### Chapter 2081

The second call is an overseas long-distance call.

As she expected, Jason said that Susie had never contacted him since he missed the last time, otherwise Solomon would definitely contact her if there was any disturbance in Susie, but during this time there was Yes no news.

Selena sat on the sofa, thought for a while, and then made a third call, asking Karl to check something for her.

Ten minutes later, Karl called her back, but no one on the road answered Zhuang Lingyu's order.

There is no doubt that the murderer who drove down Zhuang Lingyu's child must have something to do with Susie. As long as this person is found and proved that he was ordered by Susie, then everything will be revealed.

But now, this person acted as if he didn't exist at all, without leaving any clues. Susie neither used Solomon's relationship nor bought it.

Now everyone knows that Susie joined her company. She was fine when she went in, but the child was gone when she came out. What's more, Roman was there to testify...

No wonder Susie was so loud this time, and even framed her directly in such a high-profile, simple and rude way. It seemed that she had come prepared, strangled her, and she would definitely not be able to get rid of the crime this time...

Selena's fingers tapped the glass coffee table under her palm slowly, thinking carefully.

the next day.

Selena didn't seem to be affected by this incident at all, so she asked a well-known racing driver in the circle to have a discussion with great interest.

In the afternoon, I met with director Martin, screenwriter, and special effects artist to talk about the shooting of the second part.

When she got home at night, her personal cell phone rang in a hurry.

Tsk, it's faster than she thought, I really can't wait...

The call was made by Grandpa himself.

"Hello, grandpa."

"Selena...you...hey...anyway, you should come to the hospital now!"

"Understood Grandpa, I'll be there later."

For such a big matter, Susie would naturally ask her grandpa to make the decision, not only her grandpa, but the whole family might be invited to be witnesses.

Selena changed her clothes, and then drove to the First People's Hospital of the Imperial Capital by herself.

As she expected, everyone was present in the large ward.

People from the Ning family, people from the Su family, grandpa, and even Ning Qiutong rushed back from abroad.

Susie was pale, lying on the bed with a desperate and sad expression, Zhuang Lingyu was sitting in a wheelchair by the bed, her face was full of distress, Ning Yaohua with a gloomy expression stood beside her, Roman's family was sitting on the sofa opposite.

Everyone's face is extremely dignified.

In addition to these people, there was a room full of visiting relatives from the Ning family and the Su family who were all comforting Susie with each other.

“Susie, don’t be sad, the old man will definitely make decisions for you!”

“Susie, after all, you are the eldest daughter-in-law of our Su family, and what you have in your belly is the eldest grandson of the Su family. Is it easy to bully our Su family?”

“That’s right! If there is no explanation for this matter, it will never end!”

...

The old man was sitting by the window leaning on a cane, his face was full of exhaustion.

The Ning family lost two children at once, and the old man was probably the one who suffered the most.

The matter was of great importance, and there were people in this room, so it didn’t take much thinking to know that these people were probably secretly called by Zhuang Lingyu and Susie to testify.

Selena understood that in this situation, grandpa couldn’t speak for himself.

## Chapter 2082

When Selena appeared at the door of the ward, all eyes in the room fell on her at once, staring at her firmly.

“Selena, come here quickly!” Ning Qitong was the only one with a relaxed expression, and when he saw Selena, he greeted her warmly.

Seeing Ning Qiutong, Selena frowned slightly. First, she called her grandfather, said hello to the old man, and then walked towards Ning Qiutong, "Auntie."

Ning Qiutong carefully looked at her with concern, and after a long while he breathed a sigh of relief, "That's right, I got a little fatter, and my face finally has some flesh!"

Seeing that Selena had arrived, he was casually reminiscing with Ning Qiutong, Ning Yaohua's face was distorted with anger, "ba5tard! Kneel down for me now!!!"

Looking at Ning Yaohua's disgusting eyes like looking at garbage, Selena smiled coldly and said casually, "I kneel down, kneel down, kneel down to my parents, I don't know Chairman Ning, why should I kneel down?"

