

Cruel Heart Lover Novel

Chapter 446

“what...!”

The white-clothed man hugged his head and howled. Selena’s terrifyingly powerful fighting skills far exceeded his expectations, and even made him completely powerless to fight back!

Kill that actress? What an international joke! Such a beautiful appearance, but such a terrifying skill! Why is that!

At this moment, Selena had already loaded the Italian Boretta 92f pistol with seven bullets in it.

Long before this, Selena had discovered that the magazines of the guns in the box were all empty, and those foreigners would naturally not be stupid enough to put bullets in the magazines.

So, when she recognized the first gun, Selena was already thinking about countermeasures.

The first time the gun was recognized was to delay time, a helpless move, the second time the gun was recognized was to make those foreigners relax their vigilance, as for the third recognition of the gun, Selena had already thought about the countermeasures.

The jacket pocket of the white shirted man protruded, and the convex shape was exactly the shape of a bullet. Selena couldn’t have mistaken the shapes and shapes of various bullets. In addition, in a place like Philadelphia, ordinary people on the road People have a common habit. After the pistol they carry is filled with bullets, they will carry a few spare bullets with them, mostly in their jacket pockets, in case of emergency.

At first, Selena found that those foreigners were too arrogant. They didn't disarm the pistol on the man in white shirt. They seemed to think that everything was under their control. Selena wanted to take advantage of those foreigners. Out of arrogance, he directly snatched the pistol from the man in white shirt, but he gave up the idea in the end.

The gun carried by the man in the white shirt was a self-made gun. Selena didn't know the range, penetration power, or accuracy, and had never touched it before. Xiong Zhi and the others will surely die.

However, in that box was one of Selena's favorite Italian Boretta 92f-shaped pistols. She could guarantee that if she allowed herself to use the 2f-shaped pistol, there would be an 80% chance of resolving the incident. crisis.

Shi Xiao and Xiong Zhi were dumbfounded. Selena's performance was really amazing. Under that weak appearance, who would have thought that there was such a terrifying explosive power hidden!

At this moment, Selena's Italian Boretta 92f pistol, which had been loaded with seven bullets, was already aimed at the bald man.

"Stupid pig, stupid pig!! Kill that b!tch for me!" The bald man was so furious that an actor pointed a pistol at him! And that gun has been loaded with bullets!

The biggest advantage of the Italian Boretta 92f-shaped pistol is that more than 90% of the bullets produced by GM Philadelphia are almost non-existent.

While the bald man was speaking, he had already moved his pistol towards Selena quickly, intending to shoot Selena first. The bald man had strong confidence in his marksmanship.

However, what he didn't expect was that the gun in Selena's hand had already fired in an instant before the gun could be aimed at Selena.

boom!

A muffled low sound spread throughout the audience, and at the same time as the gunshot rang out, there was already a bloody hole between the eyebrows of the bald man.

“thump”

The bald man fell down in response, his body convulsed for a moment and then died.

Until now, Selena didn't even look at the bald man, her eyes just fell on Shi Xiao and the white-clothed man who hugged his head and howled.

“What kind of marksmanship is that...you don't need to look at it...” Xiong Zhi's expression was shocked, and he couldn't help taking a breath.

Chapter 447

Not only Xiong Zhi, but even Shi Xiao's face was dull, his mind went blank, everything was beyond his original expectations and calculations, that actor named Selena, is she really just an actress?

“Just now, what were you talking about?” Selena was like an iceberg, so cold that it made people shiver all over.

“Stinky ba5tard!”

“fcuk her to death!”

While Selena was speaking, the other foreigners also came to their senses and realized what had happened. The arm holding the gun had just been raised, and before they could shoot Selena...

“boom!”

“boom!”

...

“boom!!”

A few more low-pitched gunshots rang out.

I saw those foreigners with guns staring wide-eyed, with bright red blood flowing from the center of their brows, and then, their bodies fell to the ground straight, and their pistols were thrown far away.

