Chapter 1901

Susie finished a party, and it was already late at night when she returned home.

Seeing the familiar shoes of the man at the door, Susie's expression brightened.

Roman is back.

Pushing open the bedroom door, through the floor-to-ceiling glass windows, I saw Roman standing on the balcony.

"Roman...you are back...I miss you so much..."

Feeling the soft body embracing behind him, Roman's body stiffened a little, then he turned around and looked at the girl in front of him, "Are you done?"

Susie nodded, looking distressed, "Recently, there have been frequent accidents with History and Empire, especially Empire...because of my sister's return...the promotional ceremony of "The World" we had prepared for a long time was messed up, Zixuan There are also constant problems... Ah, by the way, Roman, do you know? My sister is back!"

Roman nodded, "I heard."

Susie's eyes dimmed, guessing that Roman must have known the truth about Selena's disappearance for a year, and said in a guilty tone, "I didn't expect such a big thing to happen to my sister this year, but it's a pity that none of us are aware of it." I know, but I can't help..."

Roman didn't reply, but looked at the dark night sky not far away, with a secretive expression on his face.

Looking at Roman's expression, Susie felt a strong uneasiness for no reason.

At the same time, he couldn't help but think that Roman should have returned from a business trip yesterday, but suddenly disappeared for a whole day.

Where did he go from arriving at the airport to before returning home?

Really just in the company? Didn't even come back at night...

But as far as she knows, the company has not been so busy recently...

Because she was too busy these two days, she didn't pay much attention to his whereabouts. When she came back just now, she was going to call his assistant, but she saw that Roman had already returned...

What worried her the most was...would Roman already know about Selena and the dealer?

After he knew Selena's identity, would he be like Zheng Minjun...

A year ago, she had already noticed that something was wrong with Roman, because of Selena's sudden disappearance, her worry was over before it even started, but now, Selena is back again...

The more Susie thought about it, the more uneasy she became.

Dmn it, why did she forget such an important thing, just ignoring Roman's side!

Even if it is ten companies, it is not as important as her catching Roman and the Su family!

Including dealing with Zheng Minjun, the reason why she has remained calm until now is because her greatest confidence is Roman.

Even if Zheng Minjun had objections to her, as long as Roman stood by her side, then Zheng Minjun would have nothing to do with her, even if Su Hongguang came forward in person.

But now, looking at the man in front of her who has always been under her control, she suddenly lost her confidence...

Even at this moment, the expression he looked at her gave her an extremely strange feeling.

Since when did this man, who was obedient and devoted to him, look at him gradually without the heat and warmth in the past?

His heart is not with her, where did he go...

A sinister light flashed in Susie's eyes, and in the next second, her eyes were reddened, and a moist mist appeared in her eyes, as if she had suffered a huge grievance, she threw herself into Roman's arms, "Roman ...what to do...I'm so scared..."

Seeing the girl's expression of extreme panic and fear, Roman took back the words that were about to blurt out, "What's wrong? What happened?"

Chapter 1902

“Roman, will you not want me anymore...” the girl raised her head and asked weepingly.

When Roman heard this, probably because of a guilty conscience, his heart skipped a beat, and he was unable to reply abruptly.

And Roman’s performance made Susie feel as if a basin of cold water had been poured down her head, and her nails were firmly pinched into her palms.

Roman!

He actually had such an idea!

Susie’s heart was full of dark thoughts, and the expression on her face was even more aggrieved, “Roman, do you know? No matter how hard I try, grandpa will never take a second look at me, and even think that I have other plans. But...but I really just want to resolve the conflict between grandpa and mother...”

“I know you have good intentions.” Roman said absently.

“I don’t know what I did wrong. It’s probably because my grandfather and mother have too much conflict, and I’ve always been closer to my mother. That’s why my grandfather didn’t lie to me, but... he recognized Selena... ..” Having said this, Susie’s face was full of sadness.

Roman patted the girl’s shoulder lightly, “This has nothing to do with you...probably...it’s because after all Selena has the blood of the dealer.”

Hearing this, Susie’s face immediately turned pale, and she said with a bitter smile, “Oh, yes...Blood... After all, my sister is my own... What am I... Now even Grandpa I only recognize my sister...I know...I’m not worthy...but I’m scared...I’m really scared...”

Roman...you know...my mother was already very dissatisfied with me because of my identity...I have worked hard for more than a year...to make my mother satisfied with me...

However, since my mother saw my aunt taking Selena to Mrs. Li's private party last time, her attitude towards me has changed...I'm really afraid...I'm afraid that my mother will hate me...and force me Leaving you..."

Speaking of this, Susie was sobbing.

She didn't say a word about Roman's change of heart, she looked as if she believed that Roman's love was worthy and worried that they would be separated by their mother.

Looking at the girl who has no doubts and is so panicked because she is worried about being separated from him, even though it took a whole year to make a decision, even if she had just talked to her father to confirm...

At this moment, Roman still hesitated.

The words that I was going to say, I couldn't say no matter what.

Roman frowned, but in the end he just said, "Stop thinking about it, what about the background of the Ning family and how the Zhuang family treats her has nothing to do with you."

Originally, he didn't decide to divorce because of this, but this fact strengthened his mind to some extent.

But even if there is no reason for this, he will make this decision...

Susie leaned into Roman's arms, crying heartbroken, "Roman, actually...I'm really tired...so tired...but as long as I think that I can be with you...as long as I know that you are love My... everything I can bear... everything I love..."