Ning Yaohua was furious, "You...you inhuman ba5tard! Even now you're still slanderous!"

Some relatives of the Ning family nearby whispered in disgust, "What is this girl talking about! Isn't this her father?"

"You can say such outrageous words, and you won't be afraid of lightning strikes!"

Zhuang Lingyu on the side already wanted to pounce on Selena and kill her as early as the moment she saw Selena, and now she screamed with a ferocious expression, "Selena! You are a vicious beast! You don't even have children! Let it go! I should have strangled you when I first gave birth to you!!!"

Susie cried like a gossamer, with a dazed expression, "It's all my fault...Everything is my fault...I shouldn't be greedy for the warmth of my parents...I'll give it back to you...I'll give it all back to you... Can you give me back my child... give me back my child..."

"Susie...Susie, my miserable daughter...it's not your fault...it's because Mom didn't protect you well...I shouldn't have brought this ba5tard back back then..."

Seeing the distressed look of the mother and daughter, the people around looked at Selena with even more contempt.

“What a crime! Killed two children at once!”

“She looks so pretty, but she never thought her heart would be so vicious!”

...

“Quiet everything for me!!!” The old man stamped his cane vigorously.

The noise in the ward became a little quieter.

“Selena, tell me, what’s going on.” The old man asked in a deep voice.

Ning Yaohua said angrily, “Dad, why are you asking her at this hour? She hired a murderer to kill Lingyu’s child first, and Susie impulsively ran to expose her. It was poisoned, even Susie’s child was going to be killed together!

Maybe this ba5tard was thinking of killing Susie as well! The doctor said that it was an extremely strong abortion pill, and three times the amount of the drug was given. Susie saved his life only after he died! She is simply inhuman! “

Following Ning Yaohua’s every word, in the ward, pairs of eyes fell on Selena like wolves and tigers.

Seeing that Selena became the target of everyone’s criticism and criticism, Susie lay weakly in Roman’s arms, the corners of her mouth were raised strangely, she looked into Selena’s eyes provocatively from the corner of her eye, and sneered wildly in her heart...

Heh, Selena, sophistry, explanation! Dying struggle!

## Chapter 2083

Said that I took the medicine myself, and said that I wanted to harm my own child.

Say it, and see, who in the whole room will believe you?

Who would go on a blind date? I would drug myself and kill my own child...

Ning Qiutong frowned and was about to speak, but Selena held her hand down.

Selena's eyes swept across everyone calmly, and the corners of her mouth slightly raised, outlining a icy smile, "So what if I did it, let alone the child, even if I poison her to death together, how can you kill her?" How about me?"

The moment Selena finished speaking, the expressions of everyone in the room changed.

Roman, who had always had a complex and forbearing face, was full of shock and disbelief, "Selena...you...you really did everything..."

Although the facts were before his eyes, after hearing Selena's confession, he still couldn't accept it.

Zhuang Lingyu and Ning Yaohua were even more like wild beasts seeing the blood, tearing it up crazily, "You ba5tard! ba5tard!!! What evil did our Ning family do! Such a vicious ba5tard came out! You don't even spare your own brother!"

"My God! How dare she admit it!"

"Otherwise? The evidence is solid, can she escape!"

"After doing such a thing, there is no sign of repentance at all. Such an arrogant attitude is simply too much!"

At this time, not only Zhuang Lingyu and Ning Yaohua, but also Zheng Minjun and Su Hongguang's expressions became extremely ugly.

Zheng Minjun rushed out and began to scold, "You poisonous woman! Even if you like our Roman no matter how much you want to enter the Su family's door, you can't kill Roman's child! This is Roman's own flesh and blood! Why

are you so vicious! Right now, you are only treating the child with little hands. If you really enter the door of our Su family in the future, does it not suit you a little bit, and you will even kill me!"

Su Hongguang also never expected that Selena's character, as a descendant of the Zhuang family, would be so bad.

