

Cruel Heart Lover Novel

Chapter 491

Selena looked at Daniel with sparkling eyes, "It's amazing! Lord Boss, I found that since I met you and Rick, I have been lucky and everything goes smoothly! You two must be my lucky stars! A little Lucky star, a big lucky star!"

Daniel couldn't help but laugh, "Really?"

Cheng Feng burst into tears! The proprietress is mighty! The boss was actually amused!

Because Gong Shangze didn't have a place to stay in the imperial capital, Selena, accompanied by Daniel, found a hotel near the Pearl River Imperial View to settle him down first.

Selena stood at the door and waved her hand, "Shang Ze, I'm leaving now! Get a good night's rest, and I'll come and find you tomorrow! I'll take you to buy clothes, bags, mobile phones, and anything else you need. See you later..."

Gong Shangze's face was full of emotion, "Actually, it doesn't need to be so troublesome, I just need a place to stay..."

Selena immediately expressed dissatisfaction, "How can that be, you are mine now!"

Gong Shangze's eyes were slightly red, "Thank you boss!"

Hey, hey, Gong Shangze's appearance is too easy to arouse people's desire to protect, Selena's tone is quite gentle, "Be good, go to sleep!"

...

After walking out of the hotel, Selena said with emotion, "Master Boss, I only know now that it feels so good to be a boss!"

"It's good to be your employee..." Daniel murmured subconsciously.

"What?" Selena didn't hear clearly.

"Hey, it's nothing...Have you chosen the address of the studio?" Daniel asked.

Selena scratched her head, "Not yet! This is not a trivial matter, I have to think it over!"

"Let's talk about your requirements and budget later, and I'll list a few suitable addresses for you," Daniel said.

Selena was naturally sorry when she heard that, "Huh? This is not good, is it? It's too much trouble for you!"

Daniel has so many things to do every day, how can he trouble him to do such trivial things for him!

Daniel glanced at her, and said unhurriedly, "No trouble, you are mine."

Selena: "Cough cough cough cough..." Well, Great Demon King, you win!

The car quickly drove to the downstairs of Zhujiang Dijing.

Selena was about to say goodbye to Daniel and get out of the car when Daniel's cell phone rang suddenly.

Daniel signaled Selena to wait for a while, and then connected to the phone, "Well... I'm still outside... What?! When did it happen? Okay, I'll be right back!"

Hearing that Daniel's tone was wrong, Selena immediately asked anxiously, "What's wrong?"

Daniel's expression was normal, he patted her head and said, "It's okay, let's go back and rest!"

Selena didn't get out of the car, she remained motionless and stared at him steadfastly.

Daniel laughed, "It's really all right, there is a little problem with the company, I'll just go over and have a look, I won't lie to you, just go!"

Selena still didn't move, but her gaze became sharper, "Did something happen to Rick?"

Daniel's expression was obviously a little surprised, as if he didn't expect her to guess.

Seeing Daniel's expression, Selena knew that she guessed right. In fact, she didn't know why she insisted on it, but she just had a hunch.

"What's wrong with Rick?" For a moment, Selena's heart rose to her throat.

Daniel comforted in a soft voice, "It's just a little problem. It's just a little bit of a fever. You know, it's normal for a child to have a fever. The doctor has already passed by. I'll go back and have a look right away. There's nothing serious about it."

Although Daniel said it very easily, Selena didn't feel relieved at all, clutching her thumping heart that was beating faster and faster, she had an inexplicably ominous premonition...

Chapter 492

Although Daniel said it easily, Selena didn't feel relieved at all, clutching her thumping chest, feeling inexplicably ominous, "Daniel, take me with you, I won't make things difficult for you Yes, if I don't go in, I'll just wait outside, if

Daniel was almost heartbroken by her crying, but he didn't know how to coax others, so he could only hold her in his arms, caressing her crying back, "If I knew it, I wouldn't have told you... .."

Never expected that Selena's reaction was bigger than he expected, it was terrible!

In front of him, Cheng Feng, who was driving, was also shocked beyond words. Not only was he shocked that Selena, who was like a carefree woman, would have such a fragile side, but he was also shocked that the boss had such a tender side...

Today, he has been refreshed too many cognitive records!

What surprised him the most was the feeling between the two of them, really like a couple worried about their precious son...

There is no sense of violation and...

