Chapter 1931

After Qin Zhen finished speaking, she didn't even wait for Wang Haojun's reply, just muttered that she was still busy, and left in a hurry.

"Producer Qin, Producer Qin...wait...Dmn it!!!"

Wang Haojun never expected...

Qin Zhen, who was obviously shaken at first, suddenly changed his attitude after answering a phone call, and said in a firm tone that everything should be done according to the rules.

Wang Haojun was so angry that he kicked the wall!

Dmn it! what is going on?

The prosperous age has become like this, what ability can shake Qin Zhen's decision?

Or did the high-level executives behind the scenes of "Starlight" expect something and warn Qin Zhen on purpose?

In all fairness, he himself knew that the matter this time was indeed too difficult.

Wang Haojun glanced gloomily at the list behind him, and the next second, his pupils shrank suddenly.

Selena has already entered the top three of the top three male star rankings!

Almost all the fans in the live broadcast room were spontaneously soliciting votes for Selena.

Not to mention the huge audience of fans and passers-by in places they can't see.

Now that the dinner party is coming to an end, the ratings are still high, which shows how much attention is paid to it!

Who would have expected that such a big change would happen in less than four hours, making it too late for all his emergency measures...

off stage.

Louis looked at Selena's ranking in the men's list soaring like crazy, and getting closer and closer to his No1, the whole body had become sluggish like a sculpture.

The three outlooks are subverted, and life is doubted!

At this moment, he could not wait to grab someone's shoulders and shake it violently, "Dmn! Selena! I asked you to slaughter the list with me, not to let you start the indiscriminate slaughter mode, okay?"

"Uh..." To be honest, Selena didn't expect this kind of situation to happen at all. She had forgotten that some lists of "Entertainment Light" were gender-neutral, and she didn't expect that fans would put She topped the men's list.

So this time Louis really wronged her.

While talking, the real-time list at the moment is already...

Popular actor no3: Selena!

National male god no3: Selena!

The most sleepy male star no1 in the entertainment industry: Selena!

Louis looked at the "Most Sleepy" list that was suddenly overtaken, and burst into tears, "fcuk! This is unscientific! Ever since the list was created, my sleepest list has always been the champion! This time Unexpectedly, he couldn't guarantee it at the end of the festival, and was overtaken by a woman?!"

Although the first two have higher gold content, the third is simply related to the dignity of a man!

Selena looked at the “Most Sleepy” list, and she was the first to reach the first place. She frowned slightly, and could only comfort her, “Well... at least you don’t have to post nude photos!”

“Master, I’d rather be naked and have a photo taken! Both naked and naked!” Louis cried.

In the end, Louis, feeling extremely sad and angry, directly logged into his tuba, entered the live video website and started swiping the screen.

Louis had special authority, and everyone received gorgeous special effect prompts as soon as he entered.

Louis: “Why do you want to sleep with me the most! Why! Is there any love left!”

Louis: “Are you tired of sleeping?”

Louis: “You are heartless, shameless and unreasonable little goblins!”

The sharp-eyed fans couldn’t help laughing after seeing Louis in person.

“Whoever you and Karen is with! It’s not the same whoever comes first...”

“Hahahahaha, Makino, this time you should obediently be suppressed!”

“I can’t help it, the attack is too obvious, Makino, look at the one below!”

What's more amazing is that there are even fans who don't think it's a big deal to watch the excitement, and are swiping the screen collectively...

"I beg my husband to reciprocate!"

“I beg my husband to wear women’s clothing!”

“As long as your husband wears women’s clothing, we promise to let you kill the women’s list!”

“Aww, agree!”

...

Louis’s face turned black from seeing it.

Depend on! Next you uncle! Dress up your uncle!

Who wants to wear women’s clothes! You perverts!

He wants the female list to be useful! The fame of the whole life is ruined!

Don’t wear it even if you kill him!

After Louis sadly went to the live broadcast room and wandered around, he found out even more desperately...

The second place on the “National Husband” list was also overtaken by Selena.

Now Selena’s ranking is actually below Daniel’s!

