

Cruel Heart Lover Novel

Chapter 301

Chapter 301

"Second brother, if it's your wife, even if the other party is an artist, the involvement is not too big. However, your brother is different from you. He is the CEO of the Lu Group and the helm of our Lu family. He The choice of wife is related to our entire family."

As soon as the old man finished speaking, Saul glanced at his elder brother beside him, and the cynicism on his face disappeared without a trace and turned into seriousness.

Under the protection of his elder brother since he was a child, he can do what he likes and has the right to choose whoever he likes to be his wife, but his elder brother does not.

"Brother, I..." Saul suddenly didn't know what to say.

Daniel patted him on the shoulder, then looked at Lu Chongshan in front of the desk, a hint of arrogance appeared in his usually cold eyes, and he said with thin lips, "Father, except you and mother, no one can influence my decision. "

The implication is that it doesn't matter what company, family, or other people's thoughts. The only thing he needs to care about is the opinion of his closest relatives.

Hearing these words, Lu Chongshan was taken aback for a moment. Although these words were disobedient to him, a sense of pride and relief emerged from the bottom of his heart.

It took him twenty years to secure this position, and he trembled every step of the way, thinking twice about every decision, but he forgot about his son in front of him. It took him just five years to put down such a big civil strife. And in five years, the entire Lu family will be pushed to a new height.

Although what he said just now was somewhat domineering and arrogant, it was not frivolous, but that he did have this strength.

Lu Chongshan took a deep breath, and after a long while, he sighed, "Daniel, don't blame your father for being too careful. You have to know a word, winning the world is easy, but keeping the world is difficult. Putting such a weakness by your side will definitely Not a good thing."

Daniel's eyes rippled with gentle determination, "I will prove that she is not a weak spot."

After speaking, he turned and left.

Looking at the back of his brother leaving, Saul's inner guilt turned into admiration, "Dmn it! My brother is so handsome!"

After leaving the study, Daniel went to check on Rick.

The little guy was lying on the window sill in a daze with his chin in his hands, with a happy and disappointed expression on his face.

Daniel walked up behind his son and gently rubbed his little head with his big palm, "You did a good job."

Rick turned his head and stared blankly at Papa with his little head up.

"What's wrong?" Daniel asked.

Rick tugged at the corner of his clothes with his small hands, motioning him to lower himself.

Daniel bent down.

In the next second, a soft kiss landed on his cheek.

For the first time ever, Daniel, who had always planned and controlled everything in his hands, was completely stunned...

It took a few seconds for Daniel to react, but he didn't seem to know how to deal with the situation, so he coughed lightly with a serious face and said, "Good boy."

"Pfft..." Saul, who had been leaning against the door frame, let out a burst of laughter, inexplicably feeling that his own brother was really cute right now.

When flirting with girls, there are things that he is not good at, such as how to get along with his son.

Daniel was stunned by his son's sudden kiss when his phone rang.

It was Butler Yuan calling.

As soon as it was connected, the old housekeeper's excited voice came from the phone, "Hey, young master, Miss Selena is back!"

Chapter 302

At the same time, Platinum Emperor Palace.

Selena was talking to the little maid Wanwan at the door.

"Dearest and cutest Wan Wan, please, please, just let me in! I promise to leave as soon as I finish picking up my luggage!" Selena clasped her hands together and begged.

After leaving the old house just now, she simply took half a day off with the crew, and brought her luggage to the villa by the way.

Although three months is not a long time, she unknowingly found that most of her things had been moved here, so it was really inconvenient to not be able to pick up a lot of urgent things during this period.

Of course, the most important reason was that she knew that the Great Demon King was in the old house at the moment, and definitely not in the villa, so she hurried over quickly and took the opportunity.

Unfortunately, things didn't go as smoothly as she had imagined.

The soft little maid refused to let her in no matter what this time.

"Miss Selena, don't make things difficult for me. It's not that I didn't let you in on purpose, but that I really don't have the authority to open the door of the main house!"

Selena had no choice but to ask Butler Yuan again.

Steward Yuan was not knowing who to call. Seeing her coming, he hung up the phone in a hurry, then coughed lightly, and turned to her as if nothing had happened, "Miss Selena, you are back!"

"Yeah, I'm coming back to get something, grandpa butler, can you open the door for me?" Selena hurriedly begged.

A trace of embarrassment appeared on Yuan Butler's face, and he sighed softly, "Miss Selena, although as a servant, you shouldn't talk too much about the master's affairs, but this time, I still can't help but talk too much. Some time ago, I didn't know what happened. What, the young master asked all of us to leave the main house as soon as he came back, and then locked himself inside for a day and a night, and then the access to the main house was also blocked, so far no one can enter except him."

At this point, Butler Yuan paused, and then continued, "So, if you need to go in, you can only contact the young master to come and open the door."

Listening to Butler Yuan's words, Selena recalled what Saul had told her before, but she had been deliberately ignoring all the information about Daniel...

Selena was dazed for a moment, then came back to her senses in time, and said quickly, "Thank you, that's fine, I'll go now! Goodbye, Grandpa the housekeeper!"

