

Cruel Heart Lover Novel

Chapter 416

Selena was embarrassed and turned off the headset hastily, "Ahem, cough, when did you come?"

Could it be that she saw all the way she scolded people just now? Do evil!

"Actually, when I usually play games, I'm not so irritable, and I don't swear at others. The main reason is that Louis played too badly today..." Selena continued to push the blame.

The corner of Daniel's mouth curled up slightly: "It's very cute."

When Daniel came up with these three words suddenly, Selena was a little confused, "Ah? What's so cute?"

Daniel: "You look like you're swearing."

Selena: "..."

Great Demon King, do you still have humanity? I've already been seriously injured, and you still don't let me go...

"Dinner is ready, let's go eat first?" Daniel asked.

"Well, eat and eat!" She wants to eat cabbage!

...

went downstairs.

Selena saw three vegetables, one meat, and a soup on the table. They were all home-cooked dishes. They looked refreshing and appetizing. Moreover, there was actually a plate of Chinese cabbage.

Did the Great Demon King do it on purpose?

"Are these enough?" Daniel asked worriedly.

"Enough is enough, it's definitely enough!" Selena quickly picked up a few dishes to avoid danger if she opened her mouth, and began to dig into the rice.

"Eat slowly." Daniel looked at her, with an imperceptible tension in his eyes.

Selena didn't notice either, and continued to eat, but as she ate, she realized something was wrong...

"Hmm... Daniel..."

"What's wrong?" Daniel immediately put down his chopsticks and asked.

Selena took a bite of the eggplant and thought about her words, "Is the chef in your family not in a good mood today?"

Daniel thought for a while, and answered with certainty, "No, he's in a good mood today."

Selena blinked, "Then his culinary skills today...why is it a little out of order?"

Daniel's back immediately stiffened when he heard the words, but his face was still expressionless and calm, "What do you say?"

Selena pointed to a plate of braised eggplants, "This eggplant obviously has too much salt..."

Then I picked up another chopstick of wax gourd meat slices, "This dish is overcooked, the meat slices are all burnt, the scrambled eggs with tomatoes are all tomatoes, and the eggs are almost invisible... Most importantly, it seems that the soup has forgotten to put salt ..."

After speaking, he raised his head and glanced at Daniel. He was about to continue complaining but found that his expression was very strange.

Selena's heart skipped a beat, and a thought flashed through her mind, showing an incredulous expression.

After a while, she swallowed and asked weakly, "Uh, Daniel...these dishes...could...you cook them?"

Daniel's expression was heavy, as if he didn't want to admit it, but he didn't want to lie. After a while, he nodded stiffly, "Yes."

"Pfft..." Selena was shocked, "You really did it!"

It's over, it's over, it's over! Why didn't you say it earlier?

She just criticized all the dishes made by the big devil himself as useless!

Selena stroked her forehead and hurriedly made amends, "Oh, I thought it was made by your chef. Looking at the chef's level, the requirements are naturally higher. I didn't expect it to be done by you, Mr. Boss, uh, Let me ask you a question, isn't this your... first time cooking, right?"

"No, I've practiced a few times before." Daniel's face was still ugly. As a perfectionist, he failed for the first time, so he was obviously really hit.

Chapter 417

"Oh, I've practiced a few times, but I'm still a novice! I didn't mean to praise you, it's already very good for a novice to achieve this level! Look at this

eggplant, it's very fragrant, even though it's a little too much A little salt, but it definitely does not hide its flaws, and this wax gourd sliced meat, the sliced meat...is just a little old, in fact, I like to eat older ones and this scrambled egg with tomatoes..."

"Because there were eggshells in the eggs, we had to remove most of them," Daniel said.

Selena choked, and continued to boast with difficulty, "Oh, no wonder, this shows that you are serious about cooking! In fact, a little eggshell is not a problem at all. When I first cooked, as long as there were eggs, it would definitely bring Shell! And this soup, the soup is supposed to be lighter, and the most important thing is, this Chinese cabbage! It's so good! It's even better than my own!"

Selena's saliva was almost dry, and Daniel's expression finally eased, "Well, I've been practicing this for a long time."

If Selena went to the kitchen now, she would see a trash can full of failed Chinese cabbage...

The success of the plate in front of her is based on the corpses of countless Chinese cabbages...

"It's really good, you'll get better if you practice more!" Seeing that Daniel's expression softened, Selena continued to coax him.

Daniel looked at her seriously, "I will, until you are completely satisfied."

"Ah? I...I didn't mean that..." What do you mean until she is satisfied?

Moreover, in fact, she really wanted to say that in a family, one of them can cook, and he doesn't need to learn at all!

However, someone like Daniel actually washed his hands and made soup for her, his lethality was simply off the charts.

Selena, who was still in blood, had her blood bar cleared at this instant...

But even though the blood bars of being abused were all empty, she still couldn't bear to see the big devil disappointed. She was going to lose weight, but in the end she decisively swept away all the dishes and ate two big bowls of rice.

Looking at all the food that was eaten, a smile finally appeared on Daniel's face that had been depressed since dinner.