This is not a trivial matter of jealousy, this is murder!

After killing someone, she still has a calm expression without guilt. How terrifying is this woman?

Zhuang Lingyu clutched her aching chest with anger, "It's not as good as a beast! It's so despicable and lowly, not even a ten thousandth of Susie's, yet she still wants to marry into the Su family and steal Susie's husband! Look See what you are! Are you worthy?"

Su Hongguang said solemnly, "I'm sorry Yaohua, although Selena is your biological daughter, this matter is related to human life, so I'm afraid it can't be so easy."

Zheng Minjun immediately screamed excitedly, "She killed my grandson, of course she will call the police!"

Hearing this, Selena raised her eyebrows slightly, "Oh, call the police?"

Seeing Selena's confident appearance, Ning Yaohua became angry, "bastard! I don't care who is behind you or who you rely on for support! If this matter is not resolved, you can't go anywhere!"

He was still a little scrupulous about the Zhuang family, but when he thought about the strict family style of the Zhuang family, if the Zhuang family knew what Selena had done, he might be the first to spare her.

Zhuang Lingyu sneered, "It's because of the benefactor behind me that I'm so confident!"

Even Zhuang Lingyu's own mother said so, and the other people in the room looked at Selena with even more weird expressions.

"It's been rumored that she was adopted, so it's true!"

"It's a joke that such a person actually wants to marry us Roman!"

“Nowadays, the starlets are really ignorant of themselves. They all have their heads sharpened. They only think about marrying into a rich family. They dare to use any dirty tricks, and they don’t even think about who they are!”

...

#### Chapter 2084

Hearing the cynicism from the relatives in the Su family around him, Ning Yaohua’s face turned green and pale, and he only hoped that this dirty stain would disappear from this world immediately and forever.

Originally, he was still a little hesitant, thinking that family ugliness should not be publicized, and if there was a disturbance, his face would be shamed after all.

But at this moment, he had completely made up his mind to send Selena to prison, and to remove this evil from everyone’s sight, otherwise he would not know how many embarrassing things would happen in the future.

Zheng Minjun saw that Selena must be finished this time, coupled with the anger that his grandson was killed, Dang even tore his face completely, “Selena, don’t wishful thinking, a woman like you, as long as I’m here, you Don’t even think about marrying Roman for the rest of your life!”

Hearing those words, Ning Qiutong was about to explode with anger. If Selena hadn’t held her down, she would have gone berserk already.

She knew that Roman was Selena’s biggest wound. At first she was still worried about Selena, but instead of being angry, she saw that Selena was smiling, her eyes were lowered, and the corners of her lips were slightly curved. The face is amazing to the extreme...

Selena lowered her eyes and gave a low laugh, then raised her eyes, looked at Zheng Minjun and said, "Sorry, I have high eyesight, so my lord, I'm afraid you won't be able to catch my eyes. Besides, I was married two years ago, and , not interested in bigamy, Madam Su, you are too worried."

"You... so loud!!!" Zheng Minjun was so pissed off on the spot, this b!tch actually said that he had high eyesight and looked down on her family, Roman.

As soon as she finished speaking, she suddenly noticed the second part of Selena's words and froze, "What did you say? Are you married?"

The moment Selena said the last sentence, Roman's face changed instantly.

Selena is already married?

And you got married two years ago?

Roman didn't have time to think about it, so he blurted out, "Selena, what did you mean by what you said just now? Have you ever been married? How is this possible!"

Selena glanced at Roman indifferently, "What? I'm married, do I still need to report to you?"

The other people in the room didn't seem to have expected this result either, they all looked at each other in amazement and discussed.

"No way! Selena is already married? I've never heard of it!"

"Nonsense! They're in the entertainment industry, so things like this should be kept a secret! Once married, it's worthless! Besides, she doesn't know which old man she married, does she have the face to announce it?"

"This girl is so confident, she must rely on her husband, right?"

