Chapter 1881

Not long after Xu Tao posted on Weibo.

Zheng Anru also saw it immediately.

“Tsk, you really dare to hold a press conference! Why did you post something that is worse than forgetting the truth? Thinking that saying something inexplicable and ambiguous can avoid the important point and divert attention? It’s an old trick again! It’s not so easy for him to be fooled this time.”

“Keep an eye on it.” Han Zixuan glanced at Zheng Anru.

She didn’t want anything to go wrong again.

What happened to Louis this time has already seriously hurt her vitality.

She took great pains to play the weak role, explaining to fans that it was because of professional ethics that she didn’t come forward to explain the truth in time, but how much the fans hated and spurned Louis before, and how much they wronged Louis, now they will anger her as much.

It is not a matter of one day to appease the fans’ anger, not to mention that Louis’s fans are famous in the industry for their high combat effectiveness.

After this time, she lost a large number of CP fans of her and Louis.

The most important thing is that after this incident, she will never be able to have an affair with Louis in the future, not only that, but she will also avoid the name Louis.

She had to get all of this back from Selena!

“Zixuan, don’t worry, I will definitely keep an eye on my side, and the reporter will definitely arrange for our people at that time. No matter what reason they use, they will never let him go! Think about it, what reason can explain it?” Selena didn’t even show her face for a whole year? Just abandoning her fans is enough to make it difficult for her to move forward in this circle!”

...

On the second night, Royal Grand Hotel.

Selena’s comeback press conference, which has attracted much attention from the entire entertainment industry, will be held soon.

Since the morning, the outside of the hotel has been surrounded by fans, and there has been an endless stream of journalists from all kinds of media. The entire hotel has been completely besieged, and invitations to the press conference are hard to come by.

Ten minutes before the press conference started, a black car was parked quietly across the road a few hundred meters from the hotel.

Inside the car, Roman was staring at the entrance of the hotel.

After a burst of noise, a nanny car stopped at the entrance of the hotel, and Selena quickly entered the hotel under the escort of bodyguards.

From Roman’s perspective, he only saw a piece of light-colored clothes corners, but his fingers holding the steering wheel suddenly clenched tightly, and his breathing became disordered.

After learning that Selena appeared, he went to where she lived, including where she might be, but he still found nothing, so he could only wait here.

Ever since he learned that Selena was going to hold a press conference here yesterday, his car parked directly near the hotel overnight...

At this moment, the multi-purpose hall of the hotel was full of seats, and even the aisles were full of reporters.

The entire press conference will be broadcast live on a popular video website. In addition to the reporters present, all fans are also waiting in the live broadcast room at this moment.

“Is it true that Selena retired because she was adopted?”

“Selena doesn’t think about making progress, and her strength has greatly declined. Will this comeback really be able to continue the glory of the past?”

“Back then Selena irresponsibly absent from so many important occasions, even the award ceremony, ignoring the concerns and appeals of fans, and now she’s making money again. Isn’t that too disrespectful to fans?”

...

From the very beginning, the reporters asked more and more sharp questions.

All kinds of ugly words and questions in the live broadcast room were also brushed up.

“What should I do...just treat me as a glass-hearted person...No matter what Karen’s reason is...I still feel that I have been abandoned...”

“Upstairs you are not alone!”

“Let’s see what Karen has to say first?”

“What’s so interesting, no matter what happened, you can come out and tell us something to make us feel at ease, right? But no, nothing!”

“I think Zixuan is better. She interacts with us a lot. She is so kind! It feels like being valued!”

...

There were more and more comments like this. The reporters and sailors arranged by Zheng Anru were choking on the fatal point of “abandoning fans”.

“Thank you to all the media for coming today, and also to the fans who are watching before the live broadcast...”

At the start of the press conference, Liang Feixing gave the opening remarks, then handed over the microphone to Selena, “As for the reason why Selena retired a year ago, Selena will personally answer for everyone.”

