

Cruel Heart Lover Novel

Chapter 306

Under Selena's stunned expression, the other half of the handcuffs was placed on Daniel's own wrist.

Looking at the pink handcuffs, Selena immediately burst into anger, filled with righteous indignation, "Daniel, you're going too far! How dare you use such a wretched thing!!!"

Daniel frowned slightly, and said quietly, "Are you sure this thing is mine?"

"If it's not yours, could it be mine?" As soon as Selena finished speaking, she immediately sensed something was wrong.

She found sadly that the handcuffs that appeared suddenly became more and more familiar...

"Uh, why does this look so much like the one I bought at the Taobao sex toy store for nine yuan to beat Louis?"

She didn't remember where she threw this thing, and she didn't even think of it when she left just now.

She never expected that she had cheated herself, and she wanted to strangle herself to death.

Now it's really hard to fly with wings, and they are all handcuffed together, where else can they run?

Daniel looked at his handcuffed wrists with the girl, and at her extremely aggrieved vivid expression, as if he was finally sure that she would never escape again, so the ice and snow in his eyes melted into peace of mind, and

the original silk in his heart The imperceptible tension gradually loosened, and he gently stroked the girl's hair, like a lion preparing to enjoy its prey slowly...

In the end, Selena had no choice but to stare at the man across from her, making up her mind that if she really couldn't do it, she would just bump into them and knock them both unconscious...

Seeing that Daniel was approaching, only a few centimeters away, Selena gritted her teeth and was about to hit her. The next second, Daniel suddenly fell headfirst on the side of her pillow...

Selena was dumbfounded.

She hasn't hit it yet, why did she faint?

Because the big demon king had too many routines, Selena didn't dare to act rashly at all. It wasn't until three minutes later that there was no movement around her, and there was even the sound of steady breathing... Selena finally turned her head and looked over.

Then, he saw Daniel falling asleep with his eyes closed...

Fell asleep...

She was so frightened that he fell asleep?

At this moment, Selena finally dared to look at the man's face carefully. She saw that the man's face was haggard, his brows were full of fatigue and blue shadows, and one side of his face and the corners of his mouth were slightly red and swollen, as if he had been slapped... ..

Who would dare to beat the Great Demon King?

There is no doubt that it must be the father of the Great Demon King...

He let himself put all the responsibility on him before, and he didn't know if his father made things difficult for him after she left.

It was only at this moment that Selena realized that the man's figure had also lost a lot...

commit a sin!

It's not good to lie down with Daniel like this again! In front of this man, her self-control is really vulnerable...

That's why she kept avoiding him before, because she was afraid that such a situation would happen, and that she couldn't help but soften her heart...

Just when Selena was burning with anxiety, suddenly her door was pushed open with a "bang".

Then I saw Saul appearing at the door, "Brother, I have a very urgent matter with you...uh..."

"Second Young Master! Help!!!" Selena hurriedly took the opportunity to call for help.

The next second, there was another "bang", and Saul closed the door again in an instant, and disappeared without a trace, as if he had never appeared before...

Chapter 307

Selena: "..."

Don't you mean it's a matter of urgency! You just ran away?

Fortunately, she had her mobile phone with her, so Selena hurriedly dialed Saul's number...

"ba5tard! Saul, what's your morality! Back then, all the delicious food was fed to dogs, right? You just ran away like that! Do you really consider me a friend?"

Selena cursed for a long time in a low voice, and finally, Saul retorted weakly from the other end of the phone, "No...I've always treated you like my sister-in-law..."

"You..." Selena was almost mad at him.

"Selena, it's not that I won't help you, because...forget it...just call Dr. Qin and you'll know..."

Qin Mufeng?

He has a good relationship with Daniel, and he is someone who knows Daniel very well, so maybe he has a way?

Saul asked her to find Qin Mufeng because he didn't dare to offend his brother?

Selena thought about it, and hurriedly called Qin Mufeng again.

