Chapter 1941

the next day.

When the spring breeze in the bamboo grove was sweet and sweet, in the outside world, in the “Night of Stars”, there were overwhelming reports of Selena killing Han Zixuan with a crushing victory.

“Night of stars, Selena slaughters the list! Peerless evildoer, kills both men and women!”

“Selena returns as king, where will the false goddess go?”

“It is rumored that many investors in “The World” have withdrawn collectively”

...

One sensational report after another appeared in the headlines of various entertainment with an irresistible trend. Selena quickly returned to the public’s attention with the same momentum as before.

On Starlight Night, playing against Selena and Louis, Qin Shuang, who played the heroine of “Phantom” Christine, also became popular overnight because of her extremely solid professional skills and outstanding performance!

At the same time, there was a change in the top management of Shengshi Entertainment, Yi Xudong was directly fired, and the news that the new CEO of the Lu Group was airborne was also spread in the industry.

At that time, Yi Xudong was getting drunk at the bar, cursing people everywhere, saying that without him, Shengshi Entertainment would definitely

collapse immediately, saying that Han Zixuan was single-handedly created by him, and absolutely no one can surpass him!

As a result, when I woke up, I saw that the entire entertainment industry had changed.

After Selena's comeback press conference, she won the Starlight Night in an extremely amazing way, and also won Qin Shuang along the way!

Dmn it! This woman... actually brought the entire Shengshi Entertainment back to life by herself!

Yi Xudong looked at the entertainment headlines full of Selena's name, and sat down on the sofa with a dull expression on his face...

Star Entertainment, a cloud shrouded.

This was not just a loss for Han Zixuan alone, but a blow to the reputation of the entire Empire Entertainment.

After finally trampling down his arch-rival, Shengshi Entertainment, he was actually given a chance to come back to life!

meeting.

Wang Haojun said with a sullen face, "Continue to inform, the project of "The World" is temporarily suspended."

He didn't say the reason, but everyone knew that several investors were dissatisfied with Han Zixuan's popularity and performance, and they withdrew their capital overnight. Even Guo Qisheng resigned as director.

Zheng Anru's face turned gloomy, "I just got the news that the film that Zixuan collaborated with Director Shen has been confirmed to be banned by the higher authorities."

This means that this film was completely abolished, it was shot in vain, and all plans to win international awards were ruined.

After finishing speaking, Zheng Anru looked angrily at the director of public relations at the side on the spot, scolding angrily, "Zhao Wenliang! How do you do things! Didn't I tell you that you must take care of the above! This film

Absolutely nothing can go wrong! Is your public relations director just a display? It's just a bag of wine!"

Zhao Wenliang sneered, and slapped the resignation letter on the table, "I'm sorry, I'm quitting! Manager Zheng is so capable, from now on, please trouble Manager Zheng to wipe his own ass!"

"You..." Zheng Anru was angry.

This trash! How could he just walk away at this time!

"Mr. Wang, do you care about it?"

Damn it, at this critical moment, Mr. Ning is not here!

Wang Haojun was already overwhelmed at the moment, "Okay, wait for the new director of public relations to come and take over!"

"Then what should Zixuan do now!" Zheng Anru looked anxious, "Our Zixuan has been sickened by that bitch! Mr. Wang, you must think of a way!"

## Chapter 1942

In fact, Han Zixuan just didn't want to come to the company for a meeting today because she lost face last night.

Wang Haojun naturally knew it in his heart, but he didn't expose it. He squeezed his eyebrows and said, "The news of Zixuan's entry into Hollywood should be released immediately!"

Zheng Anru finally found some confidence, nodded immediately and said, "Mr. Wang, you are right! No matter how powerful that Selena is, she is only famous in China! We, Zixuan, got Hollywood's olive branch after only one year

of debut. And it's a blockbuster film supervised by Hollywood's number one producer, Geers!"

On the other hand, the reason Susie didn't show up at the meeting was because Roman called her this morning and asked her to have dinner together in the evening, saying that he had something to tell her.

