Chapter 2122

“Annie...” Karl and Feng Xiaoxiao called out the name at the same time.

Kevin’s eyes behind the lens were full of shock, and Yun Shen’s face was also filled with astonishment.

Selena stared at the frozen face on the screen, opened her mouth, but was unable to utter a word for a long time.

anne...

How could it be Anne!

However, the girl on the screen of the mobile phone has a delicate, beautiful and immature face that does not show her age. Her appearance is almost the same as that of Annie today, so that they all recognize it at a glance.

Annie’s appearance itself is very small, plus she probably has good medical skills, and is also proficient in beauty and health preservation. Since Selena met her, her appearance seems to have not changed much. The little girl in my memory has always been this look.

Selena never expected to see such a face in the surveillance video that they worked so hard to restore back then!

Before that, she had thought of countless possibilities and guesses in her mind, but she never thought that it would be Anne...

“This...how is this possible! It can’t be my cute little Annie!!!” Feng Xiaoxiao leaned over excitedly and snatched the phone from Daniel’s hand, clicked on the video and played it again.

However, no matter how many times they looked at it, that face was still very familiar to them. It was the little sister, Annie, whom they all loved and loved.

“Dmn! Boss, is this monitoring reliable or not?” Karl scratched his hair irritably.

Daniel didn't speak, but his expression already answered the question.

He personally checked this monitoring from beginning to end, and it took the master commander nearly half a month to restore it, so there is absolutely no possibility of mistakes.

Just when Selena and everyone else were shocked by the result and their brains were confused...

With a sound of “ding”, the door of the elevator at the end of the corridor opened, and the sound of footsteps came from far and near.

“Karen...”

Wearing a pastoral printed cotton and linen skirt, the cute and cute little girl called Selena crisply when she saw Selena from a distance, and then ran briskly in Selena's direction.

The moment she saw Annie, Selena's back froze.

The expressions of Karl, Kevin, and Feng Xiaoxiao also changed suddenly. Karl subconsciously took a step forward and stood in front of Selena, making a defensive gesture.

Annie probably sensed that Selena and the others' attitudes were wrong, and stopped suspiciously three steps away from Selena, her clear eyes hesitated, “Karen, Brother Ye, Sister Xiaoxiao... What happened? By the way, Karen, who is sick?”

Karl and Feng Xiaoxiao looked at each other without saying a word.

Kevin pursed his thin lips tightly, not knowing what to say.

For a while, no one spoke, and the corridor fell into an eerie silence.

In the end, it was Daniel who took the phone back from the dazed Feng Xiaoxiao, then walked up to Annie, and handed the phone to Annie.

“Mr. Lu...?” Annie took the phone suspiciously, then subconsciously looked down at the phone.

On the mobile phone, the surveillance video in the hospital mortuary is playing...

When Annie looked down, she happened to meet the face of the man in black who turned around.

Almost at that moment, the aura around this lively and cute little girl in front of her changed instantly...

It was obviously still that immature and innocent face, but the innocence between the brows instantly faded into a chilling indifference, and those clean and clear eyes were covered with a cold and gloomy light, with murderous intent. The strange aura gushed out from it overwhelmingly, and the hostility in this narrow and empty corridor suddenly surged!

Chapter 2123

Seeing this change in Annie, whether it was Karl, Feng Xiaoxiao or Kevin, all of them subconsciously activated their nerves and defense systems in an instant.

It was an instinctive reaction similar to encountering a top expert and life-threatening.

And this terrible sense of crisis, they actually felt it from Annie, who was weak, harmless and powerless!

At this moment, the screen of the mobile phone in Annie's hand was crushed to pieces, and it was pitch black.

The girl's indifferent eyes, which seemed devoid of human emotion, fell on Daniel, and said, "This patriarch of the Lu family really shouldn't be underestimated."

Even the impossible can be done.

She was confident that during this period of monitoring, it would be absolutely impossible for anyone to see the flaws, let alone be repaired.

But now, it was actually exposed, and it was still at this time.

Selena, Karl and the others were even more shocked when they saw Annie's expression, which was so different from usual, and her words.

Did she... admit it?

The person in the surveillance is really her...