"Hello, Selena? Is there something wrong?" Qin Mufeng's tone was a little surprised, he didn't expect Selena to call him.

Probably because what he hadn't done for so many years was done by an inexperienced layman, Qin Mufeng felt quite ashamed, so he didn't communicate much with Selena, and the two sides had very little contact.

"I need your help with something, is it convenient for you to come to the Platinum Emperor Palace now?"

"what happened?"

"That... the matter between me and Daniel... do you know?"

"Know a little bit."

"There's something wrong with Daniel's condition right now, can you come over and take a look?"

"Be more specific."

Selena rubbed her forehead, what should she say in this situation?

In the end, Selena simply told what happened, "That's how it happened... Now I'm being handcuffed by him..."

The phone was silent for a while, and then Qin Mufeng's voice came: "Selena, do you think he will really hurt you?"

"I..." She was naturally not worried.

But he definitely couldn't admit it in front of Qin Mufeng, so he said ambiguously, "I don't know, after all, he said such scary things!"

Qin Mufeng sighed softly, "There is something that Daniel has been telling me to keep from everyone. Saul knows it, but he guessed it himself."

Selena frowned slightly, "What's the matter?"

"Since you rejected him, he has suffered from severe insomnia and can only sleep up to three hours a day."

Selena's complexion suddenly changed, "How could this be?"

Qin Mufeng organized his words, "According to my experience, it's because of too much psychological pressure. Let me tell you this, Daniel's nature is

definitely not as harmless as you seem on the surface, and he will do anything to achieve his goal." The only exception is the means of dealing with you.

In order not to hurt you, he has been suppressing his own nature, just like a person fighting with himself, he may not be able to control himself and do irreversible things if he is not careful, one can imagine his pressure It's so big, I dare not relax for a moment..."

Speaking of this, Qin Mufeng paused, "Whether it's as a doctor or as a friend, I have an unfeeling request. Selena, let him sleep for a while, if this goes on, even a hard-nosed person won't be able to hold on. Don't worry, with his current physical state, it is impossible for him to do anything to you."

Chapter 308

"I see..."

Selena hung up the phone with a wry smile on her lips.

Sure enough, he shouldn't have called anyone related to Daniel, now that it's all over, he can't leave at all.

As Qin Mufeng expected, Daniel slept very deeply this time, sleeping from day to night...

The guy in the middle, Saul, sneaked over to look at it several times. He still had a bit of conscience, so he gave her food a few times, lest she sleep with her and starve to death.

It was not until the next morning that Daniel finally woke up.

Selena, who was in a daze thinking about something, came back to her senses when she felt movement around her, "You're awake..."

Because he had just woken up, Daniel's eyes were out of focus. After seeing the girl, he gradually regained his clarity, and said lightly, "Why don't you go?"

If she really wanted to leave, these handcuffs would not be able to restrain her at all.

Selena took a steady look at the man, then took off a black hairpin from his head, and with a "click", opened the handcuffs.

The man's gaze darkened instantly.

However, the next second... was filled with shock...

Selena took off her coat, and then began to unbutton her shirt one by one...

When he reached the third one, Daniel pressed down on her hand hard, preventing her from continuing.

Selena looked at him quietly, "Daniel, I don't know if I've told you that what I can't stand the most is that people treat me too well, and what I fear most is owed favors. This is the only thing I can repay. yours."

Daniel's expression turned extremely ugly in an instant, "You think that's why I want to be with you?"

Selena: "I..." That's right, what kind of woman does Daniel want, and all of them are clean, what is she?

Daniel: "Although, I did do it for this..."

Selena was stunned: "Huh?"

"But, do you think once is enough? What I want is a lifetime." Daniel continued.

Dmn it! The Great Demon King is flirting with girls again!

Hearing this, Selena couldn't help blushing even though she was so tough.

There was no distracting thought in Daniel's eyes, only gentleness, and he fastened her buttons one by one, "Selena, answer me a question, and you can go."

