Chapter 1801

Not long after they entered the door, they suddenly saw Lu Chongshan walking down the stairs tremblingly with the help of his servants.

Lu Chongshan saw the girl in his wife's arms, and immediately trembled with excitement.

"Dad, why did you get out of bed?" Saul hurried forward to help him.

Lu Chongshan waved his hands with a straight face, "It's not that weak."

Saul was speechless, "Not yet! You were lying on the bed yesterday and couldn't move, and you had to be coaxed by Rick to eat two bites!"

"Brat!"

"Okay, okay, I was wrong, you are not that weak, you have the strength to scold me, please sit down!"

After everyone sat down, no one spoke at the dinner table, and the atmosphere was a little awkward for a while.

Yan Ruyi anxiously winked at her husband at the side, telling him not to keep a stern face and keep silent.

Lu Chongshan really didn't know how to speak, and finally coughed lightly after a while, looked at his son opposite and asked, "Daniel, how is your wife's health? Have you checked everything?"

“It’s been checked, there’s no problem, just need to recover and rest for a while,” Daniel said.

“That’s good... that’s good...” Lu Chongshan let out a long breath of relief when he heard the words, like a mountain that had weighed heavily on his head for a long time loosened, finally giving him room to breathe.

“Okay, let’s eat first. If you have anything to say, let’s talk after eating. Don’t let Selena and Rick starve.” Yan Ruyi kept holding Selena’s food as she spoke.

Rick and Daniel were also serving Selena’s dishes, and soon Selena’s jobs piled up like a hill.

But at this time Lu Chongshan said again, “Give your wife some fish maw ganoderma soup...”

Before Selena came here, she had made various psychological preparations and coping methods, but after she came, she found that the attitude of the elders towards her had changed, which was more exaggerated than what Saul had told her before, but instead, she didn’t know how to deal with it, so In order to cover up being overwhelmed by a meal, I can only keep trying to eat and eat.

After dinner, Yan Ruyi took Selena’s hand and said earnestly, “Selena, can I have a chat with you alone?”

Hearing this, before Selena said anything, Daniel frowned immediately.

Yan Ruyi knew what his son was thinking just by looking at his face, “Why are you frowning? I can still eat your daughter-in-law? Selena is also my daughter-in-law, okay?”

Daniel pinched the center of his brows, “That’s not what I meant.”

“You were born to me, so I don’t know what you mean?”

Seeing that the mother and son were about to quarrel, Selena first played tricks on Daniel, then hurriedly coughed and said, “Madam Lu, we don’t care about him, just tell me what you have to say!”

After his daughter-in-law had spoken, Daniel had no choice but to compromise.

Yan Ruyi took Selena by her arm and walked to the beautiful little flower room in the back yard. Hot flower and fruit tea was being brewed on the round table in the middle.

“Try this fruit tea, it’s refreshing and refreshing.”

“thank you.”

Looking at Selena’s polite appearance, Yan Ruyi’s face was a bit sad, but seeing the girl finally woke up after sleeping for a year, her eyes were full of joy and relief, “Bodhisattva bless you, after a year, you finally I’m awake! I’ll go to all the temples to fulfill my vows later!”

Yan Ruyi’s tone was full of emotion, and after a short silence, she said, “Selena, I came here today to thank you for everything you have done for Rick and Daniel; I want to apologize to you. Daniel and his father have misunderstood you too much. In addition, there are some things that I want to explain clearly to you...”

Chapter 1802

Selena realized that what Yan Ruyi was going to say next might be very important, so she listened quietly.

Yan Ruyi let out a long sigh, “Selena, actually, many things are not what you think. When I first learned that Daniel liked a girl, and that Rick also liked that girl, I told Daniel’s father not to mention it.” What a joy until...we found out...you’re an actor...”

“Is it because of my profession?” Selena pondered.

Yan Ruyi shook her head, “The reason why we objected to Daniel being with you, and even Rick being too close to you, was not because of your family background, or even your occupation...