Selena naturally also saw her own ranking. After looking at it for a long time, she didn’t know what to think of, and a gleam flashed in her eyes.

Seeing Selena’s strange gaze, Louis immediately had an ominous premonition, “You... what do you want to do?”

Selena glanced at Louis and sighed softly, “I’m sorry.”

“What do you mean by sorry! What on earth are you trying to do!!!” Louis was about to collapse.

Feel sorry...

For her heart...

In order to be in that highest position with the name of his beloved...

She wants to...prefer sex over friends...

Big move...

At the same time, all the performances of other people on the stage have ended, and it is time for everyone to canvass for votes.

The host could hardly wait to invite all the guests to the stage!

Now there is only one left – the last fight!

According to the names of the drawn number plates, the artists stepped forward one by one to give their canvassing speeches.

“Thank you everyone for voting for me. Although the ranking is not high, I am already very satisfied. Thank you for your support! Thank you to every fan who likes me!”

“Thank you everyone, I will definitely work harder next year!”

“As a newcomer, I’m really excited that so many people like me. I hope everyone will continue to vote for me. I will definitely live up to everyone’s expectations!”

...

One by one canvassing testimonials passed.

Finally it was Han Zixuan’s turn.

Having been in the background for so long just now, Han Zixuan must have gone to discuss the final solution. I don’t know what method they will use this time.

Thinking of this, Xu Tao, Louis and others immediately held their breath.

At this moment, Han Zixuan’s expression was completely gone from the loss of control and panic just now.

She changed back to her previous goddess makeup and stood calmly in front of the stage.

She did not directly canvass votes like the others, but said calmly, "On an occasion like today, I want to share a piece of good news with you.

After "The World", I just received an invitation from the famous Hollywood producer Geers to participate in the production of their new film, which also means that my career will embark on a new journey!

Of course, everything I do now is inseparable from everyone's support! Thank you so much everyone! Without you, I, Han Zixuan, would not be where I am today! "

The moment Han Zixuan finished speaking, all the fans were shocked by the name of the Hollywood producer "Jers".

No. 1 in the Hollywood production rankings, has produced countless familiar classic masterpieces, and rarely uses Chinese people, let alone personally invited, Han Zixuan actually received an invitation from Jayers?

No one in the entire entertainment industry can have such an honor!

Although Han Zixuan didn't directly solicit votes, her votes rose rapidly because of this extremely explosive news.

After all, people subconsciously worship the strong!

Chapter 1933

At this moment, Han Zixuan and Zheng Anru from the backstage explained that they breathed a sigh of relief and looked at the rapidly rising number of votes with satisfaction.

Even if the men's list doesn't make it, at least they must beat Selena in the women's list. Even if it's the worst plan, at least one of them must be won!

Soon, it was Louis's turn.

Louis's canvassing manifesto was very simple and rude, "Be the first in the three rankings, and I will agree to any request you have!"

Nima, fight!

Accompanied by a burst of screaming, Louis's votes really started to skyrocket, and even the sleepest list began to overtake Selena.

"Ahhh! Do you want to k!ss or hug!"

"Can I have a slap?"

"There are so many of us... my husband will die..."

...

Seeing this, Louis didn't even care about being squeezed dry, so he glanced at Selena beside him triumphantly.

Humph, you still want to fight with me!

Senior, I have eaten more salt than you have eaten rice!

No matter what, let's keep his list and his dignity first!

Selena's canvassing speech followed closely behind Louis.

For a moment, everyone stared with bated breath, looking at the man who turned all living beings upside down in the middle of the stage.

At the same time, under the desperate fight between Han Zixuan and Empire Entertainment, Han Zixuan's votes are trying to overtake. It is obvious that Empire is going to take the lead in keeping the top of the list of "popular actresses". Only Han Zixuan and Selena The gap in the number of people's votes is getting smaller and smaller.

On the men's list, the gap between the first, second, and third places is not that big, everyone is chasing after each other, and the competition is very fierce.

