Chapter 2141

The more Karl looked at it, the more wrong it became, “Hey! Is it my illusion? Why do I feel that Grandpa treats Annie...so spoiled...so sweet that my teeth hurt...”

Selena: “Uh...”

Karl pointed, “Look, look, Annie almost lost her body after the move just now, Grandpa quickly helped her up! Don’t think that I didn’t see it because of the speed... Oh, little girl Annie fell into Grandpa’s arms, Grandpa’s move was intentional and suddenly took a step forward... Oh, I took the opportunity to hold my little hand...”

Selena was speechless: “Stop talking, we’re not blind.”

They can almost see that Han Xiao treats Anne unusually, the defense and connivance from the beginning to the end, it’s like treating a willful lover...

The two “showed their love” for more than half an hour, and finally, Han Xiao suddenly restrained the little girl who was on the verge of collapse with a face full of rage, blocked her left hand with one hand, and pressed the wrist of her right hand with the other, I don’t know which acupuncture point of hers was pressed, and all the hidden weapons in Annie’s hands fell instantly.

In the next second, Han Xiao took the girl’s little hand and slowly placed it on his face...

When Annie’s fingers touched the man’s warm skin, the madness on her face suddenly froze, turning into astonishment and shock, “It’s not...it’s not a human skin mask...”

This face is actually real?

How could this be?

How could this person look so similar to Brother Qingze? They are seven or eight points similar, but their temperament is completely different.

A trace of confusion appeared on Annie's face, and then her eyes turned indifferent in an instant, "No one is qualified to have the same face as Brother Qingze!"

Han Xiao still didn't say a word, just quietly looked at the girl in front of him, and the next second, under the girl's angry gaze, he pulled the girl into his arms with all his might.

Karl: "Wow, grandpa is amazing..."

Feng Xiaoxiao: "Oh, why do I somehow feel that the Great God and Annie are a good match?"

Selena: "Master, I asked you to help me get the antidote!" Why did you go to pick up girls?

Annie, who was suddenly hugged, suddenly changed her expression, "How dare you..."

The next second, a man's suppressed voice suddenly came from his ear, "You Ge..."

You Song...

The moment she heard this name, Annie's face was blank, and her expression was in a daze for a second, "Why..."

Why is this name...so familiar...

Why is it that he is completely out of control when he wants to push this man away, as if he is extremely familiar with this embrace?

Could it be because this man is too much like brother Qingze?

But she could clearly understand the difference between these two people. What made her familiar at this moment was not only this face, but also everything about this man.

She knew that she should push him away and kill him, but this embrace was like a voodoo for her, manipulating her consciousness, she couldn't resist at all...

Hearing Han Xiao's "You Song", Selena, Karl and the others were all stunned.

"I'll go! What did Grandpa call Annie just now? You Ge?"

Selena nodded, "It seems to be..."

Karl was dumbfounded, "Isn't You Ge dead?"

Selena: "I don't know..."

Karl: "Dmn! If Annie is You Ge, wouldn't I call her grandma?"

Selena: "..."

Can your focus be so crooked every time?

Chapter 2142

Han Xiao hugged the girl tightly, as if embracing his entire life, "I'm sorry...it's my fault...I didn't find you..."

There was no expression on Annie's face, but her tears were completely uncontrollable. She didn't even know why she was crying. She just heard the man's voice and heard these words, and the tears rolled down as if she had her own consciousness... ..

“Come with me, I will help you remember everything.” Han Xiao took the girl’s hand, turned around and left quickly.

Selena suddenly collapsed, “Master! Wait! The solution... the antidote!!!”

Han Xiao paused, looking at the dull-faced girl who was mechanically led forward by him, “You Ge, where’s the antidote?”

Annie stared blankly into the man’s eyes, and took out a small medicine sachet from her body as if she had been put under a spell.

Han Xiao took the small medicine pouch and threw it to Selena who was behind him, then hugged Annie who was already exhausted by the waist, and her figure quickly disappeared into the depths of the woods...

Behind them, everyone was stunned.