Behind Karl and the others, Yun Shen slowly stepped out of the shadows, "I really didn't expect my little fish to be so well hidden."

He fooled them all.

Selena didn't know how she recovered from this fact, and exhausted all her strength to catch her breath, and directly asked the question she was most concerned about at the moment, "Annie, Rick's poison was caused by you.?"

"Yes." The girl admitted without any hesitation.

The moment the voice fell, several people were stunned in astonishment.

Seeing that time was running out, Selena didn't want to ask about cause and effect for now, and asked directly, "Why are you willing to give me the antidote?"

Annie's expression was cold: "Selena, this matter has nothing to do with you."

Selena clenched her fists tightly and said excitedly, "How could it have nothing to do with me! I am Rick's biological mother! You should know this best, right?"

Annie still had no expression on her face, “Then, you should also know that this child deserved to die a long time ago. I let him live to this day, but now, I just take back what I gave.”

Selena’s body trembled and she was speechless.

Indeed, Little Treasure had already been declared dead by the doctor and placed in the morgue.

At that time, Annie should have taken Rick away and brought him back to life.

“Since you saved Rick back then, why did you poison him again?” Selena asked.

“I said, this matter has nothing to do with you.” Annie still said the same thing.

At this moment, Daniel pulled Selena behind him, stepped forward and said, “Since it’s the grudge between you and our Lu family, and I’m the patriarch of the Lu family, if you have anything, you can get it back from me. Why embarrass an innocent child.”

Judging from Annie’s attitude, this grievance may be between her and the Lu family.

Hearing this, Annie didn’t know why, and her indifferent face was suddenly stained with a slightly crazy smile, “Ha...haha...innocent...your son is innocent...isn’t my brother Qingze innocent? I Let him go, who will let my brother Qingze go?!”

Speaking of the last sentence, Annie’s murderous aura suddenly rose.

Kiyosawa brother...

Selena, Karl and the others couldn’t help thinking when they heard Annie’s words, including Daniel, who had never heard of this name.

Who is this Qingze that Annie is talking about...?

Only Yun Shen, upon hearing the name from Annie’s mouth, his eyes changed undetectably for a moment, as if recalling some long-term memory, he murmured the name, “Qingze...Yun Qingze?”

Chapter 2124

After finishing speaking, his eyes suddenly fell on Annie, "Could it be that you are..."

Annie smiled coldly, "Yes, I am."

At this moment, Karl was going crazy listening to him. What kind of riddle are these two fighting? Who the hell is Annie? Who is Yun Qingze? With the same surname as satan, is there any relationship between these two people?

At this time, Kevin on the side muttered, "Yun Qingze... seems like the grandson of Yun Jie, the old master of the Yun family... Satan's cousin..."

At the same time, Yun Shen also looked at Annie, and said in a firm tone, "You are Yun Qingze's adopted sister, Luo Ling."

Annie didn't deny it, she smiled lowly, and looked at Daniel coldly, "The people from back then... are all dead... Now... only your Lu family is left... You all will be buried with my brother Qingze!"

Oh, innocent? I just want everyone in your Lu family to taste what it's like to see your closest loved one die in front of you but be powerless! "

Daniel quickly pieced together what happened back then from a bunch of scattered memories of the Lu family and the Yun family's grievances, "If I remember correctly, the Yun family really wanted to use Yun Qingze's death as an opportunity to unite the other two. The big family dealt with the Lu family, but afterward it was found out that Yun Qingze's death had nothing to do with the Lu family."

The word "irrelevant" completely ignited Annie's anger, "irrelevant! If it wasn't for your Lu family, if it wasn't for you, Daniel, brother Qingze would have died! Back then, the patriarch sent me to assassinate you, but I refused He killed

Qingze and told me that Qingze died at your hands, thinking that I would do my best to deal with you for revenge! If it wasn't for you, how could Brother Qingze die? "

Annie repeated the words.

Selena's brain was racing through all of this, and she frowned and said, "So... the Yun family and the Lu family are feuds, and the Yun family is going to send people to assassinate the head of the Lu family, Daniel, in order to deal with the Lu family, and you know This kind of task is mostly accompanied by seduction and betrayal of the body, so I refused.