"Next, let's invite our Karen to start her canvassing testimonial! I wonder what Karen would like to say to our audience and fans?" The hostess looked closely at the people beside her, her heart beating rapidly .

Everyone was wondering what Selena would do and what she would say!

One must know that Han Zixuan has put in a lot of effort this time, and such explosive news has been exposed at such a time.

At this moment, Selena was still wearing the luxurious mid-century British costume, but because he was too hot just now, two buttons were unbuttoned, and the sweat stained in his hair was also slightly disheveled, adding a bit of casualness and laziness to him.

At this moment, under the tense, expectant, and breath-holding eyes of everyone.

Selena covered her neckline with her fingers, and fastened the two loose buttons one by one until the first button of the neckline revealed only half of her fair neck.

It's just such an extremely small detail, just a slightly deep gaze, and the temperament of the whole person changes instantly, as if in an instant from the evil ghost phantom to another completely different person, just like the thousands of abstinence in the ancient castle. The king who has been waiting for his sweetheart for thousands of years...

Afterwards, he bent slightly, performed a dignified and elegant gentleman's salute, and said softly to everyone: "Thank you!"

After an eerie three seconds of silence...

Deafening screams erupted at the scene!

"What's the difference between the life of Karen who can't sleep and the life of a salted fish!!!"

“Husband, I don’t want to k!ss, don’t hug, don’t hug, let alone make love, as long as you look at me in the crowd!”

“Ah, isn’t it just a ticket? Here you are! Here you are! I give you all! I give you my heart, my love, my soul, and my chastity!”

...

There are no sensational speeches, no explosive news, one action, one thank you.

On the big screen...

Popular actor no1: Selena!

National male god no1: Selena!

“This...that’s impossible!!!” Under the stage, Zheng Anru suddenly stood up.

Han Zixuan’s face turned pale.

Dmn it!

why! Why has she already reached this point, but she still can't compare to this old actress who only knows how to play tricks and grandstanding!

But at this moment, looking at the ranking on the big screen, Louis's mood was like being beaten by a dog.

What the hell, he didn't hesitate to sell his body, but he couldn't compare to this guy buttoning his clothes?

What about heaven?

What the hell is he competing with?

What Louis never expected was...the more cruel thing is yet to come...

As the time approached the early morning bit by bit, soon, the results of the sixth largest list came out...

The results of the "National Husband" list for the whole of China are...

no1: Daniel!

no2: Selena!

There are twelve items in the LIGHT of Entertainment big and small list, and the no1 list of the top six lists are:

Selena! Selena! Selena! Selena! Selena! Daniel!

Looking at the two names standing side by side, Louis saw that the couple occupied half of the country together, and spurted out a mouthful of old blood on the spot!

This cliff is the worst time he has ever been abused by these two people...

This dog food is poisonous!

...

at the same time.

deer town.

Saul and Daniel were sitting in front of the TV watching the live broadcast, and Rick reluctantly went to bed because he had to go to school.

At this moment, Daniel was tilting his head, staring at the screen with a focused expression.

And Saul was holding a lot of popcorn and other snacks in his hand, crying and howling with fans from time to time, "Oh! It's over, it's over! Sister-in-law Wuli almost exploded! Brother, if I didn't understand your sexual orientation, I would've I really have to suspect that you are bent!

Ooooooh my god! I can't imagine how our little baby will grow up with the genes of the two of you together! "

Saul was chattering, his heart was broken.

Finally, after a ten-second countdown, it was time for the list results to be officially released.

Holding potato chips in his hand, Saul stared at them with bated breath.

When he saw the final list results...

His face froze, and he threw the potato chips in his hand, crying with his head in his arms!

"I can't live through this day! Sister-in-law is so cruel! She must have done it on purpose!!!"

Why did he still get abused while watching an awards show!

Is there any humanity left!

And Daniel looked at the names on the big screen on the TV, and at the girl who bowed and thanked her on the stage, his expression was so...gentle as water!

Her girl can always surprise and touch him constantly.

...