The two had known each other for so many years, and she knew it just from Roman's tone of voice.

Her efforts to please her these days didn't help, but he was still determined to get a divorce!

He was afraid that he would have a showdown with himself tonight.

Susie sat in front of the dressing table, looking at the delicate makeup on her face, her nails dug deeply into her palms.

downstairs.

"Why hasn't Susie gone out yet? Didn't Roman ask her to talk about that tonight?"

Zheng Minjun looked upstairs nervously from time to time, obviously already aware of the showdown between his son and Susie tonight.

Thinking of becoming in-laws with the Zhuang family in the future, she felt more confident even speaking in front of those wives in the past few days, so she naturally hoped that everything would go well tonight.

"Hong Guang, tell me... Susie won't be making trouble, right?"

Su Hongguang murmured, "Trouble... there will definitely be trouble! But our Su family will not treat her badly!"

Zheng Minjun immediately seemed to be stepped on, "What kind of ill-treatment, she has been in our Su family for more than a year, how can we treat her a little bit? Only our Su family was cheated by their Ning family, okay? You don't know the secret behind her What did Li say about us?"

Just a few days ago, Shanshan's natal family dared to say in front of me that we, Roman, wanted a family of country bumpkins to be our in-laws! You just

have the heart that we, Roman, won't be able to hold our heads up in front of people for the rest of our lives? "

Su Hongguang looked helpless, "I didn't say anything, and you just said what you are doing."

"In short, we must fully support Roman in this matter. If Susie really likes us, Roman, we should also think about his future!"

...

Zheng Minjun and Su Hongguang were talking quietly downstairs, at this moment, a panicked scream from the maid suddenly came from upstairs...

"Ah! Young Mistress! What's the matter, Young Mistress! Wake up! It's not good... Come on! Come on! Young Mistress fainted!"

Accompanied by the shrill voice of the little maid, the two people downstairs were startled.

"What's wrong? Susie fainted?" Zheng Minjun immediately frowned.

Su Hongguang also changed his face.

The two rushed upstairs, and even when they saw Susie fainted next to the dressing table, the maid was so anxious that she was about to cry.

"What's going on? Why did you suddenly faint!" Zheng Minjun hurriedly asked.

The maid looked panicked, "I... I don't know... I just came in to deliver clothes to the young mistress... Then I saw that the young mistress has passed out here!"

"Quickly ask the driver to prepare the car and take him to the hospital!" Su Hongguang said in a deep voice.

After finishing speaking, he added, "Call Roman back!"

At this moment, Zheng Minjun's expression was very ugly, looking at the fainted Susie, he hesitated to speak.

I muttered to myself, fainted? Why this time?

Hospital.

Besides the people from the Su family, Ning Yaohua and Zhuang Lingyu also arrived.

Zhuang Lingyu's face was full of displeasure, "What's going on? How can a good person faint when he says he's fainted?"

Zheng Minjun saw that people from the Ning family had also come over, especially seeing Zhuang Lingyu's provocative attitude, and suddenly he was a little unhappy.

It must have been notified by that troublesome little maid again.

It was just fainting, so why make such a fuss?

Looking at Zhuang Lingyu's expression, it seemed as if the Su family had abused her.

Without the life of that daughter of a thousand pieces of gold, yet making her as delicate as the real one!

Thinking that the matter could have been resolved tonight, and there was such a big commotion, Zheng Minjun felt very unhappy, and said in a cold voice, "Dear family, it was Xiaoling who made a big fuss, and Susie is probably too tired. That's all, sleep for a while and you'll be fine!"

Because of Susie's background, Zhuang Lingyu has often been squeezed by Zheng Minjun's yin and yang, and now she is naturally disgusted with her, and

said in a bad mood, "Is it a trivial matter that I fainted? When we Susie was at home But they are all delicate and precious! When you arrive at the Su family, you treat her like this?"