In order to force you to submit, and also to have an opportunity to start a war, the head of the Yun family even killed his own grandson Yun Qingze, and then pushed them all on the head of the Lu family! It was only later that you discovered the truth..."

Speaking of this, Selena had sorted out the ins and outs in her mind, "Since you already know that Yun Qingze was not killed by the Lu family, why did you transfer your anger to the Lu family, or even Rick?"

Hearing Selena's words, Yun Shen's eyes flashed slightly, and the atmosphere around her became gloomy in an instant, "Is this reason difficult to understand? Because, they deserve to die! Everyone related to her death deserves to die." "

Seeing that Yun Shen actually spoke for Annie, Selena was surprised.

Who is the "she" that Yun Shen is talking about? I'm afraid it doesn't mean Yun Qingze, right?

After Yun Shen finished speaking, he looked at Annie and smiled softly, "I see... no wonder Xiao Yu'er would lurk beside me and help me in secret. So... are you also a fallen person from Tianya?"

Selena frowned slightly. Just as she was clearing things up, her mind became confused again. Why was Yun Shen involved again?

What does it mean to be a fallen person in the end of the world?

The corner of Yun Shen's mouth curled up into a mocking smile, "That old guy Yun Jie likes the disgusting scenes of seduction and assassination the most.

What's the point of sacrificing an insignificant grandson? Even if it's his only daughter, he can still send it to the opponent on the bed..."

Chapter 2125

Hearing this, Selena's mind was shocked, and she quickly thought of the grievances between Yun Shen's mother Yun Lan and Lu Chongshan.

Could it be... Yun Shen's mother had such a relationship with Lu Chongshan back then...

Yun Shen's mother had the same fate as Annie, she was also sent by the old head of the Yun family, Yun Jie, to assassinate members of the Lu family, but the target was Lu Chongshan!

"Little Yu'er, you are much smarter than that silly woman..."

Yun Shen glanced in Daniel's direction with a half-smile, "That silly woman lost her body, her heart, and her life, but you killed everyone!"

Before that, I couldn't figure out who exactly destroyed the Yun Family, and who actually took it before me...

Oh it's you...

You were the one who poisoned those members of the Yun family, right? "

After hearing this, Selena finally understood.

No wonder Yun Shen said he knew this kind of poison...

And the silly woman Yun Shen was talking about, maybe it was his mother Yun Lan?

Back then, Yun Lan's mother probably gave her sincerity to Lu Chongshan, otherwise she would not have given birth to Yun Shen...

But Lu Chongshan, as the head of the Lu family, has such a temperament that he can sacrifice everything for the benefit of the family, if he finds out Yun Lan's identity...

The tragedy that followed is almost imaginable.

Annie didn't deny a word, but looked at Yun Shen with an unusually cold gaze, "You have betrayed your belief!!!"

When Yun Shen heard the words, he laughed instantly, "Hehe... Faith? What is my belief? Like you, kill everyone who was involved in this matter back then?"

Indeed, he was once like Anne.

Even though he knew that his mother died at the hands of his grandfather in the end, and was killed by his family as a shame.

However, when he finally gathered his strength and wanted to take revenge, he found that the Yun family had already been wiped out overnight.

From then on, killing Lu Chongshan and destroying the Lu family became the only meaningful thing in his life...

until...

Yun Shen's eyes fell on the girl next to Daniel in a daze...

But it was only for a moment, the man quickly withdrew his gaze, looked at Annie again and said, "Before you lurked beside me to help me because we had a common enemy, but now, I actually cooperated with my enemy Daniel, so, You turned to Qiao Yi?"

Karl suddenly showed a look of surprise, "Could it be that Qiao Yi was saved by Annie?"

At this time, Kevin, Feng Xiaoxiao and the others beside him were all dumbfounded.

She never expected that what happened to Rick back then would involve so many, even the grievances of two generations.

Yun Shen's mother, Lu Chongshan, Qiao Yi, Annie, Daniel, Yun Qingze...

At this time, an alarm sounded suddenly in the ward.