Facing this result, Selena's fans were probably the most excited. The live broadcast room was full of cheers, including many passers-by who were infected by this atmosphere.

"Ahhh! My husband is mighty and domineering!"

"Karen will dominate the Jianghu harem with 30 million people for thousands of years!"

"May I see my king in the world in my lifetime!!!"

...

In the audience, Qin Zhen looked at the astonishing results of the list and the reactions of the audience and fans, silently wiped off his sweat, and couldn't help but feel very grateful.

Fortunately, he wasn't fooled by Wang Haojun's little money for a while. His career has stagnated for a long time, and after this list, his reputation will definitely rise accordingly. Are you afraid that you won't have the opportunity to make a lot of money in the future? It was he who came up with the idea that some of the candidates for the men's and women's lists do not distinguish between men and women!

“Oh my god! This result... is really shocking! Since our Entertainment Glory was held, there has never been such an astonishing situation...”

On the stage, the host talked excitedly.

In the warm atmosphere, the winners came to the stage to accept the awards one by one, and the first to be awarded was the trophy for the men's list.

Selena alone got three, that's right, the three that Louis vowed to slaughter.

In the audience, let alone the three rankings, Louis, who didn't make any rankings, has already begun to doubt his life.

"What the hell, I want to quit the entertainment circle!!!"

There is no way to mix in this circle!

Lei Ming coughed lightly, and comforted him beside him, "Ahem, actually the second place is not bad, not bad!"

"What's so good about being suppressed by that ba5tard?! Look at what these little ba5tards are saying in the live broadcast room! Is it okay for me? How is it for me?" Louis roared.

As for Xu Tao, he laughed so hard that he couldn't close his mouth, and he looked like a fan of brains, "Oh hehe, my queen is so awesome! I didn't expect Xu Tao to finally have a fortune!"

Don't make this golden thigh too thick!

"Selena, congratulations on killing all of our handsome men in seconds, sweeping the top three men's rankings, and even the national husband is ranked second. I don't know, being on the same list as Lu Dashen, how do you feel now? What about it?" On stage, the host asked with great interest.

Although it's impossible for Daniel to lead this small list of lace, but the host of this gimmick will definitely not let it go, so I specifically mentioned it.

Selena raised her eyebrows slightly when she heard this, um, she was on the same list as Daniel...

This feeling is really indescribable.

subtle...

And I feel deeply slapped in the face...

After all, not long ago, she complained to Daniel that she had too many rivals in love...

After deliberating on her words, Selena replied, "It's my honor to be listed alongside God Lu's name."

What she didn't say was: In our lifetime, our names will always, always be together!

In the audience, although Xu Tao and Lei Ming didn't know about the relationship between Selena and Daniel, Liang Feixing and Louis knew about it, and they were full of dog food when they heard it.

Soon, it was the turn of the women's ranking awards.

At this time, Xu Tao and the others paid attention to the screen swiping in the live broadcast, and found some unharmonious voices.

"What! What the hell is Light of Entertainment doing? It's actually letting a woman take the top spot in the men's list! What a mess!"

"Not to mention the male rankings, the female rankings are also completely unfair! Popular actresses and national goddesses should belong to Zixuan, okay?"

"That's right! Zixuan is the real goddess! Are these people blind? What's so good about Selena being neither male nor female?"

...

Needless to say, at first glance, it was Empire's fault.

Louis was complaining about Selena just now, but when he saw these unbearable swipes, he immediately started to defend himself again, "Hmph, a bunch of stupid humans!"

He didn't look worried at all, waiting for these people to be slapped in the face every minute.

"Now the best newcomer award and the best... have been awarded! At this moment, we are going to award the trophies for our popular actress and national goddess! Because these two awards were won by our actress

Selena, so It is decided to award it all at once, and I will invite Selena to come on stage again!”

Accompanied by the warm voice of the host, a person slowly stepped out from the backstage.

When a white figure slowly walked into everyone’s sight from the hazy lights in the background, until the person stood completely under the spotlight.

The audience fell silent.

At this moment, the lazy and noble king who turned all living beings upside down had already changed out of his men’s attire and returned to his original appearance...