Selena was so regretful right now that her guts were turning green, why did she only see Rick briefly when she sent Daniel to the old house last time, and then left so quickly, why didn't she care much about Rick? Why didn't he dare to have too much contact with Rick because of the attitude of the second elder? Why not be thick-skinned?

After crying for a long time, Selena finally calmed down a little, "Daniel, don't hide it from me, I want to know!"

Daniel: "Then you promise not to cry."

Selena: "I... don't promise!"

Daniel supported his forehead, but in the end he could only compromise, and explained in a gentle tone, "Actually, it's an old problem. After Rick's accident, it would happen once in a while. The symptom is high fever. But it is different

from the general fever situation, the high fever does not stop, no matter what situation you use, there is no way to reduce the fever..."

Chapter 493

Selena was full of panic, "How could this be..."

Daniel hurriedly comforted him, "It's been more than half a year since this happened last time, Little Treasure hasn't had an attack, this time it might just be a normal fever, don't be too nervous!"

Selena knew that it must be more than just a simple fever, otherwise Daniel's tone just now would not be like that...

"Cheng Feng! Stop!!!" Selena suddenly yelled at Cheng Feng who was driving ahead.

Cheng Feng knew very well that even if he didn't listen to the boss, he must listen to the boss's wife, so he subconsciously obediently pulled the car over to the side of the road, "Miss Ning, what's wrong?"

Selena didn't say anything, she opened the back seat door, got out of the car, then walked to the front, opened the driver's door, "Get down, sit in the back!"

"Ah?" Cheng Feng was confused.

However, Selena couldn't wait any longer, she grabbed him by the collar and stuffed him into the back seat, then got into the driver's seat by herself, kicked the accelerator...

After the sound of the engine "buzz", the car rushed out like an arrow off the string...

Cheng Feng didn't react. He was so frightened that he was about to have a heart attack. He quickly grabbed the handrail of the car roof and looked at the girl in the driver's seat in front of him in horror.

It was obviously a weak little white rabbit who was crying just a second ago, but why did he switch to the cold and serious drag racing queen in an instant...

Give me a little buffer, please?

Daniel glanced at his wife who was racing, and wanted to speak, but in the end, he didn't say anything, forget it, let's go! It's okay to let her vent!

The car kept overtaking, flying, and turning sharply. Cheng Feng was about to throw up. He looked at the boss next to him begging for help, hoping that he could persuade him, but who knew, he saw the indulgent and indulgent eyes of the boss... ..

After a while, they had already reached the gate of the old house, and the car was still at a speed of 400 yards. Seeing that the car was about to hit the gate, Cheng Feng closed his eyes in horror...

The next second, Selena slammed on the brakes, and the car came to a solid stop half a meter in front of the gate of the old house.

As soon as the car was parked, Selena immediately turned her head and urged, "Daniel, hurry up!"

"Okay, you wait for me here." Daniel got out of the car and walked quickly towards the brightly lit courtyard.

In the back seat, Cheng Feng almost climbed out of the car. He leaned on a big tree as soon as he got out of the car, and vomited faintly...

In the living room, all the servants had trembling expressions, Lu Chongshan was full of anxiety, and Yan Ruyi's eyes were swollen from crying.

After seeing Daniel come back, Yan Ruyi seemed to have seen the backbone, and rushed to meet him, "Daniel, you're back! Go and see Rick!"

Daniel went straight into Rick's room, and saw that the little guy on the bed was as pale as paper, his lips were chapped, and his small body was twitching non-stop. There was a circle of doctors around him, everyone looked panic-stricken.

Daniel's expression darkened in an instant. Rick's situation was more serious than he imagined...

"How could this be?" Daniel's tone was extremely cold.

Yan Ruyi's eyes dodged a little, "I...we don't know, Rick has been in a bad mood since the afternoon. We went to the doctor to see him, and he said that he just had a low-grade fever, which is fine. Who knows, he suddenly died in the middle of the night. The fever reached almost 40 degrees, and the body began to convulse, and the temperature could not be lowered! It was exactly the same as before!"

Chapter 494

"Have you taken any medicine?" Daniel asked.

Qin Mufeng, who was cooling Rick with alcohol, wiped the sweat from his forehead, straightened up, and said solemnly, "I used it, as usual, it was useful on the spot, but the temperature rose again soon, Rick's body is too weak, it is not suitable for this kind of frequent and high-intensity medication, and the sedatives must not be used anymore, otherwise you will hurt the enemy one hundred times and yourself eight thousand!"