Selena stroked her round belly and sighed silently. It was worth dying to be able to smile beautifully...

"When will your live broadcast start?" Daniel asked.

Selena glanced at the time, "There's still an hour left. I'm going to practice a few rounds before starting. After all, I've changed my computer, so I'm afraid I won't feel comfortable with it."

"Well, then I'll go to the script."

"Okay, Boss-sama has worked hard!"

...

So the two split up.

Selena returned to the computer, and she didn't know if it was because she was pushed to the critical point that she calmed down. In the next few rounds, Selena finally returned to her normal level.

"You've finally recovered, otherwise we won't be sprayed to death by fans when we officially start! I said Selena, did you feel hungry just now?"

"You just think I'm hungry..."

An hour passed quickly, and at eight o'clock sharp, the live broadcast officially began.

Selena was greeting game players and fans when her phone rang, and it was a message from that guy Louis.

As for Mai, why does he have to send a message?

Selena opened it to take a look...

Foul Demon King: Dmn it!Selena, why are you at my uncle's place?

"Uh..." Selena froze for a moment, told the fans that she would reply to the text message, and then quickly sent him a text message.

Chapter 418

Keren: How do you know?

Foul Demon King: Nonsense, can I not recognize my uncle's study?

Keren: The question is, the background behind me is just a wall, okay?

Foul Demon King: Just say it!

Keren: Yes! But it's a long story, let's talk about it later, you give me a little focus, it's about to start!

Selena put away her phone and concentrated on preparing for the live broadcast.

After texting Louis for a while, countless fans left messages on the live broadcast.

Selena is so beautiful! Are you plain today?

Xixi, how is your level? Did you play well? I am also playing this game! So happy!

I thought the goddess' room was pink, but it's metallic... so cool!

...

Selena glanced at them, and then replied to them while controlling the game, "Yeah, I didn't bother to put on makeup until I went out. My level, you'll find out after a while. As for the room...uh...isn't it It's my room! I have something to do today, and I couldn't get home in time, so I borrowed the staff's place!"

Selena didn't mention where her friends were, because this room looked like a place where men lived. If she said friends, she would definitely be questioned.

Sure enough, after hearing her talk about the staff, no one was bothering with this issue anymore.

After waiting for a while, I finally entered the game.

Selena's condition has almost recovered, and she was going to show her strength, but in the end, she never expected that Louis had another moth...

This time it was his turn to be out of order, not only that, it was even worse than the few rounds when she was out of order just now.

Selena almost cursed, but fortunately remembered that this was a live broadcast, so she could only hold back until she almost hurt herself, and whispered softly:

“Senior Jiang, slow down, I can’t keep up, I can’t add blood!”

Louis! You are rushing to reincarnate! Stop for me!

“Senior Jiang, you have to protect me. If the nanny dies, everyone will be in danger!”

Dead golden retriever! are you a pig? Can’t understand human language?

“Ah, Senior Jiang, be careful, there are three people ahead, we can’t beat them, let’s go!”

Dead golden retriever! run! Why don’t you drag me to death!

...

After one round, Selena was exhausted physically and mentally.

This round was lost as expected, and there was a lot of complaints on the live broadcast. The game team had seen her and Louis’s record before and praised them very much. Now that the gap is so big, it’s no wonder the players are scolding.

Of course, it was a good thing that Louis’s fans were tough enough, so they quickly silenced the scolding.

All the troll dogs go away! We’re here to see a handsome guy, not a professional game, who cares if he plays well or not!

Our Makino face rolling keyboard I also watch!

Brother Makino, come on, I’ll send you a big yacht!

...

Although Louis's fans didn't care, Selena secretly called Louis during the intermission so as not to be mad at herself.

"Brother, are you playing with me? I finally got online, and you're going offline again?"

Louis on the other end of the phone didn't speak for a long time. After holding back for a long time, he finally said, "Should I change my name to call you big aunt?"

"Auntie, your sister! Louis, are you suffering from auntie delusions? I'm on business, okay? I'll wait for your uncle to review the script for me! Saul is not here, and he is going on a business trip abroad tomorrow. There is time later!"

"real?"

"It's interesting for me to lie to you? No... you were just thinking about these messy things just now?"

Chapter 419

"Aren't I immersed in the tragedy of being suppressed by you for a generation... It's okay, okay! Hang up! Brother Kan will take you to pretend to fly with you!" Louis hung up the phone with a snap.

Selena was speechless.

Fortunately, Louis really returned to normal after that, the two cooperated tacitly, won three games in a row with various routines, and even played a very beautiful headwind game. More and more spectators came in behind. Accidentally broke the record of that live broadcast platform.

"Beauty 666666!!! I thought the ad was just bragging! I didn't expect a girl game to be played so well!"

"You can't judge people by their appearance!"

"This beauty is an expert at first glance, okay? You don't even look at that set of mouse buttons, it's enough for me to earn several months' salary!"

...

Seeing this, Selena was stunned and subconsciously glanced at the mouse and keyboard she was using.

This thing is dark and ugly, but it's so expensive.

Fortunately, she didn't accidentally break it...