What Selena was wearing at the moment was not the “sack” set, but...

One of the treasures of Zeling’s town store – “Luo Shen”!

After all, Louis was still a straight and straight man. Seeing Selena resume her women’s attire, his expression immediately changed, his ears turned slightly red, and his eyes immediately became hot.

However, this dead Tsundere didn’t show anything on his face, he just held his chin and muttered in a low voice, “It’s...not interesting! There is no suspense! This is simply a full-level magical costume and a large-scale massacre of Novice Village!”

Strength is always the best way to make people shut up.

As soon as Selena came out, all the discordant voices disappeared immediately, and all the sporadic obscenities had been drowned out by the crowd, and Selena’s fans sprayed her body to pieces.

“Ahhh! The goddess is so beautiful! What to do if my mother is swollen, I don’t know whether I like men or women!”

“May I ask which shop the goddess wears? I haven’t seen it before! Is it more fairy-like than Han Zixuan’s? Han Zixuan’s dress looks good, but she looks like a nouveau riche!”

“I know, I know! It’s Zeling! The goddess is a loyal fan of Zeling! Don’t you know? When the goddess participated in Shengshi Entertainment’s anniversary celebration, she wore Zeling’s treasure of the store, ‘All Beings’, and participated in the Palme d’Or The award ceremony wears the designer Zeling’s famous work ‘Nirvana’, and now this is the second treasure of the

"There's more! The pure white cheongsam worn by Karen when he came back is from the 'Back to Basics' series that Zeling just released not long ago. I haven't seen the dress on the red carpet just now. I guess it's Zeling. Unreleased new model!"

"I said! It turned out to be Zeling! It was very popular back then!"

"A lot of the new ones that have been released recently are also very good-looking!"

...

A die-hard fan gave everyone a detailed introduction to all the styles of Zeling dresses that Selena had worn since her debut. Suddenly, Zeling reappeared in everyone's sight. It was a free publicity and marketing campaign. , and the effect is excellent.

That's it.

Tonight's night of stars is finally over.

And Empire also completely lost any chance of returning to heaven.

late at night.

Inside the hospital.

Susie had already received the notice from the company, and sat on the sofa with an upset face, "The mud can't support the wall!"

After spending so much resources and so much money, they still can't hold down an outdated Selena, and can't play in a prosperous world that is about to go bankrupt.

However, now she has no energy to deal with Empire's problem, she has more important things to do.

Susie looked at the phone impatiently, waiting for the doctor's diagnosis result.

After a while, a middle-aged female doctor in her forties and fifties wearing a white coat finally came in from the outside.

The female doctor looked at Susie with an uneasy expression, "Mrs. Su, your test results are out..."

After seeing the doctor's expression, Susie's expression immediately darkened, "Still not able to conceive?"

The female doctor nodded awkwardly, "Yes..."

Then he quickly comforted, "Mrs. Su, don't worry, you are still young, and you have only been married to your husband for more than a year. There are still many opportunities to have children in the future, so don't be in a hurry."

Susie immediately sneered in her heart with a gloomy face.

Oh, no rush?

Don't worry, she will lose her position as Mrs. Su!

The night of starlight ended successfully, and this time, Shengshi fought a very beautiful battle.

Of course, some people obviously don't think so.

Backstage powder room.

"Prefer sex over friends! Inhumane! Selena, our friendship has come to an end!" Louis was furious.

This product is absolutely deliberate!

In order to show his affection, he sold him like this!

Selena was sitting in front of the dressing table, while taking off her earrings, she cast a sidelong glance at Louis behind her in the mirror, and said quietly, "I told you that the girl list was for you, and you didn't want it!"

After finishing speaking, he looked at a certain golden retriever meaningfully.

Louis's facial features are very delicate and perfect, if he really puts on makeup and then dresses up as a woman...

Tsk...

Louis's fur was about to explode from Selena's blatant gaze, "Your sister is a woman! Selena, if you try to make up my mind again, I will fight with you!"