Looking at the trembling and convulsing baby grandson on the bed, Yan Ruyi burst into tears, "Then we can't just watch Rick burn like this! Aren't you doctors all very good? A little cold and fever can't be cured?"

Qin Mufeng had a headache and said, "There are many things that medicine can't explain. We have checked Rick countless times before, and there are no other diseases in his body. If there is no disease, the doctor can't do anything about it!"

"Little Treasure is so sick, how can he be fine? It's obviously because your medical skills are not good!" Yan Ruyi obviously couldn't listen to any explanation.

Lu Chongshan supported his wife's shoulders, and said in a deep voice, "Ruyi, calm down!"

"Rick is like this, how do you let me calm down? I should have listened to me and hired someone to exorcise the evil spirits! These doctors are useless at all! The more I look at Rick's situation, the more I look at it. Or you just lost your soul!" Yan Ruyi said excitedly.

Lu Chongshan's face changed when he heard it, and he scolded angrily, "What are you talking about? What nonsense are you talking about! Rick is on vacation today, and he didn't go to school or go out. He has been at home all the time. What kind of evil can he be against?"

Yan Ruyi still didn't give up, "Then you should explain to me, what is the reason? It's better to believe in something than nothing!"

Lu Chongshan's face was dark, and he couldn't help reminding her, "When Rick fell ill last time, I listened to you and asked some sorceress to summon her soul. What happened? In the end, Rick's condition became more serious, and almost... you You...you are still thinking about those messy things, do you want to kill Rick?"

"Then...then let's invite Master Xuanjing!"

"You think Master Xuanjing is a charlatan, you can invite him if you want? It's not like you don't know that he never interferes in such matters!"

"Then...then tell me what to do!"

...

Taking advantage of the quarrel between the two elders, Qin Mufeng pulled Daniel into a corner, and said in a low voice, "Actually, I still think it's due to psychological reasons, let me tell you secretly, there is no reason why your little treasure suddenly behaved like this, it's just that they are afraid of you. Get angry and dare not tell you.

Aren't your parents busy helping you with a blind date during this time? Mrs. Zhuang came to your house as a guest today, bringing her eldest daughter, Travis, together, she probably accidentally bumped into Rick, what kind of stimulation did Rick suffer..."

Daniel's face became extremely cold in an instant, but those two were his close relatives, and this incident was not directly caused by them. Now the two elders were too frightened to be able to hold on, and they might fall ill at any time. He said seriously Can't say anything.

"Little Treasure is important, don't worry about it too much, let Selena come over and have a try!" Qin Mufeng expressed his final opinion.

Daniel pinched the center of his brows, and his tone was a little irritable, "I'm afraid that if she comes, two people will get sick by then!!!"

Just listening to him can't take it anymore, if she really sees Rick become like this, how sad will she be...

Chapter 495

Qin Mufeng touched his nose after being yelled at, "But now there is no other better way..."

Hey, in fact, it was very difficult for him to propose this method, and it was hard to say. After a fierce ideological struggle, okay?

As a psychiatrist himself, he still had to rely on Selena, a layperson, in the end, he was really ashamed...

Seeing that Rick was getting more and more serious, Yan Ruyi was crying so much that she was about to faint, and Lu Chongshan was also reeling and almost couldn't hold on anymore.

Daniel cursed in a low voice, and finally called Selena, "Selena..."

"Daniel! How's Little Treasure? Are you okay? Is there nothing serious?" Selena asked impatiently.

Daniel found it difficult to speak, "You...you come in! Wait a minute, I'll go outside to pick you up!"

After hanging up the phone, Daniel immediately walked out the door.

Yan Ru felt that Daniel was going out, and she was anxious, "Daniel, Rick is like this, where are you going!?"

Daniel didn't reply, he strode out without looking back.

At the gate of the courtyard, Selena had already got out of the car, and was standing outside the gate, pacing back and forth, looking into the courtyard from time to time, anxious to see through.

In the next second, he finally saw Daniel's figure...

"land..."

Before Selena could speak, Daniel opened the courtyard door, took her hand and walked into the courtyard without saying a word.

Selena glanced at Daniel's tightly gripping hand, and somehow knew what was going on inside.