Selena: "What's the problem?"

Daniel: "The person you like, who is it?"

Hearing this question, Selena immediately looked embarrassed.

Judging from the current situation, the most reasonable person was Louis, but she had been worried for a long time about what Daniel would do to Louis, but luckily Daniel didn't.

Selena's brain was spinning rapidly. If she directly told him that the person she liked was Louis, if Daniel didn't restrain herself...wouldn't Louis be miserable?

Even if Louis was the nephew of the Great Demon King, he might not be able to hold a critical attack from the Great Demon King.

So, who should I say...

At this moment, a person popped into her mind, so Selena thought about her words and said, "Actually, the one I mentioned to you before was my last ex-boyfriend, the one I only dated for a day. I said before that although I like him, I can't be with him because his identity is too dangerous, and I will drag him down by his side..."

Daniel narrowed his eyes slightly, ys, sure enough...

"As you know, he has a special status, so I'm sorry, but I can't tell you too much about him." After Selena finished speaking, she waited nervously for Daniel's reaction.

Chapter 309

After waiting nervously for a long time, Daniel suddenly said _

"Selena, people's tastes change."

Selena: "Ah?" What do you mean? What does this have to do with human taste?

Daniel: "One day you will find that cabbage tastes better than radish."

Selena: "..."

Can you stop saying something so easy to make people daydream?

Daniel rubbed the girl's sluggish head, "Let's go, people who just woke up usually have a better appetite."

Coupled with the fact that she was caught off guard just now, being able to bear it is already the ultimate...

Selena jumped out of the bed in shock.

Just as she was about to leave, Daniel behind her stopped her again, "Wait."

"Uh... anything else?" Selena turned around stiffly.

"Take all your things away," Daniel said.

"I brought them all!" Selena was puzzled.

Daniel glanced at the huge rows of wardrobes opposite him, and reminded, "Clothes."

Selena was puzzled, "You don't need these, they are too expensive."

The brands of these clothes are not expensive luxury brands. The problem is that she doesn't know them at all, or even heard of them, but it's even more scary because they don't know them, okay?

"My friend's own brand can't be sold as a gift to me. It's worthless. If you don't want it, I'll ask Uncle Yuan to throw it away." Daniel said.

Selena had a painful face, "What a pity to throw it away! Besides, it was your friend's wish! In fact, these clothes are really pretty. Your friend is very talented, and he will definitely be famous in the future. These clothes will be sold by then." Follow it up... Even if you don't need it, you can keep it for your future girlfriend or something..."

Daniel gave her a sideways look, "Do you think I'll give my future girlfriend the clothes that were rejected by others once?"

"Uh...but I can't take so many with me, and the apartment doesn't have enough space!"

"You don't have to worry about these, I'll send someone over there."

Now Selena only wanted to leave quickly, so she hurriedly agreed, "Okay! Thank you, Mr. Lu! Goodbye, Mr. Lu!"

...

Finally left the villa.

Selena bent over and just breathed a sigh of relief when her phone rang suddenly.

She thought it was the crew calling to urge her, but when she saw the caller ID, she was so scared that she almost threw the phone out.

Two letters suddenly jumped on the caller ID: "ys"

Because he took advantage of this guy just now, Selena couldn't help but feel guilty when he called over so suddenly. After calming down for a long time, she made sure her tone wouldn't reveal any flaws before she answered the phone, "Hello..."

"Did you do something bad?" the hoarse voice on the phone said quietly.

Selena: "!!!"

"Tsk, I did it." This time it was in an affirmative tone.

Selena wanted to grab the ground with her head, how did this guy figure it out? She obviously only said "Hello" from the beginning to the end, right?

"Honey, I really underestimated your courage." The man's tone was dangerous.

Selena: "!!!" Why is the other one calling her brave?

"It seems that if I don't come back, you really dare to cuckold me."

Selena finally couldn't hold it anymore, "Since when did I cuckold you! Ah bah, no, I have nothing to do with you, how can I cuckold you!"