The little nurse rushed out in panic, "It's not good, the patient suddenly went into shock! I'll call the doctor!"

"Little Treasure!" Selena's face suddenly changed, and she rushed into the ward together with Daniel.

"It doesn't matter! Get the antidote first!" Karl stared in Annie's direction with murderous intent on his face, "I don't care what the reason is, what kind of grievance you have to fight openly, and use this kind of indecent What kind of hero is a child if he can't help it!"

After Karl finished speaking, he realized that Annie didn't seem to be a man either, but he couldn't control that much anymore, and continued, "Hand over the antidote immediately, or don't blame me for being rude!"

Annie smiled lowly when she heard the words, "I don't know... how can you be rude to me?"

Chapter 2126

Feng Xiaoxiao at the side also advised in a deep voice, "Annie, don't be obsessed with it, hand over the antidote, otherwise, you won't be able to leave today!"

Annie glanced at Karl, Kevin, and Feng Xiaoxiao indifferently, and suddenly sneered, "Just you three little fish? Why don't we go together."

“Let’s go together? You’re still a small fish! Dmn! Little girl! How dare you say that!” Karl almost laughed angrily.

Dmn, I look down on him too much!

Even if this Annie might be a master, he could still feel the familiar aura of her kind from her, but it would be too arrogant to say such words.

Seeing that Rick was being rescued inside, and the situation was getting more and more critical, Karl couldn’t care less, and immediately attacked Annie...

In the next second, there was a loud bang.

Karl... was slapped on the wall behind him.

Karl clutched his painful chest, “l...fcuk...”

One move in seconds?

Seeing this, Feng Xiaoxiao and Kevin’s expressions changed at the same time, it took several seconds to react, and they also attacked.

As a result, the battle ended in less than ten seconds.

Feng Xiaoxiao spit out a mouthful of blood, and even Kevin held her chest and was hit by a palm so that she took three steps back.

Karl’s eyeballs almost popped out, “Dmn it! It’s a dog! Is this okay?”

This is simply unscientific!

The three of them guessed that Annie was quite skilled, but they never expected that she would be so strong...

Three top masters, Kevin, Karl, and Feng Xiaoxiao, were dealt with at the same time in a dozen seconds. What kind of concept is this?

When Selena came out, what she saw was the scene where Kevin, Karl, and Feng Xiaoxiao teamed up and were defeated by Annie’s hands, and her expression changed completely.

There’s nothing anyone can do about Anne here!

What about Rick's antidote!

Because of her anxiety, Selena felt a burning pain in her chest, and said quickly, "Annie, you said that this matter has nothing to do with me, okay, I don't care about the grievances between you and the Lu family, but Rick is my son. It's absolutely impossible to just watch him die, it's up to the two of us now, what are you going to do before you hand over the antidote?"

Annie: "An antidote, yes."

As soon as Selena's eyes lit up, Annie continued to say, "Beat me."

Karl held his burning and painful chest and cursed in a low voice, "What's the difference between you saying this and not saying it?"

Selena clenched her hands into fists, "Okay! I'll beat you, right? I'll fight you!"

Karl exclaimed, "Junior Junior Sister, you are crazy!"

Daniel's complexion changed slightly, "Selena."

Yun Shen also frowned.

There was no warmth in Annie's eyes, "You are not my opponent."

Selena took off her coat slowly and threw it on the ground, "How will you know if you don't try it?"

Annie was silent, stared at her for three seconds, and then finally said, "Well, you give me three palms. If you can still stand up after three palms, I will give you the antidote."

Selena: "Okay!"

Karl suddenly exclaimed, "Dmn! Dmn Keren, you're looking for death! She almost slapped me to death with one palm, and your small body can be crushed by her palm!"

Daniel's expression darkened instantly, "Selena, don't mess around."

"Daniel, I'm sorry, I can't listen to you this time." Selena looked at the man in front of her very seriously, "You know, this is the only way."

Rick is in danger, Annie can leave at any time, and none of them can stop her.

Chapter 2127

After Selena finished speaking, she took a deep look at Rick in the ward through the glass window, and walked straight to Annie, "Let's get started!"

"You're courting death!" Selena just stood still when Yun Shen pulled her back.

