and her soft body fell into the man's arms like a cloud.

At the same time, the petal-like lips stuck to the man's lips without hesitation...

When the familiar little face comes into view, when the soft body falls into the arms, when the girl's sweet breath fills the nostrils...

The man's body was stretched into a line, and the hands that were about to move were suspended in the air because they suddenly lost the command and didn't know how to move. He just sat there motionless, letting the girl k!ss him...

Looking at the man who was full of murderous intent a second ago as if he was about to destroy the world, but now lost all his armor and exposed all his weaknesses in an instant, Selena's heart throbbed.

Then, the subordinates suddenly used some strength to push the man down on the sofa, and a black hair hung down above the man...

The man stared at the girl in front of him with eyes as deep as a deep pool, and the hand that was holding the girl's waist suddenly tightened, trembling so finely that it was unbearable.

"Well, don't pinch me, you will feel bad!" The girl lay on the man's chest and said softly, and then, she took a hard bite on the man's lips, "My dear, I'm back..."

The long-lost...smile...

vivid light...

his life...

his whole world...

came back...

The man's eyes suddenly set off monstrous waves, grabbed the girl's head, and k!ssed her desperately.

The girl clasped the man's neck and k!ssed back unwillingly.

However, in less than ten seconds, Selena was already on the verge of death. She repeatedly turned her head to hide, leaning on the man's shoulder and gasping for air, "Slow...slow down...I can't breathe...I feel bad..."

The man's face suddenly changed, he suddenly turned over and sat up, and placed the girl on his lap, "What's uncomfortable?"

"Well, it's all right, I just feel that my physical strength is not a little bit worse than before... I'll go! I'm going to hit the sky with thunder! This body is too sgumbag..."

The man's face suddenly darkened, "Who allowed you to come?"

"Saul! He brought me here!" Selena sold Saul out without hesitation, but explained conscientiously, "I just forced him to bring me here because I wanted to surprise you."

The girl said, with a smile in her moist eyes, "Mr. Lu, are you satisfied?"

Before waiting for the man's response, Selena raised her head suspiciously, "Why don't you speak?"

"True..." A man's deep voice came from beside his ear.

"Ah? What?" Selena was puzzled.

"It's the first time I had such a real dream." The man said.

Selena's heart twitched suddenly, and it was only at this moment that she realized that the man's dark eyes were not in focus, and that he was really drunk.

"Stay with me for a while, okay?"

The powerful man who was invincible and omnipotent in her eyes was lying on her neck at this moment, his tone was so fragile that it seemed to be broken at the touch of a finger.

Selena opened her mouth, but she didn't know what to say. In the end, she just said, "Okay."

The man's arms tightened immediately, but he was afraid that the tighter she tightened like sand, the faster she would disappear, so he suddenly loosened

his grip on her, only daring to hug her very lightly, at the corners of her lips, collarbone , kissing delicately...

From Daniel's reaction just now, he knew that even though he was drunk, his nerves were still completely tense.

But at this moment, the man held her in his arms, sleeping harmlessly like a baby...

At the same time, outside the box door.

Saul had already stuck his whole body to the door like a gecko.

Unfortunately, it was so noisy around him that he couldn't hear a word clearly.

The black-clothed bodyguard's mouth twitched and looked at someone who was completely disregarding his image, hesitant to speak all over his face.

Suddenly sending a woman into the boss's box, and listening to his own brother's corner again, what the hell is going on?

As time passed by, Saul was so anxious that he almost shaved off his hair.

Nima! What's going on inside? Why has there been no movement for so long?

I'm dying of anxiety...

Didn't Selena say that she can't chew on her small body?

Saul was worried and afraid that if he rushed in at this time, he would run into some scene of thunder and fire, so he could only worry outside.

After another hour, finally, Saul couldn't bear it anymore, pushed open the door forcefully, and rushed in.

Afterwards, he saw that in the private room, a man was sitting on the sofa, with a girl curled up in his arms, and the two were cuddling each other, sleeping deeply.

Sensing that someone had invaded the territory, the man was awakened suddenly, his brows furrowed, and he opened his eyes in displeasure.

Before the cold light in his eyes could spread, the man's body froze suddenly, and he lowered his head extremely slowly...

In the next second, I saw the girl in my arms...

Chapter 1785

"Sir, do you need a service?"

"miss you..."

"Sir, are you sure? I think you will be satisfied with me."

"My dear, I'm back..."

"Okay, I'll accompany you."

...

Scenes in the dream flooded up like a tide.

He thought that God's greatest kindness to him was to finally let him see her in his dream.