While interacting with the audience, the study door knocked three times before being pushed open. Daniel stood at the door with the script in his hand, signaling with his eyes whether she was done.

Selena took a look and found that the time required by the game company had already been reached, so she greeted everyone and logged off.

"How is it? Did it go well?" Daniel asked.

"It was a bit of a problem at the beginning, but everything went smoothly afterward! Some viewers just said that your mouse and keyboard are expensive, no wonder you use them so smoothly!"

"That's good."

"Have you finished reading the script?" Selena hurriedly asked when she saw the script in his hand.

"En." Daniel walked into the room and sat down on the sofa, his brows looked a bit solemn.

Looking at Daniel's expression, Selena suddenly became a little nervous, "Is there something wrong with the script?"

"There is nothing wrong with the subject matter..."

Selena had just breathed a sigh of relief when she heard Daniel continue, "But I don't recommend you to shoot."

"Huh? Why?" Selena was stunned.

Daniel frowned and said, "Too many dangerous shots."

"Dangerous scene? Where?" Selena recalled carefully, remembering that the heroine in the play loved exciting sports.

"You mean flying cars, bungee jumping, fencing, sea and sky flying dragons, etc.? In fact, those are all things that I messed with, and I'm sure most of them won't really play with them when they're filming. There won't be any danger!" Selena Try to persuade.

However, Daniel seemed to have made up his mind, "Selena, choose another one. If you don't like any of the ones Ling Zhizhi picked for you, I can prepare another one for you."

Selena's heart sank immediately, and her expression changed, "I don't want it! This is the one I've set my sights on! It's my must!"

Daniel pinched the center of his brows, "Be obedient."

Selena felt a little wronged, "Daniel, why can't you trust me?"

"Selena, it's not that I don't believe you. I dug you in. I'm responsible for your life and safety. This is my bottom line." Daniel's tone didn't allow the slightest room for change.

Depend on! It's so serious that it has risen to the bottom line...

Is this script doomed to miss her?

Selena never expected that after working hard for a long time, it would end like this...

In fact, those shots were really no problem for her, but seeing Daniel's appearance, it was absolutely impossible for her to let go.

How to do...

Thinking about the book that ignited her passion, Selena couldn't be reconciled, so she decided to give it a go.

What the hell, she's always been tricked by the big devil, so it must be her turn to do it again!

Chapter 420

Selena took a deep breath, and within a breath, the expression on her face and the state of her whole body changed instantly.

With her eyes downcast and her head bowed, she stood in front of Daniel, neither moving nor speaking.

Ten, nine, eight, seven, six, five, four, three, two, one...

Count down ten seconds in my heart.

During this period, Daniel couldn't bear to see the girl's depression, but he still maintained a cold expression, unwavering.

The next second, when Selena raised her head again, her eyes were already red and wet, and tears were rolling tremblingly, but they just didn't fall.

At the same time, the girl's voice became hoarse and extremely soft. She cautiously walked up to Daniel who had a heart-warming expression, moved closer, stretched out two fingers, and gently tugged at his sleeve. , "Daniel...is it really not possible?"

Daniel's frozen expression cracked a big hole almost instantly, but his mouth still remained firm, "No, Selena, I can promise you anything, but not this one."

In the next second, Selena's tears fell down with a bang, and her tone became even more pitiful, "Daniel, please, I really like this script, and I promise I will absolutely guarantee my safety, okay? I..."

Daniel: "Okay."

Selena: "...!!!???"

Ah? it is good?

After all, what she had to deal with was the Great Demon King, so she designed a series of serial plots later on, and she had just used her power to succeed, and the beauty trick hadn't started yet!

That's all right?

This is like defeating the boss with the initial skills! It is simply a bug in the system!

Selena was stunned for a long time before she could react, and she almost jumped up excitedly, "Master Boss! Did you agree? Did you really agree?"

Daniel's face froze, as if he had just realized what he said just now, and then pinched the center of his brows, looking helpless, "Can I take it back?"

Selena became anxious, "Of course not!!! A gentleman's words are hard to follow! You, you, you... If you take it back! I'll cry and faint in your place!"

Daniel sighed, "Okay, I won't take it back."

In fact, the moment her tears fell, he already knew that he was destined to compromise, so why bother struggling.

Even knowing that she might be faking it, but she still has no resistance at all, soberly watching her rationality crumble.

Selena's only regret at the moment was probably not being able to rush up and give Daniel a big boost. She cheered excitedly, "Oh! Long live! You are so kind, Boss! With a leader like you, I've never been able to do so in my last life. No, the blessings cultivated in ten lifetimes! My admiration for you is like mountains and rivers..."

The corner of Daniel's mouth raised slightly, and he interrupted her helplessly, "Okay, don't flatter me, I'm the only one who has passed the test now, and if you fail the audition, I won't open the back door for you, understand?"

"Failed the audition! How is that possible? As long as you agree... I've brushed all the **osses, can't I beat those mobs?" Selena looked confident.

Seeing the girl's radiant expression, the last trace of worry in Daniel's heart dissipated.

Forget it, it's a big deal, he will send someone to watch over the production crew, she is not a bird in the greenhouse, why bother to restrain her in the name of love...