With a backhand attack, Selena broke away from Yun Shen's shackles, "Don't get in the way!"

"fcuk!" Yun Shen was so angry that he was half dead, and looked at Daniel beside him with fire, "You still don't care?"

Daniel's thin lips were tightly pursed, his face was already extremely ugly, "Selena..."

The man was about to speak when he was interrupted by Selena's words, "Daniel, don't make me hate you!"

Daniel's face turned pale instantly, and he couldn't say a word.

Then, Selena's eyes swept over everyone present, "No one is allowed to make a move!"

She is running out of time!

After finishing speaking, she immediately looked at Annie and said, "Annie, start!"

"it is good."

Annie walked up to the girl step by step, and punched Selena as quickly as lightning.

With a sound of “Pfft...” Selena’s whole body flew several meters away like a kite with a string broken, and hit the cold wall with force, spitting out a mouthful of blood on the spot.

“Little Junior Sister!”

“Selena...”

Everyone exclaimed.

Selena stretched out her hand and stopped everyone from coming forward, “It’s okay.”

Karl was going crazy, sh1t! How could this be all right! He was slapped, and he knew Annie’s strength too well!

“Continue!” Selena staggered up to Annie.

“Bang...” Another slap.

This time, Selena was knocked down to the ground by a palm, and she remained motionless as the blood dripped from her mouth onto the cold ground.

She exhausted all the strength in her body, and finally forced herself to half-kneel, and then stood up staggeringly.

However, that figure seems to collapse in the next second...

She will definitely not be able to withstand the third palm anymore!

She really will die!

“Idiot! Are you fcuking crazy?!” Yun Shen couldn’t bear it anymore, and rushed towards Selena.

Selena said sharply, “Daniel, stop him!”

Almost the moment Selena spoke, Daniel made a move and stopped Yun Shen who was about to rush over.

Yun Shen looked at the man in front of him in disbelief, “fcuk! She’s gone crazy! Are you going crazy too?”

Daniel stood in front of Yun Shen like a stone statue weathered for thousands of years, motionless, seemingly indestructible, but in fact it seemed that it would shatter into powder in the next second...

Taking advantage of Daniel stopping Yun Shen, Selena walked back to Annie very slowly with mountain-like heavy steps, “One last palm.”

Annie didn’t speak, but just stared at Selena motionlessly.

After an unknown amount of time, Annie finally said, “Okay.”

Everyone’s heart was in their throats, and Karl, Kevin, and Feng Xiaoxiao were ready to go up to stop it desperately.

Finally, Annie made a move, and quickly slapped Selena with a thunderous palm...

But Karl and the others discovered that the speed of that palm was so fast that they had no time to stop it.

So, I could only watch Selena receive this palm...

The entire corridor of the hospital was dead silent.

However, the next second...

What they expected did not happen.

With such a slap, Selena didn’t fall down!

Annie’s palm was pressed against Selena’s chest. If you look closely, you will find that it seems to have hit her, but in fact, it didn’t hit her with an extremely small distance.

Chapter 2128

Under the eyes of everyone who didn't dare to show their anger, Annie slowly withdrew her palm.

That slap didn't even go down in the end!

"Selena, you saved me before. I have already repaid this kindness. If there is a next time..." Annie's eyes flickered coldly, with a terrifying murderous intent.

At the same time, a small medicine bag fell from her palm at some point.

Selena stretched out her hand subconsciously, and the small medicine sachet landed in her palm.

Selena stared blankly at the small medicine sachet, "This is..."

Annie sneered: "Don't get me wrong, this is not an antidote, it's just a medicine for temporary relief."

After finishing speaking, he turned and left directly!

Selena was dazed for a moment, and then shouted behind her, "If someone could defeat you, would you really hand over the antidote?"

"Since it's what I said, it naturally counts."

After the voice fell, Annie's figure disappeared at the end of the corridor...

Almost at the moment Annie left, Selena fell backward like a tall building that collapsed in an instant...

Falling into a hug that made her so warm that she wanted to cry...

Selena raised her head, and slowly smiled at the man whose face was extremely gloomy, "My dear, thank you."

