Chapter 231

Selena glanced at the man's left ring finger from the corner of her eye.

Although she didn't wear a wedding ring on her finger, there was obviously a ring of lighter color, and it looked like she took it off temporarily for going out to pick up girls.

"Yes!" Selena lazily replied with her head tilted.

A gleam of light appeared on the man's face, "Can I sit down?"

"Of course." Selena smiled lightly, with obvious hints in her eyes.

The man's joy could hardly be concealed, and he started the old-fashioned opening remarks, "Are you in a bad mood?"

Selena sighed, "That's right! Broke up in love!"

"A beautiful woman like you will fall in love? Which man is so blessed and doesn't know how to be blessed?" The elite man had a surprised expression.

"I dumped him."

"Ahem...then he must have made you angry!"

"That's right! I just came to the nightclub to have a date. It's just for fun. What's the matter? After he found out, he actually fought with me to death. Are you angry?"

"Uh..." The elite man was finally choked and speechless.

Why did he find this line so familiar?

It seems that he said that when he complained to his brother that his wife was making trouble with him all day long...

However, he was bewitched by the alluring eyes of the woman in front of him, and he didn't realize that he was being tricked at all.

After drinking for three rounds, the two logically left the bar together.

"Where are we going? Junlai or Mingzhu?" the elite man asked anxiously.

“What hotel are you going to! It’s over here!” Selena pulled the man into the alley next to him.

The elite man gasped excitedly, and pressed him against the wall, “Yes, you are right...it’s more exciting here...”

When the two were talking, they didn’t notice at all. Just five steps away from them, a black car with no license plate was parked there quietly like a ghost.

In the car, no matter how calm Daniel was, his whole body was already covered with a thick layer of frost.

In the passenger seat, Saul’s intestines were green with regret.

Because he had a strong premonition that something big would happen tonight, he didn’t fall asleep all the time. As expected, he saw Selena and his brother leaving one after another from the window, so he followed them sternly, but he never expected...

Things can get so big!

He could hardly bear his brother’s face that was so terrifying that he could stop a child from crying at night.

Seeing that the man in the alley had already touched Selena’s waist with his salty hands, Daniel should have broken his endurance even if he was a god who came down to earth.

Saul could tell that Daniel’s endurance was as thin as a hair, “Brother, why don’t you make a move?”

Daniel’s voice was as cold as iron: “Wait a little longer.”

Saul was in a hurry, “What time is this! What are you waiting for? If you don’t make a move, you’ll be green! Although Selena has restrained herself a lot in the past two years, she has a bad record. It’s not easy to learn. It’s so easy to go bad again...”

Daniel: “Shut up!”

Just when Saul closed his eyes and didn’t dare to look, a heart-piercing wailing suddenly came from the opposite side...

“Huh? That voice isn’t right...” Saul opened his eyes, and then he saw the man holding his hands and screaming like a pig.

Immediately afterwards, Selena kicked him again. The man fell like a dog and was about to get up, but Selena stepped on his back, his chin hit the ground, and blood was flowing from his mouth...

Saul was in pain just looking at it, and he couldn't bear to see it, and he covered his eyes, "Sister-in-law is so cruel..."

Chapter 232

Selena's series of movements were perfect and smooth, as if she often did this kind of thing...

In the end, she maintained the posture of stepping on the man's back, with one hand across her knee, and the charm like a fairy on her face just now has completely turned into a ruffian and arrogance like a hooligan, "Hand over the phone!"

The sgumbag was beaten so dizzy that he had no power to fight back. Upon hearing this, he begged for mercy, "The phone is in my pocket, the wallet is also in my pocket, and there is a ring in the bag. I will give you everything! The heroine, spare me!"

I never expected that it would be a robbery after just having a date! This robber is still a big beauty! And judging by the terrifying murderous aura in this skill, it looks like a professional!

Selena didn't care about this sgumbag's misunderstanding, she directly took out his mobile phone, and handed it to him, "Put out your finger and unlock it for the uncle!"

