

# Cruel Heart Lover Novel

## Chapter 341

---

### Chapter 341

Seeing that Selena was also staring blankly at the man who appeared suddenly, the celebrity immediately mocked, "Are you qualified to see this kind of man?"

Selena: She has almost broken her lower limit tonight...

"Mr. Lu, do you have any orders?" Immediately afterwards, the person in charge of the bar hurried over and approached the man with a courteous expression.

This Carlos bar is operated by the Lu Group, and the manager was only lucky enough to meet this mysterious behind-the-scenes owner once. Because the impression was so deep, he recognized it at a glance.

The manager knew that the boss didn't like others to know his identity, so he just called Mr. Lu.

"Tonight, all the guests' orders are on me." Daniel said lightly.

"Okay, no problem!" The manager responded hastily.

As soon as the voice fell, everyone in the bar cheered.

In fact, the identity of this person can be seen from the nervous attitude of the manager, and he is definitely rich or expensive, and it is even more certain when he looks at the shot.

The famous lady on the side had been greedily sizing up Daniel since just now. Now that she saw the man making such a generous move, she couldn't help it anymore, and walked forward with her heart beating violently, "So it's Mr. Lu, I'm Wang Ruolan from the Wang Group, I don't know where this Mr. Lu is a high school student, is he lucky enough to chat with Mr. Lu alone, and have a few drinks?"

With such a handsome appearance, fascinating temperament, and terrible financial resources, the bills of all the guests tonight may add up to tens of millions, but the man in front of him doesn't care, which one is not deeply fascinating?

Moreover, the other party's surname is Lu. Could it be that it has something to do with the legendary Lu family in the imperial capital?

Daniel glanced at the ladies lightly, and said indifferently, "You have to ask someone this question, as long as she agrees, I have no objection."

"Ask who?!" The famous lady immediately asked subconsciously.

Daniel's slightly cold eyes fell on Selena who was facing him tenderly, "Her."

Selena: "...!!!" Huh?

"What, ask this cousin?" The famous lady didn't recover.

A cold light flashed in Daniel's eyes, "I'm sorry, miss, please take back your inappropriate words and apologize, she is my most beloved woman."

After finishing speaking, as if feeling that this sentence was not shocking enough, he added another sentence: "It's just a pity that I haven't been able to catch her yet."

"You...your beloved woman?" Mingyuan screamed in disbelief, "This...how is this possible!"

Such a man should match her status, but he actually went after such a filthy woman?

"You actually fell in love with this kind of woman. Do you know how dirty she is and how many people have slept with her?" The celebrity couldn't accept this reality at all.

"land..."

Selena who was on the side saw Daniel arguing for her and was about to speak when Daniel gave her a soothing look and said softly, "It's fine, leave it to me."

Seeing Daniel's tenderness towards Selena, the celebrity's face turned pale, "Mr. Lu, don't be fooled by this kind of person, she is playing hard to get, she just wants more money!"

After finishing speaking, he threw all the money and cards in the bag at Selena's feet, "Get out of this man's side, how much money do you want, you set a price!"

Seeing this, several women next to the famous ladies echoed, "People like you, don't you just want money? Make an offer, and we, Sister Lan, can afford it all!"

Daniel quietly watched the famous ladies throwing money wildly there, and then said unhurriedly, "Besides, besides being my sweetheart, she is also my boss, my boss. Tonight, I really treat everyone Yes, it's her. So, you are drinking my boss's wine now, but you are insulting her. If you can, please spit out the wine you drank before."

After finishing speaking, regardless of the disbelieving expressions of the ladies and the others, Daniel looked at Mr. Li, who was already dumbfounded, "Of course, and you."

## Chapter 342

In an instant, everyone at the scene was like weathered sculptures, all of them just stood there dumbfounded...

The man with extraordinary bearing in front of him is scary enough just because of his identity.

But now this man actually said that this woman whom they had been mistaken for as an aid girl was his boss, his boss?

So, how terrifying and terrible will this woman's identity be?

What kind of big shot did they provoke?