Rick, it's probably more serious than she imagined...

An unprecedented fear began to seep into the bottom of my heart from the bottom of my feet...

At this moment, Rick's room was in chaos.

At this time, there was a sudden sound of footsteps behind him.

Everyone subconsciously turned around, and then saw the girl beside Daniel.

Lu Chongshan's expression changed instantly, "Why did you bring this woman here? Do you think Rick is not serious enough?"

To Lu Chongshan, Selena was probably a more hateful existence than a witch or witch.

Although Yan Ruyi's attitude was a little displeased, it was not as fierce as Lu Chongshan's repulsion. Now she is completely lost.

Lu Chongshan panted violently, and roared, "Get her out immediately!"

Daniel squeezed Selena's hand tightly, and was about to speak, but Selena suddenly shook her head at him, and then broke away from his palm.

Unlike what Daniel expected, Selena would collapse on the spot.

To his surprise, seeing Rick who was dying of illness on the bed, Selena's expression was extremely calm and calm. She didn't even care about Lu Chongshan's roar and scolding. After breaking away from Daniel's hand, she went straight to Rick's go to bed...

She was obviously a girl who looked weak and weak, but her eyes at this moment showed a terrifying coldness of meeting gods and gods and gods and Buddhas and Buddhas.

As a result, the doctors and servants who had listened to Lu Chongshan's order and wanted to stop Selena unconsciously gave way to her.

Seeing this, Lu Chongshan was furious, "Stop! What are you trying to do! Didn't you all hear what I said? Who allowed you to let her in!"

Daniel stretched out his arm to block his father who was trying to rush forward himself.

At this moment, Selena had already sat on the edge of Rick's bed. She first quickly took off the coat that brought the cold outside her body, then uncovered the thick quilt on Rick's body, and finally, scalded the skin carefully, leaving her limp little body The guy was gently hugged into his arms...

Chapter 496

Seeing this daring woman who kept ignoring his warnings, and even dared to touch Rick with her dirty hands, Lu Chongshan was so angry that he was about to reprimand him, but for some reason, he suddenly fell silent...

Although Rick had already been burned to a daze, after being held in Selena's arms, he seemed to subconsciously know who was holding him, and immediately grabbed Selena's clothes tightly with his warm little hands. corner, her hot face also rubbed against Selena's embrace.

Selena had been trying to keep her composure, because of Rick's subconscious gesture of being close to her, her disguise broke in an instant, and because there were too many other people present, she tried her best to hold back, but her eyes were slightly red...

At this moment, Selena had already completely ignored all the eyes around her. Whether it was the doctors, or the old man and old lady who were glaring at him, all she could see was the weak and uncomfortable little bun in her arms.

Selena hugged the little bun even tighter, leaned over and kissed the little bun's forehead, then kissed his little cheek, with an extremely gentle tone, "Honey, auntie is here, don't be afraid..."

That voice seemed to have a special ability to calm people's hearts. Not only Rick, but everyone else present felt that the heat and panic in their hearts had been dispelled.

Lu Chongshan still stood there blankly, forgetting his anger for a moment...

Little bun curled up in Selena's embrace with great attachment. Although his little body was still shaking, the look on his little face was obviously not as painful as before, as if he was being tortured by a nightmare, but rather An Xin and meet...

Selena adjusted her posture, stood up, and let the little bun's head rest on her shoulders.

Daniel helped Selena adjust the little bun to a comfortable position, then picked up the blanket on the bed and draped it over his son.

Then, Selena started to walk around the room, humming in an extremely soft and soft voice, "Sleep, sleep, my dear baby, mother's hands, gently rocking you... .."

"Sleep, sleep, my dear baby, mother's arms will always protect you..."

"Sleep, sleep, my dear baby, mother loves you, mother likes you..."

...

this woman! She dared to call herself Rick's mother, so shameless! Lu Chongshan was supposed to be furious, but for some reason, seeing the girl hugging Rick while walking around and humming to sleep, the anger in his heart didn't explode, but he felt like he didn't want to disturb and disturb .

And the other doctors and servants nearby, especially the women, saw the little bun with its head resting on the girl's shoulder, with a look of reassurance and nostalgia on its face, all of them couldn't help but have their eyes flushed.

Hey, the young master is really pitiful. He has not been loved by his mother since he was a child. In fact, at this time, a hug, a kiss, and a gentle lullaby from his mother are more effective than any panacea, right?