In other words, it is indeed because of your profession, but it is not what you think. We claim to be superior to others and look down on people in the entertainment industry.

In fact, we all respect those who work hard in every industry, even I have pursued stars myself, and I still have some old drama characters that I like very much...”

Speaking of this, Yan Ruyi paused, and then continued, “The reason why I have a prejudice against the profession of an actor is because of the kidnapping of Rick...”

Hearing this, Selena’s gaze changed immediately, and she continued to listen with a slightly condensed expression.

“It was a big deal back then, and it was one of the most taboo things in our Lu family, so we never mentioned it to anyone, and we have erased all traces of that year.

But, Selena, you are not an outsider. You are Daniel’s wife and the daughter-in-law of my Lu family. There are many things I still hope you can know. As for what you will think after you know it, that is your freedom. “

Selena also knew a little bit about Little Treasure’s kidnapping, but she also knew that it was relatively secret, and she never probed into it too much.

Yan Ruyi showed a look of reminiscence, took a deep breath, and continued, “This kid Daniel has been a loner since he was a child, and has a relatively indifferent personality. Even when he is an adult, he has never talked to anyone. Girls have dated, and have no desire to date.

For this reason, his father and I were very worried, and we tried every means to hope that he could get married as soon as possible, but all failed.

Originally, his father and I had already given up and despaired, and even decided that Daniel, ahem, might not like girls... At this time, Rick appeared..."

Speaking of Rick, Yan Ruyi's eyes were full of tenderness and kindness, "You can imagine how happy our family is with Rick's arrival, and Rick is indeed so cute! The only regret is that This child has no mother by his side!"

Yan Ruyi sighed, "Back then, Rick was sent directly to the door of Lu's house. When it was delivered, he had nothing with him except a note saying he was Daniel's child.

Under such absurd and unknown circumstances, I only took one look at Rick, and I believed it almost immediately. It was because the child looked so much like Daniel when he was a child. After a paternity test, it really was Daniel's child.

Daniel should have told you how Little Treasure got here. Don't misunderstand Daniel, all of this is because we went to the doctor in a hurry at that time, and Daniel was also involuntary.

At that time, Saul went to investigate the girls he had originally arranged, but he still couldn't find Rick's biological mother... until Rick was three years old, a woman appeared..."

Hearing this, Selena's expression turned slightly condensed, "A woman?"

Chapter 1803

Yan Ruyi considered her words, and said to Selena, "That woman, like you, is also an actress."

Selena frowned slightly, vaguely understanding why the elders of the Lu family had such a big prejudice against actors.

“Actually, our Little Treasure’s personality is not quite as cold as Daniel’s. On the contrary, Little Treasure is much more lively than Daniel. Although he will be very quiet when he encounters something he is interested in, he can calm down very much. To study, to study, but most of the time on weekdays is still very lively, not to mention how sweet the small mouth is, it is very good at making people happy...”

When Yan Ruyi mentioned this, her face was full of tenderness, but soon her expression darkened, “Although we have always protected Rick very well, Rick is still wiser than other children after all, and he is a little older. At that time, he realized his difference, he knew that he was the same as other children, he did not have a mother...”

Hearing what Yan Ruyi said, Selena’s heart also felt a slight pain.

“At the beginning, Rick asked, but later it was probably because we were embarrassed every time we asked, and he was very good at reading his face, so he didn’t ask anymore. But, after all, he still cared.

Coupled with Daniel’s temperament, he was not able to take care of children in the first place, and he was very busy with work back then, often traveling abroad, so Rick received even less love from his parents. “

Yan Ruyi let out a long sigh, and said immediately, “At this moment, that woman suddenly came to the door and said that she was Rick’s biological mother...”

Selena was shocked when she heard the words, “Rick’s biological mother...”