The phone call that Butler Yuan hung up immediately after seeing her just now always made her a little uneasy.

Since I still can't get my luggage today, let's go quickly!

Seeing that Selena was about to leave, Steward Yuan became anxious. The young master is still on his way!

Seeing that his young master had been depressed for so many days and finally waited for Selena to come back, how could he just let her go like this.

So, Butler Yuan hurriedly called her to stop, "Miss Selena, wait!"

"Grandpa housekeeper, is there anything else?" Selena paused.

Butler Yuan made an expression as if he had suddenly remembered something, and said, "Miss Selena, I suddenly thought of a method, maybe I can open the door for you."

"Really?" Selena was pleasantly surprised.

"Yes, Miss Selena, please wait here for a while."

"Okay, okay, no problem! I really want to trouble you!"

At this moment, Selena was full of "there is true love in the world", and she never doubted that the kind old housekeeper would cheat her.

So, Selena waited on the spot full of hope. In the end, the wait lasted for more than 20 minutes...

Chapter 303

Selena was so anxious that she scratched her head and unconsciously picked the leaves from the nearby flower garden. After a while, she almost plucked all the leaves from this tree.

"Miss Xiaoxi, let's have a glass of juice!" Wanwan thoughtfully brought over a glass of juice, and there were various delicate snacks on the tray.

"Thank you..." Selena drank most of the glass and asked anxiously, "Wanwan, did you ask for me? Why hasn't Steward Yuan come back yet?"

Wan Wan is not very good at lying, but he still tried his best to put a smile on his face, and calmly comforted him, "Miss Selena, please wait a little longer! It should be soon!"

"Okay..." Selena looked at the time on her phone and decided to wait another five minutes. If Butler Yuan didn't come, she had to leave.

I don't know why I feel more and more uneasy...

Time passed minute by minute, and these five minutes seemed like years to her.

Finally, five minutes are up.

Selena immediately handed back the cup in her hand to Wan Wan, "I'm sorry, Wan Wan, I have something to do and I have to go first, please tell Butler Yuan for me!"

Wanwan's face immediately changed when he heard the words, and anxiously blocked Selena's way out, "Miss Selena, wait a little longer, wait a little longer! It will be fine soon... just a little while..."

If Selena couldn't see any flaws in Butler Yuan's face, then a simple girl like Wan Wan would be too easy to show her flaws.

Seeing her performance, Selena immediately realized that something was wrong, so she quickly crossed the bend, put her head down, and ran away...

However, just after crossing the bend, before taking two steps, a slender and arrogant figure suddenly bumped into her eyes...

Depend on...

really...

Selena held her forehead to cover her face, turned her head to look at Wan Wan, her heart ached and she couldn't believe it, "My dear Wan Wan, you even helped me to trick me?"

There is true love in the world, it's all floating clouds, she can no longer believe in this world full of routines!

Wan Wan was almost crying out of self-blame, bent over to apologize, "Miss Selena... I... I'm sorry, I'm sorry, I'm sorry..."

Seeing the little girl's pear-blossoming appearance, Selena couldn't get angry, so she could only bite the bullet and turn to face the big devil.

Selena took a deep breath, "Boss Lu...I...I..." came to get the luggage.

Before he could finish the rest of the sentence, Daniel said "Come in" with a frosty face, and then walked straight towards the villa.

Selena looked at the back of the big devil, which seemed to be covered with icicles, and her only reaction was to run, but Daniel didn't seem to worry at all that she would have the courage to run, and dropped those two words without even looking at her. He just walked forward on his own.

The end result is...

Selena really didn't dare.

After struggling for a long time, he obediently followed in.

Behind them, Wan Wan and the old butler who had retreated from the corner far away were finally relieved.

Selena followed behind the big devil tremblingly.

She inadvertently looked at this place she hadn't been to for a long time.

The living room, the corridor, the stairs, the furnishings... everything was exactly the same as before, but for some reason it gave her such a strange and cold feeling.

With steady steps, Daniel walked straight to the door of her room, opened the door, and then stood at the door, waiting for her, as if he already knew the reason for her visit.

Chapter 304

At this moment, meeting the man's dark and deep eyes, Selena stood where she was, full of panic and timidity, not daring to go forward.

It wasn't until Daniel lit a cigarette, leaned against the door frame, his posture became more casual, and his aura became less oppressive, that Selena finally had the courage to walk over.

When passing by Daniel's side, Selena's speed broke through the limit of human beings, and rushed in with a whoosh, leaving only an afterimage, comparable to a master of lightness kung fu in TV dramas.

After suddenly standing in the middle of the room, Selena was a little dazed.

Her room hasn't changed at all, there are a few fashion magazines in a mess by the bedside, the yoga mat is thrown aside casually, and there is still one on the floor that she dropped to the ground in a hurry and didn't pick it up that day. The eyebrow pencil, even the position of the broken refill has not changed...

All this made her feel as if she had passed away as if the time she spent here was already in her previous life.

It wasn't until the curtains slammed up in front of her eyes because of a gust of wind that Selena suddenly came back to her senses and started to pack things up.