Hearing Liang Feixing’s words, there was a sudden silence at the press conference, and even the messages in the live broadcast room that froze on the screen stopped suddenly.

All eyes were on the girl sitting in the middle on the stage.

Even Xu Tao and Liang Feixing looked a little nervous. Although the evidence this time is definitely fine, this step is really critical.

Selena took the microphone from Liang Feixing, and after a few seconds of silence, she said, “I’m sorry, I couldn’t show up here until now, and I’ll give you an explanation...a year ago, the reason why I retired It was because I was accidentally injured and became a vegetative state, falling into a deep coma.”

The moment Selena finished speaking, all the reporters looked shocked, and after a brief pause, the live broadcast room completely exploded.

“Vegetable!!!”

“Karen turned into a vegetable?”

“real or fake!”

“Did I just have an auditory hallucination?!”

...

Liang Feixing and Xu Tao on the side nervously watched the reactions of all parties, waiting for Selena to continue speaking, but found that Selena had put down the microphone.

Liang Feixing almost collapsed. If I ask you to explain the reason, you really don't want to say anything but explain?

Xu Tao's expression was also quite helpless. Seeing Selena's performance at the promotional ceremony of "The World" that day, he thought that he would definitely not need to worry about it today, so he only gave a few words of advice.

Only now did he know that Selena was really not good at sensationalism, selling misery, and showing softness.

Is that why she chose to express her feelings through singing?

Fortunately, Liang Feixing and Xu Tao's ability to control the field was online. Liang Feixing quickly asked the staff to send a proof document to all the reporters present, and announced it on the big screen behind him.

"what is this?"

"I don't know! Take a look quickly..."

"I'll go! The diagnosis at the Imperial Capital Military Hospital proves...serious brain damage...vegetative state...!!!"

...

Before the reporters and fans in the studio questioned Selena's words, they were overwhelmed by this ironclad evidence.

At the same time, Xu Tao said with a very serious expression, "At the beginning... when Selena was injured... everyone thought that a miracle would happen... this girl would definitely wake up..."

After all... she has gone through so much... worked hard for so long... and finally got everything she deserves... she still has so many... so many fans who love her waiting for her...

We all believe that your thoughts and your love for her will definitely wake her up...

So, we did everything possible to conceal the news...”

Chapter 1883

Accompanied by Xu Tao’s words, needles could be heard on the scene.

Xu Tao took a deep breath and continued, “However, as time passed day by day, Selena... never woke up...”

At that time, Selena’s “Mother” and “Nine Heavens” were released one after the other...she was so popular...we have never been like that...hope she is not so popular...so...we can do more for her Buy some time...even if it’s just a day...

However... In the end... We worked hard for so long... Finally, we got the worst result...

Three months, three full months, Selena still couldn’t wake up...

At that time, the doctor said that after three months, based on her condition, it is equivalent to the possibility of not waking up...”

Xu Tao continued to narrate everything in detail to everyone, even every detail, so that everyone could truly feel their despair and sadness.

Xu Tao’s expression was somewhat sarcastic, “You all know what happened afterwards, from the fan riots to Selena being completely forgotten, it was only a short period of one year...”

“We never announced the truth about Selena’s retirement. For this, we need to solemnly apologize to every fan who cares about Selena!”

Speaking of this, Xu Tao changed the subject again, and said firmly, “But, even if we are given another chance, even if we know the consequences of doing so, we will still choose to do so!

Because, once it is announced, what Selena will face is endless harassment from media reporters and constant troubles! Even if she turned into a vegetative state and lay on the bed, she couldn’t rest for a moment! “

Hearing this, none of the reporters present spoke.

Even they have to admit that if Shengshi really announced Selena’s real situation back then, they would definitely search all the hospitals to find Selena and get first-hand information about Selena. There are opportunistic reporters watching, wanting to make big news.

Listening to Xu Tao’s words, Selena’s fingers clenched slightly.

Xu Tao talked about many things, even she didn’t know about it.