"Tsk, she's an actress. Besides, she wasn't so popular two years ago. What kind of good family can she marry? If she dies, she'll be an upstart!"

...

When Susie heard that Selena was married, there was a trace of consternation on her face, but she soon resumed her sarcasm, a married sgumbag, let alone trying to compete with her for Roman.

Ning Yaohua also had a face full of contempt and disdain, “Selena, I’m telling you! I don’t care who you marry and what you rely on, even if I’m the king of heaven, it’s useless if I come today!”

At this moment, a sound of steady and powerful footsteps sounded from far and near.

Almost at the moment Ning Yaohua’s roar fell, the door of the ward was pushed open by a slender finger...

The visitor was tall and tall, his face was as cold as frost, his whole body was surrounded by the pressure of extreme cold like a world of ice and snow, his eyes like a cold pool swept over everyone in the ward with a cold energy, his voice was hoarse and cold, and he hovered in the sky In all ears...

“yes?”

The eighth watch is over... Husband and wife are both abusing sgum...

## Chapter 2085

The man wore a well-tailored silver-gray haute couture suit, with a meticulous white shirt exposed at the neckline, and the obsidian cufflinks on the cuffs exuded a cold luster.

Originally, this suite was spacious enough to accommodate so many relatives and friends, but the moment the man stepped in, the whole space suddenly

seemed cramped, and the coercion belonging to the superior was overwhelming.

The moment Ning Yaohua saw the person coming, Ning Yaohua's arrogant expression froze on his face as if petrified, as if he couldn't believe his eyes, "Lu...Lu..."

Due to being too shocked, "Lu" couldn't say the next word for a long time.

And in the ward, the two relatives who were pointing and mocking at Selena just now had their throats choked and kept silent, watching in disbelief that this one was only living in legends and after-dinner gossip, that one High and high, even for wealthy nobles like them, a man who may never have the chance to meet once in this life, unexpectedly appeared in front of their eyes...

In the early years, they didn't even know this person's appearance. It wasn't until the past two years that Daniel appeared in the public eye several times before he was exposed. The title of national husband, his popularity crushes all actor Xiao Xianrou.

And the man's real person is thousands of times more handsome than those blurred photos and video materials, especially the demeanor of his whole body, which is so shocking that it makes one's heart paralyze.

At this moment, he was wearing a large black windbreaker over his suit, looking dusty, followed by a man who looked like a serious assistant, and outside the door of the ward, there were two rows of heavily armed black bodyguards.

A chilling breath quickly spread in the air...

"God... oh my god... it's... it's Lu... Daniel... am I dreaming..." I don't know how long it took before someone finally recovered from the long daze.

The others also reacted, "Pinch me, pinch me!"

"Oh, so... so handsome! Much more handsome than in the photo!"

"I'm going crazy! What the hell is going on... How did Daniel come here?"

...

Not only those people, but Selena was also quite surprised. She didn't expect Daniel to appear suddenly, and in such a high-profile manner.

"Uh...you won't be back until the day after tomorrow?" Selena asked subconsciously.

After Daniel's eyes that could almost freeze people fell on the girl, it was as if spring snow had just melted away. He didn't answer, but stared at the girl with a frown.

Taking off the windbreaker jacket on his body, he strode up to the girl.

First, he touched the girl's little hand, and then put the coat on her thin shoulders. His low voice was slightly displeased, "Didn't you say that the temperature has dropped recently?"

Selena looked down at her ankle-length woolen skirt, "I wear it a lot..."

Daniel squeezed the girl's fingers: "Hands are cold."

Selena: Well, there is a kind of coldness that makes her heart feel that she is cold.

The expressions of everyone in the ward at this moment: "...!!!"

Pull... Pull your little hand!

Daniel even put on his coat for Selena himself, and the pampering and intimacy in his words could melt people away!

Daniel and Selena?

I'm going crazy!

This... what the hell is going on!

However, next, there was something that shocked them even more.