At this moment, Su Hongguang who was beside him coughed softly to smooth things over, "Dear family, you misunderstood, you all know how we treat Susie, if you don't believe me, you can ask Susie.

It was probably because Susie's company had a lot of problems recently, so he was more tired. In short, everyone, stop arguing, let's talk about it after the doctor's results come out! "

Ning Yaohua said with a good temper beside him, "That's right, Susie's body is important."

After all, if the relationship with the Su family becomes tense, it will not be good for Susie or Ning's International.

On the other side, Roman has followed the doctor to get the diagnosis notice.

"Doctor, how is the patient's condition? Is it serious?" Roman asked.

The female doctor came out with the diagnosis report and congratulated her with a happy face, "It's all right, and it's a good thing! Congratulations, Mr. Su, Mrs. Su is pregnant!"

The moment the doctor's voice fell, Roman's face turned blank for a moment, as if he couldn't believe what he heard.

"Doctor... what did you just say? Pregnant?"

The female doctor was so happy that she only thought of Roman, she quickly smiled and said, "Yes, I'm already eight weeks pregnant, almost three months!"

Roman immediately froze there, his face pale.

He has been busy for so many days, hired a professional lawyer, drafted the divorce negotiation, and only waited to speak to Susie today.

He wholeheartedly hoped that after today he would be able to regain his freedom and go find Selena.

He never expected that before he had time to speak, he would learn the news that Susie was pregnant!

Roman didn't know how he walked out with the report.

I just feel that the whole person is immersed in a cold pool, which is icy cold.

"Roman... Roman... What happened to Susie? You're talking!"

It wasn't until Zhuang Lingyu's urging question came from his ear that Roman finally came to his senses, took a deep breath, and forced himself to regain his sanity, "Susie is fine, she... is pregnant..."

"What? You said Susie is pregnant!" Zhuang Lingyu's face was filled with surprise, "That's great! This is really great!"

Ning Yaohua was also very excited when he heard it, "You have been married for more than a year, and you finally have a child!"

"Where is Susie? I'll go and see her right away!"

## Chapter 1944

Zhuang Lingyu and Ning Yaohua were completely immersed in their happiness, and they were too busy to see Susie, so they didn't notice the strange expressions on the faces of the three members of the Su family.

After the two entered the ward, Zheng Minjun cursed directly, "Did the hospital make a mistake? How could she be pregnant at this time! Roman is about to divorce her, what should I do if I am pregnant at this time?"

Su Hongguang hurriedly frowned and glanced at his wife remindingly, "Keep your voice down!"

After speaking, his face was also very complicated.

On the one hand, it's a pity, on the other hand, Susie's belly is the flesh and blood of their Su family after all.

After waiting for so long, the Su family finally has a queen.

"Then tell me what to do now!" Zheng Minjun said anxiously.

Seeing that the golden phoenix was gone, even her grandson couldn't make her happy.

After all, there will be grandchildren sooner or later, who comes out of the stomach, this is a big difference!

Roman's mind was blank now, and he never said a word.

In the end, it was Su Hongguang who said in a deep voice, "Let's discuss the matter of divorce in a long-term way! Don't mention it now, especially now that your in-laws are still here."

At this time, if you want to divorce, the Ning family should not fall into chaos.

Zheng Minjun also knew this truth, even though he was unwilling in his heart, he had no choice but to do so.

In the ward.

"Dad, Mom...why are you here...what's wrong with me?" Susie woke up slowly, her face full of confusion.

Zhuang Lingyu happily held Susie's hand, "Susie, you are pregnant and are going to be a mother!"

Susie was dazed for a second, and then her face was filled with disbelief, "Really? Mom! I'm pregnant?"

"The doctor said, so what could be wrong? You! You are too careless! It took three months to find out! You even fainted at home! It's too worrying!" Zhuang Lingyu looked Painfully blamed.

"Mom, I'm sorry..."