Although Xu Tao heard everything he knew from Louis and the others, he was just a middleman recounting the events of the year, but he brought her back to the scene in an instant. What happened when she was in a coma...

Speaking of this, Xu Tao glanced at Selena beside him, “We have apologized to Selena for the misunderstanding caused by our handling methods. But at that time, Selena replied that if it was her, I would choose not to say anything.”

Hearing Xu Tao’s words, there was a little commotion in the scene and in the live broadcast room.

Xu Tao paused for a moment, sighed softly, and continued, “She said, Selena, rather than letting you hold on to a tiny hope...and waiting for the unknown date...it’s better...to let you all forget about her...”

Sometimes the truth is worse than forgotten.

It turns out that this is the true meaning of Xu Tao’s Weibo...

The moment Xu Tao’s voice fell, at this moment, all the fans who were guarding the live broadcast room everywhere burst into tears...

The original has always been...

It's all their misunderstanding...

It turns out that from the beginning to the present...

It's not that Karen abandoned them, but that they abandoned her...

Chapter 1884

Xu Tao's eyes swept across the silent reporters present, and then from the corner of his eye, he glanced at the overwhelming swiping screen of fans on the live broadcast on the mobile phone.

Heh, do you think this is over?

"Heh, the strength has dropped a lot? Don't want to make progress? To fool fans? Selena has been lying in a vegetable state for a whole year. After waking up, even basic walking and talking are difficult. Even so, it can still kill someone's so-called half a year of professional training results in seconds!

Who in the end is not thinking about making progress! Who is fooling the fans! Who is it purely for money!

His mother is not even as good as a vegetative person, but he dares to come out to sell hard-working and inspirational characters! Who gave you the confidence! "

Xu Tao's voice echoed throughout the hall, and the spearhead suddenly pointed at Han Zixuan.

"Selena swept all the awards a year ago and dominated the entertainment industry. She tried her best, even if God made a big joke on her, even if she was forgotten by the world, she has no regrets.

At the beginning, Selena had no plans to come back, but someone pushed her forward and pressed her every step of the way! “

Having said this, Xu Tao’s eyes suddenly turned cold.

At the same time, Liang Feixing played an edited video on the big screen behind him.

In the video, a reporter in red pointed out that Selena’s Meng Changge cannot be surpassed among the fans of the original work, and asked Han Zixuan’s opinion on this.

Next, is Han Zixuan’s answer...

Every word is ridiculing.

He even directly said that “Zi Xuan is not comparable to some inferior people who rely on their appearance and body. This is an insult to Zi Xuan.”

In the video, when Zheng Anru mentioned the “inferior people who rely on their face and body to be superior”, the fans in the entire live broadcast room immediately exploded and cursed.

And when Zheng Anru finally said, “I hope you will stop raising these insulting questions in the future, and don’t bring Zixuan’s name together with some unbearable people with low moral character”...

The anger of the fans in the live broadcast room directly reached its peak!

At the same time, everyone suddenly understood one thing.

fcuk you, Zheng Anru! How dare you say that about our Karen! As a gold medal agent, he slandered and slandered others in public without any basis, and it was the seniors in the circle who slandered him! Is this her profession, her quality?

what! Dear, I suddenly know something! Louis! It turned out that Louis’s sudden departure and posting that foul-mouthed Weibo post was because of Karen!

God! Really are! Louis left the scene suddenly after Han Zixuan’s manager finished saying those words! It’s so handsome and too annoyed!

That Weibo scolded too well! Totally delightful!

The more handsome one is our Karen, okay? Do you still remember Karen's answer to the reporter, "Who said I didn't come to mess things up"?

Aw! I want to be my cp fan of Xiye for ten thousand years! Han Zixuan, leave me alone!

...

The reporters present did not expect such a reversal at all, especially those reporters placed by Zheng Anru, they were all dumbfounded.

Xu Tao's unexpected one after another, they were almost powerless to fight.