## Chapter 2086

Daniel took Selena's hand, ignoring all the sluggish and astonished gazes in the room, walked over the crowd that automatically split into two rows, and walked up to the old man inside the room.

Then, he called out, "Grandpa."

grandfather!

What did Daniel call Master just now?

Looking at the grandson-in-law in front of him, the old man nodded in satisfaction, "I'm back, sit down!"

Ning Yaohua finally couldn't bear it anymore, and rushed to Ning Zhiyuan, "Dad, what...what's going on? You...do you know Mr. Lu?"

The old man looked at his son and the relatives around him displeased, "What's all the fuss about, can I not know my own grandson-in-law?!"

Grandson-in-law!

Everyone in the room was almost numb with shock.

"It's true that Selena and Ting Xiao got married two years ago."

"How is this possible..." Ning Yaohua was completely dumbfounded.

"When Selena first returned to China, the two children had already started dating, and their relationship became stable, so they got married naturally. It's just because of Selena's career that they didn't make it public." The old man took it for granted.

"But... Dad, such a big thing! Why didn't you tell me!!!" Ning Yaohua almost collapsed.

"What did I tell you to do?" the old man asked back. Ning Yaohua almost suffocated to death.

After hearing the conversation between Ning Zhiyuan and Ning Yaohua, everyone in the entire ward was shocked...

"I... Oh my god! Selena's husband is Daniel!? Is it true?"

"Daniel is already called Grandpa, Grandpa, so there are fakes!"

"The fabled treasure that Daniel made public before is so terrible, the girlfriend who is doting on the top of his heart...is Selena!"

Speaking of this, everyone looked at each other in blank dismay, and the relatives of the Ning family looked at the Su family with strange eyes...

Selena was married a long time ago, and she was married to the Lu family, how could she pester and covet Roman?

At this moment, a man who seemed to have a light effect stepped in with the corners of his lips curled up, and said in a leisurely tone, "Tsk, my sister-in-law just said it, she has high eyesight!"

The person who came was Daniel's younger brother, Saul.

Saul is an unusually high-profile guy, and he was in the entertainment industry before, so everyone knows his face.

At this moment, when everyone heard Saul's words, their faces turned as dark as the bottom of a pot.

please! This vision is more than high! It's almost heaven, okay?

They thought Selena was talking big just now, but how could they know...she was clearly being modest.

The ones with the ugliest faces at this moment are probably the relatives of the Su family. After all, they were the ones just now who kept mocking Selena for trying to get in through the door of the Su family by any means, especially Zheng Minjun. His face was red, as if he had been slapped severely by someone, and he couldn't speak a word.

Saul smiled like a flower, first ran to say hello to the old man, then moved to Ning Qiutong's side, and said sweetly, "You are the beautiful aunt my sister-in-law often mentions! Hello aunt, I am Saul!"

Ning Qitong was so happy to be coaxed, “Hi, thank you for taking care of Selena!”

She knew a little about Selena, and had told her many times to take a good look at her, but she never expected that Selena’s man would be Daniel.

## Chapter 2087

In the corner, Roman stared blankly at the scene in front of him.

From the moment Daniel walked up to Selena and held her hand, his mind went blank, staring at the pair of perfectly matched Bi people, he completely lost the ability to think.

As for Susie who was lying on the hospital bed, there was a gloomy silence.

Looking at Daniel and Selena’s hands holding each other intimately, looking at the ring on Selena’s neck that she had never noticed before, watching Daniel politely greeting the old man, watching Saul chatting with Ning Qitong Very happy... That poison called jealousy crazily corroded her internal organs...

how is this possible...

how is this possible!

The person Selena married... turned out to be Daniel!

It turned out to be Daniel...

“Second Young Master Lu, I... I am Ning Yaohua, Selena’s father! Last time you came to Lu’s house to pick up Selena, we met before!” Probably because he thought Saul was easy to talk, Ning Yaohua hurriedly made up his mind. Go up and get close.

Dmn it, no wonder Saul personally came to pick Selena up at his birthday party last time.