"Crazy, this woman...is...is his boss? Boss? Did I hear wrong?"

"How...how is it possible...it must be a lie!"

"But why did he lie to us? There's no need for that! Besides, this man surnamed Lu is indeed very respectful to that woman besides admiration. Is that woman really his boss?"

"Oh my god! Sister Hong kept throwing money at her just now! It's just... It's just asking for humiliation..."

...

In fact, this Carlos bar has always been crouching tigers, and hidden dragons, and anyone wearing rough linen may be some big boss, so the more they think about it, the more likely it is...

For a moment, everyone's face turned pale with fright, and they looked at Selena as if they had seen a ghost.

"Then we are finished! Just now I was biting a bitch!"

"It's over, it's over! Me too!"

"I'm really going to be killed this time! It's not easy to provoke such a character!"

...

The others were full of horror, but Selena's expression was that her heart was too complicated at the moment, and she wanted to show too many expressions so that she was expressionless instead.

However, this expressionless face looked so unpredictable, which made those people tremble even more.

threw up...

Still don't vomit...

Don't vomit, or offend such a character, can they leave this bar with all their arms and legs tonight?

In the end, it is not known who started it first.

"Wow" vomited out...

This sound of vomiting was like a signal, and the sound of vomiting at the scene rang out one after another...

Although Daniel only named Wang Ruolan and Mr. Li, there were quite a few people who insulted Selena just now. Those people were lower in status than Wang Ruolan and Mr. Li, and they all vomited consciously at this moment.

Just throw up! Better than bad luck!

Looking at the people around who were throwing up one after another, Miss Wang's face turned livid. She slowly raised her head and glanced at Daniel opposite, as if she hoped that the man would take pity on him.

However, as soon as she raised her head, she saw the incomparably frightening eyes of the other party, and because she was so frightened to the extreme, she couldn't hold back immediately and vomited out with a wow.

Seeing that everyone was throwing up, Mr. Li, who was still holding on to face just now, couldn't hold on anymore. He put his hand to his throat and forcefully forced him to vomit.

How could he have thought that he just wanted to be a hero to save a beauty, but in the end, he failed to pretend and almost died here?

In an instant, the whole bar was filled with a foul and unpleasant smell of alcohol, it was horrible...

Daniel took off his coat expressionlessly, covered Selena to prevent her from being splashed with stains, and then protected her and left towards the door without looking back...

Meanwhile, on the second floor of the bar.

Saul was holding a large bag of melon seeds in his arms, with an astonished expression on his face.

Nima...

It's just too frightening for the wife-protecting maniac to explode...

However, if you go crazy, go crazy, at least pay attention to your success, this is your own bar, do you want to do business if you make it like this?

Forget it, this guy only has his wife in his eyes, so where does he have his own business...

## Chapter 343

Outside the bar is a road with two rows of ginkgo trees.

The night was as cool as water, a man and a woman were walking slowly along the quiet road.

"Are you okay?" Daniel asked with concern.

Selena shook her head, she still hadn't completely calmed down, "Why did you suddenly appear there?"

"I just finished talking about things upstairs, and I happened to see you when I was leaving," Daniel explained.

"Oh..." Selena didn't know what to say, "Thank you for saving me."

Daniel didn't care, "You're welcome. I know that even if I don't show up, you can solve it yourself. I just don't want to get your hands dirty."

The man's hoarse voice whispered in his ear, Selena's heart was pounding, and she coughed lightly to change the subject, "By the way, why did you tell them that I'm your boss? Cough, it's clear that you are the boss. It's my boss... This seems to be messed up..."

"What kind of existence is the boss to you?" Daniel didn't answer, but asked suddenly.

"What kind of existence?" Selena thought for a while, then replied, "Probably because he sends me money every month, and then I make money for him, and obey his orders?"

"En." Daniel nodded.

Selena was dumbfounded. What does "um" mean?

The next second, she suddenly reacted...

According to her understanding just now, isn't the definition of a boss the same as that of a wife?

Hey, she has walked the longest road in her life...

It's the trick of the Great Demon King...