Zhuang Lingyu didn't know what to think, and her face was slightly cold, "What are you sorry for? Don't think that Mom doesn't know, it's because that dead girl came to trouble you as soon as she came back! Otherwise, can you work so hard?"

After speaking, she was afraid that these troubles would disturb her, so she hurriedly opened her mouth to comfort her, "Your main task now is to take good care of the baby, and leave the company and other things to others to take care of! Nothing is as important as your body and children!"

"Well, Mom, I see!"

Then, both Su Hongguang and Zheng Minjun walked in, expressing a few words of symbolic concern.

Afterwards, they all retreated, leaving Roman and Susie alone.

After there were only two people left in the ward, Susie's face was filled with embarrassment and joy, "Roman, we finally have a baby! I'm so happy!"

Roman looked at the girl on the hospital bed who was ignorant of worldly affairs, ignorant of everything, happy for having his child, and his heart was full of struggles.

On the two ends of the balance, one is the true love he found with great difficulty, and the other is the girl who has been by his side for so many years.

He had made up his mind to give Selena a title, but at this moment, facing the pregnant Susie, he really couldn't say the word divorce...

"I'm... very happy too, but it's too dangerous for you to behave like this today! From now on, you should rest well, and leave other things to me, and I will help you." Roman said,

A hint of secret joy flashed in Susie's eyes, and she leaned into the man's embrace with a full face of emotion, "Roman, thank you!"

Chapter 1945

next day.

The news of Han Zixuan's entry into Hollywood began to occupy the headlines of all major entertainment.

"Han Zixuan has been confirmed to participate in the classic Hollywood blockbuster "Killer""

"Hollywood's No. 1 Producer Geers' epic masterpiece "Killer" uses Chinese"

"Han Zixuan: The Glory of Hollywood!"

...

The movie "Killer" swept all major Hollywood awards 20 years ago, and was screened countless times. It is the sentiment and classic in the hearts of all movie fans. As soon as the news of the remake came out, it received huge attention.

The plot arrangement of this drama is quite in line with Hollywood's usual style.

The heroine Anna was trained by an assassin organization since she was a child, and was finally assigned a task by the organization to assassinate the helm of a famous family. The story of conspiracy and love intertwined with the resourceful male protagonist.

No matter what role Han Zixuan got, even if it was just a humble cannon fodder, as long as she joined the crew of "Killer" and showed her face in the movie, her status in the future would definitely rise.

The most terrible thing is that according to Hollywood's consistent urgency, it is rare to choose two entertainers and actors in Huaguo.

That is to say, if I, Han Zixuan, successfully participate in "The Killer", then Selena's chances of joining the crew of "The Killer" will be reduced by at least half!

Shengshi Entertainment.

Xu Tao stared at the manuscripts with rage, "Show me! My queen has already entered Hollywood a year ago, okay?"

Liang Feixing glanced at him, "Unfortunately, it hasn't been released yet."

Xu Tao said angrily, "Then you can't just watch them being so disgusting, can you?"

Liang Feixing narrowed his eyes slightly, "I've inquired about it. The audition for the role of Hua Guo in "Killer" officially started a week later. Han Zixuan was an internal appointment, and it is said that they will spare no salary. Now they are trying to pressure Selena. They didn't wait for the audition. The news has been directly exposed!"

Xu Tao's eyes lit up immediately, "If Selena goes to the audition, she will be blown away!"

Hearing this, Liang Feixing's expression was not optimistic, "Since it's been decided by default, and Empire is still promoting it with such fanfare, it must be a sure thing. This role is not easy to compete for. The point is... I don't think it's necessary. A few seconds Camera, a line!"

When Xu Tao heard it, he immediately echoed, "That's true, this kind of look is so aggressive, and anyone who is a little professional knows that the price is falling. It's just a post to make a face! I don't think Selena will be willing, "Thunderbolt Selena's role in Secret Service lasted more than ten minutes!"

At this time, the door of the office was pushed open.

Selena walked in, "It's okay, I can go to the audition."

Xu Tao frowned suddenly, "But..."