They even thought that it would be great if this girl was really the young master's mother!

The one with the weirdest expression on the scene was Yan Ruyi.

She looked at the precious grandson who was nestled on Selena's shoulder, gradually calming down, even his body no longer trembling and convulsing, and inexplicably recalled the words of Master Xuanjing that day...

Fortune unparalleled... Fortune unparalleled...

Chapter 497

Selena was not a doctor, so naturally she couldn't know how to treat illnesses, she was just calming Rick purely by instinct.

In addition, there is also a tacit understanding that even she herself finds incomprehensible.

When the little bun moved a little, or hummed, or even frowned, or the breathing rate was wrong, she would naturally know where the little bun was uncomfortable, or change her posture, or ask Daniel to cover the little bun with a blanket, or Little bun whispered in his ear that he was always here.

Before Selena came, Little bun was lying on the bed, restless. No matter how many people were taking care of him and surrounding him, he still couldn't settle down. Now that he was hugged by Selena, The little head rested on her shoulders, looking extremely comfortable and comfortable, and even gradually fell into a sweet sleep...

Seeing this, the doctors and servants beside him looked at each other, they were all relieved, and at the same time, they were all quiet, not daring to make any sound, for fear of waking the little guy up again.

If something really happened to the little prince tonight, everyone in this room would be finished!

The most serious thing about Rick's condition was not the fever, but his emotions kept his body in high tension even though he was extremely weak and in need of rest, and couldn't sleep. How could his illness recover like this.

The arrival of Selena undoubtedly solved the most critical problem at present.

Selena had been coaxing the little bun for a long time, and Daniel carefully noticed that she was moving her arms uncomfortably.

After so long, how could the arm not be sore.

Daniel made up Rick's crib, and motioned Selena to carry Rick to the bed and go to sleep.

Selena glanced at the little bun in her arms, saw that the little guy was breathing steadily and had fallen asleep completely, so she walked slowly to the side of the bed, bent down, and carefully put the little bun on the bed...

Lu Chongshan and Yan Ru finally calmed down after seeing the situation. However, as soon as Selena put the little bun on the bed, the little guy's originally sweet and peaceful face immediately wrinkled into a ball, and his body began to tremble slightly.

Seeing that Rick was about to fall ill again, the second elder was terrified, and before he breathed a sigh of relief, he raised his throat again.

Selena was naturally the first to notice, and immediately hugged the little bun back, clapping and singing for a while, although she looked a little helpless, she didn't show any impatience.

Although Daniel was worried about his son, of course he also felt sorry for his wife. He immediately walked over and helped Selena sit down beside the bed.

"What's wrong?" Selena hugged the little bun and cast a suspicious look, but the next second, her eyes widened in astonishment.

Daniel squatted down and actually helped her take off her shoes.

Of course, what was more surprising than Selena was the other people who were quietly standing in the corner of the room, as well as the big devil's own parents...

Only Qin Mufeng touched his nose, with an expression that he was used to even though he was blinded by the flash.

After Daniel helped Selena take off her shoes, he gently put her legs on the bed, then put two soft pillows behind her, let her lean against the head of the bed, and helped her adjust a comfortable position, then Covering her with a quilt, her face was serious, and her tone was completely irrefutable, "You also

need to sleep for a while, and you rushed over as soon as you got off the plane, and you haven't had a rest all this time."

"Oh..." Selena put the little bun on her lap and hugged her, leaning on the soft pillow behind her, it really felt much more comfortable.

Chapter 498

"Oh..." Selena put the little bun on her lap and hugged her, leaning on the soft pillow behind her, it really felt much more comfortable.

It's just that those fiery eyes around me are really too much to bear...

Daniel waved his hand with a cold expression. Everyone immediately recovered from the shock and retreated tremblingly. They could only guess secretly in their hearts, what is the origin of this woman brought back by the young master?

Not only did he coax the young master well when he came, but he also made the young master who had never been close to women or even cold and had almost no human feelings be so gentle!

"Could it be...Could it be that this woman is our young master's biological mother?" A little maid had a sudden realization on her face.

"Impossible, isn't it? Didn't the young master's own mother die long ago? Otherwise, which woman would be so cruel and willing to abandon her own flesh and blood!"

"And he is such an outstanding man as our young master!"