"Oh, is it Daniel..."

Suddenly hearing Daniel's name from the man's mouth, Selena's expression turned cold, "You dare to touch him, I'll never end with you!!!"

Chapter 310

"Oh, is it Daniel..."

Suddenly hearing Daniel's name from the man's mouth, Selena's expression turned cold, "If you dare to touch him, I'll never end with you!"

"Are you not worried that he will touch me?"

"He won't." She was at least sure about Daniel, but she wasn't sure about this bad-tempered guy in front of her. Besides, Daniel doesn't know who he is, okay?

"Tsk, what an unfamiliar little white-eyed wolf..." The man's tone seemed casual, but Selena knew that he was really angry.

Selena stabilized her mind, and then said, "First, I have nothing to do with you, and second, I have nothing to do with Daniel either. I said a long time ago that I would not be with anyone!"

"Honey, the point is, you're in love with him."

"I..." Dmn it! Why do you seem to know everything even though you are thousands of miles away?

...

Platinum Palace.

After Selena left, it was quite a while before Saul finally dared to lean over and asked for instructions carefully, lying on the door frame, "Brother, have you had enough sleep? How are you feeling now? May I report the matter to you?"

"Say." I don't know if it was because he was lying on Selena's bed, but Daniel's expression was quite gentle, but he looked thoughtful, not knowing what he was thinking.

"Recently, the behind-the-scenes forces that are fighting against our subsidiaries, I have already found out some signs, they come from abroad, what should we do now?"

"Lead the snake out of its hole."

...

Selena dragged her suitcase back to the apartment, put down her things, and was about to rush to the set when the doorbell suddenly rang.

Steward Yuan and Wan Wan stood at the door with respectful faces, followed by a row of servants, each holding a piece of clothing carefully in their hands.

"Miss Selena, we are here to deliver something." Butler Yuan said with a respectful attitude. He had just cheated on her, but on the surface it seemed like nothing had happened. Sure enough, Jiang was still old and spicy.

In contrast, Wanwan's little green onion was not good enough, and he kept his head buried all the time, not daring to look directly into her eyes.

Selena didn't want to be embarrassed, so she threw the spare key to them and said directly, "You can let it go, I'm in a hurry, so I'll leave first."

"Yes, Miss Selena."

After Selena left, a group of people filed in.

Selena's cloakroom was completely full after putting her own things in, and there was no way to put so many clothes in it.

Wanwan walked to the dressing table and turned a candle holder on the dressing table.

In the next second, with the sound of Caracalla, the entire opposite wall suddenly and slowly opened towards both sides.

There is a hole in the back, which is a huge cloakroom.

Steward Yuan raised his hands, and the servants put the clothes and matching bags and ornaments in their hands in an orderly manner.

film and television city.

After arriving at the set, Selena immediately ran to apologize to the director.

First he was late, then asked for half a day off, and finally asked for a whole day off. For Selena, who values professionalism the most, this is simply unforgivable.

Fortunately, Selena's usual performance is very good, Guo Qisheng was not angry at all, but instead comforted her, "Selena, you are too nervous, dedication is a good thing, don't put yourself under too much pressure, occasionally there is an urgent matter How normal! This drama is coming to an end, and the progress has advanced so much, it doesn't matter, so, tomorrow and the day after tomorrow, I will give you two days off to go shopping, rest, and relax!"

"Thank you, director!" Selena heaved a sigh of relief. In her current state, she really needs to adjust.

After the shooting in the evening, because the director gave her two days off, Selena didn't go to the hotel and planned to go back to the apartment for two days.

Just as she was about to leave, an actress suddenly called her, "Selena, Selena, Susie is having a party at the apartment tonight, let's go together! I heard that her home is very beautiful, especially the cloakroom, which is extravagant. The bags are all limited editions of top famous brands, it is every woman's dream, and it was even featured in a magazine last time! I finally have the opportunity to see it with my own eyes!"