"We have already come to this point, so naturally we can't give up halfway. What's more, this drama is "Killer", even if it is a few seconds of footage, it is worth it. I am actually a loyal fan of this movie. This time it is considered a wish fulfillment." !" Selena said.

Seeing how understanding the goddess is, Xu Tao was moved to the point of tears streaming down his face.

Liang Feixing thought for a while, it seemed that he was going to overwhelm Han Zixuan at the moment, and indeed he had no choice but to snatch this role.

Otherwise, not to mention the lack of success, the effect will be greatly reduced.

Foreign monks like to chant scriptures, and Chinese people still have a natural sense of admiration for Hollywood.

“Now it seems that this is the only way to go. I’m going to collect as much information as possible about the crew!” Liang Feixing said.

## Chapter 1946

Xu Tao: “I’ll arrange the audition.”

They chose Han Zixuan only for the market in Huaguo, but in terms of recent popularity, Selena is not inferior to her, as long as Selena is willing, it is not impossible to win this role.

Selena: “Okay.”

After the agreement was made, Selena began to prepare for the audition a week later.

In fact, this character is really just a passer-by who shows his face, not even the character before the addition of “Thunderbolt Agents”.

But “Killer” was a cinnabar mole in Selena’s heart, especially the heroine Anna, who was one of her favorite characters.

This time, take this opportunity to study the classics again.

—  
a week later.

Auditions for “The Hitman” have begun.

Selena and Xu Tao arrived at the audition location on time.

After arriving, Xu Tao cheered Selena up because his manager and assistants were not allowed inside, and then waited outside.

Selena glanced over, and found that the people on the scene were basically the first-line, but they were also the first-line, but the cafes were uneven. The only thing these people had in common was the high degree of topicality and popularity.

It can be seen that the crew chose this Chinese character only for the Huaguo market.

In the waiting room, seeing Selena coming, many artists went up to greet them politely.

The entertainment industry is used to stepping on the highs and flattering the lows. Recently, Selena has been in the limelight, so it's natural that someone will go up to make friends.

However, because of the tense relationship with Shengshi, several artists of Empire watched in the corner with cold eyes and whispered.

“Selena actually came too. Doesn't she know that today's audition is just a formality? Zixuan has already been hired by default, and no one came today!”

“I'm sure I won't give up! This is the audition for “Killer”! It's the best Hollywood classic! She's fighting Han Zixuan so hard now, how could she not come?”

“In terms of resources, Zixuan is backed by our Empire, and it is true that Selena can't keep up with her. It is better for Huaguo to have her previous foundation, and it will definitely be difficult to improve!

She seems to be overwhelming Han Zixuan now, but she is actually at the end of her battle, right? I think even Yin Youyou, who switched jobs to Empire, has a brighter future than her...”

...

Amidst the whispers, a female staff member with a Chinese face came over and informed the audition to start.

“Everyone, please enter in order.”

Selena was the last one in line because the registration time was relatively late.

Although I knew it was just a formality, but it was inevitable that there was still a little luck. The female artists waiting for the audition at the scene began to arrange their makeup nervously.

But gradually, the expectations on everyone’s faces became weaker and weaker...

Because with the constant calls inside, the average time for each artist to enter is less than ten seconds.

Some even came out three to five seconds after entering.

What kind of audition is this called?

Three to five seconds is not enough to see the face clearly!

“I’m going! Hollywood is too straightforward! If you say it’s going through the motions, it’s going through the motions! You don’t pretend at all?”

“With such a big-name production team, it would be good if they are willing to form an audition. What else do you want?”

“Hey, after all, the auditions here are all big shots from Hollywood. Let’s take a look at real people today, and gain a lot of experience!”

...

The calls inside got faster and faster, and in less than ten minutes, it was Selena’s turn, who was the last one in line.

## Chapter 1947

After hearing Selena's name being called, some artists who hadn't left at the scene all subconsciously looked at her, with sympathy inevitably in their eyes.