This comeback press conference not only clarified all the truth, but also severely slapped Han Zixuan and others on the face...

Chapter 1885

So far, Selena's comeback is completely what people want, the general trend, and no external force can stop it.

At the end of the press conference, Xu Tao sneered and said, "The perpetrator of Selena's car accident is still at large."

The meaning of this sentence is unclear, without naming anyone, but it can instantly push Han Zixuan to the forefront and give her a hard time.

As soon as Selena left, Han Zixuan was promoted step by step from a young rookie in Shengshi Entertainment, replacing Selena to become the number one lady in the entertainment industry.

So, was Selena's car accident back then an accident, or was it man-made?

If it was man-made, who did it?

This limitless imagination is left to those reporters who want to make a big news every now and then!

After the press conference.

In the nanny's car, Liang Feixing raised his hand with a smile, Xu Tao raised his eyebrows, and also extended his hand to give the other party a high-five.

Liang Feixing stared at the high-spirited appearance of the other party, clicked his tongue, "Sure enough, you should do these shameless things! You are so shady!"

Of course, inciting people is also a good hand!

Xu Tao nodded with a look of being praised, "Of course!"

After finishing speaking, he shyly covered his face and turned to Selena who was in the back seat to ask for credit, "My Lady Queen, how do you think I am doing today? Have you passed the probation period?"

Selena didn't know whether to laugh or cry, "Well, it's pretty good."

Accustomed to Lin Zhizhi's rigid and meticulous way of working, this Xu Tao's style is really completely different.

However, for her current complicated and difficult situation, Xu Tao's smooth handling style is indeed a good thing, and it can make up for her shortcomings.

"Hahaha, Zheng Anru and Han Zixuan must be furious now! And Wang Haojun's son-in-law! Let you dig me out!" Xu Tao looked happy, and finally let out the anger that had been held in for so long.

The most critical step was taken smoothly, Liang Feixing also heaved a sigh of relief, but he still said cautiously, "This time, of course, it can seriously hurt the vitality over there, but it is impossible to trip her once."

Xu Tao shook his legs and stared at Selena with glowing eyes, “What are you afraid of, my Qinglong Yanyue Knife can’t cut Zheng Anru’s broken kitchen knife?”

Selena: “...”

This metaphor...

At the same time, Louis had just finished watching the live broadcast of Selena’s comeback press conference at home.

Looking at the overwhelming “Louis is so handsome”, “Louis is so anan”, “Louis and our Karen really match each other”, a certain golden retriever expressed that he was in an unprecedentedly good mood.

Louis picked up the phone and called Lei Ming, “Hi, Brother Ming...”

“Hey, little ancestor, do you have something to do?” Lei Ming asked tremblingly, he was always the one who called this little ancestor, and this guy rarely took the initiative to find him.

“Appoint me a stylist!” Louis said.

Lei Ming was shocked when he heard that, “Oh my god! You finally figured it out, little ancestor! I’ll make an appointment for you right away! Cough, but, what style do you want?”

“Master agrees to transform.”

Lei Ming: “...”

How could Louis cooperate so well?

“The most popular male artist this time must belong to my master, serve me some snacks, you know?” Louis urged.

Lei Ming: “...”

Not only did they cooperate, but they also knew how to make progress!

Never before had he begged his grandpa to sue his grandma for snacks, but he looked indifferent and impatient.

It's unbelievable that he finally made it through!

Chapter 1886

At the same time, there are many, many people who are paying attention to this press conference.

In the building of Shengshi Entertainment Company, the new and old artists who were watching the live broadcast together in the practice room cheered excitedly.

"Aww! Brother Tao is domineering! Now Han Zixuan and the others will suffer!"

"I didn't expect Karen to retire like this!"

"Oh my god, the car accident was in a vegetative state! At the time when I saw Karen dancing with a gun, I even said that Karen's strength had deteriorated. I want to apologize to Karen! Karen, don't be too awesome!"

