

Cruel Heart Lover Novel

Chapter 221

Chapter 221

Louis was listless all the time, and he regained his energy when it was time to eat.

At least that guy Selena's food cooking skills are nothing to say, it's also barbecue, but her roast is so delicious.

It must have been hard work watching him, Rick who always ignored everyone except Selena even handed him a bunch of mutton himself.

Louis was flattered.

and...

He realized that what Selena said before was not an exaggeration at all.

This kid is really cute when he is good-looking! It's no wonder Selena treats him so well...

Really, it's so unfair, it's a genetic mutation, why did Daniel give birth to such a cute son?

While gnawing on the meat, Louis was thinking carefully in his heart. Although this time he went out as a coolie, no one else knew about it.

I used to watch Daniel show off his love in the circle of friends every day, so it's his turn to show off...

Louis chuckled secretly a few times, hid aside and took a photo of Selena's back with his mobile phone, and uploaded it to Moments in embarrassment – The waves in the waves! Autumn outing g...

With Daniel's eyesight, he can definitely recognize who this figure is from behind!

Soon the following friends started to comment:

Wow! Come on, girl! Just by looking at the back, you can tell that she must be beautiful!

Louis, you are too disrespectful, you brought your sister to us to see!

Come to the front, come to the front! Don't be stingy!

Why do you look so young? Are you an adult? Louis, you won't do anything illegal, will you?

...

After a while, Saul also appeared: Aw! The barbecue looks delicious! There are also chicken wings, and grilled fish... Little ba5tard, you don't call me uncle if you eat delicious food!

Saul's focus...is really different from ordinary people...

After waiting for a long time, the person he was really waiting for finally appeared, and the latest message showed that Daniel had just replied to him.

Louis hurriedly clicked on it to see what he replied, but his face turned dark as soon as he saw it clearly...

Daniel replied: Don't let Rick eat too much, he has been a little overweight recently.

Come on!

little treasure! How did Daniel know that Rick was there?

Louis repeatedly looked at the picture he posted, and finally found out where the problem was.

In the reflection on the river in the photo, Rick appeared...

Dmn, your eyesight is too good!

Louis pretended to fail, ran back like a defeated rooster, and then saw Selena on the phone.

"Who are you calling?" Louis asked casually.

"Sister Zhizhi..." Selena replied. After getting a little familiar with her, Selena decisively changed her address from Sister Lin to the more intimate Sister Zhizhi.

Louis took a sip of the juice, "What's so straight and crooked!"

"My manager, Lin Zhizhi! Is it Ganoderma lucidum?"

As soon as he finished speaking, all the juice Louis had just drunk spewed out instantly, "Who are you talking about?"

"Ling Zhizhi, Leng Manyun's manager! Didn't you watch my press conference that day? Why are you so slow!" Selena gave him a look of contempt.

"fcuk! I already know the result anyway, I'm still watching! Ling Zhizhi, why is it Ling Zhizhi?"

Knowing that Selena had signed with Shengshi, he had been upset and irritable. He only checked the situation casually and didn't look at it at all. Who knew that Daniel actually planted such a big bomb for him!

Selena was puzzled, "Why can't it be Lin Zhizhi? Why are you so excited? Could it be your ex-girlfriend?"

Louis: "..."

Seeing Louis's silence was weird, Selena snapped her fingers, "Oh, my little brain is smart, did I guess it?"

"Don't talk to me...I need silence..."

Chapter 222

In this round, Louis was completely defeated.

Strictly speaking, as soon as the horn of war sounded, he found himself stepping on a landmine, unable to move forward even a single step...

The enemy army is too cruel!

Selena said in an unacceptable tone, "I never thought that a person like Sister Zhizhi would be blind sometimes!"

Louis glared at her: "What are you talking about! What do you mean being blind? You are the only one who is blind! Even people like Roman can fall in love with him!"

Selena sighed, "Hey, it's all because we were young and couldn't see clearly if it was a human or a dog!"