“Fast, too fast! Miss Ning... Her hand speed is really too fast!” Xiong Zhi couldn’t help but marvel, and added: “Not only is it fast, but the accuracy has reached a terrifying level. This distance is exactly The German pistol in Miss Ning’s hand has the limit of range, the limit of hand speed plus the limit of calculation ability... and the limit of accuracy! It can’t be just an actor! She...what the hell is she doing!?”

Can an actor have this kind of ability? Even if Xiong Zhi was killed, he would never believe it.

At this moment, Xiong Zhi suddenly smiled wryly for no reason. He really didn’t know what the boss was thinking. This kind of woman needs to be protected by himself? Does she need someone’s protection? She went to protect others and still said the past!

Shi Xiao opened his mouth slightly, as if he wanted to say something, but in the end he didn’t say anything.

From the beginning to the end, Selena didn’t even look at the foreigners. The guns in her hands seemed to be firing randomly, but the fact is that those foreigners didn’t even have a chance to shoot. In just a split second, Selena fired several shots. Fatal, in the blink of an eye, only the foreign woman Alice was left.

"Ah!" The white shirted man was still hugging his head and howling, like the sound of killing a pig.

"An eyesore... Get out!" Selena threw her leg, forcefully kicking the white-clothed man a few meters away.

Shi Xiao and Xiong Zhi didn't dare to show their spirits, especially Shi Xiao, although he wasn't afraid of Selena's explosive power and extremely skilled fighting skills, but she had a gun in her hand...that terrifying marksmanship...

"You are very lucky. If you had dared to talk to me like this a few years ago, you would have been dead." Selena glanced at Shi Xiao: "What I mean, you...do you understand?"

"I...I know." Shi Xiao gritted his teeth, finally nodded submissively, and his instinct told him that he couldn't afford to provoke this woman.

"Miss Selena, beat that woman to death!" Xiong Zhi hurriedly said seeing that Alice was still alive.

Selena looked at Alice: "What did you say about me just now... you can only sell your body, kill me, just use your hands?"

Hearing the sound, Alice frowned, and said coldly: "In my eyes, you are nothing, you stupid pig!"

After saying that, Alice quickly drew her gun.

boom!

However, Selena's muzzle was the first to burst into flames.

Alice exclaimed, Selena's speed was too fast, much faster than her, and this bullet did not hit her body, instead it knocked the gun out of her hand.

Snapped!

Alice's gun was knocked into the air and hit the ground more than ten meters away.

"Awesome! Kill her!" Xiong Zhi was full of excitement.

"It's out of bullets." Selena also threw the empty gun aside, "It's just right, and I need to keep a life alive."

Chapter 448

"You're looking for death!" Alice stared angrily, and she ran like the wind, very agile, and punched Selena.

"The red and black section...are you still this arrogant now?" Selena shook her head, her expression indifferent, she didn't pay attention to Alice at all.

"Be careful, that woman is very powerful!" Xiong Zhi couldn't help reminding.

As soon as the words were finished, Selena's right leg was suddenly raised, extremely agile, it was lifted up for a few minutes, and then swiftly and violently slashed down, forming two broken lines.

Click!

That foreign woman, Alice, had just gotten close to Selena, and Selena's kick had already landed. It was heavy and fast, and this kick hit Alice directly on the top of the head!

Almost at the same time, Alice's whole body seemed to lose consciousness and fell to the ground like mud.

"Dizzy...fainted?" Xiong Zhi was stunned, but Selena's kick to KO the foreign woman was really amazing!

"I forgot to tell you... I'm a black belt." Selena glanced at Alice who was in a coma, and said calmly.

Looking at the scene in front of them, Shi Xiao and Xiong Zhi looked at each other in blank dismay, both of them were stupefied, they were almost numb from shock...

"Selena..."

At this moment, a familiar voice suddenly came from behind.

this voice...

Daniel?

"Master Boss!!!!" Selena ran over, walked up to the man, looked him up and down, made sure he was intact, and finally breathed a sigh of relief, "You're fine! That's great!!!"