The superstar of the past, but today he is reduced to the point where he knows that the role has already been assigned, but he still wants to come and try his luck...

Selena ignored the gazes of those around her, and directly entered the audition room under the guidance of the staff.

According to what Liang Feixing heard, among the three people who came to interview today, only one assistant director was quite high.

A legendary character like Jays might not even appear in the interview for a heroine, let alone audition for such a small role.

After seeing Selena, the assistant director's attitude was quite polite.

"Miss Selena?"

"Yes, hello."

"Miss Selena is indeed an oriental beauty as rumored." The assistant director's eyes lit up slightly, obviously he had a good first impression of Selena.

If it wasn't for this character, who had already confirmed that he would cooperate with Empire, the one in front of him would be pretty good.

"You flatter me."

The assistant director nodded with a complicated expression, "Okay, you can go back and wait for the notification."

It was as expected short.

However, judging by the expression of the assistant director, it is not impossible.

In fact, after Selena left, the house was indeed plunged into controversy and discussion.

“What do you think?” the assistant director asked in a deep voice.

One of them said, “Miss Selena really has a good temperament, and her current popularity in China is comparable to that of Han Zixuan. However, as far as I know, she made her comeback after a lapse of a year. The current one is There are not many resources, and the future development is unpredictable, I think it is safer to use Han Zixuan!”

The other person disagreed, “On par? Mike, this Miss Selena is quite capable! You should go and see her “Mother”!”

“DeWitt, you have to know that this role doesn’t require strength, and it doesn’t even have anything to do with the actor itself. It only needs popularity and a strong backstage! Only in this way can we maximize the harvest of the Huaguo market!”

“Glory World Entertainment has now been taken over by the Lu Group, and its potential is still unknown! Mike, it’s too early for you to assert!”

“You also said that it is unknown, we don’t need to take risks.”

...

Outside the door, the others saw that Selena’s audition was so fast, and they immediately showed such expressions, mixed with a lot of schadenfreude.

Everyone finally saw the result they wanted to see, and finally left the venue in satisfaction.

But at the moment in the audition room, the assistant director was having a headache from the two of them arguing.

If it doesn’t work, wait until the image data is sent back and let the people above make the decision.

Their audition was broadcast live remotely to all other high-level executives, but those bosses might not have time to see it for the first time, or they might not pay attention at all.

At this moment, the female staff member with a Huaguo face suddenly pushed the door in hastily, looked at the assistant director and said, "Director, where is that Miss Selena just now?"

"Just left, what's wrong?" the assistant director was puzzled.

The female staff member panicked, "Jels...Mr. Giles wants to see her!"

"What did you say? Mr. Giles wants to see her in person?" The assistant director stood up in shock.

Not to mention the other two crew members who auditioned for the role, all of them looked like they had seen a ghost.

## Chapter 1948

You know, Gilles has never appeared in public, and even they have never met Gilles himself, including the assistant director.

"She shouldn't be far away! I'll call her right away!" the assistant director said.

"No need, I'll go after it myself." The female staff member said hastily.

...

"Selena, how are you doing?"

Xu Tao, who was waiting outside the door, immediately asked nervously when he saw Selena coming out.

Selena thought about her words, "It should be a chance, maybe half."

"Half of the time is already awesome, leave the rest to me and Liang Feixing, this time..."

Xu Tao and Selena were walking towards the parking lot while talking, when suddenly, there was a rush of footsteps behind them...

"Miss Selena, please stay!"

When Selena turned around, she was surprised to see that the other party turned out to be the crew member from just now.

"Miss Linda?"

"Miss Selena, hello!" Linda was panting and clutching her chest.

"Hello." Selena nodded with a smile, and cast a questioning look, wondering why the other party would catch up again.

"That's right, Miss Selena, our producer would like to invite you over to discuss the plot." The other party spoke very politely.

When Selena heard this, she was stunned for a moment, and asked tentatively, "Producer? You mean, Mr. Geers?"