Yan Ruyi nodded, “Yes, that girl is very pure and beautiful, and her temperament seems to be very simple. She explained in detail what happened back then, and she said that she knew that she would definitely not be able to enter the mainland with her own identity. But if this child stays, her work will be over, and she has no choice but to send Rick to the Lu family. She said that she missed Rick all these years, and she couldn’t help but miss her own flesh and blood. came to the door.

Rick was so young and inexperienced that we protected him very well. He is also a kind and soft-hearted child. What's more, he wanted a mother for so long, and he fell in love with that girl almost immediately.

As for Daniel, he was very jealous of what happened that night, we didn't dare to mention it in front of him, not to mention he didn't know who the girl was, so we asked Saul.

Jing Li said that this girl was indeed one of the girls he arranged for back then. We also saw that Rick liked her so much and fell in love with her so much, we almost believed what the girl said at that time! "

"Then... what happened next?" Thinking of what happened to Rick later, Selena almost didn't dare to continue listening.

Yan Ruyi closed her eyes in pain, "Then...it was a nightmare...that girl is really good at acting and pretending, she won over everyone in our family in a short period of time, especially the little girl. Bao's favorite!

Rick's grandfather and I thought, since Rick likes her so much, it doesn't matter what family background, status and occupation, as long as Rick likes her, as long as her family background is clean, it's all right for Daniel to marry her. After deciding to let this girl stay in our Lu family, by Rick's side, as time goes by, Daniel might change his mind..."

Chapter 1804

Selena heard Yan Ruyi's voice, that girl seemed to be a fake...

So I asked, "Didn't you do a paternity test on that girl and Rick?"

Hearing Selena's words, Yan Ruyi's face was full of remorse, "At first, I was too excited and happy, and I didn't doubt it at all. After all, Rick could only have been born that night, and we didn't expect anyone to dare Openly come to our Lu family to cheat!

Later, as the relationship between the girl and Rick got better and better, we thought about doing a paternity test for them, but every time Rick refused, the woman almost coaxed Rick to be obedient to her!

And we are naturally happy to see Rick happy, try to follow his lead, and treat that girl very well..."

"This matter... Daniel didn't say anything at the time?" Selena was puzzled.

Yan Ruyi sighed, "Daniel hated bringing up the past, so how could he care about this girl? At that time, he just told us to do a paternity test, and didn't say anything else..."

What I regret most is that because of my blind self-confidence and trust in that girl, I have never confirmed it again..."

It wasn't until Daniel returned home that he immediately asked to see the paternity test. We thought about it, it would be safer to do it, so we brought up this matter again.

At that time, Rick had a big fight with us because of this incident, but he was calmed down by the girl. The girl said very calmly that it was okay, and very cooperatively asked the doctor to come and take blood.

At that time, we really felt that we were thinking too much, judging the heart of a gentleman with the heart of a villain, and even complained that Daniel was too cold and hard, which hurt Rick and the girl's heart..."

When Yan Ruyi said this, she recalled something, and her voice trembled, "It turns out... On the night we were waiting for the paternity test results, Rick was kidnapped..."

Hearing this, the air in the greenhouse froze for a while.

Yan Ruyi calmed down after a while, "Afterwards, it was found out that this girl was planned by a veteran who embezzled public funds and was kicked out of the company by Daniel! Although we rushed there in time to prevent the

tragedy from happening, Rick's body was not injured. He was hurt, but after all, he was hurt by someone who he trusted and relied on. Since then, Rick has completely closed himself...

Even we don't dare to trust anyone's words easily anymore, Jing Li has been strictly ordered by us not to have any personal relationship with any artist under his banner..."

After Yan Ruyi finished speaking, she held Selena's hand tightly, "Selena, I'm really sorry... It's just that what happened back then hit us too hard, making everyone look like a bad person, especially you ... You look too much like the girls back then..."

We hope that Daniel can find a mother who is well-matched for Rick. On the one hand, the family needs it, and more importantly, we feel that the family is well-matched, and we know the bottom line. All the things added together, after all, caused this tragedy...