"Maybe there is something unspeakable?"

"You guys, are you tired of working? You dare to talk about such things. If the old lady knows about it, wait to be kicked out!" A servant with a higher status sternly reprimanded everyone, and everyone fell into panic. sounded.

In the Lu family, the topic of the young master's mother has always been an unspeakable taboo.

In the house, Selena had been on a long journey, and because of the scares Little bun had received tonight, she was indeed a little tired at the moment.

However, there are two big men, Lu Chongshan and Yan Ruyi, in the room. They are standing, and she is uncomfortable enough lying on the bed, let alone sleeping in front of them...

"Dad, Mom, go and rest too, I'll watch over here." Daniel said to the two of them.

Lu Chongshan looked at his baby grandson, who was being held in Selena's arms and was already sound asleep, with an extremely tangled expression.

Frowning and about to speak, Yan Ruyi at the side gave him a hand, "Then let's go out first, Rick must tell us immediately if there is any situation."

"Ok."

In the living room, Lu Chongshan who was pulled out had a displeased expression on his face, "What are you pulling me for?"

Yan Ruyi had a hesitant expression, "Chongshan, don't you think that girl is special?"

"What's so special? It's just that she can coax people! Otherwise, how could Rick and Daniel have been fascinated by her?" Lu Chongshan was most annoyed at the moment when he watched his son and grandson being completely controlled by that woman. Unfortunately, there is nothing I can do.

"Rick was so uncomfortable before, but it's fine once she comes. Is it useful to coax her casually?" Yan Ruyi showed a disapproving expression.

Lu Chongshan knew that he did have a little prejudice, but it was absolutely impossible to admit it, so he said in a low voice, "Then why do you think it could be?"

Yan Ruyi tentatively said, "Perhaps... it's because this girl has a good life and good luck, and she can protect our little treasure!"

Lu Chongshan's face darkened when he heard this set of words, "What nonsense are you talking about again!"

"Where am I talking nonsense, Master Xuanjing said it himself!" Yan Ruyi blurted out excitedly.

"What did you say? How could Master Xuanjing say such things?" Lu Chongshan immediately asked with a serious face.

Yan Ruyi's eyes flickered, and she said in desperation, "To tell you the truth, when I asked Master Xuanjing to test her horoscope that day, I took this girl's horoscope with me along the way..."

Chapter 499

"You...you..." Lu Chongshan was furious when he heard that, "What are you doing with that woman's horoscope? Don't tell me you still want her to come in?"

Yan Ruyi shrugged her shoulders, and raised her voice casually, "How is it possible! I...I was just worried that this woman would harm us Daniel and Rick, so I wanted to test it for the master, okay?"

After all, Lu Chongshan was still a little curious, sulked for a while, then glanced at her, and asked, "The result?"

Yan Ruyi's expression was a little excited, and she said in recollection, "As a result... none of the girls we've been picking for so long has a good horoscope, but only this Selena, Master Xuanjing said, her destiny is unrivaled fortune, Wangfu prospers a family, and many children are blessed!"

Although Lu Chongshan was already mentally prepared, he was still surprised when he heard such words, "How is it possible? Master Xuanjing really said this?"

"What did I lie to you for? These are the exact words of Master Xuanjing, verbatim! Master Xuanjing also said that this girl's horoscope is very compatible with our Daniel! I didn't believe it at first, but I was afraid you would blame me." , that's why I didn't tell you all the time. I didn't think about it until today about Rick. All of us have tried everything, but it didn't work at all, but when this girl came, our Rick's illness immediately Most of the time, even if Rick likes this girl, it's impossible for her to have such a big influence..." Yan Ruyi analyzed a little bit.

Lu Chongshan paced back and forth in the living room with a serious face when he heard the words. After a long while, he finally made a decision, and said in a deep voice, "Bazi is just a formality, how can it be completely taken seriously. This matter is not allowed to be mentioned in the future. Besides, Rick It's still unknown whether it's good or not, in case later..."

"Bah! Did you curse your grandson like that!" Yan Ruyi immediately scolded her husband with dissatisfaction.

"I'm just worried about Rick..." Lu Chongshan also realized that he had made a slip of the tongue, and looked embarrassed.

Lu Chongshan thought about Yan Ruyi's words just now, struggled and hesitated for a few times, finally stared at his wife seriously, and said sharply, "Bazi is illusory, but one's quality can be real. From all aspects, don't forget how Rick became like this two years ago, it's because we trusted that kind of person..."