Selena looked at the antidote in her hand, and murmured dumbfounded, “My god! You actually used a beauty trick to get the antidote...”

“What’s the relationship between Annie and the Great God?” Feng Xiaoxiao’s eyes flashed with gossip.

“That lady seems to be Ms. Han’s beloved Miss You Ge, but Miss You Ge seems to have lost her memory?” At this time, Ou Huang said.

“I lost my memory...” Selena thought about it, and tentatively guessed, “Could it be that You Ge didn’t die back then and was accidentally rescued by members of the Yun family, but lost his memory. The Yun family liked Annie’s ability, Adopted her as a foster daughter.

Because Yun Qingze’s appearance is too similar to Han Xiao, Youge, who has lost his memory, has a natural intimacy with him by instinct, so he attaches great importance to him. His death caused a huge blow to her, which led to her series of Extreme revenge...”

“Ah! No wonder Annie was so obedient just now. Is it because Han Xiao is the master, her real lover?” Karl had a suddenly realized expression.

Feng Xiaoxiao murmured, “Well, I don’t know what will happen to Annie and Dashen...”

Selena held the antidote tightly in her hand, and looked at the direction the two left, "I hope Annie can recover her memory, I believe the Great God will definitely have a way!"

After Selena finished speaking, she turned to Ou Huang to express her thanks, "Grandpa Giles, thank you for your timely rescue today."

If Jayers hadn't appeared in time, even if most of the snipers had been wiped out, today's confrontation between the two sides would inevitably lead to a bloody battle.

"I'm the one who caused you trouble." Giles sighed.

"It's just that I really didn't expect that you would be..."

Selena thought it was amazing that the producer he was working with, a kind old grandfather, suddenly became the legendary European underground king.

Giles smiled, "I'm just a producer who likes to make movies now."

As Jayers said, he took another deep look at Selena several times, and then sighed, "Selena, you really look like Caroline..."

Back then, Caroline decided to act in spite of my objection. She was the same as you. She was very serious and worked hard. She said that acting was her favorite thing and her life. ...

She wants to get my affirmation...but unfortunately...when I understand her...she had an accident during a shoot...I saw you...it was like seeing her...

I have many sons, but only two daughters. The youngest daughter, Caroline, ran away from home because I wanted to marry her to Mr. Han. She still refuses to call me father. Caroline also died because of my stubbornness. She worked so hard and had an accident because she wanted me to agree with her so much..."

I made a mistake before, Ou Huang's youngest daughter who is going to marry Han Xiao is Caroline, not Caroline, the two are not alone... Also, Selena's life experience is not so complicated, it has nothing to do with Ou Huang Da, she is from the banker, I found that everyone is about to become a detective haha... After writing this, basically all the mysteries have been solved, and the rest is a relatively easy plot...

Chapter 2143

Listening to the old man in front of her talking about the past, and seeing his extremely self-blame expression, Selena had mixed feelings in her heart.

The old man in front of him at this moment is not the famous Ouhuang in the underground world, but just an ordinary father.

No wonder he was so kind to himself when they met for the first time. It turned out that he saw the shadow of his daughter from her.

“Although Miss Caroline has passed away, she has left the most beautiful scene to all future generations. She is not only working hard for you, but also for her own dream. I believe she has never blamed you!” Selena opened the mouth and said.

“You really think so?” Gilleston’s eyes flickered.

Selena nodded, “If it was me.”

“Thank you...” Jayers sighed, as if he finally had something to let go.

After finishing speaking, he looked at Selena and said, “I’m going back to Europe tomorrow, Selena, if you come to Europe, please contact me and let me do my best as a landlord.”

“Most definitely!”

Following Jayers’ departure, all the troops on Ouhuang’s side retreated, and the people on Daniel and Yun Shen’s side also retreated.

The huge Tianquan Villa has returned to the tranquility of the past, with beautiful scenery, singing birds and fragrant flowers, as if nothing had happened just now.

But in this battle, the only person who died was... Qiao Yi...

Selena looked at Qiao Yi, who was lying on the ground and had somehow died under Han Xiao's hands, with complicated emotions.