If this is a dream, he is willing to never wake up for the rest of his life.

And he didn't even dare to think that after waking up, all this was not a dream...but real...

Seeing his brother's dull expression, Saul gave a dry cough and stopped talking, "Brother, don't ask me, ask her!"

At this time, the cat-like girl in her arms rubbed her hairy head against the man's chin, then yawned, opened her eyes in a daze, and then kissed the corner of the man's lips, "Um... .. sweetheart! Are you awake? Did you sleep well?"

Seeing that Selena woke up, Saul couldn't help but started to vomit immediately, "Sister-in-law, you scared me! You haven't come out for so long! I thought you did something to him! Did you make it clear to my brother? ?"

Selena sat on Daniel's body dangling her legs, rubbed her arms around his neck, rolled her eyes at Saul and said, "Do you think I'm an idiot? Of course I said it!"

Saul said speechlessly, "You said it, so why does my brother still look dumbfounded! What the hell, I told you not to scare him, and you insist on surprising him. Let's do it now! Everyone is scared by you Silly!"

"He was drunk and thought he was dreaming. I saw him so tired, so let him sleep well first! How could I scare him? Darling, did I scare you? I am gentle! Darling If my son asks me to accompany him, I will accompany him, if my sweetheart asks me to smile, I will show him a smile, if my sweetheart asks me to sing, I will sing..." Selena looked like an obedient little white rabbit.

Saul said he didn't believe a word, "I believe you are the only one who is a ghost!"

...

After a while, the two noisy people sat on the sofa in an orderly manner.

Strictly speaking, it was Saul who sat on the sofa well-behaved.

Selena complained that the sofa was uncomfortable, and was immediately carried back to sit on her lap carefully by someone, and a blanket was also placed on it.

Daniel looked extremely serious, "What's going on?"

Selena echoed, "I want you to explain, Erhuo!"

Saul's head was full of black lines, "Dmn it, it's me! You're the one who caused this! It's you who insisted on making trouble!"

Selena: "My dear, my throat hurts."

Daniel: "Saul, tell me."

Saul was so abused that he almost grabbed the ground with his head. He could only resign himself to explaining to Daniel the whole process of Selena's waking up without missing a single detail.

Daniel frowned immediately, "She messed around, and you're not sober?"

"I know I was wrong!" Saul bowed his head and admitted his mistake. He was indeed wrong about this matter, and he shouldn't have let this guy mess around. He had already regretted it before.

"Let all the doctors wait in Luzhen immediately, and contact Annie." Daniel immediately ordered as if facing a big enemy.

"It is good!"

Selena muttered aggrievedly, "I'm not messing around, the first thing I want to do when I wake up is of course to see you!"

Saul: "..."

After sleeping for a year, this flattering skill has not degraded at all...

Daniel trembled and hugged the girl in his arms, "Selena, I can't lose you a second time."

Deer Town, Garden House.

All the doctors are ready and ready after receiving the order.

When Selena first saw the white coats and complicated instruments slowly filling the room, her scalp felt numb.

Daniel immediately felt the girl's emotions, "Good boy, you need to have a comprehensive physical examination soon."

Selena nodded obediently.

After a detailed inspection.

"How is it?" Daniel's thin lips were drawn into a straight line, and Saul beside him was also full of nervousness.

The leading doctor pushed the glasses on the bridge of his nose, looked at Daniel with excitement and joy and replied, "Ms. Lu's physical indicators are all normal, and it is not an exaggeration to call it a miracle that she can maintain this state. This is all due to Mrs. Lu's good health and proper care, and the most important thing is the ointment prepared by that little genius doctor, which is indeed miraculous!"

The tone of the slightly older expert was full of surprise.

At the beginning, when Daniel insisted on trusting that young girl and administering drugs of unknown origin to the patients, he objected many times, and even felt that his authority had been challenged.

At this moment, I really have to sigh with emotion, there is no end to medicine, there are still too many mysterious fields and folk experts in this world that he doesn't know about.

"She feels stiff, exhausted, short of breath, and uncomfortable in her throat. Are these normal?" Daniel asked each one with a serious expression, not daring to take it lightly.

Hearing the words, the doctor calmed down in a relaxed tone, "Mr. Lu, I checked, and there is nothing serious. After all, I have been lying down for so long, and these things are normal. I will arrange a complete rehabilitation plan for my wife later, I believe that in the future Madam's body will recover soon.

However, remember to take it step by step, and don't act too hastily, so as not to hurt the root. Her body needs to rest well! "

Daniel wrote them down one by one, "Thank you."