Selena sighed, her expression was clearly regretful.

At this time, there was a knock on the door of "Dong Dong Dong".

"Please come in." Selena subconsciously glanced in the direction of the door as she spoke.

Immediately, after seeing the person coming, his expression was a little surprised.

The person who came was dressed in a black formal suit, holding a bouquet of flowers that looked very special in his hand.

The flowers are pink and white. At first glance, they look like the lav collars of European nobles in the Middle Ages. They seem to be a special flower species that can only be grown in the Geneva Botanical Garden in country r, and the number is very rare.

"Congratulations." Li Muyan handed over the bouquet in a gentlemanly manner.

Selena hurriedly stood up and took the flowers, "Mr. Li...Thank you..."

"I happened to have an appointment with the ambassador of country r at a nearby hall tonight. I didn't intend to watch the live broadcast, so I learned that you have an important event tonight. I took the liberty to come and hope I didn't disturb you." Li Muyan explained his intentions in a few words. intention.

Selena smiled and said, "Of course not, you are too polite! Hua likes it very much, thank you!"

The fragrance of this flower is very special, a bit similar to acacia and water pear, like the softness of early summer in the south of the Yangtze River.

"This is Xing Mulan from country r. I just found out about it temporarily, so I went directly with the ambassador of country r." Li Muyan said.

Selena naturally knew that Li Muyan was joking, and he was a little surprised that this person would laugh, but in his position, it was normal for him to be able to say all kinds of things.

At this time, Louis looked at this strange man who appeared suddenly, and suddenly his whole body changed from a golden retriever to a lion, his eyes were full of vigilance.

"By the way, this is my senior from the same company, Louis." Selena introduced.

"Li Muyan." Li Muyan stretched out his hand, introduced himself, and then said, "I've heard about Mr. Jiang's name for a long time. Mr. Jiang is very famous in China, and my cousin is also a fan of him."

I can talk...

Louis reached out his hand perfunctorily, and shook hands with the other party, "You're welcome."

Li Muyan didn't stay long, and left after a few simple greetings.

As soon as the person left, Louis rushed to Selena and asked, "Who is this person?"

"My aunt's best friend's son is a diplomat, what's wrong?" Selena answered casually.

Louis mumbled, "It's nothing, I just feel something weird... Is he interested in you?"

"I'm not RMB! I've never seen beauty anywhere in the world, so why are you so ignorant..." Selena was sending a message to Daniel cheerfully and sweetly and said without raising her head.

Louis still felt that something was weird.

This person spoke impeccably, and looked at Selena in a very normal way, but because it was so normal, he felt that something was abnormal?

Louis was going to ask more questions, but out of the corner of his eye, he saw the content of the text message Selena sent to Daniel: My dear, we will always, always be together with our names in our lifetimes!

Come on! Forget it, what the hell is he doing! They have been abused like dogs and still worry about this!

This ba5tard only has her heart in his heart now, even if the eyeballs of other species are glued to her, she probably doesn't know it!

deer town.

Daniel looked at the text messages on his phone with gentle eyes.

After a while, the man got up and went upstairs.

When Daniel went downstairs again, the orange juice in Saul's hand wobbled and his pants fell down, his eyes almost popped out.

Ow! So handsome, so handsome, so handsome!

His brother was wearing the suit that Selena bought for him. It was unique in style and bright in color.

Selena's aesthetics had always been flamboyant, wearing it on his brother made him look quite different from his usual seductive person.

"I'll go! Brother! Where are you going at night dressed like this?" Saul immediately asked excitedly.

Daniel raised his hand, straightened his cuffs, and said, "Take care of Rick, I'll be back tomorrow morning."

Saul immediately burst into tears and bit his finger, "Are you going on a date with your sister-in-law..."

"Yes." Daniel admitted directly.

Saul: "...!!!"

The sad life he expected had really begun!

Saul Xizi held his heart in the shape of a heart and covered his wounded heart, “Where did you go, how long did you go, when did you come back, and do you still love me when you come back?”