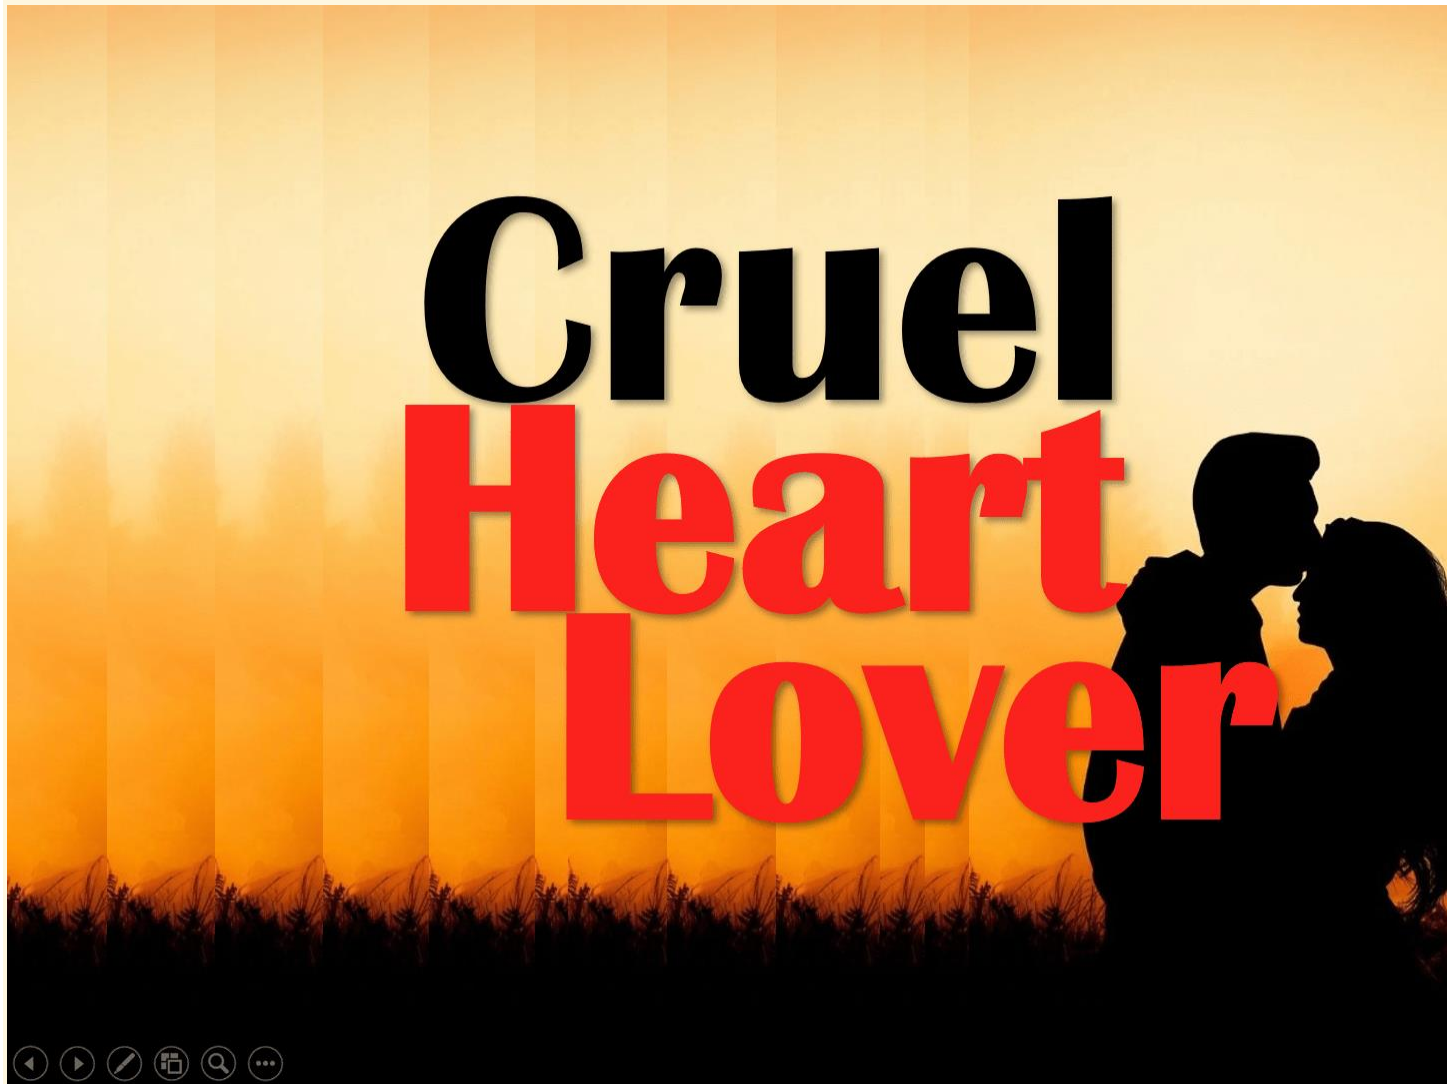

Roman's face became even more rigid, and his firm heart began to waver. It is true that Susie has paid a lot for him...

However, his feelings at this moment were different from before. He just couldn't bear it, but he didn't feel any reluctance. Even looking at Susie's appearance, his heart was full of irritability.

At this moment, a bright and stunning face flashed in my mind...

That girl never said this in front of him, never complained, and always smiled when facing him...

The strong desire to get that man's sex immediately stabilized the man's chaotic emotions caused by Susie's crying.

Chapter 1903

Seeing the crying woman in his arms, although Roman didn't say what he was going to say immediately, his decision became more firm.

The man patted the woman in his arms, and a dark light flashed in his eyes, "Susie, I know you have sacrificed a lot to be with me, and you have suffered a lot of grievances... But, in fact, the biggest victim, and the last An innocent person... Selena... You even did that to her back then..."

Susie's body froze immediately, this incident was her fatal flaw!

Dmn it, if Roman hadn't accidentally discovered those two trash back then, she wouldn't be as numb as she is today.