"Senior Jiang's grievances have been cleared away, and Karen is back. Now our prosperity is really saved!"

...

Compared with the joy of Shengshi Entertainment, Empire Entertainment is an unprecedented haze.

As soon as Selena's comeback press conference ended, all the high-level executives on Empire's side immediately held an emergency meeting.

Zheng Anru was already so angry that she was about to vomit blood, “That Xu Tao! He is so shameless! What did he mean by that last sentence! He was clearly trying to set the blame on us by saying that Selena’s car accident was arranged by us! Arrange a lawyer immediately, I want to sue him for defamation!”

Liu Wenliang, the director of public relations, glanced at her, and said with a calm face, “The other party only said that the perpetrator escaped, and didn’t say anything else. How are you going to sue? On the contrary, you, the manager, spoke without thinking. On that occasion, you blatantly said that kind of baseless words, what betrayed your body with your face, and now you have such a big handle in the hands of others! Look at how we are scolded on the Internet now!”

Zheng Anru said with a cold face, “There is no basis for what. Selena is known by everyone’s face and body. Do you still need evidence?”

Liu Wenliang also sneered, “If you have evidence, you should show it! Is it enough for everyone to know? This kind of words can also be said by a gold medal agent? I can’t communicate with you!”

“you...”

Zheng Anru was about to speak, but Wang Haojun interrupted her with an angry face, “Okay, you two stop arguing! I told you to come here, is it for you to quarrel?”

Susie had just finished dealing with Zeling’s affairs, and immediately got the news from Empire Entertainment. At this moment, her agitation was almost at its peak, “The incident at the last publicity ceremony wasn’t enough for you to be vigilant? Why? This kind of problem happens once or twice?”

Dmn it!

Selena! Selena! Why is it Selena again!

Zhao Wenliang said in a deep voice, “Vice President Ning, it’s not that we are not vigilant, but that Selena’s evidence is too strong, and this reason is completely irrefutable. It’s okay for that guy to incite fans, but he’s so shameless, not only slapping us down, but also giving us a hard time!

Although Xu Tao has no proof, but people's words are formidable. If this kind of thing gets out, it will have a great impact on the artist's reputation. "

Susie pinched the center of her brows, "Then seize the fact that there is no evidence, and absolutely don't let the fans be incited. As for Anru, you should send a public apology now, and be more sincere."

"What? Ask me to apologize?" Zheng Anru's face suddenly changed, and he subconsciously looked at Han Zixuan at the side.

Han Zixuan's expression was full of impatience, "If you don't apologize, why don't you let me go?"

Zheng Anru suddenly lost his voice.

Wang Haojun raised his forehead with a headache, "This is the only way now, try to recover the loss as much as possible. Anru, you must bear this matter, Zixuan's image must not be damaged in any way."

Chapter 1887

"I see." Zheng Anru said holding his breath.

Susie warned with a serious expression, "The voting for "Light of Entertainment" will start in a few days. This year's No. 1 actress, Zi Xuan must win!"

"Entertainment Light" is the most authoritative consulting magazine in the entertainment industry. Every year, a grand online voting is held. According to the voting, the major rankings are selected. The most concerned one is the popularity list of male and female stars. Lace lists, such as "the list of the stars most want to marry in the entertainment industry", "the list of the most

promising newcomers in the entertainment industry” and even “the list of the most sleepy stars”. Has a great influence in the entertainment industry.

In the last selection, Selena beat the second place with twice the number of votes, and it was when Selena disappeared from the public for three months.

Zheng Anru nodded and said, “Vice President Ning, don’t worry, we are bound to win!”

This year’s first place, with Zixuan’s popularity, there is no suspense.

“If you need anything, just mention it to me and Mr. Wang. The company will fully cooperate with you.” Susie said.

Even if Selena came back, the voting would start next month. With her current popularity, she would definitely not be able to compare with Han Zixuan, but she didn’t want to make any mistakes.

The meeting went on for more than two hours...