Kevin walked towards Qiao Yi step by step, took off his coat, covered Qiao Yi's body, and then carried his body away by himself.

A teacher for a day, a father for life.

Even if Qiao Yi did that kind of thing, he still couldn't look at his dead body in the wilderness like this.

Karl looked at Kevin's leaving figure and said nothing.

"Tsk, it's boring." Yun Shen yawned lazily when the fight failed.

The deputy of the company who came along hurriedly stepped forward to ask for instructions, "Mr. Yun, what should the company do now? This time the entire group has been hit hard, and the people below are waiting for your reply..."

Yun Shen glanced at him, and said lightly, "Oh, then I don't want it."

"No... don't want it anymore?" The deputy looked confused.

Yun Shen looked at him with curled lips, "From now on, you are the boss."

"Uh...I...I'm the boss?" The deputy looked confused, "What about you, Mr. Yun?"

The white-haired man glanced at the distant sky, "Be a pirate!"

"What... what?" The deputy was dumbfounded.

Selena who was on the side frowned slightly when she heard Yun Shen's words.

Yun Shen naturally noticed her expression, and said with a half-smile, "Why? Think I'm going to go back to my old business and destroy the Lu family? Oh, don't worry, I'm not that interested. This guy..."

Yun Shen's eyes fell on Daniel, with a bit of disgust on his face, "It's so boring."

With this girl around, the battle between them is destined to fail.

Selena looked at the person in front of her seriously, "Thank you."

Yun Shen's casual expression suddenly became a little unnatural, "Idiot! I have nothing to thank you for!"

After speaking, he turned and left.

Feng Xiaoxiao hurriedly followed, and waved goodbye to Selena as she walked, "Junior Sister, I'm leaving, remember to notify me when the wedding is coming!"

The person walking in front of him suddenly turned his head when he heard the words, and cast a gritted gaze at Feng Xiaoxiao.

Feng Xiaoxiao was stared innocently, "Huh? Did I say something wrong?"

Karl clicked his tongue and shook his head, you are heartbroken, Third Junior Sister!

Chapter 2144

After returning, Selena immediately fed Rick the antidote, and Rick's body recovered day by day.

Selena tried to contact Han Xiao and Annie several times, but unfortunately, she never heard from them again.

As for the outside world, the Lu Corporation survived the wind and rain, foreign capital withdrew from the Chinese market one after another, and an economic crisis gradually dissipated.

Not long afterward, to the surprise of the entire business community, Yunlan Venture Capital, which was gaining momentum, chose to retreat bravely at this time and completely withdraw from the Huaguo market.

half year later.

A large-scale transnational drug smuggling case is about to go to trial. What attracts people's attention is that one of the criminals is actually Susie, a former popular actress in the entertainment industry, Susie, the young mistress of Yifeng Group, which is incredible.

A prison in the suburbs of Beijing.

Susie looked at the person with a sneer, "Oh, Roman, don't even think about it... It is impossible for me to divorce you..."

Roman looked at the other side with a blank face, full of hostility, and could no longer see the gentle woman in the past: "I didn't come to discuss divorce with you."

"Then what do you want to say?"

"A husband and wife, come to see you for the last time."

Susie frowned slightly, "What do you mean?"

Roman didn't speak.

Susie didn't know what to think of, and her face suddenly changed, "Could it be that I... this is impossible! At best, I was charged with drug possession, and with those illegal activities abroad, I just threatened a few people, and I just paid for murder Attempt, even if it is counted and punished for 20 or 30 years, I will definitely come out one day!"

Roman's voice was emotionless: "It's not a crime of drug possession, it's illegal possession of drugs."

The blood on Susie's face faded in an instant, and she said excitedly, "Possessing drugs illegally... What illegal possession of drugs! I was just helping others to hide drugs! Those drugs are not mine at all! You are slandering me!!! "

Susie finally panicked.

If it is illegal possession of drugs, the amount of drugs is enough for her to be sentenced to death.