At that time, he had always suspected that Selena had something to do with Saul. How could he have guessed that it was not Saul, but Daniel!

At this moment, he was so regretful that his intestines were green, he was so regretful that he wanted to hit the wall.

Ning Qitong looked at Ning Yaohua, and smiled coldly, "Oh, I treat a white-eyed wolf as a living treasure all day long, and seeing her marrying the Su family, I feel that I'm married to some great and good family, and I can't wait to talk about it all day long to show off, why, now that Selena is married well, do you regret it again?"

Ning Yaohua's face turned green and pale after being squeezed out, "What am I regretting, Selena married well, so I'm naturally happy for her."

Ning Qitong laughed straight away, "I don't know who just called the police to call the police, and said that it's useless if the king of heaven is here?"

At this time, Zhuang Lingyu next to her finally couldn't bear it anymore, "She did such a vicious thing, is it wrong for us to do so?"

After finishing speaking, he looked at Daniel and said, "Boss Lu, no matter how powerful your Lu family is, you can't ignore the law. It is a fact that Selena killed two people!"

"Ah..." At this moment, Susie on the hospital bed covered her stomach and groaned in pain.

Everyone's attention was immediately diverted back, and they all surrounded Susie again.

"Susie, what's wrong with you?"

"Stomach... my stomach hurts..." Susie's face was pale, she was dying, her whole body was like a withered flower, which aroused sympathy and pity.

"You have been poisoned too deeply, the doctor said it will hurt a little, bear with it!"

"Hey, what a crime..."

Seeing Susie like this, the eyes of the people in the ward looking at Selena gradually changed.

Selena is living so well now, but Susie has been murdered like this, and now she is bullying others just because she is married to Daniel, it is too much.

Zhuang Lingyu walked quickly to the hospital bed, her face full of anxiety and distress.

At this time, Zheng Minjun on the side also took the opportunity to say, "Mr. Lu, I'm afraid you don't know yet. This woman is very vicious. Just because of a small conflict, she not only killed her biological mother's child, but also poisoned her. The flesh and blood of our Su family has also been harmed! This kind of person is not worthy of marrying into the Lu family! It's a defilement of the lintel!"

Susie's face was full of hesitation and despair, but her dark eyes were fixed on Selena's direction with incomparable resentment.

Okay... just right... Selena! This time I will let you have nothing, let you taste the feeling of falling from heaven to hell!

Daniel's cold gaze did not even give a single glance to those who kept provoking them. He lowered his eyes and focused on his little wife beside him, "That's right, I don't deserve it."

Zheng Minjun was shocked, thinking that Daniel had listened to his words, but the next second, he heard Daniel continue to say, "The Lu family and I are not good enough for Selena."

Everyone: were abused and blinded.

Saul: He knew it.

## Chapter 2088

Seeing Daniel's attitude, Susie's face changed suddenly in secret, and she pinched her palm tightly. The next second, when she raised her head, she had a sad and indignant expression, "President Lu, I understand that based on the relationship between you and your sister, , will naturally favor my sister.

However, I really hope you can take a good look at the person around you, maybe she is not what you think she is at all.

I was sorry for my sister first, no matter what my sister did to me, I would suffer, but what about my mother, what is wrong with my mother!

I absolutely do not allow anyone to hurt my family, not even my sister! Mr. Lu, if you don't believe us, you can ask the police to find out the truth! When you know all the truth, I believe you will have a fair judgment! "

Heh, Selena, with two lives on my hands, I want to see if you can keep your position as First Lady?

Susie's words made everyone nod secretly, and at the same time sighed at Susie's filial piety.

Saul rubbed his chin and clicked his tongue. It was a little eye-opening. I've seen shameless ones, but I've never seen such shameless ones. It's no wonder that even if they are not related by blood, they can coax these two idiots of the Ning family into such a low life. Then invincible.

And sister-in-law's matter this time, I'm afraid it will be a little tricky...

Selena raised her eyes and exchanged a glance with the man beside her.