Daniel looked at the girl in his arms, his body trembling uncontrollably, he wanted to strangle her to death, but the strength he held her was as careful as

hugging a pile of bubbles that could break at the touch of a finger, “Just this one time!!!”

“En.” The girl nodded obediently, she still had half a moment of momentum.

She knew that she would never be able to accept Annie’s three palms, but she was betting that Annie would not kill her.

Fortunately, she won the bet.

Fortunately, Daniel believed her.

Yun Shen watched from the side and almost scolded her, “A pair of lunatics!!!”

“By the way, hurry up and give it to Rick!” Selena hurried to the ward.

Karl hurriedly took the small medicine pouch from Selena’s hand, “I said Grandpa Xi, I’ll call you Grandpa! Don’t bother, let my grandson come! I’m so convinced of you!”

Hearing Karl’s familiar “grandpa”, Selena’s eyes flickered, and she slowly took out a silver whistle from her pocket, “Perhaps this is Rick’s only hope.”

Yun Shen glanced at the whistle from the corner of his eye, “Is this the Gu whistle?”

“What is a Gu Whistle?” Selena was puzzled.

“There is a kind of Gu worm in this whistle. One of the whistles is a worm. The whistle is specially designed. After blowing air, the worm will wake up and send a message to the mother worm to let the mother know The position of the worm.” Yun Shen explained, and then looked disdainful, “This kind of old-fashioned thing, no one used it 800 years ago, if you have the time to design this Dmn thing, why don’t you buy a locator!”

Selena said she couldn’t refute.

But this thing is not only a whistle to her, but an important token, representing a favor and a life of Han Xiao.

Finally, this time, Selena blew the whistle herself, and then she was exhausted and completely fell into a coma...

—
When Selena woke up, it was already the next morning.

His whole body was full of soreness, “Hiss...it hurts...”

Karl sat on the opposite sofa and gnawed on an apple. Hearing the movement on the hospital bed, he curled his lips angrily and said, “What are you crying about! Feng Xiaoxiao broke two bones, senior brother broke three bones, I’m so fcuking broken!” Six of them! You didn’t break a single bone! You didn’t suffer any internal injuries! Just a little blood came out of your lungs! I haven’t howled yet! You howl like wool!”

Selena touched her chest when she heard that, her eyes were slightly warm.

Chapter 2129

And Karl was getting more and more angry, “Dmn! Why! Why did you say that senior brother broke three, Feng Xiaoxiao broke two, and you didn’t break one, so I broke so many! Why did she come here?” Ranking the number of broken bones? I treat her very well on weekdays, okay? This little girl is too eccentric!”

Karl had a heartbroken and aggrieved expression.

Selena looked at Karl extremely speechlessly.

Is this guy’s focus so biased?

“How’s Little Treasure?” Selena asked.

“Don’t worry, it’s stable for now. By the way, Grandpa is here too, and he’s at Rick’s right now!” Karl said.

“The Great God is here? I want to go!” Selena hurriedly got up.

In Rick’s ward.

When Selena and Karl passed by, Han Xiao was checking on Rick.

Seeing Han Xiao’s focused expression, Selena didn’t bother him.

Han Xiao took Rick’s pulse, checked his body again, and then showed a disdainful expression between his brows, “It’s actually the method of Qin Huang’s lineage, you offended Qin Huang’s lineage It’s descendants, but they are really getting worse, it’s cruel to take action against a child.”

“Master, do you know what kind of poison is in Little Treasure?” Selena hurriedly asked after hearing the words.

Although Yun Shen had heard of this poison before, he didn’t know its origin.

“The method of this poison comes from the unique secret poison of the Qin family, one of the ancient martial arts families.” Han Xiao replied.

“God, do you have a solution?”

Han Xiao directly shook his head, “I can’t help it. As I said, I only know about trauma, and I don’t know anything else. Besides, the poison in the little guy’s body has been planted since he was born, and it has already penetrated into the bone marrow. The poison I know is not exactly the same, but has undergone a mutation, even if I find you an antidote for that poison, it will be useless, it must be detoxified by the poisoned person.”

“How could this be...” Selena fell into despair again.