No wonder Roman said that he didn't come to talk about divorce. Once she died, their marriage would be terminated naturally!

She can't figure it out!

In any case, she couldn't figure out how the police had the evidence of her possession of drugs, and how they knew all of her activities with sufficient evidence.

She knew that those people must have betrayed her, but she couldn't figure out why!

Even if those people's whereabouts are uncertain because they are abroad, even if they are exposed, the domestic police can't do anything about them, but what good is it to them to give these evidence to the police in Huaguo?

Could it be... Selena again! Selena bribed them again?

After Roman left, Susie strongly demanded to see her lawyer.

"Should I be sentenced to ten years or twenty years this time? How sure are you?" Susie asked eagerly.

The lawyer's expression flickered, "This..."

Seeing the lawyer's expression, Susie's blood ran cold, "What's going on! Tell me the truth!"

She still has evidence of the Su family's bribery in her hand, why did Roman's tone just now be so confident?

The lawyer hesitated for a moment, then said, “Mrs. Su, forgive me for being helpless. There are people in the Su family. I’m afraid there is nothing you can do about your case. You should prepare for the worst.”

“There are people above, who can be above the Su family!”

The lawyer coughed lightly, “Don’t you know? I thought Mr. Su had already told you...Mr. Su, he is going to marry Miss Liang from S city next month.”

“What did you say!!!”

No wonder... no wonder the Su family wanted to kill her in such a hurry! It turns out that the new wife is going to move her place!

Susie’s face was full of sullenness, “I want to report! I want to report Su Hongguang for taking a large amount of bribes! I won’t make it easier for them even if I die!”

The lawyer sighed with pity on his face, “Miss Ning, forget it, have you forgotten the background of the Liang family? It’s useless. With the current relationship between the Su family and the Liang family, your things will be given away halfway. blocked...”

Hearing this, Susie’s face turned pale, and she completely fell down on the cold iron chair...

impossible...

how can that be...

Roman...Roman!

How could you do this to me!

—

After a few days.

The central square in the center of the imperial city was crowded with people and the traffic on both sides was rushing.

All the passers-by couldn't help but stop and look at the big screen above their heads.

Intense fighting and gun battle scenes, dazzling special effects, reappearance of classic plots, familiar faces of all Chinese people...

After a trailer ended, a promotional banner appeared on the big screen: New Year's Day, "Killer", the return of the king, so stay tuned!

"Ah! It's Karen's "Killer"! After waiting for half a year, it's finally going to be released! But it's much sooner than expected! I thought it would be at least a year or two like "Special Agents of the Thunderbolt"!"

"The production team is rich and powerful. It is said that the special effects team hired is super awesome, and the efficiency is naturally high!"

"My Karen is so handsome! By the way, who is the Bingshan beauty fighting side by side with Karen in the picture? It's so beautiful!"

"Well, if I'm not wrong, it's probably my brother Makino..."

"Dmn it! Jiang...Louis? Is it real or not? Is that Louis in women's clothing? Isn't she too beautiful! Will you let us women live!"

...

Selena had just finished having dinner with the "Killer" crew, and when she was picking up her car in the hotel parking lot, she accidentally saw a person.

"Xiao...Selena..." Ning Yaohua stood opposite her car with a nervous expression, as if he was waiting here specially for her.

Selena paused for a moment, "Ning Dong, what's the matter?"

Ning Yaohua coughed lightly, “Next month will be Chinese New Year...”

Selena didn't know what he wanted to say, but just stood there quietly.

Ning Yaohua couldn't ask Selena if he wanted to go home for the New Year.

“Selena, I...I have always wanted to talk to you, but you also know that the situation of the Ning family has not been good for the past six months. I can't leave people around me, I really can't get away...”

Ning Yaohua was chattering.

In fact, having said so much, the ultimate reason is that I don't know how to face this daughter.

Ning Yaohua took a deep breath, and then said, “Your mother and I already knew the truth about what happened back then, and we know that it wasn't your fault, it was Susie who framed you.”