Until...until you used your life to make us wake up and come out from the shadows and paranoia of the past...

I know that some damage has already been done irreparably, and I don't expect you to accept our terrible parents-in-law, as long as you wake up, as long as you get along well with Daniel and Rick in the future! "

Yan Ruyi's eyes were moist, and she took a bracelet from her wrist, "This is the jade bracelet passed down from our Lu family's ancestors, and it has been passed down to every mistress of the house. Now, I will entrust her to you. I hope... Can you accept..."

Chapter 1805

As Yan Ruyi said, she looked at the girl nervously.

Selena looked at the bracelet quietly, took it carefully after a while, and said softly, "Thank you, mother-in-law."

The moment the voice fell, Yan Ruyi's expression froze for a moment, and then the tears that had been suppressed for a long time rolled down, trembling and sobbing.

Selena patted the woman on the shoulder lightly.

In the final analysis, Lu Chongshan and Yan Ruyi's original intentions were not bad, after all, they were devoted to their children and grandchildren, and so far, they had never directly done anything to hurt her.

Besides, they were Daniel's parents after all, and Rick's grandparents.

It took Yan Ruyi a long time to stop her tears, and she held Selena's hand and refused to let go, "Selena, don't worry, as long as Daniel's father and I are around, you will be the eldest daughter-in-law of my Lu family. No one can shake your position, even if Rick's real biological mother appears in the future, you are Rick's only mother!"

...

Outside the greenhouse.

As soon as Rick saw Selena coming out, he immediately ran towards his mother.

Selena immediately hugged the little guy into her arms, her face full of distress.

After trusting someone so wholeheartedly but being betrayed, how difficult is it to open your heart to her again?

How valuable is such dependence and trust?

"The chat is over! If you don't come out, the house will be demolished for the two of you!" Saul was muttering to himself, his eyes carefully spotted the familiar jade bracelet on Selena's wrist, and he immediately flew away like a treasure. Passed over, "Wow! Mom, you have spent too much money this time, even giving away this stuff?"

Yan Ruyi slapped Saul on the shoulder angrily, "What nonsense, Selena is the daughter-in-law of Lu's parents, this should have been passed on to her!"

After Yan Ruyi finished speaking, she looked at her eldest son with a serious expression, "Come here, Daniel, I have something to tell you!"

Daniel glanced at his wife and children, then followed his mother and walked not far away.

After walking a little further, Yan Ruyi said with a straight face, "Just now I have explained to Selena that someone pretended to be Rick's biological mother and kidnapped Selena, and I have also told Selena that no matter what happens in the future Woman, even if Rick's real biological mother appears, Xiaoxi will still be Rick's only mother and the only mistress of our Lu family. There must never be any accidents, and absolutely must not break Xiaoxi's heart.!"

As Yan Ruyi said, she pinched the center of her eyebrows in melancholy, fearing that everything that was stable and happy now would be ruined again.

Daniel glanced at his mother meaningfully, "Don't worry, I won't."

Now the fact that Selena is Rick's biological mother is actually not important anymore, but the identity and purpose of the person who put Rick in the Lu family back then, he has been investigating for so long, but he still doesn't know. I still guessed some...

And because of the vague guess in his heart, not too many people, especially Selena, can know about it now...

After chatting with his mother, Daniel was about to go find Selena when his phone rang suddenly.

Daniel frowned when he saw the caller ID.

Gong Shangze...

Since Selena fell into a coma, Zeling's operation has been stable, but Gong Shangze has encountered serious problems. He has gradually fallen into a bottleneck and cannot create new designs. It is almost fatal, and this caused Zeling's listing plan to be stranded...

Chapter 1806

“Hello, Mr. Lu...” A hoarse and haggard voice came from the other end of the phone.

“Ok.”

“Sorry to bother you, I called you today because I have something to ask you for instructions.”

“you say.”