"You..." At this moment, Daniel's complexion was extremely ugly, his whole body seemed to be burning in a raging fire, and he felt anxious, "Who gave you permission to come here?"

It was the first time that Selena saw Daniel so angry and frightening, she shrank her shoulders when she was yelled at, "Master Boss, hello... so scary..."

Daniel gritted his teeth, "Are you still afraid?"

Selena pointed at her finger, with a pitiful expression, and said weakly, "How can you not be afraid, she is a girl after all, she was almost scared to death just now, her calves were trembling! Boss, you Stop yelling at me, please comfort ... please touch me..."

behind.

Shi Xiao: "..."

Xiong Zhi: "..."

The corners of the mouths of the two were twitching, with black lines all over their heads. Is this woman smart? She was so arrogant that she was about to go to heaven just now. Where did she look scared?

The boss will believe that she is a ghost!

"You..." Daniel looked at the panicked expression on the girl's face, even though he was burned by the flames, he could only endure it forcefully, not daring to hurt her in the slightest, with a frozen face, he took a deep breath and finally suppressed it. To suppress the anger in my heart, I stretched out my broad palm and touched the girl's head, "Don't be afraid, I'm here."

Selena let out a long sigh of relief, and secretly patted her chest. Finally, she escaped a catastrophe. It's too scary for the boss to get angry.

After that, he continued to blink his eyes and said weakly, "Hmm... I won't be afraid when I see Lord Boss! As long as... as long as you don't yell at me..."

Daniel looked apologetic, "I'm sorry, I lost my composure for a while, and I won't do it next time."

Shi Xiao: "..."

Xiong Zhi: "..."

Blind our dog eyes!

Who is this?

This is their boss Daniel?

Are you kidding me?

Isn't this person their boss, but another trap for the enemy?

The only person on the scene who was calm was Cheng Feng, who was following Daniel, pushing his glasses on the bridge of his nose, with an expression of "I'm still not calm because of my short-sightedness".

Chapter 449

On the car leaving the armory.

Knowing that Daniel was fine, Selena finally relaxed and stared blankly at the scenery outside the car window.

Philadelphia...the last time I came here, it was still a bustling city...

Now only the devastation left by the war...

When Selena was looking out the window, Daniel's secretive eyes were on her.

No matter how seamlessly he planned everything, he never expected that the moment he brought people here and opened the warehouse, he would see Selena, who was far away in China, appear here, in such a dangerous place!

Not as good as his mind was broken, and he was shocked by another scene.

The girl shot in an instant, and everyone was killed by her gun in an instant, and she subdued the foreign woman with a sharp blow...

At that moment, the cold eyes of the girl in front of him and the aura around her were so strange, there was no familiar shadow on her body, just like another stranger.

he knows...

That girl is still Selena...

That was her in the past...

However, when she flew towards him in surprise and said pitifully that she was afraid, he knew that she was still his girl.

Selena turned her head inadvertently, and faced Daniel's deep gaze, she couldn't help swallowing nervously, "Uh, Mr. Boss... what do you think I'm doing... Maybe I'm going to settle accounts after the fall? Are you really angry? of!"

Daniel withdrew his thoughts, "I still have some things to deal with in Philadelphia. Do you want to go back to China first, or come with me?"

Selena thought for a while and immediately replied, "I'll go back with you!"

After finishing speaking, he explained, "Anyway, I don't have much work these days, so it's hard to come here, and it's considered a trip to wander around!"

Hearing this, Daniel looked at her coldly, and his tone was a little cold, "If you go with me, you are not allowed to leave my sight for a few days."

"Huh?" Selena had a bitter face, "Aren't I going to suffocate to death?"

Daniel's face darkened instantly.

Seeing this, Selena quickly changed her words, "No, no! How can it be boring to be with Boss-sama! It's a great honor for me to accompany Sheng Jia..."

In the back seat of the car.

Xiong Zhi coughed lightly, and lowered his voice, "Miss Selena... isn't she really schizophrenic?"

Shi Xiao rolled his eyes at him, "Smart a55! Haven't you seen it yet? She's clearly pretending to be a pig and eating a tiger!"