"Unlock...unlock? What are you going to do?" the sgumbag asked vigilantly.

Selena slapped her if she didn't agree with her, "If you tell me to explain it, you can explain it, so much nonsense! Believe it or not, I destroyed that thing three inches below your navel?"

"I'll unlock it! I'll unlock it right away!" The sgumbag was so scared that his face turned pale, and he quickly helped her unlock it.

Selena found his wife's mobile phone number in his address book, and then made a video call.

Soon there will be a connection.

A woman's face appeared on the phone. It can be seen that the woman's background is good, but probably because of long-term housework and lack of maintenance, her

complexion is haggard and sallow. She is a typical image of a yellow-faced woman who is disgusted by sgumbags. .

“You... who are you?” The woman’s complexion changed instantly after seeing Selena’s dazzling face, and then she said exhaustedly, “No matter who you are, he will be with whoever he likes in the future, I will I’m ready to divorce him, and I won’t ask him for a penny, and everything about him has nothing to do with me in the future! Don’t come to me again!”

Hearing this, Selena shook her head with a hateful expression, “Tsk, let him be spared at such a low price? Sister, you are too merciful!”

The woman didn’t expect that Selena would not play cards according to common sense, so she couldn’t help being stunned, and asked with a vigilant expression, “You... what do you mean?”

The corners of Selena’s mouth curled up slightly, and she pointed the camera of her phone at the sgumbag who had been beaten up by her until his nose was bruised and his face was swollen: “See?”

The woman was completely stunned after seeing the man on the phone, “You...you...this is?”

Selena chuckled, “How’s it going? Are you happy looking at it?”

It took the woman a long time to come back to her senses. Although she didn’t understand what was going on, she looked at the man who was beaten up and subconsciously replied, “Yeah!”

After the woman finished speaking, a trace of bitterness crossed the corner of her mouth.

Once upon a time, she would be so nervous even if he broke a small piece of skin, but now seeing him in such a mess, she feels only happiness in her heart..

“Oh, that’s good! I’m calling you. I don’t have any other meaning. It’s just that being alone is worse than being happy with others, so I’ll send it to you to have a look too. Let’s have fun together!” Selena pretended to be foolish tone of voice.

The woman still had a dull expression, not knowing how to deal with this weird situation.

As for the sgumbag under Selena’s feet, that pig’s face was extremely distorted. He never thought that this woman not only insulted him physically, but also insulted him mentally, letting his wife who had always admired him see him so utterly ruthless. image side...

Chapter 233

This woman is not for money or wealth, so what is he trying to do?

He is really unlucky! Met such a weirdo!

However, what he doesn't know at this moment is that the worst is yet to come...

As if suddenly remembering something, Selena slapped her head and reminded the woman, "Oh right, later I'll send you a recording of him talking to his cronies, which can prove that he cheated!

Why don't you want a penny from him in the divorce? Is your brain broken? Give me what is due and don't take less than a penny! Did you hear me? "

"Listen...I heard it!" The woman subconsciously responded, shocked by Selena's aura.

Only then did Selena nodded in satisfaction, and then said earnestly, "Well, that's right, what kind of man do you want to find when you have money? Even if you can't find a sincere one, at least you can keep an obedient and handsome boy. If you become disobedient one day, you can change it at any time! How nice is it?"

woman:"..."

sgumbag: "..."

Not far away, Saul: "...!!!" He actually felt that what his sister-in-law said made sense...

Daniel: "..."

The woman on the other end of the phone was full of doubts, and couldn't help asking: "Thank you! But, you... who are you? Why are you helping me like this? Do we know each other?"

Selena smiled at the camera, "You're welcome, just call me Lei Feng!"

After finishing speaking, he hung up the phone, kicked the sgumbag away, and then walked away...

Saul kept his jaw dropping in shock, "Brother, although there's something I shouldn't say, I really can't help but want to say it... Sister-in-law is so handsome! I'm almost..."
Falling in love with She is gone!