“I...” The young man on the phone seemed to have struggled and hesitated for a long time before finally saying, “Mr. Lu, I want to resign.”

Daniel frowned slightly, “I’m not your boss, so I have no right to approve your request.”

Hearing this, the young man spoke anxiously, “But you are the only one who can replace the boss to make this decision. If I continue to sit in this position, I can only ruin Zeling. After I resign, with your ability, it is completely possible to make this decision.” Ling recruited better designers!”

Daniel pinched the center of his brows, but did not speak.

He didn’t reveal the truth about Selena’s disappearance to Zeling, and he didn’t know how Gong Shangze and the others guessed it.

Han Momo and Qiao Weilan were alright. Although there were some twists and turns at the beginning, they survived in the end and have been running the company stably.

However, Selena's departure had a great impact on Gong Shangze.

After all, designers are all emotional, especially for Selena, who is like a belief to Gong Shangze. Now that this belief has left without a sound, one can imagine the impact on him.

He can also secretly help the company's operations, but the designer's inspiration is something that even he can't get involved in.

When Selena asked Ze Ling's situation before, he didn't mention Gong Shangze's situation too much, but now it seems that he can't continue to hide it.

After talking on the phone with Gong Shangze, Daniel hesitated for a while, but finally told Selena about the matter.

"Just now Gong Shangze called."

"Ah! Ze, what did he say?" Selena asked immediately.

"He's resigning."

"What?" Selena's face suddenly changed, "Why did you resign when you're so good?"

Daniel glanced at the girl, "Actually, Gong Shangze's condition this year was not very good. After you disappeared, his condition became worse and worse until he hit a bottleneck. He has been unable to create a satisfactory picture for half a year. Design drawing. Originally, I didn't want to make you worry about being tired, so I didn't tell you immediately, I wanted to wait until your body recovered, but now, I'm afraid it's up to you to come forward."

"How could this be..." Selena squeezed the space between her eyebrows, and then immediately said, "I'll go find him right now!"

Daniel showed a helpless look, and he knew she would be like this when she found out.

Selena looked at Daniel's frowning, she hugged him tightly, and said softly, "Honey, don't treat me like glass shards, okay? I draw design drawings and don't need to settle accounts, so I won't be tired."

What's more, there must be a beginning and an end in doing things. Zeling is the painstaking effort of many of us. It is indeed my fault that I left them lying there for a year without even saying hello. Now that I'm awake, no matter what, I should have an explanation to the partners who worked hard together, and Aze will definitely not disclose my situation to the outside world, besides, you are still here..."

In the end, Daniel sighed and said, "I'll accompany you."

In fact, when Selena said the first two words, he was already destined to compromise.

Chapter 1807

Meanwhile, Eaton Bar.

Inside the private room, there was a lot of voices and cups were exchanged.

"Come on, let's give a toast to our designer Dai!"

"cheers!"

"Cheers!!! The sales in the last quarter are the top in our history again! Director Dai has contributed a lot!"

"The previous one who is so clever, completely copied our style, and even tried to steal our market, our Director Dai taught him how to be a man every minute, hahaha!"

...

There was a lot of compliments in the box, Dai Wei was so drunk that his face was flushed, his tongue was sticking out, and he spoke to a group of younger brothers and colleagues with a happy face, "I said a long time ago that the profession of a designer is not based on who walks fast, but who walks fast. It's to see who can go the furthest!"

"Director Dai's kind words, I'll take notes and write them down, so that those newcomers who don't know the heights of the sky and the earth can see what a real designer is!"

"What kind of alphabet is that? What a genius designer. He hides his head and shows his tail and pretends to be mysterious. He has been a flash-in-the-pan ba5tard for a long time. After only a few rounds of confrontation, he was beaten by Boss Dai until he dared not even leave the house!"

"Hahaha Zeling hasn't released a new model for half a year, okay? I don't think it's too far from going bankrupt!"

...