"You..." Louis was so angry that he couldn't speak, and finally said angrily, "Now you know how insidious and cunning that fellow Daniel is, right? To guard against me, he even resorted to such shameless means!"

After speaking, I was going to see Selena's regretful expression, but instead I saw her laughing with her chin in her hands, her face full of nympho...

"Boss-sama is really wise and skillful in planning and planning ahead for a decisive victory thousands of miles away..."

Louis's face was as dark as the bottom of a pot, "Selena, you are really hopeless!"

Selena suddenly rushed over, with a malicious look on her face, "Hey, what's going on between you and Sister Zhizhi? Judging by your expression, it seems that it's not just as simple as your ex-girlfriend!"

It's impossible for Louis to be so afraid of a mere ex-girlfriend.

"Take care of yourself!" Louis said unhappily, and then asked hesitantly, "What did she call you just now?"

Selena shrugged, "Didn't say anything, just let me know that the scriptwriter is revising the script, and it will start up in about half a month."

"Brother Ming also told me that after the revision, the line between Meng Changge and Sun Huanqing will be more prominent. As for whether Susie and Zhao Sizhou will be replaced, I don't know, but Daniel protects you so much, I guess they will definitely change. Human!" Louis's tone was slightly sour.

But Selena shook her head, "Wrong, if Daniel was really thinking from my point of view, then he would definitely not change. Because in the play, he completely defeated Susie with his strength and made her become my foil. , is the coolest way of revenge for me!"

As soon as the words were finished, Selena's phone popped up a piece of the latest entertainment news.

She has subscribed to some important entertainment news, and every time there is the latest news, it will pop up by itself.

After reading it, Selena couldn't help but raise the corners of her mouth slightly, she looked like a young girl...

Louis was stunned by her expression, and looked suspiciously over...

Then I saw that the entertainment news showed that Shengshi had just released the latest announcement. Lu Group made up the funds withdrawn by Ning's International and Empire Entertainment, and the project "Tianxia" was fully taken over by Shengshi Entertainment. Due to the consideration of the shooting schedule, none of the original roles in the play will change...

Seeing the tacit understanding and mutual understanding between Selena and Daniel, Louis felt blocked, "I think you're completely caught up in it and you don't know it, you like Daniel so much... I really can't hold back." Not with him?"

Selena lay on her back on the grass, picked a piece of dog's tail grass and put it in her mouth, "Who said that if you like it, you must be together? Because there are still few people who like being together? How many people can make it to the end? ? This state...is already very good..."

The best result is to return to friends and confidants, even if the worst result, there is nothing wrong with forgetting each other, the memory can stay in the most beautiful time forever.

Chapter 223

Half a month's vacation can't be wasted. The next day, Selena continued to take Rick out to have fun.

"Miss Xi, do you want to wait for the young master to come back from get off work before you go together?" The old butler finally couldn't stand it anymore and began to tentatively become a matchmaker.

Selena scratched her head, "Forget it, he's so busy! Let's go by ourselves!"

How could she still wait for Daniel to come back from getting off work when she was looking for him on purpose...

"Then, let them follow. The young master has explained that the young master's safety cannot be sloppy." The old butler pointed to the three bodyguards in black and sunglasses beside him.

This request is reasonable...

Selena naturally had no choice but to agree.

In this way, there is no need to find Louis to be a coolie...

Why did she feel that Daniel did it on purpose?

Selena's itinerary today was to take Rick to buy toys and clothes. Of course, since she hadn't started work yet, she had no salary for the time being, so she still used Daniel's card.

While shopping in the shopping mall, she accidentally found a newly opened children's clothing store with trendy and cute clothes, so she completely started shopping mode.

"Baby baby, this set is also pretty, go in and try it!"

Rick nodded and obediently entered the fitting room.

Selena was waiting outside for Rick to change, when she suddenly saw two familiar figures passing by outside the shop.

Susie held Roman's hand affectionately, and the two were talking while walking.