So much so that although this incident hit Selena that b!tch back then, it was like a ticking time bomb between her and Roman, making her always in a disadvantaged and passive position in the relationship between the three of them. Selena had to put on a look of guilt and self-blame...

Enough is enough!

However, she had to do this. If Roman found out that she did it on purpose, she would be finished!

Susie burst into tears, with a face full of self-blame to the point of pain, "I know...I always knew...so I won't argue with my sister for anything these years...even I can give back everything I have. She... just hopes that my sister can forgive me..."

But, Roman, you also know that my sister has misunderstood me too much, and she is unwilling to accept any compensation from me..."

"What if she is willing? Are you willing to do anything? Are you willing to return it to her?" Roman suddenly asked.

Susie was stunned by the question for a moment, unable to say anything for a long time, and then a monstrous anger rose from the bottom of her heart!

b!tch!

Has she hooked up with Roman in private?

Otherwise, why would Roman say such words?

What is he implying?

Give it back to her?

Give her back what?

Roman?

It's just a dream!

Roman is her man, her husband, she is the only Mrs. Su!

This position will be hers after all, she will never let it go!

Roman didn't look at Susie's expression any more, and directly stopped the topic, "It's late, go to sleep."

If I don't mention it today, let's take it as a mental preparation for her. It won't be too late after he has dealt with all the follow-up issues and the divorce agreement is drawn up, so as to save more troubles.

Over the years, Susie has indeed achieved some achievements in the mall, and she is also quite appreciated by her peers, but she is still just a woman, relying entirely on the network of the Ning family and the Su family behind her, otherwise she will not be able to move forward at all.

Ning's International, History and Empire all have a large amount of capital injection and equity participation from their Su family. Empire's shares are even completely transferred to her directly by him. After the divorce, as compensation, he can directly give them to her without paying any money. , can be regarded as not treating her badly.

With these, she can live a good life. With Ning Yaohua and Zhuang Lingyu's love for her, her life after divorce will not be too sad...

Until Roman had turned to go to the bathroom, Susie was still standing on the balcony blankly.

After being together with Roman for so many years, how could she not guess what Roman was thinking.