"Karen..." At this moment, a girl's trembling and unbelievable voice came from the door.

"Annie..."

Hearing the girl's familiar voice, Selena immediately jumped off the bed and headed for the door.

"Karen, slow down! You can't do strenuous exercise right now!" Annie went over to support him in shock, and the next second, her eyes were already red, "Karen, you're really awake...Second Young Master call me When I was on the phone, I thought I was dreaming!"

Selena patted the girl's choking back lightly, "Don't cry, didn't I wake up well? Annie, it's been really hard for you this time, the doctor said that the ointment you prepared for me will work Already!"

Annie quickly shook her head and said, "Karen, it's not hard work. In fact, I didn't do anything. When you were seriously ill and unconscious, I couldn't help you with anything. The only thing I could do was to slow down the deterioration of your bodily functions as much as possible. The collection of medicinal materials, as well as your care, are all taken care of by Mr. Lu."

"Annie, I'd like to trouble you to take Selena's pulse," Daniel said beside him.

Only then did Annie remember the most important thing, and quickly supported Selena to sit aside, "Karen, come sit here, I'll help you look over!"

"Okay!" Selena sat down at the table and held out her hand.

Annie caught Selena's pulse with her fingers and began to concentrate on her pulse.

All stared at Annie with bated breath, awaiting her diagnosis.

After a long time.

Annie checked several times before she finally withdrew her hand and said the same diagnosis as the expert with a smile on her face: "Karen's pulse condition is a little slow and weak, but everything else is normal, and the various functions of the body may still be a little uncomfortable. But these are just a matter of time, take a good rest, and you can completely return to the same as before!"

It wasn't until this moment that the last string of tension in Daniel's mind finally completely relaxed.

his girl...

really came back to him...

In the next second, Daniel stretched out his hands and hugged the girl into his arms.

Saul winked at the others, and immediately everyone quietly left the room.

For a moment, there were only two people embracing each other left in the room.

Selena hugged the man's obviously thinner waist, full of distress, "My dear, are you still sleepy? Do you want to sleep a little longer?"

The man stared at her quietly, "Not sleepy."

From the moment he woke up, the man's gaze never left the girl in his arms, never missing a word, a trace of expression, or even the ups and downs of her body with every breath.

"Don't drink so much in the future."

“It is good.”

“You have to eat well too. Erhuo said that you have had your stomach pierced several times.” Selena frowned.

“It is good.”

“And cigarettes, too.”

“It is good.”

“and also...”

Selena was full of exhortations to say, but in the end, she withdrew them all, and only changed into one sentence, whispering with a chuckle, “Forget it, anyway, I will always be by your side from now on.”

“Okay.” The man’s arms around the girl suddenly tightened, and his head was deeply buried in the girl’s neck.

Selena felt the hot and moist tears from the man on her neck, and her heart felt like a big hand was tightly clenched, “I’m sorry for making you worry.”

It was hard for her to imagine how he spent every day and every late night with an unreasonable wait for a whole year...

Daniel was worried about Selena’s health, and after a while he carefully helped Selena sit down on the bed, “Did Jing Li tell you what happened during this period?”

Selena nodded, “I have a general understanding, but I didn’t ask in detail, I just know that I seemed to be quite popular in the entertainment circle at that time?”

Daniel: “No one can compete with you.”

Selena was startled when she heard the words, but Daniel’s short words instantly ignited a fire in her heart, “My dear, you are too good at talking!”

“Did ‘Mother’ win an award?” Selena asked.

“Hmm. Golden Deer Award for Best Actress, Golden Luan Award for Best Actress, including the second year’s Golden Palm Award for Best Actress,

Lorraine Film Festival Best Chinese Film Award, Best Actress...” Daniel counted all of Selena’s awards and honors.

Listening to all this, Selena felt a strong sense of unreality, as if she was listening to someone else’s story, and sighed softly, “Finally, I have lived up to Director Jiang’s trust and expectations.”

“‘Nine Heavens’ also won Best Movie and Best Drama, breaking 37 records, making you the most popular female artist in the country.” Daniel continued.

One brought her terrifying popularity, one made her win big awards, and two dramas directly pushed her to the highest position in the entertainment industry.

But now...

Daniel didn’t miss the sadness in the girl’s eyes, “You can come back just like you retired.”

Selena stared blankly at the man in front of her who was always standing behind her.

The breeze blows gently through the mountains and the lake, and the girl’s face blooms with a light and clear smile, “It’s okay, just retreat. I have never stopped since I was eighteen. Now, what I deserve I have had it all, and I have no regrets. Now, I have something more important than my dream.”