Ning Yaohua's expression was a bit embarrassed, “I know it's too late to say anything now... But, I'm sorry, Selena, I didn't believe you back then. Susie's sentence has come down, and she has already received the punishment she deserved .”

Selena knew a little about Susie's affairs. She also just got the news that Susie was sentenced to death.

Drugs are not prohibited in foreign countries, but they are very strict in China. The amount of drugs involved in Susie is too large, enough to be sentenced to death.

Chapter 2146

In fact, Susie could only be regarded as a crime of drug possession at best, because the drugs were not her own, so it could not be regarded as a crime of illegal possession of drugs. If she could find a good lawyer, she could avoid the death penalty.

But the problem is, someone wants her to die in jail.

Although Roman and Susie haven't divorced yet, as soon as Susie was arrested, Zheng Minjun immediately went to arrange a blind date for Roman.

Originally, the matter between Roman and Susie was put here, and everyone in the circle knew that it was impossible for the Su family to marry a woman with a very good background.

But I didn't expect that the Su family was lucky. The eldest lady of the Liang family in S city fell in love with Roman at first sight. She didn't want to marry unless she was a gentleman. Because the Liang family had connections in the court, she secretly sentenced Susie to death. All the evidence of bribery bitten out by the family was intercepted and destroyed.

Of course, everything has two sides. This lady from the official family is not a good match either. Before getting married, Zheng Minjun, Su Hongguang and other members of the Su family have been driven out of the old house, and she does not want to be with the Su family. The reason is that they dislike the stench of businessman's copper on them.

The entire Su family had no choice but to treat her in a small way, but this eldest lady was still dissatisfied. Basically, she would make a big deal every three days, and a little deal every two days, and she was extremely jealous. One of Roman's lovers made headlines in gossip, and everyone knew about it.

Zheng Minjun never thought that this lady from the official family would be so difficult to get along with, and complained endlessly, but it was too late when she regretted it, it was easier to ask God to give it up than to give it up.

Ning Yaohua didn't expect to get a response from Selena either, so he left with a lonely expression after saying this.

Selena looked at the back of Ning Yaohua leaving, even though Ning Yaohua and the others knew everything now, the damage had already been done... If she wanted to forgive, she couldn't do it.

After getting in the car, Selena was about to drive when suddenly a familiar feeling of nausea rose from her abdomen.

She quickly picked up the trash can on the car and retched for a while, her face was extremely pale.

After drinking some water and sitting in the driver's seat for more than ten minutes, Selena finally calmed down a little.

Gently stroking her belly with her fingers, Selena helplessly raised the corners of her lips, and murmured, "Your brother is so obedient..."

Since a month ago, she has always felt lethargic and loss of appetite.

At first, she thought she was too tired from filming during that time, but after a long time, Selena felt something was wrong, so she rushed to the hospital for a checkup.

As a result, I just got the news today that she is...pregnant...

Because she planned to suspend work and announce the marriage after the filming of Shen Mian was finished, she was anxious to speed up the progress. I didn't pay attention to the abnormality. It wasn't until my body became more and more abnormal in the past month that I finally took the time to check...

Who knew the result of the test completely stunned her.

She was pregnant and kicked another little guy in her stomach.

This feeling is amazing...

However, this little guy is obviously not as well-behaved as Rick back then. When she was pregnant with Rick, she had almost no pregnancy reaction, but when she was pregnant with this little guy, she had a particularly strong reaction.

Fortunately, Shen Mian's movie has been completed, and the promotional activities of "Killer" have also been completed.

Now she is about to drive to the company to find Shen Mian and discuss with him about the public matter.

As for Daniel...

He's been on a business trip abroad for the past few days, and he won't be able to return until about three days later.

When he comes back, she should have arranged everything and made their relationship public.

Well, suddenly I am looking forward to the reaction of my sweetheart...

It must be a pleasant surprise!

Chapter 2147

Selena didn't dare to drive by herself anymore, so she called Xu Tao to pick her up, just in time to discuss things with him.

Soon, Xu Tao rushed over, rolling and crawling, rushing over like he couldn't wait to see his eyebrows. While running, his mobile phone kept ringing as if it had blown up.