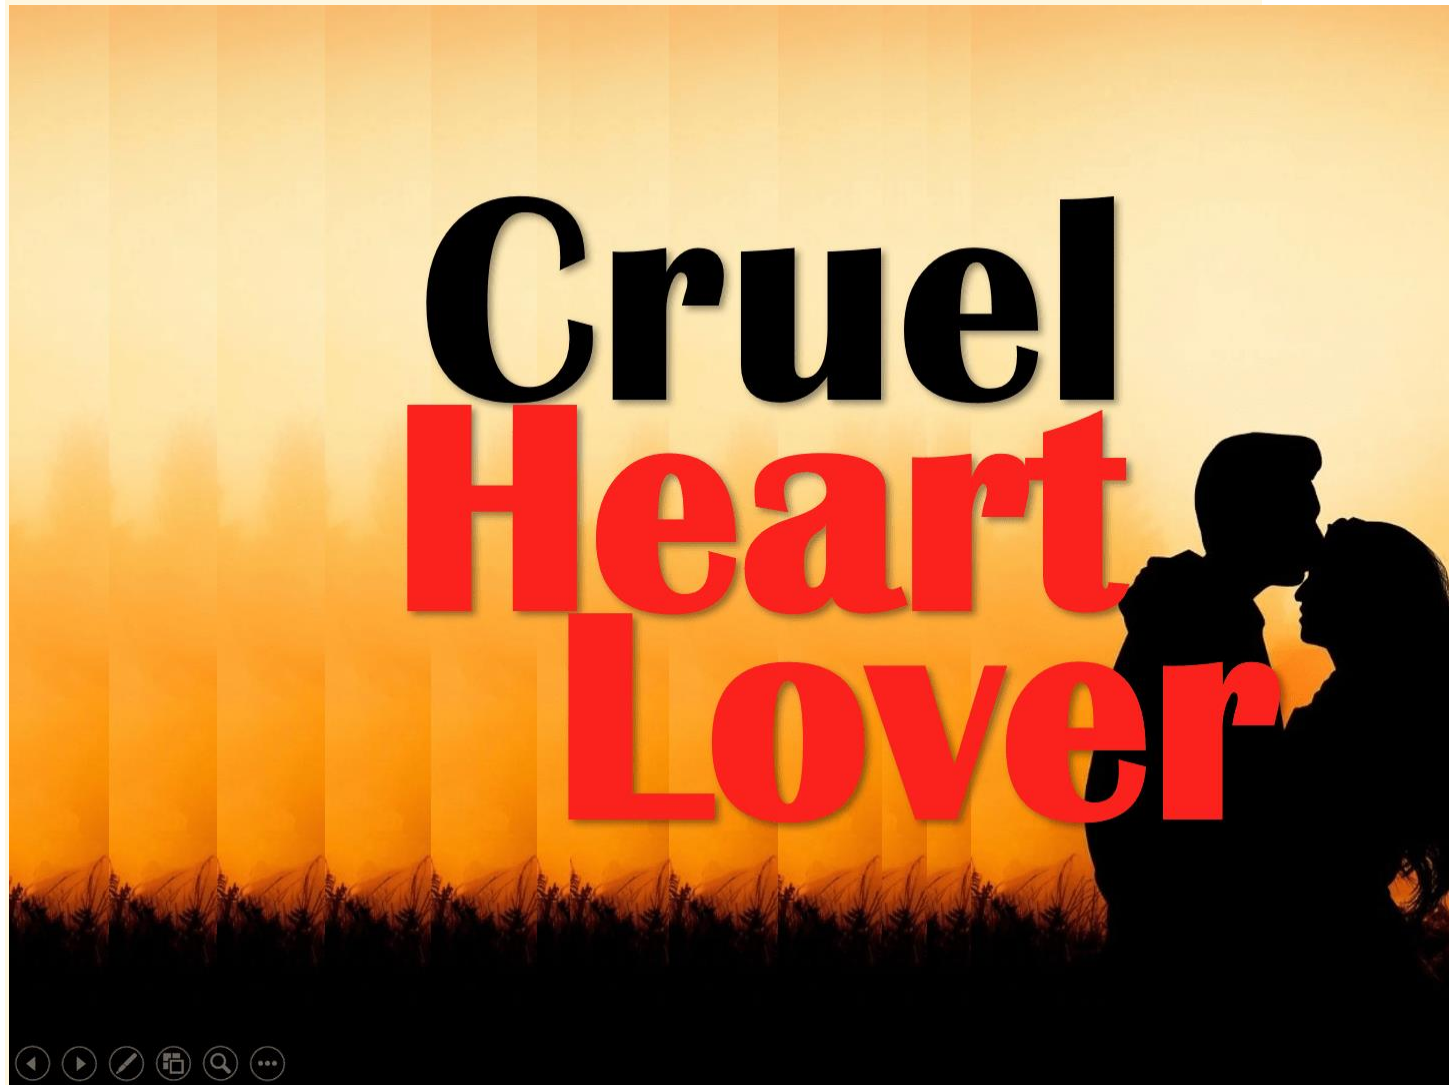

This man was really stunned by that bltch this time, even if he didn't mention it today, I'm afraid it won't be far away...

divorce?

absolutely impossible...

While Roman was taking a bath, Susie dug out a delicate amber vial from the box at the bottom of the cabinet, lit the aromatherapy, and poured the liquid in the vial...

In an instant, the room was filled with an inconspicuous sweet and greasy fragrance...

Chapter 1904

The sweet fragrance penetrated through the crack of the door, and at the same time, it has also penetrated into the bathroom...

Roman was taking a bath while thinking about how to deal with various follow-up issues after the divorce.

Thinking of the shadow that appeared in his dreams every night, and thinking that soon that girl would return to him, belong to him completely, and would never be coveted by other men again, the last bit of unbearable feeling towards Susie disappeared in his heart. Exhausted.

He just wants to make up for his mistakes and the damage he caused...

The water flowed against his body, and before he knew it, his lower body suddenly reacted...

At the same time, all the uncontrollable things in my mind are the girl's figure, she is wearing a red dress and walking on the red carpet, she looks like a fire, and she is singing like a fairy without food The appearance of fireworks in the world, she is wearing a school uniform, even in the dark night, her skin is still as white as snow...

Imagine... the way I touched her with my hand... kissed her...

Roman's hand caressed his own part uncontrollably...

And at this moment, with a bang, the door of the bath was suddenly pulled open from the outside.

Then, Susie stood behind him in the midst of rising mist. She touched her belt with her fingers and untied the knot. The nightgown immediately fell to her feet...

At the scene in front of him, Roman's eyes suddenly turned extremely scarlet, and the body behind the mist gradually turned into Selena's appearance...

In the next second, the woman's wrist was pulled over and pressed against the cold wall...

The next thing is the man's need to be so hard that it is almost rude...

And gasping heavily in the ear, "Selena...Selena..."

...

In the middle of the night, Roman lay on the bed and fell asleep.

Susie picked up the pajamas at the side, looked at her body covered in bruises, her mind was filled with the names Roman had called just now, her face was as ferocious as a ghost.

The number of times Roman had intercourse with her became less and less. In order to conceive a child as soon as possible, she had to use some special means. The few times this year, she used essential oils to cheer her up...

But the worst result, Roman never called other women's names...

But now, he actually...

That slut who can't even look down on her own man, a wimp, a broken shoe who was raped and pregnant with a bastard, why should she!

After Roman fell asleep.

Susie looked extremely cold, took out an old-fashioned mobile phone from the hidden safe, and then walked up to the balcony on the top floor.

"Hello?" After the phone was connected, a man's voice sounded a bit impatient.

Susie didn't notice the man's tone, and said in an extremely sharp voice, "I want Selena to die! Just kill her! Now! Immediately! Immediately!"

After a brief silence, there was a sinister cold snort from the other end of the phone, "Hehe, Miss Ning, please pay attention to your tone, the Solomon that you fucking think I'm an errand company run by your family?"

The man's ferocious tone made Susie calm down a bit, and she said in a slightly slower tone, "Any amount is fine! As long as that woman completely

disappears from this world! I don't want you to kidnap anyone or threaten anyone." It's too easy to miss it! I can't wait for a moment! I want her to die now!"

The man's tone became even more impatient, "That woman is a public figure, and there are bodyguards around her, so it's easy for you to assassinate her directly! Don't tell me, you don't know the relationship between this woman and the dealer?"

The last time I was asked to engage in Zhuang Rongguang, I was almost killed by you, and now I am asked to kill Zhuang Zongren's niece? Hehe, do you think I'm an idiot? "

Chapter 1905

Listening to the man's words, Susie's face was extremely ugly, and at the same time, her heart was full of contempt.

Useless things, dare not even kill a person, and still have the face to say that you are the leader of a branch!

"I'm busy recently, don't bother me with these crap all day long!" The man hung up the phone immediately after finishing speaking.

Looking at the hung up phone, Susie almost gritted her teeth with hatred.

Dmn it!

If it wasn't too risky to find someone from the country, how could she be so troublesome, relying on an uncontrollable force.

She had done so many things for them in private, and it turned out that they lost the chain at such a critical moment, but they had each other's powers in each other's hands, but she had nothing to do with him.

The last time I asked the other party to threaten the little assistant to change the gun, it failed, and this time it was directly rejected.