Chapter 1788

The girl’s clear and bright eyes were full of his reflection, “And now, I have something more important than my dream.”

The man's heart seemed to be hit hard by something, "Are you sure?"

The girl chuckled, "Retire after finishing the work and return to the field to take off my armor. Now I just want to spend time with you and Rick."

If it were her in the past, she would be unwilling to retire from the peak no matter what. However, after turning around before the gate of hell, she clearly knows what is the most important in her life.

The man leaned over and kissed the girl's forehead, "No matter what decision you make, Rick and I will support you."

With Selena's current physical condition, rest is what she needs most, and her recovery will not be something that can be accomplished overnight.

What he was most worried about was that after Selena woke up and knew everything, she would not be able to accept such a huge gap from being the center of attention to being forgotten by everyone.

But he didn't expect that his girl surprised him again.

"Ah, by the way, Rick should be out of school soon, right? Shall we go to school to pick up Rick?" Selena looked at the time, and then said excitedly.

Daniel nodded, "Okay, let's pick up Rick."

"Wait, I have to change before I go. Is there anything I can change here?" When I went to see Daniel before, I left in a hurry, so I didn't change my clothes, I just put on a coat casually.

"Yes, wait."

...

A while later, Selena changed into a pale pink floral cotton dress, her long, lazy and slightly curled hair was casually scattered behind her head.

"Can I do this?"

"nice."

"What about the hairstyle?"

“It’s beautiful.”

After getting in the car.

Selena was still checking herself constantly, “Daniel, tell me, will Rick blame me? Blame me for keeping him waiting for so long...”

Selena was very nervous along the way.

“Don’t worry, it won’t happen,” Daniel reassured.

“This year... is Rick okay?” Selena asked hesitantly.

“Very good, I just miss you.”

After all, such a long time had passed, Selena was full of uneasiness.

Will Rick forget me...

Will you be unfamiliar with me...

Has Rick grown taller...

Will Rick have another aunt he likes more...

While thinking wildly all the way, the car finally drove to the gate of the school.

This is no longer the kindergarten where Rick used to be, but an elementary school, and Rick is already in the first grade.

At this moment, there were still ten minutes before school ended, and Daniel’s car parked quietly by the side of the road.

The time passed very slowly every minute and every second...

“Boom...”

Finally, the school bell rang, echoing over the sky one after another...

There were lively voices at the entrance of the quiet campus, and the children rushed out of the classroom happily one after another...

Selena walked through the crowd of students and parents, eager to see through...

After waiting for more than ten minutes, until the number of people at the school gate gradually decreased, Rick was still not seen.

Selena couldn't help feeling a little anxious, "Why hasn't Rick come out yet?"

After waiting for a while, Selena finally saw a familiar figure until there was almost no one in sight at the school gate.

The little guy was carrying a schoolbag, his face was as expressionless as ever, and he was holding a square box in his hand.

Almost as soon as she saw the little guy, Selena burst into tears, "Little Treasure has grown taller..."

"Well, it's 6 centimeters taller."

Chapter 1789

As Daniel said, he opened the door and said, "I'll pick you up, don't move around, there are a lot of people and vehicles here."

"Okay." Selena kept her eyes on Rick not far from the car window, and nodded absently.

Daniel pushed the door to get out of the car and walked towards his son.

Rick, who was waiting at the door, saw someone coming, and walked towards his father as usual.

Daniel gently rubbed his son's head, "Why is it so late today?"

Rick looked down at the box in his hand, "handicraft class, making a cake, and made a piece for mom."

Daniel glanced at the cake, took it, and then quietly took his son's hand and walked towards the car.

The two passed a small stall, and there were many gadgets on the stall, such as butterflies made of bamboo strips, grasshoppers and other small animals.

The stall owner saw a little boy carved in pink and jade all the time staring at the things on his stall, and immediately greeted him enthusiastically, "Little friend, do you like it? Ask your father to buy one for you!"

Rick turned around and left without any lingering.

No mom does a good job.

When he was about to reach the car, Rick stopped and said, "I'm going to grandpa's place today, please bring the cake to mom for me."

Daniel didn't respond when he heard the words.

Rick frowned slightly and looked at his father.

"I..." Rick thought that his father hadn't heard, and was about to repeat.

In the end, Daniel interrupted him directly: "Leave it to her."

After speaking, he stretched out his hand and opened the rear door.

Rick's face changed almost instantly, and he looked at the back seat with the door opened extremely slowly.

In the next second, the little guy froze there as if he had seen something incredible. His expressionless face was extremely shocked. He opened his mouth, but he couldn't say a word.