"Well, it's late, so I'll go back first? I still want to thank you tonight!" Selena offered to leave.

Daniel happened to be walking where he parked, opened the door, "I'll see you off."

Selena scratched her head, "There's no need for this, I'll just take a taxi and go back."

Daniel: "You are too beautiful tonight. It's not safe."

Selena: "..."

She decides to shut up from now on, will she be safer from being teased?

In the end, Daniel sent her downstairs to the apartment.

Finally home, Selena heaved a sigh of relief, bowed and said, "Thank you boss, I'll go up then!"

"Selena." Daniel suddenly stopped her.

Selena: "Huh?"

"Can I give you a hug?" Daniel asked softly, as if he was afraid of disturbing the timid elves that haunted the night.

Selena: "!!!" Selena was still shocked.

The stars were shining brightly, the breeze was swaying, and under the watery moonlight, Daniel's eyes were so gentle that he could drown someone...

It's over!

The other party's beauty trick is too fierce, and the city gate is about to lose its hold...

She knew that he was using beauty tricks, that he was bewitching her step by step in a planned and premeditated manner, but she still couldn't resist...

Who can stand being so teased by someone you like? She can bear it until now, she should be awarded an award for best sitting still, okay?

What to do, what to do, what to do... Agree or disagree...

Just when the ambiguous atmosphere was getting thicker and thicker, Selena's cell phone rang suddenly.

The sound was especially abrupt in the quiet air of the night.

Selena was still in a trance, and absent-mindedly picked it up to take a look, but the next second, after seeing it clearly, she was so frightened that her soul flew out!

I saw a line of words lying quietly on the screen of the mobile phone...

Honey, do you dare to agree to try\_...ys

fcuk!

## Chapter 344

"Mr. Lu is very late now, the moon is so beautiful tonight, hahaha, you should go back early, and I will go back to bed too, hahaha, bye bye bye bye bye bye bye bye..."

Selena simply took out the fastest speed in her life and ran away without a trace within a second. She didn't even know what she had just said to Daniel.

Daniel stayed where he was, first looking at the back of the girl who was running wildly, then raised his head, looking vaguely at a certain direction in the darkness...

After rushing into the room and closing the door with a slam, Selena's heart still couldn't calm down and was beating like crazy.

After several deep breaths, she took out her phone again and took another look.

Honey, do you dare to agree to try\_...ys

That's the sentence, she read it right, and this iconic, hateful smile that someone likes to use when threatening others!

what happened!

Could it be that guy was nearby just now?

Selena's fingers trembled slightly, and she walked around the room dozens of times, and finally stopped thinking about it, and directly dialed the other party's phone number.

The person on the other end of the phone seemed to be deliberately teasing her, and didn't answer it until the phone was about to hang up automatically, then he slowly connected the phone, with a careless and lazy voice, "Hello?"

"Where are you now!!!" Selena asked straight to the point.

"Las Vegas."

"What the hell are you kidding me!!!"

"Heh, if I'm really nearby, do you think you can still call me right now?" The man's voice was a little gloomy.

"You sent someone to spy on me?"

"Tsk, don't think of me so lowly."

"I don't care how you know now! Let me ask you, what do you really want?" Selena took a deep breath to stabilize her emotions, and asked through gritted teeth.

"secret."

"Depend on!!!"

"Honey, be good, what happened tonight, I hope there will be no next time, understand?"

"Hello...hey...hey..." There was a beeping sound from the other end of the phone, and Selena slammed her fist on the bed in anger.

...

After that night, Selena lived in trepidation, for fear that that guy would suddenly appear from nowhere, tossing her so much that she was about to have a nervous breakdown.

The only fortunate thing is that fortunately, it finally survived until the day of finishing without any risk.

It's finally the last scene. Selena has been tense since last night, brewing emotions.

This scene is the scene before Meng Changge's death, and it is also the last scene of the whole film. It is even more important than the massacre of Sun Huanqing's death. Even Selena is not sure that he can fully control it.

For the first time in the history of this drama, Selena became nervous.