That Dmn bltch, why is life so hard!

This time Roman was obviously determined, he might even have joined forces with Su Hongguang and Zheng Minjun, and since Selena couldn't be eliminated immediately, it was almost inevitable that Roman would file for a divorce with her.

She is too aware of the importance of the Su family to her, her history and stars, especially her status in Ning's International, everything is closely related to the Su family.

How could she allow everything she had already been taken back by that b!tch Selena!

b!tch, fight with me, want Roman to divorce, you think it's so easy...

Susie lowered her head gloomily and stroked her lower abdomen. Now it seems that there is only one way...

After a few days.

The Light of Entertainment leaderboard is officially launched.

In addition to the list of the entertainment industry, these lists also have a few national rankings that are not limited to the entertainment industry.

For example, one of them is the "Ranking List of Men Women Most Want to Marry in All China". Although male artists from the entertainment circle make up the majority of the list, people from other circles can also be on the list.

For example...the person who can't be shaken by thunder, can't be blown by wind, and who always ranks first with crushing votes every year is – Daniel.

No matter how the other rankings move, how the situation changes, and how fiercely the competition is fought, Daniel's ranking has never changed.

Every time it came to the first day of voting, his number of votes would start to increase at a terrifying rate, and then he would overlook everyone from a high place.

Selena lay on the bed with her head propped up, flipped through the current rankings with her fingers, and couldn't help but smack her tongue when she saw her favorite's No. 1.

These girls are just too scary...

Well, if they found out, the man they want to marry the most has already been crushed by her...?

"What are you looking at?" Daniel kept a close distance and sat down on the chair beside the bed.

After the last time, he could hardly stand her appearing within three steps of him. Just a touch could make him react, but considering her body, he hadn't touched her these days.

Selena turned around and sat up, and leaned over to show him the phone, "My dear, take a look, you're number one again this year!"

"What is this?" Daniel glanced at it.

"Don't you know? The most famous list in the industry, you are No. 1 in the list of men women most want to marry every year!" Selena said with a stressed expression, "What the hell, my love rival It's too much!"

When Selena said this, when she never expected it, not long after, she slapped herself in the face...

No one has as many rivals in love as Daniel...

Chapter 1906

Xu Tao also attached great importance to the Light of Entertainment list this time, and helped Selena formulate a series of canvassing plans early on.

What's rare is that Louis didn't expect that guy to be so caring this time.

In the past, he always found it troublesome. Lei Ming begged his grandpa to tell his grandma before he came forward to solicit votes. This time, he did not take the initiative. Not only did he cooperate with changing his appearance, he agreed to hold a fan meeting, and even posted a Weibo, saying If this time it gets no1 in the three rankings at the same time, it will be naked and give out benefits to fans!

Although Louis is a raunchy guy, he never shoots large-scale scenes, and he usually only shows his abs when he posts photos. It's a great blessing for him to go naked directly or take photos!

The fans were so excited that Louis had already slaughtered the rankings as soon as the voting started.

The three lists that Louis refers to, besides the most important list of "Most Popular Male Artists in the Entertainment Industry" that everyone must compete for every year, there are also two lists of lace, "National Male God" and "Most Popular Artists in the Entertainment Industry". Sleepy Male Artist".

He also wanted the national list of "Most Wanted to Marry", but he had no choice but to be suppressed by his uncle, and with his usual image, girls wanted to sleep with him even more, so he didn't want to.

In previous years, because the number of votes in fans' hands was limited, each person only had two tickets, so Lei Ming usually only tried to keep the most important list, but this year, Louis decided to kill the list after being provoked by Empire!

It's rare for Louis to be so ambitious and energetic. Lei Ming naturally couldn't wish for it, and he's been so happy and busy these two days that he never touched the ground.

At the fan meeting.

Louis changed his signature messy blond hair, cut it short, and washed it back to the original black brown, wearing a simple black suit, the tailored design wrapped around his thin waist, and the slack between his brows turned into a A calm and introverted light...

This was Louis's first appearance since he angrily left the signing ceremony of "The World". Thousands of fans who love him are all looking forward to it.

When seeing such a brand-new idol appearing in front of them, all the fans in the audience were excited...

“Ahhhly

“My God! So handsome!”

“I’ve never seen Makino look like this before, and I feel that his handsomeness has reached a new level!”

“Mom, I’m in love again!”

...

The result is that the effect is unexpectedly good.

Not only the number of votes on the three lists rose rapidly, but also the number of votes on the “Most Wanted to Marry” list increased a lot.

Empire’s few fresh meats that have been in the limelight recently have all fallen off the list by a large margin. Empire probably can’t hold back Louis, so he is going to try his best to secure one, and put all his votes on one of the top ones. On Hong’s body, helplessly, even in this way, he couldn’t catch up with Louis’s votes.

Lei Ming was overwhelmed with excitement, “Finally we can get back the list!”

Last year, because of Louis’s passive sabotage, the list was completely snatched up by Empire’s people.