Selena could no longer care about those turbulent emotions and hesitation, got out of the car instantly, leaned over and took the little guy into her arms, "Baby..."

Surrounded by that warm and soft embrace, Rick's eyes were wide open, and a layer of water vapor quickly filled the air. The water vapor quickly turned into tears and rolled down silently down his cheeks...

And the little guy finally called out tremblingly, "Mom..."

"I'm sorry to have kept you waiting so long."

"Mother..."

"I'm here!"

"Mom..." The little guy hugged his mother's neck tightly and cried loudly.

All the waiting, all the longing, all poured out at this moment.

Holding Rick who was crying out of breath, Selena was so sad that her heart was about to break, "I'm sorry... I'm sorry baby..."

Daniel stood aside with tender eyes, looked at the mother and son who were embracing and crying, and reminded Rick softly, "Don't you have something for mom?"

Only then did Rick temporarily stop crying, sobbing, he took the box from his father and held it in front of his mother.

"For me?" Selena asked.

Rick nodded.

Selena carefully opened the box, only to see a piece of cake inside, and a picture was drawn on the cake with jam.

Simple lines outline a woman sleeping on the bed, beside the woman, sits a small figure...

her little treasure...

never forget her...

Thinking of the little guy sitting alone on the edge of her bed waiting for her to wake up every day, Selena was filled with guilt, why couldn't she wake up earlier, and sooner.

“Thank you... Mom likes it very much... Thank you...”

Chapter 1790

A high-end apartment in the imperial capital.

The huge living room was in a mess.

The cracked TV screen on the wall was flickering, and the game controller smacked loudly against the picture frame.

Lei Ming hid in the corner with his head in his arms, trying to persuade without tears, “My little ancestor! Don’t smash it...don’t smash it...please calm down...”

“I’m fcuking not calm enough!?” Louis’s eyes were scarlet, and he kicked over the coffee table in front of the sofa.

The things on the coffee table were overturned, and the laptop was not spared.

A piece of gossip news was faintly visible on the flickering computer screen, and a photo took up a large part of the page.

In the dim bar, a man and a woman are k!ssing in ambiguous poses.

The two people in the photo were Louis and Han Zixuan, who had been rumored for a long time.

As soon as this photo was released, it quickly filled the headlines, Weibo hot spots and searches on major front pages.

At the same time, all the scandals and gossips between the two in the past have also been dug up by netizens. The media and fans have speculated about the relationship between the two, and even thought that they were already together.

“Yes, yes, yes! You just got angry at home, and you are already very calm!”

Lei Ming bit his head and said softly, “Louis, I’m not talking about you. You’ve been in the entertainment industry for so many years. You haven’t seen such a big storm. Are there still few female artists who can catch your attention? This little thing is not important at all. What a thing! There is really no need to get so angry, it’s not worth it to get angry!”

“Is there a mother who rubs like that? She has rubbed my skin through three layers! Do you think I don’t even know about the sh1tty things I do in private?” Louis was furious like a lion at the moment, completely overwhelmed. Can’t stop the fire.

“Yes, yes... At the beginning, she was an artist of our prosperous age, and everyone was in the same company. It is inevitable that you bring a group of newcomers. If they want to gain popularity, they just turn a blind eye and close one. eyes.

However, this time, the other party did not even say hello in advance, and deliberately revealed the stills to the media. It is really too much to make such a fuss! “

Lei Ming’s tone was also very dissatisfied, but the matter had already happened, and a solution with the least impact had to be found.

Louis sullenly said, “Immediately send me a statement to clarify! If you don’t post it, I will post it on Weibo!”

“No, no, no! My little ancestor, please don’t touch Weibo!”

Given Louis’s current state, if he was asked to post on Weibo, he didn’t know what would happen.

Lei Ming almost got down on his knees, and tried to persuade him, “Louis, think about it carefully, why did Han Zixuan’s team release this still photo privately at this time? Isn’t it because “The World” is about to start broadcasting? Take the opportunity to fry the heat!

In all fairness, such hype is a win-win situation for Han Zixuan, us, and the crew! “

“Heh, so you mean, let me bear it?” Louis laughed extremely piercingly.

Originally, he didn’t even want to accept “The World”, but “The World” has a special meaning to Selena, and he couldn’t let those people wantonly get involved and ignore it.

Lei Ming swallowed. As a manager, he certainly hoped that he would bear it. One thing more is worse than one thing less, but how could he dare to say that.

In fact, the reason why Han Zixuan dared to do this unilaterally was because they expected them to endure this boring loss.