Dai Wei was flattered by the compliments, but at least he didn't lose his head. He looked flatteringly at the woman in the middle of the sofa and said, "I'm only responsible for the design. Our company is today because of Miss Ning's wise ideas." lead!"

When the others heard this, they hurriedly flattered Susie in various ways.

"Our boss is not only the financial director of Ning International, but also the deputy general manager of Empire Entertainment. It is not an exaggeration to say that Zhuge is a female middle school!"

"Tell me, is there any lady in the entire imperial capital who can compare with our boss?"

In the middle of the sofa, Susie sipped her red wine nobly and gracefully, "Okay, don't give me a high hat, everyone has worked hard during this time, and this month's bonus will be tripled."

As soon as the words fell, the whole box burst into cheers of excitement.

Susie took out a bunch of car keys from her bag, and threw them to Dai Wei, "Director Dai is the biggest contributor, there is no doubt about that!"

“Wow! Ferrari! Boss, you are too arrogant!”

“Boss Dai, lend me a drive later!”

“I want it too, I want it too! Lend me too!”

...

Dai Wei looked happy, and took it in his hand, “Thank you boss for the reward!”

Susie smiled, “As long as you follow me wholeheartedly, for the sake of the company’s profit, you will be treated equally, and you will be rewarded with satisfaction!”

“Thank you boss! Follow the boss to have meat!”

“Boss, we will definitely work hard! Shine for the company! Be hot for the company!”

Dai Wei said with a confident face, “Boss, don’t worry! This International Spring/Summer Fashion Week, I will definitely make Zeling never stand up again! Don’t let his old pestle stand in your way!”

Hearing this, Susie said calmly, “It doesn’t matter.”

Dai Wei repeatedly echoed, “Boss, you are right, Zeling is not worthy of our attention at all!”

This past year was undoubtedly the most nourishing year for Dai Wei to live. Originally, he was overwhelmed by Zeling, even scolded by Susie and ridiculed by his peers all day long, which worried him the most. It’s his biggest secret, that mysterious designer xz whose design style is exactly the same as someone’s...

But now, there is no need to worry about anything...

This design circle is still his domain after all!

Chapter 1808

After the show was over, everyone went home.

A Bentley stopped smoothly at the entrance of the bar. Susie said goodbye to everyone in front of the envious and adoring eyes, and then opened the door and got into the car.

After Susie got into the car, she leaned over and kissed the man's lips, "Thank you, Roman, for letting you pick me up at such a late hour! Our turnover this quarter is the first again, so we brought everyone here Make a fuss!"

"It's you who worked hard, don't be too busy."

"No! It's not hard at all!"

Roman rubbed the top of the girl's head, then started the engine.

Susie glanced at the man beside her, and said casually, "Roman, "The World" is going to be remade, do you know?"

Roman nodded, "I heard a little bit."

"Before, the crew invited me to participate in the promotion, saying that they wanted to invite all the original crew to do a promotion with the new version of the crew. However, I have already quit the entertainment circle, so I am still considering whether to go or not. !"

Roman didn't speak for a long time, and Susie realized that he was in a daze, "This time my sister's character, Meng Changge... is played by our company's Han Zixuan. She is a pretty good girl with great potential and a very fast development. The company has been focusing on her..."

Speaking of this, Susie changed her voice, "I don't know where my sister has been this year, I can't get in touch with security, there is no news at all, and the people around her don't know where she went. No matter what it is At

least I should tell my family about the situation, so many people are worried about her now. There are also many people who watch the excitement and spread rumors that my sister retired because she was taken care of...”

Roman pinched the center of his brows, his face was a little unsightly, “Selena must have her reasons.”

Susie nodded, and comforted her with a worried face, “I also believe in my sister, I’m afraid that something happened to her...I hope my sister will have news as soon as possible...”

When Selena first disappeared, she had been worried for a long time and had been secretly looking for her traces, but three months had passed, half a year had passed, and now it has been a whole year, no matter what the chaos outside, Selena didn’t show up...