"Brother Tao, what's wrong with you?" Selena saw that Xu Tao was drenched in sweat from running, and hurriedly handed him a bottle of water.

Xu Tao gulped down half of the bottle and was finally able to speak. The first thing he said was...wow and burst into tears...

"Uh..." Selena was taken aback by him, and hurried to comfort him, "Brother Tao, don't worry, what happened, tell me slowly!"

No matter what kind of situation Xu Tao encountered, she handled it with ease. She had never seen Xu Tao so excited.

“Who kills a thousand swords! Your Lady Queen! Tell me which ba5tard it is!!!” Xu Tao cursed repeatedly.

Selena was confused, “What ba5tard? Brother Tao, who are you talking about?”

Xu Tao stared at Selena’s stomach with red eyes, “The child in your belly...wow...”

Xu Tao felt sad from it, and couldn’t help but leaned on the steering wheel and began to cry bitterly, “I’m so pissed off! My family’s good cabbage!”

Selena was dumbfounded, “How did you know I was pregnant?”

“It really is true...it really is true...” Xu Tao’s heart ached to the point of breaking, and he stretched out his mobile phone to show Selena, “Just when I received your call and was about to pick you up , Liang Feixing sent me a message saying that someone exposed the news that you are pregnant!”

“What?” Selena hurriedly picked up Xu Tao’s cell phone to check.

Sure enough, that Weibo had only been posted for an hour, and it had already become the number one trending post, and the words “Selena is pregnant” were all on the top searches.

“Which hospital did you check in?” Xu Tao asked.

“It’s the one that everyone often goes to.” Because of Rick’s incident there, and Selena’s tendency to think wildly during this time, she thought that there was something serious wrong with her body, so she didn’t dare to go for the checkup. I told anyone that I didn’t go to the military hospital, but found a private hospital with good reputation recognized by the industry.

Xu Tao murmured, “That company’s secrecy work is very good, but the news of your pregnancy is so big, probably someone can’t resist the temptation...”

After Xu Tao finished speaking, he gritted his teeth, “Let’s kill you for not being pregnant, and say those test results are fake!”

Selena looked at Xu Tao's gritted teeth and laughed, "Brother Tao, this time, I want to make it public."

"What are you talking about!!!" Xu Tao wanted to cry again.

What kind of ba5tard is he who is so obsessed with his queen, that he would give up his career for his sake and make it public!

"I'm sorry Brother Tao, I didn't tell you in advance to let you prepare. I also just got the test results today."

"The point is not whether this is good or not! The point is who is that ba5tard? Your Lady Queen, you must think clearly. This is not a small matter. Once you make it public, this matter will have a great impact on you! It's easy to see things like pregnancy first, but fans' acceptance is not so high!"

Xu Tao was talking when someone knocked on the car window.

"Who!" Xu Tao immediately looked alert.

"It's me." Liang Feixing's voice came from outside the car.

Only then did Xu Tao unlock the central lock.

Chapter 2148

Liang Feixing opened the door and got in the car, and immediately handed Selena a thick stack of documents, and said quickly, "I've already prepared all the public procedures, I just wait for you to set a time, and I can start Arrange and notify reporters."

Xu Tao was dumbfounded when he heard Liang Feixing's words, "I'll go! Who said it's going to be made public! I'm still discussing it with Her Majesty the Queen! And this thing, when did you prepare it?"

With a casual glance, he knew that this thing could not be made in a few months. How could this guy be making this kind of thing so early in the morning?

Xu Tao's complexion suddenly darkened, "Liang Feixing, are you crazy? You can see for yourself how bad things are said on the Internet now! How many people are watching the show! Why is Selena always pretending to be innocent, saying that her private life is miserable, How many people say that she cheated on fans' feelings, are jealous of Selena all these years, and want to pull Selena down? How many people are staring at her looking for an opportunity to bite her!"

Xu Tao was so excited that he sprayed Liang Feixing, but in the next second, his face changed suddenly, and he saw a large group of reporters suddenly swarming in their direction from the entrance.