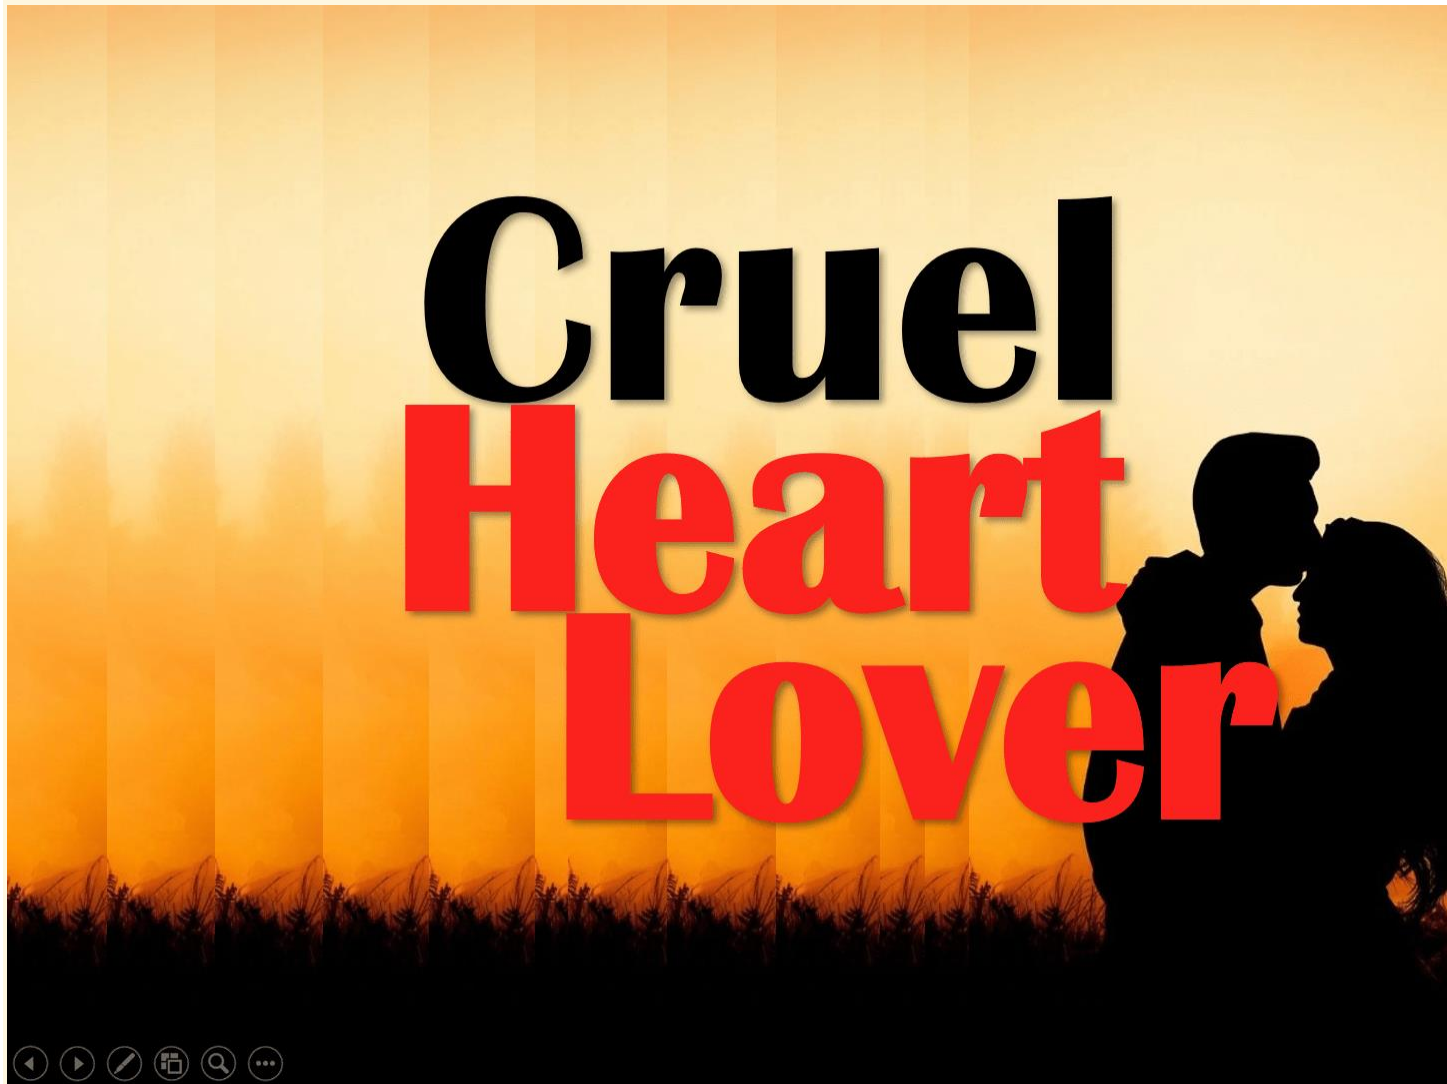

As soon as he got back in the nanny’s car, although Louis still had that mature and stable outfit, his demeanor immediately returned to the original, he grabbed his soft hair unruly, raised his eyebrows and shook his legs and said, “I said it a long time ago, As long as you think about it, there’s nothing I can’t do!”

If the tiger doesn’t show his power, he really thinks he is a hellokitty!

Dad teaches you how to be a man!

“How’s the situation with Selena?” Louis asked with a serious face.

Lei Ming glanced at the data, and frowned slightly, “Selena’s side... I’m afraid it’s a bit tricky...”

Chapter 1907

The list of male stars includes “Popular Male Star (the most popular male artist in the entertainment industry)”, “National Male God”, “National Husband (as the name suggests, the man that Chinese women want to marry most)”, “Most Potential Male Artist” “” “The most sleepy male artist in the entertainment industry” and so on.

The list of actresses mainly includes “Popular Actress (Most Popular Female Artist in the Entertainment Industry)”, “National Goddess”, “Most Potential Female Artist” and so on.

In the male star list, “National Husband” and “Most Sleepy Male Celebrity” can be regarded as more interesting, but the female star’s side is still a little sensitive because it involves women, so these two lists are not added. “National Goddess” summed it up.

Therefore, in addition to “Popular Actress”, the gold content of the “National Goddess” list is also very high, even no less than “Popular Actress”.

Lei Ming opened his mouth and analyzed, “In the current list of popular actresses, Selena is ranked fourth, and the top two are all stars.