And she finally stopped looking for someone.

Now that Ning’s International is hers, History has gained a firm foothold. With Roman’s help, she has invested in Empire, and Han Zixuan has completely replaced Selena’s position in the entertainment industry.

Now, even if Selena came back, she would be nothing more than a useless person, a past actress, not even a rookie, so how could she compare with her?

As for the Su family, Zheng Minjun and Su Hongguang, who had always been picky about her before, now donate to her as if they were her ancestors. The Dmned Su Xun and Zhao Shanshan also avoided her when they saw her.

It’s just that Ning Yaohua and Zhuang Lingyu’s place seems to be a bit abnormal during this period of time. When she finishes her work, she probably needs to send someone to keep an eye on it. But now she holds everything in the Ning family, even Ning Yaobang’s shares. She got it all, Ning Qiutong can’t do anything to her, forgive them and they can’t find anything.

Heh, if she had really foolishly followed those bumpkins back then, she would be a village woman now, how could she have everything she has now?

Family background is a gap that a person cannot bridge in this life.

If it wasn't because she was the eldest lady of the Ning family, how could she have entered the entertainment circle so smoothly, how could she be able to get along with Roman, and how could she have everything she has today?

When the publicity campaign of "The World" starts, she can even use this opportunity to come back and wash away all the shame of the past.

The so-called history is not all written by the victors!

Chapter 1809

In stark contrast to the hustle and bustle of the bar, there is an empty and desolate studio.

A dimly lit room without a ray of light.

The young man hugged his knees and curled up in the corner of the wall motionless, his hair and body were covered with a white mist of cobwebs.

At the young man's hand was a mobile phone that had run out of power, and the manuscripts, ink, paper and pens were scattered all over the room, and the wind blew through the window, and the sound of manuscripts rattling solitaryly rang in the empty room...

When Selena and Daniel arrived at Zeling's studio, the lights were not turned on in the entire studio, it was pitch black, not even a single human voice.

"Is Aze here?" Selena asked uncertainly.

The place felt almost as if it had been uninhabited for years.

Later, Zeling moved to a big company after it became bigger. Only Gong Shangze was still used to creating here, saying that it was only here that he got inspiration, and Selena didn't force it. Could it be that he is still here after a year?

"According to the assistant, he locked himself here 24 hours a day," Daniel replied.

Selena frowned upon hearing this.

With a "squeak", Daniel protected Selena and went inside, then stretched out his hand and pushed open the door of the design room.

Fumbling and pressing the switch next to him, the light bulb above his head flickered a few times, emitting a faint light.

The moment she saw the room clearly, Selena's pupils suddenly shrank.

The room is full of manuscripts, just from the manuscripts that were abandoned in the middle of the drawing, from the messy lines, and the traces of scratching the paper cups, we can see how painful the owner is struggling.

And in a corner of the room, the boy was curled up in a dark corner, his body motionless, as if he had died along with the whole house.

Before coming, Selena had already prepared that Gong Shangze's situation might not be good, but she never thought that what she would see after coming would be such a heart-wrenching scene.

Even when she scissored him on the streets of Los Angeles, even though he was a disheveled beggar, he would still talk about the clothes on her, but the person in front of him seemed to have been cruelly stripped of all his talents, From the proud son of heaven to a worthless mortal...

Like a child who was abandoned by God and lost all faith...

The young man didn't realize that someone was coming, and Selena didn't even know if he was still awake.

I don't know how long it took before Selena finally recovered from the anxiety of this scene, took a deep breath, and walked up to the young man step by step.

Selena knelt down slowly, stretched out her hand, and carefully brushed away the cobwebs on the young man's hair, as if afraid of disturbing him, she called out in a very soft voice, "Aze..."

The moment Selena's voice sounded, the young man's motionless body trembled very slightly, as if the depths of his soul had encountered a stormy sea.