After confirming the solution, Wang Haojun said, “Then let’s do this! The meeting is over! I have to go to appease the investors!”

As soon as the results of Selena’s press conference came out, investors from “The World” started to make trouble again.

At this moment, Wang Haojun was actually full of remorse.

You know, Selena was originally an artist of their Star Entertainment!

If he had known that this girl’s potential and explosive power would be so strong in the future, he would have saved her even if he killed her, but now he has created such a difficult opponent for himself...

Since she can’t win over, then she can only be completely unable to stand up!

Han Zixuan had to make sure that even if the investment in “The World” couldn’t get the expected return, she must let Zixuan hold Selena down. If Selena was held down, it was tantamount to holding down Shengshi Entertainment.

He won’t give Shengshi Entertainment any chance to stand up!

...

After the press conference, Selena went back to the company and had a small meeting with Xu Tao and the others.

The company is filled with flowers and gifts from friends and fans.

After the meeting, Selena carefully went over the presents one by one and asked the staff to help them put them away.

When picking up a bouquet of flowers, a card fell out of it.

Selena picked it up casually and took a look, and saw a familiar name on the signature.

Li Muyan...?

Aunt You's son?

How could a busy diplomat remember to send her a bouquet of flowers?

Sure enough, just like what my aunt said, although Li Muyan is young, he is impeccable in dealing with others.

Selena didn't pay much attention, but out of politeness, she sent a text message to thank her.

After about five minutes, Li Muyan replied: You're welcome. It's just that I didn't expect so many fans of Selena to find my bouquet of flowers, which shows that you have carefully read every gift, and you are an idol worthy of fans' love.

As expected of a diplomat, he is too good at talking. Although it may be just a scene, but the boast is well-founded.

Chapter 1888

Inside a black vehicle near the hotel.

After watching the live broadcast of the press conference, Roman felt as if he was petrified, and did not move for a long time.

Selena...

In this year, such a big thing happened to her.

But he didn't know anything.

Even several times, like those people, he also questioned her.

That little girl who was once innocent and innocent, left the place where she had lived for eighteen years for him, worked hard to adapt to a life she didn't like, for him stripped away everything she had, and changed herself little by little...

She said, Roman, you believe in me, I can do it.

She said, Roman, one day, I will be able to stand side by side with you...

For their future, she gave up so much and worked hard for so long, but in the end, he broke the promise between them, leaving her alone, abandoned by everyone...

Susie had already obtained and possessed everything, but because of an accident, she had to start all over again.

A certain decision in my heart, like a seed that breaks out of the ground, bursts through the sky at this moment...

However, she never paid attention to his text messages and phone calls, let alone seeing her...

The man picked up his cell phone, thought for a while, and made a call.

"Hello, Xiao Nuo?"

“Ah...Brother Roman...” Tang Nuo on the other end of the phone sounded a little unnatural.

When Roman and Selena were together before, he had a very good relationship with Roman and almost regarded him as his brother, but since Roman and Susie were together, they had no contact with each other.

“Have you read the news? There is news about your sister.” Roman said.

“Ah? My sister? What’s wrong with my sister? Didn’t she go abroad to study? I’m preparing for an exam recently, so I haven’t used the Internet much!” Tang Nuo’s first reaction was that “my sister” must be Selena, and she didn’t think about it at all. over others.

...

Shengshi Entertainment.

After finishing her work, Selena was about to go home when her private cell phone rang suddenly.

Caller ID, Tang Nuo.

Looking at the names on the screen, Selena’s eyes warmed up immediately, and then she felt a headache again.

Sure enough, as soon as the call was connected, Tang Nuo’s thoughts, comparable to Tang Seng’s, came from the other end of the phone, “Sister!!! I didn’t know you had such a big deal! Your assistant said that you went abroad for further study, and I He actually believed that!

I haven’t heard from you for a year, and I don’t know how to find you. I don’t deserve to be your younger brother. You treat me so well, but when you encounter difficulties and dangers, I can’t help you at all. Not even...”