Next, is my battlefield.

With just one glance, the man understood what she meant and nodded slightly.

Facing everyone's stares, Selena seemed to be in the back garden of her own home, her expression was calm and composed, her shining eyes glanced at Susie who was filled with righteous indignation and seeking justice for her mother on the hospital bed, and said unhurriedly, " Coincidentally, I have something here, and I want to hand it over to the police."

Hearing Selena's words, Susie narrowed her eyes slightly, but soon regained her confidence, "Sister can speak directly if she has something to say, I think everyone would like to hear her explanation."

Oh, explain, no matter what she explains in this case, it can only be described more and more darkly.

"I just discovered some... interesting things..." Selena raised the corners of her lips with a half-smile, showing a slightly surprised expression, "I didn't expect that Miss Ning, who has always been a lady, would like to play with such exciting things as motorcycles?"

When Susie heard this, her eyes suddenly tightened.

Selena continued, "Not long ago, I met a well-known retired racing driver. I was chatting with him and overheard him mentioning that Miss Ning had learned motorcycles from him for a long time?"

When Susie heard the words, as if she had been mentioned something sad, she stroked her flat belly sadly, "Whether it's a pregnant person, there will be some strange changes in taste and preferences that I can't explain clearly. I've been bored at home all the time, and suddenly I saw on TV that riding a motorcycle is very cool, so I went to find out about it, I don't know why my sister suddenly brought this up?"

When Selena heard this, she just smiled lightly, "I see."

Regarding Susie's explanation, some pregnant wives around nodded in agreement, and at the same time did not understand why Selena changed the topic to something completely irrelevant.

Seeing her daughter's sad look, Zhuang Lingyu immediately frowned, glared at Selena with displeasure, and said, "Selena, don't change the subject here and delay!"

## Chapter 2089

Selena lightly touched the phone in her hand, "I'm just a little curious. I didn't expect pregnant people to have such weird preferences. A gentle and ladylike girl like Miss Ning suddenly likes to ride a motorcycle...and she's still pregnant. In the middle of the night, riding a bicycle alone in the wilderness..."

Susie's calm complexion finally showed a crack, and his face twitched violently, but only for a moment, then he returned to his perfect sad and angry expression, "Sister, I don't understand what you are talking about, I am just I'm curious, so I asked a professional to find out, how could it be possible to go out for a ride by myself and go out in the middle of the night after getting addicted to my eyes..."

Susie's heart was full of sneers, heh, Selena, you want to blow me up? It must be too stupid to think of me!

Zhuang Lingyu saw that Selena's words became more and more shameless, and her face became even more ugly, "Selena, what are you trying to say here with a lot of nonsense! Even if Susie is riding a motorcycle at night, why is it hindering you? It's over!"

Selena shrugged her shoulders and said casually, "Of course it doesn't bother me, after all...the one she knocked off...wasn't my child."

The moment Selena finished speaking, the whispers in the room fell into a deathly silence, and Zhuang Lingyu's expression froze completely.

"My dear, please turn off the light for me."

Daniel stretched out his long hand, and the room was suddenly pitch black.

The next second, Selena tapped the phone in her hand, and an image was suddenly projected on the wide white wall behind everyone.

There is no sound in this video, probably at night, so the light is very blurry.

The screen remained static for three seconds, and then a black locomotive appeared on the projection.

The moment she saw the locomotive, Zhuang Lingyu's pupils shrank suddenly, "That car... is the one that hit me... that's the one that hit me!!!"

Although it only happened for a moment when she was hit, she will never forget the appearance of that car.

After hearing Zhuang Lingyu's words, everyone was in an uproar, and all of them stared at the wall intently.

The scene in the picture seems to be a deserted waste car processing plant. After getting out of the car, the owner of the locomotive first took off all the clothes he was wearing, including gloves and helmets, then pushed the locomotive to the ground and picked up the car next to him. Gasoline, light the lighter in your hand and throw it towards the locomotive...