"Tiger...Tiger refers to the boss?" Xiong Zhi was still confused, "Then how do you explain the attitude of the boss towards Miss Selena?"

This time, Shi Xiao had nothing to say, he choked and muttered: "I don't know, I'm scared to pee!" Before he almost thought that the boss was someone else's fake!

Cheng Feng, who was busy dealing with documents, finally couldn't listen any longer. He raised his head and glanced at the two of them, "What do you two single dogs know? This is the power of love!"

The car drove all the way to the safe zone.

In the hotel, Daniel took her directly to his suite.

First, he led her to sit on the sofa, and then went to the balcony to make a phone call.

A while later, Cheng Feng brought over a psp game console, fashion magazines, and a bunch of snacks.

After Selena was settled, Daniel called his subordinates for a meeting. There was a window in the middle of the meeting room, so he could clearly see Selena in the opposite living room.

He really managed not to leave his line of sight at all...

Chapter 450

Selena sat among a pile of game consoles, magazines, and snacks, feeling as if she was a pet waiting for its owner...

After a while, Cheng Feng, Shi Xiao, Xiong Zhi and several others filed in.

The other subordinates who had never met Selena were all surprised when they saw a pretty girl sitting here with Daniel. Shi Xiao and Xiong Zhi looked at them and sat on the sofa holding magazines. The corner of Selena's mouth twitched slightly...

Selena couldn't be in the mood to eat, drink and have fun right now, so she took a sneak peek at Daniel, and while he was concentrating on his work, quickly sent a text message to a certain ba5tard...

Surnamed Yun, you ba5tard tortoise!

In order to express anger, countless exclamation points were followed.

Soon, the other side replied.

Yunluobo: Say it again!

Depend on! How dare you threaten her? He is still reasonable!

Selena typed: As you wish! Turtle ba5tard!

Yun Luobo: Selena! you wanna die!

Selena looked at this line of words and became angry: fcuk, you are not allowed to talk about the immoral things you have done yourself! If you can't beat them clearly, you will secretly attack them! This kind of despicable and shameless behavior is insulting the tortoise to say that you are a tortoise!

It took about ten seconds before the other party replied to her: Yun Luobo: I sneak attack?

Selena continued to quickly edit and send the message: It's not who you are! Don't tell me Philo and Alice aren't your people!

This time there was almost a second reply: Yun Luobo: Are you on the right track?

Selena snorted: Nonsense! If it weren't for my wit and bravery, I would have lost my life! Of course, this is not the point, don't change the subject!

Yun Luobo: My dear, this is of course the point.

...

Meanwhile, in Las Vegas, a speakeasy.

Dazzling lights, deafening music, men and women on the dance floor are reveling in their dreams.

In the middle of the bar, under the huge spherical crystal lamp, in a large and luxurious booth, sat a blond Italian man in the middle. The man was handsome, but his eyes were a little sinister.

At this moment, he is surrounded by a large group of hot beauties, drinking and having fun wantonly, a scene of corruption like a pool of wine...

And just a few steps away from him, sat a black-haired man with an oriental face.

The man was sitting alone on the large sofa, wearing a pair of elegant gold-rimmed glasses, a bluetooth headset on his ear, and a laptop on the coffee table in front of him, exuding an air of "no one should enter" all over his body. breath.

No matter how carousing the bar was, no one dared to approach him, which was in strange and stark contrast to the Italian man opposite him who was indulging in wine and sex.

After a while, the black-haired man looked in the direction of the computer, nodded respectfully, then got up, walked to the opposite Italian man, and asked calmly, "Mr. Augustine, Filo's action is your order?"

The blond Italian man raised his drunken face, "Umm... Philo... Oh yes, it's my order! What's wrong my dear partner?"

The black-haired man said blankly: "You moved someone who shouldn't be moved."

"The one who shouldn't be moved?" The Italian man looked confused, and then suddenly remembered something, showing an expression of enlightenment, "You mean that woman..."