"Ah! There!"

"It's Selena's car!"

"Go!"

...

Those reporters carried long guns and short cannons, and surrounded the car in an instant. Xu Tao reluctantly drove the car slowly out of the parking lot, and then he could no longer move forward.

In order to block them, those reporters stood in front of the car desperately, and shone dazzling lights into their car.

"fcuk!" Xu Tao cursed in a low voice.

Liang Feixing's face was also not very good-looking, because Selena's condition was not very good, and now she started to vomit again.

And Selena's reaction made the reporters outside feel even more excited. They all held up their phones and started the live broadcast.

“Miss Selena, do you have anything to say about your unmarried pregnancy?”

“Selena, is it true that your pregnancy was revealed online? Who is the father of the child? Is it really Louis?”

“A reporter asked you if you were in love before, but you denied it on the spot, but now it has been revealed that you are three months pregnant. Does it prove that you have been deceiving fans and the public from beginning to end?”

...

Xu Tao casually opened the live video website and took a look, and the fans on the screen were all going crazy.

My Karen actually got pregnant before wed! This is impossible! I absolutely do not believe it!

Please, I saw that Selena had morning sickness in the live broadcast just now!

Can't it be a bad stomach? The inspection results may be forged!

Selena's fans, wake up, let's not talk about the authenticity of the test results, so why did Selena go to the obstetrics and gynecology department late at night for a test? Photos are always true!

Xu Tao's expression became worse and worse, “Liang Feixing, prepare a public relations plan for me right now! This matter must not be made public! That ba5tard man can irresponsibly let Selena get pregnant without marriage, clearly He's just a ba5tard! Selena is not sober, how can you follow along!”

It was too noisy outside, which made Selena's condition even worse. She vomited so faintly that she couldn't pay attention to other things.

Facing Xu Tao's excited questioning, Liang Feixing didn't say a word from the beginning to the end.

At this moment, the reporters outside were almost going crazy, they all slapped the windows excitedly, and the hotel's security guards were dispatched, but there was still no way to expel them.

Chapter 2149

To make matters worse, because someone started a live broadcast, many fans recognized the place, and more and more passers-by and fans came to ask questions, and the entire hotel was surrounded by people...

This time I can't go at all!

There was a sea of people at the entrance of the entire hotel, and there was chaos. The security guards and guards were in a hurry, and sirens rang out.

Crazy media and excited fans are reluctant to leave no matter what...

"I absolutely don't believe it! Unless Karen tells us it's true!"

"Yes! I don't believe it! I don't believe it! Karen absolutely cannot be that kind of person!"

"I'll go! Selena's brainless fan is still not sober!"

"Who are you calling an idiot!"

"Whoever responds is whoever says it!"

"You...I'll fight you! No one is allowed to insult me, Karen!"

...

Seeing the fans rioting, Selena vomited and looked out the car window with a pale face, "Brother Tao, open the door, I want to go out!"

Xu Tao was shocked immediately, "What! Selena, you're crazy!"

Liang Feixing, who had been silent behind the car, also hurriedly said, "No! It's too dangerous!"

Selena's eyes were slightly cold: "Open the door."

How could she just watch fans quarreling and even fighting for her, sitting in the car and ignoring her.

"But..." Xu Tao was speechless when he met Selena's sharp gaze.

Selena usually has a good temper, especially with staff like them, but when it comes to matters of principle, no one can persuade her.

"No, it can't be opened!" This time Liang Feixing was on Xu Tao's side.

There were so many people outside, and the proprietress was still pregnant, if something happened, it would not be enough for him to lose his life.

Just when Xu Tao was hesitating, Selena passed him directly, pressed the central lock, opened the door at random, and got out of the car.

"Selena..." Xu Tao exclaimed, and quickly got out of the car with Liang Feixing, protecting Selena.

The moment Selena got out of the car, everyone outside was stunned for a second, as if they didn't expect Selena to get out of the car.

"Please be quiet, everyone."

The girl looked a little weak and her face was extremely pale, but her eyes were as sharp as blades, which made everyone on the scene stunned for no reason and fell silent.