In fact, Yan Ruyi also knew that even if Lu Chongshan knew what Master Xuanjing said that day, his attitude might not change much. After hearing this, his face paled slightly, and he nodded, "I just said that, Naturally, we will still be cautious..."

In Rick's room.

After Lu Chongshan and Yan Ruyi left, Selena felt sleepy immediately, but she still didn't dare to sleep because she was worried about the little bun.

Daniel sat on the edge of the bed and adjusted the quilt for her, "Go to sleep, I'm here, I'll call you if I need anything."

After finishing speaking, he pressed a kiss lightly on the girl's forehead.

Selena's eyes widened immediately, and most of her drowsiness fell from Daniel's shock. Are you sure you really want me to sleep?

Looking at the girl's wide eyes, Daniel's deep eyes flashed a dark color, "I'm sorry."

Although he said sorry, but what he did was completely opposite. The man leaned over and pressed another kiss on the corner of her mouth. After a long time, he finally left...

And Selena, already fully awake, "...!!!"

Are you afraid to move because I hold Rick?

"Selena, one day, you will become Rick's mother." My wife.

Chapter 500

In her sleep, Selena's mind was still filled with Daniel's words...

One day, you will become Rick's mother...

Well, to be the mother of the little baby...

If she really is, how wonderful it would be...

I really like it, I really like Rick...

After all, I was still worried about Rick, who didn't sleep well.

Selena woke up after not sleeping for long, and the first thing she did after waking up was to look at the little bun in her arms.

Fortunately, the little guy still slept soundly in her arms, his soft fingers subconsciously grabbed the corners of her clothes, and a layer of fine beads of sweat appeared on the nape of his neck and back.

That's great, it's a good thing to be able to sweat, it's good for heat dissipation...

Selena thought about it, and immediately touched Rick's forehead, it seemed to have cooled down a lot?

Daniel was standing in front of the large floor-to-ceiling windows looking at the gradually graying sky, when he heard the movement on the bed, he immediately walked over, "Wake up."

Selena pressed Rick's forehead while softly urging, "Daniel, can you see if the baby's fever has subsided a little? I feel that Rick's body is not as hot as before?"

Daniel nodded, and touched his son's forehead with his broad palm, his face softened slightly, "The temperature has dropped, don't worry, I'll call the doctor to come in and take a look."

"Yes." Selena nodded repeatedly.

Daniel went out for a while, and when he came in again, Qin Mufeng and two other doctors followed behind him.

Qin Mufeng graciously handed over the thermometer.

Daniel took the thermometer and carefully placed it under Rick's armpit.

After a while, the measurement results came out, and the thermometer showed 37 degrees 8.

Although I still had a little fever, it was much better than the 40 degrees just now, and the temperature was lowered without using any medicine at all, which was really not easy.

Then, the other two doctors gave Rick a detailed examination.

After the examination last night, the doctor's complexion also improved a lot, "The young master's condition has stabilized now, but we still need to continue to observe, at least until tomorrow, twenty-four hours later."

At this time, when Lu Chongshan and Yan Ruyi got the news, they also hurried in, hurried over to look at the thermometer, saw that the temperature had dropped, and finally breathed a sigh of relief, but they still didn't dare to take it lightly.

"Yes, yes, we still need to continue to observe and be careful. I don't know if it will burn again. It was ups and downs before..." Yan Ruyi was worried.

Lu Chongshan also nodded in agreement, his nerves tensed up all night, he finally relaxed a little bit, in case something happened to Rick, he couldn't even imagine...

At this time, Selena who was holding the bun on the bed suddenly frowned and exclaimed for some reason, "Ah..."

For a moment, everyone's eyes fell on her extremely nervously.

Yan Ruyi: "What's the matter? What's the matter with Rick?"

Lu Chongshan: "What's going on?"

The hearts of the doctors all rose to their throats, so don't let anything happen to this little ancestor...

Under everyone's extremely nervous eyes, Selena hesitated to speak, with an embarrassed look on her face, which made everyone question her even more worriedly.

In the end, only Daniel walked over without saying a word, first rolled up the sleeves of his clothes a little, then lifted Selena's quilt, and massaged her legs very naturally, and said calmly, "Is your leg numb?"