"Wow, the children's clothes in this store are so cute! Roman, let's go in and have a look! Next month is Fang Lin's son's birthday, let's buy a set of clothes as a gift?"

"Hmm." Roman replied expressionlessly.

"Have you seen Fanglin's son? He is white and fat, so cute! Roman, do you think we will be as cute when we have a son in the future?" Susie asked shyly.

"Probably." Roman was obviously not very interested, and his answer was somewhat perfunctory.

Seeing this, Susie was full of disappointment, "Roman, are you still angry with me? I have already apologized publicly on Weibo, and you have heard Cai Jing's explanation in person. As for the phone call... It's because you suddenly ignored me, I drank some more wine, and I was so angry that I couldn't choose what to say...I regret it to death..."

"Selena..."

While Susie was explaining, she suddenly heard Selena's name from Roman's mouth, and then followed Roman's gaze to see Selena standing next to a row of clothes racks opposite.

"Sister..." Susie's eyes were wet, and she rushed over to hold her hand excitedly, "Sister, I finally met you! I have always wanted to apologize to you in person, but you have been ignoring me these days." I don't answer my calls and I don't know where you live...

When everyone asked me back then, I said that I didn't believe that you did that thing at all. It turned out to be a misunderstanding in the end, and I knew you wouldn't do that kind of thing!

Although the truth is now revealed, the harm to you has already been done. Although I am also a victim, this incident was caused by me after all, and you were implicated by me, so I am sorry, I am really sorry! You can beat me and scold me, as long as you can calm down! "

After Susie's words came out, it could be said that she was sincere and fluent, and it even made it seem that Selena was bullying her by being unreasonable.

Selena did not sarcastically as before but looked in Roman's direction with a slightly helpless and tired expression.

Chapter 224

That look made Roman's heartache as if he was bitten by an aphid, and he hurriedly pulled Susie over, "Susie, calm down."

Susie didn't notice Selena's small movements, and tears fell down, "Roman, please help me tell my sister, you know how painful and self-blame I am these days, I really hope She can forgive me! Otherwise I really..."

Roman looked at the crying woman in his arms, and finally his heart softened, "Selena, I'm sorry, Susie really blamed herself for this matter."

When Susie heard the words, a smug smile crossed the corner of her mouth. On the surface, she cried even more sadly, but she was secretly looking forward to Selena's eruption.

In the past, every time she asked for forgiveness, Selena would definitely act very excited and say whatever was unpleasant, which made Roman hate her more and more each time.

This time for sure...

Selena pinched the center of her brows wearily, then sighed, "Forget it, Susie, I have seen and received your apology, since it was a misunderstanding, then forget it, I forgive you."

"You... what did you say?" Susie's expression changed instantly, her face full of disbelief.

Roman was very relieved, "Susie, can you rest assured now?"

Susie couldn't say a word, her face turned pale.

On the other side, the door of the fitting room opened, and Rick came out after changing clothes.

Selena's hypocritical mask immediately flashed a hint of warmth, she walked over to Rick with a smile, and then said to the clerk, "I want all the clothes I tried on just now, and I will wear this one right away."

"Okay, I'll go and make an order for you right away!" The clerk responded with a smile on his face.

Selena nodded to Roman slightly to express her farewell, and then left with Rick in her arms.

The black-clothed bodyguards behind him paid the bill and followed with big bags and small bags.

This scene made Susie dumbfounded, and then a look of extreme excitement appeared on her face, "Could it be that what Fang Lin and Xuan Xuan said is true? Last time they told me that they saw Selena buying children at the mall." I still don't believe in the clothes! Sister, she...could she really be the concubine of some rich old man, and gave birth to a son for him..."

It's a pity that Selena walked too fast just now, she didn't see the child's face clearly, and she didn't have time to secretly take pictures to leave evidence...

"Susie! Don't talk nonsense!" Roman immediately interrupted her with a serious face, and looked at the direction Selena left with complicated eyes, "I've seen this child once, Selena said, it's just a friend's son!"