The first is Han Zixuan, the second is Xu Tao’s subordinate Yin Youyou who jumped to Empire before, and the third is Fengxing.

The situation of the National Goddess is not optimistic, Han Zixuan ranked first with three times more votes than the second place...”

Louis’s face was sullen and he didn’t speak.

Lei Ming then said, “Actually, Empire probably expected that your momentum would be unstoppable this time, so he didn’t spend much time on your side, heh, it’s just that they probably didn’t expect you to do such a great job. None left for them.

Lei Ming paused at this point, and pondered, “But with so many things happening with Han Zixuan just now, Han Zixuan was slapped so hard by Selena, this time the list is definitely a must.

Otherwise, if Selena snatches the list as soon as she comes back, wouldn’t it be obvious that Han Zixuan’s popularity is not as good as Selena who retired and came back?

This list is also the title, which may not seem to be that important, but the effect of public opinion caused by the list will have a great impact! “

Louis sneered, with an expected expression on his face, “So even if it does whatever it takes, Empire will definitely help Han Zixuan dominate these two rankings this time!”

Lei Ming nodded and said, “That’s it, as you know, the situation in our prosperous world is not good now, if Empire pours all the strength of the company to help Han Zixuan compete for this list, no matter how much we publicize and canvass, it will be useless! The gap too big!”

So, even though Selena’s comeback was so strong and the press conference was extremely successful, it was impossible for her to surpass Han Zixuan in the ranking.

“You go to Xu Tao, the young master spends money to buy tickets for Selena!” Louis said angrily.

Lei Ming didn’t know whether to laugh or cry, “Little Ancestor, you know that it’s not about money, not to mention the limited number of tickets we can get privately, it doesn’t matter if you have money, and you also need to ask Selena’s opinion, right?”

Louis immediately picked up his phone after hearing this, and angrily called Selena.

“Hey, Selena!”

“Hey, nephew, you’re very handsome today...” Selena’s teasing voice came from the phone, obviously she had already seen his fan meeting.

Louis was originally full of anger, but when he heard this sentence, all of them went out immediately, and he was even happy, Jun’s face was full of complacency, “Of course! The young master is really handsome, so handsome!” A face! Uh, that’s not right... Who the hell did you call just now...”

Louis avoided Lei Ming, gritted his teeth and lowered his voice, “What are you talking about! I’m telling you business!”

“Yes, yes, Senior Jiang, what advice do you have?” Selena said politely.

Louis immediately started talking, "What advice can I give you? Don't you know how important this list is to your comeback? Do you want to be trampled under by Han Zixuan's counterfeit product?"

Why don't you care at all! Tickets pull up ah!

These days, it's not that the smell of wine is not afraid of deep alleys. If you don't drink, you won't have trouble. Who will talk to you! You really need to get rid of your bad habit of being absorbed in acting! Didn't Xu Tao teach you too? Sapo rolls and shows cuteness all in one set! It's really not possible..."

Selena couldn't help laughing, "It's really impossible...do you post nude photos like you?"

Louis jumped up immediately, "Of course not! I don't care if I'm a man, and I'll fool you if I post half-naked, how can you! They are so beautiful! I mean it's impossible, you pretend to be weak and play around It's okay to be jiao, all men eat it..."

"Pfft...I didn't expect you, Senior Jiang, to eat this set?"

"I mean most of the men! Most of them!" Louis yelled, and then snorted dissatisfiedly, "What are you laughing at? When you are so serious, don't lose the chain at a critical moment!"

He just wanted to climb to the top with her...to slaughter the list together...

How boring it would be if he was the only one!

Looking at Louis's rare serious and bloody look these days, Selena was somewhat infected. Even Louis was so serious, how could she slack off.

Just don't do it, since she has come back, she will naturally do her best.

A moment later, a girl's casual voice came from the other end of the phone, "Don't worry, Senior Jiang, I'm sure I'll make this list."

Although the tone was light and calm, Louis's heart beat violently, and he believed for no reason that she could really do it.

It's just...Louis still missed it after all...

He never expected... Selena's so-called massacre... would be so inhumane that even he would be massacred...

deer town.

Daniel didn't know much about the entertainment industry, especially the messy lists, but because of Selena, he got to know it systematically, and knew that this list was very important to Selena.

"Do you need help?" Daniel walked to the girl's side.

Hearing this, Selena turned her head and kissed Daniel's chin, the corners of her mouth slightly curved, "No need, you can't kill a chicken with a sledgehammer!"

To deal with people of that level, how could she disturb her family's darling...

Daniel looked at the familiar bright light in the girl's eyes, which was three parts arrogant and seven parts free and easy, his pupils suddenly shrank for a moment, and the temperature of his blood immediately began to rise again.

Once some things have opened the floodgates, it is almost impossible to continue to control them.

A look in her eyes, a subtle expression, is enough to make his proud self-control fall apart and turn into nothingness...

By the time he realized it, he had already leaned over and kissed the girl's soft and sweet lips like newborn petals.

Selena blinked her eyes in bewilderment when she was suddenly kissed while speaking well, but soon accepted the kiss without warning...

"When you're done with your work, I'll take you somewhere," Daniel said.

Aww, does my sweetheart actually want to take her to play?

Selena immediately nodded with anticipation, and she became more motivated to work, "Okay!"

Chapter 1909

Star Entertainment.

Zheng Anru looked at Han Zixuan's two solid first places, and heaved a sigh of relief, "On the first day, the number of votes is so high, it is definitely

impossible to be overtaken! I have already said that there is no need to let that old actress go." In my eyes, I'm just playing tricks, and when it's time to really fight for my strength, I'll give up!"

The so-called strength does not only refer to personal strength, but also the most important company, contacts, and resources behind it.