"Yes, Mr. Giles."

After hearing the other party's affirmative answer, not only Selena, but also Xu Tao beside him were stunned.

"Jers wants to meet Selena in person? Then... I don't know why?" Xu Tao hurriedly thought about his words and asked.

"Yes, Mr. Geers wants to meet Miss Selena in person, but I don't know exactly what he wants to say. Miss Selena, you will know when you go." The woman replied with a smile, her expression still He was a little nervous, as if he was afraid that his affairs would go wrong and he would not be able to bring the person there in time.

Selena and Xu Tao looked at each other.

In China, although Selena is well-known, in Hollywood, in the eyes of people of Jayers' level, it is not worth mentioning at all, and they don't even know of her existence.

Even Selena herself couldn't imagine that today she just came to audition with the attitude of giving it a try, that person would actually want to see her?

In the end, it was Xu Tao who said decisively, "Then I will trouble this young lady to lead the way!"

"Okay, please follow me!" The woman breathed a sigh of relief.

...

After getting in the car, about half an hour later, Selena followed the woman into a rather high-end private club.

When they got outside the box, the woman said to Xu Tao, "Please wait outside for a while, this gentleman."

After speaking, he made a "please" gesture to Selena, and opened the door for Selena.

"Thank you!" Selena thanked her, took a deep breath, and walked into the room.

In the box, a pale old man has been waiting for a long time.

The old man was in a contemplative posture, and immediately raised his head to look in Selena's direction after hearing the sound from the door.

Selena had prepared herself mentally on the road, and her expression was calm at the moment, "Mr. Gilles, hello."

While talking, Selena couldn't help but look at the old man in front of her. He had a standard European face, but he was just a little older, in his eighties, and he looked very kind and kind.

It is absolutely unimaginable that Jayers is so famous.

It's just that Jays is equally mysterious, and no media magazine dares to put Jays on the cover.

## Chapter 1949

Even though Selena often followed the news about Jays, she had never seen Jay's face.

And the old man stared at Selena, thinking of something, he was lost in thought for a moment, and his pupils shrank slightly.

After a while, the old man said, "Miss Selena, please sit down."

Selena nodded and sat down. Since she didn't know the other party's intentions at all, she could only wait cautiously for the other party to speak.

In addition, she was really too nervous and didn't know what to say.

After all, the person in front of her is a legend in Hollywood, a character who only existed in her imagination, but now the person in front of her is a living person!

The old man's eyes were sharp, as if he could see through people's hearts, but at this moment, when he looked at Selena, he didn't feel any sense of oppression, and said in a friendly tone, "I'm sorry, I called you here in a hurry, because I just saw your audition data of."

"It's okay, but I don't know why Mr. Giles is looking for me..." Selena was puzzled.

"I hope to invite you, Miss Selena, to play the role of Anna in "Killer"." Giles replied directly.

Although Selena had thought of countless possibilities when she came here, she was still stunned after hearing Jayers' answer...

Anna?

Geers actually said that he would invite her to play the role of Anna!

Anna is the leading lady in this movie!

Gilles continued, "Back then, my daughter Caroline was the screenwriter and heroine of the movie "Killer."

Hearing this, Selena was shocked again.

It turned out that Miss Caroline, the heroine and screenwriter of "Killer", the Hollywood legend, turned out to be the daughter of Giles.

At this moment, knowing that Jayers turned out to be Caroline's father, although she had countless curiosity in her heart, she didn't dare to ask more questions.

"It's a pity that my daughter Caroline died of a serious illness during a trip, and it's been a few years... That's why I want to remake the movie Killer, which can be considered as a memory of my daughter." The old man's expression was slightly Somewhat dim.

Hearing this, Selena immediately showed a look of incomparable surprise.

When she watched the first version of "The Killer", she liked the role of the killer played by Caroline very much, she was really handsome.

However, Caroline only made the movie "Killer", and then disappeared without any news.

Unexpectedly, Caroline had already passed away.