"Aze... I'm back..."

The young man raised his head buried on his knees mechanically, staring at Selena with his numb and empty eyes in the darkness like a deep pool of silence.

In the next second, the young man covered his eyes with his arms.

Then Selena saw that big tears fell on the manuscript on the floor, blurring the colors and lines full of pain...

The young man didn't say anything, he didn't even make a sound, he just covered his eyes with his arms and kept crying.

Selena had never seen a big man cry like this before, and never knew that a big man could have so many teary eyes. Seeing that she made people cry the moment she came, she panicked and turned her head helplessly. Glancing at Daniel, "Uh, sweetheart...what should I do?"

Chapter 1810

Selena was at a loss, "How do I coax this?"

Daniel pinched the center of his brows, obviously he didn't know what to do with this situation.

Selena had a mournful face, forget it, the man she made cry by herself, let's coax him.

So Selena quickly squatted there and began to explain, "Ah Ze, I'm really sorry, I disappeared for so long suddenly, I didn't mean to, let alone leave our Zeling alone. I have been lying in bed for a whole year, and I didn't wake up until a few days ago. Because I was lying down for too long, I was very weak when I woke up, and it was difficult to speak, so I couldn't take care of Zeling at the first time. It was to avoid The leak of the news caused too many malicious speculations, so I blocked all the news and didn't tell anyone, I'm really sorry..."

Selena talked on and on for a long time, her words were almost broken, the young man finally said in a muffled voice, "I thought... I let you down..."

Selena raised her forehead immediately, "How is that possible! You are so awesome! If I pick you up, it's like picking up a treasure!"

"I thought... I wasn't good enough... I couldn't satisfy you... I thought Zeling was just an insignificant existence to you... I suddenly didn't know... I didn't know the meaning of my persistence..." The young man continued talking, his face full of dead silence and despair of being abandoned.

Selena almost collapsed. Why did she feel like a heartbreaker?

She really doesn't have one!

"Hey, I'll go! Why does your child like to think about it when he is idle! Don't you know whether Zeling is important to me? Zeling, but we start with the first design drawing, the first one From the beginning of the customer, the beginning of the first flagship store, little by little until now, I haven't seen our Zeling stand on the world stage, and I haven't let everyone know that you, a talented designer, took David that guy His face is swollen!"

Gong Shangze still kept his head buried, clenched his fist tightly, "Boss... I'm sorry... When you were away... I didn't... I didn't do well... I'm sorry..."

"It's okay, it's okay! In the end, it's still my fault!" Selena quickly reassured.

In fact, she could completely understand Gong Shangze's mood.

After experiencing a betrayal and abandonment, Gong Shangze already had psychological trauma, but this time, during the long wait, all kinds of guesses, doubts, and self-denials turned into self-loathing, and even thought that All that he worked hard on, but that person couldn't see it and didn't care, which made him feel that everything was meaningless.

For a creator, besides "self-doubt", the most deadly bottleneck is "loss of meaning", any of which is enough to destroy a designer.

What's more, Gong Shangze still has both at the same time, it is not easy to survive until now.

If she wakes up later, maybe such a genius will really collapse and never get up again.

When Selena thought of these things, she became afraid for a while, "There is only one thing you should say sorry to me, look at you, I finally turned you into a little fresh meat, and you are back to me as an uncle! Hurry up! Get up and follow me!"

Gong Shangze stood up slowly, "Boss...where are you going..."

"Go to my place! Anyway, I won't cheat you!"

Gong Shangze glanced in Daniel's direction, "I...I'd better forget it...I'm fine here..."

"What's the matter, if I come later, maybe what I come to see is a mummy! What do you think my heart is doing? Don't worry, you can't make a light bulb! You say you can do it if you stay here every day. Do you have any inspiration? I will take you to a different environment, and I guarantee that you will find that you are still the genius designer xz who hangs everything! You are still the king of this world!"