Because she was immersed in the film all the time, Selena didn't notice that when she first appeared on the set, everyone looked at her strangely.

Until, Fang Ya walked up to her nervously to find her presence, "Selena, you are finally here, and I have your letter! It seems to be your suitor!"

Selena was reviewing Meng Changge's life in her mind, thinking about her emotions before she died, and her nerves were in a state of high tension, so although her people were here and she saw Fang Ya in front of her, she was immersed in another world, Fang Ya didn't hear what Fang Ya was saying at all.

Fang Ya held a piece of pink letter paper in her hand, and two letters "ys" that were easily overlooked were engraved on the corner of the letter paper.

Fang Ya raised the letter paper, and then said with a considerate look, "Oh, Selena, you are reading the script, so busy, I'll read it to you!"

## Chapter 345

Some people around who had already seen the contents of the letter couldn't help but burst out laughing.

Fang Ya read aloud on the spot, "Ah...my dearest Xi...I love you...like a mouse loves rice...like a kitten loves fish...like a puppy loves a bone..."

Fang Ya's tone was too exaggerated and funny, more and more people gathered around, and finally they all couldn't help laughing.

"Hahahahahahaha ... I laughed at me! This love book really lost her teeth! Did you graduate from elementary school? Graduated from kindergarten?"

"Someone actually writes love letters these days? I'm drunk too! Who the hell is this?"

"Do you still need to ask, it must be some poor suitor of Selena!"

...

"Be serious! I haven't finished reading yet!" Fang Ya shot them a glance, and then continued to read, "At this moment, I would like to extend my most sincere blessings and love to you. Noble, the most tempting, the most irresistible gift that best matches your beauty, wisdom and nobility!"

Fang Ya couldn't bear it any longer after reading this, "Hahahahahaha...I can't do it, I'm dying of laughing, who will save me! This man is not only an uneducated diao fan, but also an idiot, right? What a big tone! The most noble, most tempting and most irresistible gift! Is he going to send an excavator over for the finale banquet? It really matches Selena's noble status!"

The audience roared with laughter.

"A tractor brick is also possible!"

"Maybe it's a car full of Wowotou?"

"Don't make wild guesses, a cart of steamed buns is also very expensive, okay? Tsk, it's enough to pretend to be tough without money! This kind of person is the most disgusting! How could Selena have such a disgusting suitor?"

"Hehe, isn't there a saying that you attract whoever you are?"

...

The noise at the scene was getting louder and louder. Selena, who was surrounded in the middle, never spoke. At this moment, she suddenly said two words with an extremely cold expression: "Quiet."

The voice was straight across the most deadly neck artery like an ice blade, Fang Ya fell silent for an instant, and the others curled their lips and lowered their voices.

Then, Selena stood up holding the script, pushed aside the crowd expressionlessly, and walked straight towards Guo Qisheng.

In fact, just now Selena only heard a lot of noisy voices. She didn't know what Fang Ya and the others were talking about. She didn't even notice any love letters. She just avoided interruptions and concentrated on getting into the show.

As soon as Selena left, the crowd's discussion became louder.

"Cut! Why are you pretending to be coercive!" Fang Ya threw the letter in her hand in disgust, thinking that Selena had suddenly turned her face away because she was too embarrassed, so she said mockingly, "She also knows how to be ashamed! It wasn't like that before. Are you quite proud? What is the number one beauty in the entertainment industry, and there are so many suitors! The first day I turned it on, it was full of flowers and diamonds! What's the situation now? The level of this suitor is getting lower and lower!"

"What kind of flowers and diamonds? It looks like an uneducated nouveau riche at first glance! How can you compare with a nobleman like Roman?"

"By the way, could it be that Selena purposely recruited her suitors to support the scene last time?"

"It's possible. After all, there was a real tall and handsome at that time. Susie was so popular, she didn't want to be suppressed, right?"

Hearing this, Fang Ya's eyes flashed a gleam, she lowered her voice, and said to everyone in an extremely mysterious way, "Speaking of Roman, I want to tell you a surprise, sky, big, secret, secret!"