Selena didn't know about these things behind "Killer", and this was the first time she heard about it.

"My condolences." For a moment, Selena didn't know what to say.

The old man looked disappointed, and then he said, "So, I value this role very much. I hope Miss Selena can do her best!"

Is this voice completely determined for her to act?

The pie that fell from the sky was so big that it directly knocked her into a daze.

Selena couldn't help but ask, "According to what I know, Miss Lilian has already been identified as the lead actress in this drama?"

Giles said, "I haven't confirmed it, it's just a preliminary screening. After seeing you today, I think Miss Selena, your temperament and image are very suitable for this role.

I believe Ms. Selena also knows that part of the killer's location shooting was in Huaguo.

In fact, because Caroline's mother is from China, Caroline has lived in China since she was a child, and part of the movie was shot in China, which is why. "

After saying that, the old man fell into deep thought, as if recalling a memorable past event.

Selena: "I see."

"Besides, I also believe in Martin's vision of people." Giles said.

Director Martin...

After a long time, Selena was stunned for a moment before realizing who Jayers was talking about.

Martin, the director of "The Secret Service" she starred in a year ago.

There are too many special effects scenes in this drama, so it has not been released yet.

Because of Jayers' explanation and his mention of director Martin, Selena finally digested such a big piece of pie...

After that, Selena chatted with Jayers about some minor changes in "Killer" and her understanding of the plot, before leaving in the evening.

Until she walked out of the box, Selena still didn't have a sense of reality.

She never imagined that originally she just wanted to try a trick, but in the end she not only met the legendary Jayers, but was also appointed by him as the heroine.

"My aunt, you finally came out! What happened? What did Mr. Giles tell you? Why have you been gone for so long? He won't do anything to you!" Xu Taoyi  
A grieving expression like an old lady.

Selena was a little speechless, "Don't talk nonsense! Mr. Geers was discussing with me about casting me as Anna."

"I... fcuk! What?" Xu Tao almost accidentally bit his tongue.

Xu Tao has watched the most prestigious Hollywood classic movie "The Killer" at least six or seven times, so he naturally knows that the lead actress's name is Anna, and she is also one of the most outstanding characters in the history of Hollywood movies.

"Tell me again, what role did Mr. Giles put you in?"

"Female killer." Selena said expressionlessly.

After Xu Tao was stunned for about three seconds, he came back to his senses with an excited expression: "You got the killer girl Anna?! My lord queen, please don't joke with me, my heart is not very good!"

In the entire Chinese entertainment circle, it is not without superstars who have made it to Hollywood, but there is no such thing as the number one female.

The reason why Hollywood finds actors from Hua Guoguo is mostly because of Hua Guoguo's supermarket, and most of the scenes are not important.

Hua Guoguo's actress, wanting to win the role of Hollywood actress, is simply nonsense.

Even for the top superstars, it is very difficult to get an important role in Hollywood.

So far, only Song Lin has done it in the whole of China, but the director of that film is Chinese, so most of the actors used are also Chinese.

Selena naturally expected Xu Tao's reaction, shrugged and said, "Pinch yourself, if we are not dreaming now, then this thing is real!"

"Dmn it, my lord queen, you are simply... a miracle, and the pride of Hua Guoguo's entire entertainment circle! You are, I'll fcuk you!" Xu Tao was so excited that he was incoherent.

He never dared to think in his life that an artist under his banner would actually be able to get the role of a Hollywood actress.

This is awesome, what the hell, how many lifetimes can he brag!

What nonsense, Zheng Anru, The publicity is everywhere, this time it has become a big joke!

"I'm going to notify the media now, and tell the world immediately!"

Just as Xu Tao finished speaking, he shook his head again and again: "No, no, don't notify the media yet, Zheng Anru's side is spreading the word, Wait for the killer to start filming immediately, there must be a lot of media publicity, let's use Zheng Anru's media! For a few days, Zheng Anru and Han Zixuan, when everything was ready hehehe..."