Daniel glanced sideways at a certain younger brother who liked to act: “There are sweet and sour pork ribs in the refrigerator.”

His short ribs!

You know, his wife-protecting and crazy brother’s cooking skills are getting better and better, almost surpassing his sister-in-law!

Ow! His brother really still loves him!

The little koi, who was successfully appeased by a plate of sweet and sour pork ribs, immediately changed his words happily, “Oh! Got it, I will take care of the children at home, you go! Have fun! It doesn’t matter if you come back later!!!”

Moreover, he felt that with his brother’s ability... he would definitely not be able to come back tomorrow morning...

He is so selfless!

Where can I find such a brother!

...

Dinner backstage.

Selena changed into a pink, tender, delicate and cute dress and came out, “Nephew, you can go by yourself! Auntie, I have an appointment tonight!”

Louis was so sour that his eyes were bubbling, he snorted and said, “Whoever wants to be with you, I have an appointment too!”

“Oh, have fun then! Bye...”

Looking at his back, Louis’s angry expression immediately receded like a tide, and he lowered his head, like a large lonely dog.

I am so handsome...

Just can't see it at a glance?

There is never justice in love.

...

"Oh! My dear, you are so handsome!!!"

As soon as Selena got into the car and saw Daniel in the driver's seat, she rushed towards him.

The man who was thrown into his arms by softness lightly placed a kiss on the girl's forehead, his eyes were full of warmth, "It may be a little far away, you sleep on the road, and I will call you when you arrive."

Selena looked expectant, "Where are you taking me?"

Daniel didn't answer, he coughed lightly, his expression seemed a little... unnatural.

It was really rare to see Daniel showing such an expression, Selena rolled her eyes and became even more curious.

Chapter 1939

Well, the big devil's surprise... what will it be?

Selena originally wanted to stay with Daniel, but because she was busy all night, she finally fell asleep in a daze.

When he woke up, the car had already stopped slowly.

“Well, are you there yet?” Selena rubbed her eyes.

Just about to open her eyes, suddenly, a pair of warm and wide palms covered her eyes, “Close your eyes first.”

Selena suddenly regained consciousness, nodded obediently, and her heart beat slightly faster.

The door opens.

She was protected by a palm around her waist, and she was carefully carried forward step by step.

The touch of the soles of the feet is very soft, it should be mud.

The air is mixed with the fragrance of grass and trees, the night breeze is slightly cool, and the sound of brushing in my ears seems to be somewhat familiar...

Although her eyes were closed and there was darkness in front of her eyes, but because of the familiar atmosphere and temperature beside her, she trusted with all her heart and felt everything around her comfortably.

I don't know how long I walked, but the touch under my feet seemed to change from mud to pieces of wooden boards spliced together. The feet were suspended in the air, which should be a wooden bridge.

“You can open your eyes.” A man's deep voice came from beside his ear.

Selena paused, and slowly opened her eyes. Immediately, the dark pupils instantly enlarged...

The goal turned out to be a large lush bamboo forest, and the sound of brushing just now was the sound of the wind blowing through the bamboo forest.

In the bamboo forest, there are fireflies floating around, like a dream...

Thousands of stars are reflected on the river under your feet, and the reflections of them cuddling each other...

In the depths of the bamboo forest, there is a small courtyard with a simple and simple shape, which is currently lit with soft and warm lights.

What shocked her even more was...

This is City C, the bamboo forest in Chunfeng Town, City C!

That night, she was drugged. When chatting with him, she mentioned the bamboo forest.

She said what a romantic bamboo forest if I could have sex with my beloved here...

There are no buildings here, and the small courtyard must have never existed before. Even the fireflies in the bamboo forest used to exist, but the number is very small, definitely not so many.

Since when did he start preparing?

Selena couldn't describe her mood at the moment.

This man, who was always serious, rigid and boring, did things for her that he was not good at.

"Do you like it?" The man's voice was obviously a little nervous.

The moment the words fell, a pair of lips as soft as petals in early spring covered his cool and thin lips.