How much can she, Selena, take?

Han Zixuan looked at her at the top of the list calmly, her expression didn't change, it was just expected, Empire would never let her be crushed by Selena.

However, after seeing Louis's high ranking, Han Zixuan's face became a little ugly.

Zheng Anru noticed Han Zixuan's gaze, knew what she was thinking, and explained helplessly, "Louis was already very popular, but this time the truth came out and the scandal was clarified, his popularity will inevitably explode, and Louis is also very popular this time." I don't know what medicine I took wrongly, I didn't pay attention to it in the past, but this time I suddenly worked so hard...

In order to ensure that you can suppress Selena, Empire has put all its resources on you, so I am afraid that the actor list will not be able to hold on..."

Han Zixuan naturally knew this truth, but how could she bear it? Louis, who doesn't know how to flatter her, made her look bad over and over again, and caused her to be scolded to pieces by his fans. She naturally hated him .

However, she was also very clear that the most urgent task was for her to overwhelm Selena, and she couldn't be distracted from dealing with that side, so she could only endure it for the time being.

...

The voting period is one week.

In the next few days, Selena really stepped up her canvassing efforts. Under Xu Tao and Liang Feixing's planning, Selena's votes rose rapidly, and she managed to temporarily rank second on both lists.

However, even so, the distance from Han Zixuan who ranked first was still too large.

It was obvious that Empire gave all the resources to Han Zixuan, the number of votes was simply terrible, and from the looks of it, neither of the two lists would let her in.

Because it was Han Zixuan who suppressed her so hard that Selena managed to come in second. Not only was it useless, but it was even more ironic.

Seeing that there is only the last day left, there is almost no suspense on the list.

With such an intensive canvassing, almost all the votes in the hands of fans have been squeezed out. It is almost impossible to turn around on the last day.

Although Louis managed to dominate the three rankings, his expression was extremely ugly, "I knew that woman was so sinister, so I just asked my fans to vote for you!"

In the past few days, Han Zixuan has been jumping up and down, using all means, first relying on her coffee position to snatch all the best announcements, bombarding publicity everywhere, and finally even fainting from exhaustion on the set, Zheng Anru took the opportunity to cry all kinds of things about how hard-working her family Zixuan was, and how her fancy tricks were miserable...

"What's the rush, it's not the end yet." Selena glanced at Louis who was dazzled by him.

Seeing Selena's emperor not in a hurry, a certain eunuch almost died of anger, "There is only one day left, can I not be in a hurry?"

"There's still a starry night tomorrow night." Selena said, with an unknown light in her eyes.

Louis curled his lips and muttered, "What's the use of that? Besides...the daylily will be cold by then!"

Chapter 1910

“Night of Stars” is Entertainment Light’s awards show.

At that time, not only will there be live broadcasts on multiple network platforms, but it will also be broadcast simultaneously on four major TV stations.

At 8 o'clock in the evening, the banquet started on time. After the four-hour dinner, all the ranking results will be announced on the spot at 12 o'clock in the morning, and awards will be presented.

That is to say, by the time of "Night of Stars", there are only four hours left before the list ends.

What can you do in four hours?

No wonder Louis was in such a hurry.

But there was no other way but to make a last-ditch effort.

The performance they had previously set for that night was the classic opera "Phantom".

This opera mainly tells that in an opera house in Paris, strange things happen frequently, the original chief heroine is almost killed, and a creepy and illusory male voice appears in the theater, which comes from the man who lives in the underground labyrinth of the theater "ghost".

The "Phantom" in the name of the opera refers to this ghost.

The Phantom fell in love with the actress Christine, taught her to sing secretly, and helped her get the position of the heroine, but Christine fell in love with the theater manager Raoul, rich and handsome. Killing and captivity...

At the end of the story, the heroine Christine used a kiss to call back the beauty and kindness deep in Phantom's heart.

The Phantom realizes that her love for Christine has surpassed her own desire for possessiveness, so she fulfills Christine and Raoul, leaves behind the cloak and mask, and disappears into the dark underground labyrinth alone.

This opera is mysterious and beautiful. It has been adapted into various themes including movies many times. It is one of the very classic operas.

This time they arranged for Selena to play the heroine Christine and Louis to play the handsome Furaur. The Phantom is very difficult and they are pressed for time. There is no one else in Shengshi who can do it, so they invited A professional opera singer with a professional background cooperates.

Thinking of this, Louis's headache became even worse.

Not to mention that opera is a difficult thing, acting and singing skills are indispensable, even powerful artists who have experienced battles may not be able to perform opera well.

The important thing is, how many people are still interested in things like opera these days? Even if he can act well, it's useless!

How about dancing and singing a pop song like everyone else!

However, Selena insisted that he could only cooperate with the rehearsal. Fortunately, he played music before acting. Although he hadn't sung for a long time, he could still bluff people when he practiced.

Now that Selena is an all-round pervert, he doesn't want to say anything more.

...

Star Entertainment.

Han Zixuan's studio.

A room full of expensive costumes and accessories stacked, dazzling.

So far, Han Zixuan's vote count has almost no possibility of being surpassed, and they are not worried about this.

However, tomorrow night's "Starry Night" cannot be taken lightly. You must know that Selena was known as the "Queen of the Red Carpet" back then.

"Not all of it!" Han Zixuan looked at those expensive clothes with a look of disgust on her face.

The stylist next to him looked embarrassed, "These are already the best... Zixuan, look at this one. It's the centennial model of the C family. It's never borrowed. I spent a lot of effort to get it..."

Han Zixuan's face suddenly turned cold, "Are you questioning my aesthetics?"

"How come... I see, I'll continue to look for other things." Because of a gift, the stylist was so busy these days that he almost vomited blood, so he could only suppress his anger at that moment.