Susie hurriedly said, "Roman, you are so naive, how can she treat my friend's son so well? Seeing that she is accompanied by bodyguards, and she still has a black card, how many babysitters and bodyguards are there for such a family, do you need her to help take care of the children??"

There was a trace of struggle and hesitation in Roman's eyebrows, and then he didn't know what to think, so he said firmly: "Susie, in my heart, Selena is my own sister, and if you insult her, you are insulting me! Don't do it again in the future." Let me hear that! People can doubt her, but we can't, you know?"

Susie never expected that Roman's attitude towards Selena would change so much after this incident.

Dmn it, what kind of potion did Selena give him in the hospital that day? Roman suddenly believed her so much that he couldn't even listen to her words...

Chapter 225

"I'm sorry Roman, I know I was wrong, and I will definitely not do it again in the future!" Susie gritted her teeth and said this sentence.

It seems that what happened this time aroused the guilt in Roman's heart, making Roman no longer easily doubt Selena.

But, so what, since he doesn't believe what others say, let him see it with his own eyes, he should believe it!

It's too easy to find Selena's flaws, she and Louis didn't know each other before, but now that they have another child, it's really getting more and more interesting!

However, for the time being, I still have to endure it for the time being, and wait until Roman's guilt towards her fades away...

Downstairs in the shopping mall, Selena and Rick were about to go home when they suddenly found that the car waiting at the door had disappeared.

"Hey, where's our car?" Selena looked confused.

Could it be stolen?

But how is it possible, there is a driver in the car...

The bodyguard who followed behind replied: "Miss, our car has already left, because the boss just called to say that he came to pick it up after get off work."

"Ah?" Selena was dumbfounded, and hurriedly said, "What, let's go by ourselves, in case he has to work overtime or is delayed by something..."

Before he finished speaking, a black Maybach pulled up smoothly, and the window of the rear seat was slowly lowered, revealing a blank face, "Are you done shopping?"

Selena nodded with a stiff face.

Because she got up late and went to bed early these two days to try to avoid contact with Daniel, so even though she lived under the same roof, she hadn't seen him for two full days.

"go home?"

"Yeah!" Selena ordered the door to be opened and Rick was carried into the car, then went to open the passenger's door by herself, wanting to sit in the front.

As a result, one of the bodyguards approached in fear, "Miss, the co-pilot is not safe, let me sit, you can sit in the back, the back is very spacious."

"Oh..." Selena appointed again.

After getting in the car, Selena tried to sit by the side of the car even though there was still a small bun in the middle.

Daniel's attitude was the same as usual, with a laptop on his lap, he was typing on the keyboard quickly, busy with concentration.

Seeing this, Selena was slightly relieved.

As a result, ten minutes later, Daniel seemed to have finished dealing with the matter. He put down the computer, hugged the drowsy little treasure on his lap, put the computer on the other side of him, and then naturally turned towards Selena. The direction is shifted by one position.

The familiar clear breath suddenly invaded a safe distance, Selena's hair was about to explode, and she subconsciously stuck the sticker to the door, her face was almost stuck to the window...

"Selena..." Daniel's voice sounded in his ear.

"Ah? What's wrong?" Selena turned her head.

Daniel looked at her, and said unhurriedly, "Are you avoiding me?"

"Ha! How...how is it possible! Why should I hide from you! It's just that there are burning clouds outside the window, which is very beautiful. I'll just look at the scenery... just the scenery..." Selena moved back with a whoosh.

As a result, at this moment, the driver in front didn't know how to drive, and suddenly made a sharp turn, and Selena's body was forced to fall in Daniel's direction.

Daniel frowned slightly, stretched out an arm to protect her shoulder, and never put it down again.

"I'm sorry boss, a car suddenly cut in just now!" Cheng Fenghui, the assistant driving in front, reported.

Daniel: "Well, drive slowly." Go back and raise your salary.

Cheng Feng: "Yes!"

Selena: "..."

From the housekeeper to the bodyguards to the assistants, why did she have the illusion that everyone was helping Daniel?