Daniel's back suddenly stiffened, and the palms around the girl's waist suddenly tightened, and at the same time he kissed her back deeply.

"When did you start preparing?" Selena asked.

"I don't remember, when you fell asleep." Daniel replied.

Selena's heart was filled with sour sweetness, "Thank you, I like it very much... I like it very much..."

Daniel coughed lightly, "I was planning to be here..."

Although Daniel didn't finish his sentence, Selena understood immediately.

How could her darling be willing to wrong her in the slightest? He was probably planning to come here for the first time after the newlyweds, but because of being subdued and knocked down by her, he failed in the office...

Selena laughed softly, "As long as we are with you, everything is the same! We still have a lifetime, and we can try many, many places..."

The man hugged the girl into his arms: "Yes."

Selena raised her little head, and blinked her eyes, and there were little stars in it, "My dear, are we going to try this place today?"

Chapter 1940

The man's voice was a little tense, and he said in a low voice: "Next time, it's too late today, you should have a good rest."

Selena didn't know what to say immediately, how could he bring her here so far in the middle of the night, and it was really just a surprise for her?

Selena rolled her eyes, took Daniel's hand and walked towards the small courtyard in the bamboo forest opposite, "Well, good! Rest and rest! Let's rest together! You must be tired after driving for so long!"

Hmph, when the crutches are on the bed, are you afraid that you won't be able to eat?

Uh...

Why did she suddenly realize that this was completely a way to hook up with a pure and innocent little white rabbit?

After the two entered the room, Selena was once again amazed.

The head of the master bedroom is entirely made of glass. You can see the bright starry sky while lying on the bed, and you can hear the wind blowing through the bamboo forest outside the window. It is made into a big bed in the shape of a bird's nest. The pure white mattress is as soft as a cloud... ..

However, all these good things are not as good as those around him.

Daniel stood in front of the bed, unbuttoning his collar one by one.

Selena held her chin and looked at it without blinking.

Sure enough, there is no harm without comparison!

What is she?

Wouldn't it be crazy if those people saw the big devil unbuttoning his shirt?

And...if I let them know that no1 and no2 of “National Husband” have already been digested internally...

As soon as Daniel took off his coat and changed, he saw Selena was already lying on the bed waiting for him.

Seeing him turn around, he stretched out his small hand and patted the position next to him, with a small expression of everyone sleeping obediently together.

However, the light in her eyes has completely betrayed her...

The corners of Daniel's lips curled up slightly, and there was a hint of a smile in his eyes. He leaned over and gently stroked the girl's chin with his fingers, “Aren't you tired?”

Selena shook her head like a rattle, “Please, seeing you flirt with me like this, even if I'm tired like a dog, I'll be able to revive on the spot with full blood!”

Daniel couldn't laugh or cry when he heard this, did he flirt with her?

The man stroked the girl's soft hair, “I am older than you, and one day, I will lose my attraction to you.”

Emma! The Great Demon King actually has moments of insecurity!

Selena raised her eyebrows immediately, “So what! There are a lot of handsome guys in the entertainment industry! But can handsome guys be eaten? Anyway, no matter how handsome they are, they are not as handsome as me!”

She is officially certified no1, okay?

Daniel: “...”

This reason...

Most women would comfort me by saying that I will grow old one day, and probably Selena would say that no matter how handsome she is, she is not as handsome as me, and people can't refute a word.

However, Daniel just loves her so much, her arrogant appearance...

“Well, what Ma’am said makes sense.”

The man chuckled, leaned over, and covered the girl’s neckline with his slender fingers.

Selena’s clothes were designed with a row of ten buttons at the neckline, and each of them was small and delicate, making it difficult to untie.

Daniel kissed her forehead, nose, lips, collarbone, and every inch of her skin, unhurriedly removing them one by one, his fingers occasionally brushing past with a numbness like electric current...

Slow enough to grind.

He hurt her too much the first time, and was too hasty the second time. This time, he wanted to give her the best experience.

This man, even if he is not good at something, as long as he is willing to do it, he can do it to the extreme.

Just like tonight.