Daniel didn't have the energy to pay attention to the excited Saul, so he pinched the center of his brows wearily, with a look of survivors remaining on his face.

Saul looked at his brother in admiration, "Brother, you are amazing. If you hadn't held back, we wouldn't have seen such a wonderful scene!"

After Saul finished speaking, he showed a thoughtful expression, and said excitedly, "By the way, I suddenly remembered something. I remembered the people Selena dated back then. Although I only found a list of some people, none of them Not a sgumbag, and they were all dumped by Selena in the end, including Louis, combined with Louis's attitude of avoiding every time he mentioned his relationship with Selena..."

Do you think the reason why Selena associates with those sgumbags is similar to today's situation, fishing for law enforcement, justice for the heavens, and maintaining love and justice..."

Hearing Saul's tone of making a major discovery, Daniel's expression did not fluctuate in the slightest.

He had never believed that she was like that.

Even if it was true in the past, it doesn't matter.

After cleaning up the sgumbags, Selena was humming and riding the bike, feeling refreshed and in good spirits.

Sure enough, abusing a sgumbag is the most effective way to relieve stress!

Selena checked the time on her phone. It was four o'clock in the morning, which was too early. She would not go back until at least six o'clock.

Because that spot happened to bump into Daniel in the living room...

So, after thinking for a while, Selena turned a corner and drove towards the west of the city.

Half an hour later, she drove to the edge of a river embankment.

Parked the car, walked to the soft grass and sat down.

Just blowing the wind to sober up...

Another good thing about this place is...there are a lot of mosquitoes!

Selena lay down, mumbling to herself, "Mosquito, oh mosquito, it's time for dinner, come and bite me..."

Chapter 234

This place is too open, and their car has nowhere to hide, so they can only park it far away.

Fortunately, Saul had brought a fly-sized miniature camera with him, and it was infrared, so it could take pictures at night, and it just flew over Selena's head.

“Hahahaha...Brother, let me tell you that it will be useful if you take me with you!” Saul was so proud that his tail almost went up to the sky.

On the car screen, Selena was lying on the grass under the night sky, repeatedly saying something like “mosquitoes are coming to bite me”...

“Sister-in-law, did you drink too much? You came here specially to feed the mosquitoes?” Saul was speechless.

Daniel didn't say a word, he didn't seem to find it strange at all, he focused all his attention on the girl on the screen...

After Selena relaxed, the alcohol also picked up. She closed her eyes and felt drowsy. In a daze, there was a rustling of footsteps behind her, and then the disturbing buzzing of mosquitoes in her ears gradually disappeared. , the body that felt a little cold because of the night wind was covered by warmth...

The moment the familiar breath enveloped her, the trace of sobriety that was originally strong disappeared.

Because I was always alone, I never dared to get completely drunk.

When she didn't even know it, there was someone who could make her drunk with peace of mind.

Daniel helped her drive away the mosquitoes, took off his coat to cover her body, and then stretched out an arm to pillow under her neck to prevent her skin from being pricked by grass blades.

The girl grabbed his clothes and slept soundly. Although the makeup on her face was heavy, the innocence between her brows was like an immature and ignorant child, which made people feel distressed...

When Selena woke up, the sky had already turned pale. Looking at the time, it was already half past five.

She just squinted a little, but she actually slept for so long?

Selena patted her butt0cks and got up, looked at herself, and unexpectedly found that there were not many mosquito bites, but it happened to be enough...

She thought that after sleeping for so long, she would definitely be covered in bags. If so, it would be too exaggerated, and the effect would be bad.

What's also strange is that it's autumn and it's by the river again. When she wakes up, her body is warm and there is no chill...

Probably because of the alcohol?

Half an hour later, Selena returned to the Lu residence.

It was exactly six o'clock, and in the living room, Daniel was drinking tea and reading the newspaper as usual, like a veteran cadre.

So far so good.

"Good morning, Daniel!" Selena entered the room and greeted him proactively.