Selena helplessly interrupted the boy on the other end of the phone, “Cough, it’s okay, it’s your fault, it’s my fault, I’m sorry for making you worry, but don’t worry, I’m alive and kicking now and I’m fine! “

“The vegetative person has been lying in bed for a whole year, how can there be no problem! Those people are simply too much! Say you like that!”

“Good, it’s all over.”

“Sister, where are you now? Can I find you? Well, if it’s inconvenient... then forget it...” Tang Nuo asked cautiously.

“Why is it inconvenient for you to see me? I’ll go find you! But it’s a bit late now, I’m going to City C tomorrow?” Selena asked.

“Uh, sister, I’m in the imperial capital, you forgot?”

“Ah! That’s right! My brother is awesome, he passed the university entrance exam!” Selena smiled suddenly, “I’m at the company, it’s very close to yours, just a few minutes away, just wait for me, I’ll go to you right now That!”

“Sister, are you sure? What if it causes a sensation!”

“It’s late at night, it’s okay, besides, I will change my outfit.”

“Oh ok, then I’ll wait for you at the stands in the school playground?”

“Row!”

“Brother Tao, I’m going to Imperial University, can you help me find some inconspicuous clothes?” Selena found Xu Tao and asked.

Xu Tao nodded hurriedly, “Alright, Your Ladyship, but it’s so late, what are you going to Imperial University for?”

“Go see my brother.” Selena replied.

“Do you need me to accompany you?” Xu Tao looked like he wanted to turn into a leg pendant.

“It’s okay, there will be bodyguards on my side.” Selena smiled.

“Okay, then wait a minute, I’ll find it for you right away!” Xu Tao happily ran to serve Her Lady Queen.

After a while.

Xu Tao proudly came over with a set of clothes, “Selena, what do you think of this outfit? It’s definitely not conspicuous!”

“Uh...” Selena looked at the “Emperor Capital University” uniform in Xu Tao’s hand, with a somewhat speechless expression.

It’s really inconspicuous enough to pretend to be a student of Imperial University directly...

“How did you get the uniform of Imperial University?” Selena asked with a look of wonder.

Xu Tao shrugged, “I don’t know. I found it out of the warehouse. It’s not a costume, it’s the original version! I checked the size, it should fit you right!”

The uniforms of Imperial University are notoriously beautiful, so although Imperial University does not require everyone to wear school uniforms, many students still like to wear them.

“Just this one, it’s pretty good, thank you Brother Tao!”

Selena thanked her, went into the changing room and changed into her clothes, then tied her hair into a ponytail, found a mask and put it on, and she was done in no time.

After Selena changed her clothes and came out, Xu Tao’s eyes lit up like light bulbs.

I go! Who said that my Lady Queen is not conspicuous!

Even if she is blindfolded, she knows that she is definitely a super beauty! It’s better not to wear this mask than to wear it!

Oh, don’t worry! I just want to stare at it all the time without drinking or sleeping, otherwise I am always worried that his family’s good cabbage will be accidentally picked up by pigs!

...

Imperial University.

At night, there are street lights on the campus, groups of students laughing and walking by, on the playground, there are a few young couples sitting sporadically, and some people are sweating and running on the track...

Wearing her school uniform, Selena felt her whole body quiet down as she walked.

Back then, with her grades, it was no problem to take the entrance exam to the God Capital University. Unfortunately, because she returned to Ning's house halfway, all her energy was spent on how to adapt and cater to those so-called celebrity circles, and her studies were delayed...

Because the school uniform that Xu Tao found for her by accident made her feel like a dream come true.

While looking around, Selena slowly walked towards the stands.

Looking up, I saw a familiar figure in the corner of the stand.

Selena hurriedly quickened her pace, stepped up the stairs, and walked towards Tang Nuo.

Tang Nuo was also wearing the Imperial University uniform, but the collar of the inner lining was spread out, and the jacket was casually draped over his shoulders.