With a bang, everything disappeared into the flames.

At the same time, the rising flame suddenly illuminated the face of the locomotive owner...

That's not a man, but a woman with a weak appearance...

That's... Ning... Susie!

The moment he saw that face clearly, everyone at the door of the ward was stunned, and everyone looked at Susie on the hospital bed in disbelief.

Zhuang Lingyu opened her mouth even more, staring at the screen, unable to recover for a long time.

"This... What's going on here... How could this person be Susie!"

"But that face is Susie's, that's right! When the fire ignited just now, she could see it clearly! After she took off her outer clothes, she could see her stomach!"

"Impossible... Impossible! This is absolutely impossible!"

...

The moment a familiar scene appeared on the projection on the wall, Susie's face changed. In just a few seconds of video, she seemed to have walked through hell. When her face was illuminated by the fire, she appeared in the moment in front of everyone, she was completely out of her wits.

## Chapter 2090

Susie's breathing seemed to be burning with fire. With a hoarse voice, she said eagerly, "It's fake! This video is fake! Selena! Why would you make such a slander? How could I kill the mother's child!"

Selena didn't refute at all, just nodded and said, "That's right, I forged this video, not only the video is fake, I also forged your fingerprints and blood samples, Miss Ning, do you want to see it?"

Susie's face was blank.

And fingerprints and blood samples!

If there were fingerprints and blood samples, then she would be absolutely speechless.

However, this is absolutely impossible!

She destroyed all traces of it, where did she get it!

But... But she even got the monitoring!

And she had clearly confirmed in every possible way before that there was absolutely no surveillance in that place!

What went wrong?

Daniel...

Could it be that Daniel helped her?

“My darling, give me the things.” Selena turned her head and said softly to Daniel, then looked down at the woman on the hospital bed who was obviously losing her spirit bit by bit, her eyes were full of sarcasm.

Daniel nodded, and then handed her a brown file bag.

Susie’s body was shaking like a sieve, and Selena’s eyes on her at this moment were in her eyes, like a ghost who was looking for his life...

She stared at the brown file bag in Selena’s hand, and her breathing became more and more short of breath. Sure enough, it was Daniel!

The moment Selena took the things out of the bag, Susie looked at Selena with a contemptuous expression, and at Daniel with cold eyes. Finally, the last trace of luck in her heart was gone, and she closed her eyes abruptly, The voice screamed sharply, “It was me! I hit her! I hit and killed that child! So what if I did it!!!”

The sound was sharp and piercing, making people’s eardrums feel uncomfortable.

In the entire ward, there was a dead silence, except for Susie’s screams like a ghost with disheveled hair and a ferocious face.

Zhuang Lingyu trembled her lips and rolled her eyes. Ning Yaohua hurriedly supported her and pushed her down, and finally woke up slowly, with a pale face trembling, “Susie... what are you talking about... ..don’t scare mom...you were talking nonsense just now, weren’t you...”

Susie’s laughter was extremely penetrating, “Heh...hehe...Mom...Madam Zhuang...When did you become my mother? Aren’t you the mother of the son in your belly?”

Zhuang Lingyu had never seen such a strange and terrifying expression on Susie’s face, and said excitedly, “Susie, what are you talking about, of course I am your mother! You told me that you didn’t do these things! You didn’t do them Right or wrong!”

At this moment, the weak look on Susie’s face completely disappears, replaced by coldness and resentment, a desperate madness after no retreat, “It’s me! Of course, I did it! Because I hate you! I hate everyone in the Ning family! I am the young lady of the Ning family, and I have been the young lady

of the Ning family since I was born! Everything in the Ning family is mine! Why did you take Selena's pheasant back?

The pheasant finally left, and you actually produced another son to fight for the family property with me. Before the child was born, he couldn't wait to take the rights from me! Why!

If I didn't handle Roman, would your Ning family be where they are today? Now that I have a son, I want to kick me away! The calculations of the two are too loud! Do you really think I'm an idiot? “