"Morning, I'm back." Daniel raised his head from between the newspapers.

Selena secretly observed Daniel's expression, and found that it was too difficult to observe a paralyzed expression.

Because he is expressionless most of the time, and it is the same now.

Selena didn't give up, she just sat down on the sofa opposite Daniel, and even touched her neck on purpose.

He should be able to see it so close, right?

Sure enough, Daniel's eyes lingered on those ambiguous red spots on her neck and bare skin, and then his brows became more and more wrinkled.

Selena pretended not to notice, and yawned, "I'm so tired, I'm so sleepy!"

"How did you get bitten like this by mosquitoes?" Daniel asked.

"Pfft...cough cough cough..." Selena almost choked on her own saliva.

Is there a mistake?

When I went to the nightclub dressed like that and came back early in the morning, as a normal adult man, when you saw those ambiguous marks, shouldn't you immediately think of hickeys?

Chapter 235

What kind of trouble do mosquitoes bite?

She went to the bar! bar! How could it be bitten by a mosquito?

Boss adults! What about your high IQ and logic?

But she can't just tell him that it's a hickey, can she? It's too weird...

The plan failed, and Selena was in pain.

At this moment, Daniel put down the newspaper, got up, went to the drawer under the TV cabinet, took a small white bottle and walked over.

Selena raised her head vigilantly, "Brother, what are you doing again?"

"This medicated oil is very effective against mosquito bites." Daniel said as he opened the lid, scooped out some and rubbed it into his palm, then pressed his warm palm directly against her neck...

The moment she was touched by her palm, Selena bounced like an electric shock, "I... I'll do it myself!"

"Don't move around, my hands are full of medicine." Daniel stopped her, and gently smeared her neck, collarbone, and back with his slightly rough fingers, helping her massage and absorb, with a serious expression, as if he was carrying out What a majestic and great thing.

Because of the medicated oil, the places touched by his fingers were all cool, but a fire was ignited under the skin...

After a while, Daniel finally applied the medicine to her, "How is it?"

Selena came back to her senses, touched the mosquito bite, and blinked her eyes, then said in amazement, "It's amazing! It really doesn't itch at all! What kind of medicine is this? Why is it so effective..."

As soon as Selena finished speaking, she wished she could bite her tongue off.

She actually slipped up by herself!

It seems that her previous premonition was extremely correct...

She really failed miserably...

Selena drooped her head pitifully like a defeated kitten, and muttered dissatisfiedly, "Daniel...I drank..."

"It's okay to drink once in a while, I'll help you hide it from Rick."

"I went to the nightclub..."

"Well, just be safe."

"I haven't returned home at night!!! Daniel, aren't you angry at all?" Selena finally got angry.

"You want me to be angry?" Daniel's tone was calm, and he stared at her deeply.

Selena's eyes widened: "...!!!" She was turned against the general!

Daniel helped her remove a blade of grass stuck to her hair, "I said before, you can treat this place as your own home."

Speaking of this, Daniel suddenly paused and then turned to say: "Actually, I don't want you to go to bars and nightclubs by yourself late at night, because I will not be able to sleep all night because of worry. However, I still respect your freedom. ."

Selena was hit by an arrow in the chest, Cupid's arrow.

Hehe, this battle can't be fought...

The enemy is simply one! square! noodle! grind! pressure!

...

Next, Selena went to the bar for a week, but it was useless.

The only effect is that...

Since she has dealt with several sgumbags one after another, almost all the bars in the city have started martial law, and they will strictly investigate any beautiful women.

Hey... everything is really not going well.

Selena finally calmed down a bit, and of course, she didn't forget about her business and continued to concentrate on playing with Rick, almost playing the entire imperial capital.

The biggest gain during this period is that with her company, Rick's personality has become more and more cheerful, and he is no longer afraid of going out. Except that he still doesn't speak and is a bit introverted, he is almost the same as a normal child.

Very good...

This way, she can finally rest assured when she leaves!