I haven't seen him for a year. The boy's facial features and figure have grown a lot. He is handsome and sunny. He is probably very popular with girls in school.

Selena sighed in her heart, she had a sense of seeing "my family's young boy has just grown up"...

"Xiao Nuo!"

Tang Nuo was poking his head to see through, when he suddenly saw a girl wearing a mask calling his name, so he looked over suspiciously, "Student? Are you..."

Selena took off the mask on her bottom, and Tang Nuo's eyes widened in surprise and joy, "Sister!!!"

"But sister... you... why are you wearing our school uniform..."

"Pretend it! Does it look like it?" Selena chuckled.

Tang Nuo nodded again and again, "Like! You can't tell that you're not a student at all!"

"Xiao Nuo, you've grown a lot taller and more handsome. I almost didn't recognize you just now! How is it? There must be many girls in school who like you? Have you got a girlfriend yet?" Selena teased.

Tang Nuo blushed immediately, scratched his head and said, "Sister, stop teasing me, I just want to study hard, I never thought about having a girlfriend!"

"Pfft..." Selena couldn't laugh or cry when she saw the boy's upright face saying that he wanted to study hard.

"Sister, how did you come here?" Tang Nuo asked.

"Come here, it's not far away."

"Ah! That's so tiring! Sit down and rest for a while!" Tang Nuo hurried over to help her.

Selena waved her hand nonchalantly, "It's not that weak, you can see that in the press conference video, it was my manager who was too exaggerated, in

fact, a friend of mine prescribed a special medicine for me, and I recovered quite quickly. Yes, at least now the daily life is completely fine.”

“That’s great!”

“Come on, let’s go to the playground?”

“Okay.” The young man felt relieved.

The wind was a bit chilly at night, Tang Nuo thoughtfully put his school uniform over Selena’s body, “Sister, don’t catch a cold!”

Selena rolled up her jacket, her face was full of warmth, “Thank you, good boy...”

As the two walked and chatted, Selena asked with concern, “Are you still used to being here in the imperial capital?”

Tang Nuo was silent for a while, then he said, “At first...it was a bit uncomfortable...after all, we are a small place...when I was there, the whole village was proud of me...but, here Only then did I realize... In fact, I am nothing... This sense of gap... is actually quite uncomfortable...”

The young man’s expression was a little sad, but he quickly recovered, “It’s just at the beginning, but I gradually got used to it, and now I get along well with everyone!”

The young man just mentioned it in one word, but it can be imagined that he must have experienced all kinds of twists and turns at that time.

After Tang Nuo finished speaking, he looked at the girl beside him with a gloomy expression, “Sis, back then... when you left home and came here... it must have been the same...”

Selena sighed softly and looked at the night sky above her head. In front of Tang Nuo, she would not deliberately hide it, and said slowly, “Yeah...everyday...I miss home every day...want to go back...but... ..I can’t think about it...I can’t think about it...Since I have made a choice...I can’t go back...”

Hearing the girl’s words, Tang Nuo clenched his fingers tightly, not knowing what to say except his heart ached.

It's a pity that he was too young at the time to do anything.

"Sister...do you still blame Brother Roman..." Tang Nuo asked.

Selena turned her head to look at the distressed young man, her eyes reflecting the bright starlight flickered, "Resentment? I should thank him. If it wasn't for him, how could I...meet that person..."

When the girl said this, her face was full of warmth without any haze.

Tang Nuo was also immediately affected by the girl's emotions, "Sister! Are you talking about your boyfriend?"

Selena smiled and corrected, "It's not your boyfriend, it's your brother-in-law. We're already married."

When Tang Nuo heard it, his face was filled with surprise, and he said happily, "Really?"

Probably because he had experienced Roman, but in fact, he was always worried that that man didn't treat each other sincerely, maybe he just fell in love with his sister's beauty and wanted to have fun or something. Unexpectedly, they were already married!