Han Xiao showed suspicion, “It’s strange, I checked it just now, according to the normal situation, the poison in the little guy’s body should have occurred two years ago, why did it delay until now?”

“This... I don’t know...” Selena was at a loss.

Daniel next to him stretched out his hand and handed Han Xiao a small sachet, “Is it because of this?”

Selena looked surprised when she saw the sachet, “Is that the sachet Annie gave Rick two years ago?”

Daniel nodded, "Yes."

Han Xiao put the sachet between his nose and smelled it, then narrowed his eyes slightly, "It's really because of this, it's the same thing as the medicine sachet that relieved Rick's toxicity just now, but this one has been lost for too long The medicine is working."

The reason why Rick's poison was delayed for two years is known.

But Selena had a new question, "Why did Annie deliberately keep this sachet secretly to alleviate Rick's toxicity..."

"Maybe it's because it's not time to do it yet?" Karl speculated.

Selena remained silent, and began to recall the scene when Annie first came to the Imperial Capital to meet her.

At first, when Annie knew about her relationship with Daniel, she showed a lot of rejection towards Daniel. She kept warning her that it was not good to be a stepmother and advised her not to be with Daniel.

Later, seeing that she really liked Daniel and Rick, and seeing how cute Rick was, she changed her attitude, and then gave Rick this sachet.

Chapter 2130

Even though Annie's identity shocked her, Selena couldn't believe that Annie really didn't have any feelings for them after being together for so long.

This is why she dared to take risks before.

When Annie suddenly helped Rick relieve the poison, was she temporarily shaken because she found out that she and Daniel were actually together?

She has no way of knowing these, the most urgent thing is to get the antidote.

Selena took a deep breath, looked at Han Xiao, “Master, I might ask you something this time.”

Karl took the opportunity to come over, “Grandpa, grandpa! Let me tell you! That woman is amazing! Dmn, I was slapped by her and broke six ribs! If you can defeat her, she will give the antidote to anyone! Grandpa, this time it’s all up to you!”

Selena also cast Qi Ji’s eyes at Han Xiao, “Master, is it okay?”

Hearing this, Han Xiao felt a little bored, and looked lazy: “If you use that whistle, I will naturally agree to any request you have, but it’s boring to ask me to deal with some trash every time.”

waste?

fcuk, he got six broken ribs, okay?

Annie is trash, so what is he...

Waste!

Waste No. 1 Kevin: “...”

Waste No. 2 Karl: “...”

Waste No. 3 Feng Xiaoxiao: “...”

Karl immediately retorted: “It’s not trash, it’s really powerful. I, the senior brother and the third junior sister have never beaten her! I think her martial arts level may even be at the same level as yours!”

Han Xiao raised the tails of his eyes slightly, with a bloodthirsty luster in his eyes: “In this world, there are people of the same level as me, I’m afraid they haven’t been born yet, just the three of you, what’s the difference between a weak one and an ant? can crush you to death.”

After finishing speaking, Han Xiao yawned, and his eyes fell on the KFC luxury family bucket that Selena had prepared.

Karl, Kevin, Feng Xiaoxiao “...”

What the hell is a dog, I really want to beat him up!

Just can't beat...

Just as they were discussing when to make an appointment with Annie, there was a rush of footsteps at the door of the ward.

Saul and a deputy from Yunshen Company rushed over panting at the same time.

Saul said anxiously, "Brother, it's not good! Quickly look at the group's stocks!"

Yun Shen's deputy also hurriedly said, "Boss, our side is also plummeting!"

Suddenly, a stagnant atmosphere spread in the ward.

Saul followed up and said, "Byron Rothschild just contacted me and their side at the same time, and asked us to meet!"

The visitor is not good!

Karl said directly, "I'll see you soon! There are so many of us, and the Great God is here too. I'm afraid he's a bird. Let's see what those bastards want to do!"

After Saul finished speaking, he coughed lightly and said, "Also, that, the person who sent the letter earlier was Annie."

Selena and the others present were silent for a few seconds after hearing the words.

Although they had expected that Annie would unite with Qiao Yi and Ou Huang, it was somewhat unacceptable to hear it with their own ears.