First, I moved out a large box from under the bed and then started tidying up one by one.

Clothes, shoes, cosmetics, toothbrush towels, PSP game consoles...

Every time something was put in the box, her heart seemed to be empty, with a dull pain.

She didn't dare to look at Daniel from the beginning to the end.

In this room, except for her own things, she took nothing with her.

Seeing those small items that Daniel bought for her left alone, she felt guilty for abandoning them ruthlessly...

After finally packing up everything, Selena finally couldn't avoid it anymore, took a deep breath, raised her head and looked at the man who had been standing quietly by the door...

"Mr. Lu, thank you very much for your care during this time. As for Rick, as long as you need it, you can call me at any time, and I will be there whenever you want..."

Having said that, I don't know what to say at all.

After struggling for a long time, she finally said those three words: "Then, I'm leaving..."

After finishing speaking, Selena bowed deeply, expressing respect and deep gratitude, then dragged the box and walked slowly outside the door.

After this farewell, I'm afraid there will be very little chance of seeing each other again...

After all, there is such a huge gap between them that they are not from the same world at all. If it wasn't because of Rick's accident, they would never have met in this life.

Selena's face was gloomy, and she was walking out with a heavy heart. When she reached the door, her eyes suddenly flashed.

Daniel had been smoking silently since just now, and without any reaction, the arm of the hand holding the cigarette suddenly casually lay across the opposite door frame, blocking her way.

"Uh, Mr. Lu...?" Selena was a little confused, not knowing what Daniel meant by this.

Daniel: "Selena."

Selena: "Yes!"

Daniel: "You're quite courageous."

"Huh?" Daniel said such a sentence without thinking, and Selena was at a loss. What's the meaning?

After taking his last puff of a cigarette, Daniel pinched the butt of his cigarette, looked up at her, and said calmly, "Aren't you afraid that I'll lock you up here for the rest of your life?"

Selena: "!!!"

Calm down, boss!

The moment his voice fell, she was so frightened that she almost knelt down on the spot, okay? How dare she be?

Chapter 305

The moment the Great Demon King's voice fell, she was so frightened that she almost knelt down on the spot, okay? How dare she be?

The reason why she came in just now was obvious that she was too timid, so she was too scared not to come in!

At this moment, Selena kept holding the box, as if she had been appointed, with one foot just about to step out, not daring to move.

She carefully observed Daniel's expression, but it was a pity that the Great Demon King was too skilled, so she couldn't tell whether he was joking or serious.

Selena's brain was spinning rapidly, and then she had an idea, and hurriedly said, "Who is that... By the way, Tagore! Tagore said that if you love someone, you should let your love surround her like sunshine, And set her free!"

Hearing this, the corners of Daniel's mouth seemed to rise a little imperceptibly.

Selena couldn't figure out what his half-smile meant, so she racked her brains and continued, "Tagore also said that liking is presumptuous, but love is restraint! Tagore also said that love is not about staying for a while regardless of the consequences, Instead, help him live freely!"

Daniel looked at her intently, "And Tagore said these too?"

"Cough, probably..." Selena laughed dryly. In fact, her mind is in a mess right now, and she doesn't even know who said these words...

"Any more?" Daniel continued to ask.

Selena nodded like a chicken pecking at rice, "Yes, yes, Tagore also said that it is illegal to imprison others..."

The slight smile on the corner of Daniel's mouth slowly bloomed, and his cool fingers gently pinched her chin, "Then...Did Tagore say that your mouth is not suitable for talking nonsense, but for kissing?"

As soon as the words fell, they covered her lips.

Selena: "!!!"

It's clear that you're talking nonsense, okay? Tagore would never say such a thing!

Shocked, the box in Selena's hand fell to the ground with a "boom", and then there was another "bang" in her ear, the door was slammed shut.

In the next second, Selena fell onto the soft bed behind her with a thud.

I saw Daniel standing in front of the bed, taking his time and graceful posture... taking off his coat...

Selena almost vomited blood when she saw it. When she was frightened, a thought flashed through her mind that Mr. Boss undressed so handsomely and charmingly...

Selena quickly shook her head and waved away these messy thoughts, and said anxiously, "Mr. Lu, you, you, you...you must calm down! It's really not worth breaking the law for a small person like me... Otherwise, I'll teach you to read your mind purely." Curse...it works..."

As soon as he finished speaking, Daniel had already taken off his coat and turned over.

Seeing the man's aura covering the sky and covering the sky, Selena was pushed to the limit, and finally couldn't bear it anymore, "Daniel! Don't go too far!!! Don't force me to do anything to you!"

After hearing the girl yell out his name in a bad tone, a look of satisfaction appeared on the man's face.

Afterwards, the man completely ignored the girl's warning and continued to approach the past...

What the hell! If the tiger doesn't show off its power, it really treats me like a kitten!

Selena immediately raised her knees violently, and then took advantage of the moment when Daniel was blocking her, she broke free with one hand. As a result, before she could make a move after breaking free, a sudden burst of coldness came from her wrist Finally, with a "click", her wrist was locked by a handcuff...