"The answer you want, I'll tell you now." Selena continued.

The media, fans, everyone in the live broadcast room... all showed surprise expressions, anxiously waiting for Selena's reply.

"That test result is true, I am indeed pregnant."

The girl's Rickey voice resounded in the quiet air. After the scene was silent for three seconds, it suddenly exploded.

"Oh my god! Selena admitted it!"

"I'm actually pregnant!"

“This...how is this possible!”

The media that had been quiet for a while became excited again...

“Selena, may I ask who is the father of the child!”

“As far as we know, you don’t have a boyfriend at all. Do you have an improper relationship with the child’s father!”

The fans were also completely crazy, “How could this happen! Whose child is it!”

Some black fans also took the opportunity to show up, “Tsk tsk, I always thought that Selena was a clear stream in the entertainment circle, but I never thought that such scandals as unmarried and pregnant would also be exposed!”

“She’s no different from people like Susie and Han Zixuan! Maybe she’ll have more fun in private! It’s just that she’s even better at pretending not to be discovered!”

“The child’s father might also be a married man, otherwise why did she keep hiding it?”

Chapter 2150

Hearing those words, Xu Tao almost collapsed, “Liang Feixing, look at what those people said for yourself! It’s not easy for Selena to get to where she is today, is it all going to be ruined by a ba5tard now!”

Following Selena’s acknowledgment, the scene rioted again, and everyone started to squeeze forward frantically again.

At this moment, there was a sudden screeching sound of brakes from the direction behind everyone, and seven or eight black cars stopped in unison on the opposite side of the hotel.

More than twenty well-trained bodyguards in black got out of the car one after another. In the leading car, the door was opened by the bodyguards, and a tall, tall man with a face as cold as ice got out of the car.

Someone at the scene immediately recognized the person with an exclamation, "My God! It's...it's Daniel!"

"Dmn it! I'm going crazy! It seems to be true! The real person is so... so handsome!"

"Why did Daniel come here?"

At this moment, the expression on the man's handsome face was horrifying to the extreme, and he was about to storm, striding towards the direction of the crowd.

Those bodyguards all had cold and serious faces, and the aura of the man in the head was even more frightening to the extreme, as if just looking at each other could freeze a person's blood.

The chaotic crowd all subconsciously separated automatically.

The more the man walked inside, the more terrifying his expression became, and the sound of stepping on ice slag could be heard wherever he walked.

Finally, under everyone's gaze, the man walked straight up to Selena. With an extremely violent storm and terrifying hostility on his face, he stared at the pale girl in front of him with a sullen face. Pick up the girl by the waist...

"Ah...this..." The crowd exclaimed in astonishment.

Although Daniel's expression was extremely terrifying, he was not too careful when he picked up the girl. He even seemed a little at a loss. He didn't know where to touch her, as if the girl would get hurt if he touched her slightly. The movements are even a little clumsy...

"Ah! What... what's going on here?"

"Dmn it! Daniel and Selena? What's going on!"

Apart from the media and fans, Xu Tao was probably the one who was most shocked. At this moment, Xu Tao was staring blankly at the boss who was hugging Selena, his whole expression was like that of a fool.

Could it be... Could it be that the ba5tard who made Selena's belly bigger was...

Liang Feixing let out a long sigh of relief, the boss finally arrived in time, and he was about to have a heart attack!

Amidst the shocked gaze, the man's gaze swept across everyone present, "The child in Xiaoxi's belly is mine."

Everyone's expression: "..."

Uh... what did they just hear?

This sentence was like an atomic bomb, which exploded in the dark crowd.

Under the short and strange silence of the crowd, a huge exclamation suddenly broke out.

"Dmn!!! Crazy!"

"Ning... Selena's child belongs to Daniel!!!!"

"I am indeed a married man." The man followed up and spoke again.

"what?"

Before everyone's astonishment and mocking glances at Selena could begin, the man continued to say, "Selena and I have been licensed for two years, six months and seventeen days."

Everyone: "..."
